# University Calendar

## Fall Semester, 1996

Registration	August 27
Classes begin	August 28
Labor Day (no classes)	September 2
Thanksgiving recess begins at end of night classes	November 26
Classes resume (8:00 a.m.)	December 2
Reading Day	December 10
Final exams	December 11-18
December Commencement	December 15

## Spring Semester, 1997

Registration	January 13
Classes begin	January 14
Spring vacation begins	March 3-7
Classes resume (8:00 a.m.)	March 10
Reading Day	April 28
Final exams	April 30-May 7
May Commencement	May 10

## Summer Sessions, 1997

To be announced

# Inclement Weather Policy

Indiana University of Pennsylvania is committed to the safety and security of its students, faculty, staff, and visitors. As such, the decision whether the university should close or remain open during periods of adverse weather conditions is based on the overall concern for the university community. In general, however, IUP's practice will be to remain open and to conduct classes and business as usual during periods of inclement weather.

**Closure of the University:** Should adverse weather conditions arise or be anticipated that would make it inadvisable to operate the university on a given day, the president may, at his discretion, close the institution (i.e., cancel all classes and on-campus activities at all campuses). In the event of either a full or partial day closure, notification will be provided to the following radio and television stations: WDAD Radio (Indiana), WCCS Radio (Homer City), WJAC-TV (Johnstown), KDKA-TV and KDKA Radio-1020 AM (Pittsburgh), and WTAE-TV and WTAE Radio-1250 AM (Pittsburgh).

**Cancellation of IUP-Sponsored Activities or Events in the Absence of University Closure:** Should adverse weather conditions arise or be anticipated that would make it inadvisable to conduct an IUP-sponsored activity or event on a date when the university otherwise remains open, the sponsoring unit/department has the option to cancel or postpone the function. The sponsoring unit/department also assumes responsibility for notifying event participants of the cancellation/postponement in an appropriate and timely manner.

## Branch Campuses

**Frederick Sehring, Director,  
Armstrong Branch**  
**Norman T. Storm, Director,  
Punxsutawney Branch**

- [General Information](#)
- [Programs of Study](#)
- [Housing](#)
- [Admission](#)
- [Food Services](#)
- [Rules for Student Behavior](#)
- [Fees](#)
- [Continuing Education](#)

## General Information

IUP operates two branch campuses, one in Punxsutawney, twenty-eight miles north of the Indiana campus, and one in Kittanning, twenty-eight miles west of the Indiana campus. The first branch campus was established in 1962 in Punxsutawney. The following year the Armstrong campus in Kittanning was opened. The Punxsutawney campus accommodates 200-225 students, and the Armstrong campus accommodates 300-350 students.

Control of the branch campuses is directly vested with the IUP administration and Council of Trustees. Advisory boards from the respective areas identify local needs. Both branch campuses carry full accreditation as integral parts of the undergraduate programs of IUP. This means that courses offered at the branch campuses are of the same quality as those offered at the Indiana campus.

## Programs of Study

The branch campuses of IUP offer basic liberal studies courses for most majors in the various undergraduate colleges of the university. Students may schedule a full program for the freshman year and some sophomore-level courses. No student accepted at either of the branch campuses is eligible for transfer to the Indiana campus until he/she has completed two semesters.

Faculty advisers and administrators at the branch campuses are available to advise students on their instructional programs and the proper time for continuing at the Indiana campus.

## Housing

The Punxsutawney branch campus has privately owned residence halls for students living beyond commuting distance, while the Armstrong County branch campus operates university-owned residence halls. Students are free to choose their housing from all available sources, which include the residence halls and private homes or apartments in the

community. A list of rooms and apartments is available in each campus director's office.

## Admission

Any prospective student who wishes to attend either of the branch campuses instead of the Indiana campus may apply for admission by requesting an application from the Admissions Office or from the director of either branch campus. The mailing addresses for the respective branch campuses follow:

Armstrong County Branch Campus  
IUP  
Kittanning, PA 16201

Punxsutawney Branch Campus  
IUP  
Punxsutawney, PA 15767

## Food Service

Each branch campus has its own dining hall within the residence hall. Meals are served seven days a week during the time the university is in session. Residence hall students as well as students living in private homes and apartments may make arrangements to take meals in the dining halls. The dining service is operated by the same food service contractor as on the Indiana campus.

## Rules and Regulations Concerning Student Behavior

Students at the branch campuses are subject to the same rules and regulations as students on the Indiana campus.

## Fees

Branch campus students pay the same basic fees as Indiana campus students except for the health fee.

## Continuing Education

The School of Continuing Education plays a significant role in programming Community-University Studies classes (noncredit), academic workshops, and institutes in the Punxsutawney and Kittanning areas. The school is also responsive to the needs of the local community through credit and noncredit activities.

## Compliance and Affirmative Action

This bulletin contains announcements of courses for the academic year 1996-97. IUP reserves the right to repeal, change, or amend the rules, regulations, courses, and programs contained in this bulletin at any time. Tuition and fees are also subject to change.

According to IUP's Mission Statement, "...The university community must be supportive of and open to all scholars regardless of race, religion, creed, age, sex, disability, or ethnic heritage..." Full participation from each member of the university community in activities that support this mission is encouraged. Each member of the university community has a right to study and work in an environment free from any form of racial, ethnic, and sexual discrimination. In accordance with federal and state laws, the university will not tolerate racial or ethnic discrimination or discrimination on the basis of disability.

Indiana University of Pennsylvania is committed to equal opportunity and affirmative action for its students, employees, and applicants. The university is committed to providing equal educational and employment rights to all persons without regard to race, color, sex, religion, national origin, age, disability, ancestry, or sexual orientation.

This policy is placed in this document in accordance with state and federal laws including Title VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the Civil Rights Act of 1991 as well as all applicable federal and state executive orders. This policy extends to disabled veterans and veterans of the Vietnam era.

### **Please direct all general inquiries regarding equal opportunity and affirmative action to:**

# The University

## A University Education

As an institution of higher learning, IUP is a community of scholars of both faculty and students, committed to discover, preserve, and impart truth in all its forms. Our primary concern is with the intellectual, moral, cultural, physical, social, and aesthetic development and maturation of our students. To this end we are charged with providing a liberal education of both general and specialized studies which will allow our students to liberate themselves from narrow interests and prejudices, to broaden their intellectual horizons by increased cultural perspective, to develop the ability to think logically, critically, and creatively, and to communicate their judgments clearly and forcefully. The curriculum involves a body of knowledge about the universe and about people, their nature, behavior, and values. It also provides an opportunity to gain specialized knowledge as a preparation for graduate study and entry into professional life. Beyond this breadth and depth of knowledge, the university recognizes that such an education is only a beginning and hopes to stimulate its students to pursue continuous development in the areas of human knowledge, to seek wisdom, to challenge the mysteries of life and examine its ultimate meaning, and to become useful members of society by embracing careers which will touch the whole community.

*Approved by the University Senate in May, 1979.*

# The University

## History of the University

IUP has witnessed a history rich in accomplishment. Since 1875, when it served only 225 students in a single building, it has experienced continuous growth, becoming Pennsylvania's fifth largest university. The current enrollment is over thirteen thousand, with students from thirty-six states and over fifty-five countries.

The first building, named John Sutton Hall in honor of the first president of the Board of Trustees, was opened for students on May 17, 1875.

In April, 1920, control and ownership of the school passed to the Commonwealth of Pennsylvania. In May, 1927, by authority of the General Assembly, the State Normal School became a college, with the right to grant degrees. The name was then changed to the State Teachers College at Indiana, Pennsylvania. In 1959, the legislature approved a change of name to Indiana State College; in the 1960s there followed a rapid growth in the liberal arts program.

In December, 1965, Indiana was redesignated Indiana University of Pennsylvania and given the authority to expand its curriculum and to grant degrees at the master's level. At this time the first doctoral program was initiated.

The following publications have all recognized IUP for its high academic standards and competitive costs: *Arco's Dollarwise Guide to American Colleges*; *Barron's 300: Best Buys in College Education*; *The Best Buys in College Education* by Edward Fiske, education editor of the New York Times; *Changing Times*; *How to Get an Ivy League Education at a State University* by Martin Nemko; *Money* magazine's *Money Guide*; *Two Hundred Most Selective Colleges: The Definitive Guide to America's First-Choice Schools*; and *U.S. News and World Report*.

## Accreditation

IUP is a state-owned institution for higher education and a member of the State System of Higher Education. It is an approved and fully accredited member of the Middle States Association of Colleges and Schools, the National Council for Accreditation of Teacher Education, the American Home Economics Association, the American Chemical Society, the American Psychological Association, the National League for Nursing, the American Society of Safety Engineers, the Committee on Allied Health Education and Accreditation, the National Association of Schools of Music, the National Association of School Psychologists, the National Accrediting Agency for Clinical Sciences, and the Council on Hotel, Restaurant, and Institutional Education.

## Buildings and Grounds

With the addition in 1995 of 137 acres of undeveloped land from the former Campbell and County farms, the main campus, originally consisting of 12 acres and one building, is now composed of 341 acres on which are located seventy-five major buildings owned by the state and seven athletic fields. Two of the buildings, Breezedale and John Sutton Hall, have been entered in the National Register of Historic Places. The Co-op Recreational Park, located a few miles from the campus, consists of 280 acres and several buildings including a lodge and ski hut. The wooded hillsides offer opportunities for nature study and such outdoor recreational activities as hiking, skiing, and exercise trails.

## Institute for Research and Community Service

In September, 1989, the Institute for Research and Community Service was created within the Research Division of the Graduate School to replace the Center for Community Affairs and the Institute for Applied Research and Public Policy Studies.

The Institute for Research and Community Service serves as the primary outreach office of the university to link community effort and need with the diverse resources of the university and to encourage research activities among the faculty. Major areas of responsibility include:

1. To expand economic development and public service initiatives within the university's research mission;
2. To provide a coordinating function for all IUP research centers;
3. To provide leadership and support for the Applied Research Lab.

A wide variety of services are offered through outreach efforts to community leaders in government, business, education, human service, and health care agencies and organizations. Typical services include policy analysis for local governments, needs assessments, survey research, computer projects, software development, digital mapping, land use and site studies, and archaeological services, including Phase I and II surveys. Through affiliation with the Pennsylvania State Data Center, a variety of specialized census and economic data reports are developed upon request.

Staff of the institute includes a director, fiscal assistant, graduate assistant, several undergraduate students, and numerous faculty associates.

# The University

## Information Systems and Communications Center

The Information Systems and Communications Center (ISCC), established in 1963, is located on the ground floor of Stright Hall. The ISCC provides computational support for undergraduate and graduate courses, faculty and student research, and the administrative requirements of the university.

The primary computing capacity of the center is provided by a DEC VAXcluster running VMS which supports both timesharing and batch processing services. A campus network provides 9600 baud terminal access, with ethernet connectivity available in selected locations. IUP is connected to both the BITNET and Internet wide area networks.

Student access to computing is provided, for the most part, through the public computing laboratories. The primary public labs are strategically placed around campus to maximize their availability and impact. Several departments maintain computing facilities that are of a focused nature and which are intended to support specific programs.

Through implementation of its strategic computing plan, which is part of the university long-range planning process, the university is committed to providing the level of computing and information technology necessary for a modern institution of higher education. Guidance in this area is provided by both an Academic and an Administrative Computing Advisory Committee. Undergraduate and graduate students are represented on the Academic Computing Advisory Committee.

## Library and Media Services

Patrick J. Stapleton, Jr., Library, the central library for IUP, was completed and dedicated in 1981. It adjoins Rhodes R. Stabley Library, which results in a combined structure of 156,000 square feet. The Cogswell Music Library, the University School Library, and the branch campus libraries in Kittanning and in Punxsutawney are the other components of the IUP library system. Nineteen library faculty members, twenty-two support and technical staff members, and over two hundred students are employed in the Libraries and Media Resources Division of the university. The book collection contains in excess of 700,000 volumes; there are 4,500 periodical subscriptions, 1.7 million items of microforms, over 100,000 bound periodicals, and in excess of 24,000 volumes of governmental publications. (IUP is a designated Select Depository for federal and state publications.) The libraries media holdings in all formats are extensive. Resources are supplemented through membership in OCLC for interlibrary loan, the Health Sciences Consortium (North Carolina), and the Laurel Highlands Consortium and associate membership in the Center for Research Libraries. The central library is open 93 hours a week during regular terms. The Cogswell Music Library, located on the top floor of Cogswell Hall, contains approximately 6,000 books, 70,000 scores, and 10,000 recordings. Holdings of monumental editions are substantial. Sound recordings circulate only to faculty, but listening stations are available for use by all patrons. The University School Library's 6,500 volumes support the curriculum of grades K-6 at the University School. The Armstrong County campus library has more than 22,000 volumes, and the recently renovated Punxsutawney library contains more than 13,000 books as well as 150 periodicals and recordings of music, poetry, and drama.

## University Senate

### **Purpose**

The purpose of the University Senate is to provide a formal means through which the student body, faculty, and administration, working as a unified group, shall have a representative share in the governance of the university.

Nothing relating to the organization and administration of the University Senate shall be construed so as to limit the authority of the Council of Trustees or the president of the university with respect to the administration of the university as prescribed by law.

### **Composition and Elective Procedures**

The University Senate shall consist of a number of faculty double the number of departments of the university, an administrative segment one-third the size of the faculty segment, and a student segment one-half the size of the faculty segment. The Senate shall also include one Alumni Association representative and four representatives from staff. Faculty, administrative, and staff members must hold full-time contracts at the time of election or appointment, and students must be full-time and in good standing. Student refers to both the undergraduate and graduate student bodies. The student segment shall consist of ten times as many undergraduate students as graduate students, each delegation to be elected by its representative student body. Undergraduate students shall be elected under the auspices of the recognized student association (as defined by Pennsylvania state Act 1982-188) and graduate students through elections arranged by their comparable body. In both cases, the officiating body shall call for and accept voluntary nominations for election to the Senate. Student members of the University Senate serve on most of the Senate committees.

## The Foundation for IUP

The Foundation for IUP is a nonprofit agency established in 1967 to develop and maintain private support for IUP. It is governed by a twenty-four-member Board of Directors. The offices are located on campus in John Sutton Hall.

Funds raised through contributions from alumni, friends, faculty and staff, corporations, and foundations are used to support scholarships, academic and athletic enrichment, departmental programs, and other priority needs of the university. In December 1995, the Foundation for IUP successfully concluded a \$20 million capital campaign. The combined endowment resources of the university and the Foundation for IUP total over \$12 million.

## Interim University Policy on Sexual Harassment

IUP affirms that sexual harassment is a violation of basic human rights, inconsistent with the purpose and principles of an academic community. **Sexual harassment of students and employees is unacceptable conduct and will not be tolerated.**

Any university community member who engages in sexual harassment is subject to the disciplinary process appropriate to his/her classification as an employee or student.

The right to confidentiality of all parties involved in a sexual harassment complaint shall be strictly adhered to insofar as it does not interfere with the university's legal obligation to investigate allegations of misconduct and to take appropriate corrective action.

IUP prohibits retaliatory action against individuals filing either informal or formal complaints of sexual harassment. Nothing contained in this policy protects an individual who maliciously makes false accusations. While seeking to protect those whose dignity might be compromised, it must be emphasized that false accusations of sexual harassment will not be tolerated.

**Definition:** Sexual harassment is a form of sex discrimination that is reprehensible and unlawful. Title IX of the education amendments of 1972 prohibits sex discrimination in employment. Sexual harassment is defined as:

- a. making unwelcome sexual advances
- b. requesting sexual favors
- c. verbal or physical conduct of a sexual nature whereby submission to such conduct is made, either explicitly or implicitly, a term or condition of a person's employment or education
- d. verbal or physical conduct of a sexual nature which has the purpose or effect of unreasonably interfering with an individual's academic, personal, or professional performance
- e. verbal or physical conduct of a sexual nature which has the purpose or effect of unreasonably creating an intimidating, hostile, or offensive educational, social, or work environment

- f. basing employment or academic decisions upon a person's submission to or rejection of verbal or physical conduct of a sexual nature

Sexual harassment occurs in a variety of situations. Many of these situations have two circumstances in common:

- the inappropriate introduction of sexual activities into relationships of unequal power
- an element of coercion so that compliance with requests for sexual favors becomes a criterion for granting employment or academic benefits.

Sexual harassment may also involve relationships among equals. In these cases, repeated sexual advances or demeaning verbal behavior have a harmful effect on one's ability to study, live, or work within the academic community.

*Questions regarding the Sexual Harassment Policy or complaint procedures may be directed to the Director of Human Resources, G-30 Sutton Hall, IUP. Policy approved by University Senate, May 1, 1990; pending final approval by Council of Trustees.*

# Admissions and Registration

## Undergraduate Admissions Policy

Graduates of an accredited four-year high school or holders of a GED equivalency diploma are qualified to apply for admission to IUP. Students who have completed the junior year of high school may file an application any time after July 1.

**Requests for applications and catalogs should be addressed to**

Office of Admissions  
Indiana University of Pennsylvania  
216 Pratt Hall  
Indiana, PA 15705  
1-800-442-6830 or 412-357-2230

The Admissions Committee, giving equal opportunity to all students, will take the following criteria into consideration when reviewing each application: SAT or ACT scores, class rank, grades, high school counselor recommendations, faculty recommendations, extracurricular activities, and other pertinent information that would be helpful to the Admissions Committee in making decisions. SAT or ACT scores are not required for transfers, veterans, or applicants who have graduated from high school more than five years before applying. However, high school and all previous college transcripts are required of all applicants. Although the university does not require a specific number of high school credits in particular subject areas, applicants are strongly urged to take the usual college preparatory program in high school. Applicants should also take any available high school courses in the field of their intended major. Certain majors at IUP require completion of a foreign language at the intermediate level in order to earn a bachelor's degree. The Admissions Committee does not require an applicant to take a foreign language in high school for admission to these majors.

Applications are considered by the Admissions Committee on a rolling basis. Under a rolling admissions policy, applications are reviewed as they become complete. Decisions can range from automatic acceptance, to request for additional information, to other alternatives, with a May 1 deadline for tuition deposits.

Academically qualified applicants to the departments of Art, Music, and Theater will be admitted to the university by the Admissions Committee. However, admission to the requested major will be subject to the acceptance by the Department of Art after a portfolio review and by the departments of Music and Theater after an audition. Students will receive information from the Art, Music, and Theater departments concerning auditions and portfolio reviews once they have been accepted to IUP.

# Admissions and Registration

## Freshman Applications

1. [Freshman Applications Information](#)
2. [Early Admissions](#)
3. [Processing the Application](#)

### Freshman Applications Information

Applications for admission will be available after July 1 following the student's junior year of high school.

All persons expecting to apply for freshman admission to IUP should plan to take the SAT or ACT test during their junior and/or early part of their senior year. The Admissions Committee recommends that students take the tests more than once. The committee considers the highest scores from all tests taken.

Arrangements to take the SAT or ACT tests can be made through the high school principal or counselor, or by writing to the College Entrance Examination Board, Box 592, Princeton, NJ 08540 or American College Testing, P.O. Box 168, Iowa City, Iowa, 52243 for an information pamphlet and a test registration form.

In order for the test scores to be received by IUP, the applicant should designate IUP on the test registration form as one of the universities to receive the scores, or the applicant can request that their school counselor forward test scores to the Admissions Office.

The applicant should give the completed application form and the nonrefundable \$30 application fee payable to IUP to his/her high school counselor or principal. The counselor or principal should mail the application and complete packet of admissions materials to the IUP Office of Admissions, 216 Pratt Hall, Indiana, PA 15705.

### Early Admission

The Early Admissions Program permits students to enroll as college freshmen after completing the junior year in high school. Early admission applications must originate with the student's high school counselor and principal. Admission consideration will be given to those applications which contain a statement indicating explicit approval by the high school principal. Applicants are considered on an individual basis. The university Admissions Committee will exercise the final judgment as to university acceptance after a personal interview with the applicant. Early admission candidates are required to arrange for two separate interviews with Admissions counselors as part of the application procedure.

### Processing the Application

- 1) The Admissions Committee reviews, with care and understanding, each of the several thousand applications that are submitted each year.
- 2) Decisions on applications are made on a rolling basis.
- 3) Applicants who are admitted to IUP may be invited to attend a program on campus to receive general information and discuss their academic and career plans with the college dean, faculty representative of their respective major, and other advisers.

4) A \$75 nonrefundable tuition deposit is due from all incoming students. This advance deposit payment will be credited toward the applicant's tuition.

# Admissions and Registration

## Transfer Admission

1. [Transfer Admission Information](#)
2. [University Requirements](#)
3. [Residency Requirements](#)
4. [Transferring to the College of Education](#)

### Transfer Admission Information

A student who has been attending another institution of higher education and wishes to transfer to IUP must submit an application, official transcripts of all postsecondary educational work, and an official high school transcript.

All admissions decisions are made on a rolling basis by the Admissions Committee. Under a rolling admissions policy, applications are reviewed as they become complete. Decisions can range from automatic acceptance, to request for additional information, to other alternatives.

Transfer applications (twelve or more postsecondary, college credits attempted) are reviewed on the basis of college coursework completed. Transfers are required to have at least a cumulative 2.0 grade point average on a 4.0 scale (C average) from all schools previously attended for admission to most programs. The teacher certification program requires a cumulative minimum 2.5 grade point average from all schools previously attended.

The evaluation of credits from other institutions of higher education is the responsibility of the Office of Admissions and the academic college dean who has jurisdiction over the student's desired major. Normally, courses considered for transfer are only those taken from institutions which are accredited by the six regional accrediting agencies. Each course is usually evaluated separately. The evaluation normally includes a review of the description, semester hours, and grade of each course along with the applicability of the course to the student's major at IUP. However, only credits transfer, not grade-point average. It has been the policy of the university that only courses with a C or higher grade will be accepted, except for two-year associate degree graduates of state-supported community colleges in Pennsylvania. No matter how many credits are transferable, the student must satisfy all of the degree requirements falling into the categories of

- (1) university requirements
- (2) college requirements and
- (3) department requirements.

**University requirements:** Since all students are obliged to fulfill a basic program in Liberal Studies consisting of 53-58 semester credit hours and there is a reasonable degree of flexibility in the Liberal Studies requirements, the transfer evaluator and the college deans will look to this area first for applicable credits for transfer. Most introductory courses are generally equivalent.

**Residency requirements for awarding of degrees:** The university requires that at least forty-five credits, generally including the last thirty credits in a student's curriculum, must be earned by enrollment in courses at IUP. It should also be noted that for community college graduates a maximum of sixty credit hours are transferable to this institution for the purpose of fulfilling a specific program of study. Excess credits, if any, may be transferred but cannot be used for fulfilling the minimum requirements for the degree.

To remain in good academic standing, transfer students must meet the same quality-point average requirements as those specified for all other undergraduate students. See section entitled Criteria Governing Continuance at IUP.

The university accepts credits associated with D grades only when they are part of a completed associate degree earned at a publicly owned community college in Pennsylvania. These D grades will be treated in the same manner as those earned at IUP. This articulation policy was adopted by the Board of State College and University Directors in 1973.

### **Transferring to the College of Education**

Students who transfer from other colleges and universities to IUP and the College of Education must complete application for Step 1 of the 4-Step Process, Teacher Certification. Applicants should submit the following with their application to the university:

1. a completed application to Teacher Certification signed by the program coordinator/department chairperson of the chosen major
2. an official transcript with at least 29 semester hours of transferable credits
3. an official transcript(s) with a QPA of 2.5 or higher (QPAs are calculated using all coursework completed at all universities/colleges)
4. Acts 33/34/151 criminal and child abuse clearances
5. evidence of a negative TB test (no more than one year old)
6. evidence of speech and hearing test clearances

Only students who have completed Step 1 of the 4-Step Process are eligible to take Core Education coursework. In some programs, students must meet these requirements to take professional courses as well. Students should consult with the department chairperson and/or program coordinator for their specific program.

Students who do not meet the 2.5 or 29-minimum-credit requirement are not eligible for admission to the College of Education. Students should reapply for admission when deficiencies have been met.

Some students may have compiled sufficient credits and coursework equivalencies to qualify for Junior Standing. When this is the case, students should submit both the application for Teacher Certification and the application for Junior Standing with the application for admission to the university. Students should direct questions to the department chairperson and/or program coordinator for the selected major.

## Part-Time Study (Nondegree)

1. [Part-Time Studies Program--Undergraduate](#)
2. [Program for Visiting High School Students](#)
3. [Post Baccalaureate Studies \(Undergraduate\)](#)
4. [Second Baccalaureate Degree](#)
5. [Teacher Certification](#)

### Part-Time Studies Program--Undergraduate

Part-time undergraduate study is available through the School of Continuing Education to any high school graduate or holder of a GED Equivalency Diploma. No SAT scores are required. Note: A TOEFL Score is required as part of the application for an individual whose native language is other than English. Those who are not U.S. citizens must submit a notarized copy of their current visa and I-94 card or alien resident card.

Applications are available from the Part-time Studies Program and must be submitted with documentation directly to the School of Continuing Education by August 15 for the fall semester and December 15 for the spring semester. A \$30 application fee is required. Applications submitted after established dates are not guaranteed consideration.

Transfer students may also apply to the School of Continuing Education for part-time study and must submit official transcripts for all previous college work attempted. An overall 2.0 GPA is required.

A student in the Part-time Studies Program is limited to a semester enrollment of no more than eleven credits and must apply for formal admission to a degree program before thirty IUP credits have been earned. Applications for degree candidacy must be filed by the midterm point of the fall or spring semester preceding candidacy. Specific requirements for grade-point average and IUP credit vary by degree program. The minimum credit criteria to apply for consideration for degree candidacy are as follows:

High School Diploma or GED	15 IUP Credits	2.0 GPA
Veteran (DD-214 required)	9 IUP Credits	2.0 GPA
Transfer (with 12 or more credits)	9 IUP Credits	2.0 GPA
Transfer (with 11 or less credits)	15 IUP Credits	2.0 GPA

Note: A student who has applied and has been admitted by the Office of Admissions to a branch campus is not eligible to apply to the School of Continuing Education.

### Program for Visiting High School Students

IUP permits the exceptional high school student to preview university life and earn regular college credit on a limited nondegree basis. The student must have completed the sophomore year with a minimum of a B average and have the written support of the high school principal or guidance counselor. The parameters of the student's enrollment are defined in consultation with the appropriate high school official and are limited to a maximum of nine credits per semester. For further information, contact the School of Continuing Education.

### Post Baccalaureate Studies (Undergraduate)

The Post Baccalaureate Studies Program provides access to undergraduate courses to individuals who have an earned

baccalaureate degree. Students may be seeking a second bachelor's degree, an additional teacher certification, or personal enrichment. Students may enroll on a full- or part-time basis based on personal preference and availability of coursework.

Applications are available from the School of Continuing Education. A completed application and official transcripts of all previous undergraduate coursework must be submitted for review by August 15 for fall semester and December 15 for spring semester. Applications not submitted by established dates are not guaranteed consideration. A \$30 application fee is required. The fee is waived for graduates of IUP.

### **Second Baccalaureate Degree**

A student with an earned baccalaureate degree who wishes to complete the requirements for a second or subsequent bachelor's degree must make application and submit official transcripts indicating degree(s) awarded. The student must complete a minimum of thirty additional IUP credits and meet the requirements for graduation established by the academic department and college in which the new degree is to be earned.

### **Teacher Certification**

A student with an earned nonteaching baccalaureate degree who wishes to complete the requirements for Instructional Level I, certification must apply as a second bachelor's degree student. A minimum cumulative grade-point average of 2.50 is required for consideration for admission. To earn Instructional Level I the student must satisfactorily complete the prescribed courses in an IUP degree certification program at a minimum cumulative grade-point average of 2.5 and successfully pass the National Teacher Examination.

A currently Pennsylvania-certified teacher who wishes to add a new area of certification may apply to the School of Continuing Education under the category teacher certification. Individuals admitted to an additional teacher certification will follow an individually planned and approved course of study.

## Readmission Policy for Students Who Withdraw from the University Voluntarily

Graduate students wishing to return to the university must contact the Graduate School at (412) 357-2222 for specific instructions. School of Continuing Education students should contact the School of Continuing Education at (412) 357-2292.

All other undergraduate students who have withdrawn from the university or were not enrolled during the previous regular semester must complete an Application for Readmission, available in the Office of the Registrar, G8 Sutton Hall, or by calling (412) 357-5732. During evening or weekend hours, you may call this number and leave your name and address, and a form will be promptly mailed to you. The readmission deadline for the Fall semester is July 20 and December 1 for the Spring semester.

All outstanding financial obligations to the university must be met before your Application for Readmission will be processed. Due to enrollment restrictions, requests for readmission to Nursing, Music, or Art will be forwarded for approval by a representative designated by that dean or department.

Requests for readmission for academically dismissed students will be forwarded to the Office of the Dean of the college in which the student was enrolled at time of dismissal for a decision on the student's readmission.

Readmitted students who have not enrolled for two years and have petitioned their college dean under the Cancelled Semester Policy must first register and pay fees and attend classes before their designated semester will be cancelled.

Once your application for readmission has been approved, you will be sent a Time Appointment Notice by the Office of the Registrar with instructions on how to register.

As a student readmitted to IUP, you are encouraged to complete the Free Application for Federal Student Aid (FAFSA) to determine your financial aid eligibility. Your financial aid eligibility will be based on your financial need, as determined by the FAFSA, and your prior academic record.

If you have previously attended a postsecondary school or schools other than IUP, a Financial Aid Transcript must be completed by this previous school and sent to IUP.

---

 [Table of Contents](#) | [Index of Courses](#)

# Admissions and Registration

## The Summer Sessions

The summer school program at IUP is designed to meet the needs of many students. Courses, workshops, and seminars are offered in the liberal arts, in teacher education, and in other fields of study.

Continuing university students, including newly admitted freshmen, who wish to accelerate their program of studies will find both Liberal Studies and special courses in all fields of study. Students from other colleges and universities may take courses at IUP; however, they are advised to first ensure that their home institution will transfer such credits earned at IUP.

Teachers-in-service will find courses in the summer program to serve a variety of needs. They may enroll to qualify for permanent certification, take refresher courses in their field of specialization, or take courses for the purpose of extending their certification to a new field.

The Summer Sessions Schedule is now combined with the Fall schedule. It can be obtained by contacting the Scheduling Center, Room G3, Sutton Hall (412-357-2652), or the Graduate School, Room 128, Stright Hall (412-357-2222).

Attendance at summer sessions is open to all students but does not constitute admission or readmission for continuing registration in the fall and/or spring semesters. Students in good standing who desire admission must obtain an application through the Office of Admissions or the School of Continuing Education, as appropriate. Students who desire readmission for the fall semester must apply to the Registrar's Office by the preceding July 20 and by December 1 for the spring semester.

# Admissions and Registration

## American Language Institute (ALI)

The American Language Institute offers several noncredit, intensive English programs for international students and visitors from beginning through advanced levels each semester.

The English for Academic Purposes Program (EAP) is for applicants seeking to prepare themselves for study at any U.S. college or university. Enrollment in Fall and Spring semester is for fourteen weeks (20 hrs/wk). In summer semester, programs generally are offered for ten weeks. Students are placed at beginner, intermediate, or advanced levels by proficiency tests at the start of each program. An institutional TOEFL is administered at the conclusion of each semester.

The ALI also offers two less intensive programs: English for Specific Purposes (ESP) for graduate students entering specialized fields and English for International Visitors (EIV) for visiting professionals who seek improvement in English while experiencing life in the U.S. Special part-time credit programs in Business or Rhetoric and Linguistics can be arranged as part of the ESP Program.

Cocurricular social and cultural programs are offered to all students.

## Finances

### \*Tuition Fees

#### \*Tuition Fees (as of May, 1996)

The tuition and fees set forth in this section were those in effect in May, 1996. The fee schedule is subject to change; these figures are to be considered simply as an estimate. A current fee schedule may be obtained by writing to the Admissions Office, IUP, or by phoning (412) 357-2230.

The tuition for all full-time in-state students is \$1,612 per semester. This covers registration and the keeping of student records, use of the library, student welfare, and laboratory facilities. An additional \$134 per credit will be charged for undergraduate credits scheduled in excess of eighteen. The tuition for part-time in-state undergraduate students is \$134 per semester hour. A part-time undergraduate student is one taking eleven or fewer semester hours. See the sections on Admissions and Registration and on University Policies for further information concerning part-time students.

Out-of-state full-time students pay tuition of \$4,099 per semester. An additional \$342 per credit will be charged for credits in excess of eighteen. The tuition for part-time out-of-state students is \$342 per semester hour. The definition of an in-state student is based on domicile. An in-state student is one who has been domiciled in Pennsylvania for at least one year preceding attendance at any institution of higher education in the state of Pennsylvania. A minor is presumed to have the domicile of his/her parents or legal guardian. Students who have any question whatsoever concerning their domicile should read the official text of the rules, as published in Volume 22, Pennsylvania Code, Section 507.1 through 507.11.

\*The university reserves the right to change its fees without notice.

## Finances

### \*Other Fees

#### Audit Fee

Full standard fees will be assessed for each course audited, exception being persons on Social Security or equivalent retirement benefit, who will be given remission of basic fees for such classes where space is available.

#### Testing Fee

Each entering freshman must participate in placement testing during the summer immediately preceding the student's matriculation on campus. A fee of \$75 is assessed for this overnight, two-day experience for students admitted to the Indiana campus. Parents pay a nominal fee for their participation in the accompanying parent orientation program. Branch campus students participate in a summer one-day diagnostic testing experience only with a fee of \$45. Students receive information about the summer testing program prior to the testing date(s). Fees are included in the regular billing and are nonrefundable. Please see the catalog section on Orientation for further information about the Summer Orientation: Preregistration Placement Testing, Advising, and Course Selections Program.

#### Health Fee

IUP offers two student health fee plans. Plan A - \$68 offers all services including starter doses and over-the-counter medications. Plan B - \$78 offers all services including all medications. The student health fee is assessed for each full-time undergraduate or graduate student at the Indiana campus. All new students will automatically be enrolled in Plan B and should indicate their preference for Plan A by completing and returning a card which will be sent with the Prematriculation Immunization Requirements information. Part-time undergraduate students taking six to eleven credit hours will be assessed \$34 - Plan A and \$39 - Plan B per semester health service fee. Undergraduate students taking less than six credits have the option of paying the per semester fee or they may choose the Fee-for-Service schedule available at the IUP Health Center. The fee may be exempted for students living more than sixty miles from campus or on internship at a site more than thirty miles from campus. Students attending branch campuses have health fee options and should contact their branch campus director or the IUP Health Center. For further information on health fees, contact the University Health Service at (412) 357-6475.

#### Educational Services Fee

All students are charged a fee to support academic equipment and library resources. For full-time students the fee is \$75 per semester; for part-time students the fee is \$35 per semester, and all students are charged \$35 per summer session.

#### Residence Hall Fee

The 1996-1997 academic year room fees for residence hall students are \$929 a semester for a double-occupancy room and \$1,399 for single rooms. Resident students are required to have a dining plan and can select from plans A through H (see Dining fees).

#### Dining Plan Fee

The semester fees for dining plans effective June, 1996, are:

<b>Plan A</b> - Unlimited access to Foster and Folger only	\$700
<b>Plan B</b> - 19 meals a week + \$50 in Flex money	\$686
<b>Plan C</b> - 19 meals a week	\$640

<b>Plan D</b> - Any 240 meals a semester	\$665
<b>Plan E</b> - Any 14 meals a week + \$100 in Flex money	\$698
<b>Plan F</b> - Any 14 meals a week	\$605
<b>Plan G</b> - Any 165 meals a semester	\$575
<b>Plan H</b> - Any 10 meals a week + \$100 in Flex money	\$624
<b>Plan I</b> - Any 10 meals a week	\$531
<b>Plan J</b> - Any 75 meals a semester	\$345
<b>Plan K</b> - Any 5 meals a week + \$100 in Flex money	\$443
<b>Plan L</b> - Any 5 meals a week	\$350

Unused Flex money can be carried from Fall to Spring but will be forfeited if not used by the conclusion of the Spring semester.

### **Student Activity Fee**

An activity fee is collected from all students and administered through the Student Cooperative Association under regulations approved by the Council of Trustees. This fee of \$107.50 per semester covers the cost of student activities in athletics, lectures, entertainment, student publications, etc., and is payable in one sum for the semester. The Student Activity Fee is \$43.50 for part-time students. These fees apply to Indiana campus students only. Students attending the Armstrong or Punxsutawney campuses pay \$104 per semester full-time and \$40 part-time. (These fees are subject to change without notice during the academic year.)

### **Facilities Fee**

All students are charged a fee to support maintenance and repair projects, recreational facilities, and the advancement of technologies. For full-time students the fee is \$86 per semester; for part-time students, the fee is \$40 per semester, and all students are charged \$40 per summer session.

### **Late Registration Fee**

Students who desire to register on the day prior to the start of classes, designated by the university as the Late Registration Day, will be assessed a Late Registration Fee of \$50. Students who register for classes after completion of the university's Late Registration Day will be assessed a Late Registration Fee of \$100. Exceptions to this fee may be granted by the provost or designee for students admitted late to the university for reasons deemed appropriate by the provost.

### **Bad Check Charge**

Students making checks payable to Indiana University of Pennsylvania which are not acceptable to the bank for any reason will be charged \$10 for each bad check in the amount of \$.01 to \$49.99 and \$20 for bad checks written for \$50 or more.

### **Military Science Fee**

An activity fee of \$5 is required for ROTC cadets to cover the cost of Cadet Corps functions. This fee is payable directly to the military science department.

### **Students Studying Abroad**

Students enrolled in the studies abroad program will pay a program fee per semester to the university. All other fees assessed by the foreign institution will be paid directly to the foreign institution by the student.

### **Med-Tech Students**

During the clinical year a fee may be levied and collected by the participating hospital. The only other cost to these students shall be an administrative fee of \$150 to be collected by the university. Room and board shall be the responsibility of the student.

### **Financial Delinquency Policy**

Registration is not in fact complete until a student pays the fee for such registration and the university reserves for itself the right to bar a nonpaying student from classes. When it has been determined during the course of a semester that a student's account has become delinquent from accrued charges, the Registrar's Office will be notified of this delinquency and advised to refrain from reporting the student's grades and from issuing any transcripts for that student's work until the delinquent account has been satisfied. Faculty members will continue to submit a grade for the

financially delinquent student; however, requests from students will not be honored, and official reports will be released by the Registrar's Office only after the student has cleared his or her account or has established a payment plan satisfactory to the Accounts Receivable Office.

### **Miscellaneous Costs**

In some courses students are required to obtain supplies and materials to complete course projects. In many courses, a student may make a voluntary contribution to a cooperative fund established for the purpose of obtaining these supplies and/or services at a lower cost. Examples are art courses, field trips, etc.

## Finances

### Estimated Expenses Per Semester

Estimated Expenses Per Semester	In-State	Out-of-State
Instructional Fee	\$ 1,612.00	\$ 4,099.00
Housing	929.00	929.00
Meals	700.00	700.00
Student Activity Fee	107.50	107.50
Health Fee	65.00	65.00
Educational Service Fee	75.00	75.00
Facilities Fee	86.00	86.00
Books and Supplies*	500.00	500.00
	\$ 4,074.50	\$ 6,561.50

Miscellaneous and travel expenses would be in addition to the above.

\*Cost of books and supplies may vary depending on major and class enrollment.

## Summer Sessions Fees

### Basic Fee

The basic fee for in-state undergraduate students enrolled for any of the regular summer sessions is \$134 per semester hour. The basic fee for out-of-state undergraduate students is \$342 per semester hour.

### Residence Hall Fee

The 1996 summer residence hall fees are \$62 a week for double occupancy room and \$93 a week for a single room. Students are charged for each session according to the number of weeks they will require housing. Resident students can select from dining plans A, C, D, F, or G.

### Dining Plan Fees

The five-week session dining plan fees for Summer, 1996, are:

<b>Plan A</b>	Unlimited access to Foster Hall	\$229
<b>Plan C</b>	19 meals a week	\$209
<b>Plan D</b>	Any 75 meals a session	\$218
<b>Plan F</b>	Any 14 meals a week	\$197
<b>Plan G</b>	Any 52 meals a session	\$187
<b>Plan I</b>	Any 10 meals a week	\$174
<b>Plan J</b>	Any 24 meals a session	\$113
<b>Plan L</b>	Any 5 meals week	\$114

### Student Activity Fee

For each of the two summer sessions, this fee is \$35.50.

### Student Health Fee

Each undergraduate and graduate student enrolled in IUP summer sessions will be assessed \$25 for each session for Student Health Services.

## Special Fees

### Degree Fee

A fee of \$30 will be charged each candidate for a degree at the time of approval of application for graduation. This fee is to cover costs of preparing diplomas and the graduation ceremony.

### Transcript Fees

Applications for transcripts must be made only in writing to the registrar, either by U.S. mail or on forms available at the Registrar's Office in G-8 Sutton Hall. Such requests must include

1. Your full name and Social Security number as of your graduation or termination of enrollment at IUP. (Please note any name changes since graduation.)
2. Your present address.
3. Whether you are requesting a transcript of your undergraduate and/or graduate work.
4. Whether you graduated or, if not, when you were enrolled.
5. The full and clearly stated name(s) and address(es) of person(s) to whom you wish the transcript(s) sent.

A transcript fee is charged for each copy requested. (Checks or money orders should be made out to Indiana University of Pennsylvania.) An additional charge will be assessed for express transcript service. Please call 412-357-2217 for current transcript fee information.

Any requests which are not accompanied by the proper fees or information will be returned to the sender for inclusion of them. No transcript requests will be processed without the payment of transcript fees.

Official transcripts (containing signature and university seal) will not be issued to students directly. The university will attempt to mail official transcripts within a reasonable time. However, in the event of its failure to do so, damages will be limited to the fee, if any, paid by the student for the copy or copies of the transcript. In no case is the university responsible for consequential damages.

### Damage Fee

Students are responsible for damages, breakage, loss, or delayed return of university property.

# Finances

## Billing and Payments

All bills, including basic fee and housing fee, are payable as specified on the billing notice; students have several payment plan options. Checks or money orders, in the exact amount of the billing notice, should be made payable to IUP unless otherwise specified. Book Store purchases are on a cash basis.

It is desired that payments for the entire semester be made in August for the first semester and in December for the second semester; however, for a nominal charge an installment plan is available.

---

# Finances

## Delinquent Accounts

Students will not be permitted to enroll for any semester nor to graduate until all bills previously incurred have been paid; nor will credit be certified to any other institution or the Department of Education until all overdue accounts have been paid. A late payment fee of \$10 for each day past the due date will be assessed for delinquent accounts up to a maximum of \$50.

Undergraduate students desiring to leave school before the close of a semester must report to the Advising and Testing Center and to the Accounts Receivable Office to settle all unpaid accounts.

## IUP Refund Policy

The university employs faculty, assigns residence hall space, and arranges for dining contracts in advance of each term based on the number of students who plan to enroll. A student who withdraws from the university creates vacancies that may not be filled and incurs obligations for compensation and services that must be honored.

The refund policy at Indiana University of Pennsylvania applies to all students enrolled in programs for credit at the university, its branches, the Regional Police Academy, and the Academy of Culinary Arts, both full time and part time. **A student canceling or withdrawing from his/her first semester/session should refer to section IIC.**

- [I. Cancellation Before Beginning of Current Semester](#)
- [II. Withdrawal from the Current Semester](#)
- [III. Individual Course Reduction](#)
- [IV. Termination of Residence Hall or Dining Service Contract](#)
- [V. Other Provisions](#)

## IUP Refund Policy--PART I.

### I. Cancellation Before Beginning of Current Semester

Students registered and/or prepaid who decide not to attend for a semester are considered canceled; if the decision is made by the first day of classes, the student is subject to the following:

A student who has made prepayments but is unable to attend classes, and who so notifies IUP by the first day of classes, is entitled to a full refund of all fees paid, **less applicable advance deposits**. To be eligible for such a refund, a student who cancels before the first day of classes must notify the Director of Accounts Receivable in writing. The director will forward to the Registrar's Office a listing of the cancellation notice and the Registrar will cancel the student's registration and notify the appropriate university offices. A student who cancels on the first day of classes must notify the Advising and Testing Center, Pratt Hall, in writing. A student who uses university residence halls and/or dining services the week prior to the start of classes and then cancels will forfeit an amount equal to one week's fee for such services, plus the full amount of any advance deposit payment.

## Finances

### IUP Refund Policy--PART II.

#### II. Withdrawal from the Current Semester

A student who registers for classes and then decides to withdraw from the current term after the first day of classes must do so through the Advising and Testing Center (undergraduate) or the Graduate School and Research Office (graduate). Dropping courses via Telreg or Termreg does not establish official withdrawal from the university. A student who withdraws is subject to the following:

**A.** An undergraduate student who withdraws from the university must process the withdrawal request through the Advising and Testing Center, Pratt Hall. Graduate students must withdraw through the Graduate School and Research Office, Stright Hall. The official withdrawal date will be established by such offices. Advance deposits toward housing and tuition are not refundable.

**B.** A returning student who has been approved to withdraw from courses will forfeit a portion of the semester fees in accordance with the following schedule:

Withdrawal on Weekly Basis	Percentage of Student's Total Semester Fees to Be Forfeited
First through second weeks	10%
Third through fourth weeks	50%
Fifth through eighth weeks	75%
After eighth week	No reduction

**A student attending his/her first semester will be entitled to a reduction in fees to be forfeited as outlined in Section IIC.**

Refunds for students receiving financial assistance from scholarships, loans, and/or grants will be returned to the source of aid in accordance with the provisions prescribed by the funding source.

**C.** A first-semester student who cancels his/her schedule by the first day of classes is entitled to a 100 percent refund of fees, less the applicable advance deposits.

A student who is approved to withdraw after the first day of classes will forfeit a portion of the semester fees in accordance with the following schedule:

Percentage of Student's Total Time of Withdrawal	Semester Fees to Be Forfeited
First week	10%
Second week	10%
Third week	20%
Fourth week	30%
Fifth week	40%
Sixth week	40%
Seventh week	50%
Eighth week	60%
Ninth week	60%
Tenth week	No reduction

A student will be charged a full week of fees for any partial week of enrollment. Advance deposit payments are not refundable.

**D.** During summer sessions, students approved to withdraw from the university will forfeit a portion of the total fees in accordance with the following schedule:

Time of Withdrawal	Percentage of Student's Total Session Fees to Be Forfeited
First week	20%
Second week	40%
Third week	60%
Fourth week and beyond	No reduction

**E.** The Provost's Office will determine the official start of classes for each semester. A student enrolled in credit-bearing summer conferences, institutes, workshops, or tours of less than five-week durations will be granted a 50-percent refund through the third day of the class (unless a no-refund policy is required by the sponsor).

**F.** A student who withdraws from the university must follow procedures for readmission if he/she chooses to return.

---

 [Table of Contents](#) | [Index of Courses](#)

---

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate. Last Modified on Fri Oct 4 13:42:24 1996

## Finances

### IUP Refund Policy--PART III.

**III. Individual Course Reduction** is a reduction in class load, including all courses in a given semester, but not total withdrawal from the university. Example: a student who registers for three courses and then withdraws/drops one or two classes but continues with the other class or classes. Individual course reductions are limited to five withdrawals during a student's academic career at IUP. Courses dropped during the official drop/add period are not considered to be an individual course withdrawal.

No fees will be charged to a student who drops a course(s) by the first day of classes. No reduction in fees will be made to full-time students who reduce their credit load after the first day of classes. Part-time students who reduce their credit load after the first day of classes and thereafter will receive a reduction in part-time fees in accordance with the following schedule:

Withdrawal on a Weekly Basis	Percentage of Student's Fees to Be Forfeited
First through second weeks	10%
Third through fourth weeks	50%
Fifth through eighth weeks	75%
After eighth week	NO reduction

Students should familiarize themselves with the financial aid penalties related to individual course reduction. No reduction will be granted to students who drop and add like number of credit hours. Reductions will be granted to students for individual course withdrawals during the summer session under the same basis as outlined under section IID. During fall and spring semesters, students totally withdrawing from the university should refer to section II, A-C.

### IUP Refund Policy--PART IV.

#### IV. Termination of Residence Hall or Dining Service Contracts

##### A. Academic Year (Fall and Spring Semesters)

**1. Residence Hall Termination** - Release from a Residence Hall Contract is not granted except under the conditions outlined in the Residence Hall contract. Any student who submits a written request to Housing and Residence Life and meets the conditions for release through the first day of classes will be assessed no forfeiture and will receive a 100-percent reduction of the room fee, less the applicable advance deposit. Requests granted after the first day of classes will result in a forfeiture as outlined under section 2.

**2. Dining Service Termination** - Any student who requests in writing and is released from his/her Dining Service Contract by Housing and Residence Life, through the first day of classes, will be assessed no forfeiture, and the student will receive a 100-percent reduction of dining service fees. A student who requests in writing to terminate his/her university Dining Service Agreement, after the first day of classes, and is granted a contract release will forfeit a portion of the semester fees according to the following schedule:

Date of Termination from Contract	Percentage of Semester Fee to Be Forfeited
First through second weeks	10%
Third through fourth weeks	50%
Fifth through eighth weeks	75%
After the eighth week	No reduction

Cancellation of session block plans will result in forfeiture of the fees in the manner identified above or of fees equal to the actual meals eaten, whichever is greater.

##### B. Summer Sessions

Once a student applies for and receives a housing and/or dining service assignment, he/she must request in writing and obtain a release of that assignment from Housing and Residence Life in order to be eligible for a reduction of fees in accordance with the following schedule:

Date of Termination from Residence Hall Dining Contract	Percentage of Session Fees To Be Forfeited
Check-in* through the first week	20%
Second week	40%
Third week	60%
Fourth week and beyond	No reduction

Cancellation of session block plans will result in forfeiture of the fees in the manner identified above or of fees equal to the actual meals eaten, whichever is greater.

\*The Office of Housing and Residence Life will publish the date students are to check into the residence halls for each summer session. The check-in date is the effective date of the student's contract.

## IUP Refund Policy--PART V.

### V. Other Provisions

Formal withdrawal procedures must be initiated through the Advising and Testing Center (undergraduates) or the Graduate School and Research Office (graduates) at the point of withdrawal. A written and dated notice is required by the student or student's family in special circumstances, such as sickness, within thirty days of the student's withdrawal. In order to receive a reduction in fees for individual course withdrawal, documentation must be submitted to the Accounts Receivable Office prior to the close of the semester/session in which the course was offered.

Students who are suspended from classes, residence halls, and/or dining service will receive a reduction of fees in accordance with the schedule as outlined under sections II and IV.

The Advising and Testing Center (for undergraduate students) and the Graduate School and Research Office (for graduate students) may request exceptions to these policies when circumstances justify it. Example: death or medical reasons.

Student Military Reservists or members of the National Guard who are ordered to active military service by the President of the United States will receive a full reduction of charges for tuition. Other fees will be prorated.

Examples of refund calculations are available upon request in the Student Accounts Receivable Office, Administrative Annex, which is responsible for implementing the refund policy. Students may appeal the decision rendered by the Accounts Receivable Office to the Treasurer.

## Financial Aid

The Financial Aid Office, located at 308 Pratt Hall, offers financial information and counseling to all students attending IUP. The types of financial assistance offered by the Financial Aid Office include student employment, educational loans, grants, and scholarships. Counseling on debt management and loan repayment options is also available.

### Eligibility Requirements

The general requirements for financial aid eligibility include the following:

1. Be enrolled on at least a half-time basis (six credits per term) except for the Federal Pell Grant program.
2. Be a U.S. citizen, national or permanent resident, or other eligible noncitizen.
3. Maintain satisfactory academic progress in your course of study.
4. Be enrolled or accepted for enrollment in an Associate Degree, Bachelor's Degree, Post Baccalaureate Teacher's Certification program, or Post Baccalaureate Second Undergraduate Degree program.
5. Not be in default or have failed to make satisfactory arrangements to repay any Federal Student Loans. Not owe a repayment on a Federal Pell Grant or Federal Supplemental Educational Opportunity Grant.
6. Not have borrowed in excess of any Federal Loan limits.
7. Register with the Selective Service Administration, if required.
8. Submit Financial Aid Transcripts from all other postsecondary schools you have attended.
9. Have a valid Social Security Number.

Students must complete a Free Application for Federal Student Aid (FAFSA) by May 1 in order to receive maximum consideration for need-based financial aid administered through the university. The Title IV school code for IUP is 003277. Additional forms or applications may be required depending upon which student aid programs are being sought. Financial aid is available for both the regular academic year and the summer sessions. Separate applications for summer school aid must be submitted by the student.

### Student Responsibilities

Students who apply for financial aid have certain responsibilities which are listed below:

1. Accurately completing and submitting the appropriate application forms by the published deadline dates.
2. Submitting requested materials, corrections, or new information on a timely basis.
3. Meeting the regulations and repayment schedules of student loans.
4. Informing the Financial Aid Office of any grants, scholarships, or loans received from outside organizations.
5. Informing the Financial Aid Office of any information that has changed since applying for aid.
6. Understanding the satisfactory academic progress requirements for maintaining financial aid eligibility.
7. Using financial aid funds for educational purposes only.

on Fri Oct 4 13:42:18 1996

# Finances

## Financial Aid Programs Available

Financial assistance is available in the form of grants and scholarships, student employment, and educational loans. Each of these funding sources has unique characteristics which will be explained in more detail below.

### Employment

Employment programs provide an opportunity for students to earn money to help finance their educational expenses. Students may be employed at minimum wage for up to twenty hours per week when classes are in session and up to forty hours per week during vacation periods. Wages for hours worked are paid every other week directly to the student.

Students are responsible for securing their own positions on campus. A bulletin board outside of the Financial Aid Office posts known job vacancies. Students may directly contact departmental and administrative offices for job opportunities as well. However, there are generally more students seeking employment than there are jobs available. Students with work-study awards are not guaranteed that they will obtain employment.

### Federal Work-Study Program (FWSP)

Eligibility for FWSP is based on financial need. Students must complete both the Free Application for Federal Student Aid (FAFSA) and an IUP FWSP Application.

### Community Service Program

This employment program places FWSP-eligible students in community service positions available both on and off campus. In addition to earning money, students gain practical work experience related to their academic major. The Student Community Service Office located in 103 Pratt Hall assists students with placement.

### University Employment (UE)

This program is similar to the Federal Work Study Program. However, students who do not demonstrate financial need may be employed. No financial aid application is necessary.

### PHEAA State Work Study

Off-campus employment that relates to the student's academic major may be available through the PHEAA State Work-Study program. Applications are available in the Financial Aid Office and must be completed by both the student and the organization for which the student would like to be employed.

### Educational Loans

Loan programs offer repayable assistance to students who apply and qualify for them. Repayment terms, interest rates, and borrowing limits vary from program to program. Educational loans are a serious and important obligation. Receipt of funds means that the student assumes the legal responsibility for repayment of the loan at a future date. The promissory note for the loan specifies the terms and conditions under which the student is borrowing and the repayment provisions that are in effect. Participation in Community Service positions after leaving school may provide for repayment of certain student loans.

**Federal Perkins Loan**--The application for the Federal Perkins Loan is the Free Application for Federal Student Aid

(FAFSA). The loan is awarded to students on the basis of financial need. There are no principal or interest payments until nine months after the student ceases half-time attendance (six credits per term). The minimum repayment rate is \$40 per month at a simple interest rate of 5 percent per year on the unpaid balance. There are deferment and cancellation privileges available.

**Federal Stafford Loan**--Applications for the Federal Stafford Loan are obtained from lending institutions. These include banks, savings and loan associations, credit unions, etc. A Free Application for Federal Student Aid (FAFSA) must also be completed.

Through this program, freshmen may borrow up to \$2,625 per academic year, sophomores may borrow up to \$3,500 per academic year, and juniors and seniors may borrow up to \$5,500 per academic year. Subsidized Federal Stafford Loans are awarded on the basis of financial need as determined by the Free Application for Federal Student Aid (FAFSA) and require no payment of interest or principal until six months after the student ceases half-time enrollment (six credits per term). Unsubsidized Federal Stafford Loans substitute for family contribution and require payment of interest only during periods of enrollment and the six-month grace period. Following the grace period, both kinds of Federal Stafford Loans are repayable to the lender at a variable interest rate not to exceed 8.25 percent.

Additional unsubsidized Federal Stafford Loan funds are available to independent undergraduate students. Freshmen and sophomores may request up to \$4,000; juniors and seniors may request up to \$5,000. Dependent students whose parents cannot obtain a Federal PLUS Loan may also apply for these additional unsubsidized funds.

**Federal PLUS Loan**--Federal Parent Loans for Undergraduate Students (FPLUS) are obtained from lending institutions such as banks and credit unions and are administered in conjunction with the federal government. Parents may borrow for their dependent children up to the cost of education minus other financial aid. The loans are repaid at a variable interest rate not to exceed 9 percent per year starting sixty days after the final check is issued.

### University-Sponsored Loan Programs

The Financial Aid Office, in conjunction with the Student Cooperative Association, administers the University Loan Fund on behalf of IUP students. Loans are available to assist students who are in financial need and have a financial aid refund coming to them. The maximum loan available will be \$300 with repayment to be made in sixty days. No interest will be charged for these loans. Loans will be made to meet educational expenses only. Applications for the University Loan and additional information may be obtained at the Financial Aid Office.

The University Loan Fund encompasses the following individual loan accounts:

**Jennie E. Ackerman Loan Fund** - The Jennie E. Ackerman Loan Fund was established in 1962 in memory of Jennie E. Ackerman, who served as supervisor of student teachers at IUP for many years.

**Robert Bellis Loan Fund** - This loan fund has been established at IUP by friends and relatives of a graduate of Indiana State College.

**Mary Edna Flegal Loan Fund** - A loan fund has been established by Alpha Chapter of Delta Kappa Gamma Society International in memory of Mary Edna Flegal, who graduated from Indiana Normal School in 1899 and served as director of Art. Upperclass students enrolled in the College of Education are eligible to receive these funds.

**Colette Cromer Gershman Loan Fund** - Family and friends of Colette Cromer Gershman established this fund in memory of a home economics education graduate. Upperclass students enrolled in the College of Health and Human Services are eligible for the loan.

**Margaret Flegal Harte Loan Fund** - The primary purpose of this fund is to aid students who are in temporary need of assistance.

**Suzanne Marshall Hartman Loan Fund** - A loan fund has been established by family and friends of Suzanne M. Hartman, a home economics graduate of IUP. This loan is granted to deserving students in their sophomore, junior, and senior years.

**John Hays Memorial Fund** - This loan fund is in memory of Dr. John Hays of IUP's educational psychology department. Dr. Hays was a faculty member at IUP for twenty-one years.

**Oliver W. Helmrich Memorial Loan Fund** - The Helmrich Memorial Loan Fund was established by family and friends in memory of an IUP faculty member. Eligibility is limited to seniors and graduate students enrolled in the College of Education.

**William Henzelmann Memorial Fund** - This loan provides assistance to junior and senior students enrolled in German or Russian in the Department of Foreign Languages. It was established in memory of William J. Henzelmann, a faculty member in German.

**Mary Anne Kolessar Loan Fund** - Established in memory of Mary Anne Kolessar, a consumer services student at IUP, the fund aids students majoring in consumer services who are in temporary need of funds.

**Jane E. Leonard Memorial Loan Fund** - The loan honors a faculty member at Indiana Normal School from 1875 to 1921.

**Mack Loan Fund** - Established by the Mack family, the fund provides assistance to worthy students with financial need.

**Rusty Preisendefer Memorial Loan Fund** - This fund was established by Suzanne Preisendefer Brickner in memory of her husband, Lt. Harold A. Preisendefer, who was killed in action in Vietnam.

**Flossie Wagner Sanford Student Loan Fund** - The Pennsylvania Federation of Women's Clubs established this loan fund in honor of a past president of the club and former member of the faculty.

**Varsity I Loan Fund** - Established by the Men's Varsity I Club, this loan is available for use by all IUP students. Preference is given to freshmen.

**Norah Zink Loan Fund** - The Zink Loan honors a former geography professor at IUP. Foreign students in their sophomore, junior, or senior year are eligible to receive these funds.

## Grants

Grants are funds which carry no obligation for repayment. These funds are awarded to the student on the basis of financial need.

**Federal Pell Grant**-The Federal Pell Grant program provides funds to eligible undergraduate students who have not earned a first bachelor's degree. A Free Application for Federal Student Aid (FAFSA) must be filed annually to apply for this grant. Awards are prorated based upon the number of credits for which a student registers.

**Federal Supplemental Educational Opportunity Grant**-Federal Pell Grant-eligible students are considered for Federal Supplemental Educational Opportunity Grants (FSEOG). A Free Application for Federal Student Aid (FAFSA) must be completed by May 1. Students who receive FSEOG must be enrolled for at least six credits each semester.

**Pennsylvania State Grant (PHEAA Grant)**-PHEAA Grants are available to eligible part-time and full-time undergraduate students who are Pennsylvania state residents. Part-time recipients must also meet specific PHEAA income guidelines. You must complete a Free Application for Federal Student Aid (FAFSA) by May 1 to apply. Academic progress guidelines require that a student earn twenty-four new credits for each full year for continued eligibility of grant funds. A maximum of eight full-time or sixteen part-time semesters of eligibility are permitted.

**State Grants**-Many state educational agencies offer grant assistance to students who study outside of their state of residency. Out-of state students are encouraged to investigate opportunities for grant funding from their home state.

## Scholarships

Departments, colleges, and the Provost's Office administer various scholarship programs that have been established by alumni and friends of the university. These scholarships serve to recognize outstanding students and assist them in financing their educational expenses. Applications, where appropriate, are solicited from eligible students. Questions may be addressed to the associate provost for Enrollment Management.

**Alcoa Scholarship** - This scholarship is awarded each year to a student majoring in management information systems. The recipient is selected by the MIS faculty. Students in their sophomore, junior, or senior year are eligible to receive these funds.

**Grace Johnson Allman Safety Science Scholarship** - The Allman scholarship is awarded to a student chosen by the Department of Safety Sciences who is worthy, deserving, and a credit to the scholarship.

**American Association of University Women Scholarship** - Scholarships are awarded annually to nontraditional female residents of Indiana County, based upon financial need and successful completion of at least six credits leading to a degree.

**American Field Service (AFS) Scholarship** - One full-tuition scholarship will be offered to an AFS student for one year. Letters of application should include a brief description of the student's AFS experience.

**APSCUF Scholarships** - The IUP APSCUF Scholarships are awarded to students who have earned between twenty-nine and forty-six credits and who have shown involvement in IUP and community activities.

**ARA Scholarship** - Scholarships and meal waivers are awarded each year to sophomores who have attained at least a 3.5 grade-point average and who demonstrate need as determined by the Free Application for Federal Student Aid.

**Ida Z. Arms Excellence Scholarship** - This scholarship is awarded to an outstanding member of Kappa Mu Epsilon chosen by members of the Mathematics Department.

**J. Donald Bartolomucci Scholarship** - This fund awards scholarships to upperclass students in the Eberly College of Business who are deemed worthy.

**Lloyd and Libby Bastian Memorial Scholarship** - This is awarded to a Theater major interested in pursuing a career in costume design and technology. Recipients are selected by faculty in the Department of Theater.

**Ella C. Bendix Home Economics Scholarships** - Bendix scholarships are awarded to worthy students with financial need who are juniors, seniors, or first-year graduate students. Selection is made by the Home Economics Scholarship Committee.

**Israel and Birdye Brody Scholarship** - Scholarships are awarded each year to juniors who have at least a 3.8 average and who have served the university and/or community.

**Board of Governors Scholarship** - Up to thirty-five full-tuition scholarships are awarded each year to academically

talented minority students who have scored approximately 1000 on SATs and who are in the top 25 percent of their high school class. The BOG scholarships are renewable for a maximum of eight fall/spring semesters for recipients who maintain a satisfactory grade-point average.

**Gloria June Croft Bolinger Memorial Scholarship** - The scholarship is awarded annually to a graduate of Tussey Mountain High School. Recipients are selected by the Tussey Mountain administration and faculty.

**Jemima S. Boyd Scholarship** - This scholarship was established from the estate of Grace Noble Lacock. Each year, it is awarded by the College of Education to students who intend to teach in schools in Pennsylvania.

**Robert and Irene Bozzone Scholarship for Business** - This is awarded by the dean of the Eberly College of Business to a full-time student within the college. Preference is given to students majoring in Marketing, Management, Finance, or International Business.

**Wallis and Janet Braman Music Scholarship Fund** - The scholarship is awarded to an eligible music major whose performing area is one of the following: violin, viola, cello, or double bass. Selection of grantee is made by the string area music department faculty.

**Edward N. Brown Memorial Scholarship** - The scholarship is awarded to an outstanding chemistry major who has completed at least four semesters at IUP. Selection is made by the Brown Scholarship Steering Committee in the Department of Chemistry.

**Maude O. Brungard Scholarship** - The scholarship is awarded to Speech-Language Pathology majors. The recipient must be a graduating senior with outstanding academic achievement who will enter IUP's master's degree program in Speech-Language Pathology. Selection is made by the Brungard scholarship committee.

**George M. Burke Memorial Scholarship** - A four-year scholarship is awarded to a freshman enrolled in the Eberly College of Business on a full-time basis who demonstrates financial need and who is a permanent resident of Pennsylvania.

**Dr. Howard B. Buterbaugh Scholarship Fund** - A gift to the university from Dr. Howard Buterbaugh's estate, the scholarship is to be given to students from Indiana County based on their academic performance.

**M. Vashti Burr Memorial Award** - A scholarship is awarded annually to a student who is deemed to be most deserving, having in mind his or her economic need and the excellence of his or her industry and scholarship. This award is given through the generosity of William V. Whittington.

**Carino Queen Evergreen Scholarship** - A scholarship is awarded to Indiana County's Queen Evergreen if she attends IUP on a full-time basis.

**Clark Scholarship** - The Lt. Alpheus Bell Clark Memorial Scholarship was established by Mr. and Mrs. Steele Clark in memory of their son. Scholarships are awarded each year to young men or women who are seniors in the university, who, in the opinion of a committee, best qualify for the honor in terms of academic ability, leadership, and service to the university, with preference going to veterans or sons or daughters of veterans.

**Beverly Sue Clark Memorial Scholarship** - The scholarship is awarded to a junior or senior preparing for a career in teaching. Preference is given to residents of Indiana, Cambria, Westmoreland, and Armstrong counties and to survivors of casualties of the 1991 Persian Gulf War. Selection is made by the College of Education.

**Continuing Education Part-time Scholarship** - The scholarships are awarded to part-time nontraditional students admitted to or enrolled in degree-seeking programs in the School of Continuing Education. Applications are available in the Financial Aid Office and the Part-time Studies Program Office two months before the beginning of each semester.

**Dr. Charles L. Cooper Accounting Scholarship** - In honor of a retired professor, accounting firms and friends of Dr.

Cooper have established a scholarship to be awarded to a senior accounting major. To be eligible, a student must complete ninety credits (at least seventy-five credits completed at IUP) by the end of the preceding spring semester including fifteen credits in accounting and, specifically, intermediate accounting II and cost accounting. Students must have an overall 3.5 average. Selection is made by the Accounting Department.

**Martha Crooks Douds Scholarship** - This scholarship is designated to support IUP intercollegiate athletics.

**Jack Crossan Memorial Scholarship Fund** - Established by fellow athletes, classmates, and friends, this scholarship shall be awarded at the discretion and good judgment of the head basketball coach to a basketball player of good character and sound academic standing.

**Roy A. Daugherty Scholarship** - Scholarships will be given to worthy students majoring in Math Education with preference given to sons and daughters of members of Sigma Phi Epsilon fraternity who attended IUP with Mr. Daugherty.

**Charles A. Davis Music Scholarship** - This scholarship is awarded each year to a music major who has shown outstanding ability. Selections are made by faculty members in the Department of Music.

**Owen J. and Virginia Dougherty Memorial Scholarship** - This scholarship fund provides assistance to worthy, deserving, and talented members of the IUP baseball team.

**Eberly Family College of Business Scholarship** - These scholarships are awarded by the Eberly College of Business to entering freshmen who display superior academic achievement, good moral character, and financial need.

**Eberly Family Scholarships** - The Eberly family supports the Foundation Distinguished Scholars Program by awarding a scholarship to an outstanding freshman from Fayette, Greene, Washington, or Westmoreland counties. The award may be renewed for four years.

**Alexa J. Boyer Emerick Nursing Scholarship** - Scholarships are awarded to outstanding and deserving junior and/or senior students enrolled in the nursing curriculum at IUP.

**The Natalie S. Fassett Scholarship Fund** - This fund supports the Foundation Distinguished Scholars program, awarding renewable scholarships to outstanding freshmen. Preference will be given to students who attended Homer-Center High School.

**Foundation Distinguished Scholars Program** - The IUP Foundation Distinguished Scholars program was established to honor outstanding students. Candidates must rank in the top tenth of their high school classes and/or score at least 1100 on the SATs.

**Thomas V. Frazier Memorial Scholarship** - A senior student interested in the theater arts is the recipient of this award. The student may be a drama student or just active in off-stage roles. Financial need will be a consideration, with the chairperson of the Theater Department selecting the recipient.

**Fredericks Family Scholarship Funds** - Established by David Fredericks, a 1972 graduate of IUP, this scholarship is awarded to undergraduate students enrolled in the Eberly College of Business who study international business and/or finance and who have completed twenty-four credits and attained a 3.0 cumulative grade point average. Preference is given to students who have served in the United States military or who come from a family military background.

**Fredericks Michael and Company Scholarship Fund** - This scholarship is awarded to students who have completed at least sixty credits or to graduate students who have maintained a cumulative 3.0 grade point average who are enrolled in the Eberly College of Business and are studying international business and/or finance. Preference is given to students who have served in the United States military or who come from a family military background.

**Freshman Music Scholarship** - The scholarship is awarded to incoming music majors who demonstrate significant talent during auditions.

**Eleanor Gallati Scholarship** - This scholarship is used to support deserving majors in Home Economics Education and in Child Development/Family Relations.

**Michael Gendich Scholarships for Athletes** - The scholarships are awarded to worthy and deserving student athletes by the director of Intercollegiate Athletics.

**Dr. F. Philip Gorman Scholarship** - The Gorman Scholarship is awarded to a junior in a major relating to the health profession. The recipient must have a minimum QPA of 3.0 and be involved in university activities.

**Theresa Hart Gramley Memorial Scholarship** - Established by bequest of Mrs. Gramley, a 1927 graduate of Indiana Normal School, this scholarship provides financial assistance to academically promising students.

**Margaret Flegal Harte Scholarship** - Scholarships for students who demonstrate financial need.

**Ann Moon Hayward Scholarship** - Scholarships will be awarded to incoming music majors with superior vocal potential for their first year.

**William Heard Memorial Scholarship** - Established as a memorial by friends and colleagues of William Heard, formerly a professor at IUP, the scholarship is awarded each year to a junior chemistry major for his/her senior year. The recipient is selected by the chemistry department steering committee on the basis of contributions to the department and the university, financial need, academic record, and interview. Applications are available each spring in the chemistry department office.

**Dr. Willard W. Hennemann, Jr., Memorial Scholarship** - Scholarships are awarded to deserving and worthy undergraduate and/or graduate students with a strong commitment in the field of mathematics education at the elementary or middle school level. Recipients are selected by a committee of members of the mathematics department.

**Isolde A. Henninger Award for Achievement** - Friends and family members have established the endowment to provide scholarships for senior foreign language majors who have demonstrated significant improvement in their studies. Recipients are selected by faculty members in the foreign language departments.

**Robert L. Hite Scholarship** - The Hite scholarship is awarded to a full-time freshman majoring in accounting, finance, or management from specified counties in Pennsylvania and New York.

**Hoss's Steak and Seafood House Scholarship** - This scholarship is awarded each year to students in the Hotel, Restaurant, and Institutional Management department.

**H. Eugene Hulbert Scholarship** - The scholarship is awarded to junior music majors each year on the basis of academic excellence and financial need. The recipient is selected by a scholarship committee in the Department of Music.

**Eileen Quinn Hull Scholarship** - This fund provides scholarship support to students in the Eberly College of Business who have completed at least sixty credits and maintain a 3.0 grade point average in business courses and an overall 2.8 GPA. Preference is given to students enrolled in the business education curriculum.

**Patti Hurley Scholarship** - A four-year scholarship is awarded to a graduate of Indiana Area High School attending the university, based upon academic achievement, participation in school activities, and economic need. This memorial scholarship was established by the family and friends of a 1971 graduate of Indiana Area High School who was killed in an automobile accident two weeks after high school graduation.

**S. W. Jack Scholarship** - These scholarships are awarded to participants in IUP intercollegiate athletics.

**Gloria Bryan Johnson Memorial Scholarship** - In memory of wife and mother, Gloria Bryan Johnson, Dr. Hugh Johnson and his family established a memorial scholarship endowment for music students. The scholarship committee of the Department of Music will make the yearly selection of the student.

**Ward C. and Sally B. Johnson Memorial Scholarship** - This scholarship will go to junior students, based upon their outstanding athletic abilities.

**Mr. and Mrs. Joseph Kovalchick Athletic Scholarship** - These scholarships are used to support IUP intercollegiate athletics.

**Kovalchick Family/St. Mary's Scholarship** - This freshman scholarship is awarded each year to a graduate of St. Mary's High School who attends IUP. Applications are available in the Guidance Office of St. Mary's High School.

**Fred E. Kunkle (Evergreen Motors) Scholarship** - The Kunkle scholarship supports the Foundation Distinguished Scholars program by funding an outstanding freshman entering the Eberly College of Business. The award is renewable for four years.

**Kuzneski Family Scholarship** - This scholarship is given to an IUP student with a declared major in Nursing or Art or participating in intercollegiate football. Preference is given to students graduating from Indiana County high schools.

**LaVelle Scholarship** - The scholarship is awarded to an incoming freshman majoring in Hotel, Restaurant, and Institutional Management on the basis of financial need and scholastic ability.

**Eugene E. Lepley Memorial Scholarships** - These scholarships are awarded to two junior or senior students majoring in health and physical education or sports science.

**Dr. Yu-Chen Liu Memorial Endowment** - An endowment has been established in Dr. Liu's memory by friends and family. The interest earned on the endowment will be used to sponsor scholarships for Chinese-American students. The Asian Studies Committee will make the selection of the scholarship awardee.

**Stanley W. Lore Scholarship** - A scholarship is awarded annually to a junior psychology major. Recipients are selected on the basis of academic achievement by members of the Department of Psychology.

**Joanne P. Lovette Memorial Scholarship** - Awards are made to entering freshman students who demonstrate outstanding artistic talent as determined by a portfolio review by the Department of Art Faculty Scholarship Committee.

**Mary Helen Krouse MacDonald Memorial Scholarship** - The MacDonald scholarship fund was established to encourage and reward exceptionally gifted students enrolled at IUP who are majoring in art. The scholarships are awarded to winners of the student entries in the juried art exhibitions held in the Community Arts Center of Cambria County in Johnstown, Pennsylvania.

**Ronald L. Marks Scholarship Fund** - Awards shall be presented to students enrolled with a major in chemistry who demonstrate outstanding academic achievement and promise in the field. One award is presented to a second semester freshman student and one to an upperclass student by a department committee.

**A. Laura Mateer Scholarship** - Scholarships are awarded to talented students enrolling in the Department of Hotel, Restaurant, and Institutional Management. An application to the department along with a letter of recommendation from a high school teacher must be submitted by May 1 for the following fall semester.

**McFarland Scholarships** - McFarland scholarships are awarded each year to honor upperclass students who have earned more than forty-five but fewer than seventy-five credits at IUP, who have grade-point averages of at least 3.8, and who have made special contributions to the university and community.

**Regis A. McKnight Memorial Scholarship Fund** - The scholarship is awarded to male high school graduates excelling in athletics as a tribute to Regis Peck McKnight, who for many years was head basketball coach. Selection of recipients will be made by the athletic director and the head basketball coach.

**Arveta DeGaetano McNaughton Scholarship** - A scholarship is awarded each year to a graduate of Indiana Area Senior High School who enrolls in the Eberly College of Business as a full-time freshman.

**John W. McNaul Scholarship** - The McNaul memorial scholarship is awarded to a graduating senior from Somerset High School who will attend IUP as a full-time student and who demonstrates financial need.

**Colonel Leonard A. and Mary D. McQuown Memorial Fund** - This fund supports the Foundation Distinguished Scholars program which awards scholarships to outstanding freshmen. The awards may be renewed for four years. Preference will be given to graduates of Punxsutawney High School.

**Alan P. Mewha Memorial Scholarship** - This scholarship is for students in the Geography and Regional Planning department; scholarship selection will be made by a geography and regional planning scholarship committee.

**Benjamin T. Miller Drawing Award** - To memorialize Benjamin T. Miller, colleagues, students, and friends have established the Drawing Award.

**Miss IUP Scholarship** - A \$500 scholarship is awarded to the winner of the Miss IUP pageant for use in the subsequent academic year.

**Carol L. Moorhead Scholarship** - This award is made to incoming freshman students enrolled in the primary, preferably early childhood, education curriculum in the College of Education.

**William P. Moorhead Scholarship** - The scholarship is awarded to a student studying organ in the Department of Music. It was established as a memorial to Mrs. William P. Moorhead.

**The Morino Scholars Program** - This program is established on behalf of the Morino, Calvetti, Zambotti, and Sgro families. Scholarship support will be given to academically promising and financially deserving undergraduate students. Preference is given to students from historically mining communities whose parents or grandparents are employees or retirees or expired while working in the mines.

**Arthur G. Morrell Memorial Scholarship** - The Arthur G. Morrell Memorial Scholarship is awarded to a mathematics major completing his/her sophomore or junior year at IUP who best reflects the character and interests of Capt. Arthur G. Morrell, a graduate in mathematics, United States Marine pilot, and IUP football captain. The recipient is selected by the Morrell Scholarship Committee in the Department of Mathematics.

**Helen Wood Morris Scholarship** - The scholarship was established by Lieutenant Colonel L. M. Morris in memory of his wife, a graduate of the university. Recipients must be majoring in education and rank in the top 10 percent of their class based upon the completion of 60 credit hours of academic work.

**G. William Musser Scholarship** - The Musser Scholarship is awarded to an incoming freshman majoring in pre-law. It is renewable for four years if the recipient maintains a 3.0 average.

**Natural Sciences and Mathematics Scholarship** - Established by an anonymous donor, the Natural Sciences and Mathematics scholarship is awarded each year to a freshman who has graduated from Indiana Area High School and enrolls in the College of Natural Sciences and Mathematics. This scholarship is renewable for four years.

**Dr. Russel C. Nelson Scholarship** - This scholarship is awarded each year to an upperclass music education major deemed worthy by the Music Scholarship Committee.

**Esko E. Newhill Scholarship for Excellence** - This is awarded annually to an outstanding senior majoring in sociology who has done volunteer participation in a community agency. The recipient is chosen by faculty in the Department of Sociology.

**Louis J. Nocco Scholarships** - These are awarded to deserving and talented members of the football team.

**Ethyl V. Oxley, Opal T. Rhodes, and Helen C. Merriman Scholarships** - The scholarships, awarded to students majoring in the Department of Human Development and Environmental Studies, honor three former faculty members. Selections are made by members of the department.

**Carl E. Patchin Scholarship** - The Patchin scholarship supports the Foundation Distinguished Scholars program by funding an outstanding freshman who will enroll in the Eberly College of Business. The award is renewable for four years.

**Margaret M. Patton Foundation Scholarship** - This scholarship has been established at IUP to assist students attending the university who are worthy and in need of such assistance. Preference will be given to students attending the Armstrong Campus.

**Albert R. Pechan Scholarship** - This is a scholarship for an outstanding science major selected by the College of Natural Sciences and Mathematics.

**Lenora Pechan Scholarship** - The Lenora Pechan Scholarship was established by the late Dr. Albert R. Pechan, a former member of the Senate of the Commonwealth of Pennsylvania and of the Board of Trustees of IUP, to provide funds for students who are members of the Reserve Officer Training Corps, who have been outstanding students in the ROTC, and whose other academic work is satisfactory. First priority will be given to students from Armstrong County, selected by the officers of the ROTC.

**Everett and Lavina Peterman Scholarship** - A four-year scholarship is awarded every four years to a business education or management information systems major who has graduated from an Indiana County high school.

**M. Jane Seger Longenecker Scholarship** - The scholarship shall provide assistance to students in the Department of Human Development and Environmental Studies who have achieved junior standing and have a minimum 3.5 grade-point average. The recipient is chosen by faculty members in the department.

**Edward E. and Cecilia A. Mackey Scholarship for Business** - Eligible students must be enrolled in the Eberly College of Business and have earned at least forty-eight academic credits with a 3.0 or better grade-point average. Preference is given to students in the men's football program. Selection is made by the Eberly College of Business.

**McDonald s/Thomas McCormick Memorial Scholarship** - The scholarship is awarded to a graduate of an Indiana County High School who is an incoming freshman student in the Department of Hotel, Restaurant, and Institutional Management. The recipient is selected by members of the department.

**Thomas and Flora McGrainor Memorial Scholarship** - The scholarship is given to a graduating Dayton (Pa.) High School student who will be attending IUP. The student must have financial need, good citizenship, and possess a 2.5 or better grade-point average. Applications and information are available through Dayton High School.

**Frank E. Moore Family Scholarship** - This is awarded to a nontraditional incoming freshman who has graduated from an Indiana County high school or who has been a resident of Indiana County for one year. Preference will be given to those with children.

**Ethel L. Morrow Memorial Scholarship for Education** - This is awarded to an entering freshman into the College of Education who scored 1000 or better on the SAT or ranked in the top ten percent of his/her class. Selection is made by the College of Education.

**Mary H. Muldowney Music Scholarship** - This scholarship was funded by friends of Mary Muldowney, a long-time faculty member and choral director at IUP. It is awarded to a senior voice major by faculty in the Department of Music.

**Organ Student Scholarship** - This scholarship, funded by a gift from Dr. and Mrs. William Evans, is granted to a deserving and talented student studying organ. Eligible students must have a grade-point average of at least 3.25 and audition for the award.

**Susan Spurlin Peckman Memorial Scholarship for Nursing** - The scholarship is granted to an incoming freshman nursing major who displays financial aid and has at least a high school B average. Preference will be given to students from Indiana High School, Marion Center High School, or Woodland Hills High School.

**Phi Delta Theta Scholarship Fund** - This scholarship fund was established in memory of Randy Colalella and Jeffrey Diez. Funds are awarded to students who are members in good standing of Phi Delta Theta and who have a grade-point average of at least a 3.0.

**Dr. and Mrs. Arthur W. Phillips Scholarship Fund** - This fund supports the Foundation Distinguished Scholars program which awards scholarships to outstanding freshmen. The awards may be for four years. Preference will be given to residents of Butler, Clarion, Forest, Jefferson, Lawrence, Mercer, and Venango counties.

**Edna B. Pierce Memorial Fund** - An Indiana Area High School student, accepted at IUP and enrolled in a teacher education curriculum, will be awarded a one-year scholarship.

**William E. Pierce Scholarship** - This scholarship has been established to award a one-year grant to the junior ROTC cadet having the highest standing in his/her sophomore ROTC class.

**Pittsburgh Home Economics Teachers Scholarship** - An award is given to an undergraduate student majoring in a program in the College of Health and Human Services who graduated from one of the Pittsburgh public schools. Preference is given to students majoring in home economics education and seniors, but the award may be given to a junior or a sophomore student enrolled in any human services major who is deserving both scholastically and financially.

**Ruth Podbielski Scholarships** - These scholarships are awarded to worthy women athletes at IUP.

**Shelly G. Portman Memorial Scholarship** - The scholarship, established by the Portman family, will be awarded each year to juniors excelling in concert dance. Selection will be made by the faculty in the Department of Theater.

**PPG Computer Science Scholarship** - The PPG Computer Science scholarship is awarded annually to the foreign student with the highest overall grade-point average who is majoring in computer science and entering his/her junior year and has completed at least nine credit hours of computer science.

**The John J. Prandy Memorial Scholarship** - This scholarship provides support to a worthy and deserving student majoring in criminology who has achieved junior standing and has expressed interest in pursuing a career in law enforcement.

**President s/Wahr Scholarship** - A \$1,000 scholarship is awarded to entering freshmen who are valedictorians of their high school at the end of their junior year. No application is required.

**Willis E. Pratt Award** - The Savings and Trust Company of Pennsylvania has established an athletic scholarship in the name of the late Dr. Willis E. Pratt, chancellor emeritus and president of IUP from 1948 to 1968. It will be awarded to athletes chosen on the basis of scholastic and athletic ability and financial need.

**The Mildred M. Reigh Memorial Scholarship** - This scholarship provides encouragement and financial assistance to students pursuing a degree in mathematics education or elementary education with a mathematics concentration. Recipients must have reached a minimum of junior standing, carry at least a 3.0 grade-point average, and participate in one or more organizations for teachers of mathematics. Selection is made by the Mathematics Department.

**Felicia Gemmellaro Renck Memorial Scholarship** - This scholarship is awarded annually to a graduating senior or master's student in Early Childhood Education who has earned a 3.5 grade-point average. The recipient is chosen by the Department of Professional Studies in Education.

**Ralph Reynolds Memorial Scholarship** - Through the generosity of Nancy Race Warner, the Ralph Reynolds Memorial scholarship recognizes students enrolled in the Bachelor of Fine Arts program with an emphasis in painting.

Selection is made by the Department of Art.

**Frank Ross Memorial Scholarship** - These scholarships are awarded each year to upperclass students who are deemed worthy by the College of Fine Arts. The awards are presented in memory of a former ceramics faculty member.

**David J. Rovnan Memorial Scholarship** - This scholarship is awarded each year to an IUP student who is a member of the staff of the Penn. Selection is made by the Department of Journalism.

**S&T Bank Excellence in Business Scholarship** - This scholarship program provides twenty awards to entering freshman students enrolled in the Eberly College of Business. Recipients are selected by demonstrated academic promise and residency within the S&T Bank service area. Selections are made by the Eberly College of Business.

**Saco Excelling Greek Scholarship** - Scholarships are awarded to outstanding Greek juniors named at the spring Greek awards banquet.

**Martha S. Scheeren Second Chance Scholarship** - The scholarship is awarded to an IUP student residing in Indiana County between the ages of twenty-three and fifty years who is economically disadvantaged. Preference will be given to graduates of Indiana County high schools and women.

**David A. Schwartz Memorial Journalism Scholarship** - The scholarship is established in memory of David Schwartz, a graduate of IUP, by his parents, the Indiana Gazette, and faculty and friends at IUP. The scholarship is available to outstanding students majoring in journalism.

**Ella B. Seanor Leadership in Nursing Award** - This award is presented to a graduating senior who has successfully completed the requirements for a degree in nursing and who has demonstrated exemplary leadership and commitment to the high standards of professional practices in the field of nursing.

**Senior Class Scholarship** - The scholarship is awarded to a student who has earned seventy-five to ninety credits at the end of the first semester of the junior year, has a QPA of at least 3.5, and is involved with campus affairs, organizations, and activities.

**Joseph W. Serene Scholarship** - Established in memory of a former president of the IUP Council of Trustees, this scholarship is awarded to a graduating senior from Indiana Area High School who has enrolled at IUP, has achieved good academic standing, is active in school and/or community groups, and demonstrates good citizenship.

**Ethel Seavey Simpson Scholarship** - The Ethel Seavey Simpson scholarships are awarded to academically talented freshmen at IUP who demonstrate financial need. Eligible applicants will be invited to apply.

**The Patricia Shields Memorial Scholarship** - This \$500 scholarship is awarded each year to a full-time student from Armstrong County who has achieved junior standing and carries at least a 3.0 grade-point average. Preference may be given to students who originally attended the Armstrong branch campus of IUP.

**The Susan E. Shubra Memorial Scholarship** - The scholarship is awarded to a junior or senior having at least one remaining term to be completed as a major in the Department of Human Development and Environmental Studies. Applicants must have a minimum 3.0 grade-point average, be of good character, and demonstrate outstanding achievement in academics and leadership in university/community services. Selection is made by the Department of Human Development and Environmental Studies.

**Sam Smith Football Scholarship** - The solicited funds are to be used for football scholarships. All the funds are to be distributed as scholarships in accordance with the rules and regulations of the university.

**Sons of Italy Recreative Club, Inc., Scholarships** - Scholarships are awarded to graduates of Indiana County schools, with the exception of Homer-Center, who enroll as full-time students at IUP.

**Spadafora Family Endowment** - Cecil and Ann Spadafora of Indiana and their entire family have established a scholarship to be awarded to one football player each year who has graduated from an Indiana County high school, Mt. Pleasant High School, or Brentworth High School. The student will be selected by a committee consisting of the IUP athletic director, head football coach, and a representative of the family. The recipient will be a high school graduate excelling in athletics and a credit to the fund.

**Gregory Spinelli Memorial Fund** - This fund provides a meaningful award and recognition for students with exceptional promise and commitment to a career in the criminal justice system. An award of \$100 will be made annually to a second-semester senior enrolled in the IUP Criminology Department. Greg Spinelli was an FBI agent killed in the line of duty.

**Bea States Scholarship Fund** - This fund provides scholarship support to a nontraditional, undergraduate, IUP student from Indiana County. Preference will be given to students with dependent children who demonstrate financial need.

**Gerald E. Stossel Football Scholarship** - Stossel scholarships are awarded to deserving and needy student athletes.

**Michael J. Supinka, Jr., Memorial Scholarship** - A scholarship is awarded to a graduate of Homer- Center High School who has demonstrated academic excellence and leadership qualities and who enrolls at IUP as a full-time freshman.

**Theater-By-The-Grove Freshman Talent Scholarship** - This scholarship is awarded by the Department of Theater to incoming freshmen who display outstanding talent.

**The Barbara Thomas Scholarship** - This fund provides support to deserving and worthy students who have graduated from high schools in Clearfield County, Pennsylvania, and who enroll in IUP to study elementary education. The scholarship is renewable providing the recipient maintains at least a 2.5 grade- point average.

**The Tomb Family Scholarships** - These scholarships provide support to deserving and talented students enrolled at IUP.

**Howard E. Tompkins Computer Science Scholarship** - The Tompkins scholarship is awarded to the computer science major with the highest overall grade- point average entering the junior year who has completed at least nine credits of computer science.

**Murray M. Varner Scholarship** - Murray M. Varner was an alumnus and professor at IUP. This scholarship has been established by his friends and family as a fitting memorial to a dynamic educator. The scholarship is awarded each year to an upperclass (at least twenty-seven credits at IUP) student in the Eberly College of Business who is a permanent resident of Indiana County. The recipient must be academically stable, personable, enthusiastic, and motivated.

**Vaughn Foundation Scholarships** - Vaughn scholarships are awarded to incoming freshmen demonstrating academic promise and a willingness to give a portion of their time to community service. Preference will be given to students enrolling in the Eberly College of Business. Students must also participate in men's football, men's basketball, or women's basketball.

**Corrine Menk Wahr Scholarship** - Awarded to academically talented incoming freshman students.

**Florence Wallace Scholarship Fund** - This fund supports the Foundation Distinguished Scholars Program which awards scholarships to outstanding freshmen. The awards may be renewed for four years.

**Saul and Louise Waxler Memorial Scholarships** - These provide funding for football grants-in-aid.

**West Branch Area High School Scholarship** - This scholarship is awarded to a graduate of that high school in Clearfield County, Pennsylvania, who demonstrates financial need and positive academic achievements. Applications are made through the Guidance Office of the West Branch Area High School.

**Luhelen Grace Whisner Scholarship** - This award is established by Robert C. Whisner, a 1951 IUP graduate, in memory of his mother, a graduate from the Class of 1922. The scholarship is awarded to students who demonstrate academic promise, good citizenship, and financial need. Preference is given to students from Westmoreland County.

**Wienken and Associates Scholarship** - Awards are made to upper-level students in the College of Natural Sciences and Mathematics who have successfully completed at least 30 credits and have achieved a 2.75 cumulative grade point average.

**Betty Wood Scholarship Award** - This scholarship is given annually to a student representing the Department of Human Development and Environmental Studies in the highest professional manner. Awards are made by the department.

**Zonta Club of Indiana Scholarship for Women** - The Zonta Club provides a scholarship for a female IUP student who has earned at least twenty-four academic credits, is twenty-five years or older, and is a resident of Indiana County. Eligible students must demonstrate hardship need and be of exemplary character.

**Ronald and Jean Zucchelli Scholarship** - This scholarship will be awarded to an IUP student majoring in physical education. Selection will be made by members of the Department of Health and Physical Education.

## Other Resources

**Athletic Grants-in-Aid** - IUP participates in intercollegiate athletics as a Division II institution and awards Athletic Grants-in-Aid in accordance with NCAA rules and regulations. Interested students should contact the Athletic Director, Memorial Field House, IUP, Indiana, PA 15705.

**Residence Assistants** - Upperclass students and freshmen at the end of their first year may apply to become residence assistants at IUP. Students earn a room and board waiver, as well as a small stipend, by working as residence assistants in IUP residence halls. Application timetables and deadlines are advertised in *The Penn* and posted in the residence halls and other spots around campus. The application process requires references and individual and group interviews. Residence assistants are selected on the basis of leadership and interpersonal skills and the willingness and ability to perform as role models. Residence assistants must have and maintain a 2.2 quality-point average. For further information, please contact present residence assistants or residence directors or the Office of Housing and Residence Life, G14 Sutton Hall, IUP, Indiana, PA 15705.

**Private Scholarships** - Various service clubs, organizations, churches, schools, and industries offer scholarships to students. High school guidance offices, libraries, and hometown newspapers are often excellent sources for information concerning private scholarships.

**ROTC Scholarships** - One-, two-, and three-year scholarships are available to both male and female students who are enrolled in the Reserve Officer Training Corps program. The scholarships pay for tuition, fees, and books, plus \$100 per month for ten months per school year. Interested students may obtain applications and criteria information by contacting the ROTC department in Pierce Hall at IUP.

**Office of Vocational Rehabilitation Assistance (OVR)** - Students who have physical or learning handicaps may receive educational benefits through the Office of Vocational Rehabilitation. In order to be eligible, students must satisfy the physical and financial requirements of the agency. For further information regarding OVR, students should contact their county office of vocational rehabilitation.

## Financial Aid Sufficient Progress Policy

In order to receive Title IV Federal Student Assistance, students must maintain satisfactory academic progress in their course of study. Students must be in compliance with both the university's Academic Standards Policy and the Financial Aid Sufficient Progress Policy in order to demonstrate satisfactory progress.

The Title IV Federal Student Assistance programs include the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Perkins Loan, Federal Work Study Program, Federal Stafford Loan, and Federal PLUS Loan.

### Sufficient Progress

The Financial Aid Satisfactory Academic Progress Policy requires sufficient academic progress toward a degree on both academic good standing (GPA) and sufficient progress (percent of progress) bases. The standard of academic good standing is defined within the university's Academic Standards Policy. The standard of sufficient progress for financial aid eligibility is the successful completion of 75 percent of the cumulative number of registered credits at IUP. Registered credits are the number of credits for which a student is enrolled at the end of the Drop/Add period. (For a student who was originally registered and charged at full-time status and who reduced during Drop/Add to part-time status, the registered credits will be calculated as twelve.)

A student who meets the standard of academic good standing of the Academic Standards Policy but who does not meet the standard of sufficient quantitative progress may continue in university registration but without financial aid eligibility for the federal Title IV aid programs.

A full statement of requirements for Satisfactory Academic Progress for Title IV Federal Student Assistance is available through the Financial Aid Office.

## Payment of Financial Aid

The following financial aid programs can be deducted from your university bill:

Federal Stafford Loan  
Federal PLUS Loan  
Federal Perkins Loan  
Federal Pell Grant  
Federal Supplemental Educational Opportunity Grant  
Pennsylvania State Grant  
IUP scholarships

Federal Work Study earnings are paid directly to the student every other week and thus are not used for billing purposes.

All other financial aid is paid directly to the student's account. If a credit balance exists after satisfying all IUP charges, then excess funds will be refunded to the student for other educational expenses.

## Orientation

IUP offers a two-part orientation program for all new students. Freshmen are expected to participate in both of the programs, as they are intended to provide information and programs which are designed to insure a successful first-year experience.

**Summer Orientation:** The preregistration placement testing, advising, and course selection program occurs during the summer immediately preceding students matriculation on campus. This experience is designed to assess academic readiness for courses integral to the IUP curriculum, including English, mathematics, and foreign languages. Students admitted to the Indiana campus, Honors College, or the Learning Center program participate in an overnight, two-day experience which includes testing, academic advising, and orientation to university curricular requirements and cocurricular opportunities. Students who are admitted as branch campus freshmen participate in a one-day program. Concurrent parent orientation programs are offered.

**Fall Orientation:** Fall Orientation occurs as students move onto campus immediately prior to the beginning of fall classes. Programs and activities are designed to assure a smooth transition from the home environment to IUP's campus community.

IUP views this two-part orientation as unique and extremely important to freshman retention and satisfaction with the university. The freshman year is critical in regard to academic success. During this time, students must simultaneously develop academic competence in the college curriculum and adjust to the personal decision-making process college life affords. Each of the programs is designed to assist in this important college adjustment process. Freshmen are expected to participate fully in this two-part program.

# Student Programs and Services

## Residence Life

IUP is a residential campus. Its fourteen residence halls and two apartment buildings are supervised by professional residence directors with backgrounds in student development or counseling or by graduate residence directors enrolled in the Student Affairs in Higher Education graduate program. Responsibilities include administrative functions of the building, programming, and policy enforcement. Each residence hall also has undergraduate resident assistants (RAs) who are responsible for helping students, planning programs, carrying out administrative tasks, and providing leadership for the development of a community among the approximately thirty students living in their individual section of the residence hall. The university's two apartment buildings are staffed with a professional residence director and student managers whose functions are similar to those of a resident assistant.

It is the policy of IUP to offer full, equal, and nondiscriminatory assistance to all students without regard to their race, color, religion, national origin, sex, ancestry, sexual orientation, or physical ability in both the placement in university housing and the furnishing of facilities and services in relation to that housing.

Specific programs and services offered within the residence halls provide a residential program which supports the academic mission of the university and fosters the development of a community in which the rights and responsibilities of each individual are clearly defined and respected. Respect for the learning process as well as respect for self, others, and property are strongly emphasized. Students are encouraged to question and explore increasingly complex intellectual and personal challenges in their efforts to give meaning and direction to their lives. Staff members actively provide support and challenge students as they assume ownership and accept responsibility for their actions and important life decisions. The residence halls reflect the daily challenges of what it is like to live in any community. It is the intention of the Office of Housing and Residence Life staff to teach students those skills which prepare them to be responsible community members so that when they leave the university, they will be contributing and productive citizens in the larger community in which they live.

Because residence hall living is seen as a positive educational experience, students are encouraged to live on campus unless they are commuting from home. In an effort to make residence hall living more responsive to individual needs, the university offers two living arrangements: single sex and coed. Students should consider these options carefully and select the one in which they would feel most comfortable.

Student accommodations are based on double occupancy. Furnishings include beds, mattresses, desks, chairs, mirrors, and dressers. Students should bring their own blankets, bedspreads, towels, study lamps, and mattress pads.

All IUP residences halls are equipped with study lounges, recreational equipment, laundry facilities, and locked mailboxes. In addition, computer terminals and other specialized equipment are located within each area for student use, and all rooms are equipped with cable TV, the charge for which is part of the room fee. Residence halls are locked twenty-four hours a day, and each resident's I-card is programmed to provide access to his/her hall.

IUP also operates two apartments buildings, providing single student housing in an apartment-style setting. The university provides cable TV, telephone service, stove, refrigerator, kitchen table and chairs, beds, dressers, and living room furniture in each apartment.

Rooms/apartments are available to both undergraduate and graduate students enrolled at IUP. Each year the university reviews its housing policies and revises them according to its needs for the coming year. The Office of Housing and Residence Life is also responsible for dining service and providing information and services related to off-campus housing. The Office of Housing and Residence Life is located in G14 Sutton Hall, 357-2696.

## Residence Hall Application

First-year and transfer students will be offered residence hall contracts as soon as they have remitted the \$75 tuition prepayment required to secure a place in the incoming class. The contract should be reviewed carefully and returned with a second \$75 prepayment, for housing. Rooms will be assigned as contracts are received, and notification is mailed to the student on or about July 15.

Continuing students may contract for university housing for the following academic year according to the process published and posted in January.

Students being readmitted or returning from student teaching or study abroad programs should contact the Office of Housing and Residence Life for a contract.

## Dining Services

IUP offers twelve meal plans, eight (A through H) of which are available to residence hall students. Refer to the Finance section for the respective meal fees.

<b>Plan A</b>	Unlimited access to Foster and Folger Halls only
<b>Plan B</b>	19 meals a week + \$50 in Flex money*
<b>Plan C</b>	19 meals a week
<b>Plan D</b>	Any 240 meals a semester
<b>Plan E</b>	Any 14 meals a week + \$100 in Flex money
<b>Plan F</b>	Any 14 meals a week
<b>Plan G</b>	Any 165 meals a semester
<b>Plan H</b>	Any 10 meals a week + \$100 in Flex money
<b>Plan I</b>	Any 10 meals a week
<b>Plan J</b>	Any 75 meals a semester
<b>Plan K</b>	Any 5 meals a week + \$100 in Flex money
<b>Plan L</b>	Any 5 meals a week

\*Flex money can be carried from fall to spring semester; however, any portion not used by the end of the spring semester will be forfeited.

Guest meals can be charged to the Flex portion of plans B, E, H, and K.

## Insurance for Personal Belongings

Students are encouraged to carry insurance that covers the loss or theft of valuables while residing in residence hall or apartment housing. Students are also advised to determine coverage available through their parents homeowners policy and consider a rider if necessary to provide the appropriate coverage while at the university or to consider obtaining property insurance through an independent insurance carrier. The university does not assume responsibility for loss to students belongings.

## Refrigerators/Microfridges

Residents can rent refrigerators for their rooms on a one- or two-semester basis. Students benefit directly from this program, since profits are used to upgrade special facilities and furnishings in the residence halls. Residents can also use their own refrigerators as long as the unit does not draw more than three amps of electrical current and occupy more than 2.4 cubic feet of space. Residents can also rent Microfridges (an appliance which has a microwave, refrigerator, and freezer combined into one unit) on either a semesterly or yearly basis.

# Student Programs and Services

## Telephone Service

Touch-tone line service is provided for each residence hall room and apartment. Students must, however, provide their own touch-tone telephones.

AT&T College and University Services (ACUS) provides long distance service to residence hall rooms and apartments at a reduced rate from the AT&T standard. Residents are issued Personal Security Codes to gain access to the ACUS system. Each month individual student bills for toll calls and telegram charges are mailed directly to the student. There is a \$150 credit limit on long-distance calls to assist students in managing their telephone budgets.

The university has contracted with Bell Atlantic for \$4 worth of local calling message units each month. Students who make local calls in excess of the \$4 limit will receive bills from Bell Atlantic for the balance.

## Automobiles

Students, faculty, and staff members who park vehicles in campus parking areas must register their vehicles with the Campus Police Office. Resident students will be issued parking permits for the following reasons: medical necessity, student teaching, or other academic need for a vehicle. A written application must be submitted to and approved by the Parking Authority Review Board. Parking will be available to resident students not meeting the aforementioned criteria, for a fee, to park in the Robertshaw lot. The Campus Police Office is located in Sutton Hall and can be contacted for information on parking as well as copies of the current rules and regulations.

## Counseling and Student Development Center

The Counseling and Student Development Center is composed of two parts: counseling services and student development programs.

The counseling services staff is composed of faculty members who are counseling psychologists and doctoral interns in the psychology department. These professionals facilitate the personal and emotional growth of students by offering confidential counseling and consultation on an individual and small-group basis. Beyond the Health Services fee, additional fees are not charged for counseling services.

Student Development Programs is staffed by one faculty member, the director, and a team of graduate students in the Student Affairs in Higher Education Program. Together they provide the following programs: summer orientation for parents of incoming freshmen, orientation for entering students immediately prior to the beginning of classes, the Six O'clock Series, various research projects regarding student opinions and/or satisfaction, and campuswide leadership training activities.

## Learning Center/Act 101

The Learning Center provides educational support services for all IUP students in the areas of reading, writing, mathematics, biological and physical sciences, foreign languages, social sciences, study skills, and related areas. These services are provided by both professional and undergraduate paraprofessional staff. Students are encouraged to participate in a broad array of program services including one-to-one and group tutorials, workshops, and formal classes. The main Learning Center office is located in 202 Pratt Hall. Further information can be obtained by calling 357-2729.

The Act 101 program, created as a result of the Pennsylvania Higher Education Equal Opportunity Act 101 in 1971 by the legislature of the commonwealth, focuses on servicing IUP students in order to make the ideal of equal educational opportunity a reality for all qualified students. All students matriculating through the Learning Center, including those eligible for services under Act 101 program, are provided assistance in the areas of academic tutoring, career counseling, financial aid information, personal counseling, academic advising related to curriculum concerns, the selection of an appropriate major, and course scheduling. The main Act 101 office is located in 202 Pratt Hall. Further information can be obtained by calling 357-2729.

## Health Services

The University Health Service operates an outpatient clinic and provides routine health care to students while classes are in session. The outpatient clinic is staffed with physicians, nurse practitioners, nurses, and educators. For emergency care of students when the Health Center is closed, the local hospital emergency room is available. The university has a contract to cover the cost of transporting a student to the local hospital for an emergency, if the student's health insurance policy does not include coverage of ambulance services.

In addition to primary medical care including minor surgery, some laboratory tests, and allergy injections, the University Health Service offers a self-care cold clinic and programs in chemical health, health education, wellness, and nutrition counseling. Free transportation to area medical facilities is available.

Students pay a per-semester mandatory student health fee which entitles them to unlimited visits at the Health Center.

Since Fall, 1991, IUP has required documentation of dates of immunizations from new students for the following vaccines: measles, mumps, rubella, tetanus toxoid-diphtheria, and polio. Individuals born after 1956 should receive a second measles immunization prior to entering college. It has always been important to update diphtheria and tetanus immunizations every ten years. The documentation must be included on the Student Health Form and can take the form of

1. dates of vaccinations by the health care provider who gave them or
2. date of illness with the disease diagnosed by a physician or
3. serum antibody level as determined by a blood test

Students will receive a copy of the Student Health Form from the Health Service after they receive notification of admission to IUP. The form must be returned to the University Health Services before starting classes.

## Student Health Insurance

The university does not sponsor a group student health insurance plan. Students are encouraged to obtain private insurance to cover the costs of hospital-related expenses. The University Health Service does not bill insurance companies for services. However, students receive a copy of each visit which can be used if the individual chooses to bill his/her insurance company directly.

## Services for Students with Disabilities

Disability Support Services (a unit of the Advising and Testing Center) is the primary agent for the provision of access for IUP students with physical and learning disabilities. Faculty and staff within the office serve to ensure IUP's program access compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. Students with disabilities are urged to register with the office. Services provided include, but are not limited to, early registration; assistance in locating accessible housing; equipment loan; test proctoring and reading; notetaking; recording of books; NCR paper; liaison with faculty, OVR, and BVS; and general advising and counseling. Further information may be obtained in 106 Pratt Hall or by calling (412) 357-4067 (V/TD).

## Speech and Hearing Clinic

The Speech and Hearing Clinic, located in Davis Hall, offers diagnosis of speech problems, hearing tests and evaluations, and a regular program of therapy. The clinic also administers the speech clearance for teacher education programs.

These services are made available without charge to students regularly enrolled at the university to give the necessary assistance to alleviate deficiencies which would interfere with successful performance and progress in the university and in future work. Students are encouraged to use the facilities provided for them and may of their own initiative come to the clinic for help, or they may be referred by any faculty member or university official.

## Career Services

Career services are available to students and alumni, and, career counseling is provided to students of all class levels as well as to alumni. In addition to career counseling, the primary functions of the office are to arrange for campus interviews, prepare a current file of job opportunities, maintain an extensive library of occupational information, conduct follow-up studies of graduates, and provide general assistance in the career planning and job-seeking process.

The Office of Career Services also receives and makes available to graduates and undergraduates information concerning summer employment.

Positions are not guaranteed by the university, but IUP's record of placement is one of the very best in Pennsylvania.

## Student Programs and Services

### Veterans

The Veterans Affairs Office certifies enrollment for undergraduate and graduate students who may be eligible for veterans assistance.

Veterans, reservists, and children of deceased or disabled veterans should contact the Veterans Affairs Office prior to enrollment.

**Veterans must submit:**

1. Application for Benefits (VA Form 1999)
2. Certified DD214

**Reservists must submit:**

1. Application for Benefits (VA Form 1999)
2. Notice of Basic Eligibility (DD2384)

**Children of a deceased or disabled veteran** whose death or injury was due to service-related causes may be eligible for educational assistance from the federal government under Law 634 (Dependents Educational Assistance Act). Immediately upon acceptance to IUP, men and women who qualify for such assistance should contact the veterans counselor and submit:

1. The Eligible Veteran DD214
2. Survivors Education Form 22-5490
3. Application for Benefits (VA Form 1999)

A veteran receiving VA benefits must request a change in curriculum clearance from the veterans counselor before changing curriculum. Twelve credit hours are required to be considered a full-time undergraduate student by the Veterans Administration. The minimum full-time requirement for a graduate student is 9 credit hours.

The Veterans Affairs Office provides many other services to veterans. These include academic support, tutoring, housing assistance, financial aid, and general information. The Veterans Affairs Office is located in 302N Pratt Hall. For information on forms, please call 412-357-3009. The Federal Veterans Office telephone number is 800-827-1000.

## Guidelines for Student Conduct

IUP is an academic community within the society at large. As a community, it has formulated a code of standards and expectations which the university considers to be consistent with its purpose as an educational institution. IUP reaffirms the principle of students freedom coupled with an acceptance of full responsibility for one's behavior and the consequences of such behavior. As a member of the academic community and of the larger society, a student retains the rights, protections, guarantees, and responsibilities which are held by all citizens.

The judicial system of IUP exists to review all alleged academic violations as well as violations of university regulations and/or federal, state, and local ordinances. The primary intent of this educational system is to create a positive behavioral change in the students while also protecting the rights of the members of the university community. The system will hold the students accountable for their actions when regulations or statutes have been violated. A complete statement of regulations is available in the student handbook.

## Post Office

The University Post Office is located on the ground floor of Folger Hall, at the corner of Pratt Drive and Maple Street. All United States and campus mail is picked up and delivered daily to administrative offices and residence halls from this location. As it is a contract station of the Indiana, Pennsylvania, post office, the University Post Office also provides a window service for university personnel for all postal services including box rentals.

# Student Programs and Services

## Student Cooperative Association

The Student Cooperative Association has played an extremely broad role in the cocurricular life of the university for more than sixty years. All students, faculty, and staff who pay the Activity Fee are members of the association. Virtually all campuswide activities outside the instructional program are sponsored wholly or in part by the association.

The Activity Fee is the chief source of income for the association's programs. The student's I-Card will admit him/her free of charge or at a reduced fee to university social, cultural, and athletic events. Other income for the association comes from the profits of the Co-op Store and income from events sponsored by the association.

The Student Cooperative Association operates the Hadley Union Building, which houses the Co-op Store, and the Co-op Recreational Park. The Hadley Union Building, built by association members through the Activity Fee, offers many facilities for use by the university community.

The Co-op Recreational Park comprises 270 acres of wooded hillsides and fields. Included are a lodge building which will accommodate groups of up to 200 people, a ski hut and two ski runs, an eighteen-station exercise course, cross-country skiing and hiking trails, picnic shelter, archery range, and two softball fields.

## Student Activities and Organizations

As participating members of the IUP community, students occupy a responsible role in governance of the campus. Since a valuable part of education lies in participation in groups where experience in leadership, social and community responsibility, intellectual curiosity, and religious interests can be met, participation in varied organizations is available and encouraged.

There are currently more than 180 active student organizations at IUP advised by faculty or staff selected by the students. Students are also encouraged to initiate and support new groups which reflect interests not represented by existing organizations.

Under the supervision of the Office of Student Activities and Organizations and funded for the most part by the Student Cooperative Association, many activities are orchestrated by students and offer entertainment and cultural programs for the entire university community. These activities provide a significant opportunity for students to become more involved with their campus as well as to experience the growth and personal development that involvement provides.

Organizations and activities sponsoring many of IUP events include The Entertainment Network (TEN), Artist Series, African American Cultural Center, Black Emphasis Committee, Ideas and Issues Series, Summer Activities, and the University Concert Committee. Participation in these and other groups is strongly encouraged.

## Student Congress

The Student Congress is the representative and recognized voice of IUP's student body. The Student Congress was created in the spring of 1989 to be a unified voice in a bicameral (two-house) arrangement. It is led by a president and a vice president elected at-large in a spring general election. The primary responsibility of the Student Congress House lies with the student members of various university advisory bodies, including the Student Cooperative Association Finance Committee, which allocates \$300,000 in support of university activities. Each member of the Student Congress Senate serves as a representative on the University Senate, the institution's chief governing body. The Student Congress meets biweekly. Every student enrolled at IUP is considered a member of the SC, and input is always sought and welcome.

## Residence Hall Association

The Residence Hall Association (RHA) is made up of all students living in university residence halls. The executive body of RHA is composed of elected representatives from each residence hall. The purpose of RHA is to provide educational, social, and community service programs for residents; to collect information on various aspects of residence hall life; and to assist in formulating housing policies and procedures. All residence hall students are invited to participate in RHA. To join, inquire at your residence hall office.

## Student Publications

*The Penn*, IUP's campus newspaper, is published three times a week during the fall and spring semesters by students wishing to gain practical newspaper experience. Interested students are advised to attend organizational meetings held in the beginning of each semester.

*The Oak* is the university yearbook, a pictorial and written review of the year's activities. Subscriptions may be purchased in the fall or early in the Spring Semester. *The Penn* will carry notices of subscription drives. Applications for staff positions may be obtained from The *Oak* office or from the adviser.

The University Directory is distributed in the fall term to students and faculty. It contains a listing of all properly registered students and of staff, faculty, and university offices.

*The Source* (the student handbook) is distributed to all students free of charge. It includes rules and regulations, the extracurricular program, and general information of interest to students.

## Athletics

Frank J. Cignetti, Director;  
Frank J. Condino, Associate Director;  
Frances A. Nee, Associate Director;  
Erika Renwick, Business and Compliance Officer

### Head Coaches:

Kevin McMullan, Baseball;  
Gary Edwards, Men's Basketball;  
Sandy Thomas, Women's Basketball;  
Ed Fry, Men's and Women's Cross Country;  
Frank Cignetti, Football;  
Kofie Montgomery, Women's Field Hockey;  
Fred Joseph, Golf;  
Mike Lorenzen, Gymnastics;  
Brian Lenosky, Women's Soccer;  
Sue Snyder, Softball;  
Peter Ward, Men's and Women's Swimming;  
Jackie Albenze, Women's Tennis;  
Ed Fry, Men's and Women's Track and Field;  
Lori Duncan, Volleyball

The university's men's and women's athletic teams compete at the Division II level of the National Collegiate Athletic Association and in the Pennsylvania State Athletic Conference.

Men's sports offered in the fall include cross country and football. The winter sports include basketball and swimming. The spring sports are track and field, golf, and baseball.

Women's fall sports are tennis, cross country, gymnastics, soccer, volleyball, and field hockey. In the winter, the sports of basketball and swimming are offered. Spring sports include softball and track and field.

## The Advising and Testing Center

The Advising and Testing Center provides a variety of services to IUP students and faculty. It runs the summer preregistration testing orientation program; offers career planning classes and computer-assisted career counseling to undecided majors; co-conducts registration for January freshmen and branch campus students; processes undergraduate total university withdrawals; serves the needs of students with disabilities; and assists in providing advising information to students and advisers. Its Disability Support Services component is responsible for ensuring IUP program access compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. The Advising and Testing Center may be contacted at 357-4067 (V/TD) (106 Pratt Hall) for further information.

# Academic Policies

## Classification of Students

In order to be classified as full-time, undergraduate students attending any regular academic year semester must be currently enrolled in at least 12 semester hours of credit.

During the IUP summer sessions, a student must be enrolled in a total of 12 semester hours during the entire summer (Summer 1 and Summer 2) in order to be certified as a full-time enrollee.

Full-time certification for students enrolled in instructional periods which do not conform to the regularly scheduled academic sessions will be based upon the number of enrolled semester hours during that period of enrollment (e.g., 1 semester hour in one week of instruction would equal the minimum full-time certification standard).

For purposes of designating students by class, the following credit-hour classification ranges are used:

Freshmen	28 semester hours or less
Sophomores	29-56 semester hours
Juniors	57-90 semester hours
Seniors	91 semester hours or more

Class designations are based on credits earned rather than credits attempted. Persons holding a degree and working for a second baccalaureate degree may be classified as seniors.

## Normal Semester Hour Loads

A normal semester hour load is 15-17 semester hours. A student who wishes to schedule more 18 or more semester hours must obtain approval from the dean of the college in which he/she is registered; approval will be predicated upon various criteria such as the student's demonstrated competencies, total courses, and specific conditions. If approval is granted, the dean will set the credit limit and direct the appropriate computer entry. When taking more than eighteen credits, a student is responsible for paying a per-credit fee at the current rate for each credit beyond eighteen.

## Academic Policies

### Grades and Quality Points

In the grading system, the following grades are used in reporting the standing of students at the end of each semester or session:

Grade	Description	Quality Points
A	Excellent	4 quality points/semester hour
B	Good	3 quality points/semester hour
C	Average	2 quality points/semester hour
D	Passing	1 quality points/semester hour
F	Failing	0 quality points/semester hour
P	Passing	0 quality points/semester hour (for credit courses only.) (See Pass/Fail policy for more information.)
S	Satisfactory	0 quality points (for zero-credit courses only)
U	Unsatisfactory	0 quality points (for zero-credit courses only)
I	Incomplete	0 quality points

Other Designations (carrying no quality points):

I	Incomplete	Student was unable to complete the coursework due to unexpected illness or personal emergency. (See I Grades Policy for more information.)
L	Late Grade/ Continuing Course	Student work is expected to extend beyond a given semester. (See L Grades Policy for more information.)
Q	Total University Withdrawal	Used when a student has totally and officially withdrawn from the university for a given semester. The Q grade is not issued by instructors. (See Total University Withdrawal Policy for more information.)
R	Research in Progress	Only to be used to indicate deferred status for graduate thesis and dissertation courses.
W	Individual Course Withdrawal	Used when a student has elected to withdraw from an individual course but not from all courses. The W grade is not issued by instructors. (See Individual Course Withdrawal Policy for more information.)
*	Grade not reported by instructor	No grade information was reported by the end of the normal grading period.

Shortly after each semester or session, a full grade report is mailed to each student at his or her mailing address.

Quality points are not counted on credits from other schools, and a student transferring from another school is held responsible for quality points only on work taken at this university.

Cumulative Quality Point Average is determined by multiplying the semester hours for a course by the quality points received for that course. Then the total number of semester quality points for all courses are divided by the total number of semester hours attempted.

Institutional Credits are associated with remedial courses which are numbered below 100. Credits from institutional credit courses do not apply to degree requirements for graduation but are used in determining enrollment status (full or part time) including financial aid and athletic (NCAA) eligibility.

---

---

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate. Last Modified on Mon Oct 7 11:34:22 1996

# Academic Policies

## I Grades Policy

The grade of I is used to record work which, so far as covered, is of passing grade but is incomplete because of personal illness or other unavoidable reason. I grades must be converted no later than the final day of classes in the next regular (fall/spring) semester after the I grade was assigned. The dean of the college in which the course is offered may approve an extension, provided the faculty member concurs. A faculty member assigning an I grade must complete a form indicating the work to be completed, deadlines for completion (it is not necessary to allow the maximum allowable time), and guidelines to establish the final grade. Copies of the completed form will be sent to the department chairperson, the dean of the college in which the course is taught, and to the student receiving the I grade.

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate. Last Modified on Mon Oct 7 11:34:21 1996

# Academic Policies

## L Grades Policy

The grade of L (Late grade, continuing course) is appropriate for cases in which student work is expected to extend beyond a given semester/session. The grade of L is not to be confused with a grade of I, which is only appropriate for individual students unable to complete their course work because of unexpected illness or personal emergency. L grades are appropriate for:

- a. Internships, practicums, field experience courses, workshops, and independent studies that, by design, extend beyond the normal end of the grading period.
- b. Others as approved by the department chairperson and the dean of the college in which the course is taught. If a specific course is always eligible for L grades, the dean may grant standing approval for L grades every time the course is offered.

Faculty wanting to use the L option for eligible courses must notify the registrar before grade sheets are printed (normally two weeks prior to the end of classes) so that the grades can be pre-entered on the grade sheet. L grades which are not precoded on the grade sheets may be given only with the permission of the department chairperson and the dean of the college in which the grade is awarded.

Instructors will convert L grades to other letter grades at the end of the course. Unless an exemption is obtained from the dean of the college in which the grade was given, L grades unresolved at the end of one year will be converted to an F.

To monitor L grades, the registrar shall submit to each faculty member routine semester reports of all outstanding L grades awarded by that faculty member. The purpose of these reports is to help inform faculty as they help students complete their coursework.

---

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate. Last Modified on Mon Oct 7 11:34:22 1996

# Academic Policies

## Pass-Fail Policy

The purpose of pass-fail is to permit a student to take an elective course in a field of personal interest where he/she may be competing with major students in the department in which the course is offered. When scheduled, such a course shall be included in the student's normal course load for the semester.

A student may take courses on a pass-fail basis to a total of 15 semester hours throughout his/her university career. The student is limited to one pass-fail course in any given semester during the sophomore, junior, and senior years. All courses in the student's Liberal Studies program and in his/her major and minor fields are excluded from this prerogative.

The student must declare his/her intent to choose pass-fail in a specific course no later than six weeks after the beginning of the semester or the equivalent timespan in a summer session. Once declared, this pass-fail option may not be revoked. Instructors will not be notified of the identity of pass-fail students in their courses; identification will be handled by the Computer Center through an appropriate coded control.

A student shall be given academic credit without quality points for a course taken pass-fail upon receiving a passing mark in the course. The semester hours successfully completed under pass-fail ( passed ), within the overall 15-semester-hour limitation, shall be recorded as counting towards the total semester hours earned for graduation but not towards the semester-hours-attempted data used in calculation of the cumulative quality-point average. However, if a student fails a pass/fail course, he/she will receive the F grade and the corresponding quality-point average. An F earned under the pass/fail option may be repeated only under the graded option to provide the quality points to correspond to the hours attempted incurred with the F.

The summer sessions, collectively or in any combination, shall be considered a unit similar to a spring or fall semester for pass-fail purposes. Hence, a student is permitted to take only one course during the summer on a pass-fail basis.

---

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate. Last Modified on Mon Oct 7 11:34:22 1996

# Academic Policies

## Course Repeat Policy

Undergraduate students are permitted to replace the grades and quality points for courses in which they receive a "D" or "F" grade by repeating that courses at IUP and filing a repeat form with the Scheduling Center. Only six repeat attempts may be made during a student's entire undergraduate career. It should be noted that the permanent record continues to carry all academic work, and repeated courses are not deleted from the visual record.

A course taken at another university will not be applicable to IUP's D/F Repeat Policy, and if credits are transferred they will block repeat of the course at IUP.

To repeat a course in which a grade of "D" or "F" was received, a student must file a D/F repeat form, signed by the adviser, prior to repeating a course. The D/F repeat forms, available in departmental offices, must be filed by the published deadline by validation in the Scheduling Center.

## Academic Policies

### **Individual Course Withdrawal Policy** *(effective on June 1, 1995)*

An undergraduate student is permitted five individual course withdrawals at IUP. Exceptions for unusual circumstances, if any, will be by letter of petition to the dean of the student's college, with appropriate documentation of the circumstances.

Individual Course Withdrawals may be processed only during the first two-thirds of the term. Instructors are required to inform students of their standing in class prior to this time. A student wishing to withdraw from a course after the deadline may request a waiver through the office of the dean of his/her college. Approval is contingent upon documentation of exceptional events of a catastrophic nature that could not have been anticipated.

At the time of implementation, each continuing student will have five additional individual course withdrawal options, without regard to the number of his/her previous course withdrawals.

Students may begin using the computer STAR system to withdraw from a course after the official drop/add period has closed. At the two-third point for each semester, students may no longer individually withdraw from individual classes.

## Total University Withdrawal Policy

An undergraduate student who does not register for the succeeding semester or, having registered, does not appear for classes at the beginning of the succeeding semester, is considered to have withdrawn from the university. Thereafter, he/she must apply for readmission as prescribed under Admissions and Registration.

Any undergraduate student withdrawing from the university during a semester or a summer session must secure a Withdrawal Form from the Advising and Testing Center, 106 Pratt Hall (357-4067). The student will clear the form with the appropriate offices listed on the form, securing their signatures as evidence of clearance. (Students seeking medical withdrawal must also provide the Advising and Testing Center with a physician's corroboration of a medical need to withdraw.) The Withdrawal Form will then be returned to the Advising and Testing Center, which will notify the appropriate college dean, campus agencies, and instructors that an official withdrawal has been processed. No person shall be considered withdrawn from the university within a semester or session unless such notice is received. Grades of Q will be assigned to all registered courses in the semester/session from which the student is withdrawing.

## Grade Change Policy

Once earned grades have been recorded, they may be changed only in the case of clerical and/or calculation error or in the event of a successful grade appeal. It is not appropriate to change a grade based upon options, such as supplemental assignments, that are not equally available to all students. The deadline for corrections of clerical and/or calculation errors is the end of the next regular (fall/spring) semester after the grade has been awarded.

## Cancelled Semester Policy

The Cancelled Semester Policy permits students returning after significant separation from the university to delete from the Cumulative Grade-Point Average (CGPA) calculation the results of one particularly unfortunate semester. A student who has not been enrolled in four consecutive semesters and the intervening summer sessions may apply upon application for readmission or within one year of readmission for the application of this policy to any single semester completed before readmission. While readmission may be based on the application for cancelled semester, the transcript record will reflect this only after the student is enrolled and attending. [For cancellation purposes, a semester is defined as any semester of enrollment, whether full or part time, with sessions in a single summer together constituting one semester.] All grades passing, failing, withdrawals in that semester must be cancelled from the CGPA. There is no abridgment of the transcript; the courses and grades remain visible on the official transcript. Credit toward graduation remains for those credits associated with passing grades. A student may never cancel more than one semester from his/her CGPA under this policy.

# Academic Policies

## Fresh Start Policy

A student who has been academically dismissed and separated from the university for a minimum of five consecutive calendar years may apply for readmission. Having reviewed the prior and intervening factors for evidence of potential for improved academic success, the college dean or designee may readmit the student. This policy applies to a student's first baccalaureate degree, and a student may be readmitted under this policy only once.

A student who wishes to enter a college other than the one from which he/she was dismissed will apply to the original college, and that college will forward the application and related records to the new college for action.

**Conditions for a Fresh Start Record:** All credits and grades for IUP coursework taken prior to readmission under this policy shall remain on the transcript. Upon readmission, a new cumulative record (QPA) is established based upon credits and grades earned from the date of readmission.

**Prior Record:** Previously accepted transfer credits and IUP courses in which grades of C or better were earned prior to readmission will be reviewed in terms of appropriateness (applicability, timeliness) to the new degree. Those courses approved by the college dean or designee will be counted as semester hours earned and applied toward graduation in the manner of transfer credits.

**Academic Standards:** A student who is readmitted under the provisions of this policy shall be required to meet current degree requirements. He/she shall be academically reviewed under the policies published in the academic catalog at the time of rematriculation. A student readmitted under this policy waives the right to exercise the cancelled semester policy.

## Audit Policy

To audit an undergraduate course, a person must be admitted to the university and have met course prerequisites. Students wishing to audit a course for which they registered should obtain a Course Audit Form from the department chairperson of the course. To audit a course not previously registered for at registration, students must first process an add for the course before filing a course audit form. All audit processing, including revocation of previously requested audit classification, must be completed during the regular drop/add period. Copies of the completed form are returned to the Scheduling Center, to the department chairperson, and to the student. Audit students have the same privileges as other students in all coursework. There is no limit on the number of courses which may be audited.

All audited courses will be identified as such on the student's grade report and transcript. Work taken on an audit basis will not be graded and will not count toward the fulfillment of requirements for a degree to be awarded by IUP. Since semester hours attempted and quality points will not be awarded for audited courses, they will not affect the student's quality-point average in any way. Auditors will pay normal tuition and such other fees as may be required for the course.

## Advanced Placement and Credit/Exemption Examinations

Courses taken by students prior to admission to college under the Advanced Placement Program of the College Entrance Examination Board may be recognized by the award of college credit or by exemption from required subjects. Those who earn a grade of 3, 4, or 5 in the Advanced Placement Examination will be granted credit toward the number of credit hours required for graduation.

For students who have had other unusual opportunities for instruction or have advanced in a given field, an opportunity to gain credit and/or exemption from a course is afforded through examinations. University Testing Services in the Career Services Office (302 Pratt Hall) offers credit options through the College Level Examination Program (CLEP).

Students have an opportunity to gain exemption or credit through successful completion of comprehensive examinations by requesting from the academic department an exam as a substitute for completing all the usual requirements of the course.

A student who passes an exemption examination will be exempt from taking that course in his/her academic program. When a student receives credit for a course by examination, the credit will be applied to graduation requirements just as though the course had been taken. If a student is granted exemption only from a course, he/she will be permitted to take a free elective in place of that course. This enables the student to specialize further, to correct weaknesses outside his/her major field, to build his/her knowledge in an ancillary area, or to introduce himself/herself to an entirely different area.

Courses for which credit or exemption are awarded by examination will not be used in the determination of quality-point averages.

## Schedule Changes (Drop/Add)

The university registration system is characterized as one of continuous registration, using either TELREG (telephone registration) or TERMREG (terminal registration). From the student's initial registration time for a given semester until the beginning of classes for the semester (except for specified restricted times), a student may modify his/her schedule to the extent that classes are available or permission to register for a restricted section has been granted and entered into the computer system. Deadlines for the opportunity to drop or add sections are published in the schedule of classes bulletin every semester. Each student is responsible for making the appropriate computer transactions to ensure schedule accuracy. Note particularly that while the department may enter permission to register for a section, the actual registration transaction must be entered by the student. The schedule of classes information includes specific directions for registration and modification for students.

## Undergraduate Course Attendance Policy

The university expects all students to attend class.

Individual faculty members may define attendance standards appropriate to each course and the consequences of not meeting those standards, within the following guidelines:

1. Each policy must be distributed in writing during the first week of the course. Normally, it is expected that the information dealing with class attendance standards will be distributed with the Semester Course Syllabus.
2. Each policy must recognize students need to miss class because of illness or personal emergency.
3. Each policy must define some limited level of allowable absence, normally at least a number of clock hours equal to course semester hours.

*Approved May 13, 1994, Council of Trustees*

## Academic Policies

### Anticipated Class Absence for University Representation and Participation

The university community recognizes the values of student participation in cocurricular and extracurricular activities of the university. IUP has fostered this participation with an informal policy of good faith accommodation to meet overlapping demands of the curricular and extracurricular commitments.

The underlying spirit of good faith accommodation ultimately is set in the faculty member's unabridged right to determine the terms of variance, if any, from the established course syllabus tests, quizzes, due dates for papers or other assignments, projects, presentations, and all other course operations.

In seeking variance, the student must take the initiative to make all arrangements including validation of participation as needed. The student should generally assume that papers and such assignments should be completed and submitted before the anticipated class absence. Alternate arrangements for tests, quizzes, labs, or class participation activity (panels, simulations, presentations) should be sought sufficiently in advance to permit faculty/student agreement on the plan for completion, whether the actual completion is rescheduled to be prior to or subsequent to the anticipated absence.

*Approved by University Senate April 26, 1988, and Council of Trustees May 13, 1988*

## Criteria Governing Continuance at IUP

Continuance at IUP is determined according to the university's Academic Standards Policy as approved by University Senate December, 1987, and Council of Trustees in February, 1988. This policy became effective July 1, 1988.

---

## Academic Standards Policy

The Academic Standards Policy applies to all undergraduate degree candidates of the university. Academic standards for students enrolled in graduate courses and programs will be defined and administered through the Graduate School. Academic standards for participants in nondegree programs will be defined separately.

Authority to administer the Academic Standards Policy is vested in the dean of the college which has jurisdiction for the student's primary major. That responsibility may be assigned to an appropriate designee. Students officially advised by the Learning Center are reviewed by the Learning Center Director.

# Academic Policies

## Academic Good Standing:

Every undergraduate student must maintain a cumulative 2.00 GPA to be in academic good standing. There are three review periods: January, May, and August. The August review period applies only to students newly matriculated through the Learning Center. Continuation of enrollment is permitted under defined circumstances.

### 1. January Review Period:

The academic standing of each student is reviewed. A student whose cumulative GPA is below 2.00 is considered to be in a Probation status.

### 2. May Review Period:

The academic standing of each student is reviewed. A student must have a cumulative GPA of 2.00 to be in good academic standing.

- **a.** For a student who matriculated during the preceding summer or September, the following criteria apply:
  - if the cumulative GPA is between 1.80 and 1.99, the student is continued on probation.
  - if the cumulative GPA is below 1.80, the student is dismissed.
- **b.** For a student who matriculated through the Learning Center/Act 101 during the preceding summer or September, the following criteria apply:
  - if the cumulative GPA is between 1.80 and 1.99, the student is continued on probation.
  - if the cumulative GPA is below 1.80, and the student is in compliance with the participation requirements of the Learning Center program, the student is continued on probation.
  - if the cumulative GPA is below 1.80, and the student is not in compliance with the participation requirements of the Learning Center program, the student is dismissed.
- **c.** For a student who matriculated in the immediately preceding semester, the following criteria apply:
  - if the cumulative GPA is below 2.00, the student is continued on probation.
- **d.** For all other continuing students, the following criteria apply:
  - if the cumulative GPA is below 2.00, the student is dismissed.

### 3. August Review Period:

The August review period applies only to students newly matriculated through the Learning Center.

- **a.** Students who matriculate through the Learning Center/Act 101 and who complete program with a 0.00 GPA (based on a calculation of all credits attempted) will be dismissed from the university at the conclusion of the summer program.

# Academic Policies

## Probation:

1. **Definition:** Probation status is that status of any student who has a cumulative GPA less than 2.00 and who has permission to enroll in the university.
2. **Student responsibilities:** A student who is in Probation status is expected to meet with his/her adviser prior to or within the first week of each semester to review current course load and to establish a plan of contact for the semester. It is generally anticipated that a probation student will develop personal change strategies utilizing appropriate professional resources such as adviser, faculty, Counseling Center, Learning Center, Career Services, workshops, tutoring programs, and other support systems.
3. **Additional conditions:** As a condition of deferral of dismissal, a dean (or designee) may include specific conditions designed to promote improved academic performance.

---

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate. Last Modified on Mon Oct 7 11:34:22 1996

# Academic Policies

## Dismissal:

1. A student who does not meet minimum academic standards is subject to automatic dismissal in May. Dismissal is the normal consequence of cumulative performance below the academic standards as published; the office of the dean provides confirmation of dismissal status and additional information.
2. Dismissal in May or August includes the cancellation of previously scheduled fall classes and the elimination of guarantees associated with fall housing and dining contracts.
3. **Appeal for deferral of dismissal:** In certain cases extenuating circumstances may exist which in the professional judgment of the college dean or designee will warrant a brief extension of enrollment privilege at IUP. A student should understand that it is the student's responsibility to anticipate, to initiate, and to fully document and cooperate in all aspects of the process of appeal in a timely manner. The student must file in the office of the dean (or designee) the completed application for appeal with all supporting documentation pertinent to review of the appeal. All material must be filed by 4:00 p.m., June 15, to be considered for the fall semester.

## Readmission:

1. All dismissed students seeking readmission must make application for readmission through the appropriate college office. A student who has been dismissed may use summer sessions at IUP in support of the application for readmission. The application will detail procedures including deadlines and information needed for consideration of readmission plan.
2. Students dismissed at the conclusion of the Learning Center/Act 101 summer program may apply for readmission beginning with the next Learning Center/Act 101 summer program in the following year.

## Sufficient Progress:

The IUP Financial Aid Satisfactory Academic Progress Policy requires sufficient academic progress toward a degree on both academic good standing (GPA) and sufficient progress (percent of progress) bases. The standard of academic good standing is defined within the university's Academic Standards Policy. The standard of sufficient progress for financial aid eligibility is the successful completion of 75 percent of the cumulative number of registered credits at IUP. Registered credits are the number of credits for which a student is enrolled at the end of the Drop/Add period. (For a student who was originally registered and charged at full-time status and who reduced during Drop/Add to part-time status, the registered credits will be calculated as twelve.)

A student who meets the standard of academic good standing of the Academic Standards Policy but who does not meet the standard of sufficient quantitative progress may continue in university registration but without financial aid eligibility for the federal Title IV aid programs.

A full statement of requirements for Satisfactory Academic Progress for Title IV Federal Student Assistance is available through the Financial Aid Office.

All courses taken at IUP become a part of the student's permanent academic record. The record shall show hours attempted, hours earned, and quality points earned.

The academic standing of all students is computed on the basis of courses attempted at this university only. Credit is granted for work completed in other institutions in accordance with the stipulations set forth under Admission and Registration.

## Academic Honors

IUP recognizes academic achievement through Dean's Lists, Provost's Scholars, and graduation honors.

### Dean's List

Undergraduate students receive recognition on the Dean's List for each semester (or summer sessions cumulatively) in which they earn at least a 3.25 quality-point average based on at least twelve credits of graded (not P/F) coursework.

### Provost's Scholar

Sophomores and juniors who have a cumulative quality-point average of 3.50 and above at midyear are named Provost's Scholars and are recognized at an annual Honors Convocation, usually in April.

### Graduation Honors

Traditional Latin honors are awarded at graduation to bachelor's degree candidates with appropriate academic records. Calculation is based on all undergraduate credits and quality points earned at IUP. Graduation honors are not granted for second (subsequent) degrees. The distinctions are:

*Cum laude* - 3.25 to 3.49 cumulative quality-point average

*Magna cum laude* - 3.50 to 3.74 cumulative quality-point average

*Summa cum laude* - 3.75 to 4.00 cumulative quality-point average

Beginning December, 1994, non-Latin honors are awarded to associate degree candidates. The distinctions are:

*With Honor* - 3.25 to 3.49 cumulative quality-point average

*With High Honor* - 3.50 to 3.74 cumulative quality-point average

*With Highest Honor* - 3.75 to 4.00 cumulative quality-point average

## Advisory Program

A group of selected faculty members act as freshman advisers for entering freshmen in their departments. In some curriculums the advisers continue with the same group of advisees from year to year. In other curriculums the freshman advisers remain with their advisee groups only for the students first year; under this program, the student is then assigned an academic adviser for the remaining years through to his/her degree in a chosen field.

Faculty advisers counsel the students on academic achievement, dropping courses, changing curriculum, student activities, study schedules, and personal problems. The adviser receives a copy of the student's permanent record at the beginning of the academic year.

## Changes of Major

To qualify for change of major, a student must be in academic good standing (2.00 GPA) and must meet any other requirements specific to the major. The following majors have requirements beyond 2.00 GPA: Criminology and all teacher certification programs.

A student must apply for a change of major in the office of the dean of the college in which the student is registered if the curriculum change desired is from one department to another within the same college (for example, change from a mathematics major to a biology major) or in the office of the dean of the college to which the student wishes to transfer if the curriculum change is from one college to another (for example, secondary education major to biology major). In either case, the student will complete an application form that is available in the dean's office. Before seeking a change of major, it is advisable that the student consult with the chairpersons of both the old and new departments.

When a student changes colleges, the dean (or dean's agent) of the college into which the transfer is sought will evaluate the student's credits before approving the transfer. A copy of the evaluation will be made available to the student and his/her new adviser if a change of major is effected.

In cases involving students who are veterans, the dean of the college into which transfer is sought (or dean's agent) shall give the veteran a statement of prospective approval and the effective date of the proposed changes. This statement shall also indicate the amount of extended training time the change of major will entail and the amount of credit loss, if any. The veteran shall take this statement to the veteran's counselor at least one month prior to the effective date of the change. No transfer of curriculum shall be made by veterans until V.A. approval has been assured.

## Academic Policies

### Change of Major to the College of Education

Students who wish to transfer to a teacher education program in the College of Education must have a cumulative QPA of 2.5 or higher. Students should complete the university Change of Major form and submit it to the department chairperson for the new program of study. The application for a change of major is reviewed by the department chairperson and/or coordinator for the teacher education program to which application has been made. If requirements are met and approval is granted, the Dean's Office in the College of Education processes the application.

Some programs in the College of Education require internal transfers to complete Step 1 of the 4-Step Process. Students entering these programs need to submit all Step 1 paperwork with the Change of Major form. Students should consult with the department chairperson or program coordinator of the new major to determine specific requirements for effecting a change of major.

## Sophomore Screening for Junior Status Approval

General policy at IUP permits each college to determine its own scheme for evaluating the development and progress of its major students. However, each college is expected to employ some effective procedure for such evaluation. Several of the colleges use a procedure called Sophomore Screening for Junior Status Approval with the following required: All students (in such a college) enrolled in their fourth semester or who will complete 57 semester hours attempted by the end of the current semester must apply for Junior Status approval by filling out an application form by the deadline date designated and announced.

All students should check with their faculty advisers to determine which colleges use Junior Status screening procedure and the criteria for Junior Status Approval.

## Admission to Teacher Education and Certification

Admission to teacher education programs is governed by the 4-Step Process. This procedure is designed to improve the quality of teacher education and maintain program integrity. The process consists of four steps with evaluation and advisement occurring at each step.

1. [Admission to Teacher Certification](#)
2. [Admission to Junior Standing](#)
3. [Admission to Student Teaching](#)
4. [Recommendation for Certification](#)
5. [Removal of a Student Teacher from a Student Teaching Placement](#)

---

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate. Last Modified on Mon Oct 7 11:34:22 1996

# Academic Policies

## I. Admission to Teacher Certification

### Procedure

Admission to teacher education programs at IUP is competitive. Although students may be accepted into the College of Education at initial application, they are not officially admitted to teacher education programs until qualified under the 4-Step Process. To qualify for admission to Step 1: Teacher Certification, a student should follow the guidelines listed below.

### Requirements

At the point a student believes he or she will complete 29 or more semester hours with a cumulative QPA of 2.5 or higher, s/he must file an application for admission to the teacher education program. The application includes the following materials:

1. verification of completion of at least 29 semester hours
2. verification of a cumulative QPA of 2.5 or higher
3. a completed Teacher Certification Application signed by the adviser
4. official ACT 33/34/151 clearance forms
5. a physician's statement of TB clearance
6. a clinician's statement of speech test clearance
7. a clinician's statement of hearing test clearance

When all papers are prepared, they are submitted to the academic adviser for review and evaluation. The adviser recommends approval or denial and forwards the application to the Dean's Office, College of Education, for processing. Applications are processed immediately if all requirements are met. Applications may be held for second semester freshmen waiting for grades/credits ONLY; applications will be processed following posting of semester grades.

### Results

If all Step 1 requirements are met, the student will be notified by letter of his/her admission to the Teacher Certification Program. This official admission makes the student eligible to take Core Education courses including: CM301 Technology for Learning and Instruction; FE202 American Education in Theory and Practice; EP202 Educational Psychology; and ED242 Pre-Student Teaching Clinical Experience I. **No student is allowed to register for Core Education courses until s/he has been granted admission to Teacher Certification.**

In some programs, official admission to Teacher Certification is required before enrollment in program coursework is permitted. Students should consult with their advisers or department chairperson to determine specific requirements for their program of study.

No student is guaranteed admission to the Teacher Certification Program. Acceptance into a program is at the discretion of the adviser, department, and College of Education. Any student with a criminal record should contact the College of Education immediately to determine his/her eligibility to become a commonwealth teacher. Any student denied admission to the Teacher Certification Program must reapply at the time deficiencies are met.

---

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate. Last Modified on Mon Oct 7 11:34:22 1996

# Academic Policies

## II. Admission to Junior Standing

### Procedure

When a teacher education candidate believes s/he will complete 59 or more semester hours with a minimum cumulative QPA of 2.5, s/he must file an application for Junior Standing with the Dean's Office in the College of Education.

### Requirements

1. Admitted to Teacher Certification
2. Completed at least 57 semester hours which may include accepted transfer credits
3. Minimum cumulative QPA of 2.5
4. Completion of EN 101 or equivalent with a grade of C or better
5. Completion of ED 242 and EP 202 with grades of C or better
6. Final speech and hearing clearances for students not cleared at initial testing
7. Submission of a Planned Program of Study on an approved form

Some programs have additional requirements for admission to Junior Standing; students should consult with their academic adviser, program coordinator, or department chair to determine specific program requirements.

The application is reviewed and evaluated and signed by the academic adviser. If all requirements are met, the application is forwarded to the Dean's Office in the College of Education for processing.

### Results

The student is sent written notification of his/her acceptance to Junior Standing. Upon official admission, the student is eligible to enroll in the following courses, ED342 Pre-Student Teaching Clinical Experience II; ED442 School Law; EP377 Educational Tests and Measurements; and courses in the methods of teaching.

If a student has not met the requirements of Step 2: Junior Standing, the student will be so informed by the Dean's Office in the College of Education. Enrollment in Core Education courses will be denied until all deficiencies are met.

A student may reapply for admission to Junior Standing when s/he has met all prerequisite requirements.

---

## III. Admission to Student Teaching

### Procedure

Students who have completed all university, college, and departmental requirements are eligible to apply for admission to Student Teaching. An application should be filed with the Office of College-School Partnerships at least one semester before the actual experience.

### Requirements

1. Admission to Junior Standing
2. Satisfactory completion of at least 91 semester hours with a cumulative QPA of 2.5 or higher
3. Completion of the required Liberal Studies science courses with grades of C or better
4. Completion of the required Liberal Studies mathematics course with a grade of C or better
5. Completion of all required professional education core courses with grades of C or better (FE202, EP202, CM301, ED242, ED342, ED 442, EP377 (when required), and methods course(s) in the major area)
6. Affirmative recommendation by the student's major department adviser or program coordinator
7. Verification of special education competency (pass EX300: Education of the Exceptional in the Regular Classroom or the Special Education Competency Test)
8. Submit evidence of final criminal and child abuse clearances (Acts 33/34/151)
9. Satisfy supplemental departmental requirements, if any, as approved by the Faculty Senate and described in the department section of the undergraduate catalog.

### Results

Students who make application and meet all requirements for Admission to Student Teaching will be placed for the final clinical experience by the Office of College-School Partnerships. Placement is at the discretion of the student's major department and the Office of Educational College-School Partnerships. Confirmation of acceptance and approval is made in writing and permits the student to register for student teaching during the normal registration process.

If requirements for Student Teaching have not been met, the student is informed in writing and will be administratively removed from the student teaching placement. The student may not register for student teaching until deficiencies are removed.

In keeping with university policy, all student teachers are required to be registered for Student Teaching before they enter the classroom on the first day. See the Academic Policies section of the catalog for more information.

---

 [Table of Contents](#) | [Index of Courses](#)

# Academic Policies

## IV. Recommendation for Certification

### Procedure

Complete application for the Pennsylvania Department of Education Certification and file with the Office of Educational College-School Partnerships by the listed dates appropriate to the anticipated date of graduation.

### Requirements

1. A minimum grade of C in all professional education courses and an overall grade-point average of 2.5.
2. Review and recommendation by the major academic adviser indicating completion of all departmental teacher education requirements.
3. Completion of student teaching with a minimum grade of C.
4. Successful completion of the NTE Core Battery and NTE Specialty Area tests.

### Appeal Provision

A student who believes that any requirement of this policy has been inequitably applied or that he/she merits special consideration may appeal through the proper channels: academic adviser, chairperson, College of Education dean (or designee), teacher education appeals committee. Appeals must be made before the end of the next regular academic semester following the application.

Every effort should be made to resolve the appeal through the process so described. If, at the conclusion, the student is still in disagreement with the findings, the student may request review before a special Teacher Education Appeals Committee. The committee will be composed of three voting members representing the faculty, cooperating teachers, and students to be elected each year by the Teacher Education Coordinating Committee.

To initiate an appeal, the student must file a form obtained at the dean's office, College of Education. Appeals will be heard only during the regular academic semester. The student will be expected to submit written documentation of his/her complaint about the process of review for continuation or eligibility in the teacher education program. The committee will review the materials and make its recommendation to the dean, College of Education. A final decision rests with the dean of the college, who is the certification officer.

### End Notes

In all cases where adviser action is required, a department may choose to use a committee or other departmentally approved process. In cases where recommendations are supplied by someone other than the academic adviser, the department needs to place a copy of its policy and procedures on file with the dean of the College of Education.

Some departments have additional Junior Standing requirements in place. Departments may continue to apply those requirements but need to keep a current copy of these requirements on file with the dean of the College of Education.

The policy as here stated applies to all students applying to Teacher Certification Programs on or after September 1, 1988, and includes updated procedures and editorial revisions as submitted to the University Senate in May, 1990, and May, 1992.

*Decisions made under this policy may be appealed to the dean, College of Education (certification officer).*

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate. Last Modified on Mon Oct 7 11:34:23 1996

## Academic Policies

### V. Removal of a Student Teacher from a Student Teaching Placement

#### **Purpose**

To establish reasons or a process for removal of a student teacher from the student teaching assignment. The first two items are consistent with Act 34, Criminal Record Check; item 3 establishes a procedure if student behavior is not consistent with appropriate expectations of the school district; item 4 establishes a process and assures that the student teacher learns of unsatisfactory progress as early as possible; and item 5 is an appeal process.

#### **Policy**

Student teachers are ultimately guests of the cooperating school districts and may be removed by the district officers. A student teacher may also be removed by IUP from the student teaching assignment for any of the following reasons:

1. If indicted for a felony which is covered in the School Code and Act 34, there shall be a removal of the student teacher from the school assignment until the matter is cleared. When the student is cleared of the indictment, the student teaching assignment will be extended to cover the time missed during student teaching.
2. If convicted of a felony which is covered in the School Code and Act 34, the student teacher will be withdrawn from the student teaching assignment and will forfeit the time spent during the student teaching assignment.
3. If the behavior exhibited by the student teacher is not acceptable to the school district, it should be documented by the school administrator/principal in collaboration with the cooperating teacher and the university supervisor/coordinator and director, Student Teaching Office. If after discussion with the student, improvement is evidenced, no further action will be taken by the Student Teaching Office.
4. If it is determined either by the cooperating teacher or university supervisor that the teaching competency of the student teacher is at an unsatisfactory level based on the teaching competencies indicated on the evaluation form and not in the best interest of the students, a three-way conference of cooperating teacher, university supervisor, and student will be held to discuss the concern possible, outcomes, and remedial strategies. If after consultation with university director of Student Teaching, removal from this student teaching placement is necessary, this action shall be done by the director of Student Teaching and the dean of the College of Education. This behavior should be documented and discussed as early in the student teaching experience as possible.

*Decisions made under this policy may be appealed to the dean, College of Education (certification officer).*

# Academic Policies

## Internship/Cooperative Education

Many departments of the university have developed internship/cooperative education programs which allow a student to participate in university-supervised work experiences for variable academic credit. Internships/co-ops are viewed as an integral part of a student's academic preparation. An internship/co-op gives the student an opportunity to apply theoretical and philosophical tenets of a discipline in a practical job experience related to the student's academic program.

Students may apply for an internship if they have completed 57 semester hours and have at least a 2.0 QPA. Internship sites are normally located within a 500-mile radius of the campus. Overseas placements are located near an IUP center. Internships are available in state and federal offices; businesses at the local, state, and national level; state-related agencies; corporations; and foundations.

Students may apply for a co-op if they have completed 30 semester hours and have at least a 2.0 QPA. Two experiences are required. Sites are national and international. Placements parallel those of the internship program.

Because internships are viewed as an integral part of the student's academic program, students who are interested in specific internship programs should consult with the internship adviser in the department of their major. A maximum of twelve credits is applicable to an undergraduate degree program from any combination of co-op and internship experiences.

For general information about university internships, co-ops, and placement options, the students should consult the Experiential Education Program or their department internship/co-op coordinator.

## Reserve Officers Training Corps

The United States Army established a unit of the Reserve Officers Training Corps at the university in 1950. In fulfilling the university's three-credit Liberal Studies requirement in Health and Wellness for graduation, students may take four credits of Military Science and receive full credit for the Health and Physical Education requirement. Enrollment in the four-credit ROTC option incurs no military obligation whatsoever and allows the student the option of competing for a three-year ROTC Scholarship.

Upon graduation from the university and successful completion of the Advanced Course ROTC program, the student will receive a commission as a second lieutenant and serve from three months to three years on active duty, depending on active Army requirements. As an alternative to active duty, the individual may either be chosen or volunteer to complete his/her service obligation with the Army Reserve or National Guard.

Students seeking advanced degrees can be granted an educational delay by the Army following completion of their baccalaureate degrees. Upon completion of the advanced degree, students then enter active duty or Army Reserve/National Guard duty.

## Prior Learning Assessment Programs

IUP offers several methods for earning university credit for college-level learning gained through work and life experience. Through the Office of Career Services, the College Level Examination Program (CLEP) offers standardized examinations in general and specific subjects. In addition, departmental examinations are also available in specific areas on a limited basis.

Where examinations are not available, portfolio assessment may provide the student with the opportunity to present evidence of learning for evaluation by a university faculty member. Through portfolio assessment, work and life experiences are evaluated to determine their appropriateness and applicability for university credit. Credits earned through prior learning assessment may not be applied towards university residency requirements for awarding of degrees. In addition, no more than one-half of a major may be earned by CLEP, departmental examination, and portfolio assessment. Contact the School of Continuing Education for information regarding portfolio assessment.

## Academic Policies

### Policy on Prior Learning Assessment

IUP has authorized a policy for assessment of prior learning that took place outside traditional classrooms in a procedure known as Portfolio Assessment. It is particularly designed for adults with extensive documentable knowledge from work experience, travel, independent study, or other out-of-class experiences.

#### Portfolio Evaluation: Principles

1. Credit awarded through portfolio evaluation must conform to specific course titles listed in the IUP catalog. Credit awards for general broad areas (block credit) will not be permitted.
2. In order to request a portfolio evaluation, the student must be currently enrolled at IUP. Credit awarded must be intended for use as part of a degree or certification program.
3. Each department will determine the maximum number of credits to be awarded for prior learning for its major. In no case will more than one-half of the major be earned through CLEP, challenge examinations, and other forms of prior learning assessment.
4. Credits earned through portfolio assessment may not apply as residency credit for the purpose of awarding degrees.
5. Credit earned through portfolio assessment may be awarded only as regular course credit.
6. If a related examination is available through CLEP or if a challenge examination has previously been established for the course, a portfolio assessment of those credits will not be accepted.
7. Acceptance of portfolio assessment credits by the department will be indicated by the signature of the chairperson of the department offering the course. The dean of the appropriate IUP college and the dean of the School of Continuing Education must also indicate approval.
8. Students may qualify solely for undergraduate credit not graduate credit.
9. The title of the course, the semester hours, as well as the indication that credit was earned through Assessment of Prior Learning, will be recorded on the academic record. An appropriate code to reflect a satisfactory grade will be assigned if the portfolio is acceptable.

#### Portfolio Evaluation: Procedures

1. Student meets with assistant dean for Credit Programs in the School of Continuing Education to determine the feasibility of earning credit through portfolio evaluation. Standard outlines of related courses are provided to student.
2. Preliminary Application Form - Student must provide a resume and answer the following questions: a. What have you learned that relates to this course? b. Where and when have you learned it? c. What documentation do you have that supports the claim?
3. A handbook to assist students in compiling a portfolio will be printed. It will show how to relate to the written portfolio learning gained through work experience, independent study, and other experiences. Evidence of learning through documentation of experience, completion of a project, and written examination will be explained. If there is sufficient demand, a workshop will be conducted to assist students.
4. **Fees:**  
**Application Fee per Assessment:** \$15.00  
**Assessment Fee:** one-half the current rate of tuition per credit for each credit requested; to be paid when

portfolio is submitted for evaluation.

5. The application will be submitted to the assistant dean for Credit Programs. Upon approval, the chairperson of the department offering the course will be requested to suggest the name of a faculty member to the dean of the college for approval.
6. The faculty member will meet with the student to determine the technique of assessment or a combination of techniques to be used, including interviews, documentation, observation of performance, examination, etc.
7. After the portfolio has been prepared by the student, it will be submitted to the dean of the School of Continuing Education for review, then forwarded to the appointed faculty member for assessment.
8. The faculty member will evaluate the portfolio, then make a recommendation for or against the award of credit and the amount of credit in the form of a letter, which must be approved and countersigned by the chairperson of the department offering the course. The portfolio will be forwarded to the dean of the college which oversees the student's curriculum to approve and verify that the course will be accepted as part of the student's program. Finally, the portfolio is sent to the assistant dean of the School of Continuing Education, who will notify the student and the registrar.
9. The registrar will list the course title, credit, and an indication that credit was earned through Assessment of Prior Learning. An appropriate code to reflect a satisfactory (S) grade will be assigned if the portfolio is acceptable.

# Academic Policies

## A. Introduction

IUP is an academic community within the society at large. All members within this community are expected to accept the responsibility for academic integrity and honesty. Academic dishonesty seriously erodes the quality of educational pursuits and is unacceptable at IUP. The following policies and procedures have been established to preserve the academic integrity of the university community, while also providing a process that protects the rights of students who allegedly violate these policies.

The various forms described in this policy are available from the assistant to the vice president for Student Affairs, 215A Sutton Hall, deans offices, or from the department chairs. Questions concerning the Academic Integrity Policy can be directed to the assistant to the vice president for Student Affairs, 215A Sutton Hall.

*Approved University Senate 5/5/92*

# Academic Policies

## B. Types of Violations

Academic dishonesty includes but is not limited to the following:

1. Providing or receiving unauthorized assistance in coursework, lab work, or during examinations or quizzes.
2. Using unauthorized materials or devices, such as crib notes, during examinations or quizzes.
3. Plagiarizing term papers, essays, reports, speeches and oral presentations, take-home examinations, computer projects, and other academic exercises by misrepresenting or passing off the ideas, words, formulas, or data of another as one's own. Examples include but are not limited to: incorporating verbatim or nearly verbatim portions of other sources into assignments without using quotation marks and specifying the sources of the material; incorporating ideas from other sources into assignments without acknowledging the source of the ideas.
4. Possessing course examination materials before the administration of the exam, without the prior knowledge or consent of the instructor.
5. Intentionally evading IUP academic policies and procedures; for example, improperly processing course withdrawals, grade changes, or other academic procedures.
6. Falsifying information, including forging signatures on various forms and documents, or altering or adding answers on academic exercises or exams after work has been graded.
7. Computer dishonesty, including: tampering with or making unauthorized change to another person's or the university's computer system, illegally copying computer software, any use of another person's computer account, unauthorized activity involving another individual's personal computer system or any system belonging to the university, and other unauthorized use or violations involving computer use.
8. Noncompliance: failure to follow through with sanction(s) imposed as a result of an academic violation.

# Academic Policies

## C. Procedures

Charges of academic dishonesty may be brought by faculty members or administrators. Students who observe or become aware of an incident of academic dishonesty by another student are strongly encouraged to report it to a university official. Sanction(s) may not be imposed upon a student believed to have engaged in academic dishonesty without following one of the processes outlined in this policy. A faculty member or administrator who believes that a student has violated an academic policy may elect any of the following procedures to resolve the matter:

### 1. Option I: Informal Resolution

a. The faculty member or administrator and student may meet informally within five class days of the observation or discovery of the incident and agree to resolve the issue without submitting any formal documentation. It is recommended that the faculty member or administrator complete a statement that summarizes the conference which led to the resolution. This factual statement should be signed by both parties and copies provided to the student and the faculty member or administrator. If agreement cannot be reached, or at the discretion of the faculty member, a more formal process as outlined in this policy may be initiated.

### 2. Option II: Resolution by Documented Agreement

a. The faculty member or administrator may schedule a conference with the student in an attempt to agree on the facts of the case and to reach a mutually agreeable resolution. This meeting must be scheduled/requested within five class days of the observation or discovery of the alleged violation or of the failure of resolution by Option I. If an agreement is reached, the faculty member or administrator must complete a Documented Agreement Form outlining the agreement and have it signed by both parties. Copies are distributed to the student, the faculty member or administrator filing the agreement, and the assistant to the vice president for Student Affairs. The form must be filed within five class days of the conference.

b. Once the agreement has been reached and the form is filed, the matter is closed. By signing off on the agreement, the student is waiving the right to appeal the sanctions agreed upon in the conference. If the student fails to fulfill the written agreement, the faculty member or administrator may file an academic dishonesty referral against the student for noncompliance.

c. If a documented agreement resolution is reached, no formal academic violation report is filed. If this is the student's first offense, the resolution agreement remains part of the student's internal university record and is maintained on file as indicated in the recordkeeping section of this policy (See section F.2).

d. If a documented agreement is not reached, the faculty member or administrator should initiate the formal adjudication process by filing an academic dishonesty referral form with the assistant to the vice president for Student Affairs within five class days of the conference with the student.

### 3. Option III: Resolution by Formal Adjudication

A faculty member or administrator should pursue formal resolution of academic violations if:

- he/she cannot reach or chooses not to attempt a mutually agreeable resolution with the student regarding the facts of the case or sanctions to be imposed,
- he/she believes that suspension or expulsion is an appropriate sanction due to the severity of the violation, or
- the faculty member or administrator is aware that the student has previously violated this policy.

**a.** The faculty member or administrator should file an academic dishonesty referral form with the assistant to the vice president for Student Affairs within five class days of the observation or discovery of the violation, or within five class days of the documented agreement resolution conference if an agreement could not be reached. In any case, the referral must be filed no more than ten class days from the observation or discovery of the incident.

**b.** This referral must describe in detail the alleged violation and the recommended sanctions if the student is found to have violated the policy. Upon receipt of the academic dishonesty referral, the assistant to the vice president for Student Affairs will review the allegation and determine if the student has a previous violation. If the student has no previous violation, the assistant to the vice president for Student Affairs will notify the student of the allegation and instruct him/her to follow the adjudication procedures outlined in this section (C.3). If the student does have a previous violation, the assistant to the vice president for Student Affairs will instruct the student to follow adjudication procedures outlined under the Multiple Violations section (D.3) of this policy.

**c.** Within five class days of receiving notification of the allegation (first offense), the student must request that the department chair schedule a hearing to review the facts surrounding the allegation and recommended sanctions if the student is found to have committed a violation. This hearing will involve the student, the chair, and the faculty member; the chair may invite others if mutually agreeable. Guidelines for academic dishonesty hearings parallel those for judicial hearings found in the IUP judicial system policy. Refer to General Guidelines for Judicial Hearings in the judicial system information in the student handbook.

**d.** If the student fails to contact the department chair within the five class days to schedule the hearing, the sanction recommended by the person filing the referral will automatically be imposed. If the student fails to appear when a hearing has been scheduled, the hearing will be held in the student's absence and the department chair will render a decision based upon factual information presented by the faculty member.

**e.** Following the hearing, the department chair will render a decision based on the information presented at the hearing. Within five class days of the hearing, the department chair will forward a written report summarizing the hearing that includes the outcome, the factual basis for the decisions reached, the sanction(s) to be issued, and appeal procedures. Copies of this report will be sent to the student, the faculty member or administrator, and the assistant to the vice president for Student Affairs. The chair will retain a copy for departmental files.

**f.** In the event that a chairperson cannot or will not fulfill the above role, or in the event that the person filing the referral is an administrator or department chair, the assistant to the vice president for Student Affairs will determine the appropriate individual to fulfill the chair's role and inform the student.

*Approved University Senate 5/5/92*

on Mon Oct 7 11:34:21 1996

# Academic Policies

## D. Sanctions

1. The following sanctions may be agreed upon by the student and faculty member or administrator through informal resolution or documented agreement. They may also be imposed by the department chair, hearing officer, or the University Judicial Board through formal adjudication.
  - a. Single Grade Reduction:** Reduction of grade or failure on project, examination, quiz, or other academic exercise on which student is alleged to have cheated. (Requires the approval of the instructor of record.)
  - b. Course Grade Reduction:** Reduction of course grade or failure in the course. (Requires approval of the instructor of record.)
  - c. Constructive or Educational Task:** A task which requires the student to examine his/her dishonest behavior and which may benefit the student, campus, or community.
  - d. Letter of Warning:** A warning letter may be issued indicating that the student has been found in violation of an academic policy and that failure to comply with policies in the future may result in further disciplinary action to be handled as a second offense. The letter of warning will remain in effect for a period of time as specified by the individual or board hearing the case.
  - e. Disciplinary Probation:** Disciplinary probation, which is for a period of time specified by the individual or board hearing the case, is an indication that a student's status at the university is seriously jeopardized. During the probationary period, if the student is found in violation of another IUP policy, a more serious sanction will be levied, including possible suspension from the university.
  - f. Other:** Sanctions deemed appropriate and tailored to a specific violation as determined by the faculty member or administrator. Any reasonable sanction or combination of sanctions for a given violation may be agreed upon by the student and faculty member or administrator through informal resolution or documented agreement. They may also be imposed by the department chair, hearing officer, or the University Judicial Board through formal adjudication.
2. **Suspension and Expulsion**

The sanction of suspension can only be imposed on a student through direct action of the University Judicial Board or by recommendation of the faculty member or administrator or department chair to the assistant to the vice president for Student Affairs. Expulsion can be recommended by a faculty member, department chair, or administrator but can only be imposed by the vice president for Student Affairs.

  - a. Suspension:** A student may be suspended from the university for a specified period of time, not to be less than the remainder of the current semester. Suspension requires that a student remove him/herself from university premises, not attend classes or social activities, and not be present on university or Student Cooperative Association property during the period of suspension. Suspension

can be recommended to the assistant to the vice president for Student Affairs by the department chair after the hearing with the student and faculty member or administrator or imposed by the University Judicial Board, a special interim board, or the vice president for Student Affairs.

**b. Expulsion:** Expulsion may be considered under any of the following circumstances: when there is a very serious violation of the academic integrity policy; when a student is proven to have violated the academic integrity policy on more than one occasion; or when a student appears before the board after already having been suspended. If expulsion is deemed the appropriate sanction by the department chair or administrator, the University Judicial Board, or the assistant to the vice president for Student Affairs, a recommendation may be made to the vice president for Student Affairs that the student be expelled from the institution. Expulsion from the institution is permanent.

### 3. Multiple Violations

**a.** Students found in violation of this policy through resolution by documented agreement or through formal adjudication will be informed by the assistant to the vice president for Student Affairs that subsequent violations may result in additional sanctions, including possible suspension or expulsion from the university.

**b.** If a student is found to have violated academic policies a second time, the assistant to the vice president for Student Affairs will notify the student that he/she will be required to appear before the University Judicial Board or special interim board. The faculty member or administrator who filed the second referral will be asked to present information concerning the alleged violation to the board.

**c.** The board will review all material and hear all the information pertinent to the second violation. If the student is found in violation of the policy a second time, the board will then review all material from the student's previous academic violation to determine appropriate sanction(s).

**d.** The student may appeal the decision or the sanction(s) to the vice president for Student Affairs using procedures outlined in the Appeals section (E.1) of this policy. The vice president may deny or uphold the appeal or direct the appeal to be heard by a special interim board or the University Judicial Board.

*Approved University Senate 5/5/92*

## E. Appeals

Cases of academic dishonesty that are resolved through informal resolution or documented agreement cannot be appealed, as the facts of the case, the decision, and sanction(s) have been agreed to by the student and the individual making the charge. These appeal procedures apply to cases resolved through formal adjudication.

1. If after receiving the department chair's report on the outcome of the hearing, the student disagrees with the decision, the sanction, or both, he/she may appeal to the vice president for Student Affairs within five class days of receiving the report. This appeal must be in writing and must describe in detail the grounds for the appeal. These reasons may include the following:
  - a. Denial of a fair and reasonable hearing
  - b. New evidence (applies when there is an acceptable reason why the information was not presented at the original hearing)
  - c. Excessively harsh sanctions
2. If the student does not appeal within the five-class-day period, the recommended sanction will be automatically imposed. The faculty member may also appeal a decision of the department chair. The appeal procedures are the same as those previously outlined for the student.
3. The vice president for Student Affairs may deny or uphold the appeal or direct the appeal to be heard by a hearing officer, a special interim board, or the University Judicial Board. The hearing officer or the UJB may accept, modify, or reduce the recommended sanction.
4. Within five class days of the appeal hearing, the hearing officer/UJB must submit a written report of the decision to the student, faculty member, department chair, and the vice president for Student Affairs. The decision of the hearing officer/UJB is deemed final and will be implemented by the vice president for Student Affairs.
5. Appeals to the sanction of expulsion must be submitted to the Office of the President. If necessary, the president will consult with legal counsel in these cases.

*Approved University Senate 5/5/92*

---

## F. Records and Recordkeeping

### 1. **Records of Informal Resolution**

Although no official forms are filed at this level of resolution, it is strongly recommended that a faculty member or administrator who reaches an informal agreement with a student put the agreement in writing, give the student a copy, and keep a copy for his/her files.

### 2. **Records of Resolution by Documented Agreement**

The records of documented agreement resolution forms are maintained by the assistant to the vice president for Student Affairs. They are not considered formal disciplinary records until and unless the student is found in violation of this policy a second time. They are internal university records used for monitoring students for multiple violations only. If a second documented agreement form is filed or a student is found in violation of the policy through formal adjudication, the student will then have a formal disciplinary record which includes records of both violations. This formal record is maintained according to the IUP judicial system recordkeeping policies.

### 3. **Records of Formal Adjudication**

Records of academic dishonesty cases resolved through formal adjudication are kept on file in the Office of the Assistant to the Vice President for Student Affairs. They are maintained as formal disciplinary records in accordance with IUP judicial system recordkeeping policies.

*Approved University Senate 5/5/92*

## G. Operational Notes

1. In cases where a violation is alleged at or near the end of the semester and resolution by informal resolution, documented agreement, or formal adjudication cannot be completed before grades are submitted, the faculty member should submit a grade of Incomplete (I) for the student. The I grade will remain on the student's record until the case has been resolved. Once the case has been resolved, the I grade will be replaced with the appropriate grade.
2. If the violation is alleged during the semester when classes are in session, the accused student should continue attending all classes and continue to complete course requirements during the resolution of the academic dishonesty case.
3. The assistant to the vice president for Student Affairs may extend any deadline which cannot be met for what he/she deems legitimate reason.

## Night Exam Policy

All tests, examinations, and quizzes should normally be administered during the prescribed course hours. Only in this way can the essential contracted nature of the time arrangements between student and professor be preserved and, at the same time, proper provisions be made for the many extracurricular and personal activities involving students and faculty alike. Deviations to allow night exams for valid educational reasons, within the guidelines listed below, must be approved by the department and the dean.

### Guidelines

1. Night exams can only be scheduled on Monday through Thursday evenings within the 6:00 p.m.-10:00 p.m. time period.
2. Appropriate physical facilities must be arranged for in advance without encroachment upon other authorized university functions.
3. If night exams are to be given, the day of the week on which they will be given must be listed in the Undergraduate Course Schedule at the time of preregistration.
4. No night exam can take precedence over a regularly scheduled class.
5. Arrangements for nonpunitive make-up exams at a mutually agreeable time must be available for students that cannot attend the night exam.
6. For each hour of night exams, an hour of regularly scheduled class time will be cancelled. Such cancellations are prohibited during any period of two class days immediately preceding and any period of two class days immediately following holiday and/or vacation (recess) periods and semester terminations, appearing in the published academic calendar.

## University Policy on Semester Course Syllabi

Each faculty member shall prepare and distribute, without charge, to each student within one week of the first meeting of the class a Semester Course Syllabus. The semester course syllabus will be consistent with course content and catalog description, which was approved by the Curriculum Committee of the University Senate for the initial course offering or revision.

The semester course syllabus is a vehicle of communication to promote student academic planning and to avoid misunderstandings of course plan and requirements.

### **It is recommended that each syllabus include:**

1. the faculty member's name, office location, telephone number, and office hours
2. an outline of the course content, objectives, and prerequisites, as appropriate
3. information about the required textbook(s) with title, author, and edition, and any other required materials
4. information on the determination of grades, including the weight, types and scheduling of evaluations, other planned requirements, and expectation for class participation
5. statement of policies and/or penalties for make-up exams and late submission of assignments

## IUP Student Grade Appeal Policy

### Grade Review Policy

If a student disagrees with the evaluation of his/her work by the instructor but has no basis for a charge of discrimination or capricious evaluation or error, the student should discuss the matter directly with the instructor, and if unsatisfied, with the department chairperson, and if still unsatisfied, with the dean of the college in which the course was offered. In such cases, the decision of the instructor shall be final. If a student believes that an improper grade has been assigned, an appeal may be filed on the following grounds:

1. **Discrimination:** On the basis of race, religion, national origin, sex, age, ancestry, handicapped status, affectional or lifestyle preference, or political affiliation.
2. **Capricious Evaluation:** Significant and unwarranted deviation from grading procedures and course outlines set at the beginning of the course (ordinarily in a written statement during the first week of the course) or grade assigned arbitrarily on the basis of whim or impulse. The student may not claim capriciousness if he or she disagrees with the subjective professional evaluation of the instructor.
3. **Error:** Demonstrable, objective determination that a mathematical or clerical error resulted in the entry of an incorrect grade.

### Procedures of Appeal

#### Level I: Informal Resolution

Every effort should be made to resolve the disagreement at Level I. The student must first seek a resolution to the disagreement with the instructor either in person or in writing. If the student is not satisfied with the results, the student must then speak with the chairperson of the department that offers the course. If still unsatisfied, the student must discuss the matter with the dean of the college in which the course is offered. A Student Congress member may accompany and advise the student during the Level I procedures. Only after all attempts for resolution at Level I have been exhausted may the student initiate Level II.

#### Level II: Appeal Screening

**A. Composition:** Each year there shall be appointed a Grade Appeals Committee to determine the existence of the substantive basis for appeal. The committee will be composed of seven voting members: three faculty members appointed by APSCUF, three members elected by and from the Senate Academic Committee (one faculty, one administrator, one student), and one student appointed by the Student Congress. A quorum consists of a majority of the committee. To take action, a majority of those present must be faculty. If a quorum of the Level II committee is not available to meet within the designated time limits, the Provost's Office will seek additional members from the appointing bodies. If these bodies are unable to respond in a timely manner, the Provost's Office may select additional members from the appropriate groups.

**B. Procedure to Initiate Appeal:** To initiate Level II of the appeal, the student must file an appeal form

with the Provost's Office. This form must be filed within sixty (60) calendar days of the beginning of the semester immediately following the semester in which the grade was received. The Provost's Office may extend the sixty-day limit only in unusual circumstances when equity demands it and when the student's own procrastination or misunderstanding did not substantially contribute to the delay. [Note: Grade appeals will not generally be processed during the summer. Therefore, the appeal of any grade received in the spring or summer sessions normally will be processed in the fall. A review will be scheduled in the summer only when the student's academic eligibility is jeopardized by the grade in question or when the student is a graduating senior.] The Provost's Office will notify the appropriate dean, department chairperson, faculty member, and the Student Congress president of the student's initiation of the Level II process.

**C. Procedure to Process Appeal:** The student will be expected to submit written documentation of his/her complaint and the faculty member will be expected to submit in writing the course grading procedure and any other pertinent information. Appeals based on discrimination will be reviewed according to current standards of nondiscriminatory action. Appeals based on capriciousness will be reviewed in light of the faculty member's announced evaluation and grading system. The committee will review the materials to deny or confirm appeal continuance. Denial of appeal continuance must be by a negative vote of four members of the committee. This committee will inform the Provost's Office of its findings. Within five (5) class days of the receipt of the committee's report, the provost or designee will notify the student and the faculty member of the findings. If the basis for appeal is determined to be substantive, the provost or designee will schedule a Grade Review Panel within fifteen (15) class days to be convened prior to the conclusion of the semester.

### **Level III: Appeal Review**

**A. Composition:** The Grade Review Panel will consist of five voting members: one academic dean or associate dean and four faculty members. The Student Congress Executive Committee designee may advise as requested by the student. The affirmative action officer will advise in appeals based on discrimination. The panel will be constituted from the Grade Review Pool by random selection. The panel chairperson will be elected by and from the panel before each review.

**B. Membership:** The Grade Review Pool will be established in the spring term to serve for the following academic year. Using random selection methods, the pool and rotational order within the pool will be established by the Provost's Office. A pool of three deans or associate deans and twelve full-time faculty members will be maintained. In establishing the membership for each review panel, prior to each review the names of those designated as primary members of the specific panel and available as alternates will be supplied to all parties involved. A panel member may request (to the provost or designee) disqualification due to a conflict of interest. The student and the faculty member may eliminate names in proportion to the composition of the panel. Each may eliminate only one dean/associate dean and four faculty. The instructor and the student will be supplied a list of all primary and secondary pool members. The opportunity to disqualify panel members will take place only once. Resulting vacancies will be filled from the appropriate pool of alternates so that the panel will be composed of one dean/associate dean and four faculty. If through self-disqualification and challenges a panel cannot be constituted from the pool, then the Office of the Provost will supplement the pool using appropriate random selection methods.

### **C. Procedure:**

1. Both the student and the instructor will have the right to appear before the panel, present witnesses, and offer evidence. In addition to those specified in Level III, Section A, each may also bring one observer, with whom he or she may consult but who may not participate in the review.
2. The panel shall determine its rules of order for internal operation. After hearing the evidence brought forth, the panel will privately deliberate and render a decision. If the grade appeal is upheld, the panel will constitute a committee of three appropriate faculty (knowledgeable in the discipline but excluding the faculty member against whom the complaint was lodged) who will review the student's work and recommend the appropriate

grade or suitable remedy. The panel will incorporate this information in its determination which it then forwards to the Provost's Office for implementation, ordinarily within thirty days. The Provost's Office will initiate the processing of grade changes resulting from Level III decisions.

3. The written report sent to the Provost's Office will state whether the student's appeal is upheld or denied; if upheld, the committee's evaluation and remedy will be included. Both the student and the faculty member have the right to review all documents related to the appeal. All documents supporting the report will be sealed and kept only as long as necessary (normally one year) to ensure the appropriate action is taken before being destroyed or returned to the individual presenting the evidence.

## **Ancillary Provisions**

**A. Continuing Rights:** This appeal does not supplant any legal rights afforded by the Commonwealth of Pennsylvania and/or the Government of the United States. Nothing in this policy abrogates or modifies any provisions of or rights under the Collective Bargaining Agreement.

**B. Discrimination** in this policy generally means unlawful discrimination. To the extent that any form of discrimination identified in this definition is not unlawful discrimination, this definition shall not be taken to create a cause of appeal against the university. In such cases, the final appeal procedures stated in this policy will be final and binding on the student.

**C. Tenure and Promotion Committee Membership on Grade Appeals Committees:** Members of the universitywide tenure and promotion committees may not serve concurrently on grade appeals committees.

**D. Support Mechanism:** The Provost's Office, after consultation with the Senate Academic Committee and APSCUF, will be responsible for identifying a pool of at least ten faculty members well versed in the preparation of grade appeals who will be available upon request to help students or faculty prepare documentation for the grade appeals process.

**E. Training/Support:** The Provost's Office will offer yearly information sessions/workshops to assist deans, chairs, grade appeals panel/committee members, and members of Student Congress/Academic Affairs Committee in identifying issues and to provide guidance for the resolution of grade appeals.

**F. Dissemination of Grade Appeal Information:** The Provost's Office will annually report to the university community a statistical summary of grade appeal data that does not compromise confidentiality including 1) the number of appeals filed, 2) the resolutions at levels II and III, and 3) the final implementation of level III decisions.

**G. Appeals on Procedural Grounds:** Decisions may not be challenged merely because the Provost's Office fails to comply with Ancillary Provisions D, E, or F above.

**H. Intentional Misrepresentation:** Intentional misrepresentation in the filing of grade appeals by students will be referred to the university judicial system for students. Intentional misrepresentation by faculty in the grade appeals process will be referred to the Provost's Office.

**I. Confidentiality:** Students, faculty, administrators, and staff involved in processing and hearing grade appeals must respect the confidentiality of all aspects of these proceedings. Those breaching confidentiality subject themselves to possible disciplinary action. This shall not abridge the First Amendment rights of the student appellant nor the instructor against whom the appeal has been filed.

**J. Intended Purpose:** The grade appeal procedures are designed simply as a means to resolve differences between students and faculty related to grading. Unless there is intentional misrepresentation, the results of a grade appeal may not be used for disciplinary action of personnel.

**K. Faculty Compensation:** If a Review Panel (hearing) is scheduled at a time in the summer when any faculty member involved is not under contract, the faculty member will be compensated under terms

mutually agreed upon at Meet-and-Discuss.

**L. Review of Policy:** Every five years the Senate Academic Committee will review, in consultation with the campus community, the operation of the Grade Appeals Policy and recommend changes deemed appropriate.

**M. \* Amendment:** Amendments may be implemented upon concurrence by University Senate, APSCUF Representative Council, and Meet-and-Discuss.

**\*Note:** In the amendment process above, specification of University Senate implies the Council of Trustees role in approving Senate actions and recognizes the Council of Trustees final action to change policy.

This policy replaces the policy originally effective May, 1989. Approved: University Senate, March 12, 1996; pending Council of Trustees approval.

# Academic Policies

## Computer Software Policy

It is the policy of IUP that contractually protected and/or copyrighted computer software shall not be improperly copied, distributed, or used by its employees, students, or affiliated organizations. It is the responsibility of each member of the university community to adhere to this policy and to enforce it with regard to those they supervise. If any member of the community has a question regarding the propriety of using software, she/he is responsible for contacting his/her supervisor for direction. The supervisor may in turn refer the questions to the director of Academic Computing of the ISCC for a decision on what constitutes proper use. The full text of the policy adopted by University Senate and Council of Trustees in May, 1988, is available in the computer laboratories and from the director of Academic Computing.

# Requirements for Graduation

Undergraduate students at IUP may pursue programs of study in any one of the six undergraduate colleges: the Eberly College of Business, the College of Education, the College of Fine Arts, the College of Health and Human Services, the College of Humanities and Social Sciences, or the College of Natural Sciences and Mathematics. A student may earn the degree of Bachelor of Arts, Bachelor of Science, Bachelor of Fine Arts, or the Bachelor of Science in Education. To do so, the student must satisfy all of the degree requirements, which fall into three categories

- 1) university requirements
- 2) college requirements
- 3) department requirements.

Requirements of the latter two categories may be found under the college and the department in which the student is pursuing a program of study.

University requirements for graduation in all curriculums consist of Liberal Studies requirements, residency requirements in regard to awarding of degrees, and the semester-hour and cumulative quality-point average requirements.

Exception: Students who enrolled in a degree program prior to June 1, 1989, are not subject to Liberal Studies requirements; they will complete degree requirements including the General Education components outlined in earlier editions of the Undergraduate Catalog. Transfer students entering the university between June 1, 1989, and June 1, 1991, were assigned either to General Education or Liberal Studies at the time their transcripts were evaluated. All transfer students admitted after June 1, 1991, are subject to the Liberal Studies requirements.

# Requirements for Graduation

## Academic Life during the Freshman Year

During the Summer Orientation, as described in the section on orientation, students meet with faculty advisers to plan a program of courses for their first year. This careful planning considers students individual preferences, the results of placement testing, and degree program requirements.

With a typical freshman academic schedule, students progress both in the universitywide Liberal Studies program and in their intended majors.

Three Liberal Studies courses are designed especially for freshmen, and all students are expected to complete these courses during their first year. The three are [EN101](#): College Writing, [HI195](#): History: The Modern Era, and one course from a list of Fine Arts selections.

College Writing enhances skills in written expression that are essential to success at the university. History: The Modern Era builds critical thinking skills and provides a foundation of knowledge for subsequent courses. Whichever fine arts course is chosen encourages an appreciative participation in campus cultural life.

Professors teaching these courses work cooperatively with each other and with Student Affairs Division staff to integrate class work with campus lectures and arts events. Study skills development and tutoring services are also provided as necessary.

# Requirements for Graduation

## Semester Hour and Cumulative Quality-Point Average Requirement

Each student must complete a minimum of 124 semester hours to graduate, including 53 hours in Liberal Studies (all on a passing basis), and must have a 2.0 ( C grade) cumulative quality-point average and a 2.0 ( C ) average in his/her major and/or minor field.

# Requirements for Graduation

## Liberal Studies

All students must fulfill the requirements of the university's Liberal Studies program. This involves a minimum of 53 semester hours divided among Learning Skills, Knowledge Areas, and Synthesis. The number of semester hours may rise slightly depending on student choices. Different colleges and sometimes departments within colleges may have specific variations as to how these Liberal Studies requirements are to be met.

Liberal Studies provides the broad vision and understanding that enable individuals to enjoy full, rich lives and to play constructive roles in their communities. The goals for Liberal Studies include

- (1) the development of important modes of thinking and intellectual skills: critical thinking, literacy, understanding numerical data, historical consciousness, scientific inquiry, ethical perception, and aesthetic sensitivity;
- (2) the acquisition of a body of knowledge or understanding essential to an educated person; and
- (3) an understanding of the physical, as well as the intellectual, nature of human beings.

## Liberal Studies Requirements

Note: Specific courses may be required or recommended by colleges or major departments; see degree program outlines for specifications.

Additional courses may be added to some categories during the next academic year; an updated listing is printed in each semester's schedule of undergraduate course offerings.

## Natural Science: Option One

8-10sh

### Option I:

Two-semester Laboratory Course Sequence

8sh

Two courses with laboratories (4sh each), paired together in a sequence, from the natural science laboratory course list.

### Natural Science Laboratory Sequences:

<a href="#">BI103</a> and <a href="#">BI104</a>	General Biology I and II	8
<a href="#">CH101</a> and <a href="#">CH102</a>	College Chemistry I and II	8
<a href="#">CH111</a> and <a href="#">CH112</a>	General Chemistry I and II	8
<a href="#">CH113</a> and <a href="#">CH114</a>	Concepts in Chemistry and Basic Inorganic Chemistry	8

### Two of the following, in any order:

<a href="#">GS101</a> / <a href="#">GS102</a>	The Dynamic Earth with lab	4
<a href="#">GS103</a> / <a href="#">GS104</a>	Oceans and Atmospheres with lab	4
<a href="#">GS105</a> / <a href="#">GS106</a>	Exploring the Universe with lab	4
<a href="#">GS111</a> / <a href="#">GS112</a>	Earth Science for Educators I with lab and	
<a href="#">GS113</a> / <a href="#">GS114</a>	Earth Science for Educators II with lab	8
<a href="#">GS121</a> / <a href="#">GS122</a>	Physical Geology with lab and	
<a href="#">GS131</a> / <a href="#">GS132</a>	Historical Geology with lab	8
<a href="#">PY111</a> / <a href="#">PY121</a> and <a href="#">PY112</a> / <a href="#">PY122</a>	Physics I and II with labs	8
<a href="#">PY131</a> / <a href="#">PY141</a> and <a href="#">PY132</a> / <a href="#">PY142</a>	Physics I and II with labs (calculus)	8
<a href="#">SC105</a> and <a href="#">SC106</a>	Physical Science I and II (either order)	8

# Requirements for Graduation

## Natural Science: Option Two

8-10sh

### Option II:

#### One Laboratory plus Two Nonlaboratory Courses 10sh

One course with laboratory (4sh) from the natural science laboratory course list followed by two courses (3sh each) from natural science nonlaboratory course list. One of the nonlaboratory courses may be counted again among the Liberal Studies Electives.

#### Natural Science Laboratory Courses:

<a href="#">BI103</a>	General Biology I	4
<a href="#">CH101</a>	College Chemistry I	4
<a href="#">CH111</a>	General Chemistry I	4
<a href="#">CH113</a>	Concepts in Chemistry	4
<a href="#">GS101/GS102</a>	The Dynamic Earth with lab	4
<a href="#">GS103/GS104</a>	Oceans and Atmospheres with lab	4
<a href="#">GS105/GS106</a>	Exploring the Universe with lab	4
<a href="#">GS111/GS112</a>	Earth Science for Educators I with lab	4
<a href="#">GS113/GS114</a>	Earth Science for Educators II with lab	4
<a href="#">GS121/GS122</a>	Physical Geology with lab	4
<a href="#">GS131/GS132</a>	Historical Geology with lab	4
<a href="#">PY111/PY121</a>	Physics I	4
<a href="#">PY131/PY141</a>	Physics I (calculus)	4
<a href="#">PY151/PY161</a>	Medical Physics	4
<a href="#">SC105</a>	Physical Science I	4
<a href="#">SC106</a>	Physical Science II	4

#### Natural Science Nonlaboratory Courses:

<a href="#">BI114</a>	Environmental Science	3
<a href="#">BI115</a>	Biotic Diversity of North America	3
<a href="#">GS101</a>	The Dynamic Earth	3
<a href="#">GS103</a>	Oceans and Atmospheres	3
<a href="#">GS105</a>	Exploring the Universe	3
<a href="#">GS111</a>	Earth Science for Educators I	3
<a href="#">GS113</a>	Earth Science for Educators II	3
<a href="#">GS121</a>	Physical Geology	3
<a href="#">GS131</a>	Historical Geology	3
<a href="#">GS141</a>	Introduction to Ocean Science	3
<a href="#">GS150</a>	Geology of National Parks	3
<a href="#">GS151</a>	The Age of Dinosaurs	3
<a href="#">GS221</a>	Physical Resources of the Earth	3
<a href="#">PY101</a>	Energy and the Environment	3
<a href="#">PY111</a>	Physics I	3
<a href="#">PY112</a>	Physics II	3
<a href="#">PY131</a>	Physics I (calculus)	3
<a href="#">PY132</a>	Physics II (calculus)	3
<a href="#">PY151</a>	Medical Physics	3

# Requirements for Graduation

## Social Sciences: Three Courses from List\*

9sh

\*No course prefix may be used more than once

<a href="#">AN110</a>	Contemporary Anthropology (1)	3
<a href="#">AN211</a>	Cultural Anthropology (1)	3
<a href="#">AN213</a>	World Archaeology	3
<a href="#">CR101</a>	Crime and Justice Systems	3
<a href="#">EC101</a>	Basic Economics	3
<a href="#">EC121</a>	Principles of Economics I	3
<a href="#">GE101</a>	Intro to Geography: Human Environment Interaction	3
<a href="#">GE102</a>	Geography of U.S. and Canada	3
<a href="#">GE104</a>	Geography of Non-Western World (1)	3
<a href="#">PS101</a>	World Politics (1)	3

# Requirements for Graduation

## Non-Western Cultures: One Course from List 3sh\*

\*Students must fulfill this requirement by completing one course from the list; most of these courses will at the same time fulfill other requirements set by Liberal Studies or in some cases by a college or department.

### Also fulfills LS Social Science requirement:

<a href="#">AN110</a>	Contemporary Anthropology	3
<a href="#">AN211</a>	Cultural Anthropology	3
<a href="#">GE104</a>	Geography of Non-Western World	3
<a href="#">PS101</a>	World Politics	3

### Also fulfills LS Elective requirement:

<a href="#">AN271</a>	Cultural Area Studies: Africa (same as SO271)	3
<a href="#">AN272</a>	Cultural Area Studies: China (same as SO272)	3
<a href="#">AN273</a>	Cultural Area Studies: Southeast Asia (same as SO273)	3
<a href="#">AN274</a>	Cultural Area Studies: Latin America (same as SO274)	3
<a href="#">AN314</a>	Native Americans (same as SO314)	3
<a href="#">AN350</a>	Anthropology of Women	3
<a href="#">AN365</a>	Native North American Religions (same as RS365)	3
<a href="#">CM230</a>	Issues in International Communication	3
<a href="#">EC350</a>	Comparative Economic Systems	3
<a href="#">GE252</a>	Geography of Latin America	3
<a href="#">GE254</a>	Geography of Russia and the Soviet Sphere	3
<a href="#">GE255</a>	Geography of Africa	3
<a href="#">GE256</a>	Geography of East Asia	3
<a href="#">GE257</a>	Geography of South and Southeast Asia	3
<a href="#">HI327</a>	Soviet Union and Contemporary Russia	3
<a href="#">HI330</a>	History of the Islamic Civilization	3
<a href="#">HI331</a>	Modern Middle East	3
<a href="#">HI356</a>	African History II (1600 to present)	3
<a href="#">HI367</a>	Native American History	3
<a href="#">IS281</a>	Special Topics in Non-Western Studies	3
<a href="#">PS382</a>	Political Systems: Africa	3
<a href="#">PS387</a>	Political Systems: Latin America	3
<a href="#">PS389</a>	Developing Nations	3
<a href="#">RS110</a>	World Religions	3
<a href="#">RS311</a>	Eastern Philosophy	3
<a href="#">RS360</a>	African Religions	3
<a href="#">RS365</a>	Native North American Religions (same as AN365)	3
<a href="#">RS370</a>	Religions of China and Japan	3
<a href="#">RS375</a>	Religions of India	3
<a href="#">RS380</a>	Islam	3
<a href="#">SO271</a>	Cultural Area Studies: Africa (same as AN271)	3
<a href="#">SO272</a>	Cultural Area Studies: China (same as AN272)	3
<a href="#">SO273</a>	Cultural Area Studies: Southeast Asia (same as AN273)	3
<a href="#">SO274</a>	Cultural Area Studies: Latin America (same as AN274)	3
<a href="#">SO314</a>	Native Americans (same as AN314)	3
<a href="#">SP244</a>	Modern Mexico	3
<a href="#">SP344</a>	20th Century Spanish American Culture & Civilization (taught in Spanish)	3
<a href="#">SP364</a>	Survey of Spanish American Literature (taught in Spanish)	3

### Fulfills LS Non-Western requirement only:

<a href="#">CL151</a> , <a href="#">CL201</a> , or <a href="#">CL251</a>	Arabic II, III, or IV	3
<a href="#">CL152</a> , <a href="#">CL202</a> , or <a href="#">CL252</a>	Chinese II, III, or IV	3
<a href="#">CL155</a> , <a href="#">CL205</a> , or <a href="#">CL255</a>	Hindi II, III, or IV	3
<a href="#">CL156</a> , <a href="#">CL206</a> , or <a href="#">CL256</a>	Hungarian II, III, or IV	3
<a href="#">CL158</a> , <a href="#">CL208</a> , or <a href="#">CL258</a>	Japanese II, III, or IV	3
<a href="#">CL159</a> , <a href="#">CL209</a> , or <a href="#">CL259</a>	Korean II, III, or IV	3
<a href="#">CL162</a> , <a href="#">CL212</a> , or <a href="#">CL262</a>	Russian II, III, or IV	3

Certain Study Abroad programs in non-Western culture areas are offered (information is in the respective catalog section; further information is available in the Office of International Services).

# Requirements for Graduation

## Synthesis: One Course

**3sh**

[LS499](#) Senior Synthesis (required of all students) 3

Prerequisite: 73 or more semester hours earned

This course helps students understand and handle complex intellectual and social issues from multiple perspectives. A selection of topics is available each semester and summer session. Students should schedule the course during the senior year, or at least no earlier than the last half of the junior year. In order to broaden their experiences, students are encouraged to enroll in synthesis sections taught by instructors outside of the students major fields.

# Requirements for Graduation

## Writing Across the Curriculum: Minimum of Two W Courses

All students must include among the total courses required for graduation a minimum of two designated writing-intensive courses. One of these courses must be in the student's primary major; the other(s) may be in Liberal Studies, college or major requirements, or free electives. Such courses, which involve extensive use of writing as part of the learning experience, are identified with a /W/ in each semester's Schedule of Undergraduate Course Offerings.

# Requirements for Graduation

## Timely Completion of Degree Requirements

The minimum total semester hour requirement for a baccalaureate degree at IUP is 124. Students who enroll in degree programs that require more than 124, or who seek the added benefit of a double major, minor, or specialized program, or who change majors should plan their sequence of courses carefully with an adviser. Such students should be alert to the possibility that they may need to carry a heavier than average class load in order to complete the degree in eight semesters. In some situations, summer work or an extra semester may be necessary. The need to enroll in remedial or other preparatory coursework or to repeat courses may also affect progress toward a degree.

---

# Requirements for Graduation

## Residency Requirement for Awarding of Degrees

All students receiving an initial IUP baccalaureate degree are required to complete 45 semester hours in IUP courses. At least 15 semester hours in IUP courses are required to fulfill an IUP major and a minimum of six semester hours for a minor. Normally, the student will complete the final 30 semester hours in residence in IUP courses, unless specific approval has been secured from the dean of the student's college. Exception to the above requirements for courses to be earned in residence at IUP may be granted by the college deans based upon the appropriateness and academic integrity of the courses in question. This approval is generally sought as part of the process for prior approval of off-campus coursework.

# Requirements for Graduation

## Pre-Approval for Transfer Coursework

Students enrolled at IUP who wish to take coursework at another institution (either during the summer or regular semesters) must complete an Application for Coursework Outside IUP prior to taking the course(s). Only the credits from the course(s) transfer, not the grade; therefore, students cannot use outside coursework for IUP's repeat policy. Only the credits for which students receive the grade of A, B, or C will transfer. If P/F is the only grading option available, there must be a narrative evaluation from the faculty member certifying that the work was of C level or better. No more than sixty credits total may be earned at a junior or community college for application toward an IUP degree. If the courses are being taken within the student's last thirty credits, the courses must be taken at IUP unless the student's residency requirement for awarding of degrees is waived by the college dean. Courses without prior approval are taken at the risk of the student; there is no obligation on the part of any officer of this university to accept or transfer such credit.

Forms for approval of off-campus coursework are available in the Office of Transfer Credit Evaluation/Admissions Office. Full directions on the form outline the steps involving the transfer evaluation, student's adviser, and college dean, or designee. After completing off-campus coursework, students should have the institution at which the work was taken send a final official transcript directly to Transfer Evaluation Services, 216 Pratt Hall, IUP, Indiana, PA 15705. Copies of transcripts issued to or hand carried by students will not be accepted.

# Requirements for Graduation

## Eligibility and Application for Graduation

Commencement ceremonies are in May at IUP at the conclusion of the spring semester and in December at the conclusion of the fall semester. Only students who have completed all requirements for graduation by the end of the semester are eligible to participate in the commencement exercises. Students who have withdrawn from courses or have elected to take incompletes or have failed courses during the semester and thus have not met the requirements for graduation may not participate in commencement exercises until those requirements have been fulfilled. Students completing requirements in August or December are included on the graduation list for the December graduation.

Students are responsible for knowing and fulfilling the requirements for graduation in their degree program. It is the student's responsibility to complete a form to apply for graduation and submit it to the office of the dean of his/her college early in the term prior to graduation.

Certification for graduation is not final until approved by the dean of the college in which the student is enrolled. Diplomas will not be issued until all bills and obligations have been satisfied, including the degree fee, and final certification for graduation has been issued by the student's college dean.

# Requirements for Graduation

## Non-Native Students: English Language Requirements

Non-native students of English, either international students or those from the U.S. for whom English is not their first learned language, are required to take an ESL Screening/Placement Test prior to registration in the first semester attending IUP. The test is administered prior to registration in both the fall and spring semesters. Results of this test are used to determine for which English course ([EN100/ESL](#), [EN101/ESL](#), [EN202/ESL](#), [EN121/ESL](#)) a newly admitted non-native student must register. In addition, any currently enrolled non-native student can take the regularly scheduled test to determine registration for non-ESL English courses. For further information, contact Dr. Dan Tannacito, 212 Eicher Hall; telephone (412)357-7081.

# Requirements for Graduation

## Undergraduate Catalog Applicability Time Frame

The university reserves the right to modify degree requirements through established governance channels. However, the general policy has been established that the following time frame regulations form the basis for application of the university's undergraduate degree requirements:

1. A student who has been in continuous registration (fall and spring semesters) or who has interruption(s) of less than two calendar years is governed by the requirements outlined in the catalog in effect at the time of entrance into a degree program (major).
  - a. A student who changes major will be governed by the requirements of the major and/or college at the time of acceptance into the new major, without change of Liberal Studies requirements except as specified by the new major.
  - b. A student entering through the nondegree program is governed by the requirements in effect at the time degree candidacy is awarded.
  - c. A part-time student may be covered by these provisions of continuous registration to a maximum of ten years.
2. A student whose education is interrupted by two or more calendar years will be governed by the requirements in effect at the time of readmission to the university. The readmission may carry specific requirements/substitutions necessary to provide for program integrity.
3. The applicability of coursework completed more than ten years prior to the degree date is subject to review by the dean or designee for evaluation on a course-by-course basis.

# Requirements for Graduation

## Program Changes

To insure their quality and relevance, academic programs at IUP are subject to review and change by duly appointed and responsible university groups. Because of this, the university recognizes that provisions must be made to prevent hardship to students already enrolled in programs if changes later occur in specific or general program requirements. Students affected by changes in programs, policies, and regulations are therefore given the option of following those requirements that are in effect when the student was first enrolled in the program or those in effect at the time of expected graduation. The student cannot, of course, combine chosen elements of the two. Should a question of rule interpretation arise with respect to changes, the student, the student's adviser, or both should petition the college dean for a decision about which requirements apply.

### The University Libraries

**Larry A. Kroah, Director; Ronald A. Steiner, Chairperson; Brown, Connell, Glenn, Grassinger, Hooks, Janicki, Jen, Joseph, Kaufman, Kirby, Knupp, Laude, Lucas, McDevitt, Rahkonen, Shively, Zorich; and professors emeriti Chamberlin, Lafranchi, Scheeren, Snead, Waddell, Wolf**

The Libraries and Media Resources Department serves the informational and research needs of students and faculty by providing a wide variety of academic resources which include books, periodicals, micro materials, media, and computer data base services. The Library is committed to providing greater access to an ever-increasing volume of information, using such advancements as interactive video, satellite teleconferencing, microcomputer-based technologies, and a state-of-the-art online public access catalog, in addition to more traditional means.

The Library faculty offers individual and group assistance in using the Library's resources. Library services include access to both local and national data bases, media equipment and production support, and classes in bibliographic instruction.

The Library faculty offers a one-credit course in the use of libraries, [LB151](#): Introduction to Library Resources.

## Academic Affairs Division Areas

### Robert E. Cook Honors College

**Janet E. Goebel, Director**

The Robert E. Cook Honors College enrolled its first freshman students for the 1996 fall semester. The college will provide a challenging opportunity for academic and personal development through an integrated program of curriculum, residence, and cocurricular activities.

Planning and development of the academic component is in progress, with criteria for courses approved by the University Senate. Faculty are drawn from the disciplines of history, English composition, philosophy, and fine arts to lead an integrated multidisciplinary approach. The Honors Core meeting daily spans the first three semesters; other honors courses, including some specific to departments, are being developed for later semesters.

The renovation of Whitmyre Hall into a combined honors residential/academic facility is underway.

Applicants who may be interested in further information are invited to contact the university Admissions Office at 412-357-2230 or 1-800-442-6830 or the office of the Honors College in Whitmyre Hall at 412-357-4971.

## Academic Affairs Division Areas

### Military Science

**Ltc Ricky J. Steele, Chairperson; Maj David L. Edwards, Cpt Bryan R. Thom, Cpt Aaron A. Williams, Sgm Garland Hill, Sfc Paul R. Godaire, Sfc Rafael U. Ortiz, Sfc Folole Salanoa, Ssg Ronald Quinlan, Sgt Tyrone J. Brown, Mrs. Donna S. Rankin**

IUP is an authorized Senior Reserve Officer's Training Corps (ROTC) unit. The ROTC program offers to both men and women the opportunity to learn and practice leadership and managerial techniques that will prove beneficial to all life's future endeavors; to obtain credits which count toward graduation; and, to those who choose to complete the total program, to obtain a commission as a second lieutenant in the U.S. Army.

Regular ROTC classes for two semesters satisfy the mandatory Liberal Studies requirement for Health and Wellness classes.

#### Enrollment

The program is divided into two phases: the Basic Course (freshman and sophomore years) and the Advanced Course (junior and senior years).

#### Regular Basic Course

The first two years of military science provide a background of the historical role of military forces as well as current national military objectives. In addition, basic leadership is developed and certain skills are taught, such as adventure training, survival training, map reading, self-defense, rappelling, and marksmanship. Enrollment in any of the freshman- or sophomore-level ROTC courses ([MS101](#), [MS102](#), [MS203](#), or [MS204](#)) in no way obligates or commits the student to any military service or any further ROTC courses. These courses are offered on the same basis as other academic courses at IUP with the privilege of withdrawing at any time.

#### Advanced Course

The last two years constitute the Advanced Course of instruction for men and women who desire a commission as a second lieutenant in the Army of the United States. This phase is composed of studies in advanced leadership and management, tactics, military law, and psychological, physiological, and social factors which affect human behavior. Modern instructional and training techniques are also covered. Practical application is the rule, and students have the opportunity to practice and polish their skills. Participation in the Advanced Course will earn the student approximately \$3,500, between \$50-a-month subsistence and pay for summer camp (\$3,000 is not taxable). For continuation in ROTC during the junior and senior years, the student must have a 2.0 grade-point average in the student's academic area, have successfully completed requirements for the ROTC Basic Course, pass a physical examination, and be accepted by the Professor of Military Science. The U.S. Army requirements for commissioning include a course in written communications, in human behavior, and in military history. IUP students normally fulfill these requirements with [EN101](#), [EN202](#), and [HI281](#) and with a course in psychology, anthropology, sociology, or certain major courses in human behavior. Advanced course students must agree in writing to complete the junior and senior years, since they will receive \$150-a-month subsistence during these academic years.

#### Requirements for Enrollment

The general requirements for enrollment in Advanced ROTC are that the student be accepted by the university as a

regular enrolled student, be a citizen of the United States, be physically qualified, and be not less than seventeen years of age but less than thirty at anticipated graduation date. Veterans and Junior ROTC and Civil Air Patrol graduates may receive exemption from the ROTC Basic Course as approved by the Professor of Military Science.

### What ROTC Offers

Equipment, ROTC textbooks, and uniforms are issued without cost to enrolled students.

Credit is given for successful completion of the 3-semester-hour Health and Wellness Liberal Studies requirement for graduation.

Students formally enrolled in the Advanced Course ([MS305](#), [MS306](#), [MS407](#), and [MS408](#)) are paid a subsistence allowance (\$150 a month) during the academic year.

Training is given in other practical skills such as self-defense, adventure training, rappelling, marksmanship, orienteering, first aid techniques, and water safety.

Opportunities are available to examine the military profession in detail. This includes the Regular Army, National Guard, and Army Reserve.

If students so desire and are accepted into the Advanced Course, they will receive commissions as second lieutenants upon graduation from the university and serve either three years' continuous active duty or two to three months' active duty for training, with the remaining obligation served in the Army Reserve or National Guard.

#### Program in Military Science

##### Required courses:

20

<a href="#">MS101</a>	Introduction to Military Science	2sh (1)
<a href="#">MS102</a>	Fundamentals of Military Science	2sh (1)
<a href="#">MS203</a>	Fundamentals of Tactical Operations, Techniques of Leadership, and Weapons Characteristics	2sh (2)
<a href="#">MS204</a>	National Security and Fundamentals of Military Topography	2sh (2)
<a href="#">MS305</a>	Fundamentals of Leadership and Modern Learning/Teaching Relationship	3sh
<a href="#">MS306</a>	Study of Advanced Leader Planning and Execution of Modern Combat Operations	3sh
<a href="#">MS407</a>	Management of the Military Complex to Include Fundamentals of Military and International Law	3sh
<a href="#">MS408</a>	Seminar in Military Analysis & Management	3sh

(1) [MS101-MS102](#) may substitute for the Liberal Studies requirement in Health and Wellness.

(2) [MS203-MS204](#) are available as free electives to all students without any military obligation.

## Academic Affairs Division Areas

### Women's Studies Program

**Maureen C. McHugh, Director**

The Women's Studies minor is designed to examine the status and experiences of women from a multidisciplinary perspective. The courses use a variety of methods and disciplinary perspectives to explore the impact of gender on the experiences of the individual. Women's contributions to a variety of fields and the historical, literary, and cultural images of women are also addressed. Students are encouraged to challenge traditional theories and research regarding women and to develop a critical, multidisciplinary, multicultural, and gendered view of the world. Courses taught within the minor typically involve the students through innovative, experiential classroom exercises and written assignments. Courses in Women's Studies address social equity issues and encourage students to perceive themselves as capable of transforming society.

A minor in women's studies indicates to the prospective employer an awareness of and sensitivity to gender issues. This awareness may be needed in the following positions: personnel specialist, affirmative action officer, crisis intervention specialist, family and youth services provider, legal advocate. A minor in women's studies can contribute to success in a variety of fields including communication, counseling, criminology, education, health, journalism, law, politics, psychology, and applied sociology.

## Academic Affairs Division Areas

### Office of International Affairs

**Laila S. Dahan, Director**

**Patrick A. Carone, Foreign Student Adviser**

The Office of International Affairs (OIA) provides the leadership for Indiana University of Pennsylvania's involvement in a wide range of international activities.

The OIA is a central source of information which provides special services for admitted international students, visiting scholars, and international visitors and faculty. The office provides the following services to students:

- an extensive orientation program for new international students
- advising on immigration matters
- counseling on cultural and personal matters
- preparation and processing of immigration documents
- medical insurance information for international students and exchange/study abroad participants
- financial assistance to qualified students through the partial tuition waiver
- a predeparture orientation program for exchange and study abroad participants
- a reentry program for participants returning from exchange or study abroad

In addition, this office services the International Student Club, which links students to the larger community. The club provides an opportunity for international students to share their perspectives and cultural traditions with others in the university and in the community. The office also sponsors monthly coffee hours open to the university. Trips for international and exchange students to Niagara Falls and Washington, D.C., are arranged and partially funded through OIA.

## Academic Affairs Division Areas

### International Exchange and Study Abroad Programs

Through the OIA, IUP students may broaden their education by taking part in study abroad programs. The university administers some of these programs directly, while others are conducted in cooperation with the International Student Exchange Program (ISEP).

The office houses an exchange/study abroad resource library. Students seeking information on academic programs offered by educational institutions in this country and abroad are welcome to read the materials available in the office. Qualified students planning to travel or study abroad may also purchase the International Student Identity Card-good for discounts, identification, and insurance-in the Office of International Affairs.

More information about each of the following programs and programs instituted after the date of this publication can be obtained in the Office of International Affairs, 343 Sutton Hall, (412) 357-2295.

**Costa Rica, Heredia.** A four-week intensive Spanish language program is offered in the summer at the National University of Costa Rica.

**Egypt, Cairo.** Students majoring in education, language, commerce, the arts and sciences, and the humanities and social sciences may study for a semester or an academic year at Ain Shams University. The language of instruction is English.

**England, Bristol.** Students wishing to enroll in courses in the areas of economics, politics, sociology, history, and European social studies may study during the fall semester at the University of the West of England, Bristol.

**England, Greenwich.** Students studying teacher education for preparation as elementary, early childhood, or physical education teachers are eligible to study at the University of Greenwich for one semester. (Some secondary certification programs are available.)

**England, Oxford.** A three-week educational and cross-cultural experience is offered in the summer at Oxford University.

**England, Sheffield.** Students studying business have the opportunity to study for a semester or academic year at Sheffield Hallam University. Interest in other academic areas may be explored.

**Finland, Tampere.** Students studying business or occupational safety are eligible to study at Tampere University of Technology for a semester or academic year. The language of instruction is English.

**France, Nancy.** The opportunity to study for one semester or academic year at the University of Nancy II (140 miles from Paris) is available to qualified students. The language of instruction is French. For details, contact the French Department.

**France, Nancy (summer).** Two programs, one for English-speaking and one for French-speaking participants, are offered in the summer.

**Germany, Duisburg.** A semester or academic year program at the University of Duisburg is available to qualified students who possess the required German language competency. Courses are offered in German language, literature, culture, business, and natural sciences. The language of instruction is German. For further information, contact the German Department.

**Hungary, Pecs.** Students interested in Hungarian culture have the opportunity to study abroad for a semester or academic year at Janus Pannonius University. Courses are offered in the following areas: History of East-Central Europe, Political Development, Economic Reform, Social Change, Arts and Culture, and Central European Studies. The language of instruction is English.

**Japan, Hirikata.** The opportunity to study for a semester or one academic year at Kansai Gaidai University is available to students interested in Japanese culture. A variety of courses are offered in the Asian Studies Program. The language of instruction is English.

**Mexico, Cuernavaca.** Students who are studying Spanish and have an interest in experiencing Mexican culture have an opportunity to participate in a summer study program that is offered at the Center for Bilingual and Multicultural Studies, an affiliate of the University of Morelos.

**Mexico, Puebla.** Students wishing to enroll in courses in Spanish, business, international relations/studies, anthropology, and hotel and restaurant management with an interest in Mexican culture have the opportunity to study at the Universidad de las Americas, Puebla, for one semester or academic year. The language of instruction is Spanish.

**Spain, Barcelona.** Juniors and seniors, fluent in Spanish, with an interest in experiencing Spanish culture, have an opportunity to enroll in management, marketing, and tourism classes at Escuela Superior de Marketing I Administration (ESMA). The language of instruction is Spanish.

**Spain, Valladolid.** Students who have completed twelve university credits in Spanish and have an interest in experiencing Spain's culture have an opportunity to participate in the Pennsylvania Valladolid Study in Spain Program during the spring semester. This experience will enable students to spend a period of twenty-one weeks immersed in Spanish culture and language at the University of Valladolid. For details and brochures, contact the Department of Spanish and Classical Languages.

**Sweden, Karlstad.** Students wishing to enroll in geography and tourism courses with a desire to experience Swedish culture are invited to study at the University of Karlstad. The language of instruction is English.

### International Student Exchange Program

The International Student Exchange Program (ISEP) offers a wide range of educational and cultural experiences for one semester or academic year for participants at over one hundred institutions in thirty-five different countries. (Summer and longer exchanges are also possible.) If you do not speak a foreign language, you still have many sites in which the language of instruction is English. If you do speak a foreign language, you have even more options.

### National Student Exchange

Under this program, Indiana University of Pennsylvania is part of a national university network that enables our undergraduate students to study for up to one academic year at any of over one hundred colleges and universities. In addition, this exchange of students enables IUP students to enroll at any of these universities without having to pay out-of-state, nonresident tuition fees. While on exchange, students have the opportunity to experience a different learning environment, to broaden social and cultural awareness, and to live in another part of the United States (Alaska, Guam, Hawaii, Puerto Rico, and the Virgin Islands are included).

### International Student Teaching Opportunities

IUP students enrolled as teacher education majors in all certification areas are eligible to participate in this half-semester student teaching program in the following areas: Copenhagen, Denmark; Dublin, Ireland; London, England; Munich, Germany; and Paris, France.

**Colombia, Bogota.** Students with Spanish fluency interested in Colombian culture have the opportunity to study for one semester or an academic year at the Universidad of de Los Andes. Courses are offered in business and social science.

**Jordan, Amman.** Students interested in Jordanian culture have the opportunity to study for a semester or an academic year at the University of Jordan. Courses are offered in business management, accounting, nursing, language, education, and humanities.

**Slovakia, Bratislava.** Courses in Slovak language, Slovak literature, culture, and history, English literature, English culture and history, political science, sociology, physics, and psychology are available to interested students at Comenius University. The program is for one semester or an academic year.

**England, Worcester.** Students are offered an opportunity to study at Worcester College of Higher Education for one semester or an academic year. Courses are offered in a variety of fields of study.

## Academic Affairs Division Areas

### The Harrisburg Internship Semester (T.H.I.S.)

#### Experiential Education Office

The Harrisburg Internship Semester (T.H.I.S.) is available to an exceptional student from any IUP major for the fall or spring semester. The program provides a semester-long experience at the policymaking level in the executive or legislative branches of state government as well as independent boards, agencies, or commissions. Students will earn fifteen credits.

Requirements for eligibility are fifty-seven or more earned credits and an overall QPA of at least 3.0. Applicants must also submit a sample of their writing skills which must be a copy of an IUP writing assignment that has been graded by an instructor.

T.H.I.S. consists of an internship with a research project for twelve credits and an academic seminar for three credits. The program is directed by a SSHE faculty member elected to direct the program in Harrisburg. The faculty member will be the site supervisor and teach the seminar course. Grades and credits will be recorded on the students' academic progress reports at IUP. See the course descriptions under [UN480](#) and [UN493](#).

Housing is arranged at the PolyClinic Hospital in its nursing residence hall. Meals are available in the hospital dining room or elsewhere. Students must pay IUP tuition, room, and board in the first place and then be partially reimbursed via a biweekly paycheck during the semester. Students must pay their own transportation costs between their home and Harrisburg. T.H.I.S. is offered through the Experiential Education Program in conjunction with the academic department of the successful candidate. Applications are submitted to the Experiential Education Office, Sutton Hall. Deadline for submission for fall is March 1; the spring semester deadline is October 1.

## Academic Affairs Division Areas

### The IUP Academy of Culinary Arts at Punxsutawney

**Albert Wutsch, Director;**

**Hilary DeMane, Timothy Brown, Dan Kish, and Thomas Vieli, Chef Instructors**

The Academy of Culinary Arts offers a four-semester (sixteen calendar months), competency-based program with the last semester being a paid externship with an employer. This distinctive association involving hands-on discipline, fundamental culinary theory, and on-the-job work experience provides each student with the necessary skills and knowledge to begin a successful career in the field of culinary arts.

This contemporary approach to learning will enable students to achieve elevated levels of proficiency in both culinary techniques and business management skills while they advance through this certificate program. The Academy of Culinary Arts is accredited by the American Culinary Federation Educational Institute.

## Academic Affairs Division Areas

### The Learning Center

**Carmy G. Carranza, Director and Chairperson;**  
**S. Dean, S. Ender, Green, Hrabovsky, Lipsky, Victor, Wilkie, Winstead; professor emerita Stratton**

The Learning Center, a unit of the Student Affairs Division, provides various academic support services. Courses are offered which develop learning skills to enhance academic success. Courses in two levels of remedial mathematics ([LC090](#), [LC095](#)) and two courses in reading ([LC070](#), [LC075](#)) are offered for institutional credit. Institutional credit counts in determining full-time enrollment status but not in determining credits applicable for degree eligibility at graduation.

Learning Center faculty members also offer three one-credit courses in conjunction with the College of Education in Educational Planning ([ED150](#)), Learning Strategies ([ED160](#)), and Career Exploration ([ED170](#)).

Free tutoring and workshops are provided by a trained staff of undergraduate paraprofessionals. These services are available in most content areas, as well as in general study skills.

In addition, the Learning Center provides administration of the university's Act 101 Program. For information about additional services, see Learning Center/Act 101 in the catalog section "Student Programs and Services."

# The Eberly College of Business

## The Eberly College of Business

In the spring of 1994, the College of Business was renamed the Eberly College of Business. The new title of the college commemorates the generous commitment of the Eberly family through the Eberly Family Trust to the developmental needs of the college. Departments within the Eberly College of Business include Accounting, Finance and Legal Studies, Management, Management Information Systems and Decision Sciences, Marketing, and Office Systems and Business Education.

The Bachelor of Science degree is offered in Accounting, Finance, Management Information Systems, Management, Marketing, Office Systems Administration, and Human Resource Management. The Office Systems and Business Education Department offers the Bachelor of Science in Education degree with a Business Education major and Bachelor of Science in Education degree with a Marketing and Distributive Education major. There is also a two-year Associate of Arts degree in Business with a concentration in Computers and Office Information Systems offered at the Indiana and Punxsutawney campuses.

# The Eberly College of Business

## Bachelor of Science Degree

For those pursuing the Bachelor of Science degree, IUP's training will provide a broad liberal background in the behavioral sciences; a keen perception of the socioeconomic world in which we live and work; a foundation of general professional education for personally fruitful and socially useful careers in the varied fields of business; and opportunity to obtain the specialized knowledge and skills essential to future occupational growth and advancement. There are seven Bachelor of Science degrees offered in business-Accounting, Finance, Human Resource Management, Management, Management Information Systems, Marketing, and Office Systems Administration. Each area provides for a variety of business and business-related courses which are designed to enrich the student's understanding of the modern business system.

A student may not pursue coursework in the Eberly College of Business with the expectation of graduating from the college unless he/she has been accepted as a degree candidate in the college.

Enrollment in all Eberly College of Business courses at the 300 and 400 level is restricted to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

Eberly College of Business students may, in consultation with their advisers, plan their program of study to obtain a minor in an area of business specialization other than their major or a related area outside of the Eberly College of Business.

## Bachelor of Science in Education Degree

The Eberly College of Business seeks to serve the needs of its students and the needs of business, industry, and education through its diverse programs. Known for fifty years for excellence in Business Education, IUP's program in Distributive Education prepares teacher-coordinators for secondary schools offering programs in marketing, distribution, and cooperative work experience. These two degree areas (Bachelor of Science in Education with a Business Education major and the Bachelor of Science in Education with a Marketing Education major) are designed to prepare teachers for comprehensive high schools, area vocational-technical schools, and community colleges.

**Terry T. Ray, Chairperson; Affaneh, Ames, Boldin, Duhala, McCaffrey, Roberts, Strock, Troxell, Welker**

### **Finance Major**

The Finance major, leading to the degree of Bachelor of Science, is designed to educate those students who are interested in the financial management of the firm.

The objective of the finance area is to prepare students to deal with financial problem solving in the areas of financial management and investment analysis. Graduates should be knowledgeable of the basic theory of finance so as to apply it to the rapidly changing field.

**Legal Studies** Legal Studies offers a variety of law and law-related courses with a special emphasis on business applications. Legal Studies provides the student with a solid, legally oriented background necessary to a career in business or as preparation for pursuit of a law or law-related career.

## Pre-Law Minor in Eberly College of Business

The pre-law minor is intended for the student who is a business major concentrating in one of the business areas and interested in law as a career. The minor consists of 21 semester hours selected by the student from a predetermined list of courses spread over six areas of Humanities and Social Sciences. The goals of the pre-law minor are academic accomplishment, guidance, and advisement. Interested business students should contact the pre-law adviser in the Finance and Legal Studies Department.

# The Eberly College of Business

## Department of Management

**John N. Orife, Chairperson;**

**Ali, Anderson, Ashamalla, Falcone, Gibbs, Nagendra, Osborne, Rosile, Ryan, Soni, Wisnieski; and professors emeriti McGovern, Stevenson**

Graduates holding the Bachelor of Science degree in Management or Human Resource Management may find employment opportunities in both the public and private sectors. In the 1990s opportunities are expected to be especially plentiful in the services sector (e.g., retailing, health care, food services, finance, and transportation).

The Bachelor of Science in Management program offers three concentrations: Industrial Management, General Management, and Entrepreneurship and Small Business Management. Students in the Industrial Management concentration are well grounded in both management theory and application, but their focus is more upon production/operations/industrial management. The concentration in General Management is distinguished by its low level of structure or specificity. The greater flexibility of this major can be useful to the student who wishes to design a customized management specialization (e.g., fine arts management). Students taking the Entrepreneurship and Small Business Management concentration will focus on creation and operation of a small business. This concentration might also be desirable for graduates who will be working in small businesses where the manager often must wear several hats.

The Bachelor of Science in Human Resource Management prepares individuals in both the theoretical and applied aspects of managing the human resources function in organizations as a generalist or specialist.

**Free Electives:** 8-10

---

**Total Degree Requirements:** 124

(1) [AG301](#): Intermediate Accounting I may be substituted to use as prerequisite for [AG311](#): Cost Accounting.

(2) Note prerequisites for controlled electives in planning sequence.

# The Eberly College of Business

## Department of Management Information Systems and Decision Sciences

**Kenneth L. Schildt, Chairperson;**  
**Albohali, Burky, Chen, Halapin, McFerron, Nahouraii, Pierce, Solak; and professor emeritus Spencer**

The Management Information Systems major prepares students for careers in the business computer and information systems profession. Computer programming languages, software engineering, systems analysis, design concepts, computer architecture, data base management systems, microcomputer applications, and computer networks are integrated with other business disciplines to prepare students to develop and maintain business information systems. The major also incorporates an emphasis on managerial and end-user concerns related to modern information systems.

Decision Sciences provides students with the knowledge of statistical and other quantitative techniques that will help decision making in business. The techniques include mathematical programming, forecasting, inventory control, simulation, queuing theory, stochastic process, and network models.

## Department of Office Systems and Business Education

**Sharon D. Steigmann, Chairperson;**  
**Bianco, Brandenburg, Golden, Hemby, McPherson, Moore, Moreau, Rowell, Szul, Woodland; and professors emeriti Beaumont, Patterson Cordera, Mahan, Morris, Polesky, Sheeder, Thomas, Woomer**

This department offers the following degrees:

Bachelor of Science in Education with a [Business Education major](#), Bachelor of Science with a major in [Office Systems](#), and a two-year Associate of Arts degree in Business with a Computer and Office Information Systems track.

### **Office Systems Major (Bachelor of Science)**

The Office Systems program is an intensive study of office systems emphasizing the decision-making aspect of office functions and the systems approach. The program includes in-depth experiences required for an understanding of the total office system and its relationship to the total business and economic system.

The Office Systems program prepares students for careers such as office managers or supervisors, records managers, telecommunications consultants/managers, PC analysts, microcomputer user coordinators, and office systems analysts.

### **Business Education Major (Bachelor of Science in Education)**

The IUP Business Education program is accredited by the National Council for Accreditation of Teacher Education (NCATE). The program leads to the degree of Bachelor of Science in Education and to certification in Pennsylvania as a business education teacher.

Our program in business education is dedicated to preparing teachers who will be qualified and certificated to instruct students to live and work in a business environment.

The major is intended for those interested in teaching in public junior and senior high schools, vocational-technical schools, private business schools, or industry. Students have a choice of the following certification areas: accounting, data processing, marketing, office technologies, secretarial, and marketing/distributive education. They must select two or more areas of certification; one of the two areas must be office technologies. Students seeking certification in marketing/distributive education must select the areas marketing and marketing/distributive education. The courses required in each area are as follows:

**Secretarial:** [BE260\\*](#), [BE261\\*](#), [BE262\\*](#), [BE312](#) (Secretarial)

**Accounting:** [AG300](#), [AG301](#), [AG421](#), [BE312](#) (Accounting)

**Office Technologies:** [BE132](#), [BE264](#), [OS301](#), [OS400](#), [BE312](#) (Office Tech)

**Data Processing:** [OS400](#), [IM251](#), [IM255](#), [BE312](#) (Data Processing)

**Marketing:** [DE331](#), [DE332](#), [DE333](#), [BE312](#) (Marketing)

**Marketing/Distributive Education:** [MK421](#), [MK433](#), MK elective, [DE413\\*\\*](#)

\*Students should transfer these courses from another Middle States-accredited institution or obtain credit by exam.

\*\*Offered on an individualized basis.

A student must apply to the dean of the College of Education to receive an initial certificate to teach in Pennsylvania's public schools. Certification to be a business education teacher is approved by the dean of the College of Education when a student has met all the requirements in professional education, Liberal Studies, and business education major courses. Students must attain a 2.5 overall average in order to student teach. See details of the four-step process in the section "Admission to Teacher Education and Certification" in the Academic Policies section of this catalog. The candidate for certification must also complete successfully the core battery and specialization sections of the National Teachers' Examination.

All students who take a business education major also complete a track in the College of Education and must meet the standards set by that college (see Department of Office Systems and Business Education Student Handbook, page 8).

### **Practical Business Experience**

Before graduation, each business education student must document completion of 500 hours of secretarial practice, accounting practice, data processing, clerical practice, or office-related experience. This experience should be in the field or fields in which the student is contemplating certification and can be acquired during summer vacations and in offices on the campus during the regular school term. Previous documented experience may also be counted.

## Associate of Arts-Business

Offering specialization in computer and office information systems (COIS), the Associate of Arts Degree in Business is designed to be a two-year curriculum with these objectives:

1. To provide business occupational education with the opportunity for specialization in COIS.
2. To enable the student to enter COIS positions in business and government.
3. To enable the student to upgrade his/her skills and knowledge to qualify for higher positions in business and government.
4. To provide the foundation to continue education in a four-year degree program. This program is offered at the Indiana campus only.

The university has suspended admission to the COIS program at the Armstrong Campus.

# The College of Education

Since its founding in 1875 as the Indiana Normal School, Indiana University of Pennsylvania has been widely recognized for its excellent programs in teacher education. Although the scope of the university has been greatly expanded, the College of Education continues the tradition of preparing outstanding teachers to serve the students of the commonwealth and the nation.

The College of Education comprises nine multidimensional departments which offer twenty-five programs leading to the bachelor, master, and doctoral degrees. Undergraduate programs prepare students in teacher education (elementary, early childhood, secondary, vocational, and special education), communication media, and rehabilitation. In addition, a diverse set of graduate programs, detailed in the Graduate School Catalog, meet the needs of practitioners in basic education, higher education, counseling, and communication media.

The departments of the college are Professional Studies in Education, Foundations of Education, Communication Media, Special Education and Clinical Services, Educational and School Psychology, Counselor Education, Student Affairs in Higher Education, Adult and Community Education, and the University School. Each department makes a unique contribution to the total preparation of students within the college. Some programs provide service courses to enhance the professional preparation of students; others, such as professional programs in teacher education, public school administration, and personnel services lead to certification for public school teaching or supervision in the Commonwealth of Pennsylvania.

The College of Education is well known for its opportunities to practice "hands-on" learning. Over five hundred students enjoy early field experiences each semester. In addition, the College of Education places about six hundred student teachers each year in public schools which provide a full semester of supervised teaching experience. Students are encouraged to take advantage of a full range of activities offered in urban, rural, and multicultural settings.

Practical experiences are important for students majoring in communication media and rehabilitation as well. Students in these programs are prepared in one of the largest internship programs in Pennsylvania. They select supervised work experiences with agencies throughout the commonwealth and neighboring states; many students are so successful in their internship placements, they are hired immediately upon graduation.

## Teacher Certification Programs

Programs in teacher education provide students with opportunities to gain competence in both generic and program-specific competencies. Students who prepare to become teachers should be able to:

1. Demonstrate depth and breadth of knowledge in subject matter content and pedagogical skills.
2. Demonstrate an understanding of and the ability to apply the theoretical and practical aspects of human growth and development as they relate to teaching and learning.
3. Demonstrate skills and abilities to work collaboratively with others.
4. Demonstrate professional commitment to students, colleagues, and the community.
5. Demonstrate the belief that professional development is an ongoing process.
6. Demonstrate an understanding of the historical and philosophical foundations of American education.

Teacher education programs at IUP focus on student learners who are taught and guided by a faculty committed to the preparation of competent teachers. Students preparing to become teaching professionals must exhibit humanism and adaptability, practice and communicate critical thinking skills, and become excellent role models. These qualities are developed through coursework and activities that emphasize the liberal studies in concert with appropriate professional pedagogy. Collaboration is modeled as university faculty, public school personnel, and students work together to accomplish goals of the IUP teacher education programs.

## Degree Requirements

All degree candidates in the College of Education (except for three special programs) must satisfactorily complete a minimum of 124 semester hours in three categories: Liberal Studies, a specialized major field, and professional education. Program revisions are ongoing in an attempt to provide teachers in training with the most current information related to teaching and learning. Students should always consult with advisers to determine what changes, if any, have been made in their chosen program of study.

**Liberal Studies**-52-55 semester hours, described in this catalog under Requirements for Graduation.

**Specialized major field**-requirements listed under department offerings.

**Professional Education**-30 semester hours, as follows:

<a href="#">EP202</a>	Educational Psychology	3sh
<a href="#">EP377</a>	Educational Tests and Measurements	3sh
<a href="#">FE202</a>	American Education in Theory and Practice	3sh

# The College of Education

## Admission to Teacher Education Programs

University policy outlines a 4-step process for all students seeking teacher certification; the process applies to students from the time they are admitted to the teacher certification program until they graduate with recommendation for certification. The 4-Step Process policy consists of four separate phases: Teacher Certification, Junior Standing, Student Teaching, and Recommendation for Certification. The policy is fully explained in the Academic Policies section of the catalog under the heading "Admission to Teacher Education and Certification." It is imperative that students thoroughly understand the policies, procedures, and consequences of the 4-Step process as it applies to their program of study.

Admission to teacher education programs is competitive and requires students to meet the requirements outlined in Step 1 of the 4-Step Process. To qualify for admission to teacher education, all students must complete a minimum of 29 semester hours with a cumulative QPA of 2.5 or higher. In addition, students are required to submit the following items to the Dean's Office in the College of Education: (1) an application for Teacher Certification signed by the student's adviser; (2) verification of a negative TB test; (3) clearance on an initial speech and hearing test; and (4) criminal and child abuse record clearances, Acts 33/34/151.

Students who do not achieve and maintain a cumulative QPA of 2.5 or higher are unable to take coursework in the teacher education core. Some programs apply the same standard to courses in the professional core as well. Further details about core education requirements are discussed in the catalog section under Academic Policies: Admission to Teacher Education. Details of specific program requirements can be found in the section of the catalog which describes each department's programs of study. For example, a description of the Chemistry Education program may be found under the College of Natural Sciences and Mathematics, Chemistry Department, Secondary Chemistry Education; a description of the Music Education program is located under the College of Fine Arts, Music Department, Music Education; and the Elementary Education program is described under the College of Education, Professional Studies in Education Department, Elementary Education.

## Student Teaching

Student teaching is designed to be the culminating learning experience for prospective teachers. Student teachers practice teaching and managing a classroom under the supervision of a full-time master teacher in an off-campus center. A university supervisor is assigned to work with individual student teachers and cooperating teachers. To gain admission to student teaching, applicants must have achieved a minimum cumulative quality-point average of 2.5. In addition, students must complete all requirements of the 4-Step Process and should complete all other components of the Liberal Studies and professional core before student teaching. Some programs have standards above the minimum 2.5 cumulative QPA and/or course grade expectations above the minimum grade of C. Each student should counsel with his/her adviser for information about specific program requirements related to qualification for student teaching.

## Certification Requirements

College of Education requirements for recommendation for certification as a teacher, as well as the intermediate steps leading to commonwealth certification, are outlined in the 4-Step Process. The catalog section on Academic Policies under the title "Admission to Teacher Education and Certification" gives more detail about the requirements for certification. The requirements include:

- a minimum grade of C in all professional education courses and a cumulative GPA of 2.5
- review and recommendation by the major academic adviser indicating completion of all university and departmental teacher education requirements
- completion of student teaching with a minimum grade of C
- successful completion of the NTE Core Battery and NTE Specialty Area Tests
- competency in working with students with special needs (Special Education)

Applications for certification cannot be processed until the student completes the Bachelor of Science in Education degree or its equivalent.

## Dual Certification

The departments of Professional Studies in Education and Special Education and Clinical Services have developed guidelines for students wishing to complete academic requirements for a second certification. Students majoring in the Elementary Education or Early Childhood Education may do this in either Education of Persons with Hearing Loss or Education of Exceptional Persons. Majors in Education of Persons with Hearing Loss or Education of Exceptional Persons may do this in either Early Childhood Education or Elementary Education. Forms for applying for dual certification are available in the offices of the two departments. Applications must be approved by the student's adviser and by the department chairperson or assistant chairperson of both departments. Students are advised that the completion of requirements will take approximately two extra semesters, and they may wish to explore the possibility of completing the second certification at a graduate level.

## Commonwealth Requirements for Teacher Certification

(Excludes Vocational Instructional Certification. See section called "Center for Vocational Personnel Preparation.")

Certification standards for commonwealth public school teachers are established by the Pennsylvania Department of Education and the Pennsylvania Board of Education. The academic adviser of the student's major department must verify for the dean of the College of Education that all academic requirements are met. The student's name is then placed on the graduation list.

Applicants for certification must sign an attestation of United States citizenship. Applicants who are not citizens must have an immigrant visa which permits them to seek employment within the United States, and they must have declared the intent to become citizens of the United States. Applicants must also submit a physical examination report and certify they are not in the habit of using narcotic drugs in any form, do not use excessive amounts of intoxicating beverages, are not currently under indictment by legal authorities, and have not been convicted of a criminal offense. Applicants who are unable to meet one or more of these requirements must submit a full explanation with the application. In addition, they must attest to the fact that all information supplied in the application is accurate.

The Pennsylvania Department of Education issues an Instructional I certificate to beginning teachers upon graduation from and recommendation by the College of Education. All candidates for the Instructional I certificate must successfully pass the National Teacher Exam general knowledge battery and selected specialty areas tests. Since IUP is a designated test site, registration for the NTE may be completed through University Testing Services in the Career Services office. After completion of 24 additional semester hours of collegiate and/or in-service coursework and with successful teaching experience, students are eligible to receive an Instructional II certificate, which is a permanent certification to teach in the Commonwealth of Pennsylvania.

## The University Clinics

Two clinics under the supervision of the College of Education offer diagnostic testing, remedial services, and instruction. The Speech and Hearing Clinic is organized and managed by the Department of Special Education and Clinical Services. The Child Study Center is housed in the Department of Educational and School Psychology.

**The Speech and Hearing Clinic** is staffed by Special Education faculty and supervised graduate students working toward advanced degrees in Speech-Language Pathology. Using state-of-the-art equipment, clinic personnel provide diagnosis of speech problems and hearing tests and evaluations, as well as a regular program of therapy for clients. As part of this program, clinic staff members provide testing and necessary therapeutic services to all teacher education candidates, who must meet strict speech and hearing clearances. Regularly enrolled students at the university, including all teacher certification candidates, are eligible to receive these services without charge.

**The Child Study Center** provides opportunities for Educational Psychology graduate students in the post-masters certification and doctoral programs to acquire professional skills under the supervision of certified faculty supervisors. Clinic personnel provide psychological assessment for children and adolescents with learning and/or behavior problems. They also provide consultation for parents and public school personnel involved with these children.

## The University School

**Marilyn S. Howe, Director;**  
**Beisel, Ellermeyer, Ford Grove, Hechtman, Mambo, Marlin, Stephenson, Yost; and**  
**professors emeritae Davis, Fleming, Lingenfelter, Martin, Walthour**

The University School is located in Davis Hall on the IUP campus, where it is housed with the departments of Professional Studies in Education and Special Education and Clinical Services. The University School provides a program of instruction for students in kindergarten through sixth grade. In addition, the school offers a rich variety of experimental and research activities for IUP faculty and students. Faculty members from disciplines as varied as music, physical education, Spanish, elementary education, and special education have ongoing programs which are carried out at the University School. Each year, hundreds of teacher education students participate in activities such as observations, lesson presentations, and student teaching. Graduate students utilize the University School to conduct research on teaching and learning. Research and experimental activities are scheduled with the director of the University School.

The University School is a member of the National Association of Laboratory Schools. Faculty at the University School have received many grants and teaching awards in recognition of their contributions to the education profession.

# The College of Education

## Vocational-Technical Professional Studies

Sandra J. Durbin, Chairperson;  
Boyd, Brady, Debow, Dolecki, Jakubowski, Keith, Mielke, Spewock, Sylves, Whisner

The Vocational-Technical Professional Studies program offers undergraduate and graduate curriculums that prepare preservice teachers, inservice teachers, supervisors, and administrators in vocational-technical education. Students enrolling in one of the vocational education programs may specialize in an area related to interest and/or previous work experience. Programs may lead to either a Bachelor of Science in Education degree with certification or to professional certification only. Program graduates have a broad range of employment opportunities as teachers/trainers in secondary schools, vocational-technical schools, postsecondary schools, and private industry.

Certification to teach vocational-technical education in the commonwealth's secondary schools is issued to individuals who meet statutory requirements, demonstrate occupational/technical proficiency on a nationally standardized occupational competency examination, and complete 60 credit hours of the Pennsylvania Department of Education's approved university program. In the IUP program, a plan of studies will be tailored to each student's unique background (i.e., electrical, electronics, data processing, drafting, welding, dental, etc.) and professional needs.

Certification to serve as a cooperative education teacher-coordinator in the commonwealth's secondary schools can be earned by completing a program of studies tailored to each student's individual background and professional needs. The program prepares individuals for managing industrial cooperative training and school-to-work transitional experiences. For persons holding a valid Pennsylvania Instructional Certificate, the program of studies will be individualized based upon educational credits earned.

Each program offered by the Center for Vocational Personnel Preparation requires completion of the following semester hours:

[The Bachelor of Science in Education 124sh](#)

[The Vocational Technical Education Certificate 60-62sh](#)

[The Cooperative Education Teacher/Coordinator certificate 75sh](#)

## Department of Communications Media

**Kurt P. Dudt, Chairperson;**

**Ausel, Handler, Juliette, Kanyarusoke, Kornfeld, Lamberski, Leidman-Golub, Start, Willis, Wilson; and professors emeriti Klingensmith, MacIsaac, Murray, Sargent, Young**

The department offers a Bachelor of Science in Communications Media and two minors, one in Communications Media and one in Educational Technology. The department also serves preservice teachers and other students who are required to complete the basic course in Technology for Learning and Instruction, [CM301](#).

The philosophy of the Communications Media Department is to prepare generalists in the area of Communications. Our students can choose from one of three tracks within the department, depending on their career interests: Product Development, Electronic Media, or Training and Development. Regardless of the sequence chosen, students may select courses outside of their sequence in order to broaden their skills.

The faculty within the department offers a wide variety of experience in all areas of Communications Media. With the combination of classroom work and the optional internship program, departmental graduates are competitive for positions in various areas. Students graduating from this major have obtained positions in such areas as radio, television, cable television, public relations, advertising agencies, medical media centers, and corporate media centers.

The department has two minors, one in Communications Media and one in Educational Technology. The minor in Communications Media is an eighteen-credit program designed to complement any major. The minor in Educational Technology is a twenty-four-credit program designed for students in the College of Education who are completing a teaching degree.

Students changing majors from other academic departments within the university are required to have a 2.5 grade-point average before transfer will be approved.

## Department of Foundations of Education

**Kurt P. Dudt, Interim Chairperson;  
Merryman, Penta, Rotigel, Thibadeau; and  
professor emeritus Chu**

The Department of Foundations of Education serves all undergraduate students in teacher certification preparation with an introductory course, American Education in Theory and Practice. Additional areas of coursework are in urban education, curriculum development, and contemporary issues and trends in education.

Graduate courses offered by this department include Comparative, Historical, Philosophical, and Social Foundations of Education; Curriculum Development; Professional Negotiations in Education; and International Education Studies Program. For specific information concerning these courses, see the current edition of the Graduate School Catalog.

## Department of Professional Studies in Education

1. [Elementary Education Program](#)
2. [Early Childhood Education Program](#)
3. [Graduate Programs](#)

**Edwina B. Vold, Chairperson;**  
**Bieger, L. W. Briscoe, Carreiro, Cole Slaughter, Corbett, Elliott, Fennimore, Gates, Gerlach, Jalongo,**  
**Kaufman, King, Kupetz, Mikkelsen, Millward, Nastase, L. N. Stamp, Tidwell, Mark Twiest, Meghan Twiest, L.**  
**Vold, Williams, Willis, Yan; and**  
**professors emeriti Dorsey, Glott, Lore, Lott, McFeely, Mott, Reilly, Rizzo**

### **Elementary Education Program**

The Elementary Education program is designed to provide learning experiences which will assist students in developing into highly competent and effective teachers in grades K-6. Students are able to expand their knowledge through coursework and field experiences which embody content, knowledge of liberal studies, pedagogy, curriculum, human development and learning, and a historical and philosophical basis to undergird one's professional behavior. A 2.5 cumulative QPA is required to apply for teacher certification, to take major courses in the department, to apply for Junior Standing, and to student teach.

### **Early Childhood Education Program**

The Early Childhood Education Program prepares students to select from among a variety of techniques and strategies those which appropriately expand children's cognitive, social, emotional, and physical development. Through lectures, research, and on-site experiences with young children, students are able to expand their own knowledge of and attitudes toward education of young children N-3rd grade.

A 2.5 cumulative QPA is required to apply for teacher certification, to take major courses in the department, to apply for junior standing, and to student teach. Students must meet the requirements leading to teacher certification as outlined in the Academic Policies section of this catalog.

### **Graduate Programs**

Programs leading to the M.Ed. and Ed.D. degrees are described in the current issue of the [Graduate School Catalog](#). Internships and assistantships are available.

Students may also select a set of special electives from the list of Liberal Studies electives of non-Western courses that have not been used previously in their program.

---

**Total Degree Requirements:**

**126-127**

(\*) See requirements leading to teacher certification [Admission to Teacher Education](#)

(1) This sequence of ten credits fulfills the Liberal Studies natural science requirement.

(2) For students who test out of [MA152](#), consult your adviser for suggested math courses.

(3) Special Education Competency Requirement: Revision pending will eliminate exam option and will require [EX300](#) (2sh).

(4) More than twenty options are available for groupings in specific departments or cross-departmental areas. This requirement is also fulfilled by completion of an approved specialty such as FLISET, math, or reading. With permission of the chairperson of Professional Studies in Education and a specific department, a student may be allowed to create an area of specialty other than those listed. See department office for full listing; check prerequisites carefully. Submit plan to adviser for approval.

## The College of Education

### Foreign Languages and International Studies Program for Elementary Teaching (FLISET) (2)

Elementary Education/Early Childhood majors may develop an academic specialty in Spanish and International Studies, which will prepare them to teach in elementary programs where content teaching in the foreign language is the objective. To complete this specialty area, students must: (1) attain a minimum level of the ACTFL/ETS scale; (2) successfully complete a six-week summer study/internship abroad at a site approved by the department (usually the summer following the junior year); (3) successfully complete the student teaching experience in a bilingual or immersion elementary school classroom; and (4) complete the following minimum number of credits in Spanish:

**Required courses:** 22 (1)

<a href="#">SP201</a>	Intermediate Spanish	4sh	
<a href="#">SP221</a>	Intermediate Conversation	3sh	
<a href="#">SP230</a>	Intermediate Spanish Composition	3sh	
<a href="#">SP290</a>	Intensive Spanish for Elementary Teaching	3sh	
<a href="#">SP321</a>	Advanced Conversation	3sh	
<a href="#">SP340</a>	Hispanic Civilization Through the 19th Century	3sh	
<a href="#">SP390</a>	Teaching of Elementary Content Through the Spanish Language	3sh	

<b>Controlled elective:</b>	one course	3	
SPXXX	Elective (taken abroad)	3sh	

**Other Requirements:**

<a href="#">GE252</a> , <a href="#">PS387</a> , or <a href="#">AN474</a>	as the non-Western course	0	
	Study/internship in Mexico for six to eight weeks the summer following junior year	0-6sh	
	Student teaching experience in immersion classroom	0sh	

(1) While the total number of credits required in Spanish in order to attain the desired proficiency level will vary from student to student depending on the entry level of proficiency, most students can expect to complete between twenty-five and thirty-one credits.

(2) Students interested in the program should contact the director of the FLISET Program in the Department of Spanish and Classical Languages.

# The College of Education

## Department of Special Education and Clinical Services

**Richard C. Nowell, Chairperson;**  
**Bormann, Chapman, Domaracki, Ferrell, Fiddler, Glor-Sheib, Klein, Marshak, Newell, Nowell, Reber, Shane,**  
**Stein, Turton; and**  
**professors emeriti M. Bahn, W. Bahn, Morris, Scanlon**

This department offers the degree of Bachelor of Science in Education in any one of four majors. Each of the four majors follows a prescribed sequence of courses. Students may elect to major in any one of the following fields:

- [A. Education of Exceptional Persons](#)
- [B. Speech-Language Pathology and Audiology](#)
- [C. Rehabilitation](#)
- [D. Education of Persons with Hearing Loss](#)

The following grade policy applies to all four undergraduate programs of study in the Department of Special Education and Clinical Services. Individual students may appeal any aspect of the policy by making a formal written request to the Departmental Appeals Committee.

1. No more than one "D" in major courses will be accepted toward graduation and certification.
2. No "D" is permitted as the final recorded grade in any of the following courses.

<a href="#">ED421</a> :	Student Teaching
<a href="#">ED441</a> :	Student Teaching
<a href="#">EH308</a> :	Language for Persons with Hearing Loss
<a href="#">EX425</a> :	Methods and Curriculum (Mild-Moderate Disabilities)
<a href="#">EX435</a> :	Methods and Curriculum (Severe-Profound Disabilities)
<a href="#">RH322</a> :	Rehabilitation Case Study and Interpretation
<a href="#">RH488</a> :	Field Training in Rehabilitation
<a href="#">RH493</a> :	Field Training in Rehabilitation
<a href="#">SH122</a> :	Clinical Phonology

The following enrollment policy applies to three undergraduate programs in the department of Special Education and Clinical Services: Education of Exceptional Persons, Education of Persons with Hearing Loss, and Speech-Language Pathology and Audiology. To enroll in a 300 or 400 level course in those programs, a student must have a cumulative QPA of 2.5 and must meet the other provisions of the four-step process for admission to teacher education and must either be a departmental major or have permission of the departmental chairperson.

---

# The College of Education

## A. Education of Exceptional Persons

Completion of the sequence of study in this major leads to Pennsylvania Department of Education special education certification (Mentally and/or Physically Handicapped Certificate). Students will be prepared to teach persons with mental retardation, autism, developmental disabilities, learning disabilities, brain injuries, emotional/behavioral disorders, physical disabilities, and multiple disabilities. Academic coursework and field experiences are integrated within the course of study. The program also provides a foundation for pursuing additional study at the graduate level.

## Dual Certification-Education of Exceptional Persons

Students majoring in Elementary Education or Early Childhood Education may complete academic requirements for certification in Education of Exceptional Persons by completing the following requirements. Students are advised that completion of requirements for a second certification will take approximately two extra semesters.

<a href="#">ED342</a>	Pre-student Teaching Clinical Experience II (EX)	1sh
<a href="#">ED421</a>	Student Teaching (1) (EX)	6sh
<a href="#">EX111</a>	Introduction to Exceptional Persons	3sh
<a href="#">EX300</a>	Education of the Exceptional in the Regular Classroom	3sh
<a href="#">EX416</a>	Education of Persons with Emotional or Behavioral Disorders	3sh
<a href="#">EX417</a>	Education of Persons with Mental Retardation	
	or Developmental Disabilities	3sh
<a href="#">EX418</a>	Education of Persons with Physical or Multiple Disabilities	3sh
<a href="#">EX419</a>	Education of Persons with Brain Injuries	
	or Learning Disabilities	3sh
<a href="#">EX425</a>	Methods and Curriculum (Mild-Moderate Disabilities)	3sh
<a href="#">EX435</a>	Methods and Curriculum (Severe-Profound Disabilities)	3sh
<a href="#">EX440</a>	Ethical and Professional Behavior	1sh

**Recommended electives:**

<a href="#">EX340</a>	Introduction to Behavior Management	3sh
<a href="#">SH254</a>	Classroom Management of Language Disorders	3sh

(1) The 6 semester hours of student teaching in EX with students with severe and profound disabilities are in addition to the 12 semester hours normally required for Elementary Education or Early Childhood Education majors.

---

[IUUP](#) [Table of Contents](#) | [Index of Courses](#)

# The College of Education

## B. Speech-Language Pathology and Audiology

Completion of the sequence of courses in Speech-Language Pathology and Audiology serves as a preprofessional program for students planning to become practicing speech-language pathologists or audiologists. Students entering the undergraduate program should be aware of the following:

1) IUP is accredited by the Educational Standards Board of the American Speech-Language-Hearing Association and qualifies a person for the Certificate of Clinical Competence from the American Speech-Language-Hearing Association and Pennsylvania State Licensure. 2) National certification, state licensure, and Pennsylvania Department of Education Certification in Speech-Language Impaired are available only to holders of the master's degree in Speech-Language Pathology. 3) Students will need to project a minimum QPA of 3.0 to qualify for admission to most graduate schools. 4) Upon completion of a master's degree at IUP, students will be prepared to provide services in work settings such as hospitals, community clinics, public health programs, and rehabilitation settings. 5) Students who elect to prepare for certification in Speech-Language Impaired from the Pennsylvania Department of Education must successfully complete the College of Education requirements listed below prior to enrollment in the Master of Science degree in the Speech-Language Pathology program at IUP.

The University Speech and Hearing Clinic serves as the laboratory for the undergraduate clinical practicum. Prior to registration for the clinical practicum course (SH420), students must earn a minimum QPA of 3.0 and complete the following hours of observation through enrollment in ED242 and ED342:

**A.** 25 hours of observation in speech-language pathology supervised by an IUP faculty member who holds a Certificate of Clinical Competence in Speech-Language Pathology.

**B.** 20 hours of classroom observation

1. Five hours in regular education classrooms, K-3.
2. Five hours in special education classrooms.
3. Five hours in regular education classrooms with integrated special students.
4. Five hours in community facilities such as preschools, sheltered workshops, etc. Services in this category should be of a noneducational, nonspeech pathology type.

## D. Education of Persons with Hearing Loss

Completion of the sequence of courses in Education of Persons with Hearing Loss leads to a Bachelor of Science Degree in Education and Pennsylvania Department of Education certification as a "Teacher of the Hearing Impaired, K-12." Students are provided with the basic skills to teach in special classes for hard-of-hearing or deaf individuals.

Students enrolled in this sequence of study are prepared to assume positions as itinerant hearing therapists and classroom teachers for individuals ranging from preschoolers to adults. Work settings may include public schools, continuing education programs, and home training situations.

Observations, clinical experience, and practicum are required prior to placement in a school environment for the student teaching experience. The student will complete the following 50 hours of observation through enrollment in [ED242](#).

- A. 20 hours of observation of itinerant and self-contained classrooms for the hearing impaired.
- B. 10 hours of observation in regular education classrooms.
- C. 15 hours of observation in special education classrooms.
- D. 5 hours of observation in a noneducational setting.

The student will complete 50 hours of individual clinical experience through enrollment in [EH329](#) and [EH330](#) and 25 hours of school-based practicum through enrollment in [ED342](#).

## Bachelor of Science in Education-Education of Persons with Hearing Loss (\* )

**Liberal Studies:** As outlined in Liberal Studies section with the following specifications: 54-55  
Mathematics: [MA151](#)  
Social Science: [PC101](#)  
Natural Science: Laboratory Science sequence required  
Liberal Studies electives: no courses with EH prefix

**College:** 30

**Professional Education sequence:**

<a href="#">CM301</a>	Technology for Learning and Instruction	3sh
<a href="#">ED242</a>	Pre-student Teaching Clinical Experience I	1sh
<a href="#">ED342</a>	Pre-student Teaching Clinical Experience II	1sh
<a href="#">ED421</a>	Student Teaching-Hearing Impaired (Pri-Elem)	6sh
<a href="#">ED441</a>	Student Teaching-Hearing Impaired (Jr-Sr H.S.)	6sh
<a href="#">ED442</a>	School Law	1sh
<a href="#">EH360</a>	General Methodology for Persons with Hearing Loss	3sh
<a href="#">EP202</a>	Educational Psychology	3sh
<a href="#">EP377</a>	Educational Tests and Measurements	3sh (1)
<a href="#">FE202</a>	American Education in Theory and Practice	3sh

**Major:** 38

**Required courses:**

<a href="#">EH114</a>	Introduction to Persons with Hearing Loss	3sh
<a href="#">EH115</a>	Introduction to Sign Language	1sh
<a href="#">EH244</a>	Intermediate Sign Language	1sh
<a href="#">EH307</a>	Speech for Persons with Hearing Loss	3sh (2)
<a href="#">EH308</a>	Language for Persons with Hearing Loss	3sh
<a href="#">EH329</a>	Hearing Practicum I	1sh
<a href="#">EH330</a>	Hearing Practicum II	1sh
<a href="#">EH331</a>	Advanced Sign Language	1sh
<a href="#">EH351</a>	Teaching Reading to Persons with Hearing Loss	3sh
<a href="#">EH365</a>	Parent-Preschool Programs for Children with Hearing Loss	3sh

## The College of Education

### Dual Certification-Education of Persons with Hearing Loss for Early Childhood Education Majors

Students majoring in Early Childhood Education may complete academic requirements for certification in Education of Persons with Hearing Loss by completing the following requirements. Students are advised that completion of requirements for a second certification will take approximately two extra semesters.

<a href="#">ED342</a>	Pre-student Teaching Clinical Experience II	1sh
<a href="#">ED421</a>	Student Teaching (1) (EH)	6sh
<a href="#">EH114</a>	Introduction to Persons with Hearing Loss	3sh
<a href="#">EH115</a>	Introduction to Sign Language	1sh
<a href="#">EH244</a>	Intermediate Sign Language	1sh
<a href="#">EH307</a>	Speech for Persons with Hearing Loss	3sh
<a href="#">EH308</a>	Language for Persons with Hearing Loss	3sh
<a href="#">EH329</a>	Hearing Practicum I	1sh
<a href="#">EH330</a>	Hearing Practicum II	1sh
<a href="#">EH331</a>	Advanced Sign Language	1sh
<a href="#">EH365</a>	Parent-Preschool Programs for Children with Hearing Loss	3sh
<a href="#">SH222</a>	Introduction to Audiology	3sh
<a href="#">SH311</a>	Aural Rehabilitation	3sh

**Recommended electives:**

<a href="#">EH351</a>	Teaching Reading to Persons with Hearing Loss	3sh
<a href="#">SH242</a>	Speech Science I	3sh
<a href="#">SH334</a>	Language Development	3sh

- (1) Student Teaching Configuration-In addition to their regular requirement of 12 semester hours in Early Childhood Education, dual certification students must do an extra six credits placement. The recommended pattern is as follows:
- 6 semester hours in K-3 regular classroom
  - 6 semester hours in K-3 classroom with deaf and/or hard-of-hearing pupils included
  - 6 semester hours in upper school classroom with deaf and/or hard-of-hearing pupils
  - Total = 18 credits inclusive for both certifications

# The College of Education

## Dual Certification-Education of Persons with Hearing Loss for Elementary Education Majors

Students majoring in Elementary Education may complete academic requirements for certification in Education of Persons with Hearing Loss by completing the following requirements. Students are advised that completion of requirements for a second certification will take approximately two extra semesters.

<a href="#">ED342</a>	Pre-student Teaching Clinical Experience II	1sh
<a href="#">ED421</a>	Student Teaching (1) (EH)	6sh
<a href="#">EH114</a>	Introduction to Persons with Hearing Loss	3sh
<a href="#">EH115</a>	Introduction to Sign Language	1sh
<a href="#">EH244</a>	Intermediate Sign Language	1sh
<a href="#">EH307</a>	Speech for Persons with Hearing Loss	3sh
<a href="#">EH308</a>	Language for Persons with Hearing Loss	3sh
<a href="#">EH329</a>	Hearing Practicum I	1sh
<a href="#">EH330</a>	Hearing Practicum II	1sh
<a href="#">EH331</a>	Advanced Sign Language	1sh
<a href="#">EH351</a>	Teaching Reading to Persons with Hearing Loss	3sh
<a href="#">SH222</a>	Introduction to Audiology	3sh
<a href="#">SH311</a>	Aural Rehabilitation	3sh

**Recommended electives:**

<a href="#">SH242</a>	Speech Science I	3sh
<a href="#">SH334</a>	Language Development	3sh

- (1) Student Teaching Configuration-In addition to their regular requirement of 12 semester hours in Elementary Education, dual certification students must do an extra six credits placement. The recommended pattern is as follows:
- 6 semester hours in a regular elementary classroom
  - 6 semester hours in an elementary classroom with deaf and/or hard-of-hearing pupils included
  - 6 semester hours in upper school classroom with deaf and/or hard-of-hearing pupils
  - Total = 18 credits inclusive for both certifications

## The College of Fine Arts

The College of Fine Arts has professional programs in art, music, and theater and awards the Bachelor of Arts and Bachelor of Fine Arts degrees. Programs leading to certification to teach are offered in cooperation with the College of Education and lead to the Bachelor of Science in Education degree.

With one of the largest arts programs in the commonwealth, IUP's College of Fine Arts offers members of both the university and the extended community many opportunities to learn and grow. Dedicated facilities for each department are augmented by a 1,600-seat auditorium, two theaters, two art galleries, a university museum, a recital hall, and a dance studio. Typically, the college sponsors two-to-three-hundred arts events annually, and our students, who currently enjoy the strongest academic profile of any of the university's colleges, have opportunities to develop their talents locally, regionally, and even nationally through a variety of long-established field based programs.

There are four objectives for the College of Fine Arts:

- 1) to provide special academic programs for majors in the arts
- 2) to provide service courses for other departmental majors
- 3) to offer all university students general courses in the arts
- 4) to make cultural programs in the arts available to the university, the surrounding community, and the local region

There are no additional college requirements for graduation beyond the university and departmental requirements listed in other sections of this catalog.

# The College of Fine Arts

## General Fine Arts Major

A general fine arts major program is available for those students desiring to take coursework in art, dance, interior design, media, music, and theater. This program is offered in conjunction with the College of Education and the College of Health and Human Services. This interdisciplinary program, including an opportunity for an internship ([FA493](#)), is coordinated through the Office of the Dean, College of Fine Arts, where additional information is available.

# The College of Fine Arts

## Bachelor of Arts-General Fine Arts

**Liberal Studies:** As outlined in Liberal Studies section 53-55 with the following specifications:

Liberal Studies electives: no courses with FA prefix

**Major:** 36

**Required courses:**

Courses must come from three departments, one of which must be Art, Music, or Theater

**Controlled electives:**

Art: Art Education (AE), Art History (AH), Art Studio (AR)  
Music: Music (MU), Music History (MH), or Applied Music (AM)  
Theater: Any Theater (TH) courses  
Consumer Services: Interior Design courses (CS)  
Communications Media: Any courses (CM)  
Dance: (HP) Dance courses

**Other Requirements:** 0

At least one-third (12) of the major credits must be in courses numbered in the 300s and 400s. No course that is used to fulfill Liberal Studies requirements may be used again to meet major requirements.

**Free Electives:** 33-35

---

**Total Degree Requirements:** 124

---

# The College of Fine Arts

## Department of Art

**Anthony G. DeFurio, Chairperson;**

**Ali, Ben-Zvi, Boerner, Burwell, Ciganko, Clay, Hamilton, Hedman, Lacey, Mitchell, Nestor, Palmisano, J. Slenker, R. Slenker, Villalobos, Weiland; and**

**professors emeriti Balsiger, Battaglini, Dongilla, Dropcho, Innes, Johnson, McVitty, Seelhorst, Vislosky, Wert**

The Department of Art provides both general and special courses in art, directed toward the development of the student's creative and expressive abilities. Degrees offered are the Bachelor of Arts with tracks in either Art History or Art Studio, the Bachelor of Fine Arts in Art Studio, and the Bachelor of Science in Education in Art Education. The degree in art education provides certification for teaching art in grades K-12 in the schools of Pennsylvania.

The Department of Art offers a cooperative program with the Art Institute of Pittsburgh. Students interested in commercial art, with departmental approval, may earn credit toward their major at the Art Institute.

All art majors are obligated to fulfill the university requirements for Liberal Studies. Art education majors must maintain a 2.5 average overall Q.P.A., and this is a prerequisite to student teaching.

A minor in art is available, consisting of at least 18 semester hours in art courses approved by the chairperson of the Department of Art.

Acceptance by the Department of Art as a major requires the submission of a portfolio and approval of the portfolio committee. Detailed information will be sent to the applicant upon request.

# The College of Fine Arts

## Department of Music

**John F. Scandrett, Chairperson;**  
**Adams, Bird, Borst, Casavant, Chepaitis, Dearing, Dickinson, Dietz, Fry, Godt, Intili, Kauffman, Kuehn, Lloyd, Luchsinger, Mantel, McBride, Olmstead, Perlongo, J. Radell, Sartori, Stamp, Staples, Teti, Thorell, C. Weber, Wheatley, Wilson, Wulforth; and**  
**professors emeriti Becker, DiCicco, Johnson, Malitsky, Perkins, Stitt, Vansteenkist**

The Department of Music has a threefold mission: (1) professional preparation of music educators and performers, (2) liberal studies for the university, and (3) programs of music for the community. Degrees offered include the Bachelor of Arts, Bachelor of Fine Arts, and Bachelor of Science in Education.

Admission to the Music Department requires satisfactory completion of an audition in addition to the university general requirements. Detailed information will be sent to the applicant upon request.

A student wishing to minor in music must elect a minimum of 15 semester hours in music courses as approved by the department chairperson. The program leading to the Bachelor of Arts in music has been designed to give the student a general experience in music. The student seeking this degree has the choice of four tracks: Music History/Literature, Music Theory/Composition, Performance, or Jazz Studies.

The program leading to the Bachelor of Fine Arts in Music (equivalent to the Bachelor of Music Degree) is a special program with a major in one of twenty-one areas of performance. The student in this program prepares to pursue a career as a professional performing musician.

The program leading to the Bachelor of Science in Education with a music major leads to certification to teach in the schools of Pennsylvania.

### Special Requirements

1. Each student must declare a primary performing medium. Those who elect voice as their primary instrument normally elect piano as a secondary instrument; those who elect piano as their primary instrument normally elect voice as their secondary instrument. Performance juries are held at the end of each semester. Students are expected to complete the requirements for their performing area and level. Piano proficiency is required in all degree programs.
2. Ensemble participation of 5 hours a week is required each semester. Students may fulfill this departmental requirement by participation in either one-credit or zero-credit ensemble(s). In meeting the degree requirements of 7-8 semester hours of ensemble credit, enrollment in credit-bearing ensembles is flexible across semesters.
3. Students must register for [MU475](#) (Music Lab) and attend (1) all department and area recitals and (2) eight campus recitals and concerts each semester.

## Department of Theater

**Annie-Laurie Wheat, Chairperson;  
Ault, Blackledge, Boda, Bowes, B. R. Jones, Lommock, McCreary, Simpson; and  
professors emeriti Eisen, Ensley**

The Department of Theater is dedicated to theater as a collaborative and highly disciplined fine art that demands a broad-based education and offers a wide view of the world as a part of a liberal and humanistic education. Students wishing to share in this will find the Department of Theater committed to the following:

1. providing comprehensive coursework, from introductory through advanced levels of study, in all major areas of theater
2. providing diverse production opportunities to develop and enhance expertise, as well as stimulate artistic and intellectual growth of both the students and the faculty
3. augmenting and complementing the aesthetic offerings of the university community

The Department of Theater offers a Bachelor of Arts degree as well as minors in both theater and dance. The department offers courses in theater history, drama, and criticism as well as basic and advanced coursework in acting, dance/movement, voice, directing, design, and technical theater. A minor in theater consists of 15 semester hours in coursework approved by the chairperson of the Department of Theater. The requirements for the minor in dance are outlined elsewhere.

As a practical extension of the academic program, the Department of Theater offers a variety of production opportunities in the Theater-by-the-Grove Mainstage and Studio theaters. The IUP Dance Theater performs twice annually, and the department has a professional theater company, Summer Theater-by-the-Grove, to offer students summer options.

Admission to the Department of Theater requires satisfactory completion of an audition or interview, in addition to the university's general admission requirements. Detailed information will be sent to applicants upon request.

**The Department of Theater is an accredited institutional member of the National Association of Schools of Theater (NAST).**

## Dance Minor

(To be implemented in 1996-97, pending Council of Trustees approval.)

The Dance Minor program provides a foundation for those interested in teaching dance, working with a dance company, managing a private dance studio, working with theater productions, or desiring a broad-based education within the dance discipline.

The Dance Minor is an eighteen-credit program with nine required credits and nine elective credits. The required credits include the pertinent foundation courses and higher-level theory courses. The required courses also provide design elements of production, fundamental and historical theories of dance, and dance choreographic and teaching theories that cannot be obtained in any of the elective courses. The elective credits include the technique courses.

The Dance Minor is based on the National Standards for Arts Education dance requirements. Using this basis for the program ensures fundamental preparation for a number of student needs, for example: the dance teacher, the performer, and/or the dance studio owner.

The program is also designed to fulfill the needs of a Liberal Arts minor in dance. Through advisement, the minor program can serve the individual student's needs. The program would be of interest to secondary elementary, elementary education majors, small business majors, recreation and physical education majors, and anyone else who has an interest in dance and wants to broaden his or her Liberal Arts education.

**Required Courses:** 9  
[TH116](#) Fundamentals of Theatrical Design 3sh

**One of the following:**

# The College of Health and Human Services

The College of Health and Human Services is composed of six academic departments: Food and Nutrition; Health and Physical Education; Hotel, Restaurant, and Institutional Management; Human Development and Environmental Studies; Nursing and Allied Health Professions; and Safety Sciences. Each department provides theoretical, laboratory, and practical experiences for students and prepares them for selected careers.

Faculty members of the college hold advanced academic degrees in their area of expertise. They have extensive experience as teachers and advisers and have had experience working in a variety of career fields.

Students can study in the following academic areas: Child Development/Family Relations, Community Services, Consumer Affairs, Dietetics, Fashion Merchandising, Food and Nutrition Science, Food Service Management, Health and Physical Education, Home Economics Education, Hotel Management, Interior Design/Housing, Medical Technology, Nuclear Medicine Technology, Nursing, Physical Education and Sport Science, Respiratory Care, and Safety Sciences.

College goals are designed to emphasize the areas of human development and family relations; positive health in growth and development through nutritional, physical, and emotional fitness; prevention of illness; restoration of optimal health after illness; occupational safety and health; teacher education; consumerism; commercial and residential design; merchandising and buying of apparel and home furnishings; and management within the hospitality industry.

Courses in natural sciences are required of all academic majors, and students are encouraged to become involved in research activities and computer utilization.

The college offers a variety of opportunities to extend the students' educational experience through honorary and service organizations; field organizations; and sports and recreational activities. Employment opportunities for graduates of the college are excellent.

## Department of Food and Nutrition

**Joanne B. Steiner, Chairperson;  
Cessna, Dahlheimer, Johnson, Moore-Armitage; and  
professor emerita Minnick**

The Food and Nutrition Department offers degree programs in dietetics and food and nutrition science. These curriculums prepare students as professionals for a diversity of career opportunities in health care, food service, the food industry, and food and nutrition research.

In addition, the department provides Liberal Studies courses which are available to all university students. These include [FN143](#): Nutrition and Wellness, an option in the university's Liberal Studies requirements for Health and Wellness; [FN145](#): Introduction to Nutrition, a Liberal Studies elective; and [LS499](#): Human Food Consumption Patterns, a synthesis course.

## Dietetics

The dietetics program meets the didactic academic requirements approved by the American Dietetic Association. Students are prepared for careers in clinical dietetics, dietary food service management in health care facilities, administrative dietetics, and community nutrition. Other exciting career opportunities exist in the areas of consumer education, government agencies, sports nutrition, corporate wellness, and private practice.

## Nutrition Minor

This minor sequence is recommended for students majoring in the related health disciplines such as child development, home economics education, nursing and allied health, and health and physical education. Students electing a minor in nutrition must complete 16 credit hours of coursework from the courses listed below. Students must note that the completion of this minor neither meets the requirements for practice as a credentialed nutritionist nor satisfies the academic requirements of the American Dietetic Association for a registered dietitian. For additional information about these careers, contact the Food and Nutrition Department.

## Required Program-Liberal Studies

The Department of Health and Physical Education through its Health and Wellness course in the Liberal Studies program seeks to enhance the overall well-being of students through instruction planned to promote and maintain desirable levels of physical, mental, emotional, and social well-being. Self-responsibility in the following dimensions of wellness is emphasized: nutritional awareness, stress awareness and management, exercise and fitness, substance use and abuse, and sexually transmitted diseases/AIDS. The importance of reducing risk factors for chronic degenerative disease and managing lifestyle factors for promotion of health is presented with implication for both the present and future. Information is provided during class lectures and enhanced by a variety of practical learning experiences which give students opportunities for self-assessment and personal application of the subject matter.

In addition, the department offers a variety of one-credit activity courses focusing on physical fitness and the development of skills essential for recreation and lifetime sports. Instruction is offered in many activities including aerobic dance, archery, badminton, bowling, fencing, golf, resistive exercise, scuba, swimming, tennis, volleyball, and others.

The university's Liberal Studies requirements, in effect since fall, 1989, require that each student successfully complete [HP143](#): Health and Wellness or its alternate, [FN143](#): Nutrition and Wellness. Students may also elect to take 4 semester hours of the ROTC program ( [MS101-MS102](#) ) as an alternate to the wellness courses. Activity courses will continue to be offered, although they are no longer required. It is encouraged and recommended that students choose these courses as elective credits.

# The College of Health and Human Services

## Bachelor of Science Degree (Physical Education and Sport)

The Bachelor of Science Degree in Physical Education and Sport provides greater emphasis on subject matter/content and less on pedagogy. Students who select this emphasis area generally apply their knowledge in fields of exercise science, community and corporate fitness, cardiac rehabilitation, pre-physical therapy, and/or executive fitness programming. Requirements for the degree in Physical Education and Sport include:

- 1) the university's Liberal Studies requirements;
- 2) 31 credit hours in the HPE Core; and
- 3) nineteen credits from the Physical Education and Sport requirements.

In addition, the Department of Health and Physical Education has developed two programs approved by the National YMCA Physical Education Office to provide for the professional preparation of YMCA aquatic directors and physical directors. Both programs emphasize high standards and are vitally concerned with the major objectives of YMCA physical education. Specialized "Y" courses are offered through the IUP Aquatic School, the annual Middle Atlantic Region Aquatic Institute held at IUP each spring, and through other special YMCA programs conducted on the IUP campus and sponsored in cooperation with the Middle Atlantic Region Physical Education Program.

## Bachelor of Science in Education (Health and Physical Education)

Requirements for the degree of Bachelor of Science in Education with a major in Health and Physical Education include the university's Liberal Studies requirements, Professional Education requirements, and the Health and Physical Education core requirement. Upon completion of the degree program and successfully passing the National Teachers Exam, the student is qualified for an Instructional I Certificate in Health and Physical Education, issued by the Pennsylvania Department of Education in Harrisburg. This certificate is valid for teaching health and physical education in grades K through 12 for three years in the public schools of Pennsylvania. All students seeking Pennsylvania certification must follow the four-step process described in the section "Admission to Teacher Education and Certification" found in the Academic Policies section of the catalog.

## Health and Physical Education Core

The Health and Physical Education curriculum identifies a required core of studies which emphasizes a body of knowledge relevant to the study of professional health and physical education, as well as the study of physical education and sport. Courses contained in the core are those which are intended to teach students to identify and solve problems by applying relevant knowledge and also to engage in self-directed learning.

Candidates for the degree program in Health and Physical Education must demonstrate acceptable cognitive and psychomotor qualifications as well as desirable character and personality traits. The professional program seeks to foster those qualities of individual character and competence that are inherent in personal and professional maturity. These competencies are evaluated at the end of the sophomore year. The student is either granted Advanced Standing in the department or restricted in scheduling advanced courses for not less than one probationary semester. Continuation in the major program is based upon attainment of department Advanced Standing.

## Driver Education-Safe Living 7-12

Candidates for the driver education certification must possess, or be a candidate for, a valid Pennsylvania certificate in any area of certification. A student must currently complete the following four courses [HP251](#), [HP252](#), [HP353](#), and [HP354](#). Students must request the certificate in driver education-safe living 7-12 when they apply for graduation. For students who have already graduated, contact the office of the Dean, College of Education, for correct procedure.

## Aquatics School Course Offerings

Each summer the department offers the annual Aquatics School for eight consecutive days. Students must be seventeen years of age or older and possess the necessary aquatic prerequisites. A fee will be charged which will include room, three meals a day, use of equipment, accident insurance, transportation to and from the lake, and special one-night programs. Certification will be granted by the American Red Cross, National YMCA, Professional Association of Diving Instructors, and the American Heart Association upon completion of courses. All courses may be taken for college credit, if the student is eligible and pays the additional tuition fee. For more information, contact the aquatic director. Courses offered exclusively as a part of the Aquatics School are [HP267](#), [HP268](#), [HP269](#), [HP270](#), [HP271](#), [HP272](#), [HP273](#), [HP274](#), [HP276](#), [HP277](#), [HP279](#), and [HP280](#). Courses offered during the academic year as well as in summer school include [HP242](#), [HP261](#), [HP265](#), and [HP266](#).

## Department of Hotel, Restaurant, and Institutional Management

**Jeffrey A. Miller, Chairperson;  
Baker, Cauffiel, Marshall, Shiring, Van Dyke; and  
professors emeriti Simkins, Woods**

The department offers students an academic preparation leading to a Bachelor of Science degree in Hotel, Restaurant, and Institutional Management. Students take general courses in business, chemistry, biology, computer literacy, and foreign language. Students elect to concentrate in either food service management or lodging management. The program has received accreditation from the Accreditation Commission for Programs in Hospitality Administration.

The food service management track prepares men and women for management positions in restaurants, corporate food services, entertainment or recreation food service, health care, or other institutional and contract food service.

The lodging management track prepares women and men for management positions within hotels, resorts, and other lodging operations. Emphasis is on the study of housekeeping, rooms, and sales departments but also includes food production and service.

Both programs require the student to complete 880 hours of hospitality industry work experience before graduation. The first 440 hours are completed during the freshman and sophomore years in any type of hospitality position selected by the student and must be completed before the internship is scheduled. The second 440 hours are completed an internship. The internship is supervised by a faculty member who assists the student in developing the learning package to be achieved during the internship and who advises the intern on university, department, and site requirements.

Professional-type uniforms are prescribed as part of the dress code for departmental majors in all food production courses.

# The College of Health and Human Services

## Department of Human Development and Environmental Studies

**Donna L. Streifthau, Chairperson;**

**Austin, Bell, Gordon, Heckroth, Kesner, Lynn, A. Nelson, L. Nelson, Rodgers, Schmitt, Swinker, Viggiano; and professors emeritae Cramer, Gallati, Hovis, Kazmer, Wood**

The Department of Human Development and Environmental Studies was created by the merging of the Home Economics Education and Consumer Services departments. The mission statement of the Department of Human Development and Environmental Studies is to empower individuals to support human and environmental needs, enabling them to perform professionally in a changing, diverse technological and global society.

The department is composed of majors that are interdisciplinary and share humanistic values. All majors have an applied research focus and stress critical thinking, professional judgment, decision making, and synthesis of information with direct focus upon career paths.

The Human Development and Environmental Studies Department offers academic programs leading to the Bachelor of Science degree in the following majors: Child Development/Family Relations, Consumer Affairs, Fashion Merchandising, and Interior Design/Housing. The Home Economics Education program leads to a Bachelor of Science in Education. These majors prepare men and women for positions in business, the community, and education. The majors also prepare students for graduate study in the areas of interior design, housing, clothing, textiles, consumer economics, community service, child development, family studies, or education.

Faculty advisers work closely with students in planning and integrating the academic program to meet the students' career goals and to supplement classroom experiences. Internships are available and encouraged so students can apply academic knowledge to actual situations. International study is also available to provide an enriching cultural experience.

## Consumer Affairs

The Consumer Affairs major prepares individuals for professional positions in government, business, and the community. This option concentrates on consumer economic behavior and consumer protection and their relationship to the fair exchange and consumption of products and services. The increased interest in consumer concerns has resulted in creating and expanding positions for persons with an understanding of consumer needs, business operations, and regulatory agencies. The interdisciplinary approach provides the necessary knowledge and skills to fulfill the requirements of such positions.

## Fashion Merchandising

The Fashion Merchandising program provides course emphasis in clothing and human behavior, apparel production and analysis, textiles and quality control, apparel distribution, merchandising and promotion, global diversity, historic textiles and apparel, color and aesthetics, and apparel construction. Communications, problem solving, group project organization, professional presentation, and analytical and critical thinking skills are incorporated in course content. The Eberly College of Business complements the Fashion Merchandising major by providing study in one of three options: Business Administration, Marketing, and Small Business Management.

A cooperative program between IUP and the Fashion Institute of Technology in New York City allows students to study one of seven majors: accessories design, advertising and communications, advertising design, fashion design, manufacturing management, textile/surface design, and textile development and marketing.

Graduates of the Fashion Merchandising program are being prepared for entry-level positions such as manufacturer's sales representative, production assistant, ready-to-wear quality control analyst, textile testing laboratory technician, management trainee leading to position of store manager, executive/merchandising trainee leading toward position of buyer/merchandise manager, museum curator assistant, personal color consultant, and personalized shopping specialist for an up-scale retail firm.

## Interior Design/Housing

The Interior Design program develops creative individuals who are able to conceive, propose, and implement design solutions supportive of the needs of people and the environment. Emphasis is placed on research, synthesis of information, and creative problem solving. Space planning, design graphics, lighting, color theory, historical and modern interiors, housing, and textiles form the core of the program. Students develop an understanding of the Americans with Disabilities Act (ADA) and its relationship to barrier-free design and a sensitivity to global environmental issues. Students tour a variety of settings including offices, museums, factories, showrooms, retail outlets, construction sites, and other design-related facilities. Supportive courses are available in art and business. Potential careers include commercial and residential design, housing, sales, historical preservation, and showroom management.

## Home Economics Education

The Home Economics Education major prepares students for the teaching of home economics-related subjects in the public schools. Coursework is required in all areas of home economics/family and consumer services, including child development and family relations, consumer economics, clothing, foods, and interior design/housing. Professional education courses are also required.

## Child Development/Family Relations Major

The Child Development/Family Relations program leads to a Bachelor of Science degree. Primary objectives of the program are to prepare professionals to administer and/or work in programs that entail aspects of child development and family relationships; to teach at the adult level; or administer human services agencies at federal, state, or local level. The program also provides preparation for students who want to pursue graduate study in child development or family studies. Students in Child Development/Family Relations may secure certification in Early Childhood Education through an optional program.

## Department of Nursing and Allied Health Professions

**Jodell L. Kuzneski, Chairperson;**

**Barlow, Beck, Bellak, Berg, Cunningham, Edwards, Gerwick, Hartman, Holmes, Labant, Polansky, Rossiter, Sadler, Settlemyer, Shellenbarger, Smatlak, Snyder, Szwarc, Twal, Walz, Zuraikat; and professors emeritae Blair, Hart, Kresak, Murray, Thistlethwaite**

The College of Health and Human Services offers a curriculum leading to the Bachelor of Science Degree in Nursing. Students are admitted to the nursing major as freshmen. Upon completion of the program, the graduate is prepared to write the examination for licensure as a Registered Nurse in Pennsylvania and other states. The program is fully accredited by the National League for Nursing.

The nursing curriculum has as its primary goal the development of competent professional nurses who are liberally educated, clinically competent, and aware of their social responsibilities as members of the health professions. The program is designed to provide a broad background in liberal education, coupled with the specialized knowledge and skills required for professional nursing. Additionally, the curriculum prepares the nurse to practice within the professional code of nursing ethics, to function effectively as a member of the health care professions, and to utilize scientific principles in planning and implementing health care. The nursing program emphasizes concepts in health promotion and maintenance and restoration of wellness for people of all ages.

The first three semesters are devoted mainly to Liberal Studies and science courses considered essential to the nursing major. The first clinical nursing courses begin in the fourth semester. Clinical experiences in patient care are provided in acute and long-term care facilities as well as community health agencies throughout the last five semesters. Detailed information is available in the department office regarding health screening requirements, professional uniform requirements, liability insurance needs, and transportation requirements. There is an option to complete the program in five years.

Registered Nurse students are enrolled in the basic baccalaureate program in nursing. They will have an upper-division major in Nursing and will fulfill all degree requirements set by the university and the Nursing Department. The Registered Nurse student may be awarded advanced standing, based on prior work completed at an accredited college or university and on exemption tests in nursing at a given point in the curriculum.

## Respiratory Care

Respiratory therapists assist physicians in the care of patients who have respiratory system problems or illness that relates to breathing. Their assistance includes administering gaseous drugs and executing therapeutic procedures. Included are the operation and maintenance of specialized equipment.

The program leads to the Bachelor of Science Degree in Respiratory Care. Presented jointly by IUP and the School of Respiratory Care, Western Pennsylvania Hospital in Pittsburgh, the program offers intensive theoretical and applied knowledge to produce highly skilled graduates who are prepared to enter the profession as therapists or instructors.

Two academic years of university studies, followed by two academic years of hospital studies and clinical practice, constitute the program. Incoming students must maintain a QPA of 2.25 in Natural Sciences and Mathematics to be considered for admission into the clinical years in Respiratory Care. However, since admission to the hospital is competitive, IUP cannot guarantee admission into the hospital program.

# The College of Health and Human Services

## Medical Technology

Medical Technology encompasses the study of analytical and diagnostic procedures used in clinical laboratories and in medical research. Medical technologists perform a variety of laboratory tests upon which the physician depends for accurate diagnosis, prognosis, and proper treatment of the patient. The program of studies, presented jointly by IUP and accredited medical technology programs in hospitals, prepares the student to enter the profession. Upon completion of the four-year program, the degree of Bachelor of Science in Medical Technology is granted. The program also prepares the student for graduate and professional schools.

IUP maintains short- and long-term affiliations with selected hospital schools. The Allied Health Professions coordinator provides student counseling and maintains a liaison with hospital schools. However, since admission to any hospital program is on a competitive basis, IUP cannot guarantee admission into any hospital program.

The following programs maintain permanent agreements of affiliations with IUP: Abington Memorial Hospital, Abington; Allegheny General Hospital, Pittsburgh; Altoona Hospital, Altoona; Conemaugh Valley Memorial Hospital, Johnstown; Geisinger Medical Center, Danville; Lancaster General Hospital, Lancaster; Latrobe Area Hospital, Latrobe; Polyclinic Medical Center, Harrisburg; Medical College Hospitals, Elkins Park; Scranton Medical Technology Consortium, Scranton; St. Vincent Health Center, Erie; and Washington Hospital, Washington. Other temporary affiliations are negotiated for the convenience of the student.

Completion of academic studies at IUP and of one year of clinical experience qualifies the student to take a national certification examination. Successful results on this examination lead to certification as a professionally qualified medical technologist.

## Nuclear Medicine Technology

Nuclear Medicine is the medical specialty that utilizes the nuclear properties of radioactive and stable nuclides to make diagnostic evaluations of the anatomic or physiologic conditions of the body and to provide therapy with unsealed radioactive sources. A nuclear medicine technologist's skills complement those of the nuclear medicine physician and other allied health professionals.

The nuclear medicine technologist is a highly trained individual who has completed an approved course of study in the theory of nuclear medicine technology. This allied health profession utilizes radioactive materials for the diagnosis of various pathological disease states and for the treatment of some specific disorders. The American College of Radiology, American Medical Association, American College of Medical Technology, American Society of Technologists, Society of Nuclear Medicine, and the Society of Medicine-Technologist Section cooperate to establish, maintain, and promote appropriate standards of quality for educational programs in nuclear medicine technology.

The program leading to a Bachelor of Science degree in Nuclear Medicine Technology consists of three years of study at IUP and one year at the University of Findlay/Nuclear Medicine Institute in Findlay, Ohio. Incoming students must maintain a QPA of 2.25 in the Natural Science and Mathematics to be considered for admission to the Nuclear Medicine Institute. Since admission to the Nuclear Medicine Institute is competitive IUP cannot guarantee admission into their program.

## Department of Safety Sciences

**Robert D. Soule, Chairperson;**  
**Chekanski, Christensen, Engler, Ferguson, Joseph, McClay, McClosky, Reed, Rhodes**

The department offers the Bachelor of Science degree in Safety Sciences with specialization in occupational safety and health. The program in Safety Sciences prepares the student for professional, administrative, managerial, and supervisory positions in industry, manufacturing, insurance, transportation, utility, government, construction, trade service industries, and others. There remains an acute need in Pennsylvania and the nation for university-educated occupational safety and health professionals. The curriculum includes a major of 36 semester hours in Safety Sciences and an additional 18 semester hours in related professional courses. A variety of elective courses are available in both the major and professional course fields that enable students to strengthen their primary interest areas.

## The College of Humanities and Social Sciences

The College of Humanities and Social Sciences provides a liberal education as an essential foundation for the student's preparation for a satisfying career. The college maintains an emphasis on the fundamental understanding of our cultural heritage, combined with development of a thorough background of knowledge in the student's specific area of interest. It seeks to promote in students critical and objective thinking, analytical skill, and a keen awareness of their responsibilities to society.

## Degrees

The departments of Anthropology, Criminology, Economics, English, French, Geography and Regional Planning, German, History, Journalism, Philosophy and Religious Studies, Political Science, Spanish and Classical Languages, and Sociology offer work leading to a Bachelor of Arts degree. The Bachelor of Science is offered in Regional Planning. Criminology, English, Geography and Regional Planning, History, Industrial and Labor Relations, Political Science, and Sociology offer Master of Arts or Master of Science degrees. The English and Criminology departments offer the Doctor of Philosophy degree. Information about these graduate programs may be obtained from the Graduate School.

## Degree Requirements

In addition to the university's Liberal Studies requirements, all students seeking a baccalaureate degree in the College of Humanities and Social Sciences must complete the requirements for a major as established by the department through which they wish to specialize. Statements of these requirements, and the requirements for those minoring in a specific field, appear in the department sections that follow. A double major or minor may encompass a discipline outside as well as within the college but should be selected only with adviser approval. As a general principle, there is considerable latitude in course choice for Humanities and Social Sciences majors. The intermediate-level foreign language requirement (a description follows) applies without exception to all Humanities and Social Sciences four-year degree programs.

## College Foreign Language Requirements

Students in the Colleges of Natural Sciences and Mathematics and of Humanities and Social Sciences must demonstrate an intermediate level of foreign language proficiency as a college requirement for graduation. They may choose any of the languages offered, including self-instruction in the Critical Languages, described below. Intermediate-level foreign language courses will also count as Liberal Studies electives.

For students with previous foreign language instruction or experience, individual placement into foreign language courses may be done during placement testing and registration prior to the first semester at IUP. Students whose placement test demonstrates competence equivalent to the intermediate level are considered to have fulfilled the foreign language requirement. Students with no previous foreign language background will take entry-level courses, which may be counted as free electives in the total required for graduation.

Any foreign student, registered as such at IUP, whose acquired native language is other than English and who demonstrates an acceptable proficiency in English, is exempt from the foreign language requirement if the department of the student's major does not require a specific foreign language.

# The College of Humanities and Social Sciences

## Critical Language Program

The Critical Language Program is a self-instructional/tutorial approach to less commonly taught foreign languages. Students meet with a tutor three hours per week in addition to practicing with audio cassettes. Most tutors are native speakers of the language. Professional teachers of the specific language may be brought in from other universities to evaluate student performance. The final grade is based on final examination as well as on performance during the tutorial sessions. Interested students must contact the coordinator before registration. Each course carries three semester hours of credit.

The following languages may be available for study: Arabic, Chinese, Dutch, Modern Greek, Modern Hebrew, Hindi, Hungarian, Italian, Japanese, Korean, Portuguese, Russian, and Turkish.

## Foreign Study Programs

College majors may be interested in the various Foreign Study Programs and Tours offered. Credits obtained through such arrangements normally are applicable toward a Humanities and Social Sciences degree. Also of interest are the college's credit-awarding programs at Valladolid (Spain), Duisburg (Germany), and Nancy (France), as well as the Summer Study in Mexico Program. For further information, contact the chair of the appropriate language department.

**IUP at Valladolid:** Through the Spanish and Classical Languages Department, the university has offered a spring semester of study at the University of Valladolid, Spain, for more than seventeen years. The participants live in private homes. For details and brochures, contact the Department of Spanish and Classical Languages.

**IUP at Duisburg:** IUP has a study abroad program at the University of Duisburg, West Germany. The program is open to German majors and other students having specific interest in a foreign study experience. Students must register for FL100 and pay a foreign exchange fee for each semester in the program. For further information, contact the German Department.

**IUP at Nancy:** IUP has established a study program with the University of Nancy, France. Participants in the Nancy program must pay a foreign exchange fee for each semester in the program. For details, contact the French Department.

**IUP at Mexico Summer Program:** The Spanish and Classical Languages Department sponsors a program of study in Spanish language in Mexico. The program is located at Cuernavaca, and the cost of the program includes transportation, complete room and board, insurance, and tuition. The student may earn up to 6 hours of undergraduate or graduate credit. Internship opportunities are available for students with fluency in Spanish.

## Pre-Law Program

The College of Humanities and Social Sciences offers a pre-law program that prepares the student for application to law school. This program is in the following Social Sciences, Humanities, and Business departments: Business, Criminology, Economics, English, History, Philosophy, and Political Science. All programs are designed as part of a baccalaureate degree and as preparation for law school.

Coursework in the pre-law program centers upon a carefully developed interdisciplinary minor. For detailed guidance in pre-law, students should consult the pre-law adviser in their major department.

## Internship Programs

Humanities and Social Sciences departments have extensive internship programs which allow students to engage in supervised off-campus work experience for credit. IUP students have worked in Harrisburg as aides to state legislators, with the Governor's Justice Commission and the Local Government Commission, and with the Investigations Division, Pennsylvania Department of Justice. Others have worked at correctional institutions in Pittsburgh, Greensburg, and Warrendale, as peer group counselors on the local campus, as an assistant to the Pennsylvania state Republican chairperson, as on-site guides at the United Nations, as workers on an Israeli kibbutz, and as student aides for the Department of Education in Puerto Rico. Other students have worked in the Pittsburgh federal probation office. Many students have worked with major political parties and candidates at the local and state levels. At the county level, they have been attached to the offices of the county planner, the Common Pleas Court, the coroner, the treasurer, commissioners, and the borough manager. Students have also worked in the Washington offices of Pennsylvania congressmen and in many federal and international organizations in Washington as well. Opportunities for internships in other countries also exist. For more information about specific internship programs, students should consult with the chair of the department in which the student is majoring.

## Department of Anthropology

**Miriam S. Chaiken, Chairperson;**  
**Conelly, Garcia, Koetje, Kruckman, P. Neusius, S. Neusius, Olin-Fahle; and**  
**professor emerita Lanham**

The Anthropology Department promotes awareness of anthropological knowledge and methods and seeks to further the discipline and its applications to the problems of the contemporary world. Through teaching, research, and involvement in campus and community events and programs, the anthropology faculty members contribute to the liberal education of IUP students. The anthropology major itself equips students with knowledge and skills needed for full participation in the global environment of the twenty-first century.

Anthropology emphasizes the study of human biological and cultural diversity within its four subfields: sociocultural anthropology, biological anthropology, linguistics, and archaeology. All students receive a solid foundation in the discipline of anthropology and tailor their major to specific interests by following one of the three tracks.

The General Anthropology track continues the student's education in all of the subfields of anthropology, preparing the student for a graduate education in anthropology or in one of many related fields. The general track also provides a solid base for interdisciplinary study with a number of other fields including biology, philosophy, political science, psychology, religious studies, sociology, and Spanish.

The Archaeology track provides an emphasis on the study of culture through the material remains of human behavior. This track provides training for careers in the growing fields of cultural resource management and historic preservation, with opportunities for employment in both government and the private sector. A wide variety of internship opportunities provide hands-on training in these areas.

The Applied Anthropology track provides students with a background in anthropological method and theory, a cross-cultural perspective, and an avenue to translate this knowledge into action through internships and research. Examples of career opportunities include program design, implementation, and evaluation; policy analysis and administrative and managerial development; assessment of current and future human needs; and creation of strategies for social intervention and advocacy. In consultation with an adviser, each student will develop his or her own curriculum in order to build expertise in a specific topical area.

The department also offers preparation for teaching social studies with a concentration in anthropology. This program leads to a Bachelor of Science in Education degree. With its emphasis on cross-cultural comparisons, the realities of contemporary global cultures, and cultural resource management, anthropology provides a solid foundation for teaching social science at the secondary level. The department also offers a minor in anthropology.

## Department of Criminology

**Mark E. McNabb, Chairperson;**  
**Austin, Berg, Bogan, Cohen, Culliver, Gibbs, Hanrahan, Martin, McCauley, Merlo, Moyer, Mutchnick, J. Thomas, Wilson, Zimmerman**

The Department of Criminology offers men and women seeking careers in criminology a broad liberal arts education supported by a professional education program. The degree offered is the Bachelor of Arts with a major in Criminology, under the College of Humanities and Social Sciences; students may also minor in Criminology. Through the Graduate School the department offers graduate work at the master's and doctoral level.

The program in Criminology has a five-fold objective:

1. The education of students for employment and leadership in the expanding field of criminology and criminal justice
2. The education of presently employed criminal justice personnel who recognize a need for furthering their education
3. The instruction of students who wish to acquire an understanding of the processes of criminal justice as a cultural part of their higher education
4. The instruction of students who wish to prepare for graduate study and/or research in criminology
5. A curriculum that provides an excellent foundation for students preparing for a career in law

Nearly every level of government offers opportunities for professional careers in criminology. Employment opportunities normally exist in more than fifty federal agencies, including the Federal Bureau of Investigation, U.S. Secret Service, U.S. Postal Inspectors, Drug Enforcement Agency, Bureau of Alcohol, Tobacco, and Firearms, National Security Agency, U.S. Marshals, the Internal Revenue Service, and military investigative branches. Graduates will find employment in local and state law enforcement, probation, parole, and the custody and treatment of adult and youthful offenders. There are also a wide variety of opportunities in the expanding fields of private, commercial, and industrial security. In addition, many governmental agencies have specialized units dealing with juveniles, community relations, training, education, and research.

Career opportunities are available also in research and teaching at the college and university levels and in research divisions of various agencies.

Students who wish to change their major or minor to Criminology or Pre-Law Criminology must have an overall GPA of 2.5 to declare the major or minor and to be accepted formally by the department.

For new entering freshmen, the department will utilize a junior status screening criteria and procedure for junior status approval as described in the section ["Sophomore Screening for Junior Status Approval."](#)

# The College of Humanities and Social Sciences

## Department of Economics

**Donald A. Walker, Chairperson;**  
**Asamoah, Cross, Dyal, Garvin, Holt, Karatjas, Martel, Radakovic, Radell, Stonebraker, Ware**

Economics provides a background and educational base which open a broad range of professional, educational, and vocational opportunities. As part of a Humanities and Social Science degree, a Bachelor of Arts in economics provides a liberal education as well as professional and technical training. Indeed, many students completing an undergraduate major in economics do not pursue careers as professional economists; they enter such fields as law, management, finance, and labor relations. By helping to develop a student's ability to think and communicate, economics shares in the liberal arts effort to provide a foundation upon which the student can build any one of a large number of possible careers.

Four different degree programs are available: a Bachelor of Arts in Economics that prepares students for immediate employment or graduate school; a pre-law Bachelor of Arts in Economics for students who wish to attend law school; a Bachelor of Arts in Economics/Mathematics combining courses in both areas to prepare students for graduate study in economics as well as possible immediate employment; and the Bachelor of Science in Education that prepares students to teach economics and other social sciences in secondary schools.

The Department of Economics offers concentrations in six areas of Economics. The concentrations are designed to equip students with the education and skills that will enable them to obtain a position in government or private business upon completion of the undergraduate program. The concentrations available at present are

- Competition and Public Policy
- Economics of Government Affairs
- International Economics
- Labor Economics
- Managerial Economics
- Monetary Economics
- Quantitative Economics

Detailed information regarding these concentrations may be obtained from the department chairperson. Concentrations are not restricted to Economics majors.

Either [EC101](#): Basic Economics or [ED121](#): Principles of Economics will count as a Liberal Studies social science course. However, [EC101](#) is intended for students who will take only one course in the field. Students who anticipate taking more than one economics course should schedule [EC121](#). [EC101](#) will not count toward either a major or minor in economics and may not be taken after the successful completion of or in concurrent registrations with any other economics course.

Economics majors are encouraged to minor in one of the other Social Sciences, in Business, or in Mathematics.

The Department of Economics houses the Center for Economic Education. The center is a nonprofit, nonpartisan organization affiliated with both the Pennsylvania Council on Economic Education and the National Council on Economic Education. Its mission is to upgrade the quality of economic education in kindergarten through twelfth

grade. The center performs the following functions: teacher training, consulting services, research, materials development, and programs in economic education for adults. Drs. Nicholas Karatjas and Arthur H. Martel are the co-directors of the center.

## Department of English

**Donald S. McClure, Chair;**

**Gail I. Berlin, Assistant Chair;**

**Aghbar, Alvine, Bencich, Berlin, L. Black, Bower, Cahalan, Carse, Chow, Comfort, Cook, Curey, Dandurand, Downing, Emerick, Fritz, Gatti, Gebhard, Goebel, Gray, Hartwell, M. Hayward, N. Hayward, Heny, B. Hudson, S. Hudson, Hurlbert, R.G. Johnson, S. F. Johnson, Kilwein-Guevara, Kraszewski, Krupnik, Masiello, McAndrew, McClenahan, S. McClure, Rodriguez-Milanes, Murphy, Norris, Orchard, Pagnucci, Perdue, Rafter, Roffman, Savova, Shafer, Slater, Smits, Tannacito, R.L. Thomas, Vella, Villa, Welsh, Wheeler, M. M. Williamson, M. T. Williamson, T.K. Wilson, Yarup; and professors emeriti Anderson, Betts, J. Bright, L. Bright, Brown, Craig, Davis, Freund, Grayburn, Hull, McManmon, Miller, Nania, Ray, Rider, Roumm, Seacrist, Seinfelt, Smith, Swigart, Watta, Woodworth**

The program of studies in the English Department at IUP focuses on critical thinking and effective reading and writing at all levels. English majors study a wide variety of subjects ranging from literary theory to practical pedagogy, in an atmosphere that encourages and fosters a high degree of professional commitment.

Course choices depend upon a student's career goals; three specialized majors are offered, each of which undergoes regular revision to reflect the needs of students and the structure of a changing, competitive job market.

The English Education program offers special training for prospective secondary school teachers. IUP's consistent success in placing graduates from this major in teaching positions suggests that the program is highly regarded among educators outside the university.

Pre-law offers specialized training for those interested in a career in law or some related field. The B.A. in English Humanities offers a wide range of courses in both traditional and nontraditional areas, which allows students to tailor their programs to reflect their own interests and career plans.

# The College of Humanities and Social Sciences

## English Humanities

The English Department B.A. Humanities curriculum emphasizes several of the traditional concerns of English literary study in nontraditional ways. Specifically, the student satisfies the literature requirements by taking preliminary courses which survey English and American literature and then choosing particular courses from each of five categories, each category reflecting a specific focus.

One category focuses upon literature as a "mode of awareness," a philosophic emphasis, and offers such courses as "The Metaphoric Perspective," "Symbol and Allegory," "The Oral Tradition," etc.

A second category views literature from an historical perspective and offers such courses as "The Puritan Mind in England and America," "The Renaissance," and "Romanticism."

A third category examines literature from a psychological point of view through such courses as "Myth in Literature," "Hero and Anti-Hero," and "The Literature of Alienation."

The fourth category deals with social considerations of perennial importance and offers such courses as "War in Literature," "Poverty and Class," and "Man in the Natural World."

The fifth category examines the literary output of a single major author: Chaucer, Shakespeare, Milton, or a major American author or authors.

Courses from other areas (Critical, Creative and Technical Writing, Speech, Film, Language, and Communication Studies) complement the literature program selected by the student with his or her adviser's assistance.

Students, especially those for whom the B.A. is a terminal degree, are encouraged to seek an internship in their junior or senior year as a means of developing and demonstrating the skills they have acquired.

Since the major can be completed with 36 hours of coursework, students have 30-36 hours, depending on their foreign language status, of unspecified coursework. They should plan carefully with their adviser as to how these credits might best be earned, relevant to future goals.

## Bachelor of Arts-English

**Liberal Studies:** As outlined in Liberal Studies section 53-55  
with the following specifications:  
Humanities-Literature: [EN210](#)  
Liberal Studies electives: no courses with EN prefix

**College:** 0-6  
Foreign Language Intermediate Level (1)

**Major:** 36

**Required courses:**

[EN211](#) English Literature to the Restoration 3sh  
[EN212](#) English Literature from the Restoration to 1900 3sh  
[EN213](#) American Literature: Beginnings to Present 3sh

**Controlled electives:**

One course from list A: [EN350](#), [EN351](#), [EN352](#), [EN353](#) 3sh  
One course from list B: [EN360](#), [EN361](#), [EN362](#), [EN363](#) 3sh  
One course from list C: [EN370](#), [EN371](#), [EN372](#), [EN373](#) 3sh  
One course from list D: [EN380](#), [EN381](#), [EN382](#), [EN383](#),  
[EN384](#) 3sh  
One course from list E: [EN208](#), [EN310](#), [EN311](#), [EN329](#),  
[EN330](#), [EN333](#) 3sh  
One course from list F: [EN220](#), [EN221](#), [EN320](#), [EN321](#),  
[EN322](#) 3sh  
One course from list G: [EN340](#), [EN341](#), [EN342](#), [EN343](#) 3sh  
Two courses from list H:  
Any combination of six semester hours from 6sh (2)  
[EN481](#) Special Topics, Categories A-G,  
[EN482](#) Independent Study, or  
[EN493](#) Internship.

**Other Requirements:** 0

**Free Electives: (3)** 27-35

---

**Total Degree Requirements:** 124

- (1) Intermediate-level Foreign Language may be included in Liberal Studies electives.
- (2) Any [EN481](#) course must have prior approval from department chair if it is to apply to the student's major other than in Category H.
- (3) An internship, aside from counting for six semester hours toward the major, makes the B.A. degree recipient much more employable by providing job experience. Students should see Dr. Curey, internship director, for advice about available openings.

# The College of Humanities and Social Sciences

## Education Program

The English Department offers a program leading to the Bachelor of Science in Education Degree in English Education. This program has been accredited by the National Council for Accreditation of Teacher Education (NCATE). Graduates are prepared to teach in middle, junior high, and senior high schools.

English Education majors fulfill all the requirements for state certification, including practical experience in methods courses and student teaching; content preparation in a variety of literature, language, and composition courses; and philosophical background in current theories of teaching. Although most students choosing an English Education major will be fitted both by training and desire for the secondary school classroom, those who opt not to teach will find that their speaking, writing, and management skills can be useful to the media, governmental services, and business.

Program requirements are available at the English Department office. Majors must maintain a GPA average of 2.5. They must be formally admitted to the Teacher Certification Program, a process which includes application and screening within the English Department. This screening involves review of the student's portfolio of written work and faculty evaluations, as well as an interview with English Education faculty. Refer to the section [Admission to Teacher Education](#)

## Pre-Law English

Successful lawyers possess excellent skills in writing and speaking and can analyze a problem and explain its solution in clear, logical terms. Pre-Law English prepares the student especially well in these areas and provides the skills and knowledge needed to do well in the law school admissions examination.

Most graduates have had successful internships in the offices of practicing attorneys and government agencies, although an internship remains optional. Students wishing an internship should contact the department director of internships, Dr. Bob Currey, early in their career at IUP.

## Minor in English Department

To minor in English, 15 semester hours in English are required beyond the Liberal Studies requirement of [EN101](#), [EN121](#), and [EN202](#).

Students who choose to minor in English should, if their major department concurs, substitute [EN210](#): Introduction to Literary Analysis for [EN121](#).

## English as a Second Language (ESL) Program

The English department's English as a Second Language curriculum consists of a sequence of courses: EN150 ESL, EN100 ESL, EN101 ESL, EN121 ESL, and EN202 ESL. These courses satisfy the same university and college requirements as their non-ESL equivalents; like the non-ESL courses, they are designed to focus on skills needed for successful use of language in an academic setting. However, the methodology and curriculum for these courses are specially designed to meet the needs of non-native speakers of English, and only non-native students are permitted to enroll in sections designated "ESL." Placement of students in these sections is determined by the results of the English Department ESL Placement Test, given at the beginning of each term.

## Department of French

**Robert L. Whitmer, Chairperson;  
Henry, Jones, Liscinsky, McCreary, Op de Beeck; and  
professor emeritus Fisel**

The Department of French offers a varied curriculum designed to provide not only basic language instruction but also the more advanced competencies needed by language specialists and students hoping to take advantage of an international study experience. For the French major, the department has three degree programs: B.S. in Education (K-12), B.A. in Liberal Arts, and the B.A. in French for International Trade. The latter degree program provides solid undergraduate training preparatory to an M.B.A. in International Marketing and Finance.

Students majoring in French will acquire proficiency in all phases of the language and enter more deeply into the history, culture, and literature of Francophone countries. They will also gain some knowledge of the linguistic development of the language throughout the centuries. French majors generally find employment in government work, librarianship, journalism, foreign trade, airlines, tourism, business, and teaching. Students choosing careers as teachers will find the close supervision and advanced methodology offered by the department a distinct asset.

## College Language Requirements

Students in the College of Humanities and Social Sciences and in the departments of the College of Natural Sciences and Mathematics must pass the intermediate sequence of a foreign language([FR201-FR202](#) or [FR203](#)) or demonstrate that they have somehow acquired the equivalent proficiency level. Students from the other colleges may choose to take French ([FR201](#) and [FR202](#) or the accelerated [FR203](#)) to fulfill a Liberal Studies elective. Any student who chooses French has an option to enroll in the traditional, three-credits-per-semester courses or the accelerated, six-credit track.

# The College of Humanities and Social Sciences

## Placement/Exemption

The student with no previous French study will take [FR101](#) (four credits) as a prerequisite. Students with previous French study will be placed into the appropriate course level by means of a written departmental exam administered in the summer for entering freshmen and during the first week of each term for other students. No student judged to be a native speaker of French will be allowed to enroll in any course below the 300 level, with the exception of [FR254](#).

## French for Elementary Education

A student in Elementary Education may elect a concentration of 18 semester hours of French, consisting of the following:

<a href="#">FR201-FR202</a>	6sh
<a href="#">FR221-FR222</a>	4sh
<a href="#">FR351-FR352</a>	6sh
<a href="#">FR321-FR322</a>	2sh

A student in Elementary Education interested in bilingual elementary teaching may, through special scheduling arrangements, increase the concentration in French to include foreign study and foreign child- centered internship experience.

## Study Abroad - Nancy, France

IUP has established a study abroad center in Nancy, France. All majors are encouraged to participate in the Study Abroad Program, especially those seeking the International Trade degree. Students have an option to participate in a full-year or one-semester program (spring). A six-week summer session has also been added to the options available. Nonmajors may be accepted into any of the programs but must enter the language courses offered in the Cours pour etrangers (Courses for Foreign Students). All credits are evaluated by the department as transfer credits. For further information regarding the cost and application procedures, contact the office of the dean of the college.

## Internships

The Department of French, through contacts with certain French companies and through its affiliation with the ICN (Institut Commercial de Nancy), is able to place summer interns in Paris and other sites in France. The internship (generally six to twelve credits) is viewed as a highly desirable culminating experience following study in Nancy. For further information, contact the office of the dean of the college at least six months in advance.

## Department of Geography and Regional Planning

**Susan E. Forbes, Chairperson**

**Begg, Bencloski, Buckwalter, Miller, G. Sechrist, R. Sechrist, Shirey, Watts; and professors emeriti Gault, Kulkarni, Payne, Tepper, Weber**

The Department of Geography and Regional Planning offers three separate degree programs for the geographer, planner, and teacher.

Geography has several traditions of study. Two of the more important traditions are the study of relationships between humans and environment or the ecological tradition and the study of spatial organization, which involves the way people use space on the earth's surface. In both traditions the focus is on understanding regions of the world and the interactions within and between them. Geographers make important contributions to the understanding of all aspects of humankind's use of and impact on the earth's surface.

Regional Planning involves preparing for the future. The demands and effects of a large and growing population require that land use, resource use, settlement patterns, transportation systems, and economic activity be planned. Regional planning is concerned with the social, locational, and environmental aspects of these planning decisions. In the 1990s, economic development has become an important focus for planners

The geography track in social science education offers a geography major equivalent for the student interested in teaching at the junior or senior high levels. New education requirements instituted for the commonwealth specify that geography be taught at all levels in Pennsylvania. Nationally, geography is one of the core subject areas named in the National Education Goals program.

Geography and Regional Planning are in the same department, because "Planning is the art of which geography is the science." Employment opportunities for geographers and regional planners are good. Students will find a wide variety of positions in government, business, industry, planning, and education available. Environmental and locational knowledge gained in the department's programs provide skills needed in the job market. Students interested in obtaining additional career information should visit the departmental office in Room 10, Leonard Hall.

Three degree programs are offered by the department:

1. Bachelor of Arts in Geography
2. Bachelor of Science in Regional Planning
3. Bachelor of Science in Social Science Education/Geography Track

In addition to geography, the (GE) core, there are four tracks for specific geographic competencies: GIS/Cartographer, Environmental Geographer, Economic Geographer, and General Geographer. The regional planning (RP) major offers specific career opportunities in four somewhat parallel tracks: GIS/Cartographer, Environmental Planner, Economic Planner, and Town Manager.

A minor in geography or regional planning is appropriate for majors in all other fields of the natural and social sciences. Students in business may also find a minor in either field relevant. A minor consists of 15 semester hours in GE or RP courses. The department suggests students take the core in either program if graduate study is anticipated.

Geography and Regional Planning department resources include the departmentwide LAN, GIS/Cartography Computer Lab with six Dell workstations, large-format digitizers, size E plotters, zoom transfer scope, color printers, HP laser printer, and PC ARC/INFO and ArcView, AUTOCAD, ARCCAD, ERDAS, IDRISI, Map Info and Atlas\*GIS software packages. The Spatial Sciences Research Center (SSRC), directed by Dr. Robert Sechrist, has production facilities for GIS database development using PCARC/INFO and ArcView, ARC CAD, Atlas\*GIS, and Map Info. These packages run on the SSRC VAX-based network and eight 486s and eight Pentiums.

The Census Documents Library, in conjunction with Stapleton Library, houses population/housing/socioeconomic/mapping database CDs and other publications used for teaching, research, and planning in community service and local and county governments. The department is also an affiliate of the Bureau of Economic Analysis at the Census Bureau.

The department houses both the National Council for Geographic Education (NCGE), which serves geography educators at all levels with activities and programs that address geography learning and instructional and research issues in North America, and the Pennsylvania Geographic Alliance (PGA), which is supported by the Pennsylvania Department of Education. PGA provides leadership and professional development opportunities in geography teaching and learning in Pennsylvania. Dr. Ruth Shirey is executive director of NCGE and one of two PGA coordinators in Pennsylvania.

A strong internship program directed by Dr. D. Whit Watts offers placement in conservation, land management, and planning agencies at the local, state, and federal levels.

Majors in geography and in regional planning each have a specific core curriculum that presents a structured approach to the field. Appropriate subfields or tracks are available in both programs to prepare students for graduate work and to support different career options for majors. There are four tracks for the geography major and four tracks for the regional planning major.

### **Geography - General Geography Track**

The General Geography Track encourages the major to sample courses from different subfields of the discipline. This track prepares the major for graduate work in geography and related fields of employment. Job options include report writing, research analysis, and data gathering. In government employment, the State Department, Department of Commerce, and the Census Bureau are significant places for geography skills.

### **Geography - Geographic Information Systems and Cartographer Track**

#### **Regional Planning - Geographic Information Systems and Cartographer Track**

The Geographic Information Systems and Cartographer Track prepares students for employment as Geographic Information System Specialists, Facilities Managers, Cartographers, and Remote Sensing professionals. Coursework includes methods for identifying, modeling, and analyzing the spatial organization of human and environmental systems from both practical and theoretical perspectives. Data collection, spatial information management, and graphic presentation are integral skills taught in track courses. Such skills could be used, for example, for analysis of wildlife habitat, utility facility management, or transportation system design and maintenance.

### **Geography - Economic Geographer Track**

#### **Regional Planning - Economic Developer Track**

The Economic Track provides a broad framework of ideas and theories in addition to a task-oriented approach to location analysis. Site planners articulate the needs of the community for economic space, the demands for convenient transport, the role of private enterprise, and the management of growth. This interrelated group of courses is useful to students, because economic geographers and developers are expected to analyze the interactions of concepts and variables. Market analysis for the location of new shopping centers, for example, requires understanding of economic principles, population characteristics, and the local political milieu, all in a spatial context.

### **Geography - Environmental Geographer Track**

### **Regional Planning - Environmental Planner Track**

The Environmental Track is designed to prepare majors in geography or regional planning for careers in environmental fields or graduate study that leads to a variety of environmental positions. Students who elect this track will acquire knowledge of the physical and human processes that shape the environment, strategies for analyzing environmental issues, and concepts that underlie strategies for ameliorating environmental problems. The skills acquired in this track will enable students to assess the causes, consequenc

### **Regional Planning - Town Manager Track**

The Town Manager Track is designed to prepare planning students for careers in local government and graduate work in public administration. Students electing this track will become familiar with the structure, operation, and actions of municipal government and the political, organizational, and institutional basis of municipal management and decision making. Skills acquired with this track will enable students to undertake a variety of analytic activities designed to describe, project, and prescribe courses of action for municipal improvement.

# The College of Humanities and Social Sciences

## Department of German

**Jacob U. Voelker, Chairperson;**  
**Brode, Ready, Sommer, Sullivan**

The Department of German offers three degree programs: the B.A. in German, the B.A. in German for International Trade, and the B.S. in Education in Secondary German Education.

While majoring in the German Department, students will acquire proficiency in all phases of the language and develop an understanding and appreciation of the history, culture, and literature of the German-speaking countries. They will also gain knowledge of the linguistic development of the language throughout the centuries. German majors may look forward to rewarding careers in teaching, government, journalism, foreign trade, tourism, business, and librarianship.

The degree program in German for International Trade provides an excellent way to combine language proficiency and cultural awareness in German with professional training in business. With this undergraduate background, students may enter M.B.A. degree programs and pursue careers in international business and trade. Study abroad for one or two semesters is strongly urged and is an integral part of the program. Qualified students may also choose to participate in internship programs with German-based corporations and financial institutions.

# The College of Humanities and Social Sciences

## College Language Requirements

Students in the departments of the College of Humanities and Social Sciences and in most departments of the College of Natural Sciences and Mathematics must pass the intermediate sequence of a foreign language ([GM251](#) and [GM252](#)) or demonstrate by the CLEP exam in German that they have acquired the equivalent proficiency level. Students from the other colleges may elect to take two courses in German at the intermediate (III/IV) level toward fulfilling the requirement for Liberal Studies electives. Any student who chooses German can meet the requirement through enrollment in the traditional, three-credit courses or in the combined six-credit courses.

## Study Abroad

The Department of German encourages all students who study German at IUP to consider study abroad for one or two semesters. German majors are strongly urged to study two semesters or one academic year at a German university. To provide this opportunity at a relatively modest cost, the university has arranged an exchange of students between Duisburg University and IUP. By participating in this or other approved programs, students can earn from twelve to fourteen hours per semester. For further information regarding the cost and application procedures, contact the office of the dean of the college.

---

 [Table of Contents](#) | [Index of Courses](#)

# The College of Humanities and Social Sciences

## Minor in German

Students completing eighteen credits beyond [GM152](#) will be recognized as having minored in German. Nine of the twelve credits must be taken at the 300 level with only three credits from the conversation sequence, GM221, 222, 321, 322. This achievement will be noted on the student's transcript and thus provide more career flexibility.

# The College of Humanities and Social Sciences

## Department of History

**Neil B. Lehman, Chairperson;**  
**Bailey, Botelho, Cashdollar, Fricke, Harris, Kadlubowski, King, Landon, Larner, Marcus, McDonough, Miller,**  
**Shissler, Smith, Vogel, Wang, Whited, Wiley; and**  
**professors emeriti Cord, Gallanar, Gelbach, Goodrich, Hatfield, Mastro, Mervine, Moore, Oliver, Rife**

Programs in history are designed to give both those who major in history in the College of Humanities and Social Sciences and those who concentrate in history in the College of Education an opportunity to study in some depth the past story of peoples and their world. Degrees offered by the History Department are the Bachelor of Arts in History and the Bachelor of Science in Education with a major in Social Studies, concentrating in history. The first program is under the College of Humanities and Social Sciences, and the second is under the College of Education.

The history student will find that the program is excellent preparation for government service, for pre-law training, for broad business opportunities, for work in varied fields of journalism, for archival positions, and for teaching. Not only the story of the people of the United States but also that of other peoples is covered, in the belief that global historical understanding is essential for the future of civilization.

Requirements for the degree of Bachelor of Arts in History are 33 semester hours in history. Requirements for the degree of Bachelor of Science in Education with a major in Social Studies, concentrating on history, are a minimum of 27 semester hours in history within the 54 semester hours required for social science certification. The requirement for a minor in history is 15 semester hours. For majors in history programs, courses in history in Liberal Studies are applicable only if numbered 300 or higher. All programs should be planned with an adviser. Every major and concentrate in history will be advised by History Department staff members.

Admission to History 482 and 483, initiation in the local chapters of Phi Alpha Theta and Pi Gamma Mu, participation in study tours and study abroad programs, and other activities should be investigated by every history student. The department is committed to the ideal of a broad liberal arts education.

# The College of Humanities and Social Sciences

## Department of Industrial and Labor Relations

**James F. Byers, Chairperson;  
Gaylor, McPherson, Morand, Sedwick, and  
professor emeritus Gates**

The Department of Industrial and Labor Relations offers a graduate program within the College of Humanities and Social Sciences leading to the degree of Master of Arts in Industrial and Labor Relations. The 42-semester-hour program consists of a required core of 27 semester hours, including an elective thesis and elective course offerings totaling 15 semester hours. Internships are available and strongly encouraged.

The Industrial and Labor Relations program is multidisciplinary, combining analytical and human relations skills with knowledge drawn from social sciences and business disciplines. The degree is designed to prepare professional industrial and labor relations practitioners in public and private management, unions, neutral agencies, government agencies, and arbitration panels. It has as a special emphasis labor relations in the public sector.

While the department does not offer coursework leading to an undergraduate major or degree, it does offer several undergraduate courses which are open to students of any major or college.

## Department of Journalism

**Stanford G. Mukasa, Chairperson;  
DeGeorge, Heilman, Jesick, Mukasa, Russell, Truby; and  
professors emeriti Furgiuele, Swauger**

Students interested in a career in news-editorial or public relations fields, with opportunities in such related areas as advertising, desktop publishing, and marketing, should enjoy this innovative, flexible program. The journalism major combines journalism elective courses, the student's choice of a variety of courses from other university departments, plus internships which provide on-the-job experience.

The IUP journalism major is flexible for the individual student, who decides, with an adviser, what directions his or her education will take for a mass communication career. The two sequences offered are News-Editorial and Public Relations.

A student wishing to enter the program becomes a journalism major in the College of Humanities and Social Sciences. Then, the student chooses an individual program within a large group of elective journalism courses, plus a much larger group of courses from various other areas of the university. A student who completes the major graduates with a B.A. in journalism. Because journalism itself covers all areas of life, the journalism major covers many areas of study preparation. There are only four required courses, so the student is free to mold the program to his/her own special interests through both major and free electives.

The journalism major will use journalism courses to fulfill the minimum of 30 hours required for the major. All journalism majors must complete the intermediate sequence of a foreign language. This may be done in one of three ways: by examination, by earning credit in third and fourth levels of a foreign language, or by completing four levels of a new language. If the last procedure is used, the two beginning foreign language courses may be applied as free electives to the total number of credits needed for graduation.

The Journalism Department offers an eighteen-credit minor designed to complement any major. Three three-credit courses are required: [JN105](#): Journalism and Mass Media; [JN102](#): Basic Journalistic Skills; and [JN120](#): Journalistic Writing. The remaining nine credits may be taken from the following list of Journalism major courses: [JN326](#), [JN338](#), [JN344](#), [JN347](#), [JN375](#), and designated Special Topics courses. Internship credits do not apply toward the eighteen-credit minor; however, a student in the minor program may take an internship and apply the credits as free electives. Course Sequence The journalism faculty offers the following operational policy for its course sequence and prerequisites. The basic idea is for students to take Level I courses prior to Level II courses, etc. We ask that special attention be given to course prerequisites to avoid scheduling students without proper experience into courses. We do retain flexibility of waiving sequence and prerequisites in individual cases.

Level I  
[JN102](#) Basic Journalism Skills (required for all journalism majors and minors)  
[JN105](#) Journalism and Mass Media (required for all journalism majors and minors)  
[JN120](#) Journalistic Writing (for journalism minors and nonmajors)  
[JN220](#) Writing for the Print Media (required for all journalism majors)

Level II

## Philosophy

The program in philosophy is designed to provide the student with a capacity for thinking clearly, a critical attitude, and the ability to reason theoretically.

The major offers the background required for graduate work in philosophy. Those whose primary interests are in other disciplines will find philosophy courses which relate directly to their fields on a theoretical level. Both the minor and double major are especially desirable for their reflective benefits and because of the essentially interdisciplinary nature of philosophy.

## Individually Designed Philosophy Minor

As a minor, philosophy has much to offer in helping individuals of various backgrounds better understand the fundamental assumptions of their disciplines. For that reason, the minor in Philosophy will be individually designed to meet special career needs and personal interests. Selection of courses will be accomplished through discussions with and approval of the department adviser. The minimum requirement for a minor is 15 semester hours with the restrictions on the major applying to the minor also, except that no more than three non-classwork credits may be counted toward the minor. Students must expect careful planning in any program approved. For further explanation and suggestions, see departmental adviser.

## Pre-Law Program

The Department of Philosophy and Religious Studies participates in the University Pre-Law Minor Program whereby a student majors in one of several academic disciplines including philosophy and also meets the pre-law minor requirements. Students interested in the philosophy major/pre-law minor should consult the departmental pre-law adviser. Philosophy courses included in the pre-law minor program are as follows: [PH101](#): Informal Logic; [PH222](#): Ethics; and [PH450](#): Philosophy of Law.

## Religious Studies

The Program in Religious Studies is designed to provide a balanced, nonsectarian, cross-cultural approach leading to a better understanding of the phenomenon of religion in human experience. It emphasizes an interdisciplinary approach by a) requiring religion-related courses outside Religious Studies and by b) encouraging the minor or a double major, rather than a single major in Religious Studies.

The program is valuable for those planning careers in religious education, religious journalism, or religious broadcasting. The program also provides an excellent background for graduates planning to enter Catholic, Jewish, or Protestant seminaries. Additionally, Religious Studies is a good complement to majors in such fields as Anthropology, English, Fine Arts, History, International Studies, Music, Philosophy, Political Science, Psychology, and Sociology. Religious Studies is one significant way to integrate course studies within the university curriculum.

In addition to the 24 semester hours of Religious Studies courses in the major, 6 semester hours must be taken from a number of courses offered by other departments which complement those offered in Religious Studies. Opportunity for interdisciplinary and cross-cultural study is implicit in the study of religious themes-and is required in the Religious Studies Program at IUP. Revisions are pending in the Religious Studies program.

## Department of Political Science

**David D. Chambers, Chairperson;**  
**Bahgat, Dejene, Hirt, Jackson, Keene, Morris, Palmer, Platt, Sitton; and**  
**professors emeriti Chaszar, Lee, Smith**

Political scientists focus upon political systems, including the effect of environment on the system, inputs, the decision-making agencies which render binding public policies, and system outputs. Approaches to the study of government and politics include the normative approach, in which philosophical attention centers on values by asking the question "What ought to be?" and the behavioral approach, in which an attempt is made to develop verifiable theories through scientific methods by asking the questions "How" and "Why?"

Students majoring in political science have employment opportunities in federal, state, and local governments and with private civic groups, interest groups, and political groups. Students who go on to graduate work find appointments at higher levels and in college teaching. Students graduating in political science, as in any of the social sciences, are in demand by employers in business and industry. Students completing the Political Science Internship Program have experienced considerable success in finding employment upon graduation. The political science major is also especially suitable for the pre-law student.

Degrees offered by the Political Science Department are the Bachelor of Arts in Political Science, in Government and Public Service, and in Political Science Pre-Law. An interdisciplinary major and a minor in International Studies are sponsored by the Political Science Department. The department also offers a minor in political science.

## Bachelor of Arts-Political Science/International Studies

<b>Liberal Studies:</b> As outlined in Liberal Studies section with the following specifications: Social Science: <a href="#">PS111</a> Liberal Studies electives: no courses with PS prefix	53-55
<b>College:</b> Foreign Language Intermediate Level (1)	0-6
<b>Major:</b> <b>Required courses:</b> <a href="#">PS101</a> World Politics 3sh <a href="#">PS111</a> American Politics *sh (2) Interdisciplinary sequence 15sh (3) Cultural specialization sequence 15sh (4)	33
<b>Other Requirements:</b>	0 (5)
<b>Free Electives:</b>	30-38
<hr/>	
<b>Total Degree Requirements:</b>	124

(1) Intermediate-level Foreign Language may be included in Liberal Studies electives. Only courses 300 level and beyond may count in the cultural specialization sequence.

(2) Credit for [PS111](#) is included with Liberal Studies.

(3) The interdisciplinary sequence includes an introductory or comparative international course from each of five social science disciplines: anthropology, economics, geography, history, political science, and sociology. Selection depends on goal(s) of major and should be planned in consultation with the International Studies adviser.

(4) The specialization sequence focuses on one area or culture and three disciplines: economic systems, political systems, language, literature, history, geography. Currently, three specializations are offered: Latin America, the Far East, and Soviet Studies. Consult with adviser for planning course selection.

(5) Majors are strongly encouraged to take advantage of the study abroad opportunities available through IUP department programs and exchange opportunities available through the Center for International Studies.

# The College of Humanities and Social Sciences

## Department of Sociology

**Herbert M. Hunter, Chairperson;**  
**Ackerman, Chang, Darling, Gondolf, Grant, Heckert, Holtz, Nowak, Rawleigh, Reynolds, Sanderson, Snyder**

The Department of Sociology seeks to develop both the scientific and humanistic foundations of sociology, to educate the wider community as to the significance of sociological knowledge, to apply sociological knowledge to current social problems, and to advance the profession by promoting the welfare of individuals and society. The discipline of sociology focuses primarily on the analysis of modern industrial societies by examining their basic patterns of social organization, the various changes that occur within these patterns, and the impact of the patterns on individual thought and action. Students are prepared for employment in human service fields or for graduate study in sociology or related fields.

Students majoring in sociology may select one of three tracks: General Sociology, Clinical Sociology, and Applied Social Research. The general track attempts to broadly educate those students who may wish to pursue graduate training in sociology and make sociology a career and profession. Because of its flexibility, it is also appropriate for students who want to pursue double majors that would include such fields as psychology or criminology. The general track gives students the broadest possible training in sociology. Students graduating with majors in general sociology often find employment in business, industry, and government.

The clinical track in sociology seeks to help students understand the causes of many of the problems that plague modern societies, such as poverty, racial discrimination, substance abuse, and domestic violence. It is designed to provide students with the knowledge and skills necessary to become practitioners in various human services areas (e.g., juvenile delinquency, medical sociology, gerontology, and interpersonal dynamics and family sociology).

The applied social research track emphasizes the development of research and assessment skills in students. Such skills are important in carrying out program assessments, needs assessments, program development, and other activities that focus on gathering, analyzing, and interpreting data important for policymakers.

The department also prepares teachers for secondary school social studies with a concentration in sociology. The program leads to the degree Bachelor of Science in Education. With its emphasis on patterns of social organization in modern industrialized societies, sociology provides a solid foundation for teaching social science at the secondary level. Minors are available in sociology and in applied social research.

## Department of Spanish and Classical Languages

**Jose M. Carranza, Chairperson;**  
**Barton, Broad, Drescher, Foltz, Glisan, Hernandez, Mendizabal, Miltz, Ramos, Smith, Spieker, Thornton,**  
**Young**

The Department of Spanish and Classical Languages offers a varied curriculum designed to provide not only basic language instruction in Spanish, Greek, and Latin but also the more advanced competencies needed by language specialists and students hoping to take advantage of an international study experience. For the undergraduate Spanish major, the department has three degree programs: the B.S. in Education, the B.A. in Spanish, and the B.A. in Spanish for International Trade. The latter degree program provides solid undergraduate degree training preparatory to an M.B.A. in International Management.

Students majoring in Spanish will acquire proficiency in all phases of the language and enter more deeply into the history, culture, and literature of Spanish-speaking countries. Spanish majors generally find employment in government work, librarianship, journalism, foreign trade, airlines, tourism, business, and teaching. Students choosing careers as secondary school teachers will find the close supervision and advanced methodology offered by the department a distinct asset.

# The College of Humanities and Social Sciences

## College Language Requirements

Students in the College of Natural Sciences and Mathematics and College of Humanities and Social Sciences, who must pass an intermediate-level language course requirement for graduation, may choose any one of the four languages offered: French, German, Latin, and Spanish. Those choosing the Spanish or Latin options will fulfill the requirement by successfully completing [SP201](#) or [SP211](#) or [LA201](#). The student with no previous foreign language study will take [SP101-SP102](#) or [SP111](#) or [LA101-LA102](#) as a prerequisite; the credits will not be applicable to any college or department requirements (except for students in HRIM who may fulfill their 6-hour language requirement with [SP111](#) or [SP211](#) or with two 4-hour courses) but may be counted as general electives in the total required for graduation. Students in the other colleges may choose to take one of the languages offered (at the intermediate level) in fulfilling the requirements of Liberal Studies electives.

Students with previous Spanish study in high school will be placed into the appropriate course levels by means of a written departmental exam, administered prior to the beginning of the semester. In addition, as deemed necessary in individual cases, students may be required to take an oral proficiency test with one or more faculty members in the Spanish department. Each student's individual requirements and the judgment of the classroom instructors will also be considered in placement. No student judged to be a native speaker of Spanish will be allowed to enroll in any course below the 300 level.

## Spanish for Elementary Education

A student in Elementary Education may elect a concentration of 19 semester hours of Spanish, consisting of the following:

<a href="#">SP201</a>	or equivalent	4sh
<a href="#">SP221</a>	Intermediate Conversation	3sh
<a href="#">SP230</a>	Intermediate Composition	3sh
<a href="#">SP260</a>	Introduction to Literature	3sh
<a href="#">SP321</a>	Advanced Conversation	3sh
<a href="#">SP404</a>	Advanced Spanish Grammar	3sh

Elementary Education students wishing to prepare to teach in elementary programs where content teaching in Spanish is the objective should enroll in the Foreign Languages and International Studies for Elementary Teaching (FLISET) program described under the Department of Professional Studies in Education.

## Study Abroad and Internships

**Study Abroad:** The university has established study abroad centers in both Spain and Mexico. The program in Valladolid, Spain, is a second-semester-only program, whereas the one in Mexico is a summer program. All majors are encouraged to participate in study abroad; nonmajors are also accepted into these programs. The 18 hours in Spain or 7 hours in Mexico are applicable to a major or a minor in Spanish. Students interested in more information should contact the Spanish department.

**Internships:** Internships in Spain and Mexico are available through the department. All internships take place during the summer and vary from six weeks to two months in duration. Internship is a credit-bearing course, [SP493](#), and all interns are enrolled in the first session of summer school. Noncredit internships cannot be considered. Students enrolled in the Spanish for International Trade program are strongly urged to do an internship in order to gain credibility in the field of international business. Internships are available in banking, government, social work, communications, education, marketing, and many other fields. Arranging an internship abroad takes considerable long-range planning, and anyone interested should contact the Spanish Department at least three months in advance.

# The College of Natural Sciences and Mathematics

One of the characteristics of the twentieth century is the marked change in the relation of citizens to their environment. Space probes, orbiting satellites, and productive research on the structure and synthesis of living matter have brought to the forefront for reexamination such time-honored queries as, "What is the nature of the universe?" or "Can people control their natural environment?" or "How did life begin?" Scientifically found answers to these and other questions, coupled with proper application of this knowledge for humankind's betterment, must be a significant part of the goal of educated people everywhere.

The objectives of the College of Natural Sciences and Mathematics are to acquaint the student with the kinds of problems which lend themselves to possible solutions through the use of science; to introduce different scientific techniques through significant illustrative experiences; to give a sense of perspective in the development of science; and to develop an understanding of the basic community of all scientific disciplines.

# The College of Natural Sciences and Mathematics

## Degrees

The departments of Biology, Chemistry, Computer Science, and Physics offer work leading to either a Bachelor of Science or a Bachelor of Arts degree, depending upon the specific course program pursued. The Bachelor of Science degree is awarded for successful work in the departments of Geoscience and Mathematics. The Bachelor of Arts degree is awarded by the Department of Psychology. A Bachelor of Science degree is also awarded in Natural Sciences.

Several departments in the College of Natural Sciences and Mathematics sponsor Master of Arts or Master of Science degrees in the university's Graduate School. The Department of Psychology offers the Doctor of Clinical Psychology degree. Information on these programs should be obtained from the Graduate School.

# The College of Natural Sciences and Mathematics

## Degree Requirements

In addition to the university's Liberal Studies requirements, all students seeking a baccalaureate degree in the College of Natural Sciences and Mathematics must complete the requirements for a major as established by the department through which they wish to specialize. Statements of these requirements and those for minoring in a specific field appear in the department sections that follow. A double major or minor may encompass a discipline outside as well as within the college but should be selected only with adviser approval. As a general principle, there is considerable latitude in course choice for Natural Sciences and Mathematics majors; for specifically required courses, substitution in any program must have the written approval of the student's department chairperson or the college dean.

## The Foreign Language Requirement

Unless otherwise indicated, each department adheres to the following foreign language requirement: A candidate for a Bachelor of Arts or Bachelor of Science degree must demonstrate a proficiency in a foreign language equivalent to that attained upon completion of two years of college instruction in that language. This requirement may be met by one of the following:

- a. successful completion of the intermediate level in a specific language
- b. successful completion of an exemption or credit examination

Any foreign student, registered as such at IUP, whose acquired native language is other than English and who demonstrates an acceptable proficiency in English, is exempt from the foreign language requirement for a Natural Sciences and Mathematics degree if the department he/she is majoring in does not require a specific language not thus covered.

## Preprofessional Programs

The College of Natural Sciences and Mathematics offers programs for the preparation of students for acceptance by a professional school: pre-medical (including osteopathic medicine) and pre-veterinary medicine. In addition, the college offers a major in the Natural Sciences for those students whose goal is dentistry, pharmacy or pharmacology, optometry, podiatry, chiropractic medicine, or physical therapy. All programs are so designed that, should work at a professional school not ensue, the student may earn an IUP baccalaureate degree, provided he/she has been faithful to faculty advisement.

The preprofessional health programs in Natural Sciences and Mathematics presuppose that the student has an excellent background in the high school sciences and mathematics and will prove to be an excellent college student. Students should identify their proposed field of study upon admission to IUP.

## Cooperative Programs

IUP has been fortunate to enter into cooperative agreements with a number of outstanding institutions to provide significant career opportunities to our students. These formal agreements provide for accelerated graduate or professional degree programs or carefully planned and coordinated undergraduate programming with the cooperating institution. Programs are intended to assure acceptance of properly qualified students by the cooperating professional schools. Additional information concerning the specific programs can be found under the appropriate academic department in this catalog.

## Engineering (See [Department of Physics](#))

The program with Drexel University combines the opportunity for two years of study at IUP with the remaining three years of study as part of the Drexel plan of cooperative education. A student completing this program will receive a bachelor's degree in engineering from Drexel University.

The program with University of Pittsburgh allows the student to enroll at IUP for the first three years of college and conclude degree work by enrolling in an engineering program at the University of Pittsburgh for the last two years. The student will earn a B.S. degree in Natural Science from IUP and the appropriate engineering degree from the University of Pittsburgh; see the Natural Science section for IUP degree requirements.

## Marine Science Consortium

College majors may be interested in the programs available through the Marine Science Consortium. The Marine Science Consortium was established in 1968 for the purpose of promoting teaching and research in the marine sciences. Participating institutions include IUP and thirteen other colleges and universities. Although no separate major in the Marine Sciences exists, elective courses may be taken and credited toward undergraduate curriculums in Biology, Geology, Geography, and Earth Science. The Marine Science Consortium offers five three-week sessions during the summer at the NASA-Wallops Island Station, Virginia. Normally, several research cruises are offered each summer. Students must register for credit and pay credit fees to a participating institution. Room and board fees are paid to the consortium. Applications for all summer sessions must be submitted to the institutional director by April 1. Students must be accepted by the consortium before registering at a participating institution. See section on Marine Science Consortium for a listing of courses. For brochure, summer bulletin, and application forms, contact Dr. Ray L. Winstead, Biology, or Dr. Darlene S. Richardson, Geoscience, who are the IUP directors and assist students in program planning.

---

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate. Last Modified on Fri Mar 7 11:07:37 1997

# The College of Natural Sciences and Mathematics

## Department of Biology

**Robert S. Prezant, Chairperson;**

**Alico, Andrew, Ash-Johnson, Ayebo, Baker, Browe, Butler, Charnego, Ciskowski, Dietrich, Ferrence, Forbes, Gendron, Hulse, Humphreys, Kerans, Kesner, Linzey, Lord, Luciano, Nastase, Newell, Peard, Peterson, Pickering, Pistole, Simmons, Winstead; and professors emeriti Gallati, Liegey, Moore, Stapleton**

Degrees offered by the Department of Biology are the Bachelor of Science in Biology, the Bachelor of Arts in Biology, the Bachelor of Science in Environmental Health, and the Bachelor of Science in Education with a Biology major. The first three degree programs are under the College of Natural Sciences and Mathematics, and the fourth is under the College of Education. The department also offers a Biology minor.

The program leading to a B.S. in Biology is designed to provide maximum depth in the sciences and mathematics with less elective opportunity. Students who plan to attend graduate school or professional schools, such as those in human or veterinary medicine, most often choose this program of studies.

Further, the B.S. in Biology automatically qualifies a student for a minor in chemistry and thus represents more than adequate preparation for employment opportunities that require expertise in both biology and chemistry.

The program leading to the B.A. in Biology is designed to allow for greater elective choice. This freedom could be used to pursue interests in nonbiological areas, allowing for a more broadly based Liberal Arts education. Alternatively, the B.A. degree student would have the flexibility to pursue in depth (to minor in or perhaps even to double major in) a particular nonbiological discipline. Biology combined with other sciences such as Computer Science, Chemistry, Physics, Geoscience, Mathematics or Psychology, or non-sciences such as Art, English, Business, or a foreign language can make attractive packages for the student and for potential future employers.

The Environmental Health program is a preparation for employment in local, state, and federal agencies and industry as well as graduate school in a public health-related field. Between the junior and senior year, each student should serve an internship with a governmental agency or an industrial concern.

The program leading to the B.S. in Education with a Biology major is designed to prepare for certification in public school teaching.

---

# The College of Natural Sciences and Mathematics

## Foreign Language Requirement

Biology majors must complete intermediate level or two semesters of foreign language starting at the highest level recommended by the freshman Pre-registration Placement Test in that language (may be included in Liberal Studies electives). This requirement can also be met by demonstrating proficiency in a foreign language equivalent to the intermediate level.

## Duke Cooperative College Program in Forestry and Environmental Studies

The Cooperative College program with the Duke University School of the Environment is designed to coordinate the undergraduate education of students at IUP with graduate programs in the areas of resources and environment offered at Duke. Undergraduate majors in one of the natural sciences, mathematics, economics, business, or political science are suited to the program. Preparation for the Duke program should include at least one year each of biology with work in botany, economics with a significant component of microeconomics, and mathematics which should include calculus, computer science, and statistics. Applicants to the Duke program who have completed courses in ecology, chemistry, geology, physics, and a foreign language or additional courses in biology, economics, and mathematics will be given preferential consideration. Students are accepted in either of two degree programs at Duke: the Master of Forestry (M.F.) or Master of Environmental Management (M.E.M.).

Students may be accepted into the Duke graduate program after three years of high-quality undergraduate study at IUP or upon completion of the baccalaureate. Students who qualify after three years will have completed most of the undergraduate degree requirements at IUP except for total hours. Courses at Duke will be applied to the bachelor's degree at IUP. Dr. Jerry L. Pickering, Department of Biology, is the faculty adviser at IUP and assists students in program planning.

## Jefferson Medical College-IUP Physician Shortage Area Program

A cooperative Family Medicine Physician Education Program has been established by IUP and Jefferson Medical College of Thomas Jefferson University in Philadelphia for the purpose of improving the distribution of physicians in Pennsylvania. The program is designed to increase the opportunities for young women and men to practice family medicine in the rural communities of Pennsylvania where there is a shortage of physicians.

The program at Jefferson Medical College will admit approximately four graduates of IUP and twenty graduates of other colleges each year. Students from IUP will be admitted only if properly qualified according to the admission standards and policies of Jefferson Medical College. Applications are reviewed by the Joint IUP-Jefferson Subcommittee and recommendations made to the Jefferson Committee on Admissions.

---

# The College of Natural Sciences and Mathematics

## Admission to Jefferson Medical College

A strong preparation in the sciences and mathematics basic to medical school studies is required. A variety of college course formats and combinations, including biology, general and organic chemistry, and physics are a minimum. Courses taken to meet the basic requirements should be rigorous and, in general, comparable to courses accepted for concentration in these disciplines. Courses taken should be supplemented by laboratory experiences. Students may take upper-level science courses out of educational interest or to fulfill the requirements of their major. Taking additional science courses that cover material taught within the medical school curriculum is not helpful to gain admission.

Breadth of education is expected. Pursuit of some discipline in depth is encouraged. A successful medical student must actively acquire, synthesize, apply, and communicate information. These are skills that can be developed through a great variety of academic disciplines. Studies in the humanities and the social and behavioral sciences and development of effective writing skills are strongly suggested. Additional requirements for admission can be found in "Information for Prospective Students," published by Jefferson Medical College.

Students who qualify for the Physician Shortage Area Program (PSAP) must certify their intentions to adhere to the following plan of education and practice: (a) complete the family medicine curriculum during their four years of medical education at Jefferson Medical College, including a six-week clerkship in a rural area; (b) complete a three-year family medicine residency; and (c) agree to practice family medicine in an underserved area. Preference will be given to Pennsylvania residents who are interested in this program, with highest priority given to those who actually live, at the time of application, in the underserved area in which they hope to practice. (Dr. Allan Andrew, pre-medical adviser in the Biology Department, will assist students in program planning.)

## Pymatuning Laboratory of Ecology

Biology majors can expand their selection of course offerings by participating in a cooperative program with the University of Pittsburgh's Field Station at the Pymatuning Laboratory of Ecology located in northwestern Pennsylvania. These elective courses center on ecological and environmental topics, i.e., Ecology, Field Botany, Vertebrate Ecology, Aquatic Entomology, Behavioral Ecology, and Experimental Design. Application and registration for both summer sessions must be completed by April 1. Students register for credit and pay fees at IUP. Books, lab fee, and room and board are paid to the Pymatuning Laboratory of Ecology. Dr. Anthony J. Nastase is the faculty adviser for this cooperative program and assists students in program planning, application, and registration.

## Mentor Program and Biology Residence Floor

The Department of Biology offers a Peer Mentor Program that allows incoming students, new to IUP and new to Biology, to quickly gain an academic home. New students are assigned an upper-level Peer Mentor to help guide them through the curriculum, requirements, and programs within our department and college. A fall off-campus retreat is an important component of our Mentor Program, and students are expected to attend.

Gordon Hall, just behind Weyandt Hall (the home of the Department of Biology), has a single residence floor dedicated to Biology, Environmental Health, Biology Education, and Preprofessional (Pre-Med, Pre-Vet) students. Students with similar professional and academic interests can share life experiences by being part of this component of our academic community. Undecided or Natural Science students with interests in Biology may also apply to be on this floor.

## Degree Programs

In the programs of study that follow, no more than 6 semester hours total from internships, independent study, and special topics can be counted toward biology course requirements. Credits beyond six earned from these sources are counted as general electives. Note: Students changing into the majors of Biology, Biology Pre-Med, or Environmental Health are required to have a 2.5 GPA or permission of the chairperson. The program in secondary biology education requires a cumulative GPA of 2.75 for all majors.

# The College of Natural Sciences and Mathematics

## Bachelor of Science-Biology

**Liberal Studies:** As outlined in Liberal Studies section 56-57 with the following specifications:

Mathematics: [MA121](#)

Natural Science: [CH111-CH112](#)

Liberal Studies electives: [PY111](#) and either [MA122](#) OR [MA216](#), no courses with BI prefix

**Major:** 38

**Required courses:**

<a href="#">BI111</a> Principles of Biology I	4sh
<a href="#">BI112</a> Principles of Biology II	4sh
<a href="#">BI210</a> Botany	3sh
<a href="#">BI220</a> General Zoology	3sh
<a href="#">BI250</a> Principles of Microbiology	3sh
<a href="#">BI263</a> Genetics	3sh

**Controlled electives:**

Biology electives (major courses only) 18sh (1)

**Other Requirements:** 17

**Chemistry sequence:**

<a href="#">CH231</a> Organic Chemistry I	4sh
<a href="#">CH232</a> Organic Chemistry II (2)	4sh
<a href="#">CH351</a> Biochemistry (3)	4sh

**Physics sequence:**

<a href="#">PY121</a> Physics I Lab	1sh
<a href="#">PY112</a> Physics II	3sh
<a href="#">PY122</a> Physics II Lab	1sh

Foreign Language Intermediate Level (4) 0-6sh

**Free Electives:** 13

---

**Total Degree Requirements:** 124

(1) No more than 6sh total from Independent Study, Special Topics, or Internship applies to major; excess applied as free electives.

(2) Students may substitute a third math course ([MA122](#) or [MA216](#)) for [CH232](#).

(3) The two-semester (six-credit) sequence of [BC301-BC302](#) can be substituted for [CH351](#) to meet the biochemistry requirement.

(4) See Foreign Language requirement. Intermediate-level foreign language may be included in Liberal Studies electives. Introductory-level foreign language courses count as free electives.

# The College of Natural Sciences and Mathematics

## Biochemistry Program

**William E. Dietrich, Jr., Program Coordinator;**

**Ford, Harding, Hartline, Wolz, Biology and Chemistry faculties** The B.S. in Biochemistry is a four-year degree curriculum offered as a cooperative program by the Biology and Chemistry departments.

The curriculum leading to a B.S. in Biochemistry begins with foundation courses in biology, chemistry, mathematics, and physics in the first two years. Specialization in biochemistry commences in the third year with courses in biochemistry, genetics, physical chemistry, Special Topics in Biochemistry, and Biochemistry Seminar.

A unique feature of this undergraduate program is that Biochemistry research is a requirement. After consultation with faculty, the students will define a problem and devise an experimental plan through library research. Laboratory research will be done under the direct supervision of a faculty member. Finally, the student will report on the results of the research in both written and oral forms.

The B.S. in Biochemistry Program is intended for those students whose interests lie in a most exciting field of modern science. Graduates of this program can expect to be qualified to enter graduate programs in biochemistry, biology, chemistry, and molecular biology, professional schools in the health sciences, and positions in industrial and government research laboratories and in industrial production facilities.

Advanced Biology course chosen from:  
[BI331](#), [BI350](#), [BI352](#), [BI364](#), or [BI453](#) 3sh  
Either [MA216](#) or [CO110](#) 3-4sh

**Other Requirements:**

Foreign Language Intermediate Level (2) 0-6

**Free Electives:** 0-5

---

**Total Degree Requirements:** 124

- (1) 1sh each semester of senior year.
- (2) Intermediate-level Foreign Language may be included in Liberal Studies electives.

---

 [Table of Contents](#) | [Index of Courses](#)

# The College of Natural Sciences and Mathematics

## Department of Chemistry

**Pothen Varughese, Chairperson;**

**Asting, Ballas, Bravo, Christodouleas, Coleman, Crumm, Elcesser, Ford, Harding, Hartline, Kolaczkowski, Kupchella, Long, McKelvey, Patsiga, Syty, Wolz, Wood, Woolcock; and professors emeriti Bordas, Costa, Scroxton, Tackett, Wunz, Zambotti**

Degrees offered by the Department of Chemistry are the Bachelor of Science in Chemistry, the Bachelor of Arts in Chemistry, and the Bachelor of Science in Education with a Chemistry major. The first two degree programs are under the College of Natural Sciences and Mathematics, and the third is under the College of Education. The department also offers a Chemistry minor.

The B.S. in Chemistry is a professional degree and is certified by the American Chemical Society. The student completing this major should be qualified to assume a position in industry or government as a chemist or to apply for admission to graduate school to pursue advanced studies leading to the M.S. or Ph.D. degree. The student considering going to a professional school who also wishes to complete this degree should elect appropriate courses as required by the professional school in addition to the courses required here. Those students who are particularly interested in biochemistry should elect a few selected biology courses.

The curriculum leading to the B.A. in Chemistry is designed to allow for the workable union of nonscience areas with chemistry in such a way as to retain the fundamental science and mathematics requirements needed for a career in chemistry. A careful selection of electives will qualify the student for entrance into many fields in which there is an acute need for educated people and, at the same time, satisfy the entrance requirements of various professional and graduate schools.

Some possible and useful combinations between chemistry and other disciplines would include chemistry-biology, chemistry-business administration, chemistry-computer science, chemistry-criminology, chemistry-government, chemistry-pre-dental, chemistry-pre-law, chemistry-safety science, chemistry-pre-medicine, and chemistry-English (technical writing). The student must arrange a practical sequence of non-chemistry courses in consort with his/her adviser and the department chairperson concerned. A student seeking a career in forensic science should major in chemistry. The department also offers pre-medical programs in both the B.S. and B.A. curriculums. These programs prepare the student to satisfy the entrance requirements of medical schools.

The curriculum leading to the B.S. in Education with a Chemistry major is designed to prepare the student to teach chemistry at the secondary school level. Upon completion of the specified coursework and the requirements for teacher certification processes, the student is eligible for Pennsylvania certification by the Pennsylvania Department of Education.

# The College of Natural Sciences and Mathematics

## Department of Computer Science

**William W. Oblitey, Chairperson;  
Buterbaugh, Cross, Cunningham, R. F. Grove, McKelvey, Micco, Shubra, Sweeney, Watts, Wolfe; and  
professor emeritus Tompkins**

The programs in Computer Science at IUP lead to the B.S. or B.A. degree and are designed primarily to prepare graduates for productive work in highly computer-dependent areas of business, government, and industry. In recent years, majors graduating from the program have attained their first jobs in business applications, programming and systems analysis, computer software development, scientific and applied mathematical programming, and other computer-related areas and have gone to graduate school.

In a rapidly developing field such as Computer Science, it is important that the graduate's education be broad and fundamental so that new trends can more readily be followed. Our goal is to balance fundamentality and breadth with sufficient supervised practice so that our graduates are productive at the time they graduate but ready and willing to change with the field.

Most applied computer scientists work in cooperation with professionals trained in other areas and with managers. Hence, the ability to work and communicate with others of different educational backgrounds is an important characteristic. To that end, we encourage Computer Science majors to take a strong minor (or area concentration) in a second area of interest. Some students may wish to double major. Majors in other disciplines at IUP are also welcome to take Computer Science courses for which they are qualified or a Computer Science minor.

Students majoring in Computer Science should set their goals beyond simple programming and should be preparing

1. to program well, both in design and implementation phases, and document what they have programmed
2. to analyze real-world problems in preparation for program design and implementation
3. to manage activities that are strongly computer dependent
4. to improve the tools that programmers and systems analysts use, i.e., to develop
  - a. better machine systems
  - b. better software systems
  - c. better languages for communicating with machines
  - d. better methods for solving intractable problems
5. to teach about computers at college or high school level
6. to advance the fundamental theory of digital information processors.

## Bachelor of Science-Computer Science/Applied Computer Science Track

**Liberal Studies:** As outlined in Liberal Studies section 54-58  
with the following specifications:  
Mathematics: [MA123](#) (or [MA121-MA122](#) or [MA127](#))  
Liberal Studies electives: [MA216](#) (or [MA214](#) or [MA217](#)),  
no courses with CO prefix

**Major:** 38  
**Required courses:**

<a href="#">CO105</a>	Fundamentals of Computer Science	3sh
<a href="#">CO110</a>	Problem Solving and Structured Programming	3sh
<a href="#">CO220</a>	Applied Computer Programming	3sh
<a href="#">CO300</a>	Assembly Language Programming	3sh
<a href="#">CO310</a>	Data Structures	3sh
<a href="#">CO315</a>	Large File Organization and Access	3sh
<a href="#">CO319</a>	Software Engineering Concepts	3sh
<a href="#">CO380</a>	Seminar on the Computer Profession	1sh
<a href="#">CO441</a>	Data Base Management	3sh
<a href="#">CO480</a>	Seminar on Technical Topics	1sh

**Select one of the following two courses:**

<a href="#">CO320</a>	Software Engineering Practice	3sh (1)
<a href="#">CO493</a>	Internship in Computer Science	12sh (2)

**Controlled electives: Select 6sh (3)**

<a href="#">CO250</a>	Introduction to Numerical Methods	3sh
<a href="#">CO345</a>	Data Communications	3sh
<a href="#">CO355</a>	Computer Graphics	3sh
<a href="#">CO360</a>	IBM Job Control Language	1sh
<a href="#">CO362</a>	UNIX and C	3sh
<a href="#">CO481</a>	Special Topics in Computer Science (only sections approved for majors)	1-4sh
<a href="#">CO485</a>	Independent Study	1-4sh

**Upper Level Electives by Categories: Select 3sh (4)**  
Computer Architecture: [CO410](#)  
Theory of Languages: [CO419](#), [CO420](#), [CO424](#), [CO460](#)  
Systems Programming: [CO430](#), [CO432](#)  
Numerical Methods: [CO450](#)  
Artificial Intelligence: [CO405](#)

**Other Requirements:** 6-22  
**Additional Writing:**

<a href="#">EN322</a>	Technical Writing	3sh
	Foreign Language Intermediate Level	0-6sh (5)
	<b>Additional Mathematics:</b>	3-13sh (6)

[MA123](#) Calculus I for Physics and Chemistry  
([MA121](#) and [MA122](#) or [MA127](#) may be substituted)  
[MA216](#) Probability and Statistics for Natural Sciences  
([MA363](#) and [MA364](#), [MA214](#) and [MA417](#), or [MA217](#) and  
[MA417](#) may be substituted)  
[MA219](#) Discrete Mathematics

**Complete a minor from one of the following areas:** 6-18

- From any department in the College of Natural Sciences and Mathematics 6-18sh
- From designated Business courses 18sh
- From designated Economics courses 15sh
- From designated Geography courses 15sh

**Free Electives:** 0-20

---

- (1) Credit for both [CO320](#): Software Engineering Practice and [CO493](#): Internship in Computer Science may be counted toward the degree, but only one will be counted toward the major requirements.
  - (2) [CO493](#) may be selected in either the second semester of the junior year or the first semester of the senior year. If [CO493](#) is selected and approved, [CO380](#) may be taken in the immediately preceding semester.
  - (3) Select at least 6sh from the list of controlled electives and/or the list of upper-level electives.
  - (4) Select at least one additional course from the list of upper-level electives.
  - (5) Foreign Language intermediate-level courses are counted as Liberal Studies electives.
  - (6) Any of the Mathematics options satisfy the Learning Skill requirement, and one course may be counted as a Liberal Studies elective. The three-credit minimum applies to students who take [MA123](#) and [MA216](#). The thirteen-credit maximum applies to students who take the [MA121-MA122](#) calculus option and the [MA363-MA364](#) statistics option.

# The College of Natural Sciences and Mathematics

## Department of Geoscience

**Frank W. Hall II, Chairperson;  
Cercone, Clark, Hovan, Park, Richardson, Sutton, Taylor; and  
professor emeritus Prince**

The Geoscience Department provides curriculums in areas of natural science dealing with and related to the earth and its environment by offering courses in astronomy, geology, meteorology, and oceanography.

In addition to on-campus instruction, opportunities exist for summer coursework and research in geology and oceanography at the Marine Science Consortium located at Wallops Island, Virginia.

Degrees offered by the Department of Geoscience are the Bachelor of Science in Geology, the Bachelor of Science in Environmental Geoscience, and the Bachelor of Science in Education with a major in Earth and Space Science or with a major in General Science. The first two degree programs are under the College of Natural Sciences and Mathematics, and the last two are under the College of Education.

The department also will act in an advisory capacity for students enrolled in the B.S. in Natural Science with concentrations in Astronomy, Meteorology, or Oceanography. These degree programs are designed to prepare students for graduate work in the aforementioned disciplines.

The B.S. degree in Geology is, in a sense, a dual-purpose degree program. Not only is it designed to graduate well-trained, competent geologists, able to compete for positions as professional geologists in the job market; it is also designed to provide the student with the necessary allied science and mathematics background to enable the good student to qualify for admission to the graduate school of his/her choice in Geology.

The B.S. degree in Environmental Geoscience offers the student a broad-based science background. In addition to a firm foundation in Geology-Geoscience courses, the student will also acquire a background in Biology and Chemistry. This will provide thorough training for the rapidly growing field of Environmental Geoscience, both for students who plan to pursue postgraduate training in this field and for those who plan to enter directly into jobs in federal and state agencies and private consulting firms.

The department recognizes as one of its functions the role of serving the field of public education by the preparation of qualified and certified teachers of earth and space science. Also, because of the interdisciplinary nature of both the department and the requirements for preparing general science teachers, the department administers the program designed to lead to general science certification and includes majors of that category as department members.

## Minor-Geoscience

The requirement for the minor in Geoscience will be 16 semester hours of geoscience, taken within the following framework. Students must complete one course in each discipline within the department: Astronomy, 3 semester hours; Geology, 4 semester hours; Meteorology, 3 semester hours; Oceanography, 3 semester hours, for a total of 13 semester hours. The additional 3 semester hours can be taken in any one of the aforementioned disciplines. Liberal Studies nonlaboratory courses [GS141](#), [GS150](#), [GS151](#), and [GS221](#) will not be acceptable toward the minor in Geoscience.

<b>Minor:</b>	<b>16</b>
<b>Required courses:</b>	
One course from each of the following:	
Astronomy	3sh
Geology	4sh
Meteorology	3sh
Oceanography	3sh
Additional 3sh from one of the above fields (300 level or higher)	3sh

# The College of Natural Sciences and Mathematics

## Department of Mathematics

**Gerald M. Buriok, Chairperson;**

**Adkins, Alarcon, Anderson, Angelo, Balenovich, Bertness, Broughton, Burkett, Busovicki, A. Davis, Donley, Dubovsky, Duncan, Early, Enderson, Feldman, Frank, Gorman, Maderer, Massey, Mitchell, Morgan, Myers, Peterson, Ray, Reber, Rettig, Scholz, Shafer, Shower, Shepler, Speakman, Steelman, Stempien, G. Stoudt, R. Stoudt, Zhang; and**

**professors emeriti Arms, Gibson, Hartman, Hoyt, D. McBride, R. McBride, Morrell, Mueller, Oakes, Shafer, E. Smith, W. Smith, Stilwell, Willison, Woodard**

The Mathematics Department prepares students for work in industry, graduate school mathematics, and teaching. Degrees offered by the department are the Bachelor of Science in Mathematics, the Bachelor of Science in Applied Mathematics, and the Bachelor of Science in Education in Mathematics Education. The first two degree programs are offered within the College of Natural Sciences and Mathematics, and the third is with the College of Education. The department also offers a minor in Mathematics and a minor in Applied Statistics. The program for a mathematics major in the College of Natural Sciences and Mathematics is two-phased. A student may pursue a degree in Applied Mathematics or Mathematics. Those completing a degree in Mathematics will be prepared to continue their studies in mathematics in graduate school, though some may enter business, industry, or government service. Those students receiving a degree in Applied Mathematics will be primarily prepared to enter business, industry, or government service in an area where mathematics or computer science is used or to continue their studies in applied mathematics or computer science in graduate school. This student would not be expected to continue graduate studies in pure mathematics.

The Mathematics Department shares in a joint degree with the Economics Department. Students with ability and interest in economics discover that a solid background in mathematics is an essential prerequisite for advanced theoretical and applied work in the discipline. Similarly, students with talent and interest in mathematics find economics an excellent field in which to employ their skills and knowledge. The Bachelor of Arts in Mathematics/Economics allows students to combine these complementary subjects in a joint degree program administered cooperatively by the Departments of Mathematics and Economics. Enrolled students will be assigned an adviser in each department.

Those completing the program will have an exceptional background for graduate study in economics and such related fields as business, public policy, or operations research. They also will be ideally prepared to fill a wide variety of technical and quantitative positions in both government and private industry.

The program leading to the B.S. in Education in Mathematics education prepares the student for teaching mathematics in junior or senior high school. Many graduates, however, continue their formal education in mathematics at the graduate level or work in government or industry.

Elementary education majors may elect to take a concentration of at least 15 hours in mathematics. The program of courses for this concentration is as follows: in addition to [MA151](#) and [MA152](#), select 9 hours from the following courses: [MA317](#), [MA420](#), [MA456](#), [MA457](#), [MA458](#), [MA459](#), [MA471](#), or [MA481](#).

## Bachelor of Science-Applied Mathematics

**Liberal Studies:** As outlined in Liberal Studies section 50-52  
with the following specifications:

Mathematics: (included in major)  
Liberal Studies electives: no courses with MA prefix

**Major:** 40-41

**Required courses:**

<a href="#">MA127</a>	Calculus I	4sh
<a href="#">MA128</a>	Calculus II	4sh
<a href="#">MA171</a>	Introduction to Linear Algebra	3sh
<a href="#">MA216</a>	Probability and Statistics for Natural Science	4sh
<a href="#">MA227</a>	Calculus III	4sh
<a href="#">MA241</a>	Differential Equations	3sh
<a href="#">MA271</a>	Introduction to Algebraic Structures	3sh

**Controlled electives:**

**Two courses from list:** 6sh

[MA371](#), [MA421](#), [MA422](#), [MA423](#), [MA424](#), [MA427](#), [MA476](#), [MA477](#)

**One of the following two-course sequences:** 6-7sh

[MA342/CO450](#); [MA363/MA364](#); [MA445/MA446](#)

A minimum of three additional semester hours from the list of controlled electives above or the following:

[MA353](#), [MA425](#), [MA447](#), [MA465](#), [MA481](#) 3sh

**Other Requirements:** 6-12

**Computer Science:**

[CO110](#) Problem Solving and Structured Programming 3sh

[CO250](#) Introduction to Numerical Methods 3sh

Foreign Language Intermediate Level (1) 0-6sh

**Free Electives:** 19-28

---

**Total Degree Requirements:** 124

(1) Intermediate-level Foreign Language may be included in Liberal Studies electives.

(2) A student may select courses to fulfill requirements for specialized track.

a. Actuarial/Statistics: [MA363](#), [MA364](#), [MA421](#), [MA422](#), [MA446](#), [MA465](#)

b. Scientific/Engineering: [MA241](#), [MA342](#), [MA363](#), [MA364](#), [MA371](#), [MA423](#), [MA445](#), [MA446](#)

c. Math Analyst: [MA241](#), [MA342](#), [MA363](#), [MA364](#), [MA371](#), [MA445](#) or [MA446](#), [MA476](#), CO minor

## Bachelor of Arts-Economics/Mathematics

**Liberal Studies:** As outlined in Liberal Studies section **47-49**  
with the following specifications:

Social Science: [EC121](#) (included in major)

Mathematics: [MA127](#) (included in major)

Electives: Intermediate foreign language,  
no course with EC or MA prefix.

**Major:** **54-56**

**Core:**

<a href="#">EC121</a>	Principles of Economics I	3sh
<a href="#">EC122</a>	Principles of Economics II	3sh
<a href="#">EC421</a>	Macroeconomics Analysis	3sh
<a href="#">EC422</a>	Microeconomics Analysis	3sh
<a href="#">MA127</a>	Calculus I	4sh
<a href="#">MA128</a>	Calculus II	4sh
<a href="#">MA227</a>	Calculus III	4sh
<a href="#">MA171</a>	Introduction to Linear Algebra	3sh
<a href="#">MA216</a> or <a href="#">EC355</a>	Statistics	3-4sh

**Economics Electives:** **12**

Students are especially encouraged to take [EC334](#) (Economics of Corporate Decisions) and [EC356](#) (Econometrics), but any course except [EC101](#) (Basic Economics) may be used. [EC493](#) (Internship) may be counted only with the approval of the program coordinator.

**Mathematics Electives:** **12-13**

**At least one of the following two-semester sequences:**

[MA241](#) Differential Equations and [MA371](#) Linear Algebra  
[MA363](#) and [MA364](#) Mathematical Statistics I and II  
[MA445](#) and [MA446](#) Programming and Probabilistic Models in O.R.

**Two additional courses either from the above or from the following:**

<a href="#">MA271</a>	Introduction to Algebraic Structures
<a href="#">MA342</a>	Advanced Mathematics for Applications
<a href="#">MA417</a>	Statistical Applications <b>or</b>
<a href="#">MA418</a>	Sampling Survey Theory
<a href="#">MA421</a>	Advanced Calculus I
<a href="#">MA422</a>	Advanced Calculus II
<a href="#">MA423</a>	Complex Variables I
<a href="#">MA425</a>	Applied Mathematical Analysis I
<a href="#">MA427</a>	Introduction to Topology
<a href="#">MA465</a>	Topics in Statistics
<a href="#">MA476</a>	Abstract Algebra I
<a href="#">MA477</a>	Abstract Algebra II

**Other Requirements:** **0**

**Free Electives:** **19-23**

---

**Total Degree Requirements:** **124**

**Free Electives:** 0-6

---

**Total Degree Requirements:** 124

(\*) See requirements leading to teacher certification in [Admission to Teacher Education](#)

(1) Special Education Competency Requirement: Revision pending will eliminate exam option and will require [EX301](#) (2sh).

(2) If neither Option A or B has been chosen, then one of [MA371](#), [MA421](#), [MA445](#), and [MA476](#) is required.

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate. Last Modified on Fri Mar 7 10:58:46 1997

# The College of Natural Sciences and Mathematics

## Minor in Mathematics

The minor in Mathematics consists of a minimum of 17 semester hours in mathematics. The minor in Mathematics may offer preparation for advanced study in areas such as Economics, Computer Science, Physics, and other natural sciences. Any student who is required to take a year of calculus should consider this minor.

**Required courses:** 17sh  
[MA121](#) and [MA122](#) or [MA123](#) and [MA124](#)

**Controlled electives** 9sh (1)  
Other courses for math majors, [MA216](#) and [MA219](#) may be included

(1) The following courses are excluded: [MA100](#), [MA101](#), [MA102](#), [MA110](#), [MA117](#), [MA214](#), [MA217](#), [MA417](#), and [MA418](#).

# The College of Natural Sciences and Mathematics

## Minor in Applied Statistics

The minor in Applied Statistics, consisting of seventeen credits, may be of interest to students who are required to take a calculus course and a course in probability and statistics. This includes, but is not limited to, students in the Eberly College of Business, Safety Science majors, and Computer Science majors.

A cumulative QPA of at least 2.0 in MA courses is required for a minor in Mathematics or Applied Statistics. The Mathematics Department will not certify a minor for a transfer student unless at least two of the courses counting for the minor have been completed in the IUP Mathematics Department. Minor-Applied Statistics

The minor in Applied Statistics consists of 17 semester hours in Mathematics selected as follows:

- (a) Introductory calculus course: [MA121](#), [MA123](#), or [MA127](#)
- (b) Introductory statistics course: [MA214](#), [MA216](#), or [MA217](#)
- (c) [MA417](#)
- (d) [MA418](#)

The remaining hours may be chosen from the following:

- (a) a second calculus course: [MA122](#), [MA124](#), or [MA128](#)
- (b) [MA171](#)
- (c) Any course for mathematics majors approved by the Applied Statistics Adviser.

## Natural Science

**Allan T. Andrew, Coordinator** The program leading to the Bachelor of Science degree in Natural Science is designed to prepare students for early admission to professional schools-optometry, podiatry, chiropractic, physical therapy, pharmacy, and dentistry. Another track prepares students for further study in engineering. The B.S. degree in Natural Science will be earned by students who transfer to professional schools that have an articulation agreement with IUP. In some cases, students interested in obtaining a four-year baccalaureate degree before entering a medical or professional school should enroll in a program of studies leading to a B.A. or B.S. degree in the departments of Biology or Chemistry. Students considering a professional career in a high-technology business or industry may wish to obtain a foundation in the Natural Sciences while using their free electives to pursue additional work in areas such as Economics, Pre-Law, or a minor in Business Administration. For further information about these programs contact the Dean's office. The B.S. in Natural Science may not be used for a second major or a second degree by majors in the College of Natural Sciences and Mathematics.

# The College of Natural Sciences and Mathematics

## Department of Physics

**Richard D. Roberts, Chairperson;**

**professors emeriti Berry, Buckwalter, McNamara, Riban, Waddell**

The goal of the Department of Physics is to prepare fully qualified individuals for productive careers in physics. Three degrees are offered within the College of Natural Sciences and Mathematics: the Bachelor of Science in Physics, the Bachelor of Arts in Physics, and the Bachelor of Science in Applied Physics. These programs offer adequate preparation for graduate study in physics or for research in industrial technology. The applied physics degree provides a strong technical background for work in solid-state electronics or for interdisciplinary research in the areas of computer science, chemistry, biology, and geology. A Bachelor of Science degree in Education with a major in Physics is offered through the College of Education. A two-year pre-engineering program is offered in cooperation with Drexel University wherein students transfer to Drexel after two years. The department also offers a minor in Physics, as well as general science courses which satisfy the Natural Science requirements of the Liberal Studies program.

## Bachelor of Science-Applied Physics

**Liberal Studies:** As outlined in Liberal Studies section 56-57  
with the following specifications:

Mathematics: [MA123](#)  
Natural Science: [CH111-CH112](#)  
(replaced by [CH113-CH114](#) for Chemistry track)  
Liberal Studies electives: [MA124](#), no courses with PY prefix

**Major:** 28

**Required courses:**

<a href="#">PY131</a>	Physics I-C Lecture	3sh
<a href="#">PY132</a>	Physics II-C Lecture	3sh
<a href="#">PY141</a>	Physics I-C Lab	1sh
<a href="#">PY142</a>	Physics II-C Lab	1sh
<a href="#">PY150</a>	Computer Application to Physics Laboratories	3sh
<a href="#">PY222</a>	Mechanics I	2sh
<a href="#">PY231</a>	Electronics	4sh
<a href="#">PY242</a>	Optics	3sh
<a href="#">PY322</a>	Electricity and Magnetism I	2sh
<a href="#">PY331</a>	Modern Physics	3sh
<a href="#">PY352</a>	Applied Physics Laboratory	3sh

**Other Requirements:**

<a href="#">MA241</a>	Differential Equations	3sh	9-15
<a href="#">CO110</a>	Problem Solving and Structured Programming	3sh	
<a href="#">CO250</a>	Introduction to Numerical Methods	3sh	
Foreign Language Intermediate Level (1)		0-6sh	

**Controlled electives: According to Track** 23-27

**Solid State Electronics Track:** [CO300](#), [MA342](#), [PY323](#), [PY342](#), [PY353](#), [PY432](#), [PY475](#), [PY476](#) 24sh

**Computer Science Track:** [PY342](#), [PY353](#), [PY432](#), [PY475](#), [PY476](#), [CO300](#), [CO310](#), [CO410](#), [CO450](#) 27sh

**Chemistry Track:** [MA342](#), [CH231](#), [CH232](#), [CH323](#), [CH341](#), [CH342](#), [CH343](#) 24sh

**Biology Track:** [BI111](#), [CH231](#), [BI120](#), [CH323](#), [CH351](#), 27sh  
Two biology electives from the following:  
[BI263](#), [BI250](#), [BI472](#), [BI350](#), [BI401](#)

**Geology Track:** [GS121](#), [GS122](#), [GS131](#), [GS132](#) 23sh  
Five Geoscience electives from the following:  
[GS321](#), [GS325](#), [GS326](#), [GS362](#), [GS412](#), [GS440](#), [GS481](#)

**Free Electives:** 3-8

---

**Total Degree Requirements:** 124

(1) Intermediate-level Foreign Language may be included in Liberal Studies electives.

## Department of Psychology

**Carl W. Schneider, Chairperson;**  
**Barrett, Berman, Goodwin, Grover, Kaniasty, Laporte, Magee, Marquette, McHugh, Patton, Pavloski, Raeff,**  
**Rich, Rittle, Robertson, Sadler, Stires, Strand, Sussmann, Thornton, Vormbrock, Walz, Zanich, Zimny; and**  
**professors emeriti Jacobs, Lore**

The program in psychology leads to a Bachelor of Arts degree and is designed to give the student an understanding of the methods and major findings in the science of behavior and mental processes. The major offers the background required for graduate work in psychology and also preparation for such related fields as social work, personnel work, advertising, medicine, law, and theology. The department also offers a minor in psychology.

An honors program has been developed to enrich the education of qualified psychology majors and assist such students in gaining entrance to graduate school by providing classroom and research experiences which will prepare them for work at the graduate level.

A track in applied psychology offers students a firm background in the science of psychology, preparation for nonclinical applications of psychology to the solution of human and social problems in private and public organizations, and preparation for graduate study in the applied area of psychology. The core for the track is the same as for the psychology major; coursework in applied psychology is provided by enrolling in appropriate psychology electives and a carefully designed concentration of courses outside the department.

All psychology majors are required to take a minor or a concentration in another discipline.

# The School of Continuing Education

## General Information

The mission of the School of Continuing Education is to serve the lifelong educational needs of nontraditional students, working adults, professional organizations, local and state agencies, and the citizens of the commonwealth by providing access to the academic and human resources of IUP.

The School of Continuing Education was created by the IUP Board of Trustees in May, 1966. Today, the school comprises the Division of Credit Programs, the Division of Conferences and Noncredit Programs, the Highway Safety Center, and the Criminal Justice Training Center. The school is characterized by its commitment to academic excellence and high-quality programs. The school maintains a dynamic environment which fosters innovation and experimentation in order to improve programs continually and respond to the ever-changing needs of society.

# The School of Continuing Education

## Division of Credit Programs

### Edward W. Nardi, Assistant Dean

The Division of Credit Programs offers a variety of opportunities for the adult and nontraditional learner to access the academic resources of IUP on a part-time basis. Courses may be selected from day or evening offerings.

The Associate of Arts Degree in General Studies is designed for the nontraditional or adult learner who seeks to acquire a broad base of knowledge in the liberal arts. This program consists of the core of Liberal Studies requirements of the IUP bachelor's degree programs plus nine to twelve credits of electives. The student is encouraged to develop a plan of study with his or her academic adviser which will bring focus to the individual's interest in a particular area or subject. No more than thirty credits may be transferred into this degree program from other colleges.

The Bachelor of Science degree in General Studies is designed for the mature adult student, who under faculty advisement can explore and develop an individualized plan of study which does not approach any existing IUP major. This self-designed plan of study must be based on a specific theme which incorporates basic and applied coursework within a theoretical framework culminating in a senior-year independent research project. At the time of application for degree candidacy through the School of Continuing Education or transfer from another major, the student must submit a plan of study which contains the proposed theme, rationale, and courses needed to satisfy the Special Interest Area. A faculty member will be assigned to assist with the plan of study prior to acceptance to degree candidacy. Students other than School of Continuing Education students must have completed 45sh before a request for transfer will be honored.

The student's plan of study, which is designed to fulfill the Special Interest Area, must be approved by the student's adviser and the dean of the School of Continuing Education.

# The School of Continuing Education

## Bachelor of Science-General Studies

<b>Liberal Studies:</b> As outlined in Liberal Studies section	53-54
<b>General Area of Study</b>	24

Choose at least 6sh from three of the four areas listed below. At least 12sh must be 300-level or above. Courses should relate to theme developed in Special Interest Area.

**Human Behavior and Development Area** Anthropology, Health, Home Economics, Psychology, Sociology  
**Social and Political Systems Area** Economics, Geography and Regional Planning, History, Industrial and Labor Relations, Political Science

**Arts, Letters, and Culture Area** Art, Communications Media, English, French, German, Journalism, Music, Philosophy, Religious Studies, Spanish, Theater

**Science, Mathematics, and Technology Area** Biology, Chemistry, Computer Science, Geoscience, Mathematics, Physics

<b>Special Interest Area</b>	21
------------------------------	----

With approval of adviser, student may select, from any department listed above, courses which focus on a particular need or interest. At least 12sh must be 300-level or above. The program must include either one research course which provides opportunities for extensive writing or an independent study project. Some courses will not be available to General Studies majors.

<b>Electives</b>	25-26
At least 6sh must be 300-level or above	

---

<b>Total Degree Requirements:</b>	124
-----------------------------------	-----

(1) Individually planned theme may not duplicate any existing degree programs which are otherwise available at IUP, nor may they be used to circumvent specific requirements within an existing major.

(2) No more than 30 semester hours taken in any one department will count toward graduation.

(3) In the application of university policies, the Special Interest Area is considered as the major. Specifically, in order to graduate, students must be in academic good standing and attain a 2.00 grade point average in the Special Interest Area.

---

# The School of Continuing Education

## Part-time Studies Program (Nondegree)

The Part-time Studies Program is designed to offer the adult and nontraditional learner the opportunity to begin or renew a college education at IUP. Through this program an individual may enroll in undergraduate credit courses to pursue personal interests, acquire new skills, or work toward formal admission to degree candidacy. Credit earned in this program may be applied to a degree upon formal admission to an IUP degree program.

## Off-Campus Studies Program

The Off-Campus Studies Program is designed to support the efforts of IUP and its faculty to offer academic programs to specific groups of individuals through the delivery of university courses at off-campus locations. The Master of Education in Elementary Education, the Master of Arts in Adult and Community Education, the Executive MBA Program, and the Master of Arts in Criminology are offered in the IUP Center in Monroeville. In addition, the Executive MBA is offered in Johnstown and the Master of Science in Safety Sciences is available in Harrisburg. Undergraduate and graduate courses are also available periodically at various off-campus locations throughout the commonwealth.

# The School of Continuing Education

## Division of Conferences and Noncredit Programs

### **Donna M. Griffith, Director**

The division offers a wide variety of noncredit programs in an effort to meet community needs in the areas of public service, professional development, and personal enrichment.

### **Business, Industry, and Labor**

Courses and workshops are offered in the following areas: Computer Literacy, Management Development, Small Business Development, and Contract Training. Certificate programs include Real Estate and Paralegal. Courses may be offered at IUP or at the business/industry site, as preferred.

### **Community-University Studies**

Noncredit courses and workshops are offered in Indiana, Kittanning, and Punxsutawney. Personal growth and enrichment topics include creative leisure, self-improvement, fitness, culinary arts, languages, money and finances, art/music/literature, Elderhostel, and Mornings with the Professors. There are no exams, no grades, and no pressure. The program is provided as a service to the community.

### **Special Programs**

The education and training needs of health and human service professionals are met through course offerings, one-day workshops, seminars, and conferences. Additionally, Youth Experience in Summer (YES) and College Connections for Kids provide educational enrichment for youth in elementary through high school grades.

### **Conferences**

The division facilitates conferences offered by academic departments during the year and hosts off-campus groups and organizations during the summer months. The conference staff also provides consulting services and coordinates conferences throughout the state for IUP and other organizations.

## Highway Safety Center

### **Richard J. Hornfeck, Director**

IUP's Highway Safety Center attempts to address the highway safety needs of the commonwealth through a variety of programs and activities. The Highway Safety Center programs encompass activity in five major areas:

- 1) research, surveys, and studies,
- 2) education (teaching),
- 3) training and conferences,
- 4) field and extension services, and
- 5) traffic safety communications and information exchange.

### **Teacher Certification in Driver Education**

Through cooperative effort with IUP's Department of Health and Physical Education, the Highway Safety Center coordinates and directs IUP's Teacher Certification Program in Driver Education.

### **IUP Regional Highway Safety Project**

The IUP Regional Highway Safety Project is a federally funded program contracted with the Pennsylvania Department of Transportation's Center for Highway Safety. Originating at IUP in January, 1987, under the title of the Indiana County Seat Belt Program, its purpose was to increase public awareness and the usage of occupant restraints. The program expanded its emphasis and territory in 1989 and now includes the counties of Armstrong, Jefferson, and Clearfield. Programs for corporations, schools, civic groups, law enforcement agencies, etc., include topics such as occupant safety, bicycle safety, pedestrian safety, safe driving characteristics, and DUI. The project also serves as a resource to other community safety groups by providing printed materials, audiovisual aids, crash-car dummy costumes, and the "Seat Belt Convincer." A Car Seat Loaner Program also provides car seats to residents in Indiana County.

### **Driver Training Programs**

From basic driver education programs for beginning drivers to truck driver training to advanced driver training programs in emergency driving techniques, the Highway Safety Center provides a cadre of courses, all designed to meet the needs of the student.

### **Emergency Services Training**

This is a large, diversified program area designed to meet the training needs of ambulance, fire, and police personnel in the areas of emergency medical services and rescue.

### **Traffic Accident Investigation**

Traffic Accident Investigation programs are available for safety directors, insurance adjusters, and police personnel. Courses range from basic investigation up to and including accident reconstruction.

on Fri Oct 4 13:37:48 1996

# The School of Continuing Education

## Criminal Justice Training Center

### Gary M. Welsh, Director

The Criminal Justice Training Center's role in both the university and the community is to provide high-quality education and training programs for the continuing professionalism of the criminal justice system.

These programs include seminars for in-service personnel in fulfillment of mandatory continuing education requirements. They are conducted on an "as needed" basis covering an unlimited range of topics, such as vehicle and criminal law updates, search and seizure, accident investigation, alcohol enforcement, and driver proficiency. Special programs are provided to offer the basic 600-hour academy training required for law enforcement service under Mandatory Act 120. Training under the Lethal Weapons Act 235 provides the basic requirements and mandatory recertification for armed security personnel.

# Accounting

**Department of Accounting**  
**Eberly College of Business**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[AG201](#) [AG202](#) [AG281](#) [AG299](#) [AG300](#) [AG301](#) [AG302](#) [AG311](#) [AG399](#) [AG401](#) [AG412](#) [AG421](#) [AG422](#) [AG431](#)  
[AG435](#) [AG441](#) [AG451](#) [AG461](#) [AG471](#) [AG481](#) [AG482](#) [AG488](#) [AG493](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

## **AG 201 Accounting Principles I**

3c-0l-3sh

Introduces the student to the accounting cycle in service and merchandising concerns using the single proprietorship form of business organization; covers use of special journals and subsidiary ledgers in the accounting system as well as accounting and internal control procedures for cash, receivables, inventory, and plant and equipment.

## **AG 202 Accounting Principles II**

3c-0l-3sh

Prerequisites: C or better in AG201, sophomore status

Covers accounting principles and procedures for payroll, partnerships, corporations, long-term liabilities and investments, and manufacturing firms with a general accounting system. Introduces the student to cost accounting systems, financial statements analysis, budgeting, and use of accounting information in making managerial decisions.

## **AG 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

[Back to Top](#)

## **AG 299 Cooperative Education I**

0c-0l-2sh

Prerequisites: Completion of 55 credits with a minimum GPA of 2.0 including at least a "C" in AG201, AG202, and IM241, and approval of the cooperative adviser

The initial experience in a program designed to combine classroom theory with practical application through job-related experiences. Students are actively employed in the accounting area in business, industry, government, and a variety of organizations and agencies with a work focus which relates to their academic training and career objectives in accounting. The student is expected to complete subsequently AG399 or an internship.

### **AG 300 Managerial Accounting**

3c-0l-3sh

Prerequisite: AG202 (not open to Accounting majors)

Emphasizes the use of accounting information in performing the managerial functions of planning, control, decision making, and performance evaluation. Note: Accounting majors will not be granted degree credit for AG300.

### **AG 301 Intermediate Accounting I**

3c-0l-3sh

Prerequisite: C or better in AG202

An overview of the foundation of accounting theory dealing with application of generally accepted accounting principles as promulgated in professional pronouncements to the reporting process and to accounting for various asset items in the financial statements.

[Back to Top](#)

### **AG 302 Intermediate Accounting II**

3c-0l-3sh

Prerequisite: C or better in AG301

Application of generally accepted accounting principles to various areas such as accounting for corporations, long-term investments in securities, bonds, pension costs, leases, etc.

### **AG 311 Cost Accounting**

3c-0l-3sh

Prerequisite: C or better in AG202

Cost accounting methods and procedures including cost accumulation under job order cost system and process cost system, cost allocation, budgeting, and accounting for spoilage, joint, and by-products. The planning and control aspect of cost accounting is emphasized.

### **AG 399 Cooperative Education II**

0c-0l-3sh

Prerequisites: AG299; completion of 85 credits with an overall GPA of 2.0; a GPA of 2.3 in AG301, AG302, and AG311 with at least a "C" in each course; and approval of the cooperative adviser

The subsequent course in cooperative education is designed to combine classroom theory with practical application through job-related experiences. Cooperative Education students are actively employed in the accounting area in business, industry, government, and a variety of organizations and agencies with a work focus which relates to their academic training and career objectives in accounting.

[Back to Top](#)

### **AG 401 Advanced Accounting**

3c-0l-3sh

Prerequisite: AG302

Study of accounting issues of specialized nature including partnerships, organization and liquidation, agency and branch accounting, accounting for business combinations, preparation of consolidated financial statements, accounting for government and not-for-profit entities, accounting for estates and trusts, and receivership accounting.

### **AG 412 Advanced Cost Accounting**

3c-0l-3sh

Prerequisite: C or better in AG311

Study of budgets, standard costs, direct and absorption costing, analysis of cost variances, and extensive analysis of various cost control and profit planning programs.

### **AG 421 Federal Taxes**

3c-01-3sh

Prerequisite: C or better in AG202

Acquaints the student with Federal Income Tax Laws as they apply to individual taxpayers and partnerships.

[Back to Top](#)

### **AG 422 Federal Taxation of Corporations, Partnerships, Estates, and Trusts**

3c-01-3sh

Prerequisites: AG421 and AG302

Advanced course in federal income taxation as it applies to taxpayers other than individuals. Covers the tax treatment of those property transfers subject to federal and state gift and death taxes. The tax planning aspect of the various course topics as well as tax research methodology are also discussed.

### **AG 431 Auditing**

3c-01-3sh

Prerequisite: AG302

Study of auditing theory and practical application of auditing standards and procedures to the review, testing, and evaluation of accounting controls and to the verification of transactions and balances to express an opinion in an audit report on the fairness of financial statements' presentation.

### **AG 435 Internal Auditing**

3c-01-3sh

Prerequisite: AG431

This course covers four issues: foundations for internal auditing, administering internal auditing activities, operational areas, and special relationships and evaluation for internal auditing.

[Back to Top](#)

### **AG 441 Accounting for Government and Nonprofit Organizations**

3c-01-3sh

Prerequisite: AG302

Presents the views of authoritative professional organizations as to desirable standards of accounting and reporting for governmental and nonprofit entities. Topics include budgeting and budgetary accounts, accounting for various funds, the general fixed assets group of accounts, the financial reporting process, and application of the principles of fund accounting in specific areas.

### **AG 451 Seminar in Accounting Standards**

3c-01-3sh

Prerequisite: AG302

Study of professional standards having authoritative support in the field of accounting. APB opinions, FASB interpretations, and SEC Accounting Series Releases are discussed.

### **AG 461 Accounting Systems**

3c-01-3sh

Prerequisites: AG302, AG311, IM300

Study of concepts, principles, and procedures of accounting system design, installation, implementation, auditing, and maintenance in relating to system objectives, information requirements, constraints, system elements, and considerations on a computerized basis.

[Back to Top](#)

### **AG 471 International Accounting**

3c-0l-3sh

Prerequisites: AG311 for Accounting majors or AG300 for non-Accounting majors

A comparative study of the effects of differences in cultural and business philosophies on national and international accounting policies. Specific financial accounting controversies, such as accounting for transactions involving foreign currency exchanges, will be discussed. International management accounting topics will include international transfer pricing policies, performance evaluations of multinational managers and divisions, and management information systems. International aspects of financial planning, auditing, and taxation practices will also be reviewed.

### **AG 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **AG 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **AG 488 Internship in Accounting (Industrial and Government)**

6sh

Prerequisites: Consent of departmental chairperson and dean, Eberly College of Business; overall GPA of 2.75 and GPA in accounting courses of 3.0

Practical experiences, generally totaling 400 hours, in an industrial or government accounting setting.

### **AG 493 Internship in Accounting (Public)**

6sh

Prerequisite: Consent of departmental chairperson and dean, Eberly College of Business; overall GPA of 3.00 and GPA in accounting courses of 3.0

Practical experiences, generally totaling 400 hours, with a public accounting firm.

# Administrative Services

## Department of Office Systems and Business Education Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[AD101](#) [AD221](#) [AD321](#) [AD481](#) [AD482](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **AD 101 Introduction to Business**

3c-0l-3sh

Overview of the principles, practices, and methods common to most business firms in a private enterprise system. (Not open to juniors and seniors in Business)

### **AD 221 Business Technical Writing**

3c-0l-3sh

Prerequisite: EN101

Application of business and technical writing styles, letters, memos, reports, procedures, and manuals are some areas of concern. Emphasis on clear, concise writing style. (May not be used as a substitute for AD321)

### **AD 321 Business and Interpersonal Communications**

3c-0l-3sh

Prerequisite: EN101, EN202

Study of communication theory and principles as applied to business situations and practices; development of communication skills in areas of communication such as speaking, writing, listening, and nonverbal communicating. Emphasis on building effective interpersonal relations in a business environment.

[Back to Top](#)

### **AD 481 Special Topics**

## **AN 110 Contemporary Anthropology**

3c-0l-3sh

An introduction to the nature of anthropological inquiry. By using the anthropological perspective, current relevant topics will be discussed. Topics could include but are not limited to changing myths and rituals, legal anthropology, cross-cultural aspects of aging, gender roles, evolutionism and creationism, cultural extinction, and world hunger.

## **AN 211 Cultural Anthropology**

3c-0l-3sh

Explores the nature of culture as a human survival technique. Provides a framework for appreciation and understanding of cultural differences and similarities in human societies, past and present.

## **AN 213 World Archaeology**

3c-0l-3sh

Survey of the prehistory of Western and non-Western cultures with emphasis on the development of technology and on the evolution of adaptive strategies with particular attention to the origins of agriculture. This course exposes the students to the diversity of past cultural systems and to the methodological and theoretical questions of concern to archaeologists.

[Back to Top](#)

## **AN 222 Biological Anthropology**

3c-0l-3sh

Introduction to the goals and techniques of biological anthropology with emphasis on primatology, paleoanthropology, genetics, and osteology. Provides a basis for evaluating the role of biology in human behavior.

## **AN 233 Language and Culture**

3c-0l-3sh

Focuses on social and cultural functions of language. Particular emphasis given to problems in anthropology with respect to non-Western languages.

## **AN 244 Basic Archaeology**

3c-0l-3sh

Introduction to the goals and methods of anthropological archaeology with particular attention to the analysis of

cultural chronology, past lifeways, and cultural process. Provides laboratory experience with artifacts and other archaeological data.

[Back to Top](#)

### **AN 271 Cultural Area Studies: Africa**

3c-0l-3sh

Explores the cultural diversity of the continent of Africa. The first unit examines the historical processes which shape modern society, including the formation of indigenous African empires, the evidence for trade routes, slave trading, and colonialism. The second unit examines the nature of African traditional societies, including analyses of forager and agricultural groups. The last unit covers issues of contemporary development in Africa such as famine and agricultural policy, the status of women in economic development, and apartheid. Reading includes ethnographic and historical accounts of African society as well as selections by African writers on the issues of contemporary society. (Also offered as SO271; may not be taken for duplicate credit.)

### **AN 272 Cultural Area Studies: China**

3c-0l-3sh

Designed to assist the student in developing an understanding of contemporary China. While the course will begin with prehistoric and historic aspects of China, the focus will be on contemporary issues presented in the context of anthropological theory. Specific Chinese cultural components that will be investigated include values, attitudes, norms, social organization, linguistics, and folklore. (Also offered as SO272; may not be taken for duplicate credit.)

### **AN 273 Cultural Area Studies: Southeast Asia**

3c-0l-3sh

An introduction to the peoples and cultures of Southeast (SE) Asia. Prehistory and the development of indigenous states in SE Asia and analysis of impact of world religions, such as Islam, and Western colonialism. Also examines modern hunter-gatherer and farming societies and discusses contemporary issues in social and economic change, including the Green Revolution, tropical deforestation, the struggle of ethnic minority tribal peoples, and the plight of Indochinese refugees. (Also offered as SO273; may not be taken for duplicate credit.)

[Back to Top](#)

### **AN 274 Cultural Area Studies: Latin America**

3c-0l-3sh

An introduction to the peoples and cultures of Latin America. Focuses on the prehistory and development of pre-Columbian complex societies in Mesoamerica and the Andes and analyzes the impact of European colonialism on these major regions. Also examines contemporary issues, such as civil wars, economic development, rural-urban migrations, and migration and immigration of Latin American peoples into the United States. (Also offered as SO274; may not be taken for duplicate credit.)

### **AN 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **AN 286 Marriage, Kinship, and the Family**

3c-0l-3sh

Sociological and anthropological study of patterns of marriage, kinship, and family life, with emphasis on the relationship between family patterns and other social institutions. Topics covered include the family and marriage in

historical and comparative perspective; worldwide patterns of gender stratification; incest and incest avoidance; class and race contexts of family patterns; mate selection and love; parenthood and child rearing; domestic and sexual violence; alternative family lifestyles; and the current crisis and possible future of the family. Intended for a broad audience but also open to sociology and anthropology majors and minors. (Also offered as SO286; may not be taken for duplicate credit.)

[Back to Top](#)

### **AN 312 World Ethnography**

3c-0l-3sh

Detailed study of specific preliterate cultures. Emphasis given to questions of cultural integration.

### **AN 314 Native Americans**

3c-0l-3sh

Survey of culture history and culture area characteristics of the Indians of North America. Detailed study of representative groups related to historical, functional, and ecological concepts.

### **AN 315 North American Archaeology**

3c-0l-3sh

Prerequisite: AN110 or AN244 or permission of the instructor

Survey of North American prehistory with emphasis on cultural ecology and technology. Attention is given to all geographic areas north of Mexico, but the focus is on the Eastern Woodlands.

[Back to Top](#)

### **AN 316 Anthropology of Religion**

3c-0l-3sh

Prerequisite: AN110 or AN211

Explores nature, function, and universal characteristics of religion in human society by utilizing cross-cultural approach. Theories concerning religious phenomena serve as topics for discussion.

### **AN 317 Archaeology Research Design and Analysis**

3c-0l-3sh

Prerequisite: AN244 or permission of the instructor

Introduction to theory and method in archaeological research through lecture, laboratory exercises, and individual projects. Provides students with actual experience analyzing and interpreting archaeological data sets.

### **AN 318 Museum Methods**

3c-0l-3sh

Prerequisite: AN110 or AN211 or AN244

Lecture and laboratory course surveying the role of museums as social and educational institutions, types of museums, museum administration, and museum architecture. Procedures for collection, curation, preservation, and storage of anthropological and natural history specimens examined.

[Back to Top](#)

### **AN 320 Archaeological Field School**

var-6sh

Prerequisite: AN110, AN244, or permission of instructor

Introduction to archaeological survey, field excavation, and laboratory processing. Field school students participate in one or more of the on-going research projects of the IUP Archaeology Program.

### **AN 340 Anthropology of Aging**

3c-01-3sh

Introduces the student to various experiences faced by elderly people in numerous world's societies. Explores the impact of such factors as ethnicity, nationality, race, and class and the processes of cultural change on the lives of people growing old. Comparative, cross-cultural perspectives will be stressed.

### **AN 350 Anthropology of Women**

3c-01-3sh

Designed for any student with an interest in the lives of women around the world, regardless of whether or not he or she has a strong background in anthropology. Examines the social roles, rights, and responsibilities of women cross-culturally, viewing both women's productive (economic) functions as well as reproductive functions. Reading describes the position of women in technologically simple societies and addresses the comparative position of women in the industrialized socialist and capitalist countries. The central theme of the course is an examination of how the position of women has changed in the twentieth century.

[Back to Top](#)

### **AN 360 Applied Anthropology**

3c-01-3sh

Applied anthropology focuses on the anthropologist as an agent of social change and bridges the gap between theories of cultural behavior and the policies which affect contemporary cultures. Examines the historical role of anthropologists in early public administration and then examines at length the work of contemporary applied anthropologists in programs of international economic development (health, agriculture, and education), in domestic human service planning and delivery, in cultural resource preservation, and in their role as advocates for unempowered minorities.

### **AN 365 Native North American Religions**

3c-01-3sh

An introduction to the indigenous religions of North America and to the peoples who practice these rich and varied approaches to the sacred. This course not only examines major religious themes and dimensions (myth, ritual, ethics, etc.) but includes a historical perspective on North American Indian lifeways. This perspective involves discussion of the clash with Euro-American values and contemporary native religious responses to social crisis and change. (Also offered as RS365; may not be taken for duplicate credit)

### **AN 401 Social and Cultural Change**

3c-01-3sh

Prerequisite: AN110 or SO151

Exploration of current theoretical perspectives on social and cultural change. Special attention given to planned change at the local or regional level.

### **AN 415 Cultural Resource Management**

3c-01-3sh

Prerequisites: AN244 or consent of the instructor

Provides an understanding of how cultural resources are being preserved and managed under current American laws and regulations with particular emphasis on historic properties, such as historic buildings and archaeological sites. Case studies and field trips are incorporated so that students gain a thorough understanding of key problems and issues in historic preservation and cultural resource management.

[Back to Top](#)

### **AN 420 Cultural Ecology**

3c-01-3sh

Prerequisites: AN110 or AN211

Introduces the student to the field of ecological anthropology by exploring the concept of the ecosystem in relationship to varying human adaptive strategies. Illustrates the importance of understanding man-environment interactions both in studying the developing world and in investigating the past.

### **AN 444 Medical Anthropology**

3c-01-3sh

Prerequisites: 9 credits in anthropology or permission

Focuses on the study of human confrontation with disease and illness and on the adaptive arrangements made by various human groups for dealing with these dangers. Health and disease are viewed from a broad array of micro and macro perspectives, e.g., evolutionary, ecological, and psychosocial. Designed for nursing and social work students as well as social and biological sciences students.

### **AN 456 Field Research Methods**

3c-01-3sh

Prerequisite: 9 credits in anthropology

Examination of methods and practice of sociology and anthropology in the areas of qualitative and quantitative methods. Concentrates upon the development of field notes, interviewing techniques, participant observation, etc. Qualitative methods of sampling and analysis will include theoretical sampling and analytic induction. Brief background research into community, organizational, and group structure will also be emphasized.

[Back to Top](#)

### **AN 480 Anthropology Seminar**

var-1-3sh

Prerequisite: 9 credits in anthropology or permission

A seminar approach to the integration of the fields of anthropology. Designed to assist the advanced student in understanding the nature of anthropology, the major theoretical issues, and the history of intellectual development.

### **AN 481 Special Topics in Anthropology**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **AN 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **AN 483 Readings in Anthropology**

var-1-3sh

Directed readings on special topics in anthropology. Instructor guides selection of readings.

## **AN 493 Internship in Anthropology**

var-3-12sh

Prerequisite: Permission of the instructor

The course is designed to offer students practical experience in any of the specialized fields of anthropology (physical, social-cultural, archaeology, or linguistics). Each student develops objectives in consultation with a particular departmental faculty member who is supervising the internship. Detailed field notes and a major paper based on the experience are required.

# Art Education

## Department of Art College of Fine Arts

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[AE281](#) [AE315](#) [AE317](#) [AE318](#) [AE481](#) [AE482](#)

### **AE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

### **AE 315 Survey of Art Education**

3c-0l-3sh

A seminar to introduce the art education major to the principles and practices of teaching visual arts K through 12. Field experiences, pre-student teaching activities, introduction to literature, and history and philosophies of art education emphasized. (Prerequisite to student teaching) Fall only.

### **AE 317 Art Education Methodology at the Elementary Level**

1c-3l-3sh

Examines children's artistic development, art programs, planning, motivation, and evaluation. Weekly teaching experience is an integral part of the course. (Prerequisite to student teaching) Fall only.

[Back to Top](#)

### **AE 318 Art Education Methodology at the Secondary Level**

1c-3l-3sh

Relationship of art education to the total secondary curriculum is studied to determine goals of junior-senior high school art. The adolescent creative products are analyzed to help the prospective art teacher to identify with problems of students. (Prerequisite to student teaching) Spring only.

### **AE 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **AE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

## **AH 101 Introduction to Art**

3c-0l-3sh

Designed to introduce the student to the significance of art as related to contemporary living and our historical heritage.

## **AH 205 Ancient to Medieval Art**

3c-0l-3sh

Study of art from prehistoric times to the Middle Ages. Man's artistic development is seen in relation to political, social, economic, and religious events. Course was offered as AH115 prior to Summer, 1990.

## **AH 206 Renaissance to Baroque Art**

3c-0l-3sh

Study of art from the Renaissance to the Baroque in light of the historical events which affect man's artistic impulses and development. Course was offered as AH116 prior to Summer, 1990.

[Back to Top](#)

## **AH 211 Modern Art**

3c-0l-3sh

A survey of the revolutionary movements which began about 1850; concludes with trends in contemporary arts.

## **AH 222 Art in America**

3c-0l-3sh

Surveys American art and its relation to the development of American ideas and ideals.

## **AH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

## **AH 407 Medieval Art**

3c-0l-3sh

Art and architecture of Europe during the Middle Ages, beginning with early Christian and Byzantine and concluding with the Gothic period. Dual listed for graduate credit as AH507.

### **AH 408 Italian Renaissance Art**

3c-0l-3sh

Italian art from 1400s through 1650 and Mannerist movement. Special attention paid to great masters of the period. Dual listed for graduate credit as AH508.

### **AH 409 Baroque and Rococo Art**

3c-0l-3sh

A general survey of art from 1575-1775, will include architecture, sculpture, painting, and other arts. Dual listed for graduate credit as AH509.

### **AH 412 Classical Art**

3c-0l-3sh

Historical survey of the architecture, painting, sculpture, and minor arts of the classical period of Greece and Rome, including the Minoan, Mycenaean, and Etruscan cultures.

[Back to Top](#)

### **AH 413 Senior Seminar**

3c-0l-3sh

Intended to help students develop adequate vocabularies and methods to be used in discussion and criticism of works of art.

### **AH 416 Northern Renaissance Art**

3c-0l-3sh

Explores phenomena of art north of the Alps from 1400 to 1600, especially as it appears in the Lowlands, as well as side explorations into art of France, Germany, Austria, and the court at Prague.

### **AH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **AH 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

## **AR 100 Arts of the Twentieth Century**

1c-3l-3sh

Designed to expand student response to visual, aural, and kinetic art forms of this century with special emphasis on recent decades. The course includes lecture, studio, and field experiences.

## **AR 111 Figure Drawing**

0c-6l-3sh

A foundation course in drawing, including a study of the structure of drawing and composition with a variety of media and subject matter.

## **AR 112 Fundamentals of Drawing**

0c-6l-3sh

A course which seeks to integrate basic principles and fundamentals of drawing and design.

[Back to Top](#)

## **AR 113 Three-Dimension Design**

0c-6l-3sh

Basic elements and principles of design are studied. A course in design in three dimensions.

## **AR 114 Color and Two-Dimensional Design**

0c-6l-3sh

Focuses on the consistent properties of color and the manner in which two-dimensional design can be organized. Specific attention is given to the complex interactions of color within two-dimensional design.

## **AR 120 Principles of Design**

0c-4l-2sh

Principles of design and color are studied and applied to a crafted object. Major emphasis on aesthetic quality inherent in designing with materials.

[Back to Top](#)

## **AR 211 Painting**

0c-6l-3sh

An introductory course in painting in which a variety of materials, techniques, and approaches are explored.

### **AR 213 Woodworking: Function and Form**

0c-6l-3sh

Involves the study of woodworking and furniture design as it relates to the individual designer-artist. Students will experience a formal background in both woodworking technique and the application of design.

### **AR 214 Ceramics**

0c-6l-3sh

A general introduction to the techniques and aesthetics of clay. The student will work both at the wheel and with hand building methods.

[Back to Top](#)

### **AR 215 Sculpture**

0c-6l-3sh

Introductory course in sculpture with emphasis on study of form as well as visualizing in the third dimension.

### **AR 216 Basic Metals**

0c-6l-3sh

Introduction to metal work with emphasis upon creation of functional and nonfunctional art objects. Approached from the viewpoint of beginner learning basic processes of metal fabrication.

### **AR 217 Printmaking**

0c-6l-3sh

Introduction to basic techniques of production of fine prints including work in relief, intaglio, lithograph, and serigraph processes.

[Back to Top](#)

### **AR 218 Graphic Design**

0c-6l-3sh

Students explore various techniques and their application to such commercial art projects as package design, trademark, and other design problems. Lettering is stressed, both instant type and hand lettering.

### **AR 219 Fibers**

0c-6l-3sh

Provides students with introductory working knowledge in design and execution of projects in non 4/harness loom weaving and related fabric areas. Other fiber techniques, including handmade paper, available for students to explore as desired.

### **AR 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

**AR 421 Advanced Drawing**

0c-6l-3sh

Prerequisites: AR111 and 112

Designed to meet the needs of the student who has some background in the field. Problems of composition, two- and three-dimensional relationships, and surface are on an individual basis. (Offered as AR321 prior to 1994-95.)

**AR 451 Advanced Woodworking: Function and Form**

0c-6l-3sh

Prerequisite: AR213

Offers advanced training and skills involving the study of contemporary furniture design and woodworking. Emphasis on a technical and aesthetic point of view.

**AR 452 Advanced Ceramics**

0c-6l-3sh

Prerequisite: AR214

Continued exploration of the field of ceramic production, along with kiln firing and glaze formulation.

[Back to Top](#)

**AR 453 Advanced Sculpture**

0c-6l-3sh

Prerequisite: AR215

Gives the student an opportunity to pursue independent study in sculpture. Materials and processes will be individually chosen and the work related to broadening concepts.

**AR 454 Advanced Painting**

0c-6l-3sh

Prerequisite: AR211

Individual experimentation and exploration by the painter and investigation of the various technical approaches.

**AR 455 Advanced Graphic Design**

0c-6l-3sh

Prerequisite: AR218

Stresses advanced techniques in layout and illustration. The student explores ideas, such as creation of trademarks and how products are designed. Layouts are analyzed as to their quality. Package design is studied.

[Back to Top](#)

**AR 457 Advanced Printmaking**

0c-6l-3sh

Prerequisite: AR217

Student elects to study one of the printmaking processes in greater depth and works toward development of own techniques, working processes, and ideas.

**AR 459 Advanced Fibers**

0c-6l-3sh

Prerequisite: AR219

Provides student with a working knowledge in design and execution of projects in weaving and related areas. Other fiber techniques, including handmade paper, will be available for the students to explore as desired.

## **AR 460 Advanced Metals**

0c-6l-3sh

Prerequisite: AR216

Design and processes associated with art of metal are given greater concentration. The developing artist is encouraged to investigate, in depth, one or more of the metal arts as an extension of the basic course.

[Back to Top](#)

## **AR 481 Special Topics**

var-1-3sh

May provide an in-depth study of a narrowly defined area of the discipline. Subject matter may change with repeated offering of the course. May be repeated for credit.

## **AR 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

## **AR 493 Internship**

var-3-12sh

Designed for art majors who wish to receive practical experience working within professional situations which relate to the student's artistic and occupational goals.

---

# Biochemistry

## Biochemistry Program College of Natural Sciences and Mathematics

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[BC301](#) [BC302](#) [BC311](#) [BC312](#) [BC480](#) [BC481](#) [BC482](#) [BC490](#)

### **BC 301 Biochemistry I**

3c-0l-3sh

Prerequisites: BI105 and CH232

Introduction to biochemistry emphasizing the structure and function relationships of proteins, enzymes, and vitamins; bioenergetics; and the metabolism of carbohydrates and lipids.

### **BC 302 Biochemistry II**

3c-0l-3sh

Prerequisite: BC301

Continuation of BC301 concerning the metabolism of nitrogen, amino acids, nucleotides, and nucleic acids and the function of cell membranes, hormones, and specialized tissues.

### **BC 311 Biochemistry Laboratory I**

0c-4l-1sh

Prerequisites: BI105 and CH232

A companion to BC301 including experiments in photometry, enzyme kinetics and purification, lipid isolation and characterization, electron transport in respiration and photosynthesis, and use of radioisotopes.

[Back to Top](#)

### **BC 312 Biochemistry Laboratory II**

0c-4l-1sh

Prerequisite: BC311

A companion to BC302 including experiments in membrane characterization, properties of amino acids, isolation and function of nucleic acids, and synthesis of proteins and nucleic acids.

### **BC 480 Biochemistry Seminar I**

1c-0l-1sh

Prerequisites: BC302 and 312

Discussion of recent trends in biochemical thought. Oral and written reports on assigned readings, library or laboratory research. Guest lecturers. The combination BC480 and BC490 counts as one writing-intensive course.

### **BC 481 Special Topics in Biochemistry**

var-1-3sh

Prerequisites: BC302 or CH351

A lecture-discussion course of recent biochemical topics or those of unique interest. Topic and instructor to change annually.

[Back to Top](#)

### **BC 482 Independent Research in Biochemistry**

var-1-3sh

Prerequisites: BC302 and 312, permission by program coordinator

Student conducts a research project in any area of biochemistry. Work supervised by faculty. Does not involve regular class or lab hours. Enrollment by permission only.

### **BC 490 Biochemistry Seminar II**

1c-0l-1sh

Prerequisites: BC302, 312, and 480

Discussion of recent trends in biochemical thought. Oral and written reports on assigned readings, library or laboratory research. Guest lecturers. The combination BC480 and BC490 counts as one writing-intensive course.

[BI482](#) [BI493](#)

## BI 103 General Biology I

3c-2l-4sh

Prerequisite: Non-Biology majors only

A basic introduction to ecology, biochemistry, and cell biology, genetics, and evolution.

## BI 104 General Biology II

3c-2l-4sh

Prerequisites: BI103 General Biology I, Non-Biology majors only

A basic introduction to plant and animal physiology, neurobiology, animal behavior, and plant and animal reproduction and development.

## BI 105 Cell Biology

3c-0l-3sh

Prerequisites: Non-Biology majors only

An introductory course to provide concepts and applications for understanding human biological function from the point of view of cellular biology.

[Back to Top](#)

## BI 110 Plant Biology

3c-4l-5sh

Prerequisite: BI105 or special permission

Plant structure, function, development, recognition and grouping, environmental relationships, and economic importance of plants considered.

## BI 111 Principles of Biology I

3c-3l-4sh

Prerequisites: Must be taken after or concurrent with CH111

Introduces the student to principles of biology, specifically in the topics of cell structure and function, genetics, and physiology. Develops skills in the use of the scientific method. Designed for biology majors.

## BI 112 Principles of Biology II

3c-3l-4sh

Prerequisite: BI111

Introduces the student to principles of biology, specifically in the topics of reproduction, development, evolution, ecology, and animal behavior. Develops skill in the use of the scientific method. Designed for biology majors.

[Back to Top](#)

### **BI 114 Environmental Science**

3c-0l-3sh

Prerequisite: Non-Biology majors only

An introduction to environmental science with an emphasis on human impacts. The course uses an interdisciplinary approach to the consideration of population growth, pollution, preservation of species, and establishment of public policy. Students will learn basic principles in ecology as the basis for understanding problems of the environment.

### **BI 115 Biotic Diversity of North America**

3c-0l-3sh Prerequisites: Non-Biology majors and non-Biology minors only

An introduction to the biological diversity of North America from Barrow, Alaska, to Tehuantepec, Mexico. All major aquatic and terrestrial biomes occurring in North America will be examined with regard to plant forms, animal composition, and environmental (abiotic) conditions.

### **BI 120 Animal Biology**

3c-4l-5sh

Prerequisite: BI105 or special permission

Morphology, physiology, embryology, ecology, taxonomy, social, and economic importance of animals; consideration of principles applicable to a correlation of classical with present-day zoology.

[Back to Top](#)

### **BI 150 Human Anatomy**

2c-3l-3sh

Prerequisite: Non-Biology majors only

Study of the functional systematic anatomy of the human. Lab studies center on nonhuman mammals whose anatomy is then related to the human condition.

### **BI 151 Human Physiology**

3c-2l-4sh

Prerequisites: BI105, Non-Biology majors only

Course deals with acquiring, through lecture presentations and laboratory experiments, an understanding of the basic functions and control of the major organ systems of the human body. Organ systems examined include the following: muscular system, cardiovascular system, respiratory system, endocrine system, renal system, digestive system, reproductive system, and nervous system.

### **BI 155 Human Physiology and Anatomy**

3c-3l-4sh

Prerequisite: Non-Biology majors only (Food and Nutrition, Dietetics, Home Economics Education, Physical Education, and Safety Sciences majors)

Study of structure and function of the human body. Emphasis is on normal function, with particular attention to functional anatomy, control mechanisms, and interrelationships among systems. Laboratory studies will include experimentation and dissection. For students with little or no science background.

[Back to Top](#)

**BI 210 Botany**

2c-3l-3sh

Prerequisite: BI111-112, or permission of instructor

A survey of the major plant groups, their physiology, structure, life cycles, evolution and ecology, and economic roles of plants. Combined lecture- laboratory.

**BI 220 General Zoology**

2c-3l-3sh

Prerequisite: BI111-112, or permission of instructor

Examination of the evolution, form, and function of all major animal phyla, from sponges through chordates. Interactive lecture-laboratory sessions follow a phylogenetic approach to the Animal Kingdom and incorporate essentials of animal ecology, physiology, functional morphology, and behavior.

**BI 232 Fundamentals of Microbiology**

2c-3l-3sh

Prerequisites: CH101 or equivalent, Non-Biology majors only (Food and Nutrition, Dietetics, Home Economics Education, and Hotel, Restaurant, and Institutional Management majors) Study of microorganisms and the role they play in water, food disease, and infection. Food spoilage, poisoning, and disease are emphasized. General methods and techniques are emphasized in the laboratory.

[Back to Top](#)

**BI 241 General Microbiology**

2c-3l-3sh

Prerequisites: Non-Biology majors only (Environmental Health, Nursing and Respiratory Therapy majors), BI105, CH101, or equivalent

Study of microorganisms and the role they play in water, soil, food, and infection. Microbes and disease will be emphasized. Standard methods and techniques are emphasized in laboratory.

**BI 250 Principles of Microbiology**

2c-3l-3sh

Prerequisite: BI111-112, or permission of instructor

Study of the structure, nutrition, and biochemical activities of microbes. Survey of viruses, blue-green bacteria, bacteria, algae, fungi, and protozoa and their diversity in natural environments. Course designed for biology and biology education majors.

**BI 251 Field Botany**

2c-3l-3sh

Prerequisites: BI210

The collection, preservation, identification, and distribution of selected herbaceous and woody plants of Western Pennsylvania. Emphasis on taxonomic principles, the use of keys and manuals, and the recognition of local flora.

[Back to Top](#)

**BI 252 Field Zoology**

2c-3l-3sh

Prerequisite: BI220

Field natural history of vertebrates; identification, collection, and preservation techniques.

**BI 261 Ornithology**

2c-3l-3sh

Prerequisites: BI111-112 or BI103-104

A study of birds of the region. Indoor laboratory as well as early morning and possibly weekend field trips required.

### **BI 262 General Entomology**

2c-3l-3sh

Prerequisite: BI220

Morphology, anatomy, ecology, taxonomy, and economic and public health importance of insect orders, particularly those of Western Pennsylvania; student collection and field trips required.

[Back to Top](#)

### **BI 263 Genetics**

2c-3l-3sh

Prerequisites: BI111

Deals with the distribution and function of the hereditary material; special emphasis on microbial, viral, and molecular genetics.

### **BI 269 Bioethics and Coevolution**

3c-0l-3sh

Discussion and exploration of the coevolution of man and nature. Areas covered include the concepts of coevolution, bioethics, resource utilization, and possible future lifestyles. Designed for majors and nonmajors.

### **BI 271 Evolution**

3c-0l-3sh

Prerequisite: BI111-112 or BI103-104, BI263

Historical development of evolutionary thought; evidence and operational mechanisms involved; origin and phylogenetic relationships of biological groups.

[Back to Top](#)

### **BI 272 Conservation of Plant and Animal Resources**

2c-3l-3sh

Prerequisites: BI111-112 or BI103-104

A study of accepted practices in soil, water, forest, and wildlife conservation. Saturday field trips.

### **BI 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **BI 310 Applied Entomology and Zoonoses**

2c-3l-3sh

Prerequisite: BI220 or permission

Study of the measures for abatement or control of arthropods, rodents, birds, and other disease vectors of public importance; selection, chemistry, formulation, and safe application of insecticides, rodenticides, and fumigants; pesticing equipment; application of biological and other measures of control.

[Back to Top](#)

### **BI 311 Environmental Biology**

3c-3l-4sh

Prerequisites: Restricted to Elementary Education and Earth Science Education majors only

Laboratory and field course providing basic knowledge in biology and its practical implications. Physical and biological aspects of the environment are studied.

### **BI 321 Environmental Protection I**

2c-3l-3sh

Prerequisites: BI111- 112, CH112, Environmental Health majors only or permission of instructor

Considers the impact of important components of the physical environment on health and deals with principles and methods for identification, evaluation, and control of such health hazards. Major attention to principles and methods of epidemiological investigation. Major credit only for Environmental Health majors.

### **BI 322 Environmental Protection II**

2c-3l-3sh

Prerequisites: BI111- 112, CH112, Environmental Health majors only or permission of instructor

Subjects receiving attention include water and food supplies, domestic and industrial sewage and wastes, housing, accidents, community air pollution, domestic and industrial poisons, ionizing radiations, occupational health hazards.

### **BI 331 Animal Developmental Biology**

2c-3l-3sh

Prerequisite: BI220 or by permission

Comparative and molecular development of vertebrate animals are the major considerations. General principles of development are illustrated using vertebrate, invertebrate, and plant materials.

[Back to Top](#)

### **BI 350 Cellular Physiology**

2c-3l-3sh

Prerequisites: BI111, CH231

Topics include cell membrane systems, bioenergetics, and information processing systems as well as growth and differentiation of cells and their organelles. Complements plant and animal physiology and biochemistry.

### **BI 352 Comparative Animal Physiology**

2c-3l-3sh

Prerequisites: BI220, CH231

Comparative study of homeostatic mechanisms and systems in animals and their relation to fundamental chemical and physical events in cells.

### **BI 360 Medical Mycology**

2c-3l-3sh

Prerequisite: BI111-112

A study of the mycology of pathogenic fungi. Consideration will include sources of infection, distribution, symptomatology, diagnosis, prognosis, immunology, and treatment. Pathogens are used in the course, and emphasis is placed upon actual laboratory technique and procedures.

[Back to Top](#)

**BI 361 Microbiology**

2c-3l-3sh

Prerequisites: BI105, CH231

Introduction to morphology, physiology, and ecology of procaryotic organisms. Importance of microorganisms in basic and applied research, economics, infection, and immunology are discussed.

**BI 362 Ecology**

2c-3l-3sh

Prerequisites: BI111-112, BI210 or BI220

Study of interrelations and adaptations of organisms; includes consideration of physical and biotic environmental factors. Field trips.

**BI 363 Medical Microbiology**

2c-3l-3sh

Prerequisites: BI 250 or permission

Study of disease caused by microorganisms with emphasis on human pathogens. Both epidemiology and aspects of host-parasite relationships will be discussed. Lab stresses methods of isolation and identification of pathogens.

[Back to Top](#)

**BI 364 Immunology**

2c-3l-3sh

Prerequisites: BI250, CH232, or by permission

Physical and chemical properties of antigens and antibodies; nature of antigen-antibody interactions; mechanism of antibody formation; and immune reaction and disease. Lab employs serological techniques.

**BI 401 Laboratory Methods in Biology and Biotechnology**

2c-4l-3sh

Prerequisite: CH351

Theory and practice in a number of major analytical and preparative techniques currently in use in physiology, molecular biology, and biotechnology.

**BI 420 Biology of Higher Invertebrates**

2c-3l-3sh

Prerequisite: BI220

A phylogenetic overview of the higher invertebrates, Annelida through lower Chordata. A systematic approach on functional morphology and microstructure, behavior and physiology, under an evolutionary umbrella. Laboratory sessions offer additional research opportunities.

[Back to Top](#)

**BI 425 Herpetology**

2c-3l-3sh

Prerequisite: BI220

A comprehensive survey of the classes Amphibia and Reptilia, including their classification, structure, origin, evolution, phylogenetic relationships, distribution, and natural history. Special emphasis is placed on the herpetofauna of Pennsylvania.

**BI 432 Comparative Vertebrate Anatomy**

2c-3l-3sh

Prerequisite: BI220

Discussion of anatomy of representative vertebrates from a comparative point of view. Stresses major organizational changes observed in vertebrate history.

### **BI 450 Pymatuning: Field Studies**

var-3sh

During the summer session, various field courses are offered through the Pymatuning Laboratory of Ecology. The offerings will vary depending on the summer. Some of the possible offerings include Experimental Design, Fish Ecology, Behavioral Ecology, Aquatic Botany, and Ecological Genetics. Information regarding specific offerings available from Biology Department in spring.

[Back to Top](#)

### **BI 453 Plant Physiology**

2c-3l-3sh

Prerequisites: BI210, CH231

Studies physiological processes occurring in plants considered in relation to growth, development, and ecology of plants.

### **BI 463 Limnology**

2c-3l-3sh

Prerequisites: BI362

An investigation into the physical, chemical, and biological aspects of inland waters and their interrelationships. In the laboratory the student will gain experience in the techniques involved in aquatic sampling and the analysis of data. (Saturday or Sunday labs may be required.)

### **BI 466 Principles of Virology**

3c-0l-3sh

Prerequisite: BI263 or equivalent course in Genetics, or CH351 or equivalent course in Biochemistry, or permission of instructor

Topics include structure, classification, assay, and transmission of viruses; methods used in the study of viruses; viral replication, gene expression, and gene regulation; host-viral interactions and subviral pathogens.

[Back to Top](#)

### **BI 475 Mammalogy**

2c-3l-3sh

Prerequisite: BI220

A general discussion of mammals emphasizing systematics, distribution, and structural and functional modifications related to evolution of this group. Lab work samples numerous techniques that can be applied to mammalian biology.

### **BI 476 Parasitology**

2c-3l-3sh

Prerequisite: BI220

Structure, physiology, ecology, life cycles, pathology, and treatment of parasitic protozoa and flatworm and roundworm species of man. Dissection of hosts for parasites.

### **BI 478 Mycology**

2c-3l-3sh

Prerequisite: BI210

Involves a study of the systemics, morphology, and physiology of the kingdom Myceteae with emphasis on economically important and experimentally useful organisms.

[Back to Top](#)

### **BI 480 Biology Seminar**

1c-0l-1sh

Discussion of recent trends in biological thought and research. Students report on assigned readings and/or personal research.

### **BI 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

This course varies from semester to semester covering diverse topics in specific areas of biology.

### **BI 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office. A 2.5 GPA overall and in major courses required.

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources. Work is supervised by a faculty member but does not involve regular class or laboratory hours.

[Back to Top](#)

### **BI 493 Biology Internship**

var-6-12sh

Prerequisites: Biology major with at least 57 semester hours, 2.5 overall QPA, and permission of the director of internships and the chairperson

Selected students have opportunity, under department supervision, to gain off-campus practical experience in area of interest. Only six credits may be applied toward major; total number of credits will be decided in consultation involving student, his/her adviser, and director of internships.

[BE481](#) [BE482](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **BE 101 Microbased Computer Literacy**

3c-0l-3sh

An introductory course designed to provide students with a fundamental understanding of computers. The course familiarizes students with the interaction of computer hardware and software. Emphasis is placed on the application of microcomputers, the use of productivity software (word processing, spreadsheet management, file and data base management), and the social and ethical aspects of the impact of computers on society. Note: This course is cross-listed as CO101 and IM101. Any of these courses may be substituted for each other and may be used interchangeably for D or F repeats but may not be counted for duplicate credit.

### **BE 111 Foundations of Business Mathematics**

3c-0l-3sh

Develops an understanding of numbers and knowledge of fundamental concepts in arithmetic and algebra in the solution of common and advanced problems encountered in business by the businessperson and consumer. Topics illustrating and emphasizing the application of business mathematics include methods used to compute interest discount, partial payments, discounting of notes and drafts, depreciation, amortization, sinking fund redemptions, effective rate of interest, and preparation of statistical data.

### **BE 131 Keyboarding and Document Formatting**

3c-0l-2sh

Emphasis on development of correct techniques in typewriting, introduction to basic styles of business letters, simple tabulations, and simple manuscripts; specific standards of speed and accuracy are required. (Title prior to 1989 was BE131: Principles of Typewriting.)

[Back to Top](#)

### **BE 132 Computer Keyboarding and Formatting**

3c-0l-3sh

Prerequisite: BE131 or by exam

Emphasis on the development of speed, accuracy, and production ability; includes use of microcomputers, business letters with special features, business reports, business forms, rough drafts, and manuscripts.

### **BE 134 Keyboarding**

1c-0l-1sh

Exception: This course is open to students in all colleges without restriction.

A class designed to provide students with the fundamental skills to keyboard information quickly and accurately in fourteen one-hour sessions. It is intended for the student who does not require the additional skills included in keyboarding and document formatting, such as letter formats, manuscript typing, and tabulation. Recommended for students in computer science, journalism, management information systems, criminology, etc.

### **BE 201 Internet and Multimedia**

3c-0l-3sh

Prerequisite: BE/CM/CO/IM 101 or prior exposure to word processing and electronic mail

The major focus will be on the evaluation of information and multimedia resources available on electronic networks when doing research in an area of one's choice. This information literacy course is designed for students to gain a more in-depth understanding of the information resources available electronically and of how to utilize them more effectively in communicating. Students will learn how to access and utilize these resources for two-way communications and support for decision making while incorporating selected elements in multimedia presentations of their own design. (BE/CM/CO/IM/LB 201 may be used interchangeably for D or F repeats and may not be counted for duplicate credit.)

[Back to Top](#)

### **BE 250 Electronic Office Procedures**

3c-0l-3sh

Prerequisite: BE131 or equivalent

A study of the theory and practice of the systems in an electronic office: records management, office environment, communication transmittal systems, reprographics, and office procedures. May not be used as a substitute for BE264.

### **BE 260 Alphabetic Shorthand Theory**

3c-0l-3sh

Basic principles of alphabetic shorthand with emphasis on mastery of shorthand theory, punctuation, grammar, and spelling. New matter dictation will be introduced during the last few weeks of class. The alphabetic system taught will vary. (Offered only on an occasional basis)

### **BE 261 Shorthand Theory**

3c-0l-3sh

An introductory course in the basic principles of Gregg Shorthand, Centennial Edition. (Offered only on an occasional basis)

[Back to Top](#)

### **BE 262 Shorthand Dictation and Transcription**

3c-0l-3sh

Prerequisites: BE131, BE261

Major objectives are to review and strengthen the student's knowledge of principles of Gregg Shorthand, Centennial Edition, to build shorthand-writing speed and to build transcription skills. (Offered only on an occasional basis)

### **BE 264 Office Procedures**

3c-0l-3sh

Prerequisite: BE131 or equivalent

Advanced study of theory and practice in activities common to office records management; handling of mail; telephone and telegraph services; receiving callers; writing reports; dictation and transcription equipment; bank, financial, and

legal transactions; shipping and receiving services; reference books; etc.

### **BE 273 Word Processing Applications**

3c-0l-3sh

Prerequisite: BE131 or equivalent

In this course students will develop a high degree of proficiency in the use of word processors. Emphasis is on machine operations and production skills in formatting, text editing, and understanding word processing concepts. May not be used as a substitute for BE/CO/IM101.

[Back to Top](#)

### **BE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **BE 311 Methods and Evaluation in Business and Marketing Education I**

3c-0l-3sh

Prerequisites: PC101, EP202, and completion of the freshman and sophomore courses in the student's major areas

Includes general methods of teaching and evaluation plus methods and evaluation in basic business courses. Unit plans, lesson plans, and unit tests are emphasized. Techniques and procedures of teaching and classroom management are studied. Includes units in vocational education such as advisory committees, adult education, and federal legislation for funding.

### **BE 312 Methods and Evaluation in Business Education II**

var-1-3sh

Prerequisite: BE311

Covers three sections of special methods and evaluation in office technologies: secretarial, accounting, and data processing. Objectives, planning, evaluating, and skill building are studied. Media and facilities for instruction are examined. Students elect sections needed for certification.

[Back to Top](#)

### **BE 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **BE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate.

# Business Law

Department of Finance and Legal Studies  
Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[BL235](#) [BL281](#) [BL336](#) [BL337](#) [BL382](#) [BL383](#) [BL440](#) [BL481](#) [BL482](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

## **BL 235 Introduction to Business Law**

3c-0l-3sh

Introduction to legal systems, torts, contracts, and sales law.

## **BL 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **BL 336 Law of Business Organizations**

3c-0l-3sh

Prerequisite: BL235

A study of the law dealing with commercial paper, agency, partnerships, corporations, and bankruptcy.

[Back to Top](#)

## **BL 337 Consumer Law**

3c-0l-3sh

Nature of law as it pertains to the consumer. Attention to consumer protection relationships; real and personal property; credit; environmental law; law pertaining to employment; landlord-tenant relationships; product liability; insurance; and family law.

## **BL 382 Real Estate Fundamentals**

3c-0l-3sh

Designed to acquaint the student with the language, principles, and laws that govern the business of real estate. Emphasis on the underlying concepts of land, property, rights in realty, and the means, methods, and laws that govern the conveyance of these rights. Required course for taking the Pennsylvania Real Estate Sales Exam.

## **BL 383 Real Estate Practice**

3c-01-3sh

Prerequisite: BL382

One of the two courses required by the Pennsylvania Real Estate Commission in order to take the Pennsylvania Real Estate Sales Licensing Exam. Topics include real estate brokerage, the real estate market, listing contracts, the Pennsylvania Real Estate Licensing and Registration Act and its rules and regulations, appraisal, property management, fair housing laws, ethical practices for real estate professionals, and real estate math.

[Back to Top](#)

### **BL 440 Business Negotiations**

3c-01-3sh

Prerequisites: BL235, junior standing

This course is open to all majors meeting the prerequisites. It covers the basic theories and strategies of negotiation in the business environment and provides instruction and practice to develop negotiation skills. The course focuses on the knowledge and skills needed in intercompany and intracompany negotiations. The course focuses on neither collective bargaining nor labor negotiations.

### **BL 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **BL 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

College of Natural Sciences and Mathematics

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[CH101](#) [CH102](#) [CH111](#) [CH112](#) [CH113](#) [CH114](#) [CH116](#) [CH231](#) [CH232](#) [CH255](#) [CH281](#) [CH301](#) [CH321](#) [CH322](#) [CH323](#) [CH331](#) [CH335](#) [CH340](#) [CH341](#) [CH342](#) [CH343](#) [CH344](#) [CH351](#) [CH376](#) [CH410](#) [CH411](#) [CH412](#) [CH421](#) [CH441](#) [CH481](#) [CH482](#) [CH493](#) [CH498](#)

## CH 101 College Chemistry I

3c-2l-4sh

The basic principles and concepts of inorganic chemistry are developed from the standpoint of atomic and molecular structure with illustrative examples from descriptive chemistry. The laboratory portion of the course illustrates physical and chemical properties in a qualitative and quantitative manner. The course is designed for selected majors within the College of Health and Human Services.

## CH 102 College Chemistry II

3c-2l-4sh

Prerequisite: CH101

The basic fundamental principles and concepts of organic and biochemistry are developed. Deals primarily with structural features of organic compounds, the chemistry of functional groups, and practical examples and uses of organic compounds. The laboratory portion illustrates properties and reactions of representative organic compounds. The course is designed for selected majors within the College of Health and Human Services.

## CH 111 General Chemistry I

3c-3l-4sh

Lecture-discussion of principles of chemistry, including theory and applications. The lab illustrates principles discussed. Topics discussed include scientific measurements, simple definitions and concepts, the mole, stoichiometry, gas laws, electronic structure of the atom, bonding, thermochemistry, and descriptive chemistry of the elements.

[Back to Top](#)

## CH 112 General Chemistry II

3c-3l-4sh

Prerequisite: CH111

Continuation of General Chemistry I. Topics discussed include the solid and liquid state, solutions, kinetics, equilibria, acids and bases, solubility equilibria, thermodynamics, electrochemistry, and descriptive chemistry of the elements.

## CH 113 Concepts in Chemistry

3c-3l-4sh

Introductory course for chemistry majors. Topics covered include atomic theory, an introduction to chemical reactions, stoichiometry, thermochemistry, chemical bonding, molecular geometry, kinetic-molecular theory of gases, the liquid and the solid states, and solution theory.

### **CH 114 Basic Inorganic Chemistry**

3c-3l-4sh

Prerequisite: CH113

Topics include chemical kinetics, equilibrium and thermodynamics, acids and bases, electrochemistry, coordination chemistry, and descriptive chemistry of selected elements.

[Back to Top](#)

### **CH 116 Basic Inorganic Chemistry**

3c-3l-2sh

Prerequisite: CH111 and CH112

Required for chemistry majors who have taken CH111 and CH112. A systematic study of the chemistry of the elements will be presented in both the lecture and the laboratory. Also included will be the chemistry of coordination compounds. This course starts at the beginning of the second half of the spring semester and is taught concurrently with CH114.

### **CH 231 Organic Chemistry I**

3c-4l-4sh

Prerequisite: CH112 or 114

A study of compounds of carbon, with special emphasis on structure-reactivity relationships. Laboratory work emphasizes methods of separation and purification of organic compounds.

### **CH 232 Organic Chemistry II**

3c-4l-4sh

Prerequisite: CH231

A continuation of Organic Chemistry I with an introduction to spectroscopic techniques. Laboratory work emphasizes the synthesis of representative compounds.

[Back to Top](#)

### **CH 255 Biochemistry and Nutrition**

3c-0l-3sh

Prerequisite: CH102

Course for Home Economics majors; studies chemistry and biological function of biologically active compounds with respect to nutritional requirements.

### **CH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

### **CH 301 Chemistry Seminar**

1c-0l-1sh

Discussion of current technical literature and current research problems of staff. Lectures by outside chemists and student presentations. Open to junior or senior chemistry majors and to others by permission of the chairperson.

[Back to Top](#)

### **CH 321 Quantitative Analysis**

3c-4l-4sh

Prerequisite: CH112 or CH114

Theory and practice of quantitative analysis, including gravimetric and volumetric analysis; special emphasis on perfecting student's laboratory techniques and application of general chemical knowledge through problemsolving.

### **CH 322 Instrumental Analysis**

3c-4l-4sh

Prerequisite: CH341

Modern instrumental methods of chemical analysis. Student learns theory behind the instrument, principles of operation, interpretation of data obtained, and limitations of methods.

### **CH 323 Analytical Methods**

3c-4l-4sh

Prerequisites: CH112 and non-Chemistry major

Principles of precipitation, acid-base, oxidation-reduction, and equilibria are applied to problem solving and to laboratory determinations; instrumental methods of analysis, such as colorimetry, atomic absorption and flame emission, gas chromatography, etc.

[Back to Top](#)

### **CH 331 Organic Molecular Structure Determination**

4c-var-3sh

Prerequisites: CH231-232 (CH232 may be taken concurrently)

Gives the student experience in systematic identification of various classes of organic compounds by both chemical and physical methods.

### **CH 335 Advanced Organic Chemistry**

3c-0l-3sh

Prerequisites: CH232 and CH341

Selected topics of current interest covered. Possible topics include reaction mechanisms, molecular spectroscopy, stereochemistry, natural products, heterocyclics, polymer chemistry, and organic synthesis.

### **CH 340 Physical Chemistry for the Biological Sciences**

3c-0l-3sh

Prerequisites: MA122, 124, 128, and PY112 or 132; CH232

One semester course for Biochemistry and Biology majors. Chemical thermodynamics, equilibria, kinetics; quantum mechanics; and spectroscopy especially as applied to biomechanical systems.

[Back to Top](#)

### **CH 341 Physical Chemistry I**

4c-0l-4sh

Prerequisites: MA122, 124, or 128 and PY112 or 132; CH112 or 114

Chemical thermodynamics with applications to solutions, phase, and chemical equilibria-kinetic theory.

### **CH 342 Physical Chemistry II**

3c-0l-3sh

Prerequisite: CH341

Study of solids, liquids, surfaces, chemical kinetics, electrochemistry, atomic and molecular structure.

### **CH 343 Physical Chemistry Laboratory I**

0c-3l-1sh

Prerequisites: CH321, 341

Experiments illustrating application of fundamental laws to actual systems. Carries writing-intensive credit.

[Back to Top](#)

### **CH 344 Physical Chemistry Laboratory II**

0c-3l-1sh

Prerequisites: CH342, 343

Extension of Physical Chemistry Laboratory I; experiments related to chemical kinetics, molecular spectroscopy, and other topics of physical chemistry.

### **CH 351 Biochemistry**

4c-0l-4sh

Prerequisite: CH231

Study of chemistry and biological functions of carbohydrates, lipids, proteins, minerals, vitamins, and hormones.

### **CH 376 Radiochemistry**

4c-var-3sh

Prerequisite: CH322

Study of basic aspects of nuclear structure, phenomena of radioactive isotopes, and chemical effects of such isotopes. Concurrent lab work utilizing instruments for detection and measurement of radioactive nuclides used in chemical experimentation.

[Back to Top](#)

### **CH 410 Advanced Inorganic Chemistry Laboratory**

0c-3l-1sh

Prerequisite: CH322 Instrumental Analysis

A laboratory course in which the techniques used in the synthesis and characterization of inorganic compounds will be explored. Emphasis will be placed on the preparation of a wide variety of inorganic compounds and the methods by which they are identified and characterized.

### **CH 411 Advanced Inorganic Chemistry**

3c-0l-3sh

Prerequisite: CH341

Gives understanding of advanced theories of atomic structure, chemical bonding, acids and bases, coordination compounds, and selected topics.

### **CH 412 Advanced Structural and Synthetic Methods in Inorganic Chemistry**

2c-2l-3sh

Prerequisites: CH411 and either CH410 or CH322

Advanced techniques used in the synthesis and characterization of inorganic compounds will be explored. In lecture, emphasis will be placed on the theory and application of structural and spectroscopic methods of characterization. In lab, emphasis will be placed on advanced methods of synthesis and structural characterization using representative examples of important classes of inorganic compounds.

[Back to Top](#)

### **CH 421 Advanced Instrumental Analysis**

4c-var-3sh

Prerequisite: CH322

Study of modern chemical analysis, using advanced instrumental techniques; emphasis on theory, principles of operation, capabilities, and limitations of advanced analytical instruments used.

### **CH 441 Advanced Physical Chemistry**

3c-0l-3sh

Prerequisite or corequisite: CH342

Study of fundamental ideas of quantum and statistical mechanics, molecular structure, and other topics of current interest.

### **CH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **CH 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **CH 493 Internship in Chemistry**

var-4-9sh

Prerequisites: CH113, 114, 231, 232, 321, 341, and departmental approval

Full-time involvement in an actual "on-the-job" situation in an industrial or research laboratory under the tutelage of a selected preceptor. A department faculty member will work closely with the student and preceptor and will assume responsibility for making the final evaluation and assigning a grade.

### **CH 498 Problems in Chemistry**

var-1-2sh

Prerequisite: Permission of chairperson

Course of independent study on selected problems, including lab work, library reading, and conferences with staff member. A minimum of 4 hours per week required per credit.

---

## CM 101 Communications Media in American Society

3c-0l-3sh

Required of Communications Media majors

Introduction to the evolution, status, and future of communications media. Students explore intrapersonal communication through self-assessment, values clarification, and feedback; interpersonal communication through interviews, observations, case studies, and gaming; and mass communications through the examination of the processes and the technology utilized to disseminate and manage information. Career paths, field applications, professional associations, and the primary literature are investigated. (Previous title: Survey of Communications Media)

## CM 102 Basic Technology

1c-0l-1sh

Prerequisite: CM101

Provides Communications Media majors with the ability to identify, operate, and maintain a variety of audiovisual hardware commonly found in education, business, industry, and allied health professions.

## CM 103 Basic Communications Research

1c-0l-1sh

Prerequisite: CM101

An introduction to research as it specifically applies to the field of communications. Major emphasis will be placed on a review of the resource materials pertaining to the area of communications. Also to be included will be a basic understanding of research methodology as it relates to the design and validation of communication devices.

[Back to Top](#)

## CM 200 Images

3c-0l-3sh

Prerequisite: CM101

The course examines the basic visual and aural elements, the strategies and options of techniques, the psychological and physiological implications of creative composition, and the range of media and formats.

## CM 201 Internet and Multimedia

3c-0l-3sh

Prerequisite: BE/CM/CO/IM 101 or prior exposure to word processing and electronic mail.

The major focus will be on the evaluation of information and multimedia resources available on electronic networks when doing research in an area of one's choice. This information literacy course is designed for students to gain a more in-depth understanding of the information resources available electronically and of how to utilize them more effectively in communicating. Students will learn how to access and utilize these resources for two-way communications and support for decision making while incorporating selected elements in multimedia presentations of their own design. (BE/CM/CO/IM/LB 201 may be used interchangeably for D or F repeats and may not be counted for duplicate credit.)

### **CM 230 Issues in International Communication**

3c-0l-3sh

Survey of international communications with particular emphasis on communications flow, four press theories, ownership, structure and access to media, government/media relationships, the impact of communications on developed and developing countries.

[Back to Top](#)

### **CM 271 Beginning Photography**

3c-0l-3sh

Prerequisite: CM101 or permission

Working with black-and-white materials, the student learns to operate a camera, develop film, make contact prints and enlargements, and mount prints for display. Ancillary topics are introduced such as filtration, print spotting, flash, and the use of accessory lenses. Student is required to have a 35mm camera, preferably a single-lens reflex, with fully manual focusing and exposure capability.

### **CM 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **CM 301 Technology for Learning and Instruction**

3c-0l-3sh

Prerequisite: EP202 or permission

Preservice teachers gain competencies in selection, evaluation, and utilization of various instructional technologies. Application of new technologies to teaching and learning will be emphasized, along with performance-based activities in instructional design. A major portion of the course is devoted to the integration of computer-based instructional activities in the school curriculum. Does not count towards credits needed for Communications Media major.

[Back to Top](#)

### **CM 303 Scriptwriting**

3c-0l-3sh

Prerequisite: CM101

Required of Communications Media majors Introduction to the design of media materials and script writing. Style and techniques of writing will be analyzed. Classroom emphasis is on writing, critiques, and revision of designs and scripts. Scripts for audio, still projection, and motion picture and television productions will be written.

### **CM 330 Communications Media in Training and Education**

3c-0l-3sh

Prerequisites: CM101, 303

The course reviews the historical growth and philosophies of the design and development of training and education products and processes. The student examines the principal roles and functions of human and material resource professionals for training (performance improvement), education (competency improvement), and development (personal and organizational growth).

### **CM 335 Consulting Practices in Communications**

3c-01-3sh

Prerequisite: CM101

The course presents the theoretical views and clinical applications of consulting skills and practices associated with and needed by communication professionals. Presented will be the functions and role of the consultant, the client's perspective on consulting, hiring a consultant, ethics in consulting, personal assessment tests, and related literature and models.

[Back to Top](#)

### **CM 375 Mass Media and Behavior**

3c-01-3sh

Prerequisite: PC 101 and junior or senior status

Theory and research on the influence of the mass media on human behavior and attitudes. Topics include the effects of news and political advertising on public opinion; the effects of racist and sexist portrayals; and the effects of violence and pornography on aggressive behavior. (Also offered as PC 375; may be taken only once)

### **CM 380 The History of African Americans in Film**

3c-01-3sh

Traces the historical development of the roles of African Americans in film and television. Students examine the early stereotypic portrayals of this group, the origins of these stereotypes, and the ongoing changes, positive and negative, that have occurred regarding the media representation through research, film, and archetypal analysis, observation, and discussion. The new generation of African American filmmakers and their creative efforts to promote more realistic portrayals are analyzed.

### **CM 390 Practicum in Communications**

var-1-3sh

Prerequisites: CM 101, written permission

An opportunity with credit for students to make contributions to department and campus media-related facilities and offices including WIUP-TV, WIUP-FM, Penn, Oak, Public Relations, Media Resources. Repeatable for a maximum of six credits.

[Back to Top](#)

### **CM 395 Career Planning in Communications Media**

1c-01-1sh

Prerequisite: Minimum 20 CM credits

The course serves as a primary skill-building and strategy-seeking experience for the internship program and later career entry and growth. Extensive writing, research, and individual counseling are involved. Travel may be necessary.

### **CM 403 Writing for Broadcasting**

3c-01-3sh

Prerequisites: CM101, permission of instructor

The course acquaints students with the various techniques used in writing scripts for radio and television and makes them aware of the visual impact of television and the audio impact of radio. Students are made aware of the limitations of television and radio as well as their unique features.

### **CM 404 Foundations of Broadcasting**

3c-01-3sh

Prerequisites: CM101, permission

Examination of the historical, legal, and economic aspects of broadcasting. Impact of broadcasting on society will be explained as well as the impact of the new technology on our existing broadcasting systems.

[Back to Top](#)

### **CM 405 Radio Production**

3c-01-3sh

Prerequisites: CM101, 200, 403, 404, permission

An introduction to production techniques as they pertain to radio. The student will be exposed to programming, scripting, producing programs, intros, outros, commercials, public service announcements, station identifications, and promotional announcements. The course will also deal with the interaction of a radio station with national networks and with the real-life concerns of deadlines.

### **CM 430 Analysis of Communication Products and Processes**

3c-01-3sh

Prerequisites: CM330, permission

The course will provide both a framework for action and tools to measure the effectiveness of training and education in human and material resource development programs. The course contains practical theory and problem-focused discussion with students regarding application. Topics include instrument choice or construction, data collection and analysis, interpretation, and alternative presentation strategies of the findings.

### **CM 435 Organizational Development in Communications Media**

3c-01-3sh

Prerequisites: CM330, permission

The course presents the basic methods and approaches for organization, management, and development of human and material resource departments. The topics include the primary activities and roles of an HMRD director, problem-solving functions in reporting to management, characteristics associated with career systems, and special topics.

[Back to Top](#)

### **CM 440 Communications Graphics**

3c-01-3sh

Prerequisites: CM101, permission

Provides basic experiences in planning and producing a commonly used television studio, industrial display, and classroom graphics which are applicable in educational, industrial, and medical training programs. Experiences include technical layout and lettering; color; mounting and laminating; copying and reproduction techniques utilizing photography and xerography; photo silk screening and photo sketching.

### **CM 441 Advanced Communication Graphics**

3c-01-3sh

Prerequisites: CM440, permission

Provides in-depth experience in planning and preparing graphic materials commonly used in the communications profession; graphic materials include design, photosketching, lettering, slide titling and duplication, preparation of camera-ready art, lithographic film and master layout sheets, professional slide flat production and photocopy, large-format transparency production, color key, and color systems.

### **CM 445 Applications and Techniques of Motion Pictures**

3c-01-3sh

Prerequisites: CM444, permission

A survey of the role that motion picture film production plays in society. Major emphasis will be placed on the variety of applications with special consideration given to motion pictures as a tool to support research.

[Back to Top](#)

### **CM 449 Basic Audio Recording Techniques**

3c-01-3sh

Prerequisites: CM101, 403, permission

Theory and practice of recording sound, developing an understanding of the language of sound recording as well as the ability to make sound recordings. Exposure to recording for various media including radio, music, motion pictures, television, multi-image, and slide and tape production. Material also appropriate for teachers who wish to make use of tape recorder in the classroom. Students will gain hands-on experience through labs and projects to be completed outside of class. Students will be expected to provide an audio tape recorder.

### **CM 450 Advanced Audio Recording Techniques**

3c-01-3sh

Prerequisites: CM449, permission

Sound recording utilizing advanced techniques and concentrating on specific applications. Student participates in an intensive lab experience utilizing the most advanced equipment available. Emphasis on application, editing, signal processing, and multi-track recording. Student is expected to produce a sound recording for a specific use of professional quality.

### **CM 451 Television Production**

3c-01-3sh

Prerequisites: CM101, permission

Develops basic skills in television production and direction. Consideration of operating problems of a television studio, as well as functions, limitations, and capabilities of television equipment and facilities.

[Back to Top](#)

### **CM 452 Electronic Field Production**

3c-01-3sh

Prerequisites: CM451, permission

Provides in-depth field experience with portable video equipment and lighting. Students edit programs to broadcast quality.

### **CM 453 Broadcast News Process**

3c-01-3sh

Prerequisites: CM405, 451, permission

Reporting and presenting radio and TV news programs. Analysis of news and public affairs broadcasting.

### **CM 454 Broadcast Regulation**

3c-01-3sh

Prerequisites: CM404, permission

This course delves into the areas of law affecting broadcasters. Topics covered are laws pertaining to cable television, station licensing and renewal, political broadcasting, libel, copyright, the right of reply, and privacy. The historical development of the FCC and its jurisdictions will also be examined. Case studies will be discussed along with the relevancy of some laws as they pertain to today's society.

[Back to Top](#)

### **CM 455 Television Performance**

3c-01-3sh

Prerequisites: CM451, permission

Provides theory and practice for performing on television. Detailed analysis of a performer's role in a variety of settings.

### **CM 456 Broadcast Management**

3c-01-3sh

Prerequisites: CM404, permission

Detailed examination of the management decision-making process in radio and television; particular reference to program policies, personnel administration, and community relations.

### **CM 460 Alternative Systems of Communication**

3c-01-3sh

Prerequisites: CM404, permission

The implications and capabilities of cable systems, the private and industrial utilization of nonbroadcast services, the emergence of satellite CATV networking, and the application of two-way cable response systems.

[Back to Top](#)

### **CM 472 Photography II: The Print**

3c-01-3sh

Prerequisites: CM271, permission

Students will develop camera and print-making skills to the degree that they can produce salon-quality photographic prints. Students will understand the photographic processes utilized in producing a high-quality negative and print to the extent that they can manipulate those processes to communicate an intended message with their photographs. Emphasis on camera and print control as well as composition and negative and print manipulation.

### **CM 473 Creative Darkroom Techniques**

3c-01-3sh

Prerequisites: CM472, permission

Students pursue photographic competencies to a high level of proficiency. Specific topics may vary as photographic technology changes, but typical assignments include high-contrast photography through the use of graphic arts materials, multiple exposures in the camera and in projection printing, making and using paper negatives, and hand coloring of photos.

### **CM 474 Documentary Photography**

3c-01-3sh

Prerequisites: CM271, 472, permission

Prepares the student to deal with the actions of subjects in both descriptive and interpretive styles. The student is assigned to photograph a variety of local events in a manner that makes the nature of the event evident to the viewer of the photograph. The student also learns differences between printing for reproduction and for exhibit. The student is required to have a 35mm camera (preferably a manual exposure single-lens reflex) and a flash unit.

[Back to Top](#)

### **CM 477 Slide/Sound Production**

3c-01-3sh

Prerequisites: CM271, 303, 440, 449, and permission

This course is designed to provide advanced students with the theoretical and practical experiences necessary to be able to plan, design, produce, and present effective slide/tape presentations for use in education, industry, and the allied health professions.

### **CM 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **CM 482 Independent Study**

var-1-3sh

Prerequisites: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students may, with the sponsorship of a department faculty member and consensus of the department, elect an advanced course of study which reflects the academic goals of the department. Approval is based on academic appropriateness and availability of resources. Exemplary project is intended to extend or combine field knowledge not readily available through other course offerings. Students may take one or more semester hours (40 hours or more of commitment=1 s.h.), and multiple projects are possible; a maximum of 3 s.h. are permitted towards a degree program.

[Back to Top](#)

### **CM 493 Internship**

var-6-12sh

Prerequisites: Communications Media majors only, junior or senior status, permission

Supervised professional work experience in communications media. Sites reflect the academic goals of the department and are approved and administered by a department coordinator. Location, duties, length of internship, and hours are individually tailored to student career goals. Sites represent wide application of process and technology of communications in business, education, allied health, or other agencies. Students may take 3 or more s.h. per semester (40 hours or more of commitment=1 s.h.), and multiple experiences are possible; a maximum of 3 s.h. of internship and/or field experiences are permitted towards a degree program.

[CO482](#) [CO493](#)

## **CO 101 Microbased Computer Literacy**

3c-0l-3sh

An introductory course designed to provide students with a fundamental understanding of computers. The course familiarizes students with the interaction of computer hardware and software. Emphasis is placed on the application of microcomputers, the use of productivity software (word processing, spreadsheet management, file and data base management), and the social and ethical aspects of the impact of computers on society. (Does not count toward Computer Science major. Replaced CO200 in 1989-90.) Note: This course is cross-listed as BE101 and IM101. Any of these courses may be substituted for each other and may be used interchangeably for D or F repeats but may not be counted for duplicate credit.

## **CO 105 Fundamentals of Computer Science**

3c-0l-3sh

This is the first course for Computer Science majors. It is required of all Computer Science students and is appropriate for other Natural Sciences and Mathematics students. Topics include the fundamental concepts of computer architecture, algorithm development and analysis, programming languages, software engineering, data organization and representation, and systems software. Hands-on introduction to computer usage with an emphasis on terminology and the underlying connections within the discipline.

## **CO 110 Problem Solving and Structured Programming**

3c-0l-3sh

(For Science, Mathematics, and Computer Science majors, and for others who have a sufficiently quantitative orientation)

Basic structure of modern digital computers; problem analysis and computer solution using flowcharting and the C++ language. Exemption or credit by examination possible.

[Back to Top](#)

## **CO 201 Internet and Multimedia**

3c-0l-3sh

Prerequisite: BE/CM/CO/IM 101 or prior exposure to word processing and electronic mail.

The major focus will be on the evaluation of information and multimedia resources available on electronic networks when doing research in an area of one's choice. This information literacy course is designed for students to gain a more in-depth understanding of the information resources available electronically and of how to utilize them more effectively in communicating. Students will learn how to access and utilize these resources for two-way communications and support for decision making while incorporating selected elements in multimedia presentations of

their own design. (BE/CM/CO/IM/LB 201 may be used interchangeably for D or F repeats and may not be counted for duplicate credit)

### **CO 205 Programming Languages for Secondary Education**

3c-0l-3sh

Prerequisite: Education major

Provides an introduction to the three high-level programming languages most commonly used in secondary education: Pascal, LOGO, and BASIC, with particular emphasis on Pascal. Also includes a comparative study of the control structures and data structures present in these three languages. This course is intended to establish a solid foundation to prepare prospective teachers of computing courses K-12. (Note: Previous experience with microcomputers is strongly recommended. Does not count toward a Computer Science major. Credit toward graduation will not be given if this course is taken after completing six or more credits of computer science courses.)

### **CO 220 Applied Computer Programming**

3c-0l-3sh

Prerequisite: CO110 or equivalent

Structured programming principles and techniques, as implemented through the ANS COBOL language; program design using top-down techniques; program and project documentation; introduction to sequential file algorithms.

[Back to Top](#)

### **CO 250 Introduction to Numerical Methods**

3c-0l-3sh

Prerequisites: CO110, MA122 or MA123 or MA127

Algorithmic methods for function evaluation, roots of equations, solutions to systems of equations operations, matrix operations, curve fitting, interpolation, numerical integration and differentiation, errors in computation.

### **CO 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **CO 300 Assembly Language Programming**

3c-0l-3sh

Prerequisite: CO110 or equivalent

Examination of structure and languages of machines; representation of data, addressing techniques, symbolic coding, assemblers, macros, etc.; problem solution using assembly language.

[Back to Top](#)

### **CO 310 Data Structures**

3c-0l-3sh

Prerequisite: CO110

Basic concepts of data; storage systems and structures; lists, arrays, strings, hashing techniques; searching and sorting techniques; data structures in programming languages; string processing. Programming in a object-oriented language.

### **CO 315 Large File Organization and Access**

3c-0l-3sh

Prerequisite: CO220

The organization of large computer files for business systems, information systems, and other applications. Use of advanced COBOL for efficient file access. Evaluation of file access methods and directory organization. Introduction to random file algorithms and integrated file systems.

### **CO 319 Software Engineering Concepts**

3c-0l-3sh

Prerequisite: CO315 or permission of instructor

Includes the collection of tools, procedures, methodologies, and accumulated knowledge about the development of the software life cycle; current methodologies, tools, and techniques being applied to each phase will be discussed in depth with localized exercises given to reinforce learning of concepts.

[Back to Top](#)

### **CO 320 Software Engineering Practice**

1c-2d-3sh

Prerequisite: CO319 or permission of the instructor

Planning, design, and implementation of large software systems using software engineering techniques. Students work in project teams on real or realistic software development projects. Credit for either CO 320 or CO 493 may count toward computer science major requirements for graduation but not both; the other course credits are free electives.

### **CO 345 Data Communications**

3c-0l-3sh

Prerequisites: CO110 or CO220; MA 121 or 123; MA214 or 216 or 217; or equivalents

Communication of digital data between computers and to and from terminals and other peripherals; computer networks; small design projects or term paper.

### **CO 355 Computer Graphics**

2c-1l-3sh

Prerequisite: CO310 and junior status

The use of computer graphics hardware and software. An overview of current applications and experience with representative software will introduce current practice. Foundations in primitives, geometry, and algorithms of passive computer graphics are the principal focus of the course. A brief introduction to interactive computer graphics will be included.

[Back to Top](#)

### **CO 362 UNIX and C**

3c-0l-3sh

Prerequisites: CO 310 or permission of instructor

An introduction to the history, features, syntax, and applications of UNIX and C. Lectures, reading, and hands-on projects. Coverage includes two or more command interfaces, variations in C, and portability issues. UNIX is a trademark of Bell Laboratories.

### **CO 380 Seminar on the Computer Profession**

0c-1d-1sh

Prerequisites: Permission (See text below)

Reading, review, and discussion of the current literature of computer science and industry trade journals; effective oral presentations; employment prospects. Should be taken the semester before an internship or the first semester of the senior year. Should not be taken at the same time as CO480.

## **CO 405 Artificial Intelligence**

3c-01-3sh

Prerequisite: CO310

An introduction to the field of artificial intelligence, i.e., the study of ideas that enable computers to process data in a more intelligent way than conventional practice allows. The course covers many information representation and information processing techniques. Students will explore the underlying theory including matching, goal reduction, constraint exploration, search, control, problem solving, and logic.

[Back to Top](#)

## **CO 410 Processor Architecture and Microprogramming**

3c-01-3sh

Prerequisites: CO300 and CO310

The logical description of computer processor structure (architecture), with emphasis on the microprogramming approach. Project assignments using minicomputer.

## **CO 419 Software Development with Ada**

3c-01-3sh

Prerequisite: CO310

Introduction to the Ada programming language as a tool of the software engineer. Projects will use the advanced programming constructs resident in Ada, including packages, multi-tasking, generic units, exception handlers, and concurrent programming.

## **CO 420 Modern Programming Languages**

3c-01-3sh

Prerequisites: CO220 and CO310

Comparative study of the properties and applications of a range of modern higher-level programming languages, including Ada, APL, C, LISP, LOGO, Pascal, PROLOG, and SNOBOL. Comparison with older languages such as ALGOL, BASIC, COBOL, FORTRAN, and PL/I.

[Back to Top](#)

## **CO 424 Compiler Construction**

3c-01-3sh

Prerequisites: CO300 and CO310

Relates the formal concepts of automata and language theory to the practicality of constructing a high-level language translator. The structures and techniques used in lexical analysis, parsing, syntax directed translation, intermediate and object code generation, and optimization are emphasized.

## **CO 430 Introduction to Systems Programming**

3c-01-3sh

Prerequisites: CO300 and CO310

Concepts and techniques of systems programming with an emphasis on assembly, linking, loading, and macro processing for user programs. Overview of higher-level language translation and system control. Programming and research projects.

## **CO 432 Introduction to Operating Systems**

3c-01-3sh

Prerequisites: CO300, CO310 or equivalents

Introduction to the principles of operating system design and implementation. Topics include interrupt service, process states and transitions, spooling, management of memory and disk space, virtual storage, scheduling processes

and devices, and file systems.

[Back to Top](#)

### **CO 441 Data Base Management**

3c-0l-3sh

Prerequisite: CO315

Review of data base concepts. Detailed study of data base management approaches. Comparative study of commercially available data base management systems. Project on the locally available data base systems.

### **CO 450 Applied Numerical Methods**

3c-0l-3sh

Prerequisites: CO250, MA171, and MA241, or equivalents

Polynomial approximations using finite differences, with applications in numerical integration and differentiation. Numerical solution of initial value ordinary differential equations. The APL language will be introduced and used, along with FORTRAN, in programming selected algorithms.

### **CO 451 Numerical Methods for Supercomputers**

3c-0l-3sh

Prerequisites: MA121 and MA122, or MA123 or MA127, MA171, CO250

Super computers make use of special computer architectures - vector and parallel processors - in order to achieve the fastest processing speed currently available. Students will be introduced to these features and will learn how numerical algorithms can be constructed to exploit supercomputers' capabilities. Students will gain practical experience in programming for the Cray, YMP, in incorporating existing scientific software packages into user-written programs, in submitting remote jobs to the Pittsburgh Supercomputer Center, and in producing animated graphical output to summarize the typically large volume of output data generated by large scientific programs. (Also offered as MA451; may not be taken for duplicate credit)

[Back to Top](#)

### **CO 460 Theory of Computation**

3c-0l-3sh

Prerequisites: CO310 or consent of instructor

Formal methods for describing and analyzing programming languages and algorithms. Backus-Naur forms; productions; regular expressions; introduction to automata theory; Turing machines; recent concepts in algorithm theory computability.

### **CO 480 Seminar on Technical Topics**

0c-1l-1sh

Prerequisites: See text below

Reading, review, and discussion of the current literature of computer science and industry professional and technical journals; oral presentations. Should be taken the last semester of the senior year. Should not be taken at the same time as CO380.

### **CO 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Seminar in advanced topics of Computer Science; content will vary depending on interests of instructor and students. May be repeated for additional credit. Special Topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **CO 482 Independent Study**

var-1-4sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval based on academic appropriateness and availability of resources.

### **CO 493 Internship in Computer Science**

var-12sh

Prerequisites: CO300, CO310, CO315, CO319, CO380, other courses depending on type of internship position desired, completion of application, and selection by committee

Positions with participating companies provide students with paid experience in computer science under the supervision of the companies and faculty. Requirements include three on-site consultations, two university consultations, completion of progress reports, oral presentation, and a final cumulative paper. Offered only to students during the second semester and summer of the junior year or the summer and the first semester of the senior year. No more than foursemester hours of CO493 may be applied toward the 30-semester-hour requirement for a major in Computer Science.

## **CS 101 Personal and Family Management**

3c-0l-3sh

Management as a system and its relationship to individuals and families. Formulation of goals, values, and standards; use of decision-making process; utilization of resources.

## **CS 117 Design Graphics**

1c-0l-3sh

Introduction to drafting and presentation techniques as they relate to interior design. Two- and three-dimensional graphic hand skills including drafting, delineation of shading and perspective, application of color, media, texture, tone, and lettering are introduced.

## **CS 205 Color Theory and Application**

3c-0l-3sh

The theoretical basis of color is presented as it relates to the human visual system, light, pigment, perception, and measurement. The application of color theory is discussed in terms of interior design, merchandising, and display.

[Back to Top](#)

## **CS 213 Residential Appliances and Consumer Electronics**

2c-2l-3sh

Consumer education in the selection, use, and care of home equipment appliances and consumer electronics; the relationship of energy sources and utilities to major appliances, portable and personal care appliances, and consumer electronics.

## **CS 217 Interior Design**

1c-3l-3sh

Prerequisite: AR120 or equivalent

Emphasis upon development of knowledgeable consumers in the selection and design of a home, its furnishing, and its total environment.

## **CS 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the

established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **CS 299 Cooperative Education I**

0sh

Prerequisite: Approval of Co-op Coordinator

Designed to combine theory with practical application through job-related experiences. Consumer services majors are actively employed in business, industry, and a variety of organizations and agencies with a work focus which relates to their academic training and career objectives. First of two alternating work experiences required.

### **CS 310 Human Factors in Interior Design**

3c-01-3sh

Prerequisite: Junior standing

The study of human and technology systems interface as related to interior design. Emphasis on ergonomic and economic decision making to insure that the user can function with a minimum of stress and a maximum of efficiency. (To be offered effective 1996-97; pending approval of Council of Trustees)

### **CS 312 Housing and Culture**

3c-01-3sh

Managerial, sociological, economic, and aesthetic aspects of housing and man are investigated as well as a consideration of the environment of the home as part of the community.

[Back to Top](#)

### **CS 315 Consumer Economics and Family Finance**

3c-01-3sh

Economic, sociological, and psychological principles are applied to family money management problems. Information needed to manage finances effectively and to become a rational consumer is presented.

### **CS 357 Interior Design Studio**

1c-31-3sh

Prerequisite: CS217

Creative solutions to problems in interior environments emphasized. Professional interior design practices; design opportunities.

### **CS 399 Cooperative Education II**

0sh

Prerequisite: Approval of Co-op Coordinator

A program designed to combine theory with practical application through job-related experiences. Consumer services majors are actively employed in business, industry, and a variety of organizations and agencies with a work focus which relates to their academic training and career objectives. The student is required to serve a minimum of two alternating work experiences.

[Back to Top](#)

### **CS 413 Problems in Consumer Economics**

3c-01-3sh

Prerequisite: CS315 or Economics

Problems of consumer-seller relationships studied with emphasis given to effects of current economic and social

forces. Governmental and private protection agencies which aid the consumer are reviewed. Individual investigations required. Fall semester only.

### **CS 416 Problems in Family Finance**

3c-0l-3sh

Prerequisite: CS315

In-depth theories and principles in personal and family finance and the rights and responsibilities of consumers are emphasized. Opportunities are provided for students to explore specific areas of interest. Spring semester only.

### **CS 421 Senior Seminar**

2c-0l-2sh

Prerequisites: Completion of 90 semester hours

Knowledge gained in major and outside concentration courses is applied to individual career goals. Students have the opportunity to pursue related areas not directly covered in previous coursework, with emphasis upon independent research, analytical thinking, and communications skills.

[Back to Top](#)

### **CS 433 Study Tour**

var-1-6sh

Prerequisite: Upper-level standing

Opportunity is provided to visit business establishments and cultural centers concerned with household equipment, furnishings, textiles, clothing, and housing in America as well as abroad. Museums, factories, designers' showrooms, distribution centers, stores, cultural events, and seminars are included. Course may be repeated for a total of 6 semester hours. (This course is cross-listed as FM433.)

### **CS 461 Microwave Cooking Technology**

2c-2l-3sh

Study of the electronic technology, selection, care, and use of the microwave oven. Basic physical and chemical concepts related to microwave cooking are included. Individual investigative research problems are required.

### **CS 462 Historic Interiors**

3c-0l-3sh

Chronological study from ancient times to the mid-19th century of the dominant influences and characteristics of historical interiors, furniture, and ornamental design. Emphasis placed upon style detail and its relationship to social, economic, political, religious, and aesthetic influence and to the contemporary scene. Paper required.

[Back to Top](#)

### **CS 463 Modern Interiors**

3c-0l-3sh

Chronological study from mid-19th century to the present of the dominant influences and characteristics of the 20th-century interior, furniture, and ornamental design. Emphasis placed upon style detail and its relationship to social, economic, political, religious, and aesthetic influences and to contemporary usage. Paper required.

### **CS 464 Interior Planning and Drawing**

1c-3l-3sh

Prerequisite: CS217

Analysis and design as related to contract applications. Presentation, appropriate media, equipment, and techniques will be stressed. Freehand and mechanical methods employed to depict floor plans, elevation, and construction details

with emphasis on function.

### **CS 465 Interior Lighting**

3c-0l-3sh

Prerequisite: CS217 or equivalent

Lighting fundamentals applicable to the environmental design of residential and commercial spaces. Includes calculation methods, terminology, theory of color visibility, light source alternatives, fixture function and selection, lighting trends, and related professional organizations.

[Back to Top](#)

### **CS 468 Interior Design Professional Practice**

3c-0l-3sh

Prerequisite: Junior standing

Planning, business organization, management, contracts, procedures, and ethics for the professional interior designer.

### **CS 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **CS 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Particular consumer considerations are independently investigated in the area of housing, home equipment, interior design, clothing, and textiles, or in the management of resources. Course may be repeated for a total of 3 semester hours. Students meet with a faculty member at least 5 hours per semester hour.

[Back to Top](#)

### **CS 493 Internship**

var-1-12sh

Prerequisites: Approval of instructor and department chairperson; upper-level standing

Practical experience related to the student's major area of study with objectives, supervised experience, and evaluation. Course may be repeated for a total of 12 semester hours.

## **CE 250 Developing Interpersonal Relationship Skills**

1c-0l-1sh

Teaches interpersonal relationship skills: listening, communicating, group dynamics, decision making, leadership, assertiveness, time-use management, problem solving, and conflict resolution. Restricted to residence hall counselors.

## **CE 253 Counseling in School Settings**

3c-0l-3sh

An elective course designed to provide in-service teachers and school personnel, other than counselors, with a basic understanding of the knowledge, information, and skills appropriate to counseling with individuals and groups. Restricted to peer tutors.

## **CE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

## **CE 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **CE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate.

# Criminology

Department of Criminology  
College of Humanities and Social Sciences

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[CR101](#) [CR102](#) [CR210](#) [CR260](#) [CR270](#) [CR281](#) [CR283](#) [CR291](#) [CR295](#) [CR300](#) [CR306](#) [CR355](#) [CR357](#) [CR361](#) [CR362](#) [CR370](#) [CR371](#) [CR383](#) [CR386](#) [CR388](#) [CR390](#) [CR391](#) [CR400](#) [CR401](#) [CR416](#) [CR451](#) [CR470](#) [CR480](#) [CR481](#) [CR482](#) [CR491](#) [CR493](#)

## **CR 101 Crime and Justice Systems**

3c-0l-3sh

This course introduces the field of criminology through the examination of historical data, statistical information, theories of criminal causation, social control of behavior, development of laws, evaluation of criminal justice system policies, procedures, and trends. Students will learn the terminology of the field, gain an awareness of the methods of inquiry utilized in the field, and have the opportunity to examine personal attitudes and values regarding crime and responses to crime.

## **CR 102 Survey of Criminology**

3c-0l-3sh

The purpose of this course is to provide an understanding of the discipline of criminology through an examination of its theories, basic assumptions, and definitions.

## **CR 210 Criminal Law**

3c-0l-3sh

A study of the history and sources of criminal law coupled with an analysis of the substantive elements of specific crimes.

[Back to Top](#)

## **CR 260 Criminal Procedure and Admissibility of Evidence**

3c-0l-3sh

Law of arrest, search, and seizure, with discussion of important case law. Analysis of safeguards established for protection of individual liberties.

## **CR 270 Juvenile Justice System**

3c-0l-3sh

A study of the agencies and processes dealing with juvenile justice in the United States.

## **CR 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the

established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **CR 283 Police Patrol Administration**

3c-01-3sh

The study of the role and characteristics of the police patrol function. Special emphasis is given to understanding how patrol relates to other police functions and its effect on crime.

### **CR 291 Theory and Techniques of Interviewing**

3c-01-3sh

Consideration of the theory, nature, methods, and principles of interviewing.

### **CR 295 Criminal Investigation**

3c-01-3sh

The study of logical and scientific principles necessary for the detection and investigation analysis of criminal activities. Theories of information, interrogation, observation and interrogation, and observation and ethics are among the topics to be discussed.

[Back to Top](#)

### **CR 300 Theory of Complex Criminal Justice Organizations**

3c-01-3sh

Prerequisite: CR102 or permission of instructor

Study of the evolution and theories of organizational alternatives and their application to the administration of justice.

### **CR 306 Criminological Research Methods**

3c-01-3sh

Prerequisite: CR102 or permission of instructor

An introduction to the basic criminological research methods designed to prepare the student to understand and participate in quantitative and qualitative research.

### **CR 355 Crime in the Workplace**

3c-01-3sh

Study of the theoretical and legal basis of crime in the workplace.

### **CR 357 Law, Social Control, and Society**

3c-01-3sh

The evolution and development of the modern legal system. Topics include civil, criminal, and administration law, the legal profession, legal systems in American society, and the law as one of many instruments of social control and social change.

[Back to Top](#)

### **CR 361 Juvenile Law**

3c-01-3sh

An analysis of pertinent juvenile law and procedure involving case study methods.

### **CR 362 Correctional Law**

3c-01-3sh

Study and theory of principles of law relating to rights of the convicted, postcorrection procedures, and correctional management.

### **CR 370 Correctional Institutions**

3c-01-3sh

An examination of the organization and function of correctional institutions. Emphasis is placed on various social processes and problems associated with incarceration.

[Back to Top](#)

### **CR 371 Community-Based Corrections**

3c-01-3sh

A survey of noninstitutional programs, focusing on alternatives to incarceration in community settings. Programs reviewed include prerelease, probation, parole, halfway houses, and restitution-based programs.

### **CR 383 Police Administration**

3c-01-3sh

A study of police management, structure, and operations and their roles in the quality of services delivered. The relationship between police administration and its social environment will be examined.

### **CR 386 Correctional Administration**

3c-01-3sh

A study of correctional management, structures, and operations and their roles in the quality of services delivered. The relationship between correctional administration and its social environment.

[Back to Top](#)

### **CR 388 Court Administration**

3c-01-3sh

A study of court responsibility within the criminal and civil justice systems; jurisdictions, policies, and management procedures in court administration.

### **CR 390 Women and Crime**

3c-01-3sh

A study of the nature and extent of women's crime, theories of female criminality, processing of women offenders through the criminal justice system, the response of police and court officials to women as victims of crime, and opportunities for women as employees in criminal justice agencies.

### **CR 391 Substance Use and Abuse in Criminal Justice**

3c-01-3sh

Study of substance use and abuse confronting American society. Alcohol and drug use and abuse education, philosophy, physiological effects, and social aspects will be examined in terms of control measures and public safety.

[Back to Top](#)

### **CR 400 Theoretical Criminology**

3c-01-3sh

A review and critical analysis of the major criminological theories beginning with the Classical School; psychological, sociological, economic, biological, and political theories of crime and its causes will be included.

### **CR 401 Contemporary Issues in Criminology**

3c-01-3sh

Examination of the nature and extent of crime in modern Western society. Emphasis will be placed on issues selected from, but not limited to, emerging patterns of violence, organized crime, white collar crime, victimless crime, corruption, and those crime control strategies deemed appropriate in a democracy.

### **CR 416 Criminal Justice Personnel and Supervision**

3c-01-3sh

Study of public personnel systems with specific application to criminal justice agencies. The role and function of supervision as a concept of a comprehensive personnel system as well as the relationship between agency personnel and the impact on crime will be examined.

[Back to Top](#)

### **CR 451 Etiology of Delinquent Behavior**

3c-01-3sh

An analysis of the prevalent theories of delinquency causation with a view toward developing prevention, control, and treatment approaches.

### **CR 470 Comparative Study of Justice**

3c-01-3sh

Comparison of American systems of administration of justice with those of other nations.

### **CR 480 Seminar in Criminology - The Administration of Justice**

3c-01-3sh

A study of selected topics in criminology - the administration of justice. May be taken more than once for a maximum of 6 semester hours. Not for credit after prior CR480: Seminar in the Administration of Justice.

[Back to Top](#)

### **CR 481 Special Topics in Criminology**

var-1-3sh

Prerequisite: Department consent

A seminar providing study of selected topics not emphasized in other courses. May be taken more than once to a maximum 6 semester hours.

### **CR 482 Independent Study in Criminology**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **CR 491 Individual and Group Treatment Modalities**

3c-01-3sh

A study of the therapeutic techniques, process, and application used in various criminal justice environments.

[Back to Top](#)

### **CR 493 Internship**

var-3-12sh

A structured field placement designed to broaden the student's educational experience through observation and participation in work assignments in government or private sectors. Six semester hours of credit can be applied to the major requirements.

# Critical Languages

## College of Humanities and Social Sciences

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[CL101-120](#) [CL151-170](#) [CL201-220](#) [CL251-270](#)

Critical Languages are offered in four levels. See program description in the opening section of the College of Humanities and Social Sciences. Specific languages are offered as available.

### CL 101 - 120 Critical Languages I

3c-0l-3sh

Basic vocabulary and pronunciation in the target language. Oral/aural skills are stressed.

CL101	Arabic I
CL102	Chinese I
CL103	Dutch I
CL104	Finnish I
CL105	Hindi I
CL106	Hungarian I
CL107	Italian I
CL108	Japanese I
CL109	Korean I
CL110	Modern Greek I
CL111	Portuguese I
CL112	Russian I
CL113	Swedish I

[Back to Top](#)

### CL 151 - 170 Critical Languages II

3c-0l-3sh

Prerequisite: Level I or acceptable equivalent

A continuation of the first-semester course. Depending on the language being studied, reading and writing may be introduced at this level.

CL151	Arabic II
CL152	Chinese II
CL153	Dutch II

CL154	Finnish II
CL155	Hindi II
CL156	Hungarian II
CL157	Italian II
CL158	Japanese II
CL159	Korean II
CL160	Modern Greek II
CL161	Portuguese II
CL162	Russian II
CL163	Swedish II

[Back to Top](#)

### **CL 201 - 220 Critical Languages III**

3c-0l-3sh

Prerequisite: Level II or acceptable equivalent

At this first intermediate level, students will begin to develop a degree of oral proficiency that will vary with the language studied. Reading and writing will be studied in all languages by this level.

CL201	Arabic III
CL202	Chinese III
CL203	Dutch III
CL204	Finnish III
CL205	Hindi III
CL206	Hungarian III
CL207	Italian III
CL208	Japanese III
CL209	Korean III
CL210	Modern Greek III
CL211	Portuguese III
CL212	Russian III
CL213	Swedish III

[Back to Top](#)

### **CL 251 - 270 Critical Languages IV**

3c-0l-3sh

Prerequisite: Level III or acceptable equivalent

By the end of this course the student should be able to communicate in simple terms with an educated native speaker on a topic with which the student is familiar. Ability in reading and writing will vary with language.

CL251	Arabic IV
CL252	Chinese IV
CL253	Dutch IV
CL254	Finnish IV

CL255	Hindi IV
CL256	Hungarian IV
CL257	Italian IV
CL258	Japanese IV
CL259	Korean IV
CL260	Modern Greek IV
CL261	Portuguese IV
CL262	Russian IV
CL263	Swedish IV

# Distributive Education

## Department of Office Systems and Business Education Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[DE281](#) [DE331](#) [DE332](#) [DE333](#) [DE413](#) [DE481](#) [DE482](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **DE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **DE 331 Modern Merchandising**

3c-0l-3sh

Techniques for planning and controlling inventory, analyzing sales, working with modern systems for handling cash, and using color, line, and design. Practice in preparing merchandise display units.

### **DE 332 Retail Management**

3c-0l-3sh

Prerequisite: DE331 or DE333

Study of structure and changing environment of retailing; special emphasis on merchandise management, organization, sales promotions, services, and control.

[Back to Top](#)

### **DE 333 Principles of Selling**

3c-0l-3sh

Covers field of selling, preparing to sell, the selling process, and an introduction to sales management. Sales demonstrations incorporating audiovisual aids are a part of the course.

### **DE 413 Methods and Evaluation in Distributive Education II**

3c-0l-3sh

Prerequisites: BE111, MK320, DE333, and EP202

Includes two sections of special methods and evaluation in this field. Objectives are to acquaint students with the basic principles of group and individual instruction in various subject matter areas, as well as methods of presentation. Unit plans, lesson plans, demonstrations, and evaluations will be prepared. Students select sections needed for certification.

## **DE 481 Special Topics**

3c-0l-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

## **DE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Early Childhood Education

## Professional Studies in Education College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[EE200](#) [EE220](#) [EE281](#) [EE310](#) [EE311](#) [EE312](#) [EE315](#) [EE451](#) [EE481](#) [EE482](#)

Note: Courses in Early Childhood Education are restricted to majors with a 2.5 average, except by department permission.

### **EE 200 Introduction to Early Childhood Education**

3c-0l-3sh

Introductory course for prospective teachers of young children. Provides students with the opportunity to gain knowledge of historical, sociological, and political aspects of early childhood education. Emphasis on systematically observing, recording, and evaluating children's behavior in classrooms. (Formerly EL353: Preschool Education)

### **EE 220 Language Development and Children's Literature**

3c-0l-3sh

Includes the study of children's language acquisition and children's literature within the context of a developmentally appropriate language arts curriculum, preschool through the primary grades. Strategies for developing children's linguistic competence and integrating literature throughout the early childhood program will be emphasized. Observations, interviews, and teaching experiences are an integral part of the course. (This course is offered as a writing intensive course).

### **EE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **EE 310 Integrated Curriculum I**

3c-0l-3sh

Examines the sequence of cognitive development in children and the implications for instructional programs. Stages of cognitive understanding will be applied to the basic components of numerical concepts and science concepts. Classroom management strategies that can be utilized in varied environments will be stressed.

### **EE 311 Integrated Curriculum II**

3c-0l-3sh

Enables students to realize the importance and relevance of content area subjects as related to the early childhood years. Planning for teaching with specific emphasis on methods and materials for social and environmental living is

introduced. The integration of music and art is emphasized. Values systems and self-esteem are integral to social living.

### **EE 312 Aesthetic Experiences for Young Children**

3c-0l-3sh

An interdisciplinary approach to different forms of creative expression in young children. Art, music, and movement will be analyzed as aesthetic elements in a comprehensive early childhood curriculum. Development of creative potential in both teachers and children will be promoted as a means of enhancing the artist's experiences. Students will expand their use of the arts to enhance the self-esteem and self-worth of the children.

[Back to Top](#)

### **EE 315 Development and Learning Through Play**

3c-0l-3sh

Provides early childhood educators with the knowledge and skills necessary to promote and guide children's play behavior as the child's basic learning mechanism. Emphasis on definitions, theories, and stages of play within the context of social, emotional, physical, and intellectual growth for children aged 0-8 years. Students will observe children at play, design specific learning activities that utilize a play/games format, and direct educational experiences during the supervised field component. (Previous title: Play as Cognitive and Affective Development)

### **EE 451 Teaching Primary Reading**

3c-0l-3sh

A methods course designed to assist students in developing the reading abilities of young children. Deals with instructional issues related to teaching reading and introduces students to varying reading and pre-reading processes which are effective with young children. Also emphasizes diagnostic and assessment strategies for teaching reading.

### **EE 481 Special Topics**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
A course/seminar on topics in education appropriate for the Early Childhood Education setting.

[Back to Top](#)

### **EE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[EC480](#) [EC481](#) [EC482](#) [EC493](#)

**EC 101 Basic Economics**

3c-0l-3sh

Scarcity, role of prices in determining production and the allocation of resources, business cycle analysis, policy options for reducing unemployment and inflation, economic role of government, international trade, and selected current economic problems are studied. For those who do not plan to take more than 3 semester hours of economics.

Note: May not be taken after successful completion of or concurrent registration in any other Economics course.

**EC 121 Principles of Economics I**

3c-0l-3sh

Nature and methodology of economics; mixed capitalism and market economy; national income; employment theory, including economics of fiscal policy; money, banking, and Federal Reserve System; international trade and finance.

**EC 122 Principles of Economics II**

3c-0l-3sh

Economics of the firm; theory of consumer demand; determination of price and output in different market structures; distribution of income; economic growth.

[Back to Top](#)

**EC 241 Contemporary Economic Issues**

3c-0l-3sh

Prerequisites: EC101 or EC122

A rigorous but nontechnical analysis of a variety of economic problems and a formulation and evaluation of possible corrective policies.

**EC 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **EC 283 Environmental Economics**

3c-01-3sh

Prerequisites: EC101 or EC122

Examination of economic costs and benefits of environmental control and modification. Techniques of economic analysis are used to understand economic aspects of environmental problems and contribute toward their solution.

[Back to Top](#)

### **EC 325 Monetary Economics I**

3c-01-3sh

Prerequisites: EC121, EC122

Organization, operation, and economic significance of U.S. monetary institutions; commercial banks and Federal Reserve System; survey of monetary theory and policy; mechanism of international payments.

### **EC 326 Monetary Economics II**

3c-01-3sh

Prerequisite: EC325 or permission of the instructor

Detailed study of monetary theory; tasks of central banking; principal objectives of monetary policy; intensive study of recent monetary experience; complementary and competing aims of monetary and fiscal policy.

### **EC 330 Labor Economics**

3c-01-3sh

Prerequisites: EC121, EC122

History, structure, and operation of trade unions and employer organizations; major federal labor legislation; collective bargaining theory; wage determination; current labor problems.

[Back to Top](#)

### **EC 331 Economic Organization of Industry**

3c-01-3sh

Prerequisite: EC122 or permission of the instructor

Social effectiveness of industries analyzed through measures of market structure, market conduct, and market performance.

### **EC 332 Government and Business**

3c-01-3sh

Prerequisite: EC122 or permission of the instructor

An analysis of the antitrust laws focusing on the maintenance of competition, the prohibition of unfair business conduct, and the achievement of desirable economic performance.

### **EC 333 Regulation of Industry**

3c-01-3sh

Prerequisites: EC121, EC122 or permission of the instructor

Examines the theory and practice of regulation, emphasizing effects of regulation on economic performance and efficiency in the U.S.

[Back to Top](#)

### **EC 334 Economics of Corporate Decisions**

3c-01-3sh

Prerequisites: EC121, EC122, MA121 or equivalent

Applications of economic theory using algebra, elementary statistics, and calculus to solve business optimization problems including problems of forecasting and risk.

### **EC 335 Public Finance**

3c-01-3sh

Prerequisites: EC121, EC122 or permission of the instructor

Taxation and expenditure theory at the federal level; federal budget and debt considerations; public sector impact upon economy.

### **EC 336 State and Local Finance**

3c-01-3sh

Prerequisite: EC122 or permission of the instructor

Analysis of character and impact of state and local government revenue sources, expenditures, and fiscal systems; intergovernmental fiscal relations.

[Back to Top](#)

### **EC 339 Economic Development I**

3c-01-3sh

Prerequisites: EC121, EC122

Theory of growth; theory of economic development of underdeveloped countries.

### **EC 343 History of the Economic Development of the United States**

3c-01-3sh

Prerequisites: EC101 or EC121 or EC122

Applications of economic theory and models of economic development to the main patterns of U.S. postrevolutionary growth; emphasizes the history of economic development as a laboratory for testing economic hypotheses.

### **EC 345 International Economics I**

3c-01-3sh

Prerequisites: EC121 and EC122 or permission of the instructor

Theory of international trade; analysis of balance of payments; international economic equilibrium; mechanism of international economic and monetary adjustments.

[Back to Top](#)

### **EC 346 International Economics II**

3c-01-3sh

Prerequisite: EC345 or permission of the instructor

Application of theory of international trade to empirical data and problems; historical survey and examination of current problems of international trade; the institutional setting of international trade.

### **EC 350 Comparative Economic Systems**

3c-01-3sh

Prerequisites: EC101 or EC121 or EC122

Evaluation of premises, practices, institutions, and performance of capitalist, socialist, and mixed economies using economic theory and measurement.

### **EC 351 Russian Economic Development**

3c-0l-3sh

Prerequisites: EC101 or EC121 or EC122

Study of the theory, institutions, and performance of the Russian economy including comparison of present and past patterns of economic development.

[Back to Top](#)

### **EC 355 Statistics for Economists**

3c-0l-3sh

Introduction to economic statistics, including frequency distributions, probability, distributions of random variables, functions of random variables, and tests of economic hypotheses.

### **EC 356 Introduction to Econometrics**

3c-0l-3sh

Prerequisites: EC355 or its equivalent or permission of the instructor

Introduction to econometrics, including linear normal regression models of two or more random variables, special econometric problems, and solutions of simultaneous equations.

### **EC 360 Economics of Health Services**

3c-0l-3sh

Analysis of the allocation of resources in the health sector using demand and supply techniques. Pricing and output decisions by physicians, hospitals, and other health agencies will be considered along with other current policy issues.

[Back to Top](#)

### **EC 371 Economics of Labor Legislation**

3c-0l-3sh

Prerequisite: EC330 or permission of the instructor

Economic background and effects of governmental regulation of labor relations, with emphasis on a detailed examination of National Labor Relations Act as amended.

### **EC 372 Economics of Wages and Employment**

3c-0l-3sh

Prerequisite: EC330 or permission of the instructor

Analysis of wages and employment under various market structures. Also, analysis of the impact of labor market forces on wages, prices, and distributive shares.

### **EC 373 Economics of Human Resources**

3c-0l-3sh

Prerequisite: EC101 or EC122

Inquiry into economic demographics and related factors affecting growth, structure, and distribution of an economy's labor force into different occupations.

[Back to Top](#)

### **EC 383 Urban/Regional Economics**

3c-0l-3sh

Prerequisites: EC121 and EC122

Location theory, land use patterns, urban economic/regional growth change, and urban economic problems and policies.

### **EC 421 Macroeconomic Analysis**

3c-0l-3sh

Prerequisites: EC121, EC122 or permission of the instructor

Emphasizes aggregate income levels and problems of unemployment, inflation, and growth. Covers consumption and investment theories and the role of fiscal and monetary policy.

### **EC 422 Microeconomic Analysis**

3c-0l-3sh

Prerequisites: EC121, EC122, MA121 or equivalent

Consumer behavior, theory of the firm, theory of exchange, market structures, distribution, general equilibrium theory, welfare economics.

[Back to Top](#)

### **EC 480 Seminar**

3c-0l-3sh

Prerequisite: Permission of the instructor

Seminar in selected economic issues or problems.

### **EC 481 Special Topics**

var-1-3sh

Prerequisite: Permission of the instructor

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **EC 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **EC 493 Internship in Economics**

var-2-12sh

Prerequisite: A student must be an economics major who has completed at least 12 semester hours in economics and who has at least a 2.5 grade-point average in the major and in all coursework.

The course provides on-the-job experience in economics positions with private and governmental employers. The student is also required to complete related academic work in the form of papers and selected readings. Number of credits earned will depend upon the nature of the job and amount of time involved in internship. A maximum of six of the credits earned in this course may be counted toward the 30 semester hours in economics requirement for Economics majors.

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

# Education

## College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

### **ED 150 Educational Planning**

1c-0l-1sh

Introduces students to the system of higher education and to skills that promote effective educational planning and decision making. Includes the topics of history and purposes of higher education and its changing curriculums; models for, and variables to consider in, decision making, goal setting, and educational planning. Note: Certain sections of this course will be restricted to specific enrollment groups.

### **ED 160 Learning Strategies**

1c-0l-1sh

Assists students to develop and use effective and efficient study strategies on a consistent basis. Students will examine their academic goals and implement study strategies to help achieve those goals. Includes the topics of goal setting and self-monitoring, learning styles, test preparation and test taking, lecture and textbook note taking, time management and concentration, and general strategies for learning. Students will be required to give evidence of application of the study strategies to other courses in which they are currently enrolled. Active participation in class meetings is expected. Note: Certain sections of this course will be restricted to specific enrollment groups.

### **ED 170 Career Exploration**

1c-0l-1sh

Introduces students to the theoretical and practical framework with which to explore careers compatible with overall academic skills, aptitudes, and life goals. Students will examine the world of work, assess their interests and abilities, and make realistic decisions on academic majors and careers. Note: Certain sections of this course will be restricted to specific enrollment groups.

[Back to Top](#)

### **ED 242 Pre-student Teaching Clinical Experience I**

var-1sh

Prerequisite: Admission to teacher certification

Observation/participation in a basic education classroom beginning not later than the sophomore year.

### **ED 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **ED 342 Pre-student Teaching Clinical Experience II**

var-1sh

Prerequisites: ED242 and admission to Junior Standing

Students work toward the development of specific competencies that relate to individual major fields of teaching.

[Back to Top](#)

### **ED 408 Reading in the Content Areas**

3c-0l-3sh

Prerequisite: EL222

Problems related to teaching students reading and study skills specifically needed in each of the subject areas at the elementary level. Content teachers learn how to develop students' competence in these skills as part of their regular classroom instruction.

### **ED 415 Computers in the School Curriculum**

3c-0l-3sh

Prerequisite: CO101, BE101, IM101, or permission of the instructor

Students will use a variety of computer software including word processing, record management programs, and simulation programs. Emphasis will be on the application of computer programs within the K-12 school curriculum.

### **ED 421 Student Teaching**

var-6sh

Prerequisite: Admission to Student Teaching

Experience in teaching at the elementary level; coordination and visitation by a university faculty member with daily supervision by a cooperating classroom teacher.

[Back to Top](#)

### **ED 423 Professional Practicum, Including School Law**

var-3sh

Series of conferences and related activities to prepare students for actual teaching experiences. Parallels student teaching experience in junior and senior years. (Elementary Education majors only)

### **ED 431 Teaching in Home Economics**

var-6sh

Prerequisite: Admission to Student Teaching

Experience in teaching home economics at the secondary level.

### **ED 441 Student Teaching**

var-6-12sh

Prerequisite: Admission to Student Teaching

Experience in teaching at the elementary or secondary level; coordination and visitation by a university faculty member with daily supervision by a cooperating classroom teacher.

[Back to Top](#)

### **ED 442 School Law**

1c-0l-1sh

Required of all teacher certification students. Includes overview of legal principles that apply to special areas of education. Must be taken prior to student teaching.

### **ED 451 Teaching Science in the Secondary School**

2c-2l-3sh

Prerequisite: Admission to Student Teaching

Background to help science majors meet the problems of teaching science. Various inquiry approaches useful in meeting objectives of a contemporary science class are taught and exemplified.

### **ED 452 Teaching of English and Communication in the Secondary School**

3c-0l-3sh

Prerequisites: EN 314, 323, and 380 and admission to Student Teaching

This course is a prerequisite to student teaching in English. Introduces the student to current professional practices in the teaching of English and communications in high school.

[Back to Top](#)

### **ED 453 Teaching of Foreign Languages in the Elementary/Secondary Schools**

3c-0l-3sh

Prerequisites: Successful completion of 321-322 and 351-352 in the student's major language; passage of a language proficiency examination or permission of the instructor, and admission to Student Teaching

The student will study current theories of language acquisition and methods of language teaching for the elementary and secondary school. Through hands-on practice and peer teaching demonstrations, the student will develop techniques for teaching functional language, planning lessons, setting curricular objectives, testing language skills, and selecting/adapting materials for both elementary and secondary school classrooms. (Course taught fall semester only)

### **ED 455 Teaching of Social Science in Secondary Schools**

3c-0l-3sh

Prerequisite: Admission to Student Teaching

Study of modern methods and techniques for teaching social science and of current curriculums in social science.

### **ED 456 Teaching Math in the Secondary Schools**

3c-0l-3sh

Prerequisite: Admission to Student Teaching

Study of modern methods and techniques for teaching mathematics and current curriculums.

### **ED 462 Issues and Innovations in Education**

3c-0l-3sh

Study of issues and innovations which influenced education will be included in this course. Educational innovations and issues which deal with curriculum, school organization, and materials of instruction will be examined.

[Back to Top](#)

### **ED 481 Special Topics**

3c-0l-3sh

Prerequisite: By permission only

Provides an opportunity for students to investigate in-depth an area of education under professional supervision.

### **ED 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in

conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **ED 495 International Study Tour in Education**

var-3sh

Study of various peoples through their cultural settings and educational systems; on-site visitation to selected schools and other social agencies and institutions; seminars with school officials and directed readings.

[Back to Top](#)

### **ED 499 Multicultural/Multiethnic Education**

2c-01-2sh

Prerequisite: One methods course must be taken prior to, or concurrently with, ED499

Provides students with an understanding and appreciation of cultural diversity in the United States. Students will gain the ability to locate and develop curricular materials appropriate to this country's diversity.

# Education of Exceptional Persons

Department of Special Education and Clinical Services  
College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[EX111](#) [EX112](#) [EX221](#) [EX222](#) [EX281](#) [EX300](#) [EX321](#) [EX322](#) [EX340](#) [EX415](#) [EX416](#) [EX417](#) [EX418](#) [EX419](#) [EX425](#)  
[EX435](#) [EX440](#) [EX480](#) [EX481](#) [EX482](#)

## **EX 111 Introduction to Exceptional Persons**

3c-0l-3sh

Prerequisite: For department majors and official incoming transfers only

Surveys characteristics, needs, problems, and behavior patterns of any person who deviates sufficiently from "normal" to be considered exceptional. Consideration to those who fall intellectually both above and below average and to those who are handicapped visually, acoustically, behaviorally, orthopedically, neurologically, or in respect to speech patterns. (Offered as EX120 prior to 1993-94)

## **EX 112 Typical and Atypical Growth and Development**

3c-0l-3sh

Prerequisites: EX111, PC101

Presents foundations of human growth from conception, including basic embryogenesis, up to but not including adolescence. Considers the biological, cultural, educational, and parenting influences that shape the child, as well as selective examples of normal and deviant physical and intellectual development. (Offered as EX220 prior to 1993-94)

## **EX 221 Methods of Teaching Mathematics to Persons with Disabilities**

3c-0l-3sh

Prerequisites: MA151, EX111

Emphasizes recent developments in elementary curriculum and instructional techniques for developing concepts; implications of recent resource developments and materials helpful to the prospective special education teacher. Emphasis is also placed on methods of helping children learn mathematical concepts through physical activity and on ways to adapt regular classroom materials to meet needs and abilities of slow and disabled learners. (Offered as EX240: Teaching Mathematics for the Mentally and/or Physically Handicapped prior to 1993-94)

[Back to Top](#)

## **EX 222 Methods of Teaching Reading to Persons with Disabilities**

3c-0l-3sh

Prerequisite: Sophomore status or above

Presents basic concepts of developmental reading instruction and systematic coverage of the methods of teaching reading from readiness stages through eighth grade. Diagnostic-prescriptive techniques are included. (Offered as EX251: Methods of Teaching Reading prior to 1993- 94)

## **EX 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **EX 300 Education of the Exceptional in the Regular Classroom**

3c-01-3sh

Prerequisite: For non-Special Education majors only

Surveys traits, needs, problems, and behavior patterns of the exceptional person and indicates methods and considerations for the regular classroom teacher encountering the exceptional person in his/her classroom. Legal rights of the exceptional are stressed, and contributions of the disabled to society are presented. Implications regarding parenting of exceptional children and youth are included.

[Back to Top](#)

### **EX 321 Methods of Teaching Language Arts to Persons with Disabilities**

3c-01-3sh

Prerequisites: EX111, EX222, and SH254, GPA 2.5

Review of typical and atypical characteristics of the handicapped in relationship to the language arts. Deals with preparation and execution of units of instruction in language arts for mentally and/or physically handicapped persons. Diagnostic and prescriptive approaches are included; integration of language arts with a highlight on reading is stressed. (Offered as EX353: Reading and Other Language Arts for the Mentally and/or Physically Handicapped prior to 1993-94)

### **EX 322 Methods of Teaching Content Area Subjects to Persons with Disabilities**

3c-01-3sh

Prerequisite: EX111, GPA 2.5

Presents methods for teaching science and social studies to the mentally and/or physically handicapped. Scope and sequence of content, as well as evaluative techniques for each content area, are studied. Integration of other content areas and skill areas is stressed. Also stresses teaching in both resource room and less restrictive environments. (Offered as EX343: Content Area Subjects for the Mentally and/or Physically Handicapped prior to 1993-94)

### **EX 340 Introduction to Behavior Management in Special Education**

3c-01-3sh

Prerequisites: EX111, EX112, EP202, GPA 2.5

An overview of systematic behavioral change techniques for use with students in a variety of special education settings including integrated, resource, self-contained, special school, and residential. Emphasizes a case analysis approach to creating and evaluating behavioral changes for students with mild to severe disabilities.

[Back to Top](#)

### **EX 415 Preschool Education for Children with Disabilities**

3c-01-3sh

Prerequisite: Departmental permission, GPA 2.5

Provides information on assessment, intervention strategies, curriculum, and prescriptive planning for preschool children with disabilities. Serves as a course for departmental majors who are specifically interested in early childhood education, as an elective for other interested students in related fields, and as a priority course for Early Childhood Education majors. (Formerly EX464: Preschool Education of the Handicapped)

### **EX 416 Education of Persons with Emotional or Behavioral Disorders**

3c-01-3sh

Prerequisite: Junior status or above, GPA 2.5

Focuses on major theoretical positions regarding etiology of emotional and behavioral disorders, definition and identification of the population, and educational approaches. Reviews research in the field, including current issues, trends, practices, and services. (Formerly EX341: The Socially and Emotionally Maladjusted)

### **EX 417 Education of Persons with Mental Retardation or Developmental Disabilities**

3c-01-3sh

Prerequisite: Junior status or above, GPA 2.5

Focuses on major theoretical positions regarding etiology of mental retardation and developmental disabilities, including autism. Definition, identification, and educational approaches are discussed. Reviews research in the field, including current issues, trends, practices, and services. (Formerly EX457: Severe and Profound Retardation and Multiple Disabilities)

[Back to Top](#)

### **EX 418 Education of Persons with Physical or Multiple Disabilities**

3c-01-3sh

Prerequisite: Junior status or above, GPA 2.5

Focuses on major theoretical positions regarding etiology of a wide and diverse range of physical/multiple disabilities, the definition and identification of the population, and educational approaches. Reviews research in the field, including current issues, trends, practices, and services. (Formerly EX430: Physical Disabilities and Psychological Handicaps)

### **EX 419 Education of Persons with Brain Injuries or Learning Disabilities**

3c-01-3sh

Prerequisite: Junior status or above, GPA 2.5

Focuses on major theoretical positions regarding etiology of neurological and learning disabilities, definition and identification of the population, and educational approaches. Reviews research in the field, including current issues, trends, practices, and services. (Formerly EX454: The Brain Injured and the Learning Disabled)

### **EX 425 Methods and Curriculum (Mild-Moderate Disabilities)**

3c-01-3sh

Prerequisites: EX221, EX222, EX321, EX322, EX340, GPA 2.5

Provides in-depth examination of assessment methods, strategies, and curriculums. Emphasizes assessment methods and strategies used in a variety of service models that serve elementary- and secondary-level students with learning disabilities, behavioral disorders, mild mental retardation, and high-function autism. (Formerly EX450: Methods and Curriculum Planning for Mildly and Moderately Handicapped)

[Back to Top](#)

### **EX 435 Methods and Curriculum (Severe-Profound Disabilities)**

3c-01-3sh

Prerequisites: EX221, EX222, EX322, EX321, EX340, GPA 2.5

Emphasizes methods designed to facilitate the development of an integrated, functional, and community-based curriculum that will prepare students for participation in a wide variety of postschool environments.

### **EX 440 Ethical and Professional Behavior**

1c-01-1sh

Prerequisite: Departmental permission, GPA 2.5

Emphasis on ethical and professional behavior for student teachers and professional employees. Possibilities for and methods of initiating and profiting from postbaccalaureate study are indicated. Student teachers are required to complete and present a curriculum book regarding each student-teaching experience. (Offered as EX490 prior to

1993-94)

### **EX 480 Seminar in Special Education**

var-1-3sh

Prerequisite: Departmental permission

Interested students may use this course for the pursuit of knowledge regarding specific concerns of the exceptional which are not ordinarily considered in such detail during regular classroom instruction. Students wishing to enroll are expected to submit a written proposal regarding their desire for study at the time permission for enrollment is sought. With permission, the course may be repeated for credit. (Previous title: Selected Problems)

[Back to Top](#)

### **EX 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **EX 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Education of Persons with Hearing Loss

Department of Special Education and Clinical Services  
College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[EH114](#) [EH115](#) [EH244](#) [EH281](#) [EH307](#) [EH308](#) [EH329](#) [EH330](#) [EH331](#) [EH351](#) [EH360](#) [EH365](#) [EH481](#) [EH482](#)

## **EH 114 Introduction to Persons with Hearing Loss**

3c-0l-3sh

Prerequisites: Adviser permission, EH majors only

Deals with the different approaches used in teaching the hearing impaired -- manual language, oral language, and total communication. The historical background of each approach is presented with its strengths and weaknesses. Criteria for the use of each approach established in consideration of degree of loss exhibited by the pupil, the age of onset, and the social and psychological implications. (Offered as Introduction to Hearing Impaired prior to 1994)

## **EH 115 Introduction to Sign Language**

1c-0l-1sh

Development of manual dexterity and fluency using fingerspelling. Acquisition of basic sign language vocabulary. Practice in acquiring general information from a signed message and conversing informally on commonly used topics.

## **EH 244 Intermediate Sign Language**

1c-0l-1sh

Prerequisite: EH115

Emphasis on comprehension of signed information and on developing fluency in conveying a message in both signed English and American Sign Language. Modification of signs and individualization of techniques for instruction/communication with learning-impaired or multihandicapped deaf learners.

[Back to Top](#)

## **EH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

## **EH 307 Speech for Persons with Hearing Loss**

3c-0l-3sh

Prerequisites: EH114, SH242, 2.5 QPA

Techniques for developing, diagnosing, analyzing, and correcting the speech and voice problems of hearing-impaired individuals. Lecture, demonstration, and special projects. (Offered as Speech for the Hearing Impaired prior to 1994)

### **EH 308 Language for Persons with Hearing Loss**

3c-0l-3sh

Prerequisites: EH114, SH334, 2.5 QPA

Development and remediation of language of the hearing impaired. Language sampling and diagnostics, sentence patterning, and analytic vs. natural teaching methods. Structuring a communicative environment. (Offered as Language for the Hearing Impaired prior to 1994)

[Back to Top](#)

### **EH 329 Hearing Practicum I**

var-1sh

Prerequisites: EH114, EH115, 2.5 QPA

Provides the student with actual contact with individuals with hearing loss. Practica will be set up in appropriate school programs and/or clinics for the hearing impaired, in hearing itinerant programs, or in clinical settings where hearing-impaired individuals are receiving therapy or are being tested. Techniques of observing and evaluating behavior are presented initially to prepare the student to profit maximally from the observation experiences. Written reports of the practica are submitted and discussed, and each student is encouraged to gain experience in as many different settings as available.

### **EH 330 Hearing Practicum II**

var-1sh

Prerequisites: EH329, 2.5 QPA

Provides students with actual contact with individuals with hearing loss. Practica will be set up in appropriate school programs and/or clinics for the hearing impaired, in hearing itinerant programs, or in clinical settings where hearing-impaired individuals are receiving therapy or are being tested. Techniques of observing and evaluating behavior are presented initially to prepare the student to profit maximally from the observation experiences. Written reports of the practica are submitted and discussed, and each student is encouraged to gain experience in as many different settings as available. This is a continuation of EH329: Hearing Practicum I and includes support and supervision of students in EH329.

### **EH 331 Advanced Sign Language**

1c-0l-1sh

Prerequisites: EH115, EH244, 2.5 QPA

Studies the evolution of signs; dialectical sign systems. Analysis and comparison of the linguistic similarities/differences of various sign languages. Direct translation of written or spoken information on specific topics using American Sign Language or Signed English. Practice using conversation on both a social and academic level.

[Back to Top](#)

### **EH 351 Teaching Reading to Persons with Hearing Loss**

3c-0l-3sh

Prerequisite: EH308, 2.5 QPA

Presents basic concepts of developmental reading instruction and systematic coverage of the methods of teaching reading to students with hearing loss from readiness stages through upper school.

### **EH 360 General Methodology for Education of Persons with Hearing Loss**

3c-0l-3sh

Prerequisites: EH114, EH307, EH308, 2.5 QPA

Provides a systematic coverage of the basic procedures for teaching curriculum subjects. Included are adaptive methods of instruction for teaching mathematics; science as it relates to the child and the curriculum; content, objectives, and resource materials for social studies; creative experiences in the field of language arts, rhythmic, and physical education and health. (Offered as General Methodology for Education of Hearing Impaired prior to 1994)

## **EH 365 Parent-Preschool Programs for Persons with Hearing Loss**

3c-0l-3sh

Prerequisites: EH114, EX112, SH334, EH308, EH307, 2.5 QPA

Developing home/clinic programs for parents and hearing-impaired infants (0-3 years). Teaching speech, language, speechreading, use of residual hearing, and developing readiness skills at preschool level. (Offered as Parent-Preschool Programs for the Hearing Impaired prior to 1994)

[Back to Top](#)

## **EH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **EH 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

## **EP 202 Educational Psychology**

3c-0l-3sh

Prerequisite: PC101, admission to sophomore standing in teacher certification or permission

Designed to promote a better understanding of the principles of psychology governing human behavior, with particular emphasis on their relation to learner, learning process, and learning situation in an educational environment. (Offered as EP302 prior to 1992-93)

## **EP 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

## **EP 371 Psychology of Teaching Sex Education**

3c-0l-3sh

Explores the methods of teaching sex education to elementary, intermediate, and secondary levels; the sexual development of the child through adolescence and adulthood.

[Back to Top](#)

## **EP 373 Psychology of Adolescent Education**

3c-0l-3sh

Prerequisite: EP202

Study of significant characteristics, behavior, and educational and social problems of adolescents.

## **EP 376 Behavior Problems**

3c-0l-3sh

Prerequisite: EP202

Examination of emotional and social aspects of behavior problems encountered in classroom situations and potential remedial techniques.

## **EP 377 Educational Tests and Measurements**

3c-0l-3sh

Prerequisites: PC101, admission to junior standing in teacher certification or permission

Designed to acquaint students with major methods and techniques of evaluation used to assess and report growth, development, and academic achievement of individuals in an educational environment. Includes interpretation of standardized test information.

[Back to Top](#)

### **EP 378 Learning**

3c-01-3sh

Prerequisite: EP202

Explores learning theories and educational application in the classroom.

### **EP 383 Education of the Disadvantaged Student**

3c-01-3sh

Prerequisite: EP202

Acquisition of necessary understandings of physiological, psychological, and social implications relevant to working with and teaching the disadvantaged student.

### **EP 384 Field Experience**

3c-01-3sh

Prerequisite: EP202

Provides student with tutorial experience in the public schools and social service organizations with professional supervision.

[Back to Top](#)

### **EP 481 Special Topics in Educational Psychology**

var-1-3sh

Prerequisite: Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. ### **EL 211 Music for the Elementary Grades**

2c-0l-2sh

Geared for elementary education students. Includes basic ideas for understanding, development, and confidence for future classroom teachers and their pupils in areas of music education.

### **EL 213 Art for the Elementary Grades**

2c-0l-2sh

The creative use of art materials and an understanding of development of capacities of children through art.

### **EL 215 Child Development**

3c-0l-3sh

Survey of human development, from conception to adolescence, in terms of basic scientific data. Development, growth, and behavior are studied and their implications for home, school, and community are considered.

### **EL 221 Children's Literature**

3c-0l-3sh

Acquisition of a wide acquaintance with children's literature, old and new. Poetry selections, annotated stories, and bibliographies will be assembled. Ways and means to develop, stimulate, and guide children's reading of literature presented. Principles and techniques of successful storytelling are studied and practiced.

[Back to Top](#)

### **EL 222 Teaching of Reading I**

3c-0l-3sh

Systematic coverage of the teaching of reading, including methods, techniques, and materials. First of a two-course sequence.

### **EL 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special

topics numbered 281 are offered primarily for lower- level undergraduate students.

### **EL 312 Teaching of Elementary Science**

2c-01-2sh

Emphasis placed upon science as it relates to child and curriculum, planning for teaching science, and recent innovations in science teaching. Course offered on the junior block only.

[Back to Top](#)

### **EL 313 Teaching Mathematics in the Elementary School**

3c-01-3sh

Prerequisites: MA151, 152

Recent developments in curriculum and methods of instruction of contemporary elementary school mathematics programs. Students will become acquainted with books, materials, and other resources helpful to prospective teachers. Includes observations of master teachers.

### **EL 314 Teaching of Health and Physical Education**

2c-01-2sh

Games, stunts, rhythms, relays, tumbling, dances, and skills suitable for the elementary school child. Teaching of health in elementary school is emphasized, including methods, materials, and lesson planning.

### **EL 351 Creative Activities in the Elementary School**

3c-01-3sh

Provides students with a wide range of creative experiences in fields of art, crafts, music, rhythmic, dramatics, and games in elementary school. Stress is placed upon need to help children in developing their capacities for creative expression in these areas.

[Back to Top](#)

### **EL 356 Pedagogy I**

3c-01-3sh

Prerequisite: Junior status

Competencies specific to the science of teaching will be introduced in this course. Students will become familiar with the fundamentals of teaching across all content area subject matter at the elementary level. Areas that will be explored include models of teaching, including lesson and unit planning, and creating a classroom environment that is conducive to learning.

### **EL 357 Pedagogy II**

3c-01-3sh

Prerequisite: Junior status

Principles based on classroom experience. Instruction will include classroom management skills, integration of computers in the elementary curriculum, contemporary issues in education, the role of research in elementary classroom teaching, and teacher professionalism during and after field experiences. (This course is writing intensive.)

### **EL 411 Teaching of Social Studies**

3c-01-3sh

Overview of social studies in elementary school. Includes study of objectives, trends, areas of content, patterns and principles of organization, and techniques of teaching. Variety of learning experiences and materials used and evaluated.

[Back to Top](#)

### **EL 422 Diagnostic and Remedial Reading**

3c-0l-3sh

Prerequisite: EL222

Causes of reading disability; methods of diagnosis; procedures and materials for remedial work, group and individual.

### **EL 425 Language Arts Across the Curriculum**

3c-0l-3sh

Prerequisite: EL222

Places emphasis on the view that the art of communication is an interrelated process and the task of classroom teachers is not only integrating the language arts among themselves but also integrating them throughout the entire curriculum. Techniques for teaching oral and written communication, spelling, handwriting, vocabulary development, listening, and linguistics will be presented. Special emphasis given to recent trends and research. (Replaces EL 413: Teaching Language Arts effective Summer, 1992) This course is offered as a writing-intensive course.

### **EL 481 Special Topics**

var-3sh

Prerequisite: Approval of instructor and department

A course/seminar on topics in education appropriate for the Elementary Education setting.

[Back to Top](#)

### **EL 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

(Offered as EL481 prior to 1993-94)

## **EN 100 Basic Writing**

3c-0l-3sh

Designed to develop the basic English skills necessary for clear and effective communication. Reserved for selected students. This course does not meet General Education English or Liberal Studies writing requirements. (Title prior to 1989 was EN100: Basic English.)

## **EN 101 College Writing**

3c-var-4sh

Prerequisite: EN100, where required by placement testing

Normally to be taken the first semester at IUP. Courses use readings in the nature and history of language, semantic and linguistic analysis, and problems in rhetoric and other approaches to composition. Seven theme-length expository papers (or the equivalent) are written, in addition to shorter exercises and a written final examination. (Title prior to 1989 was EN101: English I.)

## **EN 121 Humanities Literature**

3c-0l-3sh

Prerequisite: EN101

Introduces students to literature of various genres through a careful analysis of poetry, fiction, and drama. Includes literature of various time periods, nationalities, and minorities. (Replaced EN201: English III effective Summer, 1990)

[Back to Top](#)

## **EN 150 English for Foreign Students**

3c-0l-3sh

Provides international students with an opportunity to improve their ability to speak and write English before they take EN100 and EN101. The emphasis is on individualized exercises and assignments. This course carries graduation credit but does not meet Liberal Studies English requirements.

## **EN 202 Research Writing**

3c-0l-3sh

Prerequisites: EN101, sophomore standing

Teaches students to read, analyze, and evaluate nonfiction sources and to present the results of their analysis in clear,

organized, carefully documented research papers. The focus of reading and research in each section will be determined by the instructor. (Replaced EN102: English II effective Summer, 1990)

### **EN 208 The Art of the Film**

3c-0l-3sh

Concentrates on the film as an artistic medium. Eight to twelve motion pictures are shown during semester and are analyzed in class discussions.

[Back to Top](#)

### **EN 210 Introduction to Literary Analysis**

3c-0l-3sh

Prerequisite: EN101

Acquaints students with the literary genres (especially fiction, poetry, and drama) by means of examples of each and provides them with some of the various critical approaches to the interpretation of literature so that they may gain the ability to apply them. At the conclusion of the course, students are expected to be able to read literature perceptively and to write critical papers about it.

### **EN 211 English Literature to the Restoration**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

Surveys English literature from its beginnings to the Restoration, acquainting students with the experience of reading many of the primary materials (whole works whenever possible or full, free-standing parts) and provides them with background information concerning the development and flowering of the various genres, the dominant ideas of each period, and the social and cultural context of the separate works.

### **EN 212 English Literature from the Restoration to 1900**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

Surveys English literature from the Restoration to the beginning of the twentieth century, acquainting students with the experience of reading many of the primary materials (whole works whenever possible or full, free-standing parts) and providing them with background information concerning the development and flowering of the various genres, the dominant ideas of each period, and the social and cultural context of the separate work.

[Back to Top](#)

### **EN 213 American Literature: Beginnings to the Present**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

Provides an understanding of American literature from its beginning to roughly the middle of the present century. The course will concentrate primarily upon a relatively small number of major works, each of which will help to illustrate the "spirit of the age" it represents.

### **EN 214 The Novel**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

This course surveys the development of the novel from Cervantes' Don Quixote to the present with emphasis on major writers and forms in English. Includes consideration of teaching the novel.

### **EN 215 Poetry**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

A study in appreciation of poetry, with special attention to the technique of the poet and structure of poetry. Includes consideration of teaching poetry.

[Back to Top](#)

### **EN 216 Short Fiction**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

A study of the development of the short story from the middle of the nineteenth century to the present with attention to form, structure, and types of the story. Includes consideration of teaching short fiction.

### **EN 217 Drama**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

A study of selected plays from various periods in an attempt to understand the function of drama. Includes consideration of teaching drama.

### **EN 220 Advanced Composition I**

3c-0l-3sh

Prerequisites: EN101, 202

Primarily seeks to improve writing style, particularly in the more utilitarian forms, such as magazine article and personal essay.

[Back to Top](#)

### **EN 221 Creative Writing**

3c-0l-3sh

Prerequisites: EN101, 202

This is a seminar course in which students are expected to produce a substantial body of written work in one or more of the creative genres, the particular kind of writing chosen with regard to the special interests and abilities of each student.

### **EN 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **EN 310 Public Speaking**

3c-0l-3sh

Prerequisite: EN101

Fundamental principles of public speaking, audience analysis, interest and attention, and selection and organization of speech material.

[Back to Top](#)

### **EN 311 Oral Interpretation**

3c-0l-3sh

Prerequisites: EN101, 310

Emphasizes understanding and appreciation of literature through developing skill in reading aloud.

### **EN 312 Speech--Persuasion**

3c-01-3sh

Prerequisites: EN101, 202, 310

Advanced study of problems involved in influencing an audience.

### **EN 313 The Rhetorical Tradition**

3c-01-3sh

Prerequisites: EN101, 310

Survey of rhetorical theory from Greek and Roman through modern times.

[Back to Top](#)

### **EN 314 Speech and Communication in the Secondary English Classroom**

3c-01-3sh

Prerequisites: EN101, 202, 210

Offers students practical and theoretical approaches to relationships between oral and written communication. The course is performance based (involving a variety of communication activities) and knowledge based (involving study of research on language arts relationships). Emphasis is given to integration of the four language arts for improving teachers' own communication skills as well as those of their students.

### **EN 318 Literature for Adolescents**

3c-01-3sh

Prerequisites: EN101, 210, or permission, English Education major

Surveys poetry, drama, and fiction with which the adolescent is familiar through school work and personal reading. (Offered as EN218 prior to 1993-94)

### **EN 320 Advanced Composition II**

3c-01-3sh

Prerequisites: EN101, 202, 220 Workshop and tutorial atmosphere for students who intend to write or teach writing.

[Back to Top](#)

### **EN 321 Creative Writing II**

3c-01-3sh

Prerequisites: EN101, 202, 221

Workshop for students who wish to write fiction or poetry under guidance of instructor.

### **EN 322 Technical Writing**

3c-01-3sh

Prerequisites: EN101, 202

Focuses on helping the student to acquire and to apply communication skills essential to the technical and professional writer.

### **EN 323 Teaching Literature and Reading in the Secondary School**

3c-01-3sh

Prerequisites: EN101, 202, 210

Introduces students to the theory and research on teaching literature and reading in the secondary school. Reviews reader-response literary theory and classroom-based research on teaching literature. Also reviews socio-psycholinguistic reading theory and classroom-based research on teaching reading.

[Back to Top](#)

### **EN 324 Teaching and Evaluating Writing**

3c-01-3sh

Prerequisites: EN101, 202, 210, English Education major or permission

A study of modern approaches to the teaching of writing, including current theories on the composing process, as well as instruction in evaluating, including holistic scoring. Includes practice in writing.

### **EN 329 The History of the English Language**

1c-01-1sh

Prerequisites: EN101, 202

Studies historical development of the English language, as a basis for a better understanding of modern American English.

### **EN 330 The Structure of English**

3c-01-3sh

Prerequisites: EN101, 202

An introduction to the fundamentals of language study with equal emphasis on the sound, word, sentence, meaning, and discourse patterns of English. Educationally relevant topics, such as applications of linguistics to the teaching of English language and literature, varieties of grammar, and linguistic descriptions of styles and registers are an integral part of the course. Course is a prerequisite for ED 452: Teaching of English in the Secondary School.

[Back to Top](#)

### **EN 333 Psycholinguistics**

3c-01-3sh

Prerequisites: EN101, 202

Psycholinguistics concerns the interrelation between language system and behavior and various factors of human psychology. Surveys developments since the 1940s, including relationships between language and perception, biology, memory, meaning, and cognition, as well as oral and written behavior. Students of language and literature may improve their assumptions about how human beings use language.

### **EN 334 ESL Methods and Materials**

3c-01-3sh

Prerequisites: Junior standing or permission of the instructor

An introduction to English as a Second Language theory and practice. Aims: (1) general understanding of current theory and methods of teaching ESL; (2) ability to select appropriate, and adapt existing, materials for elementary and high school ESL students. Recommended for all English teachers who expect to have ESL students in their classes.

### **EN 336 Language, Gender, and Society**

3c-01-3sh

Prerequisites: EN101, EN102, junior standing

Investigates the various ways that language and gender interact and intersect in society. Examines such questions as: Does society use language to favor one sex over the other? Why is language a crucial component in formulating constructs of masculinity and femininity? What stereotypes of gender-based language are promoted in our society? How can we analyze language to reveal disparate views and treatment of the sexes?

[Back to Top](#)

### **EN 340 Chaucer**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Studies Chaucer, his life, his language, the development of his literary style, and his art, with and through his major poetical works.

### **EN 341 Shakespeare**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Studies Shakespeare's development as a poetic dramatist against background of Elizabethan stage; examines audience, textual problems, language imagery, and philosophy.

### **EN 342 Milton**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

A close reading of the major English poems and prose of John Milton, with particular attention to Paradise Lost and Samson Agonistes.

[Back to Top](#)

### **EN 343 Major American Author**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Studies in the literary output of a major American author or authors against the background of the social and literary milieus in which the works were created. Specific subject or subjects to be announced by the instructor.

### **EN 345 Classical Literature in Translation**

3c-0l-3sh

Prerequisites: EN101, 102

Masterpieces studied range from those of ancient Greece to Middle Ages. English literature and American literature excluded.

### **EN 346 Contemporary American and British Poetry**

3c-0l-3sh

Prerequisites: EN101, 202

Study of British and American poetry since World War II.

[Back to Top](#)

### **EN 347 Modern American Fiction**

3c-0l-3sh

Prerequisites: EN101, 202

Major American writers of fiction since 1945 are considered.

### **EN 348 African-American Literature**

3c-01-3sh

Prerequisites: EN101, 202

Analyzes significant African-American literature of a variety of types -- autobiography, essay, fiction, poetry.

### **EN 349 English Bible as Literature**

3c-01-3sh

Prerequisites: EN101, 202

Considers literary aspects of the English Bible by relating earlier translations to the Authorized Version of 1611 and by tracing some of the major influences of the King James Bible upon writers and speakers of modern English.

[Back to Top](#)

### **EN 350 The Metaphoric Perspective**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Acquaints students with the means by which metaphor expands our awareness, providing us in its more extreme examples with what has been called "the strategy of the dream." Specifically the course explores metaphor as a "perspective by incongruity," which may be embedded in poetic structures or may be itself the controlling structure for longer works of fiction and nonfiction.

### **EN 351 The Literature of Discursive Reason**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213

Examines literature that displays the mind's analytic process. Readings include essays and other nonfiction as well as poetry, drama, and fiction.

### **EN 352 Symbol and Allegory**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Examines symbol and allegory as means of comprehending and expressing profound aspects of existence. Explores the distinction between symbolic and allegorical modes of thought.

[Back to Top](#)

### **EN 353 The Oral Dimension**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Acquaints students with the nature of oral composition, the habits of thought that orality fosters, and the particular mode of awareness the oral dimension of literature demands of an audience (and awakens in a reader). At the conclusion of the course students should have an understanding of the formulaic nature of such purely oral forms as the ballad and the epic and an awareness of the manner in which orality patterns thought differently from writing, and they should be able to detect oral features and patterns in works of literature from cultures not primarily oral but containing a high "oral residue."

### **EN 360 Romanticism**

3c-01-3sh

Prerequisites: EN101, 202

Corequisites: EN211, 212, 213, or permission

Focuses on literature in its milieu and emphasizes an understanding of Romantic literature from its development in Germany and France to its flowering in England and America.

### **EN 361 The Renaissance**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Studies the revolutionary changes in artistic, ethical, and political thinking brought about by the European and English Renaissance as these changes are manifested in the literature of that age and succeeding ones. Focuses in particular upon the origin and later development of such notions as self-development, individuality, and the acquisition and maintenance of power.

[Back to Top](#)

### **EN 362 Chivalry and Courtly Love**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Aims to give students a broad awareness of the cultural milieu of the High Middle Ages through a study of chivalry and courtly love as well as an understanding of how this literary genre was born, evolved over time and across cultures, and continues to structure elements in our own culture. Examines theories which seek to explain the development of the codes of courtly love and chivalry and the literature which gives evidence of their existence and development.

### **EN 363 The Puritan Mind in England and America**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Examines what is distinctive in the intellectual outlooks of Puritanism as it is directly embodied in the literature of England and America in the 16th, 17th, and 18th centuries and indirectly in the literature of later ages down to the present.

### **EN 370 Myth and Literature**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Introduces students to the nature and function of the mythic experience and makes them aware of the integral relation myth has with literature of all times and cultures, including our own. Illustrates how myth creates meaning, orders experience, and enters into literary techniques.

[Back to Top](#)

### **EN 371 Hero and Antihero**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Examines the range of heroic and antiheroic protagonists and actions in literature of various times and countries with an additional focus upon the specific world views that make heroic and antiheroic behavior effective or even possible.

### **EN 372 Alienation in Literature**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Explores literature from various times and places for what it shows us of the separation of self from the external world -- the estrangement of human beings from others as well as from themselves -- its origin, nature, and various forms.

### **EN 373 Concepts of Character in Drama and Novel**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Traces the techniques literary artists employ to portray aspects of personality and examines the influence upon character portrayal of such diverse factors as the chosen genre, contemporary notions of character depiction, and prevailing psychological theories contemporary with the works.

[Back to Top](#)

### **EN 380 Country Life--City Life**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Investigates the relationship between literature and two relatively distinct social environments--the town and the country. Examines literary genres, modes, and preoccupations peculiar to the separate social climates as well as the body of literature reflecting the painful collision between the two and effects of that collision upon such human concerns as families, the celebration of love and death, or the perception of the substance of nature itself.

### **EN 381 Poverty and Class in Literature**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Examines major literary works that document the conditions created by class and caste division and the poverty that is visited upon a portion of the people as well as the social values that seek to justify or condemn class divisions. Examines an extensive body of images of the poor, concepts about class and caste, and the consequence of class division.

### **EN 382 War in Literature**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

War is a subject depicted, in varying ways, in the literature of many times and places. Beginning with The Iliad, some of the major literary treatments of war and the attendant effects on the society and/or individuals placed in this context are explored.

[Back to Top](#)

### **EN 383 Man in the Natural World**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Attempts to understand the literature which concerns itself with the relationship between nature and humankind by viewing that interaction, at least initially, as either antagonistic or sympathetic: in the first case humanity dominates or exploits, while in the second it participates. The first attitude can be most easily seen in the traditionalHebraic-

Christian view, while the second appears as romanticism, or more currently, as ecological awareness.

### **EN 384 Introduction to Literature by Women**

3c-0l-3sh

Reading of women's fiction, nonfiction prose, poetry, and drama, with emphasis on the work of the 19th and 20th centuries in England and America. Both works of well-known writers traditionally included in the English curriculum and the writings of their less well-known contemporaries will be included.

### **EN 390 Literary Tour: Britain**

var-3sh

Offered selected summers, for five weeks during the first or second summer session. Visits London, Stratford, and Cambridge or Oxford, as well as other places important in English literature.

[Back to Top](#)

### **EN 480 Seminar: Studies in English and American Literature**

var-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

A seminar experience designed for advanced students. Students considering graduate work in English might well wish to enroll, but students with a variety of career goals -- business, industry, law, government service -- can take advantage of this opportunity to plan a schedule of independent study with the help of a faculty mentor.

### **EN 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Vary from semester to semester covering such diverse topics as autobiography, science fiction, folklore, the political novel, black theater, etc.

### **EN 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **EN 493 Internship**

var-3-12sh

On-the-job training opportunities in related areas. Application and acceptance to internship program required.

## **FM 110 Introduction to Fashion**

3c-0l-3sh

Survey of aesthetic, cultural, sociopsychological, and economic factors related to the meaning and use of clothing for the individual and society. (Offered as CS216 prior to 1996-97)

## **FM 112 Fundamentals of Clothing Construction**

1c-3l-3sh

Principles and techniques involved in fundamental clothing construction and fitting are analyzed. Directed laboratory experiences provide an opportunity to solve individual problems in garment structure through the application of principles. (Offered as CS112 prior to 1996-97)

## **FM 212 Advanced Clothing Construction**

1c-3l-3sh

Prerequisite: FM112 or placement (by exam)

Principles of advanced fitting and clothing construction are applied and analyzed. Offered even years, fall semester. (Offered as CS212 prior to 1996-97)

[Back to Top](#)

## **FM 214 Environmental Textiles**

2c-2l-3sh

Investigation of components and characteristics of textiles for man's near environment with emphasis on soft goods for public and private interiors, including production, marketing, and legislation affecting acquisition, use, and care. A student may not count both FM214 and 314 toward graduation requirements. (Offered as CS214 prior to 1996-97)

## **FM 252 Aesthetics of Fashion**

1c-0l-3sh

Prerequisite: Sophomore Standing

The study of contemporary apparel design and the relationship of design elements and principles to personal characteristics and social/professional orientation. (Offered as CS252 prior to 1996-97)

## **FM 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

[Back to Top](#)

### **FM 303 Visual Merchandising**

1c-3l-3sh

Prerequisite: AR120 or equivalent

Designing and arranging of display and selling areas in relationship to merchandising trends and consumer demands. Emphasis on promotion techniques and merchandise sales through effective use of space, design, and color. (Offered as CS303 prior to 1996-97)

### **FM 314 Textiles**

2c-2l-3sh

Prerequisite: CH102

Analyses of textile components of fiber, yarn, fabrication, finishes, and color with emphasis upon consumer acquisition, use, and satisfaction. (Offered as CS314 prior to 1996-97)

### **FM 350 Apparel Industry I**

3c-0l-3sh

Prerequisites: FM110, completion of 57 semester hours

Introduces the student to the design, production, and distribution of apparel, including primary textile markets; women's, men's, and children's wear; accessories; fashion centers; retailers of fashion; apparel wholesale selling process; fashion store image; and future trends. (Offered as CS350 prior to 1996-97)

[Back to Top](#)

### **FM 357 Global Issues in Textiles and Apparel**

3c-0l-3sh

Prerequisite: EC121

The study of the global textiles and apparel industry with emphasis on the U.S. textile complex and the U.S. market within an international context.

### **FM 385 Ready-to-Wear Analysis**

1c-3l-3sh

Prerequisites: FM112, FM350

An examination and evaluation of the quality of ready-to-wear apparel through construction, style, fit, marketability, and price. (Offered as CS385 prior to 1996-97)

### **FM 433 Study Tour**

var-1-6sh

Prerequisite: Upper-level standing

Opportunity is provided to visit business establishments and cultural centers concerned with household equipment, furnishings, textiles, clothing, and housing in America as well as abroad. Museums, factories, designers' showrooms, distribution centers, stores, cultural events, and seminars are included. Course may be repeated for a total of 6 semester hours. (This course is cross-listed as CS433.)

[Back to Top](#)

### **FM 434 Quality Control in Textiles**

2c-2l-3sh

Prerequisite: FM314

Physical properties explored through microscopic examination and use of textile testing equipment for fabric analysis. (Offered as CS434 prior to 1996-97)

### **FM 450 Apparel Industry II**

3c-0l-3sh

Prerequisites: FM350 and Liberal Studies math requirements

Introduces the student to the merchandising and promotion of apparel, including organization, buying responsibilities, techniques, and resources: various retail institutions, resident buying offices, apparel dollar planning and control, apparel merchandise assortment planning, apparel buying practices, application of apparel planning and buying, and apparel advertising and promotion. (Offered as CS450 prior to 1996-97)

### **FM 453 Flat Pattern Design**

1c-3l-3sh

Prerequisite: FM112 or FM212

Garment design achieved by use of flat pattern techniques. An understanding is developed of the interrelationship of garment design, figure analysis, fabric, fit, and construction processes. Offered even years, spring semester. (Offered as CS453 prior to 1996-97)

[Back to Top](#)

### **FM 454 Tailoring**

1c-3l-3sh

Prerequisite: FM112 or FM212

Various tailoring methods are studied and applied in the selection, fitting, and construction of a tailored garment. Consumer problems in the selection of ready-to-wear apparel are investigated. Offered odd years, fall semester. (Offered as CS454 prior to 1996-97)

### **FM 455 Draping**

1c-3l-3sh

Prerequisite: FM112 or FM212

Apparel design principles are applied by draping fabric to conform to the human figure. Students will pad a form to individual measurements and create garments that are both individual and original. Offered odd years, spring semester. (Offered as CS455 prior to 1996-97)

### **FM 456 Historic Costume**

3c-0l-3sh

Chronological study of historic costume from ancient times to the present day with emphasis on the effect of aesthetic, economic, geographic, political, religious, and social factors upon the design of clothing worn. (Offered as CS456 prior to 1996-97)

[Back to Top](#)

### **FM 457 Historic Textiles**

3c-0l-3sh

Prerequisite: FM314 or with permission

A study of the development of textiles in prehistoric, ancient, medieval, and modern history with special emphasis on Western European and American textiles.

## **FM 480 Seminar in Fashion Merchandising**

3c-0l-3sh

Prerequisite: Senior standing

Knowledge gained in major and additional requirement courses is applied to individual career goals. Students have the opportunity to pursue related areas not directly covered in previous coursework, with emphasis upon independent research, analytical thinking, and communication skills.

## **FM 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

## **FM 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Particular consumer considerations are independently investigated in the area of housing, home equipment, interior design, clothing, and textiles, or in the management of resources. Course may be repeated for a total of 3 semester hours. Students meet with a faculty member at least 5 hours per semester hour.

# Finance

## Department of Finance and Legal Studies Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[FI220](#) [FI281](#) [FI310](#) [FI320](#) [FI322](#) [FI324](#) [FI355](#) [FI385](#) [FI410](#) [FI420](#) [FI422](#) [FI424](#) [FI481](#) [FI482](#) [FI493](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **FI 220 Essentials of Finance**

3c-0l-3sh

Provides students with a survey of three fundamental areas of finance: 1) Corporate Finance, 2) Basic Investment, and 3) Financial Intermediation and the Monetary System. Students will be introduced to financial analysis, planning, and control; to the management (the acquisition and allocation) of funds; and to the fundamentals of the time value of money and capital budgeting. Students will be familiarized with the basic investment markets, fundamental and technical analysis, and portfolio analysis. Students will also consider the influence of government and financial institutions on interest rates, sources of finance, investment of funds, and finance in general. (Offered for Associate Degree Program at branch campuses only; may not be used as a substitute for FI310)

### **FI 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **FI 310 Finance I**

3c-0l-3sh

Prerequisites: AG202, MA214 for business majors; AG202, MA214 or MA217 for non-business majors (MA214 recommended)

Study of the methods of securing and managing funds on short, intermediate, and long-term bases. The financial analysis, planning, and control of a corporation. Also covered is working capital management.

[Back to Top](#)

### **FI 320 Finance II**

3c-0l-3sh

Prerequisites: FI310, upper division only

Continues FI310 and covers topics on long-term external financing of the firm, capital budgeting, valuation of the firm, mergers, international business finance, and business failures.

**FI 322 Life Insurance**

3c-01-3sh

Prerequisite: FI310

Comprehensive study of that insurance which provides protection against the economic loss caused by termination of earning capacity. Analysis benefits, underwriting, rate making, and legal doctrines.

**FI 324 Principles of Investments**

3c-01-3sh

Prerequisite: FI310

Analysis of various types of securities and other forms of investment possibilities and a study of sound investment policies from a corporate viewpoint. Factors influencing the general movement of security prices and the return from investments are considered.

[Back to Top](#)

**FI 355 Financial Analysis Using Lotus 1-2-3**

3c-01-3sh

Prerequisites: BE/CO/IM101 and FI310

This course develops the financial students' computer modeling and analysis skills. Students will be taught how to utilize current computing resources, electronic spreadsheet, and other computing software to analyze, model, and solve a variety of financial problems.

**FI 385 Securities and Commodities Markets**

3c-01-3sh

Prerequisites: FI320, FI324

Study of the structure of security and commodity markets; the nature of speculative transaction and methods of trading; analysis of pricing; and the objectives of security and commodity market regulation.

**FI 410 Financial Institutions and Markets**

3c-01-3sh

Prerequisite: FI324

Review of the entire structure of financial institutions, money, and capital markets, of which the business enterprise is both a supply and demand factor, and structure and dynamics of interest-rate movements.

[Back to Top](#)

**FI 420 Investment Analysis**

3c-01-3sh

Prerequisites: FI320, FI324

Integrates the work of the various courses in the finance areas and familiarizes the student with the tools and techniques of research in the different areas of investments.

**FI 422 Seminar in Finance**

3c-01-3sh

Prerequisites: FI320, FI324, seniors only

Primarily for the senior Finance major, covers topics in all areas of finance by using recent articles, cases, discussions, speakers, and a financial simulation game.

**FI 424 International Financial Management**

3c-01-4sh

Prerequisite: FI310

The financial management concepts, useful in a single-country context, are adapted for the international variables and constraints caused by being international. Provides an insight into unique issues and problems the manager of the multinational enterprise will face such as: working capital management; capital budgeting process; financing and investing abroad; capital and money markets; foreign exchange markets; and risk management.

[Back to Top](#)

### **FI 481 Special Topics**

var-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper- level undergraduate students.

### **FI 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **FI 493 Finance Internship**

var-3-12sh

Prerequisites: FI320, FI324, consent of chairperson and dean

Practical experience in the finance field. Note: Internship FI493 can be taken, if the student qualifies, as a general elective. It does not fulfill the major-area elective requirement.

## Fine Arts

### College of Fine Arts

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[FA281](#) [FA481](#) [FA482](#) [FA493](#)

#### **FA 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

#### **FA 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

#### **FA 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

#### **FA 493 Internship**

var-3-12sh

Covers the areas of the visual and performing arts.

# Food and Nutrition

**Department of Food and Nutrition**  
**College of Health and Human Services**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[FN110](#) [FN143](#) [FN145](#) [FN150](#) [FN151](#) [FN212](#) [FN213](#) [FN245](#) [FN281](#) [FN355](#) [FN357](#) [FN362](#) [FN364](#) [FN402](#) [FN410](#)  
[FN430](#) [FN444](#) [FN447](#) [FN455](#) [FN458](#) [FN461](#) [FN462](#) [FN463](#) [FN464](#) [FN470](#) [FN481](#) [FN482](#) [FN484](#) [FN493](#)

## **FN 110 Careers in Food and Nutrition**

1c-0l-1sh

Career possibilities for nutrition majors are explored. Students will be guided in clarifying their professional goals and will become acquainted with the educational and experiential requirements necessary to attain these goals.

## **FN 143 Nutrition and Wellness**

3c-0l-3sh

Introduces the student to the major components of wellness: contemporary nutrition issues as they relate to personal food choices, physical fitness, stress management, sexually transmitted diseases, AIDS, and substance abuse. Completion of FN143 fulfills the Liberal Studies Health and Wellness requirement.

## **FN 145 Introduction to Nutrition**

3c-0l-3sh

Provides students with an understanding of essential nutrients and their roles in the body, as well as the changing nutritional needs of an individual throughout the lifespan. Includes the impact of exercise and food choices on metabolism, body composition, and weight control; nutrition misinformation; consumer issues; commercially prepared foods; and major diseases that are affected by eating behaviors.

[Back to Top](#)

## **FN 150 Foods**

3c-0l-3sh

Prerequisite (or concurrently): CH102

Basic principles of food, to include composition, sanitation, preparation, and preservation.

## **FN 151 Foods Laboratory**

0c-3l-1sh

Prerequisite (or concurrently): FN150

Application of basic principles of food preparation.

## **FN 212 Nutrition**

3c-0l-3sh

Prerequisite: CH102 or CH112

Sources and functions of nutrients, interdependence of dietary essentials, and nutritive value of an optimum diet are

studied. Attention given to varied conditions in human life.

[Back to Top](#)

### **FN 213 Life Cycle Nutrition**

3c-0l-3sh

Prerequisite: FN212

A detailed study of nutrition which applies information from FN212: Nutrition to all stages of the life cycle; current issues and research as they impact on these developmental stages.

### **FN 245 Sports Nutrition**

1c-0l-1sh

Prerequisites: FN143, or FN145, or FN212

Students' nutrition knowledge will be advanced with special application to the optimal nutrient needs and nutrition practices of athletes to maximize performance. The fallacies of ergogenic aids will also be discussed.

### **FN 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

[Back to Top](#)

### **FN 355 Nutrition in Disease I**

3c-0l-3sh

Prerequisites: BI155, CH102, FN212

Basic tools for diet modification: food exchange systems; interviewing techniques; nutrition assessment; professional practice; dietary treatment of injury, surgery, recovery, obesity, and diabetes. Nutrition support. Food sampling experiences. Fall semester.

### **FN 357 Special Problems in Foods**

0c-4l-3sh

Prerequisite: FN150

Individual problems in foods investigated with emphasis on identified weaknesses in the student's knowledge of food.

### **FN 362 Experimental Foods**

2c-3l-3sh

Prerequisites: FN150, 212, CH102, or CH112

The experimental study of foods, relating chemical and physical properties to reactions and processes occurring in food systems.

[Back to Top](#)

### **FN 364 Methods of Teaching**

3c-0l-3sh

Prerequisites: FN313 and 356 or concurrently

Current teaching techniques and resource materials in nutrition education emphasized. Both classroom teaching and on-the-job training programs are included.

**FN 402 Community Nutrition**

3c-0l-3sh

Prerequisite: FN212

Nutritional implications of both good and poor nutrition for all age groups in home and community situations are studied. Corrective and preventive measures emphasized. Spring semester.

**FN 410 Food, Nutrition, and Aging**

3c-0l-3sh

Prerequisite: Junior status

Relationship of food to health maintenance and special dietary problems during the middle and later years.

[Back to Top](#)

**FN 430 Professional Topics in Food and Nutrition**

3c-0l-3sh

Prerequisites: FN355, FN364, HR356, and PC101

Topics include promoting food and nutrition services and programs, career planning and development, ethical challenges to dietitians, quality assurance standards, and impact on the legislative process.

**FN 444 Food Composition and Biochemistry**

3c-0l-3sh

Prerequisites: CH355

Basic chemistry and biochemistry of essential components of food originating from plant and animal sources.

**FN 447 Nutritional Aspects of Food Technology**

3c-0l-3sh

Prerequisites: FN212 and BI232; junior status

Study of current known effects of food processing techniques on the nutritional value and safety of foods.

[Back to Top](#)

**FN 455 Nutrition in Disease II**

3c-0l-3sh

Prerequisite: FN355

Dietary treatment of disorders of the gastrointestinal, renal, cardiovascular, and hepatic systems; inborn errors of metabolism; allergies; cancer. Therapeutic quackery. Food sampling experiences. Spring semester only.

**FN 458 Advanced Human Nutrition**

3c-0l-3sh

Prerequisites: CH351 or 355 or, concurrently, FN212, BI155

In-depth study of the nutrients and their functions within the cell. Incorporation of the principles of physiology and biochemistry in the study of nutrition. Emphasis on current research and evaluation of research methodology.

**FN 461 Microwave Cooking Technology**

2c-2l-3sh

Study of the electronic technology, selection, care, and use of the microwave oven. Basic physical and chemical concepts related to microwave cooking are included. Individual investigative research problems are required.

[Back to Top](#)

## **FN 462 Advanced Experimental Foods**

1c-4l-3sh

Prerequisites: FN362, CH231

An experimental approach to the many factors influencing the chemical and physical properties of food. Use of the scientific method in developing an individual project combining an evaluation of current literature and appropriate sensory and analytical methodology.

## **FN 463 Nutrition Counseling**

2c-3l-3sh

Prerequisites: FN355, PC101, FN455 or concurrently

Use of intervention strategies in prevention and treatment of disease through diet. Supervised practicum (3 hours per week) counseling clientele in normal and therapeutic nutrition.

## **FN 464 Food and Nutrition Research Methods**

3c-0l-3sh

Prerequisites: FN362, 458, CH351, and MA217

Introduction to research methodology in foods and nutrition. Includes theory and techniques of physical, chemical, and instrumental analysis. Applications of these methods to food and animal models with statistical analysis of data.

[Back to Top](#)

## **FN 470 Human Food Consumption Patterns**

3c-0l-3sh

Prerequisites: One social science course and junior standing

Exploration of human food consumption behaviors from food production to individual and societal consumption patterns. Influencing factors which will be discussed include agronomic, economic, geographic, sociologic, nutritional, political, and psychological factors. The ethics and morality of food distribution will be discussed. Students may not enroll in this course if they have taken the section LS499 that corresponds to this course.

## **FN 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **FN 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office; must have earned 60 semester hours

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

## **FN 484 Senior Seminar**

1c-0l-1sh

Prerequisites: Senior status, FN458, FN464 or concurrently

Emphasis on individual review of food and nutrition literature with formal presentation and discussion of current research.

## **FN 493 Internship**

var-6-12sh

Prerequisite: Must have earned 57 semester hours

An opportunity for students to work away from the university in supervised job situations at health care facilities, restaurants, or other institutional food service or lodging establishments. Objective is to provide students with job-related experiences. Must meet university internship requirements.

Note: White uniforms including white shoes are required for all lab courses where food is prepared. Students must meet the professional dress requirements of the department.

# Study Abroad and Comparative Literature (Foreign Language)

## College of Humanities and Social Sciences

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[FL100](#) [FL121](#) [FL391](#) [FL392](#) [FL393](#) [FL394](#) [FL395](#) [FL396](#) [FL421](#) [FL482](#)

### **FL 100 Study Abroad**

var-1-12sh

Registration mechanism and limited credit arrangement as provided in preapproval process for Study Abroad programs coordinated through the Center for International Studies.

### **FL 121 Humanities Literature**

3c-0l-3sh

Introduces the student to works, authors, and genres of general literary significance in the Western tradition. Not organized historically but trains the student in the critical reading and appreciation of literature from the present and other periods. Authors, works, and themes are studied with respect to cultural context, aesthetic form, and thematic significance. Taught in English. Substitutes for EN121: Humanities- Literature.

### **FL 391 Selected Works from the Medieval Period**

3c-0l-3sh

Prerequisites: EN101, 102

Comparative study of selected works of major importance per se and as representative of major themes of medieval European literature. Also listed as EN391.

[Back to Top](#)

### **FL 392 Renaissance/Baroque/Classical**

3c-0l-3sh

Prerequisites: EN101, 102

Literary works representing various genres from both periods are studied and compared for their themes, motifs, and stylistic features, applying principles set forth in H. Wolfelin's Renaissance and Baroque. Also listed as EN392.

### **FL 393 Romanticism**

3c-0l-3sh

Prerequisites: EN101, 102

Study of the principal authors and works of late 18th-century and early 19th-century Europe and the unique national characteristics of the Romantic movement in lyric, drama, and prose. Also listed as EN393.

### **FL 394 Nineteenth-Century European Novel in Translation**

3c-0l-3sh

Prerequisites: EN101, 102

A survey of major 19th-century European novels in translation (excluding English), emphasizing the rise of realism and naturalism and the cultural, historical, social, and artistic relationships between the various national literatures. Also listed as EN394.

[Back to Top](#)

### **FL 395 Selected Writers from 20th-Century Europe**

3c-01-3sh

Prerequisites: EN101, 102

Comparative study of selected works of major importance per se or as representatives of major trends in 20th-century literature. Also listed as EN395.

### **FL 396 The Literature of Emerging Nations**

3c-01-3sh

Prerequisites: EN101, 102

A comparative study of a selection of literature written in major European languages but originating in the nations of the developing world. Works will be mainly prose fiction (although essay, theater, and poetry may be included) and reflect a diversity of geographical, cultural, and prior colonial circumstances. Also listed as EN396.

### **FL 421 Language and Society**

3c-01-3sh

Considers salient facts of language and its role in society and culture. Language families, linguistic change, and reciprocal influences of culture and language are presented.

[Back to Top](#)

### **FL 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

---

# Foundations of Education

## Department of Foundations of Education College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[FE202](#) [FE281](#) [FE414](#) [FE415](#) [FE440](#) [FE441](#) [FE442](#) [FE454](#) [FE456](#) [FE481](#) [FE482](#)

### **FE 202 American Education in Theory and Practice**

3c-0l-3sh

Prerequisite: Students must have sophomore status and be enrolled in a teacher certification program

Provides an introduction to some of the major traditional and contemporary philosophic concepts which have played a role in the formation of educational policies and practices. Emphasis on the relationship between educational theory and practice in such areas as the role of the school in society, curricular content, teaching and learning methodology, educational goals, and professionalism.

### **FE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **FE 414 Comparative Foundations of Education (Dual Level)**

3c-0l-3sh

Analysis, evaluation, and especially comparison of educational purposes, curriculum, and methods in some western European nations, some developing nations in Africa, Asia, and Latin America, and nations such as Russia and the Peoples Republic of China. The educational theories and practices in the United States will be compared with those in other lands. Designed to develop insight into new ideas and practices in American schools.

[Back to Top](#)

### **FE 415 Curriculum Development (Dual Level)**

3c-0l-3sh

Analysis of philosophical, sociological, and psychological basis for creation of curricular patterns, K-12. Includes utilization of technological devices, critical examination of basic concepts underlying determination of objectives, and selection and organization of subject matter and of learning experiences in general. Current curriculum research will be analyzed, as will existing instructional materials and programs.

### **FE 440 Orientation to Teaching in Urban Centers**

3c-0l-3sh

Provides students with an understanding of learners and their unique learning needs and conditions. Emphasis on understanding the origin of attitudes and values and how these affect the relationships which exist between students and teachers. Special attention to practical application of theoretical information to problems of urban education. Field

trips and guest speakers will be emphasized.

### **FE 441 Field Experiences in Urban Centers**

var-6sh

Prerequisite: FE440

Provides specialized experience for students desiring to teach in inner-city schools. Aspects to be emphasized include physical characteristics of community, background and aspirations of children and youth, and specialized teacher competencies, classroom management, planning, instructional materials, teaching strategies, and evaluations. Records of comprehensive experiences in urban areas will be considered in making field experience assignments. Schools selected for student experience will be located in Pittsburgh.

[Back to Top](#)

### **FE 442 Interpreting Urban/Field Experiences**

var-3sh

Prerequisites: FE440, FE441

Evaluation of learning and behavior problems encountered during field experience in urban schools. Flexible approach stressed to encourage wide range of investigation and exploration of psychological and sociological problems as they affect education. Supervision and guidance for investigating specific problems provided by specialists from psychology, sociology, and education who will function as resource personnel giving direction. Enables students to combine experiences gained by teaching in urban schools with recent and pertinent theoretical information.

### **FE 454 Public School Administration**

3c-0l-3sh

Study of the development of public school administration; current organizational patterns for public education at the local, county, state, and national levels; and the impact of administration upon the total educational program.

### **FE 456 Issues and Trends in Education**

3c-0l-3sh

Critical analysis of issues and trends in education with emphasis on philosophical and social dimensions of topics covered. Attention to work of some major contemporary critics of education.

[Back to Top](#)

### **FE 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **FE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[FR361](#) [FR362](#) [FR363](#) [FR365](#) [FR366](#) [FR367](#) [FR368](#) [FR371](#) [FR372](#) [FR481](#) [FR482](#) [FR493](#)

## **FR 101 Basic French**

4c-0l-4sh

For the student beginning the study of French or who needs remedial study before beginning the intermediate sequence. Primary emphasis is on the mastery of French pronunciation and oral communication. Students will learn to converse in simple present time and become acquainted with location of Francophone populations and elements of their daily lives. Attendance and Foreign Language Learning Center practice is required.

## **FR 201 College French I**

3c-0l-3sh

The initiation of college-level mastery of basic language skills and exposure to cultural materials. Supplements beginners' oral competency with more advanced reading and writing. Emphasis on narration in the past. Efforts are made to practice skills and comprehend texts in authentic cultural contexts. Liberal Studies elective credit is given for this course.

## **FR 202 College French II**

3c-0l-3sh

Prerequisite: FR201 or equivalent

This course continues the college-level mastery of language skills. The ability to narrate present and past is intended to express opinion and hypothesis. Emphasis is on acquiring greater skill in reading literary and cultural texts. Liberal Studies elective credit is given for this course.

[Back to Top](#)

## **FR 203 Accelerated College French**

6c-0l-6sh

Develops listening and speaking skills through an immersion method. Students use present, past, and future to indicative tenses in intensive aural/oral interaction and are expected to make use of the audio and video capabilities of the Foreign Language Learning Center on a weekly basis. Liberal Studies elective credit is given for this course.

## **FR 221 Conversation III**

2c-0l-2sh

Gives students opportunity to practice the grammatical knowledge they acquire in a corresponding class and develops their oral skill. Stresses phonetics, pronunciation, and vocabulary.

**FR 222 Conversation IV**

2c-0l-2sh

Continues the study of phonetics to improve students' pronunciation. Readings of relatively short texts followed by questions and answers. Some informal conversation to increase the vocabulary, to be able to react spontaneously to a given situation, and to carry the oral skill to a higher level.

[Back to Top](#)

**FR 253 Intermediate Composition and Conversation**

3c-0l-3sh

Intermediate course in grammar, reading, composition, and some oral work. Can substitute for or be in addition to FR202 for majors or serious students.

**FR 254 Civilization of Modern France**

3c-0l-3sh

Prerequisite: FR202 or equivalent

Study of modern French culture and civilization -- social institutions, government, industry, economics, and geography. Development of all language skills for use in business situation in French-speaking environment. Emphasis on acquisition of an active knowledge of the business world.

**FR 255 The Art of Translation (version)**

3c-0l-3sh

Prerequisite: FR202 or equivalent

Practice in the skills needed to translate from the foreign language into English. Students will analyze problems of translation as they occur in scientific, business, journalistic, and literary texts.

[Back to Top](#)

**FR 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

**FR 301 Portraits of Women in the French Novel**

3c-0l-3sh

Explores the polarity of the treatment of female characters in the French novel. Explores differences of treatment by male and female writers through inclusion of women novelists. Provides a chronological survey of the development of the novel in France from the 17th to the 20th centuries.

**FR 321-322 Advanced Conversation I and II**

each 1c-0l-1sh

Designed to increase speaking ability. The variety of content permits repetition of these relatively informal courses.

[Back to Top](#)

**FR 351-352 Advanced French I and II**

each 3c-0l-3sh

Reviews grammar in depth; analyzes the structure of the language; frequent themes required.

**FR 354 Business French**

3c-0l-3sh

Prerequisite: FR 254 or permission of instructor

Study of principles and practices of business communication in French secretarial and administrative procedures with an emphasis on the planning and writing of business letters, reports, and abstracts of articles in business and economics.

**FR 361 Development of French Culture and Literature I**

3c-0l-3sh

Provides a general background in French cultural history, including art, architecture, and music and in social and political ideas and a general survey of literature. The course spans the period from the Middle Ages to the French Revolution.

[Back to Top](#)

**FR 362 Development of French Culture and Literature II**

3c-0l-3sh

This course provides a general background in French cultural history including art, architecture, and music and in social and political ideas and a general survey of literature. Spans the period from Pre-Romanticism to the present.

**FR 363 Medieval and Renaissance Literature**

3c-0l-3sh

A study of the major literary works of the period, beginning with the Chansons de gestes and emphasizing the evolution of ideas and the various literary genres.

**FR 365 Seventeenth-Century French Literature**

3c-0l-3sh

A study of the major Baroque and neoclassical works in poetry, theater, and prose with special attention to the evolution of ideas and the French moralist tradition.

[Back to Top](#)

**FR 366 Eighteenth-Century French Literature**

3c-0l-3sh

A study of the Age of Enlightenment in its principal authors and works, including the popularization of ideas for and by secondary authors; a survey of the century's intellectual and literary crosscurrents in French literature and the wider scope of foreign influences.

**FR 367 Nineteenth-Century French Literature**

3c-0l-3sh

A study of the literature of 19th-century France with particular attention to the development of the novel while also treating the genres of poetry and theater. Attention is given foreign influences and correlations.

**FR 368 Twentieth-Century French Literature**

3c-0l-3sh

A survey of the poetic, theatrical, and narrative genres of the French 20th century with emphasis on the interaction between philosophical development and literary expression.

[Back to Top](#)

**FR 371 The French Novel**

3c-01-3sh

Elective survey of the origin and development of the French novel. Works representative of major genres are read in their entirety.

**FR 372 Studies in Contemporary French Literature**

3c-01-3sh

Content of this course will vary in accordance with needs and interests of those who elect it.

**FR 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times.

[Back to Top](#)

**FR 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources. An opportunity to engage in an in-depth analysis of some topic dealing with the French language and culture through consultation with a faculty member.

**FR 493 Internship**

var-3-12sh

Prerequisite: One semester of study in France

A supervised field experience in France with approved public agencies and institutions or private firms; no longer than one semester and no less than one month. Positions will be matched as closely as possible with the intern's personal interests and professional goals. For more information, contact the director of the Internship Abroad Program.

## **GE 101 Introduction to Geography: Human Environment**

3c-0l-3sh

Throughout history, human life and society have been shaped by the physical environment. Today, human activity threatens that environment. The relationship between humans and environment is examined in the context of the surface processes of weather, climate, plate tectonics, population distribution, and soil formation. Topics include agriculture, acid rain, global warming, deforestation, desertification, erosion, volcanism, and pollution.

## **GE 102 Geography of United States and Canada**

3c-0l-3sh

The cultural landscape of North America is studied. The relationship between man and environment is examined and spatial patterns of environment, economy, society, and politics are considered.

## **GE 104 Geography of the Non-Western World**

3c-0l-3sh

Relates theories of the discipline of geography to problems in the developing world. Emphasizes geographic components of dependency theory, indigenous versus industrial strategies of resource management; world systems theory, spatial legacies of colonialism; and development economics, theories of migration, and urban structure to explore causes, characteristics, and consequences of underdevelopment.

[Back to Top](#)

## **GE 213 Cartography I**

3c-0l-3sh

Introduces students to principles of thematic map construction. Emphasis is on the techniques of choropleth mapping and the production of scientific graphs and charts. (Also offered as RP 213; may not be taken for duplicate credit)

## **GE 230 Cultural Geography**

3c-0l-3sh

Introduction to cultural geography, including population, settlement, historical, urban, and political geography, human relationships with the natural environment, and the literature and methods of cultural geography.

## **GE 231 Economic Geography**

3c-0l-3sh

Introduction to geographic concepts, methods, and skills related to spatial patterns of production, consumption, and exchange over the earth's surface.

[Back to Top](#)

### **GE 241 Physical Geography**

3c-01-3sh

Introduction to physical geography including the study of weather, climate, soils, vegetation, landforms, energy cycles, and the hydrologic cycle.

### **GE 251 Geography of Pennsylvania**

3c-01-3sh

Regions of Pennsylvania are examined in detail to identify man-environment relationships. Soils, topography, climate, vegetation, population, and economic patterns are studied.

### **GE 252 Geography of Latin America**

3c-01-3sh

Impact of rapid population growth and economic development on the environment and spatial organization of Latin America are considered. The resource base and cultural heritage of the region are studied.

[Back to Top](#)

### **GE 253 Geography of Europe**

3c-01-3sh

Investigates relationships underlying land use, dominant international problems, boundary disputes, and regional complexes of the European continent.

### **GE 254 Geography of Russia and the Soviet Sphere**

3c-01-3sh

Examines the Russian Republic and the former Soviet empire including the new nations emerging from the U.S.S.R. and former satellite nations. Settlement patterns, economics, cultures, and physical environments are studied. Contemporary topical emphasis is placed on efforts at transformation from communist to market economics and the geo-political status of the new nations. (Offered as Geography of U.S.S.R. prior to 1995-96)

### **GE 255 Geography of Africa**

3c-01-3sh

Systematic survey of the physical, economic, political-historical, and cultural geography of the continent is followed by regional studies of countries and peoples in Africa, south of the Sahara.

[Back to Top](#)

### **GE 256 Geography of East Asia**

3c-01-3sh

Studies China, Japan, Korea, Outer Mongolia, Taiwan. Geographic background for development and wise use and restoration of natural resources are dealt with.

### **GE 257 Geography of South and Southeast Asia**

3c-01-3sh

India, Pakistan, Bangladesh, Sri Lanka, Burma, Thailand, Laos, Cambodia, Vietnam, Malaysia, and Indonesia are studied with special attention to regional similarities and differences, particularly as they pertain to human adjustment.

## **GE 281 Special Topics**

3c-01-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students. (May also be offered as RP 281; may not be taken as duplicate credit under same title)

[Back to Top](#)

## **GE 313 Cartography II**

3c-01-3sh

Prerequisite: GE 213

Gives an understanding of the compilation and use of maps and quantitative data. Develops skills essential to the construction of various types of maps. (Also offered as RP 313; may not be taken for duplicate credit)

## **GE 314 Map and Photograph Interpretation**

3c-01-3sh

Maps and air photographs, along with remote sensing materials, permit inventory and analysis of geologic, land use, urban development, and other landscape phenomena. The understanding of these materials and associated tools for their use is presented. (Also offered as RP 314; may not be taken for duplicate credit)

## **GE 316 Introduction to Geographic Information Systems**

3c-01-3sh

Prerequisites: GE213, or equivalent, or permission of instructor

Automated methods for creating, maintaining, and analyzing spatial data are presented. Topics include 1) specialized GIS hardware and software, 2) vector vs. raster vs. object-oriented spatial data structures, 3) creation and manipulation of geographic data files, 4) data base design and management concepts, 5) spatial analysis, and 6) cartographic design. (Also offered as RP 316; may not be taken for duplicate credit) (Offered as GE416, Computer-Assisted Cartography prior to 1995-96)

[Back to Top](#)

## **GE 331 Population Geography**

3c-01-3sh

Spatial variations in numbers, characteristics, and dynamics of human population, models, and theoretical constructs relevant to demographic structures and processes are studied, as well as major world and regional problems.

## **GE 332 Urban Geography**

3c-01-3sh

Basic concepts of urban geography including site, situation, function, urban land use, urban structure, and urban hierarchy are introduced. Relationships between urban geography and urban planning are explored. (Also offered as RP 332; may not be taken for duplicate credit)

## **GE 333 Trade and Transportation**

3c-01-3sh

Deals with the spatial aspects of transportation systems and their use. Circulation, accessibility, time and distance concepts, and trade patterns are discussed. (Also offered as RP 333; may not be taken for duplicate credit)

[Back to Top](#)

### **GE 334 Political Geography**

3c-0l-3sh

Geographic factors and conditions are analyzed as they relate to the character and function of states. Political institutions are evaluated in light of geographic conditions.

### **GE 336 Social Geography**

3c-0l-3sh

Spatial dimensions of the American society are the focus of this course. The distribution of various social groups and their impact on the landscape are considered.

### **GE 337 Historical Geography**

3c-0l-3sh

Studies of past geographies, geographical change through time, and historical perspectives on the cultural landscape are included. Historical geography of the United States is emphasized.

[Back to Top](#)

### **GE 340 Geography of Fresh Water Resources**

3c-0l-3sh

Contributes to the students' understanding of fresh water as a resource. Fresh water is identified by its physical characteristics, by an inventory based on the types of storage within the hydrologic cycle, and by the values assigned to this resource by different cultures. Included in the course are problems relating to the consumptive and withdrawal uses of water, the role of water supply and water law, flooding and floodplain management, the sources of water contamination and pollution, and case studies of selected river basins.

### **GE 341 Climatology**

3c-0l-3sh

Elements of weather and climate and the climatic regions of the earth are studied in relation to other aspects of the physical and biological environment.

### **GE 342 Physiography**

3c-0l-3sh

Focuses on the study of landforms and water features. Types, distribution, and processes of formation are considered in relationship to the human landscape.

[Back to Top](#)

### **GE 352 Planning Methods**

3c-0l-3sh

Prerequisite: RP 350 or permission of instructor

Research, analytical design, and plan-making techniques in urban and regional planning. Examines basic items necessary to prepare urban and regional comprehensive plans. (Also offered as RP 352; may not be taken for duplicate credit) (Offered as GE361, Planning: Basic Studies and Analysis prior to 1996-97)

### **GE 371 Aerospace Workshop**

3c-0l-3sh

Develops an appreciation and provides information related to aerospace activities and contributions; offers background for teaching aerospace courses; discusses aviation/space careers; and presents the basic principles of flying (usually including some flight instruction). Offered summer only.

## **GE 411 History of Geography**

3c-0l-3sh

Prerequisites: GE 213, GE 230, GE 231, GE 241

Seminar dealing with history of the discipline, great ideas, leading problems, and unresolved issues.

[Back to Top](#)

## **GE 412 Research Seminar**

3c-0l-3sh

Prerequisite: GE 411

This senior seminar and workshop is a capstone course that focuses on recent research in the major field. Students carry out a research project on a topic of local or regional importance. (Also offered as RP 412; may not be taken for duplicate credit) (Offered as GE312, Research in Geography and Planning prior to 1996-97)

## **GE 415 Remote Sensing**

3c-0l-3sh

Deals with air photographs, satellite imagery, thermal sensing, and radar imagery and their application to deriving information about the earth's physical and cultural landscapes. (Also offered as RP 415; may not be taken for duplicate credit)

## **GE 417 GIS Applications Development**

3c-0l-3sh

Prerequisites: GE316

A project-based class in which students learn the skills to develop and maintain a Geographic Information System. Through cooperative learning students will design and implement functional systems. Methods for designing GIS systems to user specification, data collection, data input, project management, and system documentation are covered. (Also offered as RP 417; may not be taken for duplicate credit)

[Back to Top](#)

## **GE 431 Geography of American Indians**

3c-0l-3sh

Focuses on the historical/cultural geography of Native Americans. Population, resources, land use, development, settlement patterns, and other selected topics are covered.

## **GE 432 Geography of Crime**

3c-0l-3sh

The geographical context of crime is examined from historical and contemporary viewpoints. Relevant concepts and analytical approaches are introduced.

## **GE 440 Conservation: Environmental Analysis**

3c-0l-3sh

Problems of exploitation and utilization of regional resources such as soils, minerals, forests, and wildlife are considered in relation to population growth and regional planning and development.

[Back to Top](#)

## **GE 464 Land Use Policy**

3c-0l-3sh

Introduces students to and provides an overview of land use issues at the regional, state, and federal levels. Emphasis is placed upon the evolution of contemporary policy strategies, constitutional issues, and regional controversies

involved in the regulation of metropolitan growth, central city decline, and management of public lands. (Also offered as RP 464; may not be taken for duplicate credit)

### **GE 481 Special Topics**

3c-0l-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students. (May also be offered as RP 481; may not be taken for duplicate credit under same title)

### **GE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **GE 493 Internship**

var-3-12sh

Professional learning experience with emphasis on application of academic background. Open to majors and minors in geography with a total of 57 semester hours and 15 hours in the major. See internship supervisor for additional information.

## GS 101 The Dynamic Earth

3c-0l-3sh

Prerequisite: No Geoscience majors/minors

Examines the constant changes that affect the rocky surface of our planet. From volcanic eruptions and catastrophic earthquakes to the slow drift of continents and passage of ice ages, earth processes have shaped the history of life and altered the development of human civilization.

## GS 102 The Dynamic Earth Lab

0c-2l-1sh

Prerequisite: No Geoscience majors/minors

Corequisite: Enrollment in GS 101

Introduces students to the techniques geologists use to study the earth and reconstruct its past. Labs cover minerals, rocks, map interpretation, fossil identification. Includes field trips during the scheduled lab period.

## GS 103 Oceans and Atmospheres

3c-0l-3sh

Prerequisite: No Geoscience majors/minors

The earth's oceans and atmosphere play a crucial role in determining the pace and extent of changes occurring to our global environment. This course will examine the composition and character of these components and their interaction with other major components of the earth system.

[Back to Top](#)

## GS 104 Oceans and Atmospheres Lab

0c-2l-1sh

Prerequisite: No Geoscience majors/minors

Corequisite: Enrollment in GS 103

Introduces students to the techniques oceanographers and meteorologists use to study the earth's oceans and atmospheres and reconstruct their evolution. Labs cover seawater processes, oceanic circulation, marine life, atmospheric structure, and weather.

## GS 105 Exploring the Universe

3c-0l-3sh

Prerequisite: No Geoscience majors/minors

Examines the history of time, the reasons for the seasons, the characteristics of the planets, moons, stars, and galaxies, and the history and future of space exploration.

### **GS 106 Exploring the Universe Lab**

0c-2l-1sh

Prerequisite: No Geoscience majors/minors

Corequisite: Enrollment in GS 105

Introduces students to the techniques astronomers use to study the celestial sphere. Constellations, seasons, motions of Sun, Moon, planets, and stars, characteristics of stars and galaxies. Includes two observations which will be held at night.

[Back to Top](#)

### **GS 111 Earth Science for Educators I**

3c-0l-3sh

Prerequisite: Natural Science/Science Education majors only

An in-depth treatment of introductory oceanography and geology designed specifically for Secondary Science Education majors. Focuses on fundamentals of the earth's physical processes and history and on the ocean's dynamics, chemistry, and tectonics.

### **GS 112 Earth Science for Educators I Lab**

0c-3l-1sh

Prerequisite: Natural Science/Science Education majors only

Corequisite: Enrollment in GS 111

Lab experiences in various aspects of oceanography and geology, designed to provide concepts and skills for future teaching to Secondary Education majors. Includes field trip(s).

### **GS 113 Earth Science for Educators II**

3c-0l-3sh

Prerequisite: Natural Science/Science Education majors only

An in-depth treatment of introductory meteorology and astronomy designed specifically for Secondary Science Education majors. Focuses on atmospheric processes and climate change and on the earth's place in the solar system and universe.

[Back to Top](#)

### **GS 114 Earth Science for Educators II Lab**

0c-3l-1sh

Prerequisite: Natural Science/Science Education majors only

Corequisite: Enrollment in GS 113

Use of the weather station and planetarium highlights a series of exercises designed to aid Secondary Science Education majors in developing concepts and laboratory skills for future teaching.

### **GS 121 Physical Geology**

3c-0l-3sh

Prerequisites: Geoscience majors/minors, any Science or Science Education majors/minors; Anthropology, Geography/Regional Planning majors, or permission of instructor

Introduction to the science of the earth, including physical properties of its interior and crust; its tectonic and surface processes; and the complex geologic interactions which shape and modify our planet. Designed to prepare students for upper-level geology classes.

## **GS 122 Physical Geology Laboratory**

0c-3l-1sh

Prerequisites: Geoscience majors/minors, any Science or Science Education majors/minors; Anthropology, Geography/Regional Planning majors, or permission of instructor

Corequisite: Enrollment in GS 121

Selected problems in rock and mineral identification, topographic and geologic mapping techniques, geologic landforms and deformation structures. Designed to prepare students for upper-level geology classes. Includes field trips.

[Back to Top](#)

## **GS 131 Historical Geology**

3c-0l-3sh

Prerequisites: Geoscience majors/minors, any Science or Science Education majors/minors; Anthropology, Geography/Regional Planning majors, or permission of instructor

Introduction to history of the earth, including the fossil record and the history of biologic evolution; the growth and tectonic interactions of oceans and continents; and the physical evolution of the earth's atmosphere, lithosphere, and hydrosphere. Designed to prepare students for upper-level geology classes.

## **GS 132 Historical Geology Laboratory**

0c-3l-1sh

Prerequisites: GS 121/122, Geoscience majors/minors, any Science or Science Education majors/minors; Anthropology, Geography/Regional Planning majors, or permission of instructor

Corequisite: Enrollment in GS 131

Selected problems in stratigraphic analysis, paleontology, and structural geology; designed to prepare students for upper-level geology classes. Includes field trips.

## **GS 141 Introduction to Ocean Science**

3c-0l-3sh

Introduction to physical, chemical, biological, and geological processes in oceanography and the interactions among them. Impact of exploitation of the oceans, coastal areas, marine, physical, and living resources on the environment and on humankind. Includes field trips which may involve a fee and may occur on weekends.

[Back to Top](#)

## **GS 150 Geology of National Parks**

3c-0l-3sh

A study of geological processes and earth history as documented by the classical geological features of U.S. and Canadian national parks. Includes Badlands, Glacier, Grand Canyon, Great Smokies, Gros Morne, Mammoth Cave, Yellowstone, Yosemite, and others. Not open to Geoscience majors or minors.

## **GS 151 The Age of Dinosaurs**

3c-0l-3sh

A thorough introduction to dinosaurs and the world they inhabited. Topics include the most current theories regarding dinosaurian biology (behavior, metabolism, evolution), ecology (greenhouse climate, associated plants and animals), and extinction (asteroid impact, volcanism, climate change). Not open to Geoscience majors and minors.

## **GS 221 Physical Resources of the Earth**

3c-0l-3sh

Introduction to mineral, energy, and water resources of the earth, genesis of ore depositions, exploration, exploitation, and utilization of resources; impact of exploitation of resources on the environment and on humankind. Includes field

trips which may occur on weekends.

[Back to Top](#)

### **GS 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **GS 310 Environmental Geology**

2c-3l-3sh

Prerequisite: 8sh in geology or permission

The application of geologic information to the accommodation and reduction of natural hazards, to land-use planning, and to the utilization of earth materials. Includes field trips which occur on weekends.

### **GS 321 Mineralogy**

2c-3l-3sh

Prerequisite: GS121 or CH111

Concerned with properties of minerals; introduction to crystallography and chemistry of crystals, followed by a determination of minerals and their probable genesis. Includes field trips which may occur on weekends.

[Back to Top](#)

### **GS 322 Igneous and Metamorphic Petrology**

2c-3l-3sh

Prerequisite: GS321

Concerned with a description of igneous and metamorphic rock character based upon mineral components and physical relationship between mineral components of a rock. Includes field trips which may occur on weekends.

### **GS 325 Structural Geology**

2c-3l-3sh

Prerequisites: GS131 and GS132/133 or permission of instructor

Study of primary structures, contacts, rock mechanics, joints, faults, folds, foliation, and lineation. Includes work with geologic maps and structure sections. Brunton compass, orthographic and stereographic projections. Includes field trips which may occur on weekends.

### **GS 326 Field Geology**

2c-3l-3sh

Prerequisite: GS325

Principles and techniques of field geology with emphasis on developing field skills using Brunton compass, aerial photographs, topographic maps, altimeter, Jacob staff, and rock color charts. Field projects involve techniques of field note-taking, measuring and describing stratigraphic sections, geologic field mapping and analysis, construction of geologic maps and structure sections, and report writing. Includes field trips which may occur on weekends.

[Back to Top](#)

### **GS 327 Geomorphology**

2c-3l-3sh

Prerequisites: GS121, GS131

A study of the origin of the earth's land forms, including relationship of geologic structure to landform types and role of geomorphic processes in landscape development.

### **GS 330 Paleontology**

2c-3l-3sh

Prerequisite: GS131 or permission of instructor

Study of the morphology, evolution, geologic significance, and paleoecology of fossil organisms. Includes field trips which may occur on weekends.

### **GS 331 Hydrogeology**

2c-3l-3sh

Prerequisites: MA121-122, GS121-122/123, or permission

An overview of groundwater geology, including flow equations, graphical solutions to flow problems, and computer modeling of flow systems, as well as the geotechnical and social implications of groundwater utilization. Includes field trips which occur on weekends.

[Back to Top](#)

### **GS 332 Geochemistry**

2c-3l-3sh

Prerequisite: CH111-112, GS121-122/123, or permission

Introduction to low-temperature chemistry of the earth's surface and near-surface; includes discussions of chemical activity, solution chemistry, organic geochemistry, trace elements, isotopes, and the chemistry of natural waters.

### **GS 336 Geology of the Northern Rockies**

var-3sh

Prerequisite: Permission of instructor

A field study of the major geologic features and relationships involved in the development of the northern Rocky Mountains. National Park and Monument areas of South Dakota, Wyoming, and Montana are included among the areas investigated. (three weeks, summer only)

### **GS 337 Geology of Newfoundland**

var-3sh

Prerequisite: Permission of the instructor

A field course designed to utilize the exceptional and diverse geologic features of Newfoundland for instruction of departmental majors and minors in tectonic analysis utilizing sedimentologic, stratigraphic, and paleontologic observations. (three weeks, summer only)

[Back to Top](#)

### **GS 338 Geology of the American Southwest**

var-3sh

Prerequisite: Permission of instructor

A field study of the major geologic features and relationships exposed in the American Southwest, including the Colorado Plateau, the Rio Grande Rift, Death Valley, and parts of the Southern Rocky Mountains. (3 weeks, summer only)

### **GS 341 Solar System**

2c-3l-3sh

Prerequisites: MA121 and PY111

Fundamentals of astronomy, with emphasis on observational methods, mechanics, and origin of the solar system and spatial relationship of the solar system to the other members of the universe.

### **GS 342 Stellar Astronomy**

2c-3l-3sh

Prerequisites: MA121 and PY111

Fundamentals of astronomy, with emphasis on sun, stars, galaxies, the sidereal universe, and use of spectroscopy for gathering astronomical data.

[Back to Top](#)

### **GS 350 Operation of the Planetarium**

var-1sh

Prerequisites: GS110, GS341, GS342, or permission of instructor

Designed to acquaint the student with methods of operation and repair of a Spitz A-3-P planetarium. Content includes topics suitable for lectures to various age groups. Student will write and present a demonstration program. Meets once a week with occasional evening observations.

### **GS 361 Physical Oceanography**

2c-3l-3sh

Prerequisites: PY111 and MA121 or permission of instructor

Introduction to physical, chemical, geological, and biological nature of ocean: topography, submarine geology, and bottom deposits. Includes field trip(s) which may occur on weekend(s).

### **GS 362 Plate Tectonics**

2c-3l-3sh

Prerequisites: PY111-112 and a minimum of 20sh of geology

Introduction to formal theory of plate tectonics. Topics include magnetic anomalies, first motion studies, thermal structures of the plates, kinematics, crustal generation, sea floor spreading, collision, and subduction deformation. Prior to 1988 was titled Marine Geology and Plate Tectonics.

[Back to Top](#)

### **GS 371 Meteorology I**

2c-3l-3sh

Prerequisite: One year of physical science or physics

Introduction to meteorological sciences; composition and structure of the atmosphere; radiation principles; elementary thermodynamics and heat balance.

### **GS 380 Research Techniques in Geoscience**

2c-0l-2sh

Prerequisite: Second-semester junior standing (75 credits or permission of instructor)

For students majoring in some aspect of geoscience. Teaches students the techniques of geoscience research: defining a project; doing background research; proposing multiple working hypotheses and collecting evidence pertaining to each. Students will then write up their research in both abstract and professional manuscript format. Cannot be taken subsequent to GS 480.

### **GS 411 Sedimentary Petrology**

2c-3l-3sh

Prerequisite: GS321 or permission of instructor

Study of sediments and sedimentary rocks with emphasis on interpreting ancient environments of deposition utilizing sieve analysis, hand lens, and petrographic microscope. Includes field trips which may occur on weekends.

[Back to Top](#)

### **GS 412 Stratigraphy**

2c-3l-3sh

Prerequisite: GS411 or permission of instructor

Principles and processes involved in development and description of stratified rock sequences, principles and problems of correlation, and selected stratigraphic problems. Includes field trips which may occur on weekends.

### **GS 440 Subsurface Geology**

2c-3l-3sh

Prerequisite: Minimum 20 credit hours of geology

An introduction to the geology of petroleum, its origin, migration, entrapment, and production. Lab is designed to provide practical experience in subsurface mapping techniques and the use and evaluation of geophysical logging devices. Includes field trips which may occur on weekends.

### **GS 480 Geoscience Seminar**

var-1sh

For seniors majoring in some aspect of geoscience. The seminar (1) provides the student with an opportunity to prepare, formally present, and defend a scientific paper based either on his/her own research or on a topic chosen with the approval of instructor and (2) provides opportunity to discuss topics presented by other students, faculty, or guests.

[Back to Top](#)

### **GS 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

It is the department's intention to use this course to schedule extended field trips and for teaching special courses which will utilize the specialties of the Geoscience faculty.

### **GS 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Independent study provides the student with an opportunity to use library, laboratory, or field research in an area which is of interest under the supervision of a designated faculty member. Approval is based on academic appropriateness and availability of resources.

### **GS 493 Geoscience Internship**

var-1-12sh

Summer or semester work experience with cooperating firms or agencies. May be scheduled only after consultation with adviser and chairperson. Requirements include up to three on-site consultations, depending on credit hours and locations site; completion of up to three oral progress reports; and submission of a detailed work diary. Restricted to junior and senior department majors; only three credits may be applied toward major.

[GM482](#) [GM493](#)

## **GM 101 Elementary German**

var-6sh

Students complete levels I and II sequence in one semester (6sh). Emphasis on mastery of spoken language as well as basic language skills. Classes meet M,W,F for 60 minutes and T,R for 90 minutes.

## **GM 151 German I**

3c-0l-3sh

For beginners, the objectives include grammar, pronunciation, reading, speaking, and writing.

## **GM 152 German II**

3c-0l-3sh

For students who have had German I or its equivalent, the objectives are to enhance and develop the four skills of listening, speaking, reading, and writing.

## **GM 201 Intermediate German**

var-6sh

Students complete levels III and IV sequence in one semester (6sh). Students develop language skills with emphasis on oral competency. Classes meet M,W,F for 60 minutes and T,R for 90 minutes.

[Back to Top](#)

## **GM 221 Conversation III**

2c-0l-2sh

Two-hours-weekly conversation practice in small groups emphasizing the use of greetings, idiomatic expressions, and communication skills to improve vocabulary and pronunciation.

## **GM 222 Conversation IV**

2c-0l-2sh

Two hours of weekly conversation designed as a continuation of the practice in small groups, focusing on speaking and listening skills and on participation in discussions and dialogues. May enroll without having taken GM221.

## **GM 251 German III**

3c-01-3sh

Continued training in basic skills, with the possible addition of the study of specific topics; consult the department for topics of interest.

[Back to Top](#)

### **GM 252 German IV**

3c-01-3sh

Continuation of German III with some emphasis on literary works.

### **GM 253 Intermediate Composition and Conversation**

3c-01-3sh

Can be taken instead of or in addition to 252. Designed for majors or serious students. Offered in spring only.

### **GM 254 Business German**

3c-01-3sh

Prerequisite: GM251 or equivalent

A one-semester course which can be taken instead of, or in addition to, GM252 by students interested in business or as part of the General Education requirement (equivalent to German IV). Business practices and specialized business vocabulary, letter writing, and problems of translation are emphasized.

[Back to Top](#)

### **GM 256 Scientific German**

3c-01-3sh

Designed to substitute for GM252, course will be offered in the second semester. Primarily for science majors, it may be taken as an elective by German majors.

### **GM 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **GM 321-322 Advanced Conversation I and II**

each 2c-01-1sh

Designed to increase speaking ability. The variety of content permits repetitions of these relatively informal courses.

[Back to Top](#)

### **GM 351 Advanced German Language I**

3c-01-3sh

Aims review and expand the student's grammatical skills, to apply these skills to extensive cultural and short literary readings, and to produce frequent themes on these readings.

### **GM 352 Advanced German Language II**

3c-01-3sh

Continues to expand the student's grammatical skills and to apply them by the writing of longer themes based on cultural and literary readings.

### **GM 361 Development of German Culture and Literature I**

3c-0l-3sh

Designed to provide a background in German literature, music, art, architecture, and history. Surveys the period from the migrations of the Germanic tribes to the rise of Prussia as a European power.

[Back to Top](#)

### **GM 362 Development of German Culture and Literature II**

3c-0l-3sh

A continuation of GM361. Covers the period from the French Revolution and its effects on Germany up to the present, with an emphasis on German literature, history, and music.

### **GM 363 Introduction to German Literature I**

3c-0l-3sh

Selected readings in German poetry to acquaint the student with formal and thematic aspects of German verse from the Middle Ages to the present.

### **GM 364 Introduction to German Literature II**

3c-0l-3sh

Selected readings in German fiction and drama to acquaint the student with representative works and techniques of interpretation.

[Back to Top](#)

### **GM 367 Nineteenth-Century German Literature**

3c-0l-3sh

A survey of the major works of German poetry and prose with an emphasis on the literary movements of Romanticism, Realism, and Naturalism.

### **GM 368 Twentieth-Century German Literature**

3c-0l-3sh

A study of representative works of German poetry and prose from Expressionism through World War II.

### **GM 369 Contemporary German Literature**

3c-0l-3sh

A study of the literary achievement of postwar Germany up to the present.

[Back to Top](#)

### **GM 370 The Age of Goethe I**

3c-0l-3sh

A study of representative works from the Enlightenment and Storm and Stress periods.

### **GM 371 The Age of Goethe II**

3c-0l-3sh

A study of selected works of German Classicism with an emphasis on the prose and poetry of the first decades of the 19th century.

### **GM 381 German Drama in English Translation**

3c-01-3sh

Representative works of major dramatists in English translation. Primarily intended for students of English literature, comparative literature, and not considered as credit toward a German major.

[Back to Top](#)

### **GM 410 History of the German Language**

3c-01-3sh

History and development of German language, with special emphasis on relationships with English. Analysis of annals in Gothic, Old High German, and Middle High German using methods of historical and contemporary linguistics.

### **GM 481 Special Topic**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students. Designed to meet the special needs of a student group.

### **GM 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

An opportunity to engage in an in-depth analysis of some topic dealing with the German language and culture through consultation with a faculty member.

[Back to Top](#)

### **GM 493 Internship in Germany**

var-3-12sh

Prerequisites: 12 credits in 300- or 400-level courses and a minimum of one semester study in Germany

A supervised field experience in Germany with approved public agencies and institutions or private firms; no longer than one semester and no less than one month. Positions will be matched as closely as possible with the intern's personal interests and degree of proficiency in the German language. Academic work at the Gesamthochschule in Duisburg must precede the internship. Open to students in other disciplines, such as Political Science, International Relations, Business, etc., with adviser approval.

# Greek

Department of Spanish and Classical Languages  
College of Humanities and Social Sciences

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[GK151](#) [GK152](#) [GK251](#) [GK252](#) [GK351](#) [GK352](#) [GK482](#)

## **GK 151 Greek I**

3c-0l-3sh

For beginning students; pronunciation, reading, oral, and written communication are the objectives. In grammar the case system of the Greek noun is begun. All classical Greek courses are offered occasionally through Independent Study; Modern Greek may be available through the Critical Languages program. Offered only by individualized instruction.

## **GK 152 Greek II**

3c-0l-3sh

Continuation of Greek I. In grammar the case system of the Greek noun is completed. Offered only by individualized instruction.

## **GK 251 Greek III**

3c-0l-3sh

Continued training in basic skills, with the possible addition of the study of specific topics; consult the department for topics of interest. In grammar most tenses of the Greek verb are studied. Offered only by individualized instruction.

[Back to Top](#)

## **GK 252 Greek IV**

3c-0l-3sh

Continuation of Greek III. In grammar more tenses of the verb are studied. The readings become short selections from Greek literature. Offered only by individualized instruction.

## **GK 351 Advanced Greek Language I**

3c-0l-3sh

Reviews grammar in-depth; analyzes the structure of the language. While themes are not required, selections from Greek prose are read both for knowledge of their content and for developing knowledge of the structure of the language. Offered only by individualized instruction.

## **GK 352 Advanced Greek Language II**

3c-0l-3sh

Continuation of GK351. Selections are from poetry this semester. Offered only by individualized instruction.

[Back to Top](#)

## **GK 482 Independent Study**

var-3sh

An opportunity to engage in an in-depth analysis of some topics dealing with the Greek language and culture through consultation with a faculty member. Permission required.

## **HP 110 Beginning Swimming**

0c-2l-1sh

Fundamentals and techniques of swimming, fitness, and aquatic safety. Designed to meet the needs of the adult nonswimmer.

## **HP 116 Badminton-Volleyball**

0c-2l-1sh

Fundamentals and techniques of badminton and volleyball.

## **HP 117 Fitness-Swimming**

0c-2l-1sh

Fundamentals and techniques of swimming and fitness.

[Back to Top](#)

## **HP 119 Golf-Bowling**

0c-2l-1sh

Fundamentals and techniques of golf and bowling.

## **HP 123 Folk and Square Dance I**

0c-2l-1sh

Fundamentals and techniques of folk and square dancing.

## **HP 124 Fitness Through Dance**

0c-2l-1sh

A physical fitness development course for men and women that employs a combination of exercises and dance techniques performed to music.

[Back to Top](#)

**HP 126 Resistive Exercises**

0c-2l-1sh

Fundamentals and techniques of progressive resistive exercises.

**HP 127 Fencing**

0c-2l-1sh

Fundamentals and techniques of fencing.

**HP 128 Golf**

0c-2l-1sh

Fundamentals and techniques of golf.

[Back to Top](#)**HP 129 Badminton-Tennis**

0c-2l-1sh

Fundamentals and techniques of badminton and tennis.

**HP 134 Bowling**

0c-2l-1sh

Fundamentals and techniques of bowling.

**HP 142 Foundations of Health, Physical Education, and Sport**

3c-0l-3sh

Historical, philosophical, and psychosocial foundations of health and physical education are introduced. Specific emphasis is given to scientific theories and principles in such areas as health promotion and behavioral change, exercise physiology, motor development, kinesiology, and motor learning.

[Back to Top](#)**HP 143 Health and Wellness**

3c-0l-3sh

Introduces the student to the major components of wellness: contemporary nutrition issues as they relate to personal food choices, physical fitness, stress management, sexually transmitted diseases, AIDS, and substance abuse. Completion of HP143 fulfills the Liberal Studies Health and Wellness requirement.

**HP 145 Tennis**

0c-2l-1sh

Fundamentals and techniques of tennis.

**HP 147 Tennis-Fencing**

0c-2l-1sh

Fundamentals and techniques of tennis and fencing.

[Back to Top](#)**HP 160 Downhill Skiing**

1sh

The cognitives and skills necessary for beginning downhill skiing.

### **HP 162 Scuba Diving**

0c-2l-1sh

Designed to teach necessary skills and proper use of equipment for underwater swimming. Tanks, regulators, weights, and special equipment furnished. Student must purchase a mask, fins, and snorkel (approximately \$15). Includes theory as well as practical work.

### **HP 165 Lifeguarding**

0c-2l-1sh

**Prerequisites:** Departmental consent and Advanced Swimmer

Designed for professional lifeguards. Includes lifeguarding techniques for pools and fresh and saltwater beaches. Red Cross certification (Pittsburgh Division) granted upon satisfactory completion of course requirements.

[Back to Top](#)

### **HP 166 Basic Smallcraft**

0c-2l-1sh

**Prerequisite:** Intermediate swimming ability

Designed to introduce the use of the canoe, paddle board, and sailboat. Emphasis is placed on the development of boating skills, safety rescue, and survival procedures. Red Cross smallcraft certification is granted upon successful completion of the course.

### **HP 167 Basic Synchronized Swimming**

0c-2l-1sh

**Prerequisite:** Intermediate swimming ability

Activity course designed to assist students in the development of beginning synchronized swimming skills. YMCA certification is granted upon successful completion of course requirements.

### **HP 200 Fundamentals of Physical Activity**

1c-2l-1sh

A foundation course designed for the purpose of training in the analysis and performance of the fundamental skills for subsequent motor behavior as they relate to games, sports, and dance. The opportunity to refine powers of observation through principles of efficient and effective movement fundamentals is provided. Individual data profile charts of performance will be completed for future reference.

[Back to Top](#)

### **HP 210 Motor Development**

2c-0l-2sh

**Corequisite:** HP200

A study of the processes of growth and development and their effects upon human motor behavior across the lifespan. Includes changes during physical growth, maturation and aging, and subsequent effects upon cognitive, perceptual, and physiological performance, both individually and within a sociocultural context.

### **HP 211 Dance, Rhythmic Activities, and Gymnastics**

4c-2l-3sh

**Prerequisite:** HP200

Designed to provide an aesthetic and kinesthetic movement experience which will prepare the student as a teacher of basic movement in a variety of situations. The dance section will include creative movement, rhythms, and square, folk, and contemporary dance. Gymnastics will include basic tumbling, stunts, and apparatus skills.

## **HP 212 Team Sports**

4c-21-3sh

**Prerequisite:** HP200

Introduces students to the history, current status, and teaching similarities among team sports. Also includes materials and methods unique to each sport.

[Back to Top](#)

## **HP 213 Individual and Dual Sports and Adventure Activities**

4c-21-3sh

**Prerequisite:** HP200

Provides historical and current status of individual and dual sports, as well as adventure activities. Includes skill development, analysis of skilled performance, and strategies for planning and implementing instructional programs.

## **HP 221 Human Structure and Function**

3c-01-3sh

Anatomical organization of the human body, surveyed in sufficient depth to prepare students for physiology, biomechanics, and adaptive physical education.

## **HP 230 Aerobic Fitness**

1c-21-2sh

An opportunity to participate in a variety of aerobic activities; will aid fitness leaders in developing and implementing several types of aerobic programs; will offer current information on aerobics as preventive medicine.

[Back to Top](#)

## **HP 242 Emergency Health Care**

1c-21-1sh

American Red Cross Standard, Advanced, and Instructor's certification and Multimedia Instructor's certification awarded upon successful completion of this course.

## **HP 246 Biomechanics**

3c-01-3sh

**Prerequisite:** HP221

Study of the relationship between mechanical and physical principles and human movement.

## **HP 251 Foundations of Safety and Emergency Health Care**

3c-01-3sh

Focuses on accident prevention, injury control, and first responder's skills. Emphasizes identification of causes of accidents, recommended countermeasures, and mitigation. American Red Cross certifications are issued in (1) standard first aid, (2) community CPR, (3) instructor of standard first aid, and (4) instructor of community CPR.

[Back to Top](#)

## **HP 252 Introduction to the Driving Task**

2c-21-3sh

Provides an in-depth treatment of operating a motor vehicle competently in all major variations and under most conditions encountered in traffic. A competent operator is one who performs the total driving task knowledgeably and skillfully and demonstrates full understanding and application of identification, prediction, decision, and execution process.

### **HP 261 Water Safety Instructor**

0c-2l-1sh

**Prerequisites:** Departmental consent and lifesaving certification

Emphasizes the teaching aspect of skills, techniques, and attitudes necessary in all areas of swimming. Students successfully completing course are qualified to hold such positions as waterfront directors, aquatic directors, and other similar positions.

### **HP 263 Aquatics**

0c-2l-1sh

Basic performance techniques in swimming strokes presented with special emphasis on teaching methodology, aquatic sports and games, water safety, skin diving, springboard diving, and other aquatic activities.

[Back to Top](#)

### **HP 264 Advanced Aquatics**

0c-2l-1sh

Swimming and rescue skills necessary to complete American Red Cross Senior Lifesaving Course. Emphasis placed upon a broad range of other aquatic experiences and teaching strategies.

### **HP 270 Instructor of Handicapped Swimming**

0c-2l-1sh

**Prerequisite:** HP261

Concerned with the learning of skills used to teach swimming to exceptional children. All handicaps are considered. This course is important not only in physical education but also for the mentally retarded, rehabilitation education, agency personnel, postgraduate swimming education, YMCA Boys Clubs, community programs, private clubs, and industrial programs. The Red Cross certification Instructor of Swimming for the Handicapped is granted upon successful completion of the course. Summer only.

### **HP 271 Instructor of Scuba Diving**

0c-2l-1sh

**Prerequisite:** HP262

Prepares instructors to teach skin and scuba diving. Emphasis is placed on teaching methods, use and mechanics of equipment, safety, diving physics and physiology, and advanced diving skills. Instructor of Scuba Diving certificate granted by the Professional Association of Diving Instructors upon successful completion of the course. Summer only.

[Back to Top](#)

### **HP 272 Instructor of Canoeing**

0c-2l-1sh

**Prerequisite:** HP266

Concerned with the learning of skills pertinent to teaching canoeing to beginners. All aspects of canoeing including paddling, repair of equipment, white water canoeing, safety, survival, and teaching techniques are presented. The Red Cross certification Canoeing Instructor is granted upon successful completion of the course. Summer only.

### **HP 273 Instructor of Sailing**

0c-2l-1sh

**Prerequisite:** HP266

Concerned with learning of skills pertinent to teaching beginning sailing. All aspects of sailing are considered, including the elements of sailing, repair of equipment, racing, safety, and techniques of teaching. Summer only.

### **HP 274 Instructor of Infants and Preschoolers in Swimming**

0c-2l-1sh

**Prerequisites:** HP261, instructor's consent

Methods course for preparation of swimming instructors in the knowledge and skills of teaching young children to swim. YMCA certification Instructor of the Very Young granted upon successful completion of course requirements. Summer only.

[Back to Top](#)

### **HP 276 Coaching of Swimming**

0c-2l-1sh

**Prerequisite:** HP261

A lecture-discussion methods course designed to prepare Physical Education majors for coaching of swimming. Emphasis is placed on training methods, officiating, nutrition, scientific principles, and meet strategy. Summer only.

### **HP 277 Coaching of Synchronized Swimming**

1c-2l-2sh

Designed to go beyond the activity nature of Basic Synchronized Swimming (HP267). Students are involved in set design, costumes, selection of music, making props, selecting themes, and organizing a program. Summer only.

### **HP 279 Swimming Pool Maintenance and Chemistry**

2l-0l-2sh

**Prerequisite:** HP264

A lecture-discussion course designed to teach fundamental water chemistry, filtration, treatment of water problems, winterization of outdoor pools, and pool management. Emphasis is placed on water testing and analysis of chemicals and bacteria. Summer only.

[Back to Top](#)

### **HP 280 Aquatic Facilities Management**

2l-0l-2sh

**Prerequisite:** HP264

An organizational and administrative course designed to prepare the aquatic professional for management of indoor and outdoor facilities. Includes facility design, safety procedures activity, and sport and recreational aspects. Summer only.

### **HP 281 Special Topics**

var-1-3sh

**Prerequisite:** As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **HP 317 Basketball Officiating**

1c-2l-1sh

Officiating techniques and responsibilities in basketball. Opportunities for officiating experience and qualification for professional ratings.

### **HP 318 Preprofessional Experience I**

3c-0l-1sh

**Recommended Prerequisite:** HP321

**Prerequisite:** Physical Education majors only

Students teach as assistants to a faculty member in two different activities, one in physical education (general education) and one in elementary physical education at the University School. Emphasis on unit development, class management, leadership skills, and evaluation.

**HP 319 Preprofessional Experience II**

var-3sh

**Prerequisites:** Advanced standing, departmental approval

Students may request an assisting/teaching/leadership assignment in certain university-related areas that may be either instructional or noninstructional in nature. Examples of such professional areas are adaptives, recreation, dance, coaching, aquatics, intramurals, administration, elementary, service or major classes, club activities, and assisting in laboratory or the training room.

**HP 321 Methods in Elementary Health and Physical Education**

3c-0l-3sh

**Prerequisite:** Junior standing

Guides the professional student in the development of competencies essential to teaching health and physical education at the elementary school level. Includes theories of instruction in health science, necessity of a safe and healthful school environment, and judicious utilization of school and community health resources and service, as well as study of theories of and movement relevant to elementary school children. Observation, materials, methods of teaching, and opportunities for intern teaching provided.

[Back to Top](#)

**HP 325 School and Community Health**

3c-0l-3sh

**Prerequisite:** Junior standing

Introduces students to the role of school and community in protecting and promoting the health of its members. Topics include historical development of the concepts of health and health education, identification of national and community goals to reduce risk of disease and enhance health status, and the responsibilities of both school and community toward achieving these goals.

**HP 333 Psychology of Coaching**

2c-0l-2sh

The goals of athletics in schools and communities; principles and responsibilities of the coach; current problems.

**HP 335 Coaching and Managing of Athletic Programs**

3c-0l-3sh

Lecture course designed to prepare students for coaching or administering an athletic program. Emphasizes the professional preparation and responsibilities of a coach, the support and auxiliary personnel working under and with the coach, and the coach's responsibility to the athletes, plus the administrative responsibilities of coaching.

[Back to Top](#)

**HP 341 Evaluation in Health and Physical Education**

3c-0l-3sh

**Prerequisite:** Junior standing

Evaluation theory, instructional objectives, and cognitive test construction; technical and practical considerations in testing and interpretation of test results in both health and physical education.

**HP 343 Physiology of Exercise**

3c-01-3sh

**Prerequisite:** HP221

Physiological effects of exercise in humans. Major factors of diet, conditioning, physical fitness, maximum performance level, and fatigue are considered.

**HP 344 Adapted Physical Education**

3c-01-3sh

**Prerequisite:** HP246

Recognition of structural deviations, corrective exercises, and physical education programs for a wide range of handicaps.

[Back to Top](#)

**HP 345 Athletic Training I**

3c-01-3sh

**Prerequisite:** HP221

Specifically designed to introduce students to the discipline of athletic training with emphasis in prevention, evaluation, management, and rehabilitation in sports medicine.

**HP 346 Athletic Training Lab**

2c-01-1sh

Should be taken concurrently with HP345

Provides sufficient opportunity for each student to develop proficient skills and techniques in the areas of evaluation, assessment, taping, and rehabilitation procedures.

**HP 350 Health Aspects of Aging**

3c-01-3sh

**Prerequisites:** PC101, SO151, and junior standing

Current theory and research related to gerontology will be introduced to increase students understanding of the physical and psychosocial dimensions of aging. Additionally, this course will emphasize lifestyle factors and disease prevention aspects of aging. Recommended for students who plan to work with older adults.

[Back to Top](#)

**HP 353 Driver Education Program Management**

3c-01-3sh

Emphasizes the development, organization, and management of high school driver education from the standpoint of its historical development to its present programs designed to meet the demands of the highway transportation system. Special emphasis on the role of the teacher in conducting a high-quality program that will meet with student, parent, school, and community approval.

**HP 354 Application of Driver Education Instructional Modes**

2c-21-3sh

**Prerequisites:** HP251, 252, 353

Prepares prospective driver education teachers to plan, teach, and evaluate the four modes of driver education (classroom, on-road, simulation, and multiple-vehicle range). Teaching high school students in supervised laboratory sessions is provided.

## **HP 372 Health and Physical Education for Special Populations**

2c-01-2sh

**Prerequisite:** EX220; junior level or above

Methods and techniques of teaching health and physical education to special populations will be explored. Designed primarily for students majoring in special education, course will focus on handicapping conditions, limitations imposed by such conditions, and the responsibility of the special education teacher working in the physical education setting.

[Back to Top](#)

## **HP 375 Physiological Basis of Strength Training**

3c-01-3sh

Designed to give the student the anatomical and physiological basis of muscle function. Students should also gain an understanding of changes that can be made through weight training and knowledge of programs that will bring about these changes. Opportunities for working with various types of equipment will be available.

## **HP 408 Guided Research Problem**

var-2sh

**Prerequisite:** Permission of department chairperson

Selection and research of a problem pertinent to student interests and those of the professions of health, physical education, and recreation. Classes held on a seminar basis.

## **HP 410 Exercise Prescription**

3c-01-3sh

**Prerequisite:** HP343

Designed to teach individuals to write exercise prescriptions based upon a subject's tolerance for physical activity. Special emphasis on risk factors, techniques of evaluation, drugs, injuries, environmental factors, and motivation and their role in physical activity assessment.

[Back to Top](#)

## **HP 411 Physical Fitness Appraisal**

3c-01-3sh

Involves the selection, administration, and interpretation of various tests for appraising the physical fitness levels of individuals. Information given concerning the various fitness components, and discussions held so that each student gains an understanding of the variables to be tested.

## **HP 412 Physical Activity and Stress Management**

3c-01-3sh

Acquisition of necessary understanding of anxiety and stress; their nature, place in society, and intervention strategies as they relate to physical activity.

## **HP 413 Physical Activity and Aging**

3c-01-3sh

Presents major aspects of physical activity, its importance to the older adult, and the organization of an activity program. Attention to physiology of physical activity, effects of activity on growth and aging, exercise prescription, flexibility, overweight and obesity, and motivational strategies.

[Back to Top](#)

## **HP 426 Health Science Instruction**

3c-01-3sh

Health curriculum—K-12, methods and media of instruction in health science.

**HP 430 The American Woman and Sport**

3c-0l-3sh

Comprehensive, multidisciplinary analysis of the problems, patterns, and processes associated with the sport involvement of girls and women in our culture. Presents historical perspective with an emphasis on physiological, psychological, and sociocultural influences.

**HP 441 Psychosocial Implications for Health and Physical Education**

3c-0l-3sh

**Prerequisite:** Senior standing

A study of psychological and sociological influences, both theoretical and empirical, and their effects upon health and physical performance.

[Back to Top](#)

**HP 442 Seminar in Health, Physical Education, and Recreation I**

3c-0l-3sh

Theory and philosophy of health, physical education, and recreation; current issues and problems; innovative and creative programs.

**HP 447 Cardiopulmonary Resuscitation (CPR) Instructor**

1c-1l-1sh

**Prerequisite:** Basic CPR certification

Study of methods and skills necessary to certify instructors of cardiopulmonary resuscitation and multimedia first aid. Successful completion of requirements leads to certification by the American Health Association and the American Red Cross. Summer only.

**HP 450 Curriculum and Programming in Sexuality Education**

3c-0l-3sh

Topics include anatomy and physiology of the human reproductive tracts, development, birth defects, contraception, venereal disease, and abortion. Not for credit toward degrees in Biology.

[Back to Top](#)

**HP 481 Special Topics**

var-1-3sh

**Prerequisite:** As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

**HP 482 Independent Study**

var-1-3sh

**Prerequisite:** Prior approval through advisor, faculty member, department chairperson, dean, and provost's office. Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

**HP 493 Internship**

var-3-12sh

Educational opportunity which integrates classroom experience with practical experience in community service agencies or industrial, business, or governmental organizations. Junior standing required.

## **HI 195 The Modern Era**

3c-0l-3sh

Interprets the development of two centers of civilization, Europe and America, within a global context and extends from at least the Age of Enlightenment through the present. (Majors should substitute HI202 for HI195 to meet the Liberal Studies humanities requirements.)

## **HI 200 Introduction to History**

3c-0l-3sh

For history majors and concentrates. Topics include philosophy of history, important schools of history and historians, and methods of historical research. Student is encouraged to become a better historian and to identify with historical profession. For History majors only.

## **HI 201 Western Civilization Before 1600**

3c-0l-3sh

Survey course presenting in various forms the origin and development of major political, social, religious, and intellectual institutions in Western Civilization to approximately 1600. For History majors or by instructor's permission.

[Back to Top](#)

## **HI 202 Western Civilization Since 1600**

3c-0l-3sh

Development of Western civilization from the expansion of Europe to the present, including political, diplomatic, economic, social, and cultural areas. Introduces issues and interpretations encountered in upper-level courses. For History majors or by instructor's permission.

## **HI 203 United States History for Historians**

3c-0l-3sh

Introduces aspiring historians to United States history since 1763. Emphasizes the issues, methods, and problems that currently concern professional historians. For History majors or by instructor's permission.

## **HI 210 Ancient Civilization: The Middle East and the Eastern Mediterranean**

3c-01-3sh

An examination of the development and the spread of ancient civilization in ancient Middle East and the Eastern Mediterranean. Topics of study will include the characteristics of civilization and the development of political, social, economic, and cultural institutions in the river valley centers and the diffusion to the fringe areas. (Course designed for nonmajors)

[Back to Top](#)

### **HI 212 Ancient and Medieval Europe**

3c-01-3sh

An examination of the development of civilization in Europe during the ancient and medieval periods. The course will focus on the Ancient Greek and Roman civilizations and the medieval European civilization. The characteristics and institutions of civilization will be stressed as well as the political history.

### **HI 214 Themes in American History**

3c-01-3sh

Prerequisite: HI195

Open only to non-History majors. Designed to give students an appreciation of the basic themes and issues in the making of American society. Students will examine themes such as the fruition of democracy, the American dream, slavery and freedom, the tensions between liberty and order, and the role of the United States in a world setting.

### **HI 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

[Back to Top](#)

### **HI 301 History of Ancient Greece**

3c-01-3sh

Will analyze major political, social, and economic developments in ancient Greek civilization from Bronze Age to death of Alexander.

### **HI 302 History of Ancient Rome**

3c-01-3sh

Will trace Roman history from early Republic down to fall of Empire. Roman political theory will be particularly emphasized.

### **HI 303 Medieval Europe I, 400-1000**

3c-01-3sh

History of early Medieval Europe, from decline of Rome to beginnings of High Middle Ages; emphasis on political, social, economic, religious, and intellectual developments.

[Back to Top](#)

### **HI 304 Medieval Europe II, 1000-1300**

3c-01-3sh

History of late Medieval Europe, from High Middle Ages to Renaissance period; emphasis on political, social, economic, religious, and intellectual developments.

### **HI 305 Renaissance and Reformation**

3c-0l-3sh

History of Europe from c. 1250; rise of commercial city, kings, and pressures on Christian Church to 1600. Some consideration of technology and voyages.

### **HI 306 Early Modern Europe**

3c-0l-3sh

Greatness of France under Louis XIV; Sweden; Thirty Years' War. Emergence of modern society; French Revolution.

[Back to Top](#)

### **HI 307 History of Europe: 1815-1914**

3c-0l-3sh

Study of Europe in 19th century, with emphasis on the emergence of major thought patterns, Romanticism, Nationalism, Socialism, and Positivism.

### **HI 308 Twentieth-Century Europe**

3c-0l-3sh

Political, economic, and diplomatic trends in Europe since 1900, with major emphasis on causes and results of war and search for security.

### **HI 311 Rise and Fall of Hitler's Empire**

3c-0l-3sh

In-depth study of Hitler and the Nazi order; offers an analysis of 19th-century origins of Nazi ideology and intensively analyzes domestic and foreign totalitarian policy (1920-1945), including Holocaust, Resistance, and the postwar Nuremberg Trials.

[Back to Top](#)

### **HI 320 History of England to 1688**

3c-0l-3sh

Survey of the growth of the English nation, with emphasis on political, social, and economic developments leading to 17th-century conflict between Crown and Parliament.

### **HI 321 History of England, 1688 to Present**

3c-0l-3sh

Survey of the growth of England as a democratic constitutional monarchy. Attention directed to industrial revolution and to imperial expansion and England's role in 20th-century world. Attention given to social and cultural history.

### **HI 322 French Revolution and Napoleon**

3c-0l-3sh

Brief sketch of Old Regime, concentration on Revolution and Empire, with emphasis on politics, social structure, diplomacy, and economics.

[Back to Top](#)

### **HI 324 History of Germany to 1848**

3c-0l-3sh

Study of the development of Germany politically and culturally from ancient times, emphasizing medieval and early

modern periods to 1849.

### **HI 325 History of Germany: 1849 to the Present**

3c-0l-3sh

Study of the political and cultural development of modern Germany from the Revolution of 1848, including imperial, republican, and totalitarian phases, to post-World War II East and West Germany.

### **HI 326 History of Russia**

3c-0l-3sh

General survey of Russian history, culture, and institutions. Special consideration given to study of historical forces formative of Revolution of 1917.

[Back to Top](#)

### **HI 327 Soviet Union and Contemporary Russia**

3c-0l-3sh

Prerequisites: Sophomore standing, completion of HI195 (nonmajors)

Analyzes the period from 1855 to the present, including the attempts at modernization by Imperial Russia, the creation of the Soviet Union and further modernization, and the collapse of the Soviet Union.

### **HI 330 History of the Islamic Civilization**

3c-0l-3sh

An approach to learning about a non-Western culture: Muhammad, Arabs, and Muslims as creators of a great civilization from rise of Islam to 1800; emphasis on cultural institutions of Islam and their interrelationships within Middle East.

### **HI 331 Modern Middle East**

3c-0l-3sh

Survey of changes that have taken place in Middle East and in Islam since 18th century and of contemporary problems in that region.

[Back to Top](#)

### **HI 340 Colonial America**

3c-0l-3sh

Survey of original thirteen states from their inception as colonies within the British empire to 1763, the eve of Independence. Attention is given to their political development; economic position within the empire; relations with Indians; and evolution of social, educational, and religious life.

### **HI 341 American Revolution**

3c-0l-3sh

An examination of Whig-Tory participants of American Revolution. Examines events from 1763 to 1783. Changing interpretations of the causes and effects of the revolution will be discussed.

### **HI 342 The Early Republic**

3c-0l-3sh

Survey of United States history from 1783 to 1850, with special attention on constitutional, political, economic, and social trends.

[Back to Top](#)

### **HI 343 Civil War and Reconstruction**

3c-01-3sh

Study of the failure of American democracy to cope with issues of mid-19th century, followed by political, economic, military, and social developments during war and reconciliation of North and South.

### **HI 344 The Age of Big Business in America, 1877-1917**

3c-01-3sh

This course examines how big business developed in America, how the economic change reshaped society, and how the reshaped society responded politically.

### **HI 345 The Age of Ragtime: American History, 1900-1929**

3c-01-3sh

Using the nation's cultural development as its thematic foundation, this course analyzes the transitional character of the Progressive Era, World War I, and the 1920s.

[Back to Top](#)

### **HI 346 Recent United States History**

3c-01-3sh

Study of political, economic, and cultural changes in American life since 1929; examines roots of social problems facing us today. Some recent foreign policy trends also studied.

### **HI 350 History of Latin America Colonial Period, 1450-1820**

3c-01-3sh

Study of life of people, Indian cultures, conquest by Spaniards and Portuguese, government during Colonial Period, and Wars of Independence.

### **HI 351 History of Latin America: National Period, 1820-Present**

3c-01-3sh

Study of the history of nations which have emerged since independence; emphasis on economic, political, cultural, and social developments of these nations, as well as relationships of these nations to others in the hemisphere.

[Back to Top](#)

### **HI 355 African History I: Antiquity to 1600**

3c-01-3sh

Prerequisites: Sophomore standing, completion of HI195 (non-majors)

Survey of the sociocultural, political, and economic life of precolonial African societies. Focus is on ancient kingdoms and cultures, precolonial states, internal and Atlantic trade networks.

### **HI 356 African History II: 1600 to Present**

3c-01-3sh

Prerequisites: Sophomore standing, completion of HI195 (non-majors)

Survey of African sociocultural, political, and economic developments during the colonial and modern periods. Course covers imperialism, the struggle for control for Africa, the two global wars and their repercussions for Africa, decolonization, and modern African states.

### **HI 360 History of Pennsylvania**

3c-01-3sh

Emphasizes the cultural, economic, political, and social development of our state in its various periods from colonial to today. Special attention given to diversity of Pennsylvania's people, their institutions and problems.

[Back to Top](#)

### **HI 361 History of American Diplomacy, 1775-1900**

3c-01-3sh

Traces foreign relations of the United States from Independence to emergence as a world power. Topics concentrate on themes of commercial relations, political isolation, expansion, and debate over imperialism.

### **HI 362 History of American Diplomacy, 1900-present**

3c-01-3sh

Treats primarily our 20th-century involvement in world affairs and domestic debate over that involvement. Special emphasis will be placed on the role of interest groups and increasing power of Executive Department over foreign affairs.

### **HI 363 Thought and Culture in Early America**

3c-01-3sh

Selected topics in early American intellectual and cultural growth, with emphasis on Puritanism, Enlightenment, cultural nationalism, and Romantic movement.

[Back to Top](#)

### **HI 364 Thought and Culture in Modern America**

3c-01-3sh

Selected treatment of historical development of modern American movements in social and political thought, religion, philosophy, fine arts, and literature.

### **HI 365 History of Black America Since Emancipation**

3c-01-3sh

Description and analysis of the role of blacks in the history of the United States since the Civil War; emphasis on key leaders, major organizations, leading movements, and crucial ideologies of blacks in modern America.

### **HI 367 Native American History**

3c-01-3sh

An unfamiliar perspective on a familiar tale. This course presents the "new Indian History" -- North America from Native American materials and points of view. Identification, analysis, and synthesis of Indian realities and options over time are at the heart of this course.

[Back to Top](#)

### **HI 369 Women in America**

3c-01-3sh

A study of the activities of women from the colonial era to the modern era -- evaluating cultural, societal, religious, economic, and political frameworks. Reviews women's involvement in movements for feminism, social reform, unionism, and the abolition of slavery.

### **HI 370 Religion in America**

3c-01-3sh

A history of religious belief and practice in the United States from the colonial period to the present, with an emphasis on the last one hundred years.

### **HI 372 History of the Early American Working Class**

3c-01-3sh

Description and analysis of the nature and significance of the working class of the United States in the 18th and 19th centuries. The work settings and communities of workers will be examined as well as unions such as the National Labor Union and the Knights of Labor.

[Back to Top](#)

### **HI 373 History of the Modern American Working Class**

3c-01-3sh

Description and analysis of the nature and significance of the working class of the United States in the 20th century. Work settings and strikes will be examined and analyzed as well as unions such as the United Mine Workers and the United Auto Workers and labor leaders including Samuel Gompers, John L. Lewis, and George Meany.

### **HI 374 History of Organized Crime**

3c-01-3sh

This course studies the relationship between urban, entrepreneurial crime and the evolution of industrial America.

### **HI 390 History of Women -- World Cultures**

3c-01-3sh

Explores religious, legal, political, economic, and mythic dimensions of women in society from ancient to modern times, including Western and non-Western experiences.

[Back to Top](#)

### **HI 391 Film as History**

3c-01-3sh

Particularly concerned with probing the relationship between cinema and society. History of film is explored and student is given some background in film interpretation and cinematography, the western, science fiction, police films, and great foreign and American detective films.

### **HI 480 Senior Seminar**

3c-01-3sh

A regimen of research resulting in a written paper. Students work on a program selected by the instructor. For History majors or by instructor's permission.

### **HI 481 Special Studies in History**

var-1-3sh

Prerequisite: As appropriate to course content

Each semester, courses are offered in interest areas that are not part of the regular program. Some examples of courses of this type are the Victorian Age, the History of Love, World War II, the Great Depression, the Adams Chronicles, and the History of New York City. Students may schedule as many of these courses as desired, but two per semester is the usual limit.

[Back to Top](#)

### **HI 482 Independent Study**

var-3-6sh

Prerequisites: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office with 12sh in history; a 3.0 history average; permission of a faculty member. Approval is based on academic appropriateness and availability of resources

Involves directed reading or research for qualified students. Experimental projects and personalized learning are encouraged.

### **HI 483 Independent Study**

3c-0l-3sh

An honors program within the independent study format. Minimum qualifications are a 3.0 QPA, 15sh of history, and a 3.2 average in history classes. Satisfactory honors work is rewarded by formal recognition at graduation.

### **HI 493 Internship**

var-3-12sh

With departmental approval, students are attached to local or national government or private agencies doing directive, bibliographical, archival, or museum work. Advising professor meets with intern regularly and determines what papers or reports will be required.

# Home Economics Education

Department of Human Development and Environmental Studies  
College of Health and Human Services

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[HE218](#) [HE220](#) [HE224](#) [HE250](#) [HE281](#) [HE317](#) [HE321](#) [HE324](#) [HE350](#) [HE418](#) [HE420](#) [HE422](#) [HE424](#) [HE426](#) [HE427](#)  
[HE430](#) [HE450](#) [HE455](#) [HE463](#) [HE481](#) [HE482](#) [HE493](#)

## **HE 218 Child Development**

3c-0l-3sh

Prerequisite: PC101

Focuses on the normal development and behavior of children. Survey made of physical, emotional, social, and intellectual development of children from conception through early adolescence. Pertinent child development research analyzed.

## **HE 220 Teaching in Child Development Centers**

2c-4l-4sh

Prerequisite: HE218 or equivalent

Techniques in planning for and teaching preschool children. Participation as teacher-assistant provides experience in applying principles of child guidance and development needed by teachers in preschool centers or secondary school child development laboratories.

## **HE 224 Marriage and Family Relations**

3c-0l-3sh

Prerequisite: PC101

Focuses on principles of human relations basic to marital decisions and adjustment. Influence of community and family experiences on personal development and adjustment explored.

[Back to Top](#)

## **HE 250 Introduction to Teaching Vocational Home Economics Education**

3c-0l-3sh

Overview of philosophy and organization of home economics profession and the role of home economics teachers. Opportunities for planned observations and varied teaching experiences using a variety of resource materials are provided. Self-evaluation relative to desirable teacher competencies is stressed.

## **HE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

**HE 317 Infant Development**

2c-2l-3sh

Prerequisite: HE218

Study of characteristic developmental changes of human infants from birth to approximately two and a half years. Participation as teacher assistant in infant/toddler child care center provides experience in developmentally appropriate guidance and planning for very young children.

[Back to Top](#)

**HE 321 Preschool Education**

3c-0l-3sh

Prerequisite: HE220 or concurrently

Examination of the child development philosophy as the basis for developmentally appropriate decisions and methods in preschool education programming. Emphasis is placed on play as a developmental process and as the major aspect of the preschool curriculum. May not be interchanged with EL353: Preschool Education.

**HE 324 Family Dynamics**

3c-0l-3sh

Prerequisite: HE224 or equivalent

Emphasis on processes and models of family development topics. Focus on approaches and dynamics of principles related to familial and marital adjustment and coping.

**HE 350 Teaching Family Life Education**

3c-0l-3sh

Prerequisites: HE250, ED242

Corequisite: EP302

Emphasis on teaching family life education in home economics classrooms and through community organizations and agencies. Lessons are planned and implemented using a variety of instructional methods incorporating adaptations and modifications for special needs learners, basic skills, global concerns, and use of a problem-solving/decision-making approach. Planning of content, learning activities, instructional materials, and evaluation based on clearly stated objectives are emphasized. A microcomputer spreadsheet is utilized to manage a department budget and a gradebook. Participation in professional organization activities is expected.

[Back to Top](#)

**HE 418 Advanced Child Development**

3c-0l-3sh

Prerequisite: HE218

Study of trends and research in the field of child development based on a review of major theorists and current literature.

**HE 420 Practicum in Child Development**

1c-10l-6sh

Prerequisites: Senior standing and HE220 and HE321

The intensive practicum provides in-depth practical advanced laboratory experiences designed to refine and further develop the techniques and skills needed by professionals to work with young children and families.

**HE 422 Early Childhood Education**

3c-0l-3sh

Prerequisite: HE220 or concurrently

Current educational theories and research reviewed in terms of implication for preschool and their effect on material, equipment, and activity selection.

[Back to Top](#)

### **HE 424 Family Issues**

3c-01-3sh

Prerequisite: HE224

Concentrated study of selected areas of family life, with emphasis on current personal and social issues affecting the family.

### **HE 426 Techniques of Parent Education**

3c-01-3sh

Prerequisite: HE220 or equivalent

Examination of nature, extent, and significance of parent education. Interrelationships of home, school, and community agencies are examined in light of various programs, methods, and techniques of parenting education.

### **HE 427 Administration of Child Development Centers**

3c-01-3sh

Prerequisites: HE220 or equivalent, juniors or seniors only

Development of special knowledge and competencies needed by successful administrators of child care programs including proposal writing, budgeting, management, staff selection and training, appropriate curriculum materials, philosophy, parent involvement, child advocacy, and program evaluation.

[Back to Top](#)

### **HE 430 Student Teaching Practicum**

1c-01-1sh

Taken concurrently with ED431 and ED441. Assists student teachers in analyzing problems and experiences encountered during student teaching. Emphasizes the variety and types of home economics programs and focuses on developing effective teaching strategies (four sessions of three and a half hours during the semester).

### **HE 450 Teaching Vocational Home Economics**

3c-01-3sh

Prerequisite: HE350

Emphasis is on teaching vocational home economics in consumer/homemaking and occupational home economics programs. Federal legislation impacting on home economics is analyzed for use in program decisions. Emphasis is given to program development using CBVE model, development of individual learning packets, vocational youth organizations, advisory committees, home economics and vocational educational priorities, professional organizations, proposal development for funding, impact on public policy, marketing home economics, and development of a personal philosophy of home economics education.

### **HE 455 Home Economics Programs for Individuals with Special Needs**

3c-01-3sh

Prerequisite: EX300

Application of vocational regulations and public laws in relation to individuals with special needs. Developing home economics programs (planning, methods, strategies, and resources) for individuals with special needs applicable to school and nonschool settings.

[Back to Top](#)

## **HE 463 Family and the Community**

3c-01-3sh

Study of community agencies and problems that affect families and their contributions to community. Investigation of ways group dynamics, communication media, and other resources aid understanding of human behaviors. Field experience is an integral part of the course.

## **HE 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **HE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Upper-level students with high scholastic achievement pursue their particular interests outside the realm of the organized home economics education curriculum. May be taken more than once to a maximum of 3 semester hours. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

## **HE 493 Internship**

var-6-12sh

Prerequisites: Permission of department, college dean, and university internship coordinator; upper-level standing

Practical experience related to the student's major area of study. Objectives are developed individually in consultation with university faculty member who supervises the internship. Log and major paper required. May be repeated up to a total of 12 semester hours; however, these semester hours are not applicable toward the 124 semester hours required for graduation if student receives 12 semester hours in student teaching.

[HR413](#) [HR420](#) [HR433](#) [HR481](#) [HR482](#) [HR493](#)

## **HR 101 Introduction to Hospitality Management**

3c-0l-3sh

Focuses on the development of the hospitality industry and career opportunities within hotel and restaurant chains and independents. Guest speakers address various hospitality management topics.

## **HR 115 Introduction to Tourism**

3c-0l-3sh

Prerequisites: HR101; majors only

Analyzes the economic and social impact of tourism, its promotion and implementation. Acquaints student with services needed by tourists, the role of the travel agent, and tourism organizations.

## **HR 245 Diversity and Multicultural Management in the Hospitality Industry**

3c-0l-3sh

Prerequisite: Sophomore Standing

Course will explore what happens when diverse people work together in the hospitality industry. It will also examine the effects of international migration and the changing roles of women and other minorities which lead to multicultural urban centers within the United States and other hospitality venues. Furthermore, it will also focus on the cultural factors affecting productivity in the culturally diverse hospitality environment.

[Back to Top](#)

## **HR 259 Hospitality Purchasing**

3c-0l-3sh

Prerequisite: FN150 or equivalent

Includes sources, standards, grades, methods of purchase, and storage of various foods, beverages, and fixtures. Emphasis on the development of purchasing policies and specifications.

## **HR 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **HR 306 Food and Beverage Management**

3c-01-3sh

Prerequisite: FN150 or equivalent

Examines principles, processes, beverage laws, and food and beverage service, sales, promotions, and menu design as functions of the food and beverage department.

[Back to Top](#)

### **HR 313 Food Systems I**

2c-var-4sh

Prerequisites: FN150, HR259, permission; professional chef's uniform required

A basic course in quantity food production with experience in planning, purchasing, preparing, and serving nutritionally adequate meals. Requirements of the National School Lunch program emphasized in satellite and on-premises food service. Requires some preparation and service outside regularly scheduled class time.

### **HR 356 Human Resources in the Hospitality Industry**

3c-01-3sh

Prerequisites: PC101, HR313

Organization and administration of hospitality business, including human resource theories and policies, work simplification, training, communication, and safety.

### **HR 358 Food Service Equipment and Facilities Design**

3c-01-3sh

Prerequisite: HR313

Examines types and uses of food service production and service equipment with emphasis on incorporation into an effective facilities design. Field trips permit investigation of a variety of unit designs.

[Back to Top](#)

### **HR 360 Hotel Systems Management**

3c-01-3sh

Prerequisites: HR356, IM241, AG201

Development and application of management skills as applied to the rooms division of a hotel. Emphasis on basic front desk procedures, rooms division departmental functions and relationships, and hotel facilities development. Students use MICROS 451 system in class.

### **HR 365 Hotel Design and Maintenance**

3c-01-3sh

Prerequisite: HR356

Analyzes functions of housekeeping and maintenance departments within a hotel. Identification of various hotel design concepts and design characteristics are explored, as well as guest room layout and furnishing.

### **HR 401 Cost Management**

3c-01-3sh

Prerequisites: HR356, 313

Food, beverage, and labor controls for hospitality or health care operations, including relationships between budgetary information and managerial decision making to meet financial needs.

[Back to Top](#)

### **HR 406 Catering and Banquet Management**

var-3sh

Prerequisites: HR313, majors only; chef's uniform and wait-staff attire required

Profitable organization, preparation, and service of catered events in both on- and off-premises locations are the main emphases of the course. Requires meeting times other than listed in order to meet course objectives. (Replaced FN406 in 1990)

### **HR 408 Institutions Management**

3c-0l-3sh

Prerequisites: HR313, 356, AG201, senior standing

A compendium of the concepts of managing human resources, capital, materials, equipment, and markets as related to various hospitality property systems. Focus on concept development and managerial decision making.

### **HR 411 Seminar in Hospitality Management**

3c-0l-3sh

Prerequisites: HR360, HR365

Analysis of the current trends and practices within hospitality industry as related by industry professionals. Course includes researching topics and writing at least three research papers. Carries writing-intensive credit.

[Back to Top](#)

### **HR 413 Food Systems II**

1c-6l-4sh

Prerequisites: HR313, HR356, HR401, and permission; professional chef uniform required

Food systems course with emphasis on restaurant and dining room operation. Experiences to include selection of classic cuisines, meal promotion methods, budget development, personnel training, production, and service. (Replaced FN413 in 1990)

### **HR 420 Hotel Sales and Services**

3c-0l-3sh

Prerequisites: BL235 and HR306

Examines the types of hotels, facilities, and organizations that hold conventions or meetings from the sales perspective. Examination of procedures necessary to service the group once in-house.

### **HR 433 Educational Study Tour**

var-2-6sh

Comprehensive program of directed activities permits firsthand experiences in the historical and cultural aspects of the hospitality industry worldwide. Visits to renowned operations will be included in the tour.

[Back to Top](#)

### **HR 481 Special Topics**

var-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **HR 482 Independent Study in Hospitality Management**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources. Must apply a semester in advance and have sixty earned credits.

### **HR 493 Internship in Hospitality Management**

var-6-12sh

Prerequisites: 57 earned credits, 2.0 GPA, and completion of an approved 440-hour Work Experience I

An opportunity for students to work in a supervised experience directly related to the HRIM major. Must meet university and departmental internship requirements. Minimum of 440 hours required during the internship.

[Back to Top](#)

Note: White uniforms including white shoes are required for all lab courses where food is prepared. Students must meet the professional dress requirements of the department.

## **LR 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

## **LR 426 Case Studies in Labor-Management Relations**

3c-0l-3sh

In-depth study of daily labor-management relationships in a variety of organizational settings through utilization of case study technique. Focuses on a problem-solving approach to the legal and contract administration components of the labor-management relationship.

## **LR 480 Principles and Practices of Collective Bargaining**

3c-0l-3sh

An examination of the historical, legal, and functional parameters of collective bargaining. Topics covered include the organizing process, negotiations, contract administration, dispute resolution, and public sector labor relations.

[Back to Top](#)

## **LR 481 Special Topics in Industrial and Labor Relations**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper- level undergraduate students.

## **LR 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[IM480](#) [IM481](#) [IM482](#) [IM493](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

## **IM 101 Microbased Computer Literacy**

3c-0l-3sh

An introductory course designed to provide students with a fundamental understanding of computers. This course familiarizes students with the interaction of computer hardware and software. Emphasis is placed on the application of microcomputers, the use of productivity software (word processing, spreadsheet management, file and data base management), and the social and ethical aspect of the impact of computers on society. Note: This course is cross-listed as BE101 and CO101. Any of these courses may be substituted for each other and may be used interchangeably for D or F repeats but may not be counted for duplicate credit.

## **IM 201 Internet and Multimedia**

3c-0l-3sh

Prerequisite: BE/CM/CO/IM 101 or prior exposure to word processing and electronic mail

The major focus will be on the evaluation of information and multimedia resources available on electronic networks when doing research in an area of one's choice. This information literacy course is designed for students to gain a more in-depth understanding of the information resources available electronically and of how to utilize them more effectively in communicating. Students will learn how to access and utilize these resources for two-way communications and support for decision making while incorporating selected elements in multimedia presentations of their own design. (BE/CM/CO/IM/LB 201 may be used interchangeably for D or F repeats and may not be counted for duplicate credit.)

## **IM 241 Introduction to Management Information Systems**

3c-0l-3sh

Study of management information systems and their design and implementation. General systems theory, computer hardware, and programming are emphasized and then integrated to demonstrate how an MIS is developed. (Offered only at branch campuses after 1991-92)

[Back to Top](#)

## **IM 245 Introduction to Microcomputers**

3c-0l-3sh

Demonstrates how to utilize the microcomputer in business. Topics will include hardware, operating systems, word processing, spreadsheets, data base, and BASIC. Offered for Associate Degree Program only.

### **IM 251 Business Systems Analysis and Design**

3c-01-3sh

Prerequisite: IM241 or IM300

Involves teaching the tools and techniques required for the analysis and the design of business systems. The major steps in the system's development life cycle are presented along with practical applications from the major subsystems of typical business organizations. Issues related to personnel, hardware, software, and procedures are explored as students work individually and in project teams to solve typical business application problems.

### **IM 255 Business Applications in COBOL**

3c-01-3sh

Prerequisites: AG201 and IM241 or IM300

Introduces the student to the COBOL programming as it applies to business organizations and their applications. Structured COBOL concepts and methods are taught as the student learns how to solve business problems using computers. The student will be involved using files, reports, and tables to produce a variety of outputs utilized in operating and managing business activities.

[Back to Top](#)

### **IM 260 Business Computer Application Project**

3c-01-3sh

Prerequisite: IM255

Provides each student an opportunity to utilize skills and concepts presented in previous COIS courses in the planning, design, and implementation of a comprehensive case study involving computerized business applications. Students will work in teams and individually in performing tasks that are necessary to solve each problem assigned. These tasks will include systems analysis, systems design, programming, testing, and implementing and documenting simulated business problems.

### **IM 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **IM 300 Information Systems: Theory and Practice**

3c-01-3sh

Prerequisites: CO/BE/IM 101, AG 202

Includes basic MIS concepts, fundamentals, and practices. Broad areas of coverage are principles, the computer as a problem-solving tool, Computer-Based Information Systems (CBIS), organizational information systems, and Information Systems management. (Replaced IM 241 in Eberly College of Business core, effective fall, 1992)

[Back to Top](#)

### **IM 350 Business Systems Technology**

3c-01-3sh

Prerequisite: CO220 or IM255

Student is taught fundamental and advanced concepts of computer hardware and a procedure for evaluation and acquisition of computer hardware.

### **IM 370 Advanced COBOL**

3c-01-3sh

Prerequisite: CO220

Corequisite: IM350

Advanced COBOL is a continuation of introductory COBOL with an emphasis on structured methodology of program design, development, testing, implementation, and documentation of common business-oriented applications. It includes a heavy emphasis on the techniques and concepts of the table processing, file organization, and processing alternatives, internal and external sorting, subroutines, and application development for both the batch and on-line systems. Micro Focus COBOL software is utilized.

### **IM 372 Microcomputer Applications**

3c-01-3sh

Prerequisites: IM350, CO220, AG201, or by permission

This course demonstrates how to use the microcomputer in business and how to provide technical assistance to users of the microcomputer. Emphasis will be placed on integrating software and interfacing with mainframe computers or with minicomputers. Topics covered include microcomputer hardware, microcomputer operating systems, local area networks, and microcomputer software tools.

[Back to Top](#)

### **IM 382 Auditing for EDP Systems**

3c-01-3sh

Prerequisites: AG201, CO220, or IM255

Emphasizes the responsibility of the systems analyst to include in systems design the proper management and financial controls and audit trails in business information systems. The design of controls for application programs and systems is covered. Audit software packages are examined.

### **IM 450 Data Base Theory and Application**

3c-01-3sh

Prerequisites: IM370, upper-division students only

After learning data structures, the student will then apply them to CODASYL compatible data base management systems, TOTAL, and IBM's data base management system. Student must develop and use a data base as part of requirement. [Course revision in process]

### **IM 451 Systems Analysis**

3c-01-3sh

Prerequisites: IM350 and IM255 or CO220

Develops an understanding of concepts and techniques involving conventional and structured approaches to analyzing problems of business information systems and systems definition feasibility, as well as quantitative and evaluative techniques of business information systems analysis.

[Back to Top](#)

### **IM 470 Systems Design**

3c-01-3sh

Prerequisite: IM451

Students learn tools and techniques for design of a business system. Along with classroom discussions of principles and techniques for analyzing, designing, and constructing the system, students will formulate system teams to analyze the problems of an existing business information system, to design an improved system, and to control implementation of a new system.

## **IM 480 Distributed Business Information Systems**

3c-0l-3sh

Prerequisite: IM350

Study of the techniques involved in planning, design, and implementation of distributed processing systems. Distributed marketing, financial, and corporate accounting systems are included.

## **IM 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

## **IM 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department

chairperson, dean, and provost's office Individual research and analysis of contemporary problems and issues in a concentrated area of study under the guidance of a senior faculty member. Approval is based on academic appropriateness and availability of resources.

## **IM 493 Internship in MIS**

var-3-12sh

Prerequisites: IM370, consent of department chairperson and dean

Positions with participating business, industry, or governmental organizations provide the student with experience in systems analysis. Note: Internship IM493 can be taken, if the student qualifies, as a general elective. It does not fulfill the major-area elective requirement.

## **JN 102 Basic Journalistic Skills**

3c-0l-3sh

Prerequisite: EN101

Required for journalism majors and minors. Emphasis on grammar, punctuation, spelling, AP Stylebook, copyediting, headlines, and accuracy. (Offered as JN106 prior to 1994-95)

## **JN 105 Journalism and the Mass Media**

3c-0l-3sh

Prerequisite: EN101

A critical examination of roles-goals of newspapers, magazines, radio, and television as they affect American society socially, politically, and economically.

## **JN 120 Journalistic Writing**

3c-0l-3sh

Prerequisite: EN101, Nonmajors/Minors

Emphasis on intelligent use of writing ability in a journalistic style and understanding of the why of journalism and mass media. This course practices and improves writing skills for all news media, print and broadcast.

[Back to Top](#)

## **JN 220 Writing for the Print Media**

3c-0l-3sh

Prerequisites: JN102 (C or better), majors only

A course in journalistic style intended for students who plan to become professional writers. Teaches the basic journalistic formats and strategies used in print media such as the summary lead, the delayed lead, and the conventional news-story format. Throughout emphasizes economy, clarity, and the development of voice for a given medium.

## **JN 243 History of the American Press**

3c-0l-3sh

Prerequisites: JN120 or JN220

Traces the development of the American press from its colonial roots. Emphasis on the role of the press in political and social development. (Offered as JN343 prior to 1994-95)

## **JN 250 Women and the Press**

3c-0l-3sh

Prerequisites: EN101, sophomore standing

Explores the role of women in American journalism. Includes study of lives/careers of women journalists and their specific contributions to the profession. Emphasis on evolution of equal opportunity for women and other minorities in the American Press. Attention to the changing definition of news as influenced by the inclusion of women and minorities in editorial roles.

[Back to Top](#)

## **JN 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **JN 321 Feature Writing**

3c-0l-3sh

Prerequisites: JN102, JN220

Designed for the student who might work in journalism or who might wish to write on a part-time or free-lance basis.

## **JN 326 Public Relations I**

3c-0l-3sh

Prerequisites: JN102, JN120 or JN220

Introduces students to the principles, practices, programs, and possibilities in the various areas of public relations.

[Back to Top](#)

## **JN 327 Layout Design and Production**

2c-3l-3sh

Prerequisite: JN105

Provides basic techniques and theories of layout design and production, including typography, copyfitting, photo/art cropping and scaling, and steps in design process. Includes traditional paste-up and desktop publishing in the design of ads, newspapers, newsletters, brochures, and magazines.

## **JN 328 News Reporting**

3c-0l-3sh

Prerequisites: JN102, JN105, JN220, majors only

Includes instruction in writing the news story, preparing copy, interviewing, covering special events, and similar reporting activities.

## **JN 337 Editing**

3c-0l-3sh

Prerequisites: JN102, JN220

Stresses basic practices such as copyediting and headline writing while also focusing on guidelines for improving accuracy, clarity, transition, spelling, and punctuation of copy. Students use wire service stylebook extensively.

[Back to Top](#)

## **JN 338 News Analysis**

3c-01-3sh

Prerequisites: JN105, junior/senior standing

A current events course, this is a critical study of news and its relationship to the mass media and the public. Seminar and discussion format.

### **JN 344 Issues and Problems**

3c-01-3sh

Prerequisites: JN102, JN120 or JN220

Students examine critical case histories of ethical and professional situations and circumstances in the mass communication industry in a lecture and discussion format.

### **JN 345 Sports Journalism**

3c-01-3sh

Prerequisite: JN220

Emphasizes skills for covering, writing, and editing of sports and introduces students to specific practices in newspaper, radio-TV, and sports information work.

[Back to Top](#)

### **JN 347 Journalism Law**

3c-01-3sh

Prerequisites: JN328, junior/senior standing

Open to nonmajors by permission of the instructor. Survey of the major Supreme Court and state court rulings governing the mass media, especially the news media. Areas include libel, antitrust, free press/fair trial, privacy. Approach is nontechnical.

### **JN 348 The Editorial Page**

3c-01-3sh

Prerequisite: Junior/senior standing

Emphasis on the writing of vigorous but thoughtful and fair editorials. Study of contemporary practice and policy on letters to the editor, columnists, cartoons, the op-ed page.

### **JN 375 World News Coverage**

3c-01-3sh

Prerequisite: Sophomore standing

A course dealing with international news events and analysis of international news coverage in sources from around the world. Emphasis placed on analyzing comparative coverage of events in different sources. Students study not only current international news but also how it is reported. The goal of the course is fostering a critical attitude toward news.

[Back to Top](#)

### **JN 393 Document Design I**

3c-01-3sh

Prerequisite: Junior/senior standing

Teaches students advanced principles of document design and gives them the opportunity to apply techniques of rhetorical/stylistic analysis, general problem solving, and holistic information display to a wide variety of writing formats used in business, industry, and government news.

### **JN 423 Management in Mass Communications**

3c-01-3sh

Prerequisites: JN493 or field experience

Attention given to the process of advancement to management positions in the advertising, journalism, and public relations industries.

### **JN 430 Public Opinion and the News Media**

3c-01-3sh

Prerequisite: Junior standing

Deals with understanding and measuring public opinion. Emphasis is placed on critically analyzing the historical origins and the dynamics of public opinion in the policymaking process as well as the role of the news media in public opinion. Students then measure people's thinking on any given issue or issues.

[Back to Top](#)

### **JN 446 Advanced Reporting**

3c-01-3sh

Prerequisite: JN328 (C or better), instructor permission

Designed for the student seeking a career as a working journalist, this course refines basic reporting and deals with more sophisticated techniques and coverage. (Offered as JN346 prior to 1994-95)

### **JN 449 Public Affairs Reporting**

3c-01-3sh

Prerequisites: JN328, majors only

This seminar course covers the specialized field of reporting government and public service beats. Techniques and sources are covered in lecture and demonstration and through guest speakers. (Offered as JN349 prior to 1994- 95)

### **JN 450 Advertising Writing**

3c-01-3sh

Prerequisite: JN220, instructor permission

This is a basic course in the preparation of advertising copy and continuity for all media. It is a combination of lecture and laboratory course. Enrollment is limited to fifteen upperclass majors per semester. (Offered as JN350 prior to 1994-95)

[Back to Top](#)

### **JN 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

These courses vary from semester to semester, covering a number of journalism specialties. From time to time they are converted to permanent course numbers. Special topics numbered 481 are offered primarily for upper- level undergraduate students.

### **JN 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Opportunities for independent study that goes beyond the usual classroom activities. Approval is based on academic appropriateness and availability of resources; enrollment is limited to fifteen upperclass majors per semester.

### **JN 490 Public Relations II**

3c-01-3sh

Prerequisite: JN220, JN326

A public relations writing class that includes assignments such as releases, features, newsletters, reports, biographies, rewrites, hometown stories, copyediting, interviewing, research, and special projects. (Offered as JN390 prior to 1994-95)

[Back to Top](#)

### **JN 491 Presentation Making**

3c-0l-3sh

Prerequisite: JN220, JN326

Gives the student practice in writing and making oral presentations based on public relations cases and problems. Familiarizes the student with problem-solving and small-group communication skills necessary for those working in the area of public affairs. (Offered as JN391 prior to 1994-95)

### **JN 492 Problem-solving in PR**

3c-0l-3sh

Prerequisite: JN328

Introduces students to techniques for analyzing and tracking information flow in organizations. Introduces students to creative problem-solving techniques which are standard practice in corporate research groups. (Offered as JN392 prior to 1994-95)

### **JN 493 Internship**

var-6-12sh

Prerequisites: JN102, JN105, JN220, JN328, department approval

On-the-job training opportunities in journalism and related areas. Maximum of 6sh may be applied to 30sh minimum of major.

[Back to Top](#)

### **JN 494 Document Design II**

3c-0l-3sh

Prerequisite: JN 328, JN393

Gives students advanced work in preparation of substantial corporate and government documents such as annual reports, lengthy project reports, and research reports, etc. Emphasizes skills in research of public and government documents, data analysis and problem solving, holistic information display, writing, and editing. (Offered as JN394 prior to 1994-95)

# Latin

**Department of Spanish and Classical Languages**  
**College of Humanities and Social Sciences**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[LA101](#) [LA102](#) [LA201](#) [LA281](#) [LA351](#) [LA352](#) [LA361](#) [LA362](#) [LA371](#) [LA481](#) [LA482](#)

## **LA 101 Elementary Latin I**

4c-0l-4sh

For beginning students. Emphasis is on oral and reading skills. Students will learn most of the Latin noun system; they will also learn how to answer simple and moderately difficult Latin questions. There are also short readings in easy Latin. Students learn significant differences between Latin and English. Attendance is required.

## **LA 102 Elementary Latin II**

4c-0l-4sh

A continuation of Latin 101. In grammar, students finish the noun system and learn several Latin tenses, including the perfect tense. Latin questions, oral and written, remain an important part of the course, as do the readings. There are class discussions and a paper on readings in English from Sophocles, Tacitus, and Cicero. Attendance is required.

## **LA 201 Intermediate Latin**

4c-0l-4sh

More of the verb system is learned; while grammatical studies continue, more emphasis is placed on learning how to read short, intermediate-level selections from Latin literature. Oral and written questions continue. Ovid's *Metamorphoses* is the topic for class discussion and a paper. Liberal Studies credit is given.

[Back to Top](#)

## **LA 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **LA 351 Advanced Latin I**

3c-0l-3sh

Reviews grammar in-depth; analyzes the structure of the language. Written themes are not required. Selections from Latin prose are read for knowledge of their content and for developing knowledge of the structure of the language. Offered only by individualized instruction.

## **LA 352 Advanced Latin II**

3c-0l-3sh

Continuation of Latin 351. Selections are from poetry this semester.

[Back to Top](#)

### **LA 361 Development of Roman Culture and Literature**

3c-0l-3sh

Latin poetry and history will be read to show the influence of political and social ideas on literature; emphasis will be on the contrast between the Republican and Imperial periods. Some reading will be in Latin; most will be in English. Offered only by individualized instruction.

### **LA 362 Latin Conversation and Composition**

3c-0l-3sh

Aims at the ability to speak Latin on a conversational level and to write grammatically correct Latin prose. Offered only by individualized instruction.

### **LA 371 Survey of Latin Literature I**

3c-0l-3sh

Comprehensive view of Latin literature from Ennius through the Augustan Age. Offered only by individualized instruction.

[Back to Top](#)

### **LA 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **LA 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

An opportunity to engage in an in-depth analysis of some topic dealing with the Latin language and culture through consultation with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **LC 070 Reading Skills for College Study**

3c-0l-3sh

This course is designed to assist students in the development of college-level reading skills with emphasis on textbook reading. Includes literal and critical comprehension skills, vocabulary development, and reading efficiency. This course carries institutional, nondegree credit, and attendance is required.

### **LC 075 Reading and Study Skills Applications**

1c-0l-1sh

Prerequisite: LC permission

Assists students in the applications of college-level reading and study skills to content-area coursework. Intended for freshman students in poor academic standing who need additional and individualized guidance in the transfer of learning strategies into day-to-day reading and coursework. Students will participate in small-group instruction, as well as individual appointments with the instructor. This course carries institutional, nondegree credit, and attendance is required.

### **LC 090 Introduction to College Math I**

3c-0l-3sh

Prerequisite: A student may not register for this course after successfully completing any course offered by the mathematics department without the written approval of the Learning Center director

Reviews basic computational skills and their applications. Includes operations with whole numbers, decimals, and fractions; the concepts of ratios, proportions, and percents; basic geometric principles; and an introduction to algebra. This course carries institutional, nondegree credit, and attendance is required.

[Back to Top](#)

### **LC 095 Introduction to College Math II**

3c-0l-3sh

Prerequisite: A student may not register for this course after successfully completing any course offered by the mathematics department, without written approval of the Learning Center director

Introduces beginning algebraic concepts, including signed numbers; rules and properties of equations; exponents; polynomials; factoring; algebraic fractions; graphs and linear equations, inequalities, and radical expressions. This course carries institutional, nondegree credit, and attendance is required.

### **LC 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

### **LC 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[LB151](#) [LB201](#) [LB281](#) [LB481](#)

### **LB 151 Introduction to Library Resources**

var-1sh

A lecture/laboratory course (fourteen one-hour classes) which provides an introduction to the resources of a university library, how those resources are organized, and how to use those resources effectively.

### **LB 201 Internet and Multimedia**

3c-0l-3sh

Prerequisite: BE/CM/CO/IM 101 or prior exposure to word processing and electronic mail

The major focus will be on the evaluation of information and multimedia resources available on electronic networks when doing research in an area of one's choice. This information literacy course is designed for students to gain a more in-depth understanding of the information resources available electronically and of how to utilize them more effectively in communicating. Students will learn how to access and utilize these resources for two-way communications and support for decision making while incorporating selected elements in multimedia presentations of their own design. (BE/CM/CO/IM/LB 201 may be used interchangeably for D or F repeats and may not be counted for duplicate credit.)

### **LB 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **LB 481 Special Topics**

# Management

## Department of Management Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[MG275](#) [MG281](#) [MG300](#) [MG305](#) [MG310](#) [MG311](#) [MG325](#) [MG330](#) [MG334](#) [MG350](#) [MG351](#) [MG400](#) [MG401](#) [MG402](#) [MG403](#) [MG406](#) [MG428](#) [MG432](#) [MG437](#) [MG452](#) [MG454](#) [MG459](#) [MG481](#) [MG482](#) [MG492](#) [MG493](#) [MG495](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **MG 275 Introduction to Entrepreneurship**

3c-0l-3sh

Prerequisites: AG201, EC121, sophomore status, only for nonmajors, permission by department

Entrepreneurship is defined, common myths are discussed, and characteristics of entrepreneurs are identified. Basic characteristics of entrepreneurs are reviewed. This course includes topics such as the psychology of entrepreneurship; economic and social aspects of entrepreneurship; history; techniques of purchasing a company; new venture initiation; and risk taking.

### **MG 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **MG 300 Human Resource Management**

3c-0l-3sh

Prerequisite: PC101

Designed to recognize and evaluate the application of behavioral science approaches in the study of human resource management. Topics include recruiting and selection, training, management development, performance evaluation, communications, wage and benefit programs, and management-labor relations.

[Back to Top](#)

### **MG 305 Organizational Staffing**

3c-0l-3sh

Prerequisites: MG300, MA214

This course focuses on the theoretical, technical, administrative, and legal issues involved in the recruitment, selection, placement, and promotion of individuals by organizations. Topics covered include human resource planning, job analysis, job description and specifications, recruitment, selection process, equal employment opportunity and affirmative action, reliability and validity of selection instruments and techniques, and contemporary issues in selection.

### **MG 310 Principles of Management**

3c-01-3sh

The purpose of this survey course of instruction is to provide the student with an in-depth identification and understanding of the relevant theories, concepts, and principles underlying the management function.

### **MG 311 Human Behavior in Organizations**

3c-01-3sh

Prerequisite: PC101

Human problems of management. Basic ideas and theories from the behavioral sciences as they apply to human behavior in organizations are presented. Management solutions to problems resulting from individual-organization interaction are emphasized.

[Back to Top](#)

### **MG 325 Small Business Management**

3c-01-3sh

Prerequisites: MG275, MK320, MG310

A survey course emphasizing those aspects of small business management not covered elsewhere in the student's program. Key topics include Real Estate, Site Selection, and Facilities Management; Purchasing Management, Vendor Relations, and Inventory Systems; Plant Security, Loss Control, Risk and Insurance Management; Human Resources Management, Employee Benefits, Motivation, and Leadership; Small Business Market Research, Customer Services Management, and Pricing. A review of other elements of the small firm's milieu is included as a necessary contextual element (e.g., planning, accounting, financing, law).

### **MG 330 Production and Operations Management**

3c-01-3sh

Prerequisites: MA121, MA214, junior status, Eberly College of Business or approved major

Study of the process of converting an organization's inputs into outputs whether in goods-producing or service industries. Provides an overview of concepts, tools, and techniques used in management of production and operations function in organizations.

### **MG 334 Quality Management**

3c-01-3sh

Prerequisite: MG330

Emphasizes the philosophy that quality is an organizationwide phenomenon that influences every aspect of its operations. An overview of current quality management philosophies and tools and techniques for managing quality in manufacturing and services.

[Back to Top](#)

### **MG 350 International Business**

3c-01-3sh

Prerequisite: MG310

A study of the international dimensions of business and the critical environmental and organizational factors that affect managerial approaches in the international arena. Focuses upon the management problems stemming from the movement of goods, human resources, technology, finance, or ownership across international boundaries. (Also offered as MK350)

### **MG 351 International Management**

3c-0l-3sh

Prerequisite: MG310

This course seeks to provide the student with a general foundation on managing multinational corporations (MNCs). The course examines the macro- and structural-level issues of MNCs. It focuses on planning, organization structure, managerial decision making, and human resource management in global structures and differences between MNCs and domestic organizations.

### **MG 400 Compensation Management**

3c-0l-3sh

Prerequisite: MG300

Studies the policies and programs that help managers design and administer compensation systems for private and public sector enterprises. Includes motivation theories and practice designing of compensation systems. (Title was Wage and Salary Administration prior to 1994-95.)

[Back to Top](#)

### **MG 401 Management Development and Training**

3c-0l-3sh

Prerequisites: MG300, MG310

Principles, problems, and procedures in planning, organizing, directing, and controlling all aspects of training and development programs in a business enterprise. Methods of improving and development of managerial skills are emphasized.

### **MG 402 Seminar in Human Resource Management**

3c-0l-3sh

Prerequisites: MG300, graduating senior

An integrative course in Human Resource Management. Considers current issues in human resource management literature and contemporary topics in the human resource management field using case studies.

### **MG 403 Small Business Planning**

3c-0l-3sh

Prerequisites: MG325, AG300, IM101 or BE101 or CO101

This course will integrate the content of much of the business core and relate it to the business planning for small businesses and entrepreneurial efforts. The student will be introduced to the concepts which will support the development of an effective business plan.

[Back to Top](#)

### **MG 406 Human Resources Management Research**

3c-0l-3sh

Prerequisites: QB215, MG300

Study of the nature of research questions, research methods, research design, collection, analysis, and interpretation of data. Focuses on design, development, implementation, and evaluation of Human Resources Management programs. Applications in employee selection, performance measurement, work attitudes and motivation, employee training, and development areas.

### **MG 428 Seminar in Management**

3c-0l-3sh

Prerequisites: MG310

An integrative course in management. Considers current literature in the field and contemporary issues in management using case studies.

### **MG 432 Business and Society**

3c-01-3sh

Overview of the interactions between business and the larger social system in which it operates. Considers the problem, solutions, and future directions of societal issues and their relationships to the business environment. Topics discussed include consumerism, the morality of advertising, self-regulation, pollution and ecology, overpopulation, government regulation, and the social and ethical responsibilities of business and industry. (Also offered as MK432; may not be taken for duplicate credit)

[Back to Top](#)

### **MG 437 Operations Management System**

3c-01-3sh

Prerequisite: MG330

Theoretical and practical understanding of manufacturing and service planning and control, including systems modeling, purchasing and sourcing, information and control including MPS, MRP, and MRP-II, scheduling, etc. Manufacturing and service technologies and trends are also emphasized. Computer applications are used for understanding the interrelationships between various components of operations system.

### **MG 452 Comparative Management**

3c-01-3sh

Prerequisite: MG350

Study of the similarities and differences among managers, management practices, and organizations in different cultures. A variety of comparative management systems, models, and theories are presented, and research findings are examined.

### **MG 454 International Competitiveness**

3c-31-3sh

Prerequisite: MG350

Study of the most important challenges that face nations and firms alike in gaining or restoring competitiveness. The course focuses on factors that determine the success of nations and their firms in highly dynamic world markets. Various theories, models, and cases dealing with competitive advantage are examined.

[Back to Top](#)

### **MG 459 Seminar in International Management**

3c-01-3sh

Prerequisites: MG454, senior standing

Analysis of recent literature and developments related to global business issues such as strategic alliances, human resource management in global environments, global assignments, Japanese business system, multinational corporations in the world economy.

### **MG 481 Special Topics in Management**

var-1-3sh

Covers advanced, innovative, or exploratory topics and disciplines within management. Specific content items developed by instructor. Credits may be applied to either required (by permission of department chairperson) or free electives in a student's program.

### **MG 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Individual research and analysis of contemporary problems and issues in a concentrated area of study under the guidance of a senior faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **MG 492 Small Business/Entrepreneurship Internship**

var-3-12sh

Prerequisites: MG403, permission of department chairperson, 2.75 overall QPA, all other requirements of the Eberly College of Business

This course involves practical entrepreneurial experience of on-site consulting with small business firms. Students will generally work for a semester on functionally related topics in accounting, finance, marketing, and MIS or on general topics such as business planning, forecasting, policy, and general management.

### **MG 493 Management Internship**

var-3-12sh

Practical experience to develop knowledge and skills in the application of theory to actual problems in a nonclassroom setting. A maximum of 3sh of internship in the student's major may be applied toward the management and human resource management major area elective requirements. Additional internship credit must be used as free electives only. Admission only by permission of the department chairperson and dean, Eberly College of Business.

### **MG 495 Business Policy**

3c-01-3sh

Prerequisites: Completion of all Business Core requirements or permission; graduating seniors

A capstone case analysis course designed to give the student practice in applying business theories to the solution of management problems. An analysis of how top management determines strategy and policy and influences the philosophy and character of the company. To develop in the student a general management viewpoint that integrates the various functions of the organization.

# Marine Science Marine Science Consortium/Biology Department

## College of Natural Sciences and Mathematics

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[MI110](#) [MI211](#) [MI212](#) [MI221](#) [MI241](#) [MI250](#) [MI260](#) [MI270](#) [MI280](#) [MI281](#) [MI331](#) [MI342](#) [MI343](#) [MI344](#) [MI345](#) [MI362](#)  
[MI364](#) [MI420](#) [MI431](#) [MI459](#) [MI481](#) [MI482](#) [MI500](#)

### **MI 110 Introduction to Oceanography**

var-3sh

Introduction to physical, chemical, biological, and geological aspects of oceans and methods and techniques of oceanography. Lab emphasis placed on at-sea assignments.

### **MI 211 Field Methods in Oceanography**

var-3sh

Prerequisite: MI110 or consent of instructor

Familiarization with dynamic marine environment involving use and application of oceanographic instruments and sampling devices.

### **MI 212 Navigation**

var-3sh

Prerequisite: Four years' high school math or equivalent or consent of the instructor

Covers navigation, i.e., the art and science of safely bringing a vessel from one position to another in a body of water. Course divided into (1) brief historical background; (2) navigation within sight of land, i.e., piloting; (3) navigation in the open sea, including electronic navigation methods.

[Back to Top](#)

### **MI 221 Marine Invertebrate Zoology**

var-3sh

Prerequisite: One year of biology or consent of instructor

Study of marine invertebrates with emphasis on development, reproduction, structure, function, and classification of selected marine organisms.

### **MI 241 Marine Biology**

var-3sh

Prerequisites: Botany and zoology or consent of instructor

Study of plant and animal life in marine environment with emphasis placed upon physical and chemical factors affecting biota.

### **MI 250 Management of Wetland Wildlife**

var-3sh

The ecology and management of wetland wildlife, particularly of freshwater marshes and saltwater marshes. Special emphasis on ecosystem approach.

[Back to Top](#)

### **MI 260 Marine Ecology**

var-3sh

Prerequisite: One year of biology or consent of instructor

A course in ecology of marine organisms.

### **MI 270 Scuba Diving**

var-3sh

Prerequisites: Swimming ability and good health. (A standard diving physical form will be mailed to students electing the course.)

Students who complete course will receive a National Association of Underwater Instructors Diver Certificate.

### **MI 280 Marine Field Biology**

var-3sh

Prerequisites: None

An introduction to basic principles of ecology and natural history of selected plants and animals in terrestrial, freshwater, and marine environments. Suitable for non-Science majors.

[Back to Top](#)

### **MI 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **MI 331 Chemical Oceanography**

var-3sh

Prerequisites: MI110 and one year of chemistry

Treatment of oceanic chemical phenomena by sampling and laboratory analysis techniques.

### **MI 342 Marine Botany**

var-3sh

In-the-field studies and laboratory analysis by instrumentation of marine and marine fringe plants in the Middle Atlantic Coast as exemplified by those found in the Cape Henlopen, Delaware, and Wallops Island, Virginia, areas.

### **MI 343 Marine Ichthyology**

var-3sh

Prerequisites: General Biology and/or consent of the instructor

A study of fishes. Specimens collected along Eastern Seaboard by students will be used to illustrate anatomy, physiology, and systematics of this major vertebrate group. Field collections will give student opportunity to observe relationships of these animals to the biotic and physical environment.

[Back to Top](#)

### **MI 344 Anatomy of Marine Chordates**

var-3sh

Prerequisites: Six hours of biology including General Zoology

Designed to familiarize students with various aspects of marine chordates.

### **MI 345 Marine Ornithology**

var-3sh

Prerequisite: One year of biology or consent of the instructor

Introduces student to avian fauna of seacoast and enables comparison with inland species. In addition to field work providing visual and vocal identification, lecture material will include information on distribution, behavior, physiology, and anatomy of birds.

### **MI 362 Marine Geology**

var-3sh

Prerequisites: MI110 and physical geology or consent of instructor

Studies of structural and sedimentary environments of continental shelf, slopes, and ocean basins and crustal structure of the earth and its relation to sedimentary record and geologic history of oceans.

[Back to Top](#)

### **MI 364 Physical Oceanography**

var-3sh

Prerequisites: MI110, one year of physics, one semester of calculus, and permission of the instructor

Course includes consideration of physical properties, mass and energy budgets, theory of distribution of variables; cause, nature, measurement, analysis, and prediction of tides, currents, and waves; and basic instrumentation in the field.

### **MI 420 Marine Micropaleontology**

var-3sh

Prerequisites: One year of geology and biology or consent of instructor

Deals with modern, living representatives of microorganisms important in fossil record with particular emphasis placed on taxonomy, morphology, evolution, and ecologic affinities of representative groups.

### **MI 431 Ecology of Marine Plankton**

var-3sh

Prerequisite: One year of biology

Study of phytoplankton and zooplankton in marine and brackish environments. Qualitative and quantitative comparisons made between the planktonic populations of various types of habitats in relation to primary and secondary productivity.

[Back to Top](#)

### **MI 459 Coastal Geomorphology**

var-3sh

Prerequisite: One year of geology

A study of coastal geomorphology with emphasis on Late Cenozoic and Pleistocene sea-level changes in response to worldwide continental glaciation. The student will participate in field studies of Pleistocene deposits and the weathering of these deposits.

### **MI 481 Special Topics**

var-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper-level undergraduate students.

### **MI 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **MI 500 Problems in Marine Science**

var-3sh

Graduate students or undergraduate students with advanced standing registering for this course may elect either of the following options.

- Option A: Take a 200, 300, or 400 level MI course and complete, in addition to regular course requirements, a project in the area under direction of instructor.
- Option B: Complete an independent research project. A research proposal must be approved by the Academic Committee of M.S.C. in advance of the time research is to be undertaken.

# Marketing

## Department of Marketing Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[MK320](#) [MK321](#) [MK350](#) [MK420](#) [MK421](#) [MK422](#) [MK430](#) [MK431](#) [MK432](#) [MK433](#) [MK434](#) [MK481](#) [MK482](#) [MK493](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **MK 320 Principles of Marketing**

3c-0l-3sh

Prerequisite: EC122

Study of those activities necessary to the design, pricing, promotion, and distribution of goods and services for use by organizations and ultimate consumers.

### **MK 321 Consumer Behavior**

3c-0l-3sh

Prerequisites: MK320 and PC101

Survey of noteworthy contributions of behavioral science and research on consumer purchasing and decision-making process, with particular attention to formal and informal influence patterns.

### **MK 350 International Business**

3c-0l-3sh

Prerequisite: MG310

A study of the international dimensions of business and the critical environmental and organizational factors that affect managerial approaches in the international arena. Focuses upon the management problems stemming from the movement of goods, human resources, technology, finance, or ownership across international boundaries. (Also offered as MG 350)

[Back to Top](#)

### **MK 420 Marketing Management**

3c-0l-3sh

Prerequisites: MK320 and MK321

Analysis of marketing and operational problems and policies involved in planning, organizing, coordinating, and controlling a total marketing program.

### **MK 421 Marketing Research**

3c-0l-3sh

Prerequisites: MK320 and QB215

Nature, methods, analysis, and application of present-day marketing research techniques utilized in the solution of

practical marketing problems.

### **MK 422 Seminar in Marketing**

3c-0l-3sh

Prerequisites: MK420 and MK421, graduating senior

A terminal course designed for majors in marketing; considers current literature in the field, case problems pertaining to the total marketing effort, and current problems of actual companies.

[Back to Top](#)

### **MK 430 International Marketing**

3c-0l-3sh

Prerequisite: MK320

International marketing and markets are analyzed. Special consideration is given to the significance of government regulations; organization structures of export and import enterprises; and credit policies.

### **MK 431 Industrial Marketing**

3c-0l-3sh

Prerequisite: MK420

Concerned with the major activities involved in the marketing of industrial goods and services, including the industrial marketing system, marketing information needs of the industrial firm, industrial marketing implementation and control, and channel, pricing, product, and promotional strategies for industrial goods.

### **MK 432 Business and Society**

3c-0l-3sh

Overview of the interactions between business and the larger social system in which it operates. Considers the problems, solutions, and future directions of societal issues and their relationships to the business environment. Topics discussed include consumerism, the morality of advertising, self-regulation, pollution and ecology, overpopulation, government regulation, and the social and ethical responsibilities of business and industry. (Also offered as MG432; may not be taken for duplicate credit)

[Back to Top](#)

### **MK 433 Advertising**

3c-0l-3sh

Prerequisite: MK320

Introduction to the principles, practices, and creations of advertising. Use of various media and legal, economic, social, and ethical aspects of advertising are also considered.

### **MK 434 Marketing Logistics**

3c-0l-3sh

Prerequisites: Junior/senior standing, MK320 and MG330

The focus of this course is on planning, organizing, and controlling the marketing logistics function. In addition to the acquisition and application of management science methods, students will integrate and apply previously gained knowledge to analyze and solve complex marketing logistics problems. Areas of major concentration include facility location, transportation, inventory management, and customer service.

### **MK 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Covers advanced, innovative, or exploratory topics and disciplines within marketing. Specific content items developed by instructor. Credits may be applied to either required (by permission of departmental chairperson) or free electives in a student's program. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **MK 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office.

Approval is based on academic appropriateness and availability of resources.

Individual research and analysis of contemporary problems and issues in a concentrated area of study under the guidance of a senior faculty member.

### **MK 493 Marketing Internship**

var-3-12sh

Practical experience in the marketing field to develop knowledge and experience in the practical application of theory to actual problems in a nonclassroom situation. A maximum of 3sh of internship in the student's major may be applied toward the marketing major-area elective requirements. Additional internship credit must be used as free electives only. Admission only by permission of the department chairperson and the dean, Eberly College of Business.

## MA 100 Intermediate Algebra

3c-0l-3sh

Note: A student may not take MA100 Basic Algebra after successfully completing MA110 or a calculus course without the written approval of the mathematics department chairperson

A basic course in algebra including factoring, exponents and radicals, systems of linear equations, complex fractions, and inequalities. Designed for those students who lack the basic algebraic skills required in MA110 Elementary Functions. This course will not meet Liberal Studies math requirements. (Title was Basic Algebra prior to 1995-96.)

## MA 101 Foundations of Mathematics

3c-0l-3sh

Introduces logic and mathematical way of analyzing problems; develops an appreciation for nature, breadth, and power of mathematics and its role in a technological society; and introduces useful mathematics or mathematics related to student interest. Possible topics include logic, problem solving, number theory, linear programming, probability, statistics, intuitive calculus, introduction to computers, mathematics of finance, game theory.

## MA 102 Finite Mathematics

3c-0l-3sh

Prerequisite: Four years of high school mathematics or a college mathematics course. Credit for MA102 toward graduation will not be given to anyone with credit in any mathematics course beyond calculus.

An informal approach to practical applications of mathematics. Fundamental concepts of enumeration, matrices, linear systems, predicate calculus, probability, and series will be introduced and used inconsidering mathematical models. Calculators or computer packages may be used in solving mathematical problems.

[Back to Top](#)

## MA 110 Elementary Functions

3c-0l-3sh

Note: A student may not take MA110: Elementary Functions after successfully completing a calculus course without the written approval of the mathematics department chairperson.

For students not prepared to begin the study of calculus; topics include polynomial, exponential, logarithmic, and trigonometric functions.

### **MA 117 Principles of Mathematics**

3c-01-3sh

This course is an introduction to the nature of mathematics, designed specifically as a first course for mathematics education majors to experience several facets of mathematics including deduction, induction, problem solving, discrete mathematics, and theory of equations. Enrollment open to secondary mathematics education majors only.

### **MA 121 Calculus I for Business, Natural, and Social Sciences**

4c-01-4sh

Note: A student may not take MA121: Calculus I for Business, Natural, and Social Sciences after successfully completing another calculus course without the written permission of the mathematics department chairperson.

Prerequisite: MA110 or equivalent high school preparation

Introduces non-Math major to analytic geometry, elementary functions (including logarithmic and exponential functions), central ideas of the calculus (limit, derivative, and integral), applications of derivatives to business, social, and natural sciences.

[Back to Top](#)

### **MA 122 Calculus II for Business, Natural, and Social Sciences**

4c-01-4sh

Applications of integrals to business, natural, and social sciences, functions of several variables, trigonometric functions, sequences and series, numerical methods, differential equations.

### **MA 123 Calculus I for Physics and Chemistry**

4c-01-4sh

Prerequisites: High school algebra, geometry, and trigonometry

Functions, limits, continuity, derivatives, application of the derivative, integral, and applications of the integral. (Trigonometric and inverse trigonometric functions are included throughout the course.)

### **MA 124 Calculus II for Physics and Chemistry**

4c-01-4sh

Logarithmic and exponential functions, techniques of integration, sequences and series, differential calculus of functions of several variables, multiple integrals, line integrals, surface integrals, differential equations with application to physical problems.

[Back to Top](#)

### **MA 127 Calculus I**

4c-01-4sh

Prerequisite: Permission of the mathematics department

The first in a three-course series of courses which stresses the theory of the calculus as well as the application in problem solving. Topics to be included are real numbers, an introduction to analytic geometry, functions, limits and continuity, derivatives and applications, the differential and antidifferentiation.

### **MA 128 Calculus II**

4c-01-4sh

Prerequisite: Permission of the mathematics department

The second in a three-course series of courses stresses the theory of calculus as well as the application in problem solving. Topics to be included are definite integrals and applications, logarithmic and exponential functions, trigonometric and inverse trigonometric functions, polar coordinates, hyperbolic functions, indeterminate forms, improper integrals, and Taylor's formula.

### **MA 151 Elements of Mathematics I**

3c-0l-3sh

Topics included are sets, concepts of logic, mathematical systems, systems of numeration, developing the set of integers, rational numbers, and real numbers.

[Back to Top](#)

### **MA 152 Elements of Mathematics II**

3c-0l-3sh

Prerequisite: MA151

Topics included are sentences in one variable, sentences in two variables, nonmetric geometry, metric geometry, coordinate geometry, introduction to statistics and probability, computers, and calculators.

### **MA 171 Introduction to Linear Algebra**

3c-0l-3sh

Introduction to vector spaces, linear transformations, determinants, and matrix algebra. Topics are presented in a direct and intuitive approach.

### **MA 214 Probability and Statistics for Business Majors**

3c-0l-3sh

Designed to introduce the study of probability theory, discrete random variables and probability distributions, empirical frequency distributions, theoretical frequency distributions, statistical investigations and sampling, and sampling distributions.

[Back to Top](#)

### **MA 216 Probability and Statistics for Natural Sciences**

4c-0l-4sh

Prerequisite: MA121

Frequency distributions, measures of central tendency and variation, probability, probability distributions, sampling distributions. Hypothesis testing for means, variances, proportions. Correlation and prediction, regression, analysis of variance, and nonparametric statistics. Emphasis on applications.

### **MA 217 Probability and Statistics**

3c-0l-3sh

(For non-Math majors) Frequency distributions, measures of central tendency, variation, elementary probability, sampling, estimation, testing hypotheses, correlation, and regression; emphasis on applications as opposed to theoretical development of topics.

### **MA 219 Discrete Mathematics**

3c-0l-3sh

Prerequisites: CO110, and MA 123, 127, or 122

Topics include set algebra, mappings, relations, semigroups, groups, directed and undirected graphs, Boolean algebra, and propositional logic, with examples and applications of these to various areas of computer science. Emphasis placed on developing an intuitive understanding of basic structures rather than formal theories and influence of these topics on theory and practice of computing.

[Back to Top](#)

### **MA 227 Calculus III**

4c-0l-4sh

Prerequisite: Permission of the mathematics department

The third in a three-course series of courses which stresses the theory of calculus as well as the application in problem solving. Topics to be included are vectors in the plane, parametric equations, vectors in three-dimensional space, solid analytic geometry, differential calculus of functions of several variables, directional derivatives, gradients, applications of partial derivatives, and infinite series.

### **MA 241 Differential Equations**

3c-0l-3sh

Prerequisites: MA122, MA124, or MA227

Emphasis is placed on techniques of solution and elementary physical applications. A thorough study is made of differential equations classified as order one-degree one, linear, and nonhomogeneous. Solution techniques involving reduction of order techniques, the differential operator, and infinite series are introduced.

### **MA 271 Introduction to Algebraic Structures**

3c-0l-3sh

Prerequisite: MA171

Gives student basic ideas of contemporary mathematics. Includes mathematical logic, algebra of sets, equivalence relations and partitions of sets, functions, and fundamentals of group theory. Methods of proof in area of abstract mathematics.

[Back to Top](#)

### **MA 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **MA 317 Introduction to Probability and Statistics**

3c-0l-3sh

Prerequisites: MA152, Elementary Education concentration

Introduces students to elementary concepts of probability and statistics which will enable them to analyze data, make predictions, and determine which concepts may be used with children.

### **MA 320 Mathematics for Early Childhood**

3c-0l-3sh

Prerequisites: MA151, Early Childhood major

This course studies child-centered, activity-oriented mathematics programs for early childhood education. The course focuses on helping children develop understanding and insight into basic concepts of mathematics through the use of manipulative materials. Topics include pre-number activities, number activities, numeration, operations on whole numbers, estimation, rational numbers, geometry, measurement, probability, statistics, and problem solving. (Offered as MA450 prior to 1994)

[Back to Top](#)

### **MA 342 Advanced Mathematics for Applications**

4c-0l-4sh

Prerequisite: MA241

Deals with the application of mathematics to problems of science. Emphasis is placed on the three phases of such an application and on the development of skills necessary to carry out each step: (a) translation of the given physical

information to a mathematical model; (b) treatment of the model by mathematical methods; (c) interpretation of the mathematical result in physical terms. Topics included are vector calculus, integral theorems, Fourier series, partial differential equations, and the Laplace transformation.

### **MA 350 History of Mathematics**

2c-0l-2sh

Prerequisite: Completion of a calculus sequence or permission of the instructor

The history of mathematics is concerned with the origins, philosophy, and development of the mathematical sciences.

### **MA 353 Theory of Numbers**

3c-0l-3sh

Prerequisite: MA271 with a C or better grade

Divisibility, congruences, primitive roots, number theoretic functions, diophantine equations, continued fractions, quadratic residues.

[Back to Top](#)

### **MA 355 Foundations of Geometry I**

3c-0l-3sh

Prerequisites: MA171, MA271 with a C or better grade

Studies various groups of transformations and geometries associated with these groups in the Euclidean plane. The Euclidean Similarity and affine and projective groups of transformations are studied.

### **MA 363 Mathematical Statistics I**

3c-0l-3sh

Prerequisites: MA122, MA124, or MA227

Probability theory necessary for an understanding of mathematical statistics is developed. Applications of set theory to models, combinations and permutations, binomial, Poisson and normal distributions, expected values, and moment generating functions.

### **MA 364 Mathematical Statistics II**

3c-0l-3sh

Prerequisite: MA363

Multivariate distributions, change of variable technique, chi-square distribution, estimation, confidence intervals, hypothesis testing, contingency tables, goodness of fit. Practical applications are used to aid in the development.

[Back to Top](#)

### **MA 366 Preparation for Actuarial Examinations**

1c-0l-1sh

Prerequisites: MA171 and calculus sequence

This course provides an introduction to the actuarial profession and helps the student prepare for the first actuarial examinations. The examination preparation consists of studying sample actuarial examinations and related material. The student is required to take the actuarial examination. The student should be aware that for most students, considerable study beyond the requirements of this one-credit course will be required in order to pass the actuarial examinations.

### **MA 371 Linear Algebra**

3c-0l-3sh

Prerequisites: MA171, MA271 with a C or better grade

Vector spaces and linear transformations are studied in a theoretical setting. Also, canonical forms and multilinear algebra are studied.

### **MA 417 Statistical Applications**

3c-0l-3sh

Prerequisites: MA214, MA216, or MA217 (For non-Math majors)

Using computer programs, a wide array of statistical procedures for educational research workers will be explored. Basic concepts of statistical inference and prediction will be reviewed, including regression analysis and prediction, hypothesis testing, analysis of variance and covariance, and partial and multiple correlation. Emphasis is on use of the computer and interpretation of computer printouts, along with understanding techniques employed. No computer knowledge is necessary.

[Back to Top](#)

### **MA 418 Sampling Survey Theory and Its Application**

3c-0l-3sh

Prerequisites: (For non-Math majors) MA214, 216, or 217

Directed to the student who is or will be doing quantitative research, commissioning large-scale surveys, and evaluating the results. Sampling techniques and statistical principles underlying their use will be introduced. Consideration to the practical problems associated with implementation.

### **MA 420 Pre-Calculus Mathematics I**

3c-0l-3sh

Prerequisites: MA152; Elementary Education concentration

Examines the function concept as applied to elementary real number functions and graphing techniques for these functions. Topics include real number functions such as absolute value, step, linear, quadratic, and other polynomial functions, trigonometric and other periodic functions, exponential logarithmic functions, and all other inverse functions. Students will examine curricular materials that develop function concepts in Grades K-8.

### **MA 421 Advanced Calculus I**

3c-0l-3sh

Prerequisites: MA124 or MA227, MA271 with a C or better grade

Study of set theory, real number system, functions topology of Cartesian space, sequences, convergence and uniform convergence, continuity, and uniform continuity.

[Back to Top](#)

### **MA 422 Advanced Calculus II**

3c-0l-3sh

Prerequisite: MA421

Includes the study of convergence sequences in  $R^n$ , global properties of continuity, uniform continuity, differentiation of  $R^n$ , Riemann integrals, and infinite series.

### **MA 423-424 Complex Variable I and II**

each 3c-0l-3sh

Prerequisite: MA124 or MA227

Introduction to the theory of functions of a complex variable: topics included are elementary functions, analytic functions, conformal mapping, integration, series, and application.

### **MA 425 Applied Mathematical Analysis I**

3c-01-3sh

Prerequisites: Calculus sequence, introductory linear algebra, or permission of instructor

This course provides the necessary background for an understanding of mathematical programming, proofs of convergence of algorithms, convexity, and factorable functions. It also develops necessary concepts in matrix theory which are required to develop efficient algorithms to solve linear and nonlinear programming models.

[Back to Top](#)

### **MA 427 Introduction to Topology**

3c-01-3sh

Prerequisite: MA271 with a C or better grade

Study of sets, functions, continuity, compactness, the separation axioms, and metric spaces; application of topology to analysis is demonstrated.

### **MA 445 Programming Models in Operations Research**

3c-01-3sh

Prerequisites: Two-semester sequence of calculus and MA 171 or permission of instructor

Development of deterministic mathematical models for managerial and social sciences with relevant computational techniques.

### **MA 446 Probabilistic Models in Operations Research**

3c-01-3sh

Prerequisites: Two-semester sequence of calculus, MA363

Development of probabilistic mathematical models for managerial and social sciences with relevant computational techniques.

[Back to Top](#)

### **MA 447 Simulation Models**

3c-01-3sh

Prerequisites: Completion of the calculus sequence; background in statistics and probability, and familiarity with concepts of programming (knowledge of a particular programming language not required)

This course considers the types of models that are basic to any simulation and methods for building and using such models. It includes discrete and continuous system simulations, their applications, and an introduction to SLAM II (Simulation Language for Alternative Modeling).

### **MA 451 Numerical Methods for Supercomputers**

3c-01-3sh

Prerequisites: MA121 and MA122, or MA123 or MA127, MA171, CO250

Super computers make use of special computer architectures -- vector and parallel processors -- in order to achieve the fastest processing speed currently available. Students will be introduced to these features and will learn how numerical algorithms can be constructed to exploit supercomputers' capabilities. Students will gain practical experience in programming for the Cray, YMP, in incorporating existing scientific software packages into user-written programs, in submitting remote jobs to the Pittsburgh Supercomputer Center, and in producing animated graphical output to summarize the typically large volume of output data generated by large scientific programs. (Also offered as CO451; may not register for duplicate credit)

[Back to Top](#)

### **MA 452 Seminar in Teaching Algebra**

var-1-4sh

### **MA 453 Seminar in Teaching Geometry**

var-1-4sh

### **MA 454 Seminar in Teaching General Mathematics**

var-1-4sh

Seminars are designed for pre-student teacher. Students in each class will gain insights into the problems in teaching each topic and become aware of the materials available and methods of instruction geared to the special type of student. Education majors only.

### **MA 456 Principles of Geometry I**

3c-01-3sh

Prerequisites: MA152, Elementary Education concentration

Students become acquainted with an informal, intuitive approach to geometry. Activities and materials for teaching geometrical concepts to children are an integral part of the course.

[Back to Top](#)

### **MA 457 Introduction to Number Theory**

3c-01-3sh

Prerequisites: MA152, Elementary Education concentration

Introduction to topics of elementary number theory including divisibility, prime numbers, factorization, modular arithmetic, problem solving, and place of number theory in the elementary school curriculum. Students will examine many number theory activities which can help to strengthen skills with basic facts in an interesting, nonroutine setting.

### **MA 458 Introduction to Logic and Logical Games**

3c-01-3sh

Prerequisites: MA152, Elementary Education concentration

Introduction to some of the basic ideas, terminology, and notation of mathematical logic and Boolean algebra as well as games of strategy that involve logic. In addition, an investigation of how logic is taught and used in various programs for the elementary school.

### **MA 459 Computer-related Topics in the Elementary and Middle School**

3c-01-3sh

Prerequisites: MA152, Elementary Education concentration

Provides teachers with concepts and techniques necessary to teach computer-related topics to children. Participants will work with elementary school children throughout the semester.

[Back to Top](#)

### **MA 460 Computers and Calculators in Secondary School Mathematics Instruction**

3c-01-3sh

Prerequisite: CO205

Students will explore how computers and calculators can be used as tools to enhance the instruction in secondary school mathematics.

### **MA 465 Topics in Statistics**

3c-01-3sh

Prerequisite: MA364

Correlation and regression from applied and theoretical points of view, bivariate and multivariate normal distribution, analysis of variance, nonparametric methods. Practical problems involving statistical techniques and use of computer statistical packages. Knowledge of computer programming is not required.

## **MA 471 Basic Concepts of Algebra**

3c-01-3sh

Prerequisites: MA152, Elementary Education concentration

Concepts of basic algebraic structures such as group, ring, integral domain, field, and vector space are studied within the context of the mathematical maturity of the student. Other topics include relations and functions, polynomials and polynomial equations, systems of equations, and inequalities. Consideration given to development of these concepts in the mathematics curriculum.

[Back to Top](#)

## **MA 476 Abstract Algebra I**

3c-01-3sh

Prerequisites: MA171, MA271 with a C or better grade

Development of theory of integral domains, fields, rings, and groups; designed to develop student's power to think for himself or herself and to improve ability to construct formal proofs.

## **MA 477 Abstract Algebra II**

3c-01-3sh

Prerequisite: MA476

Designed to have student continue study of algebra by use of axiomatic method; Euclidean domains; polynomial domains and extension fields included; interrelationships between these structures and simpler structures, particularly groups and rings, are developed as in study of Galois group of a polynomial and in an introduction to Galois theory.

## **MA 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

## **MA 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources

## **MA 493 Internship in Mathematics**

var-3-12sh

Prerequisites: Completion of core curriculum, completion of application

Positions with participating companies or agencies provide students with experience in mathematics-related work under the supervision of the agencies and faculty. Requirements include one to three on-site consultations, two university consultations, completion of progress reports, and presentation of final cumulative paper. Internship credit may not be used in fulfilling math major course requirements.

# Medical Technology

## Allied Health Professions Programs College of Health and Human Services

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[MT494](#) [MT495](#) [MT496](#) [MT497](#) [MT498](#) [MT499](#)

### **MT 494 Clinical Microbiology**

var-6-10sh

Identification and clinical pathology of bacteria, fungi, viruses, and parasites. Techniques to isolate, stain, culture, and determine antimicrobial susceptibility. Instrumentation; quality control.

### **MT 495 Clinical Chemistry**

var-7-10sh

Enzymology, endocrinology, biochemistry of lipids, carbohydrates, and proteins, metabolism of nitrogenous end products, physiology and metabolism of fluids and electrolytes, and toxicology as related to the body and diseases. The technical procedures include colorimetry, spectrophotometry, electrophoresis, chromatography, automation, and quality control.

### **MT 496 Clinical Hematology/Coagulation**

var-4-7sh

The composition and function of blood; diseases related to blood disorders; the role of platelets and coagulation. Manual and automated techniques of diagnostic tests for abnormalities.

[Back to Top](#)

### **MT 497 Clinical Immunohematology**

var-3-6sh

Blood antigens, antibodies, crossmatching, hemolytic diseases, and related diagnostic tests. An in-depth study of blood donor service and its many facets such as transfusions, medico-legal aspects, etc.

### **MT 498 Clinical Immunology/Serology**

var-2-4sh

Immune response, immunoglobulins, autoimmunity, and complement and related tests and diseases. Survey and demonstration of serological diagnostic tests.

### **MT 499 Clinical Seminar**

var-0-6sh

Other courses which are not included in the above (such as orientation, laboratory management, education, clinical microscopy) and/or are unique to the individual hospital program.

# Military Science

## Department of Military Science

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[MS101](#) [MS102](#) [MS203](#) [MS204](#) [MS305](#) [MS306](#) [MS407](#) [MS408](#) [Leadership Laboratory](#) [Summer Camp](#)

### **MS 101 Introduction to Military Science**

2c-11-2sh

Study of the organization of the United States Army and the role of the military in today's society. Emphasis is on the customs and traditions of the service, the Total Army concept, and the fundamentals of leadership. Included is instruction in basic military skills, land navigation, and personal nutrition and fitness. Also, see Leadership Laboratory.

### **MS 102 Fundamentals of Military Science**

2c-11-2sh

Study of the basic knowledge regarding military service and the profession of arms. Emphasis is on basic military skills, first aid, and the development of leadership abilities through practical exercises. Included is instruction on offensive and defensive tactics, the Army writing style, and military briefings. Also, see Leadership Laboratory.

### **MS 203 Fundamentals of Tactical Operations, Techniques of Leadership, and Weapons Characteristics**

2c-11-2sh

Organization, techniques, resources, and capabilities involved in conducting small-unit tactical operations. Emphasis is on leadership, organization, and management techniques needed to cause a group of people to accomplish specific objectives. Characteristics of military weapons systems are taught. Students serve as leaders in Leadership Labs.

[Back to Top](#)

### **MS 204 National Security and Fundamentals of Military Topography**

2c-11-2sh

Study of national security concepts, policies, and the national decision-making process with emphasis on national resources, national will, and economic factors. Included will be a study of nuclear and conventional response options. Fundamentals of military topography including the use of military maps to determine topographic features, to conduct land navigation, and to perform terrain analysis will be covered. Also, see Leadership Laboratory.

### **MS 305 Fundamentals of Leadership and Modern Learning/Teaching Relationship**

3c-11-3sh

Study in practical application of principles of leadership/management as applied in classroom and field to include case studies in psychological, physiological, and sociological factors which affect human behavior; individual and group solution of leadership problems common to small units. Also, see Leadership Laboratory.

### **MS 306 Study of Advance Leader Planning and Execution of Modern Combat Operations**

3c-11-3sh

Analysis of leader's role in directing and coordinating efforts of individuals and small units in execution of offensive

and defensive tactical missions, to include command and control systems, the military team, and communications techniques. Also, see Leadership Laboratory.

[Back to Top](#)

### **MS 407 Management of the Military Complex to Include Fundamentals of Military and International Law**

3c-11-3sh

Study of the various managerial elements needed to effectively control a military organization and the techniques used to accomplish these functions. Studies in military law and international law prepare the students for their legal responsibilities. Also, see Leadership Laboratory.

### **MS 408 Seminar in Military Analysis and Management**

3c-11-3sh

Contemporary analysis of use of military in world affairs to include importance of strategic mobility and neutralization of insurgent movements. Selected management problems and situations will be presented as they relate to military justice, administration, and obligation and responsibilities of an officer. Also, see Leadership Laboratory.

### **Leadership Laboratory (one afternoon per week)**

var-0sh

A practical experience designed for the attainment and application of leadership principles. Concurrently scheduled in conjunction with all Military Science courses, it provides for practical challenges in personal accomplishment, both physical and mental, and for development of team work and leadership.

[Back to Top](#)

### **Summer Camp**

var-0sh

Students attend a six-week summer camp upon completion of the first year of the Advanced Course. Time at camp is devoted to practical application of principles and theories taught during the preceding school year. While at camp, each student receives lodging, subsistence, uniforms, medical care, reimbursement for travel, and pay in amount of one-half pay of second lieutenant per month.

**MU 111 Theory Skills I**

0c-3l-2sh

Develops aural skills through dictation and interpretation of written music by sight-singing. Taken in conjunction with Theory I.

**MU 112 Theory Skills II**

0c-3l-2sh

Prerequisite: MU111

Continuing development of aural skills and introduction of keyboardskills. Taken in conjunction with Theory II.

**MU 115 Theory I**

3c-0l-3sh

The study of the harmonic, melodic, and formal devices of the common practice period, from simple diatonic chords through secondary dominants.

[Back to Top](#)

**MU 116 Theory II**

3c-0l-3sh

Prerequisite: MU115

The study of the harmonic, melodic, and formal devices of the common practice period, from simple diatonic chords through secondary dominants. Theory II introduces basic music forms.

**MU 120 Brass Ensemble**

0c-2l-0/1sh

**MU 121 Chamber Singers**

0c-3l-0/1sh

**MU 122 University Chorale**

0c-3l-0/1sh

[Back to Top](#)

**MU 135 Jazz Ensemble**

0c-3l-0/1sh

**MU 136 Advanced Jazz Ensemble**

0c-3l-0/1sh

**MU 137 Piano Accompanying**

var-1-1 or 0sh

Piano accompanying may be scheduled by qualified pianists from the Department of Music in partial fulfillment of ensemble requirements. The course may be repeated for credit. Pianists registered for this course will provide accompaniments for Department of Music students in solo vocal or instrumental performances in area and departmental recitals and/or in voice and instrumental lessons. Registration for the course must be approved by a designated Department of Music faculty member from the piano area.

[Back to Top](#)

**MU 151 Class Voice I**

1c-11-1sh

Conceived for non-Voice majors. Development of correct vocal production techniques through individual and group performance in class. Use of the voice as a tool for theory skills and for eventual use in the music classroom.

**MU 152 Class Voice II**

1c-11-1sh

Continuation of Class Voice I. Resumes development of correct vocal production techniques through performance.

**MU 153 Class Piano I**

1c-11-1sh

Designed for students with no significant background in piano who need to develop functional keyboard skills. Emphasis placed on harmonizing melodies and playing simple accompaniments.

[Back to Top](#)

**MU 154 Class Piano II**

1c-11-1sh

Continuation of Class Piano I.

**MU 155 Class Strings I**

1c-11-1sh

For Music Education majors who will develop rudimentary playing techniques sufficient to initiate instruction for beginning students. Emphasis placed on correct playing positions and tone production for violin, viola, cello, and double bass.

**MU 157 Class Percussion I**

1c-11-1sh

A practical introduction to the various instruments of the percussion family. Students will demonstrate correct playing techniques and develop a resource file containing information on percussion instruments and instructional materials as needed by the school music teacher.

[Back to Top](#)

**MU 159 Class Brass I**

1c-11-1sh

For Music Education majors who will demonstrate rudimentary playing techniques and tone production skills to initiate beginning instruction. Students will develop playing on trumpet or French horn and trombone, euphonium, or tuba.

**MU 161 Class Woodwinds I**

1c-11-1sh

For Music Education majors who will acquire correct tone production and playing techniques sufficient to initiate beginning instruction. Students will demonstrate skills with flute, clarinet, saxophone, and oboe or bassoon.

**MU 163 Class Guitar I**

1c-11-1sh

Designed for students with no significant background in guitar who wish to develop functional playing skills. Emphasis placed on using the guitar as an accompanying instrument.

[Back to Top](#)

### **MU 211 Theory Skills III**

0c-3l-2sh

Prerequisites: MU111, 112

Further development of aural and keyboard skills. Taken in conjunction with Theory III.

### **MU 212 Theory Skills IV**

0c-3l-2sh

Prerequisites: MU111, 112, 211

Culmination of development in aural and keyboard skills. Taken in conjunction with Theory IV.

### **MU 215 Theory III**

3c-0l-3sh

Prerequisites: MU115, 116

Extension of the techniques of the 18th and 19th centuries to include modulation, altered chords, more advanced musical forms, and contrapuntal procedures.

[Back to Top](#)

### **MU 216 Theory IV**

3c-0l-3sh

Prerequisites: MU115, 116, 215

Extension of the techniques of the 18th and 19th centuries to include modulation, altered chords, more advanced musical forms, and contrapuntal procedures. Theory IV concentrates largely on music and materials of the present century.

### **MU 217 Keyboard Harmony I**

1c-1l-1sh

Prerequisite: Nominal facility at keyboard

Designed to develop keyboard skills so the student may realize and produce in sound basic harmonic progressions.

### **MU 218 Keyboard Harmony II**

1c-1l-1sh

Prerequisite: MU217

Continuation of Keyboard Harmony I, involving chromatic harmony and more complex progressions.

[Back to Top](#)

### **MU 224 Jazz Improvisation Techniques I**

3c-0l-3sh

A study of the basic materials and practices for improvising or extemporaneous playing.

### **MU 225 Jazz Improvisation Techniques II**

3c-0l-3sh

A continuation of the basic materials and practices for improvising or extemporaneous playing. Makes use of more complicated and involved harmonic progressions utilizing extended choral harmonies.

## **MU 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

[Back to Top](#)

## **MU 304 Form and Analysis I**

2c-01-2sh

Prerequisite: MU216

Thorough study of smaller forms of music.

## **MU 306 Counterpoint I**

2c-01-2sh

Prerequisite: MU216

After study and analysis of the style of 16th-century contrapuntal writing, student will do original writing using techniques and devices of period. As time permits, same approach will be made to explore style of 17th- and 18th-century composers.

## **MU 309 Orchestration I**

2c-01-2sh

Prerequisite: MU216

All instruments of orchestra are studied from the viewpoint of their contribution to the total sound of ensemble. Ranges and timbres are considered, as well as actual arranging of selected music.

[Back to Top](#)

## **MU 311 Fundamentals of Conducting**

3c-01-2sh

Emphasis placed on fundamental physical skills of conducting process; various beat patterns are mastered and elementary score reading and interpretation are considered.

## **MU 312 Choral Conducting**

3c-01-2sh

Prerequisite: MU311

Provides an opportunity for the student to apply basic conducting techniques to choral music. Each student conducts the class in standard choral works. Includes survey of suitable literature, organizational problems, voice testing, rehearsal techniques, program building, interpretation, and diction.

## **MU 313 Instrumental Conducting**

3c-01-2sh

Prerequisite: MU311

Provides the student with an opportunity to apply basic conducting skills to various instrumental ensembles. Includes survey of suitable literature, organizational problems, audition procedures, rehearsal techniques, program building, and interpretation.

[Back to Top](#)

### **MU 315 Theory V**

3c-01-3sh

Prerequisite: MU216

Many of harmonic idioms of past half-century are considered, such as comparative analysis of dissonance; polytonality, polyrhythms; atonalism and 12-tone system; and microtonalism. Original writing in these styles required.

### **MU 331 Elementary Methods**

3c-01-3sh

Includes analytical study of texts, recordings, equipment, instruments, and other materials suitable to musical development of elementary pupils; proper treatment of child voice; selection, use, and teaching of rote songs; rhythmic activities and development; music reading; part singing; planning and organization; guided observations; and evaluation techniques.

### **MU 333 Secondary Methods**

3c-01-3sh

Includes General Music Class, choral organizations, changing voice, techniques of instruction, including team teaching and programmed learning, high school theory courses, high school music literature courses, scheduling, administrative problems, curriculum development, evaluation of materials and equipment, evaluative techniques, and guided observation. Extra laboratory sessions are required.

[Back to Top](#)

### **MU 335 Music for the Exceptional Student**

2c-21-2sh

Develops music education skills, techniques, and materials for the emotionally, mentally, physically, or neurologically handicapped student and the gifted. Designed for students in music education, special education, and elementary education.

### **MU 337 General Music in Middle Schools**

3c-01-3sh

Prerequisite: MU331

This course will provide general practices and pedagogy related to recent standards for a comprehensive, sequential middle school general music curriculum. Specific focus on curriculum development, lesson planning, instructional strategies, adolescent behavioral characteristics, as well as diverse materials and resources.

### **MU 340 Woodwind Instrument Repair**

0c-21-2sh

Prerequisites: MU133, Teacher Certification

This course is designed for students preparing for teaching careers in instrumental music. Instruction will be conducted in a laboratory setting and will include development of the diagnostic and repair skills necessary to deal with the problems most frequently encountered in a public school classroom on the clarinet, flute, and saxophone.

[Back to Top](#)

### **MU 351 Italian Diction and Literature**

2c-01-2sh

For first-semester voice majors, this class meets for two hours per week. Emphasis is on pronunciation for the stage and readings of Italian song texts. Italian madrigals, solo song literature, and operatic repertoire are also studied.

### **MU 353 French Diction and Literature**

2c-0l-2sh

For third- or fourth-semester voice majors, this class meets for two hours per week. Emphasis is on pronunciation for the stage and the International Phonetic Alphabet. French solo song literature and operatic repertoire are also studied.

### **MU 354 German Diction and Literature**

2c-0l-2sh

For second-semester voice majors, this class meets for two hours per week. Emphasis is on pronunciation for the stage. German solo song literature as well as Bach chorales are studied.

[Back to Top](#)

### **MU 405 Piano Pedagogy**

3c-0l-3sh

Prerequisites: Junior standing in Piano and a Piano major or minor

Survey of current and significant past developments in teaching of piano, both privately and in small and large classes. The various piano methods are analyzed, compared, criticized, and adapted to each individual's use.

### **MU 406 Voice Pedagogy**

3c-0l-3sh

Prerequisites: A voice major or minor and permission of the instructor

Survey of current and past development in teaching of voice, both privately and in small and large classes. The various vocal methods are analyzed, compared, criticized, and adapted to each individual's use.

### **MU 408 Marching Band Techniques**

2c-0l-2sh

Considers building a band show; alignment of ranks and files; development of a standard pace of 5 to 5 and 8 to 5; selection of music; instrumentation; techniques of developing morale; and fundamentals of uniform design.

[Back to Top](#)

### **MU 411 Composition I**

2c-0l-2sh

Prerequisite: MU216

Instruction is individualized. Compositional devices studied through analysis of works by major composers. Students will write several original compositions utilizing smaller forms.

### **MU 412 Composition II**

2c-0l-2sh

Prerequisite: MU411

Continuation of Composition I.

### **MU 413 Composition III**

2c-0l-2sh

Prerequisite: MU412

Students will write several original compositions utilizing larger forms.

[Back to Top](#)

### **MU 414 Composition IV**

2c-0l-2sh

Prerequisite: MU413

Continuation of Composition III. Outstanding works will be programmed by university performing ensembles.

### **MU 475 Music Lab**

var-0sh

All music majors must attend eight recitals per semester and all departmental recitals, as well as all recitals for their respective performance areas.

### **MU 481 Special Topics**

3c-0l-3sh

Prerequisite: As appropriate to course content

May provide an in-depth study of a narrowly defined area of the discipline. Subject matter will change with repeated offering of the course. May be repeated for credit.

[Back to Top](#)

### **MU 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **MU 493 Internship in Music**

var-1-6sh

Designed for music majors who wish to receive practical experience working with people in music or in areas related to music.

---

Department of Music  
College of Fine Arts

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[MH101](#) [MH103](#) [MH281](#) [MH301](#) [MH302](#) [MH322](#) [MH323](#) [MH324](#) [MH325](#) [MH420](#) [MH421](#) [MH481](#) [MH482](#)

## **MH 101 Introduction to Music**

3c-0l-3sh

Course presumes no technical background but does utilize the varied musical experiences of each individual to help extend interest as far as possible. Attendance at various concerts of university organizations, cultural life events, and visiting artist concerts is required to augment listening experiences of students. Offered as MU101 prior to Summer, 1989.

## **MH 103 Perspectives in Jazz**

3c-0l-3sh

Designed to give an overview of the development and contributions of jazz in the American culture and provide a background for a more intensive and detailed study of jazz for the Jazz Studies major. Offered as MU103 prior to Fall, 1989.

## **MH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

## **MH 301 Music History I**

3c-0l-3sh

Prerequisites: HI195, EN101, EN202, HI305 Intensive study of the history and style of Medieval, Renaissance, and Baroque music. Considerable analytical listening required.

## **MH 302 Music History II**

3c-0l-3sh

Prerequisites: MH301 or permission

Intensive study of the history and styles of Classical, Romantic, and 20th-century music to 1950. Considerable analytical listening required.

## **MH 322 Medieval and Renaissance Music**

3c-0l-3sh

Intensive study of the plainchant foundations in the early Middle Ages; the origins of polyphony; sacred and secular music of the 13th to the 16th centuries; special emphasis on Dufay, Josquin, Palestrina, and their contemporaries. (Offered as MU322 prior to Fall, 1989. Title prior to Fall, 1992, was Renaissance Music.)

[Back to Top](#)

### **MH 323 The Baroque Era**

3c-0l-3sh

Prerequisites: MH301, 302

Extends from Monteverdi through Bach and Handel and considers vocal and instrumental forms, styles, and practices of era. (Offered as MU323 prior to Fall, 1989)

### **MH 324 The Classical Era**

3c-0l-3sh

Prerequisites: MH301, 302

A survey of music from about 1725 to about 1827, with special attention to the music of Mozart and Haydn. Consideration is given also to the works of D. Scarlatti and C.P.E. Bach. (Offered as MU324 prior to Fall, 1989. Titled as 18th Century Music prior to Fall, 1992.)

### **MH 325 The Romantic Era**

3c-0l-3sh

A survey of music from about 1800 to 1910, with attention directed to the earlier romantic composers such as Beethoven, Schubert, Mendelssohn, and Berlioz through the later romantic composers such as Wagner, Tchaikowsky, Mahler, and Dvorak as well as others. (Offered as MU325 prior to Fall, 1989. Titled as The Early Romantic Period prior to Fall, 1992.)

[Back to Top](#)

### **MH 420 The 20th Century**

3c-0l-3sh

Prerequisites: MH301, 302

A survey of the stylistic trends of music from 1900 to the present, beginning with Debussy, Ravel, and other impressionists through the music of Schonberg, Stravinsky, Webern, Honegger, and Milhaud. Offered infrequently. (Offered as MU420 prior to Fall, 1989. Titled as Contemporary Music prior to Fall, 1992.)

### **MH 421 American Music**

3c-0l-3sh

Prerequisites: MH301, 302

A study of history and literature of music in America from 1600 to the present day. Offered as MU421 prior to Fall, 1989.

### **MH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **MH 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Nuclear Medicine Technology

Allied Health Professions  
College of Health and Human Services

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[NT427](#) [NT428](#) [NT429](#) [NT430](#) [NT431](#) [NT432](#) [NT433](#) [NT434](#)

## **NT 427 Nuclear Scintigraphy**

3c-0l-3sh

Theoretical aspects of nuclear medicine imaging procedures, including applicable pathophysiology, technical aspects for data acquisition, and computer analysis of data. Systemic radionuclide therapy procedures are also discussed.

## **NT 428 Radiation Physics**

3c-0l-3sh

Applicable aspects of nuclear and atomic physics are covered both in theory and mathematical formulae. Theoretical topics include atomic and nuclear structure, radioactive decay, interactions with matter, and radionuclide production methods. Mathematical concepts discussed are the decay equation, equilibrium, and radiation dosimetry.

## **NT 429 Nuclear Medicine Instrumentation**

2c-1l-3sh

This course covers the basic principles of both in vitro and in vivo instrumentation. The design, operation, and quality control of gas detectors and scintillation detectors are covered. Survey equipment, spectrometers, and stationary imaging devices are presented with their application to nuclear medicine. Hands-on laboratory experience with single channel analyzers and Anger cameras is included.

[Back to Top](#)

## **NT 430 Radiation Biology and Radiation Protection**

2c-0l-2sh

Topics include ionization and energy transfer; molecules, cellular, tissue, and organ response to radiation; acute and chronic effects of radiation; radiation protection; licensing requirements; recordkeeping; and management of clinical radiation spills.

## **NT 431 In Vivo/In Vitro Non-Imaging**

1c-0l-1sh

In vivo clinical nuclear medicine procedures not resulting in images as well as principles of in vitro radioassay are presented. Included are venipuncture, blood volumes, red cell studies, Schillings test, principles of immunology, various types of radioassay and sensitivity and specificity of procedure.

## **NT 432 Radiopharmaceuticals**

3c-0l-3sh

Topics include tracer theory, pharmacological actions, localization methods, radiopharmaceutical properties,

radionuclide generators, radiopharmaceutical preparations and quality control, and transient vs. secular equilibrium. Routinely used radiopharmaceuticals are discussed.

[Back to Top](#)

### **NT 433 Introduction to Tomographic Imaging**

1c-01-1sh

An introduction to the basic principles of cross-sectional anatomy and tomographic imaging is presented. Topics include body planes and cross-sectional anatomy of the heart, brain, liver, and lumbar spine, as applicable to nuclear medicine, and the theory and application of both SPECT and PET imaging systems.

### **NT 434 Clinical Nuclear Medicine**

0c-401-16sh

Prerequisite: Completion of 77 credits at IUP and Phase I and NMI

Students complete 1,320 hours of supervised clinical training at an affiliate hospital. Students receive instruction and participate in the performance of various clinical nuclear medicine procedures, patient care, administrative duties, radiopharmaceutical preparation and quality control, equipment quality control, quality assurance, and radiation safety. Students develop both their technical skills and interpersonal communication skills for incorporation into the medical community and to provide quality patient care.

# Nursing

**Department of Nursing**  
**College of Health and Human Services**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[NU280](#) [NU281](#) [NU285](#) [NU302](#) [NU303](#) [NU304](#) [NU305](#) [NU322](#) [NU323](#) [NU402](#) [NU403](#) [NU404](#) [NU405](#) [NU422](#)  
[NU423](#) [NU430](#) [NU480](#) [NU481](#) [NU482](#)

## **NU 280 Introduction to Nursing**

3c-0l-3sh

Prerequisite: Nursing majors only

Introduces the major concepts of concern to nursing: persons in their environments, health, and the profession of nursing. Topics include the nurse's role as provider of care and member of a profession; the nursing process as the mode of practice; the value of research as a basis for nursing practice; biophysical and psychosocial components of wellness.

## **NU 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

## **NU 285 Introduction to Clinical**

0c-9l-3sh

Prerequisite: Nursing majors only

A clinical and college laboratory course which provides the opportunity to practice the use of the nursing process. Emphasis is placed on assessment and basic intervention skills.

[Back to Top](#)

## **NU 302 Core I**

2c-0l-2sh

Prerequisite: NU280

Emphasizes the involvement of nurses and nursing in selected aspects of wellness promotion and maintenance. The theory base for the use of the nursing process to support individuals and families through maturational change and the childbearing cycle is presented.

## **NU 303 Clinical Laboratory I**

0c-14l-5sh

Prerequisites: NU280, NU285

A clinical laboratory course which enables the student to care for individuals and families across the life span. Guided experiences are provided in hospital and community-based facilities. The nursing process is utilized to promote and

maintain wellness in individuals within families.

### **NU 304 Core II**

2c-01-2sh

Prerequisite: NU302

Emphasizes the involvement of nurses and nursing in selected aspects of wellness, promotion, maintenance, and restoration. The theory base for the use of the nursing process is expanded to include family, community health, and transcultural nursing concepts.

[Back to Top](#)

### **NU 305 Clinical Laboratory II**

0c-141-5sh

Prerequisite: NU303

A clinical laboratory course which enables the student to provide care to individuals and families with acute and chronic health problems across the life span. Guided experiences are provided in hospital and community- based facilities and individuals' homes. The nursing process is utilized to promote, maintain, and restore optimal wellness in individuals within families.

### **NU 322 Maintenance and Restoration of Wellness I**

3c-01-3sh

Prerequisites: NU280, NU285

Introduces pathophysiologic change in individuals across the life span and associated nursing management. Topics include caring for the individual who requires surgery or whose alteration in health is related to problems in oxygenation, nutrition, and fluid and electrolyte balance.

### **NU 323 Maintenance and Restoration of Wellness II**

3c-01-3sh

Prerequisite: NU322

Physiologic and psychologic pathology in individuals across the life span and associated nursing management. Topics include caring for the individual whose alteration in health is related to problems with reproductive, cognitive-perceptual, motor, metabolic, and eliminationfunction.

[Back to Top](#)

### **NU 402 Core III**

2c-01-2sh

Prerequisite: NU304

Emphasizes the nurse's roles as accountable provider and coordinator of care and member of a profession. The specific issues that are addressed are quality assurance in provision of patient care; rights and responsibilities of the individual, the nurse as an employee, and the employer; current environmental health concepts.

### **NU 403 Clinical Laboratory III**

0c-141-5sh

Prerequisite: NU305

A clinical laboratory course which affords the opportunity to apply the nursing process as provider and coordinator of care with individuals and families experiencing complex health care needs in a variety of health care facilities.

### **NU 404 Core IV**

2c-01-2sh

Prerequisite: NU402

Emphasizes the nurse's roles as provider and coordinator of care in health care facilities and in emergency and disaster situations. Concepts and principles related to the management of the health care team, community health, and rehabilitation are addressed.

[Back to Top](#)

### **NU 405 Clinical Laboratory IV**

0c-14l-5sh

Prerequisite: NU403

A clinical laboratory course which affords the opportunity for the application of critical thinking, health teaching, and management skills. Emphasizes development of the caregiver role in selected areas of clinical practice; development of the care provider and coordinator roles in inpatient and community settings with individuals and families experiencing complex health care needs; integration of the roles of provider and coordinator of care and member of a profession.

### **NU 422 Maintenance and Restoration of Wellness III**

3c-0l-3sh

Prerequisite: NU323

Emphasizes pathophysiology and psychopathology for understanding the complex process of the individual's adaptation to crisis. The theory base for the application of the nursing process in the care of individuals requiring hospitalization, life-sustaining treatment, intensive monitoring, and crisis intervention is discussed.

### **NU 423 Maintenance and Restoration of Wellness IV**

3c-0l-3sh

Prerequisite: NU422

Emphasizes strategies used in assisting individuals and their families in the promotion, maintenance, and restoration of optimal wellness. The theory base for the application of the nursing process when illness is being managed in acute, long-term care, and community settings is discussed.

[Back to Top](#)

### **NU 430 Nursing Research**

3c-0l-3sh

Prerequisite: MA217

Focus on evaluating research through a study of research design, methodologies, sampling, data analysis, and significance of findings. Consideration is given to issues in conducting research and the impact on problems investigated, the nurse researcher, and the consumer of research.

### **NU 480 Seminar in Nursing**

1c-0l-1sh

Prerequisites: NU280, NU285

A seminar which provides a forum for the exploration and discussion of issues relevant to the professional nurse. Emphasis is placed on the development of professional values, critical thinking, decision-making, and communication skills. A selection of topics on current issues and trends will be offered each semester; each will focus on a particular theme related to nursing practice. One credit hour of seminar is required in each semester in the upper-division nursing courses.

### **NU 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the

established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **NU 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

---

 [Table of Contents](#) | [Index of Courses](#) | [Top of Page](#)

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate.

# Office Systems

## Department of Office Systems and Business Education Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[OS281](#) [OS301](#) [OS313](#) [OS315](#) [OS400](#) [OS411](#) [OS480](#) [OS481](#) [OS482](#) [OS493](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **OS 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **OS 301 Advanced Microcomputer Applications**

3c-0l-3sh

Prerequisite: BE/CO/IM 101, or permission of instructor

Advanced applications of microcomputing software from the user perspective to enhance productivity of office employees, executive and managerial, professional, and support personnel. Comparative and evaluative techniques for appropriate selection and implementation of software. Word processing, spreadsheet, database, desktop publishing, utility, and operating system software will be emphasized.

### **OS 313 Office Systems Technologies**

3c-0l-3sh

Prerequisite: Junior standing

Emphasis on systems hardware, especially the microcomputer. Concepts and design principles common to all microprocessors are studied. Auxiliary hardware, such as reprographics, printers, modems, scanners, and laser technology will be included.

[Back to Top](#)

### **OS 315 Records Administration**

3c-0l-3sh

Prerequisite: BE/CO/IM101 or permission of instructor

Development of the goal of records administration as a system including the input, process, and output components. Records creation, records classification systems, evaluation, retention programs, manual through automated information systems, image technology, form design, record control systems, records manuals, and disaster prevention and recovery will be discussed. (Offered as OS415 prior to 1995-96)

## **OS 400 Telecommunications**

3c-0l-3sh

Prerequisite: BE/CO/IM101

Knowledge and concepts of telecommunications technology, applications, and management as they apply to office systems.

## **OS 411 Microcomputer Support for Office Systems**

3c-0l-3sh

Prerequisites: OS301, OS313, and OS400

Includes three dimensions of study relative to office systems -- helpdesk management, training and development, and ergonomics. Incorporates practical applications for delivering technical support through the operation of a helpdesk. Requires development and delivery of technological applications and a field study of ergonomic office designs.

[Back to Top](#)

## **OS 480 Seminar in Office Systems**

3c-0l-3sh

Prerequisites: Graduating seniors only or permission of instructor

Emphasis on the solving of office management problems. Provides an opportunity to integrate and apply the skills and knowledge previously gained in the Office Systems major. (Offered as AD430 prior to Summer, 1991; offered as OS430 until 1995)

## **OS 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **OS 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

## **OS 493 Internship**

var-3-6sh

Prerequisites: Approval of internship coordinator, chairperson, and dean and 2.75 overall GPA and 3.0 GPA in Business

A supervised office experience program with an approved agency (business, industry, and government).

---

# Philosophy

**Department of Philosophy and Religious Studies**  
**College of Humanities and Social Sciences**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[PH101](#) [PH120](#) [PH221](#) [PH222](#) [PH223](#) [PH232](#) [PH281](#) [PH321](#) [PH323](#) [PH324](#) [PH325](#) [PH326](#) [PH330](#) [PH400](#) [PH405](#)  
[PH410](#) [PH420](#) [PH421](#) [PH450](#) [PH460](#) [PH481](#) [PH482](#) [PH482](#) [PH493](#)

## **PH 101 Informal Logic: Methods of Critical Thinking**

3c-0l-3sh

Designed to develop students' ability to analyze critically deductive and inductive argumentation, rhetoric, and persuasion, by examples drawn from media, textbooks, advertising, scholarly works, personal contacts, etc.

## **PH 120 Introduction to Philosophy**

3c-0l-3sh

Designed to acquaint the beginning student with philosophical problems and methods in such areas as metaphysics, epistemology, logic, and value theory.

## **PH 221 Symbolic Logic I**

3c-0l-3sh

An introduction to fundamental concepts in deductive logic with an emphasis on teaching students the basis of clear logical thought. Some of the historical origins of logical theory are explored. Students learn to symbolize arguments in the truth-functional logic and the predicate logic. Ways of testing arguments for validity as well as proofs are covered, with a stressing of application to actual arguments drawn from numerous sources in the media, philosophical issues, and moral problems.

[Back to Top](#)

## **PH 222 Ethics**

3c-0l-3sh

An investigation of efforts to rationally justify moral judgment. Deals with fundamental issues such as: What is morality? Are moral notions cultural, rational, divine, or innate in origin? Are they relative or absolute? Are they freely chosen or determined by genetics and/or environment? Covers a variety of ethical theories significant both historically and contemporarily and applies those theories to current issues which involve moral dilemmas.

## **PH 223 Philosophy of Art**

3c-0l-3sh

Investigates some of the major problems in the philosophy of art, e.g., the nature of beauty and the aesthetic experience, the ethics and politics of art, creativity, the nature of the work of art and aesthetic objects, the concept of fine art, and the evaluation of works of art and aesthetic objects.

## **PH 232 Philosophical Perspectives on Love, Marriage, and Divorce**

3c-01-3sh

Examines the philosophical foundations of contemporary Western institutions and ideologies of romantic love. Considers major positions in both the history of philosophy and contemporary philosophy. Investigates the concepts, problems, and philosophical theories central to understanding romantic love, marriage, and divorce.

[Back to Top](#)

### **PH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **PH 321 Symbolic Logic II**

3c-01-3sh

Prerequisite: PH221 or permission of instructor

A continuation of Symbolic Logic I designed to enable students to evaluate consistency of statements, validity of arguments, soundness and completeness of formal systems. Focus on quantificational calculus and inductive logic.

### **PH 323 Political Philosophy**

3c-01-3sh

An inquiry into the philosophical concepts underlying the major political theories from ancient Greece to the modern era. Emphasis will be placed on major authors and texts to demonstrate a continuum of ideas and their modifications, replacement, and revival, as well as novel political ideas. Possible topics: commonality; peace; internationalism; sovereignty; nature of the state; law; the ruler; cosmopolitanism; nationalism; social contract; liberty; obligation; property; racism; sexism; slavery.

[Back to Top](#)

### **PH 324 History of Philosophy I: Ancient and Medieval**

3c-01-3sh

Western philosophy of pre-Socratic, classical Greek, Roman, and medieval periods. Special attention given to Plato, Aristotle, Augustine, and Aquinas, as well as the philosophic schools.

### **PH 325 History of Philosophy II: Renaissance and Modern**

3c-01-3sh

Continuation of PH324, beginning with 15th-century Renaissance thought and ending with the 19th-century precursors of contemporary philosophies.

### **PH 326 Phenomenology and Existentialism**

3c-01-3sh

A study of the phenomenological method as developed by Edmund Husserl and of the subsequent phenomenological movement as exemplified in the works of such representative figures as Heidegger, Merleau-Ponty, and Paul Ricoeur and of existentialism both as an independent movement of thought and as influenced by phenomenology and as exemplified in the works of such representative figures as Kierkegaard, Jaspers, Marcel, Buber, and Sartre.

[Back to Top](#)

### **PH 330 Philosophy of Science**

3c-01-3sh

An investigation into the nature of formal and empirical sciences: structure of scientific thought and its dependence upon or independence of theory; the logical and metaphysical status of scientific laws and theoretical concepts; reductionism in science; the concept of causality; the logic of explanation; problems in confirmation theory; science and value. No special background required. Recommended for math and science majors.

### **PH 400 Ethics and Public Policy**

3c-01-3sh

An analysis of the ethical dimension of public policies. Provides a general understanding of ethical theories, then focuses on their application to specific policy issues. Topics will vary from semester to semester. See current schedule of classes.

### **PH 405 Justice and Human Rights**

3c-01-3sh

An introduction to theories of justice and an analysis of the concept of human rights which is central to a just society and to much moral, political, and legal dispute. This course will explore relevant major positions in the history of philosophy, but its major focus is contemporary and raises issues such as women's rights, black rights, animal and environmental rights, welfare rights, and rights to life (or death).

[Back to Top](#)

### **PH 410 Contemporary Analytic Philosophy**

3c-01-3sh

Investigation of 20th-century Western positions such as pragmatism, logical positivism, logical and linguistic analysis.

### **PH 420 Metaphysics**

3c-01-3sh

A study of the nature of reality in general and of the main categories through which it is understood. The main topic areas of metaphysics concern: the one and the many; the relation of thought and being; the problem of universals; nominalism; realism; idealism; the nature of being, substance, essence, space, time, eternity, matter, mind; determinism and indeterminism.

### **PH 421 Theory of Knowledge**

3c-01-3sh

Investigation into problems involved in knowledge and justification and a consideration of methods suggested for their resolution. Particular attention is paid to issues such as knowledge, justification, certainty, objectivity, perception, and truth.

[Back to Top](#)

### **PH 450 Philosophy of Law**

3c-01-3sh

An examination of the nature of law and its relationship to such questions as morality, obligation, judicial review, justice, rights, punishment, liberty. The course combines philosophical theory with consideration of selected court cases to develop a philosophical and legal understanding of law and its place in society.

### **PH 460 Philosophy of Language**

3c-01-3sh

An investigation of issues in the philosophy of language and related issues in linguistics (including anthropological linguistics, sociolinguistics, and psycholinguistics). Topics include, for example, the influence of language on perception, rationalist/empiricist perspectives on language acquisition, language and political control, reference,

meaning, and truth.

### **PH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **PH 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources. May be taken more than once to a maximum of 6sh. (This option is available to both philosophy majors and nonmajors.)

### **PH 482 Independent Study: Honors Project**

3c-01-3sh

Prerequisites: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office. 3.00 QPA, 15sh in Philosophy, and 3.20 average in departmental courses

Majors in Philosophy are invited to take 3sh of independent study designated Honors Project. Upon satisfactory completion, graduation with departmental honors is possible.

### **PH 493 Internship in Philosophy**

var-3-6sh

Prerequisites: Permission of the department, junior or senior PH major or double major, 2.5 QPA

A supervised experience of no longer than one semester and no less than five weeks. This would take place in either a public or private organization in areas that either extend and develop or complement coursework in Philosophy. Log and/or major paper required. Internships are to be done with a clear analysis, argumentation, and examination of governing principles.

## **PY 101 Energy and Our Environment**

3c-0l-3sh

An overview of the areas of energy, transportation, and pollution. These topics are approached via the relevant concepts of physical science and physics. A nonlaboratory course for Liberal Studies requirements.

## **PY 111 Physics I Lecture**

3c-0l-3sh

Prerequisites: Elementary algebra and trigonometry

General college physics; mechanics, wave motion, and sound.

## **PY 112 Physics II Lecture**

3c-0l-3sh

Prerequisite: PY111

Electricity and magnetism, heat, light, atomic and nuclear physics, and an elementary introduction to relativity and quantum theory.

[Back to Top](#)

## **PY 121 Physics I Lab**

0c-3l-1sh

Corequisite: PY111

Physics laboratory at level of Physics I; exercises in mechanics, wave motion, and sound.

## **PY 122 Physics II Lab**

0c-3l-1sh

Corequisite: PY112

Physics laboratory at level of Physics II; exercises in optics, electricity and magnetism, and radioactivity.

## **PY 131 Physics I-C Lecture**

3c-0l-3sh

Prerequisites: MA121, 123, or 127, at least concurrently

A calculus-based course in general college physics; topics covered are similar to those covered in Physics 111 but are treated in more depth through the use of calculus.

[Back to Top](#)

### **PY 132 Physics II-C Lecture**

3c-0l-3sh

Prerequisites: MA122, 124, or 128, at least concurrently

Continuation of Physics I-C; topics covered are similar to those covered in Physics II but are treated in more depth through the use of the calculus.

### **PY 141 Physics I-C Lab**

0c-3l-1sh

Corequisite: PY131

Physics laboratory at same level as Physics I-C; exercises in mechanics, wave motion, and sound.

### **PY 142 Physics II-C Lab**

0c-3l-1sh

Corequisite: PY132

Physics laboratory at same level as Physics II-C; exercises in optics, electricity and magnetism, and radioactivity.

[Back to Top](#)

### **PY 150 Computer Application to Physics Laboratories**

2c-2l-3sh

Covers applications of microcomputers to laboratory data acquisition, as well as interfacing design and construction.

### **PY 151 Medical Physics Lecture**

3c-0l-3sh

Development of concepts and principles of physics with a strong emphasis as to their use and application in medical and other biophysical areas.

### **PY 161 Medical Physics Lab**

0c-3l-1sh

Corequisite: PY151

Experiments dealing with applications of physical principles to the field of medicine. Practical experience with use of electronic equipment, chart recorders, etc., of type found in modern-day medicine will be introduced.

[Back to Top](#)

### **PY 222 Mechanics I**

2c-0l-2sh

Prerequisites: PY111 or 131; MA122, 124, or 128

Dynamics of a particle in one, two, and three dimensions, central forces including planetary and satellite motion, energy in particle dynamics, statics, and systems of particles.

### **PY 223 Mechanics II**

2c-0l-2sh

Prerequisites: PY222, MA241

Mechanics of a rigid body, constraints, oscillations, wave motion, introduction to Lagrangian and Hamiltonian formulation and relativistic mechanics.

### **PY 231 Electronics**

3c-3l-4sh

Prerequisites: PY112 or 132; MA122, 124, or 128

Circuit theory, transients, transistor circuits, frequency response, input and output impedance, feedback and electronic noise. Operational amplifiers and digital electronics.

[Back to Top](#)

### **PY 242 Optics**

3c-0l-3sh

Prerequisites: PY112 or 132; MA122, 124, or 128

Geometrical optics and physical optics; including interference, diffraction, and polarization. Quantum optics is introduced.

### **PY 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **PY 299 Cooperative Education I**

var-1-3sh

Prerequisites: PY 132; completion of 30 credits with a minimum of 2.0 GPA and approval of the cooperative education coordinator

This program blends classroom theory with practical application through job-related experience. Students will work in positions offered by the participating industrial or federal/state work-study program employers under joint supervision of the Physics faculty and the on-site supervisor. A co-op student must be a full-time university student in good academic standing and be planning to return to campus for completion of his/her degree program. Evaluation requirements may include on-site visitations by the faculty/coordinator, consultation with the on-site supervisor, and a major progress report by the student or the presentation of a detailed oral report before the departmental cooperative education committee.

[Back to Top](#)

### **PY 322 Electricity and Magnetism I**

2c-0l-2sh

Prerequisite: PY222

Electrostatic potential theory, dielectrics, dipole theory, magnetostatics, Maxwell equations for static fields, and Legendre's polynomials and other approximation methods.

### **PY 323 Electricity and Magnetism II**

2c-0l-2sh

Prerequisite: PY322

Time-dependent form of Maxwell equations, electromagnetic induction, vector potential, magnetism, radiation fields, and Poynting vector.

### **PY 331 Modern Physics**

3c-0l-3sh

Prerequisites: PY112 or 132; MA122, 124, or 128

Introduction to particle and wave properties of matter, atomic structure, relativity, solid state and nuclear physics.

[Back to Top](#)

### **PY 342 Thermal and Statistical Physics**

3c-0l-3sh

Prerequisites: PY112 or 132; MA122, 124, or 128

Thermometry, laws of thermodynamics, low-temperature physics, entropy, properties of ideal gas, and an introduction to statistical mechanics.

### **PY 350 Intermediate Experimental Physics I**

0c-6l-3sh

Prerequisites: PY242 and 331

Required fundamental experiments in areas of mechanics, optics, modern physics, and heat.

### **PY 351 Intermediate Experimental Physics II**

0c-6l-3sh

Prerequisite: PY350

Increasingly sophisticated experiments in essential areas of physics. Digital computers and the Van de Graaff are available.

[Back to Top](#)

### **PY 352 Applied Physics Laboratory**

0c-6l-3sh

Prerequisites: PY 231, PY 150, or permission of instructor

In this laboratory the student is introduced to much of the fundamental equipment used in industry. The student is trained in the operation and proper use of this equipment through a series of experiments that teach him/her signal detection and analysis including data acquisition by computer. The student will receive instruction on the proper methods to be used for various oral and written presentations.

### **PY 353 Solid State Electronics Laboratory**

0c-6l-3sh

Prerequisite: PY352 or permission of instructor

In this laboratory the student will encounter a number of areas of current interest in semiconductor technology. The student will perform experiments and learn skills in such areas as device process simulation, device simulation, measurements of semiconductor materials, and measurement of device parameters. The student will also be instructed in the proper presentation of written and oral reports.

### **PY 399 Cooperative Education II**

var-1-3sh

Prerequisites: PY 299; PY 350; completion of 80 credits with a minimum of 2.5 GPA and approval of the cooperative education coordinator

A second course in cooperative education. Includes instruction that builds upon learning experiences in college by combining and correlating them with learning experiences at the training station to meet the student's career goals. Evaluation requirements may include on-site visitations by the faculty/coordinator, consultation with the on-site supervisor, and a major progress report by the student or the presentation of a detailed oral report before the departmental cooperative education committee. No more than three semester hours of PY 299, PY 399, and/or PY 493 may be used in fulfilling physics major course requirements.

[Back to Top](#)

### **PY 432 Advanced Electronics**

2c-3l-3sh

Prerequisite: PY231

Digital measurement, switching circuits, logic circuits, counting, coding, input and output, AD and DA converters, computer organization.

### **PY 472 Nuclear Physics**

3c-0l-3sh

Prerequisite: PY331

Survey of nuclear physics, nuclear size, nuclear mass, reaction theory, types of radioactive decay, nuclear models, nuclear forces, and elementary particles.

### **PY 473 Quantum Mechanics I**

4c-0l-4sh

Prerequisites: PY222 and 331

Quantum mechanics following methods of Schrodinger and Heisenberg; the theory is applied to properties of harmonic oscillator, hydrogen atom, electron in a magnetic field, and radioactive decay of alpha particles.

[Back to Top](#)

### **PY 475 Physics of Semiconductor Devices I**

3c-0l-3sh

Prerequisites: PY231, PY242, PY342, or permission of instructor

Develops the basic foundation for a study of the theory of semiconductors. Elementary quantum concepts, the band theory of solids, electrical properties of solids, effective mass theory, and principles of semiconductor devices are discussed.

### **PY 476 Physics of Semiconductor Devices II**

3c-0l-3sh

Prerequisite: PY 475 or permission of instructor

Discusses the physics and operation of a number of discrete devices including: bipolar transistors, MOSFETS, JFETS, CCDs, various diode technologies, photovoltaic and photoconductive devices, solid-state lasers, and light-emitting diodes.

### **PY 480 Seminar**

var-1sh

Speakers from within and outside the university conduct a seminar on a weekly or biweekly basis on different topics of interest in the physics community.

[Back to Top](#)

### **PY 481 Special Topics in Physics**

var-1-3sh

Prerequisite: As appropriate to course content

Varies from semester to semester and covers diverse topics in specific areas of physics. This course number is also used to offer courses under development.

### **PY 482 Independent Study in Physics**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in

conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources. Work is supervised by a physics faculty member but does not necessarily involve regular lecture or laboratory hours.

### **PY 490 Solid State Physics**

3c-0l-3sh

Prerequisites: PY223 and 331

Reciprocal lattice, crystal structure, the quantization of fields to produce quasi-particles such as phonons, magnons, excitons. Fermi gas of electrons, energy bands, semiconductor crystals, and photoconductivity.

[Back to Top](#)

### **PY 493 Internship in Physics**

var-1-3sh

Prerequisites: PY 350; completion of 90 credits with a minimum of 2.5 GPA and approval of the internship education coordinator

Supervised professional work-experience in physics and applied physics. Location, duties, internship, and hours are individually tailored to the student's career goals. A maximum of 3sh of internship in the student's major may be applied toward the physics major area elective requirements. Additional internship credit must be used as free electives. Evaluation requirements include on-site visitations by the faculty/coordinator, consultation with the on-site supervisor, and a major progress report by the student or the presentation of a detailed oral report before the departmental internship education committee.

## PS 101 World Politics

3c-0l-3sh

Analysis of contemporary (post-1945) state system and forces shaping the world in which we live. Student is given a framework within which to analyze contemporary international politics.

## PS 111 American Politics

3c-0l-3sh

Introduction to American national government and politics, emphasizing Constitution, party system, Congress, Presidency, courts, and problems in national-state relations, civil rights, foreign policy, and social and economic policies.

## PS 250 Public Policy

3c-0l-3sh

Emphasizes dynamics of government as they are evidenced in public opinion, pressure groups, political parties, and our governmental institutions; attention also directed toward the political-economical nexus within American society.

[Back to Top](#)

## PS 251 State and Local Political Systems

3c-0l-3sh

Institutions and processes of state and local governments, with special attention to Pennsylvania; emphasis on the nature of federalism, state constitutions, and role of state and local government in an urban society.

## PS 280 Comparative Government I: Western Political Systems

3c-0l-3sh

Analyzes Western political systems with emphasis upon major contemporary democratic governments of Europe. Analyzes and compares their political cultures, political institutions, and political processes.

## PS 281 Special Topics

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special

topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **PS 282 International Relations**

3c-0l-3sh

Provides a conceptual framework for understanding sovereignty, nationalism, power, security, dispute settlement, and diplomatic, legal, economic, and military relations of nation-states. (Offered as PS281 prior to June, 1991)

### **PS 283 American Foreign Policy**

3c-0l-3sh

Examines formulation and execution of American foreign policy, with attention to governmental institutions, mass media, interest groups, and public opinion; emphasizes contemporary problems.

### **PS 285 Comparative Government II: Non-Western Political Systems**

3c-0l-3sh

Analyzes major non-Western political systems with emphasis upon authoritarian and totalitarian systems. Analyzes and compares in a systematic manner their political cultures, political institutions, and political processes.

[Back to Top](#)

### **PS 300 Research Methods in Political Science**

3c-0l-3sh

Prerequisite: PS101 or PS111

An examination of the application of the scientific approach to the investigation of social and political phenomena. Concentrates on approaches, methods, and computer tools. All political science majors and minors are strongly urged to enroll.

### **PS 320 International Law**

3c-0l-3sh

Prerequisites: PS101, PS281, or permission of instructor

Study of the development, nature, and function of international law, including recent trends.

### **PS 321 International Organizations**

3c-0l-3sh

Prerequisites: PS101, PS281, or permission of instructor

Inquiry into purposes, structures, and actions of contemporary international political organizations, such as United Nations, regional, and functional organizations.

[Back to Top](#)

### **PS 346 Political Sociology**

3c-0l-3sh

Prerequisites: PS111, SO151

Examines (a) who controls the state and state policy, (b) the role the state plays in stabilizing capitalism and protecting the power of the upper class, (c) the political activities of the middle and upper class, (d) labor, civil rights, welfare rights, and social movements in America. Cross-listed in Sociology as SO458: Political Sociology.

### **PS 350 The Presidency**

3c-0l-3sh

Examination of the Office of President, with attention to constitutional foundations, evolution, structure, powers, and functions; some comparisons between presidential and parliamentary systems and between offices of President and Governor.

### **PS 351 Legislative Process**

3c-01-3sh

Functional study of legislative bodies and process of legislation, covering organization of legislative assemblies, operation of committee system, procedures, bill drafting, aides, and controls over legislation.

[Back to Top](#)

### **PS 353 American Political Parties**

3c-01-3sh

The role of people, parties, and pressure groups in politics of American democracy; attention to sectional and historical roots of national politics, voting behavior, pressure group analysis, and campaign activities.

### **PS 354 Metropolitan Problems**

3c-01-3sh

Analyzes multiplicity of problems facing our metropolitan areas. Contemporary developments such as urban renewal, shrinking tax base, federal aid to cities, subsidized mass transit, municipal authorities, and political consolidation are examined.

### **PS 355 Intergovernmental Relations**

3c-01-3sh

Explores characteristics of federal systems of government, with emphasis on theories, origins, institutions, problems in intergovernmental relations in the United States, federal systems in other nations, and trends.

[Back to Top](#)

### **PS 356 Mass Media in American Politics**

3c-01-3sh

Variant theories of the symbolic relationship between American politics and the press are examined in the light of the American colonial-national experience. The special Constitutional rights given to the media are explored, with particular attention to radio-TV.

### **PS 358 Judicial Process**

3c-01-3sh

Prerequisite: PS111

Explores nature and limits of judicial power, courts as policymaking bodies, selection of judges, decision process, external forces impinging on the courts, and role of Supreme Court in its relationship with Congress, the Presidency, and federalism.

### **PS 359 Constitutional Law and Civil Liberties**

3c-01-3sh

Prerequisite: PS111

Study of civil liberties and civil rights issues through leading Supreme Court decisions; topics treated include First Amendment rights, procedural due process and the Bill of Rights, and Equal Protection problems in civil rights.

[Back to Top](#)

### **PS 360 Classical Political Thought**

3c-0l-3sh

Restriction: Not for credit after PH323

The origins and development of Western thought from Plato and Aristotle through Cicero and Saint Aquinas. The focus is especially on political participation as a way of life, the unity of political and moral conceptions in premodern political thought, and the relationship between order and justice.

### **PS 361 Modern Political Thought**

3c-0l-3sh

Covers the major representatives of modern political thought since the Renaissance. Follows the development of the specifically modern notion of the state and political action through the works of Machiavelli, Hobbes, Locke, Rousseau, Marx, and Lenin. Emphasis on the "instrumentalist" state and the idea of a political science.

### **PS 362 American Political Thought**

3c-0l-3sh

Covers a variety of American political ideas from the Puritans through recent radical and conservative critiques of American liberal democracy. Focus on the continuing development of the idea of individual rights, the political theory of the Constitution, and the tension between classical liberalism and popular rule.

[Back to Top](#)

### **PS 370 Introduction to Public Administration**

3c-0l-3sh

Theories of organization and structural organization, personnel processes, executive functions, financial administration, the politics of administration, public relations, and problems of democratic control of bureaucracy.

### **PS 371 Issues in Public Administration**

3c-0l-3sh

Intensive study of the role of federal agencies and their administrators in determining and developing public policy. Public administration in practice is emphasized by utilizing case studies.

### **PS 377 Political Behavior**

3c-0l-3sh

Prerequisites: PC101, PS111

An interdisciplinary course which investigates the psychological bases of political behavior. Cross-listed in Psychology as PC 377: Political Behavior.

[Back to Top](#)

### **PS 380 Soviet Politics**

3c-0l-3sh

Essential features of Communist party and government of the former U.S.S.R., including geographical and historical background and ideological and theoretical foundations. PS280: Comparative Government should be taken prior to this course. (Course content is in revision to reflect changing structure.)

### **PS 382-387 Political Systems**

3c-0l-3sh

Intensive, comparative study of the government and politics of a selected region. Suggested prerequisites: PS280 and/or 285; PS382 - Africa; PS383 - Asia; PS384 - Middle East; PS385 - Central and Eastern Europe; PS387 - Latin America

### **PS 388 Political-Military Strategy**

3c-01-3sh

Prerequisites: PS281 or PS283 or MS101-102

Deals with national security problems including decision making and budgeting, levels of strategy, the utility of force, and the impact of the military on American society.

[Back to Top](#)

### **PS 389 Developing Nations**

3c-01-3sh

Suggested prerequisites: PS280 and/or 285

Political characteristics of emerging nations; impact of economic and social change upon political structure; evolving patterns of political development; and techniques of nation-building.

### **PS 480 Political Science Seminar**

3c-01-3sh

Readings and written assignments on a specific topic determined by the instructor in charge.

### **PS 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **PS 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **PS 493 Political Science Internship**

var-2-12sh

Prerequisites: 9 sh in Political Science with 2.0 QPA; PS111; approval of internship director and chairperson

Practical experience in government and politics. "Log" and research project required. Course grade determined by the instructor. Maximum of 6 sh applied to minimum in major; maximum of 3sh applied to minimum in minor.

[PC450](#) [PC480](#) [PC481](#) [PC482](#) [PC493](#)

## **PC 101 General Psychology**

3c-0l-3sh

An introduction to the scientific study of behavior and mental processes.

## **PC 280 Psychological Inquiry**

3c-0l-3sh

Prerequisites: PC101, Psychology minors

Introduces students minoring in Psychology to issues central to carrying out and interpreting empirical research in the field. Students will become more sophisticated consumers of empirical research findings. Students who have successfully completed PC290 are not permitted to take this course for credit.

## **PC 290 Research Design and Analysis I**

3c-2l-4sh

Prerequisites: PC101, MA217

A laboratory course devoted to designing, conducting, and evaluating results of psychological experiments.

[Back to Top](#)

## **PC 291 Research Design and Analysis II**

3c-2l-4sh

Prerequisites: PC101, "C" or better in PC290

A continuation of Research Design and Analysis I.

## **PC 310 Developmental Psychology**

3c-0l-3sh

Prerequisite: PC101

Comprehensive study of all factors that contribute to human development from conception to death, particularly as they relate to psychological development of individual. A survey course directed at students not planning to take PC311, 312, or 373. Students may receive credit towardsthe Psychology major or minor for only one of PC310, PC311, or PC315.

## **PC 311 Child Psychology**

3c-0l-3sh

Prerequisite: PC101

Study of factors that influence total development and behavior of child. Current theories and research are considered, with focus upon optimum development of individual. Credit toward a major or minor in psychology will not be given for both PC310 and 311.

[Back to Top](#)

### **PC 312 Adult Development and Aging**

3c-01-3sh

Prerequisite: PC101

A survey of physiological, cognitive, emotional, and social issues affecting the young adult, the middle-aged, and the elderly. Includes an examination of significant adult life crises.

### **PC 315 Experimental Development Psychology**

3c-21-4sh

Prerequisite: PC280 or PC290

The course will study human development from conception to death with emphasis on the physical, cognitive, and emotional domains. Students will be involved in observation and data collection.

### **PC 320 Personality**

3c-01-3sh

Prerequisite: PC101

Provides comparative analysis of major representative traditional and contemporary theories of personality.

[Back to Top](#)

### **PC 321 Abnormal Psychology**

3c-01-3sh

Prerequisite: PC101

The description, causes, and treatment of behaviors labeled abnormal in our society are studied from experimental and clinical points of view.

### **PC 322 Introduction to Psychological Measurement**

3c-01-3sh

Prerequisites: PC101, MA217

Survey of psychological measurement techniques, with emphasis on theoretical assumptions underlying these techniques and discussion of interpretation and limitations of measuring instruments.

### **PC 330 Social Psychology**

3c-01-3sh

Prerequisite: PC101

The study of the effects of the social environment on human behavior. Topics include perception of person, attitude formation and change, and small-group interaction. Students may not receive credit toward psychology major or minor for both PC330 and PC335.

[Back to Top](#)

### **PC 331 Environmental Psychology**

3c-01-3sh

Prerequisite: PC101

The study of the relationship between human behavior and its environmental context. Emphasis on the physical

environment, both natural and built.

### **PC 335 Experimental Social Psychology**

3c-21-4sh

Prerequisite: PC280 or PC290

A laboratory course in the effects of the social environment on human behavior. Topics include perception of persons, attitude formation and change, and small-group interaction. Includes experience with social psychological research methods. May not be taken for credit by students who have completed PC330.

### **PC 341 Conditioning and Learning**

3c-21-4sh

Prerequisites: PC101, 290

Examination of the basic principles of learning and related phenomena; discussion of classical conditioning, discrimination learning, and aversive control of behavior.

[Back to Top](#)

### **PC 342 Human Cognition: Memory and Thinking**

3c-21-4sh

Prerequisites: PC101, 290

Study of methods and findings in areas of human memory and human information processing. Students may not receive credit towards the psychology major or minor for both PC342 and PC345.

### **PC 345 Introduction to Human Cognition**

3c-01-3sh

Prerequisite: PC101

This course is designed to provide an overview of cognitive psychology. The Information Processing Model is contrasted with its predecessor, Behaviorism, and its contemporary challenger, Connectionism.

### **PC 350 Physiological Psychology**

3c-21-4sh

Prerequisites: PC101, 290

Study of the relationship between behavior and the anatomy and physiology of the nervous system. Students may not receive credit towards the Psychology major or minor for both PC350 and PC356.

[Back to Top](#)

### **PC 355 Comparative Psychology**

3c-01-3sh

Prerequisite: PC101

Survey of animal behavior patterns and control mechanisms including learning, development, communication, and social behavior. Emphasis is on the relationship of the animal to its environment and on the relationship of animal models to human behavior.

### **PC 356 Biopsychology**

3c-01-3sh

Prerequisites: PC101

Study of the relationship between behavior and the anatomy and physiology of the nervous system.

**PC 371 Human Motivation**

3c-0l-3sh

Prerequisite: PC101

Systematic study of how behavior is initiated, sustained, directed, and terminated. Current theories in this area are critically reviewed.

[Back to Top](#)

**PC 372 Drugs and Behavior**

3c-0l-3sh

Prerequisites: PC101 and junior standing or permission

Survey of the current knowledge concerning the actions of drugs. Topics will include legal and social issues surrounding drug use, hazard potential of commonly used drugs, review of current theories and issues regarding the use of drugs in psychotherapy, and consideration of treatment approaches for addiction.

**PC 374 Stress and Coping**

3c-0l-3sh

Prerequisite: PC101

Fundamental concepts and findings in stress and stress-related disorders. Relationships of stress to disease and methods for coping with stress are presented.

**PC 375 Mass Media and Behavior**

3c-0l-3sh

Prerequisites: PC 101 and junior or senior status

Theory and research on the influence of the mass media on human behavior and attitudes. Topics include: the effects of news and political advertising on public opinion; the effects of racist and sexist portrayals; and the effects of violence and pornography on aggressive behavior. (Also offered as CM 375; may not be taken for duplicate credit)

[Back to Top](#)

**PC 376 Psychology of Health Behavior**

3c-0l-3sh

Prerequisite: PC 101

An examination of the role of behavior factors in health status with a strong focus on preventive health behaviors and the role of the psychologist in promotion of health-related behavioral changes.

**PC 378 Psychology of Death and Dying**

3c-0l-3sh

Prerequisite: PC101

Theories and research which delineate the psychological factors affecting the dying person as well as those persons close to one who is dying are discussed.

**PC 379 Psychology of Human Sexuality**

3c-0l-3sh

Prerequisite: PC101

Provides an overview of the psychological issues and research relevant to sexuality with an emphasis on gender roles. Social, psychological, and gender perspectives are used to examine a number of topics, including contemporary sexual attitudes, sexual response, sexual relationships, sexual dysfunction, sexual variations, sexual preference, and sexual violence. Research pertaining to each topic is presented. Students are encouraged to critically evaluate research and theory and to make connections between the material and their personal experience.

[Back to Top](#)

### **PC 390 Industrial-Organizational Psychology**

3c-0l-3sh

Prerequisites: PC101, MA214/217

The study of psychological principles in work organizations; application of psychological theory to the understanding and explanation of individual behavior and experience in work organizations. May not be taken for credit by students who successfully completed PC425. (Formerly PC420)

### **PC 410 Historical Trends in Psychology**

3c-0l-3sh

Prerequisite: PC101, junior or senior standing or permission

Comprehensive overview of historical antecedents of contemporary psychology with emphasis on their implications for future developments in the field.

### **PC 411 Psychology of Women**

3c-0l-3sh

Prerequisites: PC101, junior or senior standing or permission of the instructor

A critical examination of the assumptions about women which are held by the discipline of psychology, considering both current research and individual experience. The psychological effects of socialization on sex role identity, achievement, interpersonal power, mental health, and critical incidents in female development are discussed in the context of relevant concepts from developmental and social psychology.

[Back to Top](#)

### **PC 421 Psychology of Work**

3c-0l-3sh

Prerequisite: PC291

The analysis, measurement, prediction, and development of human aptitude, ability, and performance in work and employment situations.

### **PC 425 Experimental Organizational Psychology**

3c-21-4sh

Prerequisite: 12 credits of psychology (including PC290, beyond PC101)

Introduces the student to theory, research, and methods in the investigation of human behavior and experience in organizations. Both classical and current literature in the field are discussed. In addition to lecture, students will conduct empirical research projects.

### **PC 450 Introduction to Clinical Psychology**

3c-0l-3sh

Prerequisites: PC101, 320, 321, and permission of instructor

Overview of clinical psychology, with emphasis on clinician's use of methods of evaluation and on treatment and modification of behavior.

[Back to Top](#)

### **PC 480 Honors Seminar in Psychology**

3c-0l-3sh

A seminar in the graduate tradition with a specialized topic. May be taken more than once to a maximum of 6sh.

### **PC 481 Special Topics in Psychology**

var-1-3sh

Prerequisites: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper-level undergraduate students. May be taken more than once to a maximum of 6sh.

### **PC 482 Independent Study in Psychology**

var-1-3sh

Prerequisites: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Individual students pursue their particular interests in psychology in consultation with a member of the staff. May be taken more than once to a maximum of 6sh. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **PC 493 Psychological Practicum**

var-1-12sh

Prerequisites: PC101 and department consent

Under supervision of psychology department, selected students receive experience in application of psychological techniques. May be taken more than once to a maximum of 12sh.

## Quantitative/Business

**Department of Management Information Systems and Decision Sciences**  
**Eberly College of Business**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[QB215](#) [QB281](#) [QB380](#) [QB401](#) [QB481](#) [QB482](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **QB 215 Business Statistics**

3c-0l-3sh

Prerequisites: MA121, MA214

Expands upon the probabilistic concepts developed in MA 214 to orient the student toward managerial decision making using quantitative methodologies. Topics covered include classical regression analysis, forecasting, Bayesian decision theory, linear programming, and simulation.

### **QB 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A giventopic may be offered under any special topic identity no more than three times. Special topics numbered 281 are primarily for lower-level undergraduate students.

### **QB 380 Introduction to Management Science**

3c-0l-3sh

Prerequisite: QB215

Discussion and application of mathematical models used in managerial decision making. Linear programming, Markov processes, queuing theory, EOQ models, and simulation techniques are among the topics covered.

[Back to Top](#)

### **QB 401 Forecasting Methods for Business**

3c-0l-3sh

Prerequisite: QB 215

This course is designed to train the students to understand the nature of forecasting problems and the techniques of forecasting methods and their business applications. Computer statistical packages are incorporated into the course so that forecasting methods and models can be applied to real-world problems, and the relationships that exist between variables can be examined.

### **QB 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **QB 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Regional Planning

**Department of Geography and Regional Planning**  
**College of Humanities and Social Sciences**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[RP213](#) [RP281](#) [RP313](#) [RP314](#) [RP316](#) [RP332](#) [RP333](#) [RP350](#) [RP352](#) [RP354](#) [RP412](#) [RP415](#) [RP417](#) [RP458](#) [RP464](#) [RP468](#)  
[RP481](#) [RP482](#) [RP493](#)

## **RP 213 Cartography I**

3c-0l-3sh

Introduces students to principles of thematic map construction. Emphasis is on the techniques of choropleth mapping and the production of scientific graphs and charts. (Also offered as GE 213; may not be taken for duplicate credit.)

## **RP 281 Special Topics**

3c-0l-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students. (May also be offered as GE 281; may not be taken as duplicate credit under same title)

## **RP 313 Cartography II**

3c-0l-3sh

Prerequisite: RP 213

Gives an understanding of the compilation and use of maps and quantitative data. Develops skills essential to the construction of various types of maps. (Also offered as GE 313; may not be taken for duplicate credit)

[Back to Top](#)

## **RP 314 Map and Photograph Interpretation**

3c-0l-3sh

Maps and air photographs, along with remote sensing materials, permit inventory and analysis of geologic, land use, urban development, and other landscape phenomena. The understanding of these materials and associated tools for their use is presented. (Also offered as GE 314; may not be taken for duplicate credit)

## **RP 316 Introduction to Geographic Information Systems**

3c-0l-3sh

Prerequisite: RP 213, or equivalent, or permission of instructor

Automated methods for creating, maintaining, and analyzing spatial data are presented. Topics include 1) specialized GIS hardware and software, 2) vector vs. raster vs. object-oriented spatial data structures, 3) creation and manipulation of geographic data files, 4) data base design and management concepts, 5) spatial analysis, and 6) cartographic design. (Also offered as GE 316; may not be taken for duplicate credit)

### **RP 332 Urban Geography**

3c-0l-3sh

Basic concepts of urban geography including site, situation, function, urban land use, urban structure, and urban hierarchy are introduced. Relationships between urban geography and urban planning are explored. (Also offered as GE332; may not be taken for duplicate credit)

[Back to Top](#)

### **RP 333 Trade and Transportation**

3c-0l-3sh

Deals with the spatial aspects of transportation systems and their use. Circulation, accessibility, time and distance concepts, and trade patterns are discussed. (Also offered as GE 333; may not be taken for duplicate credit)

### **RP 350 Introduction to Planning**

3c-0l-3sh

Introduction to the profession and activity of contemporary American urban and regional planning. Course emphasis is placed on land use control, design, growth management, and development regulation. The legal and institutional bases of planning practice are covered as well. (Offered as GE360, Introduction to Planning prior to 1996-97)

### **RP 352 Planning Methods**

3c-0l-3sh

Prerequisite: RP 350

Research, analytical design, and plan-making techniques in urban and regional planning. Examines basic items necessary to prepare urban and regional comprehensive plans. (Also offered as GE 352; may not be taken for duplicate credit.) (Offered as GE361, Planning: Basic Studies and Analysis prior to 1996- 97)

[Back to Top](#)

### **RP 354 Planning Design**

3c-0l-3sh

Prerequisite: RP 350

Presents concepts of city, subdivision, and transportation design in relation to topography, natural resources, and other physical elements. (Offered as GE 463, Planning: Design prior to 1996-97)

### **RP 412 Research Seminar**

3c-0l-3sh

Prerequisite: RP468

This senior seminar and workshop is a capstone course that focuses on recent research in the major field. Students carry out a research project on a topic of local or regional importance. (Also offered as GE 412; may not be taken for duplicate credit) (Offered as GE 312, Research in Geographical Planning prior to 1996-97)

### **RP 415 Remote Sensing**

3c-0l-3sh

Deals with air photographs, satellite imagery, thermal sensing, and radar imagery and their application to deriving information about the earth's physical and cultural landscapes. (Also offered as GE 415; may not be taken for duplicate credit)

[Back to Top](#)

### **RP 417 Geographic Information Systems Applications Development**

3c-0l-3sh

Prerequisite: RP 316 Introduction to GIS

A project-based class in which students learn the skills to develop and maintain a Geographic Information System. Through cooperative learning students will design and implement functional systems. Methods for designing GIS systems to user specification, data collection, data input, project management, and system documentation are covered. (Also offered as GE 417; may not be taken for duplicate credit)

### **RP 458 Land Use Law**

3c-01-3sh

Prerequisite: RP 350

Introduces students to principles of land use law. The course focus is on federal constitutional principles and key Supreme Court cases, especially as they relate to actions of local units of government and municipal planning practice. The course deals with the present state of land use law and with current trends and issues.

### **RP 464 Land Use Policy**

3c-01-3sh

Prerequisite: RP 350

Introduces students to and provides an overview of land use issues at the regional, state, and federal levels. Emphasis is placed upon the evolution of contemporary policy strategies, constitutional issues, and regional controversies involved in the regulation of metropolitan growth, central city decline, and management of public lands. (Also offered as GE 464; may not be taken for duplicate credit)

[Back to Top](#)

### **RP 468 Planning Theory**

3c-01-3sh

Prerequisite: RP 350, RP 352, RP 354, or permission of instructor

Seminar on contemporary debates concerning planning traditions, principles, and practices. The activity of planning is investigated from several theoretical frames and analytic positions. (Offered as GE 462, Planning: Development, Principles, and Theory prior to 1996-97)

### **RP 481 Special Topics**

3c-01-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students. (May also be offered as GE 481; may not be taken for duplicate credit under same title)

### **RP 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through advisor, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **RP 493 Internship**

var-1-12sh

Professional learning experience with emphasis on application of academic background. Open to majors and minors in regional planning with a total of 57 semester hours and 15 hours in the major. See internship supervisor for additional information.

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate.

# Rehabilitation

Department of Special Education and Clinical Services  
College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[RH200](#) [RH211](#) [RH220](#) [RH281](#) [RH312](#) [RH321](#) [RH322](#) [RH360](#) [RH410](#) [RH412](#) [RH422](#) [RH460](#) [RH481](#) [RH482](#) [RH484](#)  
[RH488](#) [RH493](#)

## **RH 200 Introduction to Rehabilitation**

3c-0l-3sh

A foundation for subsequent courses in the rehabilitation sequence. It is also available as a prerequisite or basic course for students interested in the rehabilitation of individuals in our society. Content includes the philosophy, history, major concepts, and current problems and issues.

## **RH 211 Medical Aspects of Rehabilitation**

3c-0l-3sh

Provides an overview of the etiology and pathology of a range of medical disorders which often require rehabilitative services. Emphasis is placed upon the psychosocial and functional effects of these disorders, vocational implications, and rehabilitative needs.

## **RH 220 Neurological Basis of Disability**

3c-0l-3sh

Prerequisites: EX111, RH200, BI155 or HP221

Study of the brain and spinal cord with emphasis on cortical and subcortical mechanisms instrumental in normal motion, coordination, and bodily sensation, exclusive of vision and hearing. Discussion and demonstration of conditions of cerebral palsy, poliomyelitis, traumatic paraplegics, cerebrovascular accident, Parkinson's disease, multiple sclerosis, and rehabilitative procedures.

[Back to Top](#)

## **RH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **RH 312 Psychological Basis of Disability**

3c-0l-3sh

Study of emotional and social responses which govern behavior and relationships of handicapped individuals and rehabilitation workers alike, with emphasis on the role of disability in formation of the concept of human worth.

## **RH 321 Principles and Methods of Rehabilitation**

3c-01-3sh

Prerequisites: RH220, RH312, and permission of instructor

Delineates the roles of members of professional disciplines of medicine, psychology, prosthetics, orthodontics, audiology, speech pathology, physical and occupational therapy in restoration of the handicapped; use of diagnostic information; significance and interpretation of medical examination; role of rehabilitation counselor in the agency.

[Back to Top](#)

## **RH 322 Rehabilitation Case Study and Interpretation**

3c-01-3sh

Prerequisites: RH220, RH312, or permission of instructor

Purpose and techniques of case history taking; meaning and evaluation of diagnostic information; psychological evaluation in terms of mental ability, personality, attitudes, and dexterity skills; role of disabled individual's family in planning of services; referrals and report writing.

## **RH 360 Rehabilitation Counseling: Strategies**

3c-01-3sh

Prerequisites: Permission, Rehabilitation majors only

Designed to help students develop competencies in using various counseling techniques with handicapped persons. Various theories of counseling will be explored relative to the rehabilitation setting. It will provide basic counseling skills to upperclass Rehabilitation majors prior to field training.

## **RH 410 Vocational Assessment in Rehabilitation Counseling**

3c-01-3sh

Prerequisites: EX111, RH220, or faculty permission

Provides students with an overview of vocational assessment techniques and instruments for use with rehabilitation clients who are blind, deaf, mentally retarded, or severely physically handicapped. Includes discussion of rehabilitation evaluation.

[Back to Top](#)

## **RH 412 Occupational Aspects of Rehabilitation**

3c-01-3sh

Prerequisites: RH220 or permission of instructor

The realism of the world of work and relationship of gainful employment to human autonomy and decision making. Types of jobs, levels of required skills, potential capabilities of the disabled relative to specific job responsibilities, methods of assessing potential job success, and sheltered workshops.

## **RH 422 Current Topics in Rehabilitation**

3c-01-3sh

Taken concurrently with RH488 and RH493

Discussion of current topics of interest in the field, such as state and federal legislation, new prosthetic advances, proposals of the National Rehabilitation Association, or recent techniques in working with specific disabilities.

## **RH 460 Advanced Rehabilitation Counseling**

3c-01-3sh

Prerequisite: RH360

Selected counseling techniques studied and practiced under supervision. Application will be utilized in roles that will approximate the kind of clients encountered in field training.

[Back to Top](#)

### **RH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **RH 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **RH 484 Directed Rehabilitation Activities**

var-3sh

Prerequisites: Permission, Rehabilitation majors only

Pre-field training experience working with handicapped clients in local facilities. Concrete experience will help the students integrate classroom instruction with field experiences.

[Back to Top](#)

### **RH 488 Field Training in Rehabilitation I**

var-6sh

Prerequisites: All major courses in program

Emphasizes development of the student rehabilitation coordinator by working with disabled clients in a public or private agency. Writing and analysis of case reports, counseling of clients, understanding of agency responsibilities and limitations, referral, follow-up, and final evaluation of the client's ability to function with various degrees of autonomy. Taken concurrently with RH493 and RH422.

### **RH 493 Field Training in Rehabilitation II**

var-6sh

Prerequisite: All major courses in program

Provides a second field experience. Taken concurrently with RH488 and RH422.

---

# Religious Studies

Department of Philosophy and Religious Studies  
College of Humanities and Social Sciences

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[RS100](#) [RS110](#) [RS200](#) [RS210](#) [RS250](#) [RS260](#) [RS281](#) [RS290](#) [RS311](#) [RS312](#) [RS329](#) [RS360](#) [RS365](#) [RS370](#) [RS375](#) [RS380](#)  
[RS410](#) [RS440](#) [RS481](#) [RS482](#) [RS482](#) [RS493](#)

## **RS 100 Introduction to Religion**

3c-0l-3sh

An introduction to the academic study of religion through an examination of various dimensions of religious expression and traditions. The course will cover such areas as problems about definition of religion; approaches to the study of religion; the goals, language, and rituals of religion; cases of religious experience; faith, disbelief, and alternatives to religion; religion and the sociocultural context.

## **RS 110 World Religions**

3c-0l-3sh

A comparative study of the history, teaching, and rituals of the major religions of the world and their influence on contemporary society. A nonsectarian approach to religions such as Native American religion, Afro-American religion, Judaism, Christianity, and Islam in relationship to Hinduism, Buddhism, Confucianism, Taoism, and Shinto.

## **RS 200 Religion and Culture: Their Interaction**

3c-0l-3sh

A systematic study of the interaction of religions and various components of culture, as a way of understanding the phenomenon of religion. The approach is functional and descriptive; it uses case studies which are chronologically and culturally diverse, covering such areas as religion and politics, economics, arts, science, and literature.

[Back to Top](#)

## **RS 210 World Scriptures**

3c-0l-3sh

Major sacred writings of Hindu, Buddhist, Zoroastrian, Moslem, Confucian, Taoist, and Judeo-Christian traditions will be studied from point of view of their religious significance.

## **RS 250 Understanding the Bible**

3c-0l-3sh

An introduction to scholarly methods and major themes necessary to understand the Hebrew Scriptures and the New Testaments of the Judeo-Christian tradition.

## **RS 260 American Religious Development**

3c-0l-3sh

A survey and analysis of topics which depict the role of religion in the U.S., e.g., American Indian religion; religion

and the discovery/colonization/immigration trends of the U.S.; religion and the Constitution; indigenous religious movements; black religion; ecumenism; atheism; cults; mass media and religion; religion in Indiana County.

[Back to Top](#)

### **RS 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **RS 290 Christianity**

3c-01-3sh

A study of the beliefs, practices, significant persons, history, and cultural impact of Christianity.

### **RS 311 Eastern Philosophy**

3c-01-3sh

An examination and critique of the philosophies which have shaped Eastern world views and ways of life as found in a representative sampling of Chinese, Japanese, and Indian thought.

[Back to Top](#)

### **RS 312 Archaeology and the Bible**

3c-01-3sh

An investigation of religious-historical traditions of the Bible in light of archaeological research. Will include study of archaeological method and interpretation, discoveries in Egypt, Mesopotamia, and Syro-Palestine as background for understanding the traditions and religious practices and beliefs of Israel, and special questions surrounding the Patriarchal narratives, the Exodus and Conquest, Israel under David and Solomon, the Dead Sea Scrolls, and New Testament times.

### **RS 329 Philosophy of Religion**

3c-01-3sh

This course is a philosophical critical examination of religion to include: the nature of religion; religious argumentation; existence and nature of God; meaning and relation of faith and knowledge; theories of origin or religion. (Offered as PH329 prior to 1995-96)

### **RS 360 African Religions**

3c-01-3sh

An examination of the nature of African traditional religion and how traditional religion, Islam, and Christianity coexist and influence each other.

[Back to Top](#)

### **RS 365 Native North American Religions**

3c-01-3sh

An introduction to the indigenous religions of North America and to the peoples who practice these rich and varied approaches to the sacred. This course not only examines major religious themes and dimensions (myth, ritual, ethics, etc.) but includes an historical perspective on North American Indian lifeways. This perspective involves discussion of the clash with Euro-American values and contemporary native religious responses to social crisis and change.

### **RS 370 Religions of China and Japan**

3c-0l-3sh

A study of Confucianism, Taoism, Buddhism, Shinto, and popular religion in China and Japan, including historical and theological foundations, development of thought, contemporary expressions, and encounters with the modern world.

### **RS 375 Religions of India**

3c-0l-3sh

A study of Hinduism, Indian Buddhism, Jainism, and Sikhism, including historical and theological foundations, development of thought, contemporary expressions, and encounters with the modern world.

[Back to Top](#)

### **RS 380 Islam**

3c-0l-3sh

A study of Islam including historical and theological foundations, developments of thought, contemporary expressions, and encounters with the modern world.

### **RS 410 History of Christian Thought I**

3c-0l-3sh

The development of Christian thought approached through an in-depth study of selected writings from the early Church Fathers to the Protestant Reformers.

### **RS 440 History of Christian Thought II**

3c-0l-3sh

An examination of Christian thought, approached through in-depth study of selected writings from major theologians of the 19th and 20th centuries.

### **RS 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper-level undergraduate students.

[Back to Top](#)

### **RS 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Individual students wishing to pursue religious studies interests not covered in the department's regular offering may do so by approval. Upon approval students are guaranteed at least five hours of faculty time per credit. All programs of study must be accepted by the department as a whole. May be taken more than once to maximum of 6sh. (This option is available to both Religious Studies majors and nonmajors.)

### **RS 482 Independent Study: Honors**

3c-0l-3sh

Prerequisites: 3.00 QPA, 15sh in Religious Studies, and 3.20 average in departmental courses

Majors in Religious Studies are invited to take 3sh of independent study- designated Honors Project. Upon satisfactory completion, graduation with departmental honors is possible.

## **RS 493 Internship in Religious Studies**

6-12sh

Prerequisites: Junior or senior; Religious Studies major or double major; 2.5 QPA in major; department approval  
Supervised experience in a public or private organization which extends and complements coursework in Religious Studies.

# Respiratory Care

## Allied Health Professions Programs College of Health and Human Services

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[RT326](#) [RT327](#) [RT328](#) [RT329](#) [RT330](#) [RT331](#) [RT333](#) [RT334](#) [RT335](#) [RT336](#) [RT337](#) [RT426](#) [RT427](#) [RT428](#) [RT429](#)  
[RT430](#) [RT431](#) [RT433](#) [RT434](#) [RT436](#) [RT437](#) [RT438](#) [RT481](#)

### **RT 326 Respiratory Care Clinical Practice I**

var-3sh

First exposure to patient care. Introduction and practice of basic respiratory care treatment modalities receive emphasis.

### **RT 327 Pharmacology**

3c-0l-3sh

Introduction to pharmacology and therapeutics. Emphasis placed on the drugs used in respiratory care. Drug classification, action, usage, dosage, and availability will be discussed.

### **RT 328 Introduction to Respiratory Care**

4c-0l-4sh

Topics include medical terminology and an overview of cellular structure and function. Emphasis is placed on neurophysiology, respiratory anatomy, and physiology.

[Back to Top](#)

### **RT 329 Respiratory Care Instrumentation**

4c-0l-4sh

Introduction to basic respiratory care equipment and related procedures. Special emphasis will be placed upon the rationale and techniques of oxygen administration.

### **RT 330 Cardiopulmonary Resuscitation**

2c-0l-2sh

Comprehensive analysis of the principles and practices of numerous methods of resuscitation.

### **RT 331 Introduction to Ventilator Management**

1c-0l-1sh

This course is designed to establish competence in changing ventilator tubing circuitry in the laboratory situation. Introductory principles, techniques, and theory of ventilator application will also be explored.

### **RT 333 Respiratory Care Clinical Practice II**

var-4sh

Treatment procedures introduced in Clinical I are continued with greater emphasis on independence. Specialty rotations are added to broaden exposure to respiratory care and critical care.

[Back to Top](#)

### **RT 334 Respiratory Care Instrumentation and Application**

4c-01-4sh

Provides students with a comprehensive knowledge of mechanical ventilation. The care of critically ill and physiologic consequences of mechanical ventilation will be discussed.

### **RT 335 Nursing Arts**

3c-01-3sh

An overview of the history of respiratory care and nursing. Topics include medical records, infection control, sterilization, and psychosocial aspects of illness.

### **RT 336 Cardiopulmonary Evaluation and Clinical Correlation**

4c-01-4sh

Disease states of the pulmonary and related systems are investigated in progression from etiology through treatment and prognosis.

[Back to Top](#)

### **RT 337 Introduction to Pulmonary Function Studies**

1c-01-1sh

The student is introduced to the basic principles of lung volumes, capacities, and their measurement. Blood gas sampling and electrodes are also explored.

### **RT 426 Respiratory Care Clinical Practice III**

var-5sh

Respiratory care treatment procedures are continued with emphasis on improving proficiency and refining skills. Students will make rounds with physicians.

### **RT 427 Applied Pulmonary Physiology**

4c-01-4sh

Various aspects of pulmonary physiology will be discussed and applied to acid-base and blood gas analysis and interpretation.

[Back to Top](#)

### **RT 428 Essentials of Electrocardiography**

2c-01-2sh

Designed to acquaint the student with basic principles in cardiac electro-diagnostics. Topics include the technique of ECG testing and fundamentals of ECG arrhythmia recognition.

### **RT 429 Design and Function of a Respiratory Care Program**

2c-01-2sh

Basic management principles as they apply to the hospital setting; in particular, respiratory care departments and schools will be discussed.

### **RT 430 Pulmonary Function Studies**

2c-01-2sh

Prerequisite: RT337

Principles, techniques, and equipment employed in pulmonary diagnostics are explored. Diagnostic studies include basic spirometry, flow-volume loops, diffusion studies, exercise testing, bronchoprovocation studies, and small airways diagnostics.

[Back to Top](#)

### **RT 431 Pediatric Respiratory Care**

1c-01-1sh

Prerequisites: RT334 and RT336

The application of respiratory care to children ages six months to fifteen years is explored. Cardiopulmonary pathophysiology and treatment for the following disorders are discussed: Croup, Epiglottitis, Asthma, Cystic Fibrosis, Congenital Heart Defects, Abdominal and Chest Wall Defects.

### **RT 433 Respiratory Care Clinical Practice IV**

var-5sh

Rotations on treatment and intensive respiratory care are continued. Advanced rotations are included.

### **RT 434 Neonatal Respiratory Care**

3c-01-3sh

Basic terminology, anatomy, and pathophysiology of obstetric, fetal, neonatal, and pediatric patients will be presented.

[Back to Top](#)

### **RT 436 Respiratory Care Teaching**

2c-01-2sh

An introduction to respiratory education.

### **RT 437 Methods in Critical Care**

2c-01-2sh

Critical Care diagnostic and therapeutic modalities pertinent to respiratory care will be discussed. Topics include invasive and noninvasive cardiac monitoring, pulmonary monitoring, neurological assessment, ventilator commitment, and discontinuance.

### **RT 438 Cardiopulmonary Rehabilitation**

1c-01-1sh

Techniques and principles associated with cardiopulmonary rehabilitation programs are surveyed. Topics also include the management of chronic pulmonary disease in the home and the application of respiratory equipment and mechanical ventilators in this setting.

[Back to Top](#)

### **RT 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## SA 101 Introduction to Occupational Safety and Health

3c-0l-3sh

Covers theory and history of industrial hazard control, effects of hazards and failures on organizational control and productivity, safety and health legislation, accident causation, organization and administration of safety and health programs, aspects of recognizing, evaluating, and understanding control of safety and health hazards, acquiring hazard data, hazard analytical tools, communication techniques in safety and health management, and the role of interfacing management systems in hazard control.

## SA 102 Introduction to Mine Safety and Health

3c-0l-3sh

Designed to provide the student with an in-depth background of the problems involving mine safety. An historical approach to coal and mineral mining is reviewed; legislative influences such as the Federal Coal Mine Health and Safety Act, the Metal and Nonmetal Mine Health and Safety Act, and the Occupational Safety and Health Act are discussed in depth; mining techniques, methods, and systems are discussed. Management of mine health and safety programs is presented. Federally mandated training of employees is covered. [Offered occasionally]

## SA 111 Principles of Industrial Safety I

3c-0l-3sh

Prerequisite: SA101 or SA102

Stresses understanding the complexity of industrial hazard control problem by thoroughly examining elements of safety and health enumerated in OSHA-promulgated standards. Emphasis given to plant layout and design, materials handling, machine guarding, walking and working surfaces, hazardous materials and combustible liquids, boilers, and unfired pressure vessels.

[Back to Top](#)

## SA 211 Principles of Industrial Safety II

3c-0l-3sh

Prerequisite: SA101 or SA102

Stresses understanding the complexity of the industrial hazard control problem by thoroughly examining elements of safety and health enumerated in the OSHA-promulgated standards. Emphasis on welding and cutting operations, electrical safety, chemical safety, personal protective equipment, industrial sanitation, and construction safety.

## SA 231 Principles of Mine Safety I

3c-0l-3sh

Prerequisite: SA102

Focuses on the various aspects of mining operations such as slope and shaft development; mine design; ground control; hoisting; man-trips; haulage; mining equipment; mine emergency planning and procedures; mine communications and maintenance. [Offered occasionally]

### **SA 232 Principles of Mine Safety II**

3c-01-3sh

Prerequisite: SA102

Covers surface mining operations such as slope stability, equipment, ground water, and control. Mine-related processing operations are discussed. Provides an in-depth study of the various controls of electrical hazards and ignition sources such as permissible equipment and electrical distribution systems. The uses of explosives and blasting practices, handling, storing, and transportation with emphasis on causes of explosion involving dust and gases are discussed. [Offered occasionally]

[Back to Top](#)

### **SA 245 Product Safety**

3c-01-3sh

Prerequisite: MA217

Traces flow of applicable legislation dealing with consumerism and product safety. Corporate liability for product safety emphasized through case studies. Student familiarized with evolving role of Consumer Product Safety Commission. Corporate management of product development and safety detailed with emphasis on systems safety analysis, standards, and product testing. (Numbered SA445 prior to 1989)

### **SA 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **SA 299 Cooperative Education I**

0c-01-0sh

Prerequisites: Approval of academic adviser, co-op coordinator, and department chairperson

The initial experience in a program designed to combine classroom theory with practical application through job-related experiences. The course is open to SA majors and minors usually in their sophomore year. Students are employed by organizations outside western Pennsylvania where there is an ongoing hazard control program under the direction of an experienced professional. The student is required to be in good academic standing and to serve a minimum of two alternating work experiences.

[Back to Top](#)

### **SA 301 Health Hazard Identification**

3c-01-3sh

Prerequisites: CH102, PY111, MA122, BI155

Provides an understanding of the primary health hazards found in industry and their effects on the human body. Students learn to recognize hazards involved with air contaminants, noise, heat, radiation, chemicals on the skin, and other stressors. Emphasis is placed on the study of occupational disease, industrial toxicology, and use of threshold limit values.

### **SA 303 Control of Health Hazards**

3c-0l-3sh

Prerequisites: SA301, PY112, MA217

Study of engineering, administrative, and personal protective equipment as methods of reducing or eliminating hazards to the health of industrial workers. Topics covered include industrial ventilation, noise control, heat control, radiation control, personal protective equipment, and industrial health program.

### **SA 311 Industrial Fire Protection**

3c-0l-3sh

Prerequisites: CH102, PY112, SA211

Introduces fundamental concepts in protection of industrial workers and property from fire and explosion. Fire chemistry, control of ignition sources in industry, and properties of combustible materials are discussed. Fire detection and extinguishment are covered along with building construction for fire prevention, life safety, fire codes, and related topics.

[Back to Top](#)

### **SA 345 Systems Safety Analysis**

2c-3l-3sh

Prerequisites: SA111, SA211, MA217

Focuses on the evaluation of system designs using detailed system analysis techniques. Topics covered include system definition, economics of systems safety, systems safety methodology, ergonomic approaches, mathematics of system analysis, including statistical methods, Boolean algebra, and reliability. Preliminary hazard analysis, task analysis, failure mode and effect analysis, fault tree analysis, and exercises in the application of fault tree analysis to hardware and man/machine systems. Practical analysis work is accomplished in laboratory sessions.

### **SA 347 Ergonomics**

2c-3l-3sh

Prerequisites: SA301, BI155

An exploration of the principles which control human performance and its effect upon the safety and reliability of systems. Engineering anthropometry, biomechanics of motion and work posture, work physiology, and performance measurement are covered in the context of their application in workplace design. Students will be instructed in methodologies for analysis tasks and human performance requirements. Important human limitations are studied in laboratory sessions.

### **SA 370 Fleet Safety**

3c-0l-3sh

Prerequisites: SA101, junior standing

Includes topics involved with the development and operation of motor fleet safety programs: driver selection and training, accident investigation and recordkeeping, equipment safety features, preventive maintenance, and driver incentive programs.

[Back to Top](#)

### **SA 380 Institutional Safety Management**

3c-0l-3sh

Prerequisite: Junior standing

Historical aspects of safety for both private and public institutions; introduction to trends in liability and institutional safety regulations. Distinctions will be made between employee, visitor, and patient hazards and their control.

### **SA 399 Cooperative Education II**

0c-0l-0sh

Prerequisite: SA 299

A second experience in a program designed to combine classroom theory with practical application through job-related experiences. The course is open to SA majors and minors usually in their junior or senior year. Students are employed by organizations outside western Pennsylvania where there is an ongoing hazard control program under the direction of an experienced safety professional. The student is required to be in good academic standing and to serve a minimum of two alternating work experiences.

### **SA 401 Mine Ventilation**

2c-3l-3sh

Prerequisites: PY112, SA102, MA122, or consent

Study of mine ventilation principles and practices which provide a basic knowledge in design and operation of mine ventilation systems. The topics of airflow physics, ventilation standards, fan fundamentals, pressure losses, required air flows, and overall design are discussed. Specific problems in mine ventilation will be solved. [Offered occasionally]

[Back to Top](#)

### **SA 402 Health Hazard Evaluation**

2c-3l-3sh

Prerequisites: SA301, PY112, MA217

A lecture/laboratory course which provides a basic understanding of techniques used in measuring and evaluating the magnitude of health hazards in industry. Laboratory sessions provide experience in air sampling, noise measurement, heat measurement, particle size analysis, chemical analysis, and evaluation of industrial ventilation systems.

### **SA 412 Evaluation of Safety Program Effectiveness**

3c-0l-3sh

Prerequisites: MA 217, junior standing

Teaches reasons and importance of evaluating the effect of safety and health innovations on organization performance, devising measuring systems capable of extracting accurate, meaningful data, methods of collecting, codifying, and processing accident-injury information, and utilization of data retrieval systems.

### **SA 441 Accident Investigation**

3c-0l-3sh

Prerequisites: SA101, junior standing or consent

Focuses on various aspects of accident investigation such as recent theories associated with accident causes, investigative techniques, data acquisition, structure of investigative reports, management responsibilities, and remedial actions. Particular emphasis on determining sequence of events to develop management actions which will prevent recurrence of accidents.

[Back to Top](#)

### **SA 461 Air Pollution**

3c-0l-3sh

Prerequisite: SA301 or consent

Focuses on various major aspects of the air pollution problem. Includes sources of pollution, evaluation and engineering of pollutants, government regulations, atmospheric chemistry and dispersion, and human and nonhuman effects. Particular emphasis on information that is practical for the safety management, industrial health, or environmental health professional.

### **SA 462 Radiological Health**

3c-0l-3sh

Prerequisite: SA301 or consent

Study of problems associated with ionizing radiation in human environment. Emphasis given to biological effects, radiation measurement, dose computational techniques, exposure control, and local and federal regulations. Study and use of various radiological instruments included.

### **SA 472 Process Safety in the Chemical Industry**

3c-0l-3sh

Prerequisites: SA301, SA311, SA345, and senior standing, or permission of instructor

This course is designed to cover all important aspects of loss prevention as it is practiced in the chemical process industries. Its objective is to prepare the safety professional so that he/she may be able to work more effectively with chemists and chemical engineers in joint hazard identification, evaluation, and control projects. (Numbered as SA 482 prior to 1989)

[Back to Top](#)

### **SA 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **SA 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **SA 488 Internship**

12sh

Prerequisites: Senior standing, all required courses in major, minimum of 2.8 overall and 3.0 GPA in major, and consent

This course is a practicum conducted at an approved occupational setting up to 500 miles away from IUP. Students are required to conduct four major projects over the course of the summer. One project will be from each of the following areas: Safety Management, Industrial Safety, Industrial Hygiene, and Fire Protection. Students are accountable to an on-site supervisor and are required to remain in close contact with a Safety Sciences faculty coordinator. Offered in summer only.

[Back to Top](#)

### **SA 493 Internship**

var-6sh

Prerequisite: Senior standing, all required courses in major

All Safety Sciences majors are expected to take this course. It is conducted away from the university at various industrial enterprises. Students are required to provide their own transportation. Intended to allow the student to apply hazard assessment and safety management practices to actual industrial situations while at same time being exposed to complexities of industrial environment.

# Science

## College of Natural Sciences and Mathematics

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[SC101](#) [SC102](#) [SC103](#) [SC104](#) [SC105](#) [SC106](#) [SC281](#) [SC481](#) [SC482](#)

### SC 101 Fundamentals of Physics

2c-2l-2.5sh

Prerequisite: Elementary Education major or instructor permission

A conceptual course in physics for Elementary Education majors. High school physics is not a prerequisite. Class and lab presentations concentrate upon dispelling naive concepts and developing a better understanding and appreciation of the physical world. The topics of motion, heat, light, sound, electricity, magnetism, and the nucleus are presented in context with our everyday experiences. This course does not fulfill the Liberal Studies requirement except for majors in Elementary and Early Childhood Education.

### SC 102 Fundamentals of Chemistry

2c-2l-2.5sh

Prerequisite: Elementary Education major or instructor permission

A survey of chemical principles and concepts. The nature of chemical reactions as applied to technology and its applications to society. The world of consumer chemistry will be explored. The goal is to develop a chemical literacy for the student. A series of laboratory exercises develops concept understanding and process skills. Some individual and group projects will be included. This course does not fulfill the Liberal Studies requirement except for majors in Elementary and Early Childhood Education.

### SC 103 Fundamentals of Earth and Space Science

2c-2l-2.5sh

Prerequisites: SC101, SC102

Introduction to geology, astronomy, oceanography, and meteorology for Elementary Education majors. Emphasis is placed on the understanding of large-scale processes and how the earth, solar system, and universe work. Lab experiences include hands-on work with earth materials and with instruments from all of our subjects, map, and field trips which may occur during class times, nights, and weekends. This class does not fulfill the Liberal Studies requirement except for majors in Elementary and Early Childhood Education.

[Back to Top](#)

### SC 104 Fundamentals of Environmental Biology

2c-2l-2.5sh

Prerequisites: SC101, SC102

A basic introduction to the major concepts and principles of ecology and their application to modern living for majors in Elementary and Early Childhood Education.

### SC 105 Physical Science I

3c-2l-4sh

A descriptive and conceptual course in physics for the non-Science major. High school physics is not a prerequisite. Course content is designed to develop an understanding and appreciation of the physical world around us, to produce changes in attitude and background essential for our modern society, and to clarify the following topics: motion, heat, sound, light, electricity, magnetism, and the structure of matter.

## **SC 106 Physical Science II**

3c-2l-4sh

A basic course in environmental and consumer chemistry for the non-Science major. High school chemistry is not a prerequisite. Major topics include humankind's use and abuse of soil, water, air and energy resources, global food production and hunger, the nuclear industry, and the threat of nuclear war. Consumer topics include vitamins and nutrition, food additives, pesticides, and drugs.

[Back to Top](#)

## **SC 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **SC 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **SC 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

## SO 151 Principles of Sociology

3c-0l-3sh

Scientific study of structure and functioning of human societies, with special attention to factors responsible for the organization and transformation of sociocultural systems. Specific course content varies from one instructor to another.

## SO 231 Contemporary Social Problems

3c-0l-3sh

Exploration of some pressing problems currently endemic to Western society. Problems are defined and solutions explored in light of historical, political, economic, social, and anthropological data.

## SO 233 Language and Culture

3c-0l-3sh

Focuses on social and cultural functions of language. Particular emphasis on analysis of non-Western languages. (Previous title: Cultural Symbolism: Language in Culture and Society)

[Back to Top](#)

## SO 251 Sociology of Human Sexuality

3c-0l-3sh

In-depth analysis of a formerly taboo topic, human sexuality. Current information from biological, psychological, and sociological research on human relationships is presented to provide a foundation for self-understanding and societal values.

## SO 271 Cultural Area Studies: Africa

3c-0l-3sh

Explores the cultural diversity of the continent of Africa. The first unit examines the historical processes which shape modern society, including the formation of indigenous African empires, the evidence for trade routes, slave trading, and colonialism. The second unit examines the nature of African traditional societies, including analyses of forager and agricultural groups. The last unit covers issues of contemporary development in Africa such as famine and agricultural policy, the status of women in economic development, and apartheid. Reading includes ethnographic and historical accounts of African society as well as selections by African writers on the issues of contemporary society. (Also offered as AN271; may not be taken for duplicate credit)

### **SO 272 Cultural Area Studies: China**

3c-0l-3sh

Designed to assist the student in developing an understanding of contemporary China. While the course will begin with prehistoric and historic aspects of China, the focus will be on contemporary issues presented in the context of sociological theory. Specific Chinese cultural components that will be investigated include values, attitudes, norms, social organization, linguistics, and folklore. (Also offered as AN272; may not be taken for duplicate credit)

[Back to Top](#)

### **SO 273 Cultural Area Studies: Southeast Asia**

3c-0l-3sh

An introduction to the peoples and cultures of Southeast Asia. Prehistory and the development of indigenous states in Southeast Asia and analysis of impact of world religions, such as Islam, and Western colonialism. Also examines modern hunter-gatherer and farming societies and discusses contemporary issues in social and economic change, including the "Green Revolution," tropical deforestation, the struggle of ethnic minority tribal peoples, and the plight of Indochinese refugees. (Also offered as AN273; may not be taken for duplicate credit)

### **SO 274 Cultural Area Studies: Latin America**

3c-0l-3sh

An introduction to the peoples and cultures of Latin America. Focuses on the prehistory and development of pre-Columbian complex societies in Mesoamerica and the Andes and analyzes the impact of European colonialism on these major regions. Also examines contemporary issues, such as civil wars, economic development, rural-urban migrations, and migration and immigration of Latin American peoples into the United States. (Also offered as AN274; may not be taken for duplicate credit)

### **SO 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **SO 286 Marriage, Kinship, and the Family**

3c-0l-3sh

Sociological and anthropological study of patterns of marriage, kinship, and family life, with emphasis on the relationship between family patterns and other social institutions. Topics covered include the family and marriage in historical and comparative perspective; worldwide patterns of gender stratification; incest and incest avoidance; class and race contexts of family patterns; mate selection and love; parenthood and child rearing; domestic and sexual violence; alternative family lifestyles; and the current crisis and possible future of the family. Intended for a broad audience but also open to sociology and anthropology majors and minors. (Also offered as AN286; may not be taken for duplicate credit)

### **SO 301 Clinical Sociological Theory**

3c-0l-3sh

Prerequisite: SO151

Develops an understanding of how to use micro and macro sociological theory to analyze, assess, and diagnose human problems. Employing case studies, prepares students to do casework and help solve interpersonal, group, and organizational problems. Also seeks to acquaint students with the broader professional activity of human services.

### **SO 302 Clinical Sociological Practice**

3c-0l-3sh

Prerequisite: SO301

Prepares the student to effect constructive change within individuals, groups, families, and communities. Draws its analysis, diagnosis, and methods from the foundations of sociological theory at the level of intervention with clients.

[Back to Top](#)

### **SO 303 Social and Cultural Change**

3c-0l-3sh

Prerequisite: SO151

Exploration of current theoretical perspectives on social and cultural change. Special attention given to planned change at the local or regional level.

### **SO 314 Native Americans**

3c-0l-3sh

Survey of culture history and culture area characteristics of Indians of North America. Detailed study of representative groups related to historical, functional, and ecological concepts. (Previous title: Ethnology of North American Indians)

### **SO 320 Sociological Theory**

3c-0l-3sh

Prerequisites: SO151 and second-semester sophomore standing

Detailed survey of the historical development of sociological theory from the mid-19th century to the present. Treats the classical theorists Marx, Durkheim, and Weber, and such contemporary theoretical schools as functionalism, Marxian and Weberian conflict theory, cultural materialism, social evolutionism, rational choice theory, symbolic interactionism, ethnomethodology, sociobiology, structuralism, and postmodernism. Students are encouraged to take this course in the second semester of their sophomore year or during their junior year.

[Back to Top](#)

### **SO 333 Delinquency and Youth**

3c-0l-3sh

Prerequisite: SO151

Study of social and cultural factors involved in various youth lifestyles, including delinquency. Cross-cultural and historical approach used in a review of social norms, social control, and socialization institutions and community-based programs for rehabilitation.

### **SO 335 Alcohol and Drug Abuse**

3c-0l-3sh

Prerequisite: SO151

Examines the social issues and problems of alcohol and drug misuse in American society. Legal and illegal substances will be considered, and the causes of substance abuse as well as alternatives will be examined.

### **SO 336 Sociology of the Family**

3c-0l-3sh

Prerequisite: SO151

Sociological study of the family from various theoretical viewpoints. Special emphasis will be placed on the contemporary American family. A variety of topics will be covered such as mate selection, power relationships and roles in the family, parent-child interaction, marital satisfaction, divorce, and others.

[Back to Top](#)

### **SO 337 World Societies and World Systems**

3c-01-3sh

Prerequisite: One of the following: AN110, EC101 or 121, GE230, HI202, PS101 or 282, SO151

Detailed analysis of the evolution of human societies, with special emphasis on the modern world system of societies that began to emerge in the 16th century and that has since expanded to include the entire globe. Topics include societies during the preindustrial era; the emergence of modern capitalism in the 16th century; relations between developed and less-developed societies in the modern world; the ascent and decline of nation-states in the modern world; the current plight of the Third World; the rise and demise of socialism in the 20th century; and various scenarios for the human future.

### **SO 340 Sociology of Industry**

3c-01-3sh

Prerequisite: SO151

Examination of industrial organizations and their environments. Production systems analyzed in terms of different forms of organization, e.g., bureaucratic, power-equilibrium, and worker-participation. Special attention paid to who defines production, how such definitions are legitimized, and how constraints are placed on such definitions by union and other political organizations.

### **SO 341 Sociology of Education**

3c-01-3sh

Prerequisite: SO151

Examines the place of education in society. Special attention to the development of education in America and its relation to political and economic phenomena. Some attention given to education in other industrial and agrarian societies.

[Back to Top](#)

### **SO 342 Social and Cultural Aspects of Health and Medicine**

3c-01-3sh

Prerequisite: 6sh in Sociology or Anthropology

Review of the fields of medical sociology and anthropology. Focuses on such topics as health and illness in cross-cultural context, aging, social and psychological aspects of pain, and social organization of health facilities and services. Definitions of limits of "life" and "death" in context of holistic health.

### **SO 345 Interpersonal Dynamics**

3c-01-3sh

Prerequisite: SO151

Study of the interaction between and among individuals and groups in various social settings. Emphasis on self-understanding, small groups, socialization, social influence and compliance, person perception, collective behavior, and mass communication.

### **SO 348 Sociology of Work**

3c-01-3sh

Prerequisite: SO151

Focuses upon the sociological examination of the various forms of labor, employment, and unemployment present in industrial societies. Examines the nature of work and unemployment in the modern era and how these forms are being transformed in the present period.

[Back to Top](#)

### **SO 352 Sociology of Religion**

3c-01-3sh

Prerequisite: SO151

Nature, role, and function of religious phenomena in human societies will be explored with special attention to certain critical issues as they relate to religion and politics and religion and economics. Some fundamental modes of religious life including ritual forms and mythic expressions will be examined. Other themes such as revitalization movements and processes of secularization in modern societies will be included.

### **SO 357 Sociology of Aging**

3c-01-3sh

Prerequisite: SO151

Introduction to various problems faced in the process of growing older. Attitudes of society toward elderly and social and cultural impact of an aging U.S. population examined.

### **SO 361 Social Stratification**

3c-01-3sh

Prerequisite: SO151

Examines leading perspectives in the major sociological subfield of social stratification. Attention drawn to different ways of ranking people in human societies, issues concerning the distribution of income and wealth, the role of political power in determining who gets what, and the causes and consequences of social inequality for specific groups. (Offered as SO435 prior to 1993-94)

[Back to Top](#)

### **SO 362 Racial and Ethnic Minorities**

3c-01-3sh

Prerequisite: SO151

Examines from an historical and comparative perspective the experiences of minority groups, with special emphasis on economic and political domination, stereotyping, prejudice, and discrimination. Techniques of majority group domination and the responses of minority groups are discussed. Various reasons for the different rates and patterns of assimilation are explored.

### **SO 363 Sociology of Sex and Gender**

3c-01-3sh

Prerequisite: SO151

Explores current perspectives on the situations faced by women and men, primarily in the United States. Examines issues such as the impact of sex and gender on socialization, the construction of knowledge, intimate relationships, paid work, family relationships, health, and issues of change. (Offered as SO354 prior to 1993-94)

### **SO 380 Social Research Methods**

3c-01-3sh

Prerequisites: 9sh in sociology and junior standing

Examines diverse research designs used in the social sciences, i.e., survey, field study, experiment, documentary, and existing statistical data. Focuses both on logic and practice of social research. Students choose a number of mini-projects or a major research project. (Offered as SO455 prior to 1993-94)

[Back to Top](#)

### **SO 421 Sociology of Mass Media**

3c-01-3sh

Prerequisite: SO151

Examines the development of mass media as dominant cultural forms within advanced industrial societies in the 20th

century. Emphasizes critical understanding of the sociohistorical development, the underlying assumptions, and the social implications of the advance of mass media.

### **SO 427 Spouse Abuse**

3c-0l-3sh

Prerequisite: SO151

Considers the range of theoretical explanations for the pervasive violence between husband and wife. Particularly examines the research on wife battering and the implications of this research for programs and policies assisting both the victim and the abuser.

### **SO 428 Child Abuse**

3c-0l-3sh

Prerequisite: SO151

Examines the prevalence, causes, and social implications of physical, sexual, emotional, and neglect forms of child abuse in society. Child abuse will be studied from the individual, family, and societal level perspectives. Potential intervention strategies will also be considered.

[Back to Top](#)

### **SO 448 Social Policy**

3c-0l-3sh

Prerequisite: SO151

Focuses on the formation of social welfare programs in the U.S., current social policy issues, and debates between conservative, liberal, and social democratic policy analysts. Special attention drawn to various social problems and a range of social policies designed to ameliorate the economic disadvantages of single individuals, single parents, and two-parent families. Also devoted to understanding the relationship between social policy, research, and implementation.

### **SO 456 Field Research Methods**

3c-0l-3sh

Prerequisite: SO455 or permission

Examination of methods and practice of sociology and anthropology in the areas of qualitative and field methods. Concentrates upon the development of field notes, interviewing techniques, participant observation, etc. Qualitative methods of sampling and analysis will include theoretical sampling and analytic induction. Brief background research into community, organizational, and group structure will also be emphasized.

### **SO 457 Computer Use in Sociology**

3c-0l-3sh

Prerequisite: Permission of the instructor

Introduces students to use of microcomputers in social science research and practice. Uses a variety of software for clinical sociological applications as well as quantitative analysis of social scientific data. These include client information systems, field notes and downloading such notes, exchanging information between agencies, and statistical analyses for program evaluation and forecasting.

[Back to Top](#)

### **SO 458 Political Sociology**

3c-0l-3sh

Prerequisite: SO151

Examination of the social context of power and politics, with special reference to such topics as who controls the state and state policy; the role of the state in stabilizing capitalism and protecting the power of the upper class; political

activities of the middle and upper classes; and labor, civil rights, and welfare rights social movements in America. Especially considers the problems of conducting and implementing social policy research for social change. Cross-listed in Political Science as PS346: Political Sociology.

### **SO 459 Development of Social Services**

3c-0l-3sh

Prerequisite: Permission of the instructor

Examination of ideological and institutional conditions which shape health, unemployment, social security, and welfare services.

### **SO 480 Sociology Seminar**

var-1-3sh

Prerequisite: SO151

Seminar for advanced students devoted to an intensive analysis of specialized issues within the discipline.

[Back to Top](#)

### **SO 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper-level undergraduate students.

### **SO 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

An opportunity for students to engage in an in-depth analysis of some topic through consultation with a faculty member. A semester project ordinarily expected. Approval is based on academic appropriateness and availability of resources.

### **SO 483 Readings in Sociology**

var-1-3sh

Prerequisite: SO151

Directed readings on special topics in sociology.

[Back to Top](#)

### **SO 493 Internship in Sociology**

var-3-12sh

Prerequisite: Permission of the instructor

Supervised experience in public or private organizations that extends and complements coursework at the university.

## **SP 101 Elementary Spanish I**

4c-0l-4sh

For beginning students. Primary emphasis is on aural/oral skills. Students will learn to converse and ask questions in simple present time and become acquainted with location of Hispanic populations and elements of their daily lives. Attendance is required.

## **SP 102 Elementary Spanish II**

4c-0l-4sh

A continuation of SP101. Students will learn to express past and future time. They will continue to learn about Hispanic countries and their cultures. Attendance is required.

## **SP 111 Intensive Elementary Spanish**

var-6sh

Student completes sequence in one semester (6sh). Using Dartmouth Intensive Language Model (DILM), sections emphasize mastery of spoken language as well as basic language skills. Classes are 45 minutes each; drill sessions are 40 minutes each and meet Monday through Friday.

[Back to Top](#)

## **SP 121 Spanish for Health Care Professionals I**

3c-0l-3sh

For beginning students in nursing and other health-related programs. Primary emphasis is on aural/oral skills. Students will learn to converse and ask questions related to health care settings in simple present time and near future. They will also become acquainted with Hispanic populations and elements of their daily lives. Class and language lab attendance are required. A student may receive credit for only one course from SP 101, 111, 121, or 131.

## **SP 122 Spanish for Health Care Professionals II**

3c-0l-3sh

Prerequisite: SP 121 or equivalent

A continuation of SP 121 for students in nursing and other health-related programs. Primary emphasis is on aural/oral skills. Students will learn to express past and future time in health care settings. They will read articles about medical issues and short stories which concern health care themes in Hispanic cultures. Class and language lab attendance are required. A student may receive credit for only one course from SP 102, 211, 122, or 132.

### **SP 131 Spanish for the Hospitality Industry I**

3c-0l-3sh

Similar to SP 101 but with a special emphasis on the vocabulary and structures used in the hospitality industry: hotel and restaurant management, tourism, and marketing. Class and language lab attendance is required. A student may receive credit for only one course from SP 101, 111, 121, or 131.

[Back to Top](#)

### **SP 132 Spanish for the Hospitality Industry II**

3c-0l-3sh

Prerequisite: SP 131 or equivalent

Similar to SP 102 but with a special emphasis on the vocabulary and structures used in the hospitality industry: hotel and restaurant management, tourism, and marketing. Class and language lab attendance is required. A student may receive credit for only one course from SP 102, 211, 122, or 132.

### **SP 201 Intermediate Spanish**

4c-0l-4sh

Prerequisite: SP102 or equivalent

A continuation of previous work on listening, speaking, reading, and writing skills. Students will learn to function in everyday situations, expressing opinions and doubts, and narrating and describing in present, past, and future time. Exposure to cultural concepts through literary readings. Liberal Studies credit is given.

### **SP 211 Intensive Intermediate Spanish**

var-6sh

Student completes sequence in one semester(6 sh). Using Dartmouth Intensive Language Model (DILM), students develop language skills with emphasis on oral competency. Classes are 45 minutes each; drill sessions are 40 minutes each and meet Monday through Friday.

[Back to Top](#)

### **SP 221 Intermediate Spanish Conversation**

3c-0l-3sh

Prerequisite: SP201 or equivalent

Intensive work on oral communication skills with emphasis on vocabulary building, pronunciation, and discourse strategies. Required for all majors and minors.

### **SP 222 Intermediate Spanish Conversation-Business**

3c-0l-3sh

Prerequisite: SP201 or equivalent

Same as SP221 but with a special emphasis on the vocabulary and structures used in the business world. Substitutes for SP221.

### **SP 223 Intermediate Spanish Conversation-Criminology**

3c-0l-3sh

Prerequisite: SP201 or equivalent

Same as SP221 but with a special emphasis on the vocabulary and structures used in law enforcement and criminal justice. Substitutes for SP221.

[Back to Top](#)

### **SP 230 Intermediate Spanish Composition**

3c-01-3sh

Prerequisite: SP221 or concurrent registration

Intensive practice in written expression in Spanish. Both communicative and structural skills are stressed. Taught in Spanish. Required for all majors and minors. This course is approved to meet the Liberal Studies requirement for a writing-intensive course for majors.

### **SP 244 Modern Mexico**

3c-01-3sh

Prerequisite: SP 201 or equivalent and participation in the Mexico Summer Study Abroad Program

This course, taught in Mexico as part of the study abroad program, introduces students to the contemporary culture of the largest Spanish-speaking country in the world. A historical perspective is provided within which to understand current phenomena. Textbook readings are supplemented with readings from literary works and current periodicals. Students will gain firsthand experience both through field trips and by living with a Mexican family. Taught in Spanish.

### **SP 260 Introduction to Hispanic Literature**

3c-01-3sh

Prerequisite: SP230 or equivalent

This course is a prerequisite for any 300- or 400-level course in Hispanic literatures. Designed to provide students with the tools necessary for developing literary competence, the course combines a study of literary genres and analysis with an introduction to the literatures of Spain and Spanish America. Taught in Spanish. Required for all majors and minors.

[Back to Top](#)

### **SP 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **SP 290 Spanish for Elementary Teaching**

3c-01-3sh

Prerequisite: SP201 or equivalent oral proficiency rating. For students enrolled in the FLISET Program

This course is designed for elementary education/early childhood majors who are completing the FLISET Program. The purpose of the course is to increase the students' proficiency in Spanish and to prepare them for an internship in an elementary school abroad. Emphasis is placed on vocabulary acquisition and on strengthening of listening and speaking abilities in Spanish. Through in-class interaction and practice in the language laboratory, students improve their linguistic skills, learn the language necessary for dealing with elementary-age children, and acquire basic vocabulary for teaching the content areas of the elementary school curriculum.

### **SP 321 Advanced Spanish Conversation**

3c-01-3sh

Prerequisite: SP230 or equivalent

Extensive practice in oral communication skills. Emphasis is placed on developing fluency in speaking over a wide range of topic areas. Required for all majors and minors.

[Back to Top](#)

### **SP 340 Hispanic Civilization Through the 19th Century**

3c-01-3sh

Prerequisite: SP230 or equivalent

An introduction to the significant aspects of the culture of both Spain and Spanish America. Elements for explanation and discussion are drawn from artistic, literary, religious, geographic, social, and political manifestations of Hispanic culture as these have revealed themselves through the 19th century. Taught in Spanish. Required for all majors and minors.

### **SP 342 Twentieth-Century Spanish Civilization and Culture**

3c-01-3sh

Prerequisite: SP230 or equivalent

An analysis of the major cultural trends in 20th-century Spain as they relate to its current problems, aspirations, and values. Elements for explanation and discussion are drawn from artistic, literary, religious, geographic, social, and political manifestations. Taught in Spanish; offered alternate years. (May not duplicate credit for SP382 taken in Valladolid)

### **SP 344 Twentieth-Century Spanish-American Civilization and Culture**

3c-01-3sh

Prerequisite: SP230 or equivalent

An analysis of the major cultural trends in 20th-century Spanish America as they relate to its position in the world. Elements for explanation and discussion are drawn from artistic, literary, religious, geographic, social, and political manifestations, including indigenous cultural influences. Taught in Spanish; offered alternate years.

[Back to Top](#)

### **SP 353 Spanish Phonetics and Phonemics**

3c-01-3sh

An introduction to the phonological study of the sounds and training in pronunciation. The student will learn the theoretical basis for understanding the Spanish sound system and will perfect pronunciation through classroom practice and tapings. The course is taught in Spanish. Required for Spanish Education majors; highly suggested for Spanish majors.

### **SP 354 Commercial Spanish**

3c-01-3sh

Prerequisite: SP230 or equivalent

Designed especially for majors in Spanish for International Trade, this course has three focuses: it teaches students how to do business communications in Spanish; it teaches the vocabulary necessary for dealing with all aspects of trade and commerce; and it introduces students to the special concerns and practices of business in the Spanish-speaking world. Taught in Spanish.

### **SP 362 Survey of Peninsular Literature**

3c-01-3sh

Prerequisite: SP260 or permission

A course designed to introduce students to a careful and critical reading of literary texts from Spain read either in their entirety or in select passages. Taught in Spanish; offered alternate years.

[Back to Top](#)

### **SP 364 Survey of Spanish-American Literature**

3c-01-3sh

Prerequisite: SP260 or permission

A course designed to introduce students to a careful and critical reading of Spanish-American literary texts read either

in their entirety or in select passages. Taught in Spanish; offered alternate years.

### **SP 382 -389 Pennsylvania-Valladolid Program**

18sh

Prerequisite: SP230 and SP260 or permission

Contact chairperson, Department of Spanish and Classical Languages. Courses taken in Valladolid include the following and SP482: Independent Study (3sh). Descriptions below.

#### **SP 382 Contemporary Spain**

3sh

Prerequisite: SP230 and SP260 or permission

Gives the student a general view of Spain today in the areas of society, economy, and political institutions. (See SP342)

[Back to Top](#)

#### **SP 383 Geography and History of Spain**

3sh

Prerequisite: SP230 and SP260 or permission

Students will be introduced to a panorama of Spanish physical, social, and economic geography including the recent autonomic division of the country and the communication among the autonomies. Students will also review the history of Spain from the 15th century to the present with special emphasis on today's Spanish institutions.

#### **SP 384 History of Spanish Art**

3sh

Prerequisite: SP230 and SP260 or permission

Students will be exposed to the richness of art in the Iberian Peninsula and in particular in the area of Madrid and Castilla-Leon. They will study the evolution of Spanish art in history, giving more emphasis to contemporary tendencies.

#### **SP 385 Survey of Spanish Literature**

3sh

Prerequisite: SP230 and SP260 or permission

Students will be introduced to a general study of Spanish literature from its origin to the present time. Students will learn to appreciate and analyze the different literary genres. Emphasis will be placed on 20th-century literature.

[Back to Top](#)

#### **SP 389 Theory and Practice of Spanish Language**

3sh

Prerequisite: SP230 and SP260 or permission

Students will be introduced to Spanish syntax, morphology, and the Spanish language lexicon. They will be introduced to familiar and formal conversation and to idiomatic expressions used in everyday situations.

#### **SP 390 Teaching of Elementary Content Through the Spanish Language**

3c-0l-3sh

Prerequisites: Passage of a language proficiency examination and permission of the instructor

The student will study current theories of language acquisition processes in children and will develop foreign language instructional objectives and activities which integrate language and cultural learning with the content areas of the elementary school curriculum. Through hands-on practice, the student will develop techniques for teaching functional

language, planning lessons, testing language skills, setting curricular objectives, and selecting/designing materials appropriate to the needs and interests of elementary school foreign language learners.

### **SP 400 History of the Spanish Language**

3c-0l-3sh

Prerequisite: SP230 or equivalent

Traces phonological, morphological, lexical, and syntactical evolution of Castilian dialect from its origins in vulgar Latin through its development, perfection, and ultimate recognition as the official language of Spain and Spanish America. Places Castilian linguistically with relation to other Romance languages and considers features peculiar to Spanish of Latin America. Taught in Spanish.

[Back to Top](#)

### **SP 402 Translation and Interpretation**

3c-0l-3sh

Prerequisite: SP230 and SP321

Fundamental translation skills for use in business and industry as well as in academic and popular fields.

### **SP 403 Applied Linguistics**

3c-0l-3sh

Prerequisite: SP230

An introduction to Spanish linguistics for students who have had no previous experience in linguistics. Students will study the application of areas such as phonology, morphology, syntax, and semantics and will explore issues in psycholinguistics and sociolinguistics. Taught in Spanish.

### **SP 404 Advanced Spanish Grammar**

3c-0l-3sh

Prerequisites: SP221 or equivalent and SP230 and senior standing or departmental permission

An in-depth study of Spanish syntax and morphology. Taught in Spanish. Required for all majors.

[Back to Top](#)

### **SP 410 Medieval Literature**

3c-0l-3sh

Prerequisite: SP260 or permission

Reading and discussion of various medieval genres: brief prose narrative, epic, lyric, and didactic poetry, prose, and medieval drama. Taught in Spanish; offered in four-year rotation.

### **SP 411 Golden Age Literature**

3c-0l-3sh

Prerequisite: SP260 or permission

Analysis of themes, motifs, and stylistic devices of Spanish poetry, novel, and theater of the Renaissance and Baroque. Taught in Spanish; offered in four-year rotation.

### **SP 412 The Spanish Novel of the 19th and 20th Centuries**

3c-0l-3sh

Prerequisite: SP260 or permission

Analysis of selected novels from three major periods: the 19th century, the Generation of 1898, and the post Civil War. Taught in Spanish; offered in four-year rotation.

[Back to Top](#)

### **SP 413 Spanish Poetry of the 19th and 20th Centuries**

3c-0l-3sh

Prerequisite: SP260 or permission

Study and analysis of lyric poetry in Spain from 19th-century poetry through modernism and its evolution to the present. Taught in Spanish; offered in four- year rotation.

### **SP 420 Modern Hispanic Theater**

3c-0l-3sh

Prerequisite: SP260 or permission

Study and analysis of modern dramatic works from Spain and Spanish America. Particular emphasis will be given to the representational aspect of the works. Taught in Spanish; offered in four-year rotation.

### **SP 421 Modern Hispanic Short Story**

3c-0l-3sh

Prerequisite: SP260 or permission

The critical analysis of short stories by Spanish and Spanish-American authors. Taught in Spanish; offered in four-year rotation.

[Back to Top](#)

### **SP 430 Twentieth-Century Spanish-American Prose**

3c-0l-3sh

Prerequisite: SP260 or permission

Traces literary expressions from the turn of the century to the present in the major prose expressions of the essay, the short story, and the novel. Taught in Spanish; offered in four-year rotation.

### **SP 431 Spanish-American Poetry**

3c-0l-3sh

Prerequisite: SP260 or permission

A study of Spanish American poetry from its early manifestations through modernism, post-modernism, and avant-garde. Taught in Spanish; offered in four- year rotation.

### **SP 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **SP 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

An opportunity to engage in an in-depth analysis of some topic dealing with the Spanish language and culture through consultation with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **SP 493 Internship**

var-3-12sh

Prerequisite: One semester of study in a Spanish-speaking country

A supervised field experience in any Spanish-speaking area of the world with approved public agencies and institutions or private firms, no longer than one semester and no less than one month. Positions will be matched as closely as possible with the intern's personal interests and professional goals. For more information contact the Spanish and Classical Languages Department. Maximum of six credits can apply toward a major.

[SH482](#)

## **SH 111 Introduction to Communication Disorders**

3c-0l-3sh

Introduction to study of physiological, acoustical, and scientific processes involved in production and reception of speech. The genetic development of speech sounds and factors that hinder or facilitate speech and language acquisition. (Previous title: Fundamentals of Speech and Hearing)

## **SH 122 Clinical Phonology**

3c-0l-3sh

Detailed study of the classification of American-English phonemes using the physical and acoustical perspectives. Development of proficiency in use of International Phonetic Alphabet for all-phonetic transcriptions of normal and disordered speech. (Previous title: Phonetics)

## **SH 222 Introduction to Audiology**

3c-0l-3sh

The study of auditory function, anatomy of auditory mechanism, psychophysics of sound, types and causes of hearing loss, measurement of hearing, and educational considerations for hearing-handicapped child.

[Back to Top](#)

## **SH 242 Speech Science I**

3c-0l-3sh

Study of the communication process with emphasis on physical characteristics of sound production, transmission and perception of the sound, and the evolution and use of symbols for meaningful communication. The scientific principles of normal oral communication are stressed, and language learning is recognized as a basis for oral communication. (Previous title: Introduction to Speech Science)

## **SH 251 Anatomy and Physiology of the Speech and Hearing Mechanism**

3c-0l-3sh

Consideration of genetic development, structure, and function of the organs of speech and hearing. Anatomical systems involved in respiration, phonation, articulation, and hearing and relationships between systems in production and reception of speech.

## **SH 254 Classroom Management of Language Disorders**

3c-0l-3sh

Study of aspects of speech, language, and hearing problems pertaining to classroom situation. Types of speech and hearing disorders, conducting speech and language improvement lessons, classroom aids for teaching the child with language, speech, and hearing impairment, and school and community resources for these children. (Required for majors in Education of the Exceptional and suggested for majors in Elementary Education)

[Back to Top](#)

## **SH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **SH 311 Aural Rehabilitation**

3c-0l-3sh

Prerequisite: SH222, 2.5 QPA

Consideration of the effects of varied degrees of hearing loss sustained by individuals at different stages of development and study of total education and rehabilitative procedures for the hard-of-hearing child or adult.

## **SH 334 Language Development**

3c-0l-3sh

Prerequisite: 2.5 QPA

Study of the development of an interpersonal communication system; language as a system of symbols for communication; the structure of the English language, including phonology, syntax, and semantics with emphasis on the generative evolution of sentences. Highlighting the neurological, social, and psychological bases of language development. (Offered as SH234 prior to 1993-94)

[Back to Top](#)

## **SH 342 Speech Science II**

3c-0l-3sh

Prerequisite: SH242, 2.5 QPA

Physiologic, acoustic, and perceptual characteristics of speech with special emphasis on speech monitoring and controls. Major lab instrumentation and research techniques in current use are described and demonstrated. Status of present knowledge is summarized and discussed.

## **SH 406 Articulation and Language Disorders**

3c-0l-3sh

Prerequisites: SH111, 242, 251, 334, 2.5 QPA

Exploration of the processes related to developmental articulation and language disorders from birth through adolescence. Instruction in the principles underlying modification of these disorders. Preparation of management programs and observation in the Speech and Hearing Clinic required. (Offered as SH306 prior to 1993-94)

## **SH 408 Stuttering and Voice Disorders**

3c-0l-3sh

Prerequisites: SH111, 242, 251, 334, 2.5 QPA

Introduction to the developmental, psychogenic, and organic bases for stuttering and voice disorders. Instruction in principles underlying treatment of these disorders with emphasis on anatomical deviations and laryngeal dysfunction.

Preparation of management plans and observation in Speech and Hearing Clinic required. (Offered as SH308 prior to 1993-94)

[Back to Top](#)

### **SH 412 Organization and Administration of Speech and Hearing Progra**

3c-01-3sh

Prerequisite: SH111, 2.5 QPA (meets requirement for Professional Education course)

Establishment and maintenance of speech and hearing programs within various administrative organizations, particularly in the public schools. Techniques of client identification, scheduling, recordkeeping, appropriate referral, material and equipment selection, teacher and parental counseling, and the development of coordinated professional and interdisciplinary procedures. (Offered as SH312 prior to 1993-94)

### **SH 420 Speech Clinic**

var-1-3sh

Prerequisites: ED242, ED342, QPA of 3.0+, all major courses, program director's permission

Experience in working with individuals or groups of persons who exhibit speech or hearing problems. Lesson planning, writing of reports, and case histories of a detailed nature. (Offered as SH320 prior to 1993-94)

### **SH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **SH 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

## **TH 101 Introduction to Theater**

3c-0l-3sh

An exploration of the theater arts, examining major periods of theater history, selected works of dramatic literature, and the primary theater arts of acting, directing, design, and technical theater. Class experience includes the analysis of at least two major works of drama, attending two live productions, and viewing of selected televised plays and musicals.

## **TH 102 Introduction to Dance**

3c-0l-3sh

Examines dance as a performing art in both the historical and cultural contexts. Also includes the analysis of a major piece of choreography, attending live performances, and viewing select works of dance. No previous dance experience is required.

## **TH 110 Script Analysis**

3c-0l-3sh

Course examines major as well as alternative systems by which dramatic texts may be analyzed, including classical plot construction, scene structure, tension and release, dramatic rhythms, and several contemporary and less conventional methods of dramatic orchestration.

[Back to Top](#)

## **TH 116 Fundamentals of Theatrical Design**

3c-0l-3sh

Introduces the fundamentals of scene, costume, lighting, and sound design for theater and dance. It is focused on creative processes used by designers to make choices. Topics include script analysis, director and designer communication, and the integration of the design elements into a unified production.

## **TH 120 Stagecraft I**

3c-0l-3sh

Exploration of the material, methods, and procedures utilized in creating a scenic environment. Through instruction and practical application, students learn the basis of scenic instruction and develop competency with the basic materials and equipment used in a theatrical scene shop.

### **TH 122 Costume Workshop**

3c-0l-3sh

Instruction and practical experience in the process of building costumes for the stage. Activities include fitting, cutting, sewing, dyeing, and painting. There is also instruction in the maintenance of wardrobe, costume stock, materials, and properties.

[Back to Top](#)

### **TH 130 Stage Voice**

3c-0l-3sh

Prerequisite: Theater majors only, or by permission of instructor

Instruction in basic development of the vocal instrument of the actor in stage performance. Emphasis is placed upon the resonance, quality, pitch, and projection of the voice while improving the student's ability to articulate.

### **TH 131 Stage Movement**

3c-0l-3sh

Instruction in basic stage movement and the physicalization of character. Includes work in character development through variety in movement, introductory work in juggling, stage combat, and mime, and the assessment, awareness, and correction of individual movement problems.

### **TH 150 Fundamentals of Dance**

3c-0l-3sh

A basic dance technique that sequentially develops the elements of movement (space, time, force) into a variety of dance genre and period styles. Covers special care and safety of the instrument -- the body.

[Back to Top](#)

### **TH 201 Theater History I**

3c-0l-3sh

A comprehensive survey of the history, trends, and developments of theater and drama from their beginnings through the English Renaissance.

### **TH 202 Theater History II**

3c-0l-3sh

Comprehensive survey of the history, trends, and developments of theater and drama from the English Restoration to the present.

### **TH 220 Stagecraft II**

3c-0l-3sh

Prerequisite: TH120 or permission

Advanced exploration of materials, methods, and procedures involved in creating a scenic environment. Students also receive intensive practical experience in shop planning and supervision to include problem-solving techniques.

[Back to Top](#)

### **TH 221 Basic Stage Lighting**

3c-0l-3sh

Prerequisite: TH120

Introduction to lighting instruments, color media, control boards, physical laws of electricity and optics, graphics, and conventional techniques used in lighting theatrical productions.

### **TH 223 Makeup for the Stage**

3c-01-3sh

Deals with practical application of straight and character makeup and may include instruction in creating beards, wigs, prosthetics, and masks.

### **TH 240 Acting I**

3c-01-3sh

Study of the primary elements of the Stanislavski system of character development. Includes text analysis and the development of physical action through a character's subtext, as well as motivational and improvisational techniques.

[Back to Top](#)

### **TH 250 Contemporary Dance**

3c-01-3sh

Contemporary dance techniques, improvisation, and choreography. Examines the historical development and cultural influences on the changing philosophies of contemporary dance performance today. Performance of creative work required.

### **TH 260 Jazz Dance**

3c-01-3sh

Jazz techniques, dynamics, and style for theater dance from the 1920s through the present. Emphasis on analysis of music for choreography.

### **TH 270 Ballroom and Tap Dance**

3c-01-3sh

A sequential development of tap and ballroom dance techniques in the context of historical development and period styles. Performance for an audience is required.

[Back to Top](#)

### **TH 280 Ballet**

3c-01-3sh

Sequential development of barre and center techniques that progress to linking moves, turning, and jumps and to dance sequences and choreography. The historical periods of development and the status of the art today will be examined in a cultural context which includes gender and minority influences.

### **TH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **TH 290 Ethnic Dance**

3c-01-3sh

Includes dance techniques from a variety of indigenous forms from Western and Eastern cultures. Presented in the historical and social context. Emphasis will be given to the needs of theater production.

[Back to Top](#)

### **TH 301 Tragic Mask**

3c-01-3sh

Historical survey of theatrical conventions, traditions, and production practices specifically associated with tragedy and its ensuing forms, drama and melodrama. It focuses on landmark dramatic texts, examining the changing faces of tragic masks and their implications for theatrical practice from ancient Greece to the 20th century.

### **TH 302 Comic Mask**

3c-01-3sh

Historical survey of theatrical conventions, traditions, and production practices specifically associated with comedy and its related forms: farce, burlesque, etc. Focuses on landmark dramatic texts, examining the changing faces of comic masks and their conventions and their implications for theatrical practice from ancient Greece to the 20th century.

### **TH 310 Theater Criticism**

3c-01-3sh

A study of the theory and criticism and of the discrete functions of critic and reviewer. Students see live performances and practice writing both reviews and criticism.

[Back to Top](#)

### **TH 320 Scene Design**

3c-01-3sh

Prerequisite: TH120

An introduction to the principles of scenic composition, analysis, concept development, and graphic communication methods used by the scenographer.

### **TH 321 Stage Lighting Design**

3c-01-3sh

Prerequisite: TH221

Covers the design and execution of stage lighting with emphasis on script analysis, the collaborative role of the lighting designer, lighting theory, and modern stage lighting practices. Practical applications include the conceptualization and designing of production lighting for Proscenium, Thrust, and Arena stages through class exercises.

### **TH 322 Costume Design**

3c-01-3sh

Covers design and execution of stage costumes with emphasis on showing how mood and illusion can be created through the proper selection of style, color, and texture, supplemented by an overview of stage costuming.

[Back to Top](#)

### **TH 323 Sound Design**

3c-01-3sh

Covers the basic principles and theories of designing sound for the theater. Through demonstration and practical application, the course will cover the following principal areas: basic electronics, recording techniques and equipment, musical and effects integration, theater acoustics, designing sound, and sound reinforcement.

### **TH 340 Acting II**

3c-01-3sh

Prerequisites: TH240 or permission of instructor

Study of the evolving Stanislavsky system and its American reinterpretations as applied to realism and other dramatic genres and styles. Emphasis will be on scoring of text, exploring the relationships between psychological states and physical action.

### **TH 341 Acting Styles**

3c-0l-3sh

Prerequisite: TH130, TH131, TH240 or permission of instructor

Study and practice of advanced acting skills with special emphasis on style and period. Possible areas of focus: Greek classical, Commedia Dell'Arte (farce), French Neo-classical, Restoration Comedy, Melodrama, High Comedy (Wilde/Coward), or Theater of the Absurd.

[Back to Top](#)

### **TH 342 Acting Shakespeare**

3c-0l-3sh

Prerequisites: TH240, TH340 (or permission of instructor)

An advanced acting studio which will prepare students to perform in Shakespeare's plays. This course will provide a background overview of the Elizabethan period in addition to various methods towards approaching the movement, language, and verse forms from an actor's point of view.

### **TH 345 Touring Young People's Theater**

3c-0l-3sh

This course introduces the fundamentals of young people's theater for audiences aged five through fifteen years. The class will select appropriate children's literature, develop a script through improvisation, and rehearse and tour their production to the surrounding schools.

### **TH 347 Playwriting**

3c-0l-3sh

Prerequisite: TH110, or permission of professor

This course is a practical exploration of the craft and process of playwriting. The primary focus of the course is the practical, "hands-on" experiences approximating the "developmental process" currently in use in the American theater. The student will be guided from the initial concept through synopsis, outlines, and working drafts and culminating in the student's completion of an original one-act play and a "staged reading" of this project.

[Back to Top](#)

### **TH 350 Directing**

3c-0l-3sh

Prerequisites: TH110, TH240, permission

Introduction to basic directing skills: casting, floor plans, blocking, rehearsal procedures, and the applications of scene and character analysis. Students will prepare short scenes for class presentation.

### **TH 351 Choreography**

3c-0l-3sh

Prerequisite: must have taken one of the introductory or advanced-level dance classes (TH150, 250, 260, 270, 280, 485) or permission of instructor

This course introduces the necessary choreographic tools needed to manipulate dance as a medium to create dance works. The class will learn and use various approaches to the choreographic process to create dance works, one of which will be presented in a public showing at the end of the semester.

## **TH 353 Dance Curriculum and Instruction**

3c-01-3sh

Prerequisites: One of the following theater courses: TH 250, 260, 270, 280, 290, or 485; or permission of the instructor  
This course introduces the necessary teaching skills and curriculum development needed to understand the pedagogical structure for teaching dance. The class will learn the approaches to teaching that are unique to dance and will learn how to design dance curriculum. (To be implemented in 1996-97, pending Council of Trustees approval)

[Back to Top](#)

## **TH 481 Special Topics**

var-1-6sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **TH 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Independent study in theater may be either purely academic or may be a practical production project, supported by a written document giving evidence of significant scholarly investigation or original, creative effort. May be repeated to a maximum of 6 credits. Approval is based on academic appropriateness and availability of resources.

## **TH 483 Acting Studio**

3c-21-3sh

Prerequisites: Minimum of TH240, by permission; individual foci have additional prerequisites

Advanced studio course offering scene practice with faculty direction, coaching, and criticism. Specific focus of scene work varies from semester to semester, including improvisation techniques, stage dialects, audition techniques, and acting for the camera as alternating semester options. May be repeated with a different focus each time.

[Back to Top](#)

## **TH 484 Directing Studio**

3c-21-3sh

Prerequisites: TH350, permission

Opportunity for students to direct scene work, one-act plays, or larger projects, according to individual levels of experience, preparation, and readiness. Practical application of principles of directing to specific problems in directing. Student projects performed in public, open-class recitals. May be repeated.

## **TH 485 Dance Studio**

3c-01-3sh

Prerequisites: TH250, TH260, TH270, or TH280 (beginning technique class taken must be the specific dance genre of the Dance Studio class offered); or by permission of instructor

Further the development of the dancer at the intermediate level of a specified genre of dance. Development in dance requires the integration of both technique and artistic development. The specific genres vary from semester to semester, including modern, ballet, tap, and jazz as alternating semester options. May be repeated with a different focus each time.

## **TH 486 Practicum in Production**

var-.5-4sh

Prerequisite: Permission

An opportunity with academic credit for students to make significant contributions to campus productions augmenting theater coursework in the areas of assistant directing or directing, stage management, technical direction, sound design, lighting, scene design, properties and set decoration, scene building and painting, costuming, dance, and make-up design. May be repeated. (Revision pending on credit starting at .5sh and requirement of eight semesters)

[Back to Top](#)

### **TH 489 Technical Theater Problems**

3c-0l-3sh

Prerequisite: Permission of instructor

Open to all students desiring instruction in a variety of technical theater areas not presently covered in other courses. Topics to include sound design, stage management, set props, media make-up, technical drawing/mixed media, and scene painting. May be repeated.

### **TH 493 Internship**

var-3-12sh

Prerequisite: Permission of instructor

Opportunities for students to gain experience with professional performance organizations in areas related to theater and dance.

## Academic Affairs Division

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[UN480](#) [UN493](#)

### **UN 480 T.H.I.S. Seminar**

3c-0l-3sh

Academic seminar taken at the State System of Higher Education University Center in Harrisburg in conjunction with the T.H.I.S. internship. Consists of public policy information, decision making, and budgeting and addresses question-and-answer sessions with leading state government policymakers. See descriptions under Academic Affairs areas. Restricted to the T.H.I.S. internship participant. See UN493.

### **UN 493 T.H.I.S. Internship**

var-12sh

Practical experience at the policymaking level of the state government that also requires a research project. Student must have a 3.0 GPA and submit a sample of writing skills with the application to the Experiential Education Office. Open to any IUP major. See description under Academic Affairs areas. Concurrent seminar course required. See UN 480.

# Vocational Education

## Center for Vocational-Technical Personnel Preparation College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[VO010](#) [VO100](#) [VO281](#) [VO395](#) [VO400](#) [VO401](#) [VO402](#) [VO450](#) [VO481](#) [VO482](#)

### **VO 010 Industrial Electrical Technology**

var-1-18sh

Prerequisite: Center/department permission

Emphasis on comprehensive industrial electrical technology through training in specialty concentrations applied to design, development, and testing of electrical circuits, devices, and systems for generating electricity and the distribution and utilization of electrical power. Carries institutional credit only.

### **VO 100 Preparation of the Vocational Professional I**

var-1-15sh

Personalized, self-paced vocational teacher preparation. The vocational student/intern develops, demonstrates, and documents competence in selected pedagogical competencies. Individualized instruction is supplemented with monthly seminars. Self-evaluation is encouraged in the program, utilizing videotaping and the feedback from a team of professional teacher educators.

### **VO 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **VO 395 Vocational Education Writing Experience**

var-0sh

Writing assignments such as abstracts, logs of activities, philosophy papers, training plans, presentation plans, lesson plans, etc., will be completed in conjunction with selected instructional modules from VO 100 and VO 400 courses.

### **VO 400 Preparation of the Vocational Professional II**

var-1-15sh

Prerequisite: Successful completion of VO 100

Personalized, self-paced vocational teacher preparation. The vocational student/intern develops, demonstrates, and documents competence in selected teaching skills in the areas of program planning, program development, program evaluation, and managing and evaluating instruction in a vocational school setting. Self-evaluation is encouraged in the program utilizing videotaping and the feedback from a team of professional teacher educators.

## **VO 401 Special Topics in Vocational Technical Preparation**

var-1-12sh

Prerequisite: Center permission

Provides opportunities for vocational students/interns to develop additional technical skills in areas related to their occupational competence under professional supervision. Topics are determined through individual counseling, through priority needs identified by advisory committees, and through evaluation of technical competence by center teaching staff.

[Back to Top](#)

## **VO 402 Special Topics in Vocational Pedagogical Preparation**

var-1-15sh

Prerequisite: Center permission

Provides opportunities for vocational students/interns to develop additional teaching skills under professional supervision. Topics are determined through identification of priority areas in vocational education using national and state surveys and students' individual needs.

## **VO 450 Technical Preparation of the Vocational Professional**

24sh

Competency assessment of occupational experience through national standardized written and performance examinations.

## **VO 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

## **VO 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[WS200](#) [WS281](#) [WS481](#) [WS482](#)

### **WS 200 Introduction to Women's Studies**

3c-0l-3sh

Focuses on women as they are and as they have been -- as represented by the work of writers and as presented in the theory and research of various disciplines. Historical and contemporary images of women are examined in terms of their impact on our lives. The relationships of women to social institutions such as education, religion, and health care are explored. Alternative theories explaining the roles and status of women are compared. Attempts to help us understand the choices and experiences women face in their everyday personal, work, and public lives.

### **WS 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. ## Division of Administration

**C. Edward Receski**, M.Ed., Indiana University of Pennsylvania  
Vice President for Administration

- **Mark A. Geletka**, P.E., M.S., University of Pittsburgh  
Interim Assistant Vice President for Administration
  - **Charles B. Altimus**, Cogeneration Operations Manager
    - **Lawrence M. Horansky**, Maintenance Coordinator
    - **E. James Henning**, Maintenance Manager
    - **Mark A. Labant**, S.W. Jack Cogeneration Maintenance Manager
  - **Robert L. Marx**, M.A., Indiana University of Pennsylvania  
Director, Facilities Engineering and Construction Group
    - **William L. Overdorff**, Project Manager
    - **Raymond L. Wygonik**, P.E., B.S., The Pennsylvania State University  
Project Engineer
  - **Richard E. Smith**, B.S., Indiana University of Pennsylvania  
Director, Facilities Services Group
    - **Pamela K. Froelicher**, Director, Purchasing and Central Stores
    - **Donald R. McGinnis**, Warehouse Superintendent
- **William P. Montgomery**  
Director, Campus Police and Safety
- **Fred J. Owens**, B.A., St. Francis College  
Interim Director, University Printing
- **Helen M. Soltis**, M.Ed., The Pennsylvania State University  
Interim Director, Human Resources
  - **Emmy N. Fairman**, A.A., Indiana University of Pennsylvania  
Interim Assistant Director, Human Resources
  - **Judy A. Gallo**, B.S., Indiana University of Pennsylvania  
Data Manager, Human Resources
  - **Kathleen Manion**, M.B.A., Southern Methodist University  
Manager of Organizational Development, Human Resources
  - **Patricia J. Moretti**, Retirement and Benefits Coordinator, Human Resources
  - **Virginia B. Rinkus**, SPHR, M.A., Indiana University of Pennsylvania  
Employment/Work-Family Programs Manager, Human Resources

## Division of Finance

**Louis Szalontai**, M.B.A., Ohio University; C.P.A.  
Vice President for Finance

- **Randall W. LeBlanc**, B.S., Oral Roberts University; C.P.A.  
Controller
  - **Phyllis A. Groomes**, Director, General Accounts Receivable
  - **Linda M. Hall**, M.A., Michigan State University  
Director, Center for Business Services and Card Administration
  - **Robert T. Scholfield**, Director, Cash Accounting
  - **Richard P. White**, M.B.A., Indiana University of Pennsylvania; C.P.A.  
Director, Financial Accounting
  
- **Cynthia L. Strittmatter**, M.B.A., Indiana University of Pennsylvania  
Budget Director
  - **Mary S. Gaul**, Director, Payroll Services
  
- **Barbara J. Moore**, B.S., Indiana University of Pennsylvania  
Director, Internal Review

## Division of Student Affairs

**Harold D. Goldsmith**, Ed.D., Indiana University  
Vice President for Student Affairs

- **Rhonda H. Luckey**, M.S.P.H., University of Missouri  
Interim Assistant Vice President for Student Affairs
  
- **Melvin A. Jenkins**, M.A., Indiana University of Pennsylvania  
Interim Assistant to the President; Director, Social Equity and Multicultural Affairs
- **Catherine M. Dugan**, D.Ed., Indiana University of Pennsylvania  
Director, Advising and Testing Center
  - **Joseph L. Ritchie**, M.Ed., Indiana University of Pennsylvania  
Assistant Director, Advising and Testing Center
  - **C. Donald Seagren**, D.Ed., The Pennsylvania State University  
Adviser, Disabled Student Services
  
- **Mark E. Anthony**, M.A., Indiana University of Pennsylvania  
Director, Career Services
  - **Deborah Saunders Stanley**, M.Ed., University of Georgia  
Associate Director, Career Services
  
- **John A. Mills**, Ph.D., ABPP, State University of New York at Buffalo  
Director, Counseling and Student Development Center
  - **Rita G. Drapkin**, Ph.D., University of Pittsburgh  
Assistant Director, Counseling and Student Development Center; Counseling Psychologist
  - **Elizabeth A. Kincade**, Ph.D., The Pennsylvania State University  
Counseling Psychologist
  - **Kim Weiner**, Ph.D., University of Pittsburgh  
Counseling Psychologist
  
- **Sherrill A. Kuckuck**, D.Ed., University of Pittsburgh  
Director, Student Development
  
- **Rhonda H. Luckey**, M.S.P.H., University of Missouri  
Director, University Health Services
  - **H. Zane Kirk**, M.D., Baylor College of Medicine  
Medical Director, University Health Services
  - **Stacey A. Robertson**, D.O., Philadelphia College of Osteopathic Medicine  
Physician, University Health Services
  - **Marilyn H. Stephens**, M.D., Meharry Medical College  
Physician, University Health Services
  - **Nancy L. Evans**, R.N., Indiana Hospital School of Nursing  
Coordinator, Nursing Services, University Health Services
  - **Malinda M. Cowles**, M.A., Indiana University of Pennsylvania  
Coordinator, Health Education, University Health Services
  - **Ann E. Sesti**, M.A., Slippery Rock University

Chemical Health Coordinator, University Health Services

- **Carry G. Carranza**, M.Ed., Indiana University of Pennsylvania  
Chairperson, Director, Learning Center
  
- **Frederick A. Joseph**, M.Ed., Kent State University  
Director, Financial Aid
  - **William M. Srsic**, M.Ed., Edinboro State College  
Associate Director, Financial Aid; Veteran Certifying Officer
  - **Christine A. Zuzack**, M.A., Indiana University of Pennsylvania  
Associate Director, Financial Aid
  - **Aileen C. Bowman**, M.S., Indiana University of Pennsylvania  
Assistant Director, Financial Aid
  - **Alisa L. DeStefano**, B.S., West Liberty State College  
Assistant Director, Financial Aid
  - **Patricia C. McCarthy**, M.S., LaRoche College  
Assistant Director, Financial Aid
  - **Deidre S. Smith**, M.B.A., University of Pittsburgh  
Assistant Director, Financial Aid
  - **Vonnie D. Hunter**, B.A., Indiana University of Pennsylvania  
Counselor, Financial Aid
  
- **Elizabeth A. Joseph**, M.Ed., Southern Illinois University  
Director, Housing and Residence Life
  - **Jeffrey R. Docking**, M.Div., Garrett Evangelical Theological Seminary  
Associate Director of Residence Life
  - **Richard L. Baginski**, M.S., Shippensburg University of Pennsylvania  
Associate Director for Operations
  - **James R. Froelicher**, B.S., Duquesne University  
Associate Director for Administration
  - **John G. Makara**, M.Ed., The Pennsylvania State University  
Assistant Director for Operations
  - **Leonard J. Kasubick**  
Assistant Director for Operations, Technical Specialist
  - **Melanie K. Wardrop**, B.S.Ed., Indiana University of Pennsylvania  
Assistant Director for Administration
  - **Kathleen R. Linder**, M.S., Miami University, Oxford Campus  
Assistant Director of Residence Life, Judicial/Recruitment
  - **Julene J. Pinto-Dyczewski**, M.A., Indiana University of Pennsylvania  
Assistant Director of Residence Life, Training and Evaluation
  - **Holly L. Alexander**, M.A., Indiana University of Pennsylvania  
Residence Director
  - **Laura E. Antonecchia**, M.Ed., Boston University  
Residence Director
  - **Tina M. Byers**, M.A., Edinboro University  
Residence Director
  - **Helena E. Cole**, M.Ed., University of Maryland  
Residence Director
  - **Ricardo D. Hall**, M.A., Ohio University  
Residence Director
  - **Thomas I. Wortman**, M.A., Indiana University of Pennsylvania  
Residence Director
  
- **Terry Appolonia**, M.A., Indiana University of Pennsylvania

- Director, Student Activities and Organizations
- **Frank V. DeStefano**, M.A., Indiana University of Pennsylvania  
Associate Director, Student Activities and Organizations
  - **Tammy P. Manko**, M.A., Indiana University of Pennsylvania  
Assistant Director, Student Activities and Organizations
  - **Carolyn D. Princes**, M.Ed., University of Illinois  
Director, African American Cultural Center
  - **Joanna T. Dickert**, B.S., University of Pittsburgh at Johnstown  
Coordinator, Student Community Services
- **Frank J. Cignetti**, M.Ed., Indiana University of Pennsylvania  
Director, Intercollegiate Athletics
- **Frank J. Condino**, Ed.D., West Virginia University  
Associate Director, Intercollegiate Athletics
  - **Frances A. Nee**, M.Ed., University of Pittsburgh  
Associate Director, Intercollegiate Athletics
  - **Erika C. Renwick**, M.B.A., Indiana University of Pennsylvania  
Business and Compliance Officer, Intercollegiate Athletics
  - **Larry A. Judge**, B.S., Indiana University of Pennsylvania  
Director, Sports Information
  - **Vacant**, Sports Information Writer
- **Dennis V. Hulings**, M.A.Ed., Brigham Young University  
Executive Director, Student Cooperative Association
- **J. Sam Barker**, B.A., Indiana University of Pennsylvania  
Director, Program Services
  - **Pete Alexander**, B.A., Indiana University of Pennsylvania  
Director, Co-op Store
    - **Terry K. Griffith**, B.S., Indiana University of Pennsylvania  
Associate Director, Co-op Store
  - **Charles K. Conrad**, B.S., Indiana University of Pennsylvania  
Director, Campus Recreation
  - **Charles Potthast**, M.S., Indiana University of Pennsylvania  
Director, Business Services
  - **William J. Yagle**, Director, Maintenance/Safety

## Division of Institutional Advancement

**Joan M. Fisher**, Ph.D., The Union Institute  
Vice President for Institutional Advancement

- **Vacant**, Executive Director, Foundation for IUP; Senior Development Officer
  - **Barbara A. Ender**, M.S., University of Akron  
Director, Corporate and Foundation Relations
  - **Andrea L. Alsippi**, B.A., Indiana University of Pennsylvania  
Director, Development Services
  - **Shari A. Trinkley**, B.A., Indiana University of Pennsylvania  
Director, Major and Planned Giving
  - **Mary O. Moore**, B.S., Indiana University of Pennsylvania  
Director, Annual Giving
  - **Lois J. Drayer**, Director, Development Research
  - **Karen L. Ober**, Financial Services Manager
  - **James A. McDonald, Jr.**, Interim Gift Processing and Reporting Manager
  
- **Walter J. Stapleton**, M.B.A., Indiana University of Pennsylvania  
Assistant to the Vice President/Director, Governmental Relations
- **Mary Jo Lyttle**, M.Ed., Indiana University of Pennsylvania  
Director, Alumni Affairs
  - **Vacant**, Assistant Director, Alumni Affairs
  
- **Karen P. Gresh**, B.A., Indiana University of Pennsylvania  
University Editor; Director, Publications
  - **Regan P. Houser**, B.A., Duquesne University  
Associate University Editor
  - **Ronald L. Mabon**, M.Ed., Indiana University of Pennsylvania  
University Designer
  
- **R. William Swauger**, B.A., Geneva College  
Director, Public Relations
  - **Michelle Shaffer Fryling**, B.A., Allegheny College  
Assistant Director, Public Relations
  - **James G. Wakefield**, University Photographer
  
- **M. Connie Howard**, M.A., Indiana University of Pennsylvania  
Coordinator, Special Projects

## Emeriti

**Administrators/Deans/Directors:** John Chellman, Dean, Health Services; Fred Dakak, Dean of Admissions; Bernard J. Ganley, Vice President, Administration; Ruth Podbielski, Associate Athletic Director; Elwood B. Sheeder, Dean, School of Business; Herman L. Sledzik, Associate Athletic Director; George A. W. Stouffer, Jr., Dean, School of Education; I. Leonard Stright, Dean, The Graduate School; Kathleen Jones White, Dean, College of Human Ecology; Robert O. Warren, Associate Provost

**Accounting:** Charles L. Cooper

**Art:** Barbara J. Balsiger, Charles E. Battaglini, Thomas J. Dongilla, John J. Dropcho, James M. Innes, George B. Johnson, Lawrence F. McVitty, Robert C. Seelhorst, Robert J. Vislosky, Ned O. Wert

**Biology:** Walter W. Gallati, Francis W. Liegey, Robert N. Moore

**Business:** Lee R. Beaumont, Patricia Patterson Cordera, Beatrice Thomas

**Career Services:** John E. Frank, E. Samuel Hoenstine, Roy A. Moss

**Chemistry:** Carl Bordas, Joseph J. Costa, John H. Scroxtton, Stanford L. Tackett, Paul R. Wunz, Jr., Geno C. Zambotti

**Communications Media:** Merle G. Klingensmith, Donald M. MacIsaac, J. Robert Murray, Norman W. Sargent, David L. Young

**Computer Science:** Howard E. Tompkins

**Consumer Services:** Willa Ruth Cramer, Betty L. Wood

**Counselor Education:** William H. Culp, Everett J. Pesci, Robert H. Saylor, George L. Spinelli, Jane B. Washburn, James C. Wilson

**Educational Psychology:** Leonard DeFabo, Bruce A. Meadowcroft, Mildred Shank, Joan R. Yanuzzi

**English:** Edward L. Anderson, William W. Betts, Jr., Jessie L. Bright, Lorrie J. Bright, R. Morrison Brown, Harold E. Craig, John A. Davis, Robert W. Ensley (Theater), John Freund, Samuel F. Furguele (Journalism), William F. Grayburn, Raymona E. Hull, John J. McManmon, Laurabel H. Miller, Anthony J. Nania, Richard E. Ray, Maurice L. Rider, Phyllis G. Roumm, George K. Seacrist, Frederick W. Seinfelt, Helena M. Smith, Ford H. Swigart, Jr., John G. Watta, Don Woodworth

**Finance and Management Information Systems:** Leslie S. Spencer

**Food and Nutrition:** Margaret L. Minnick, Allen M. Woods (Hotel, Restaurant, and Institutional Management)

**Foundations of Education:** Don-Chean Chu

**French:** Fernand Fisel

**Geography and Regional Planning:** Thomas G. Gault, Gopal S. Kulkarni, James E. Payne, Charles E. Weber, Leonard P. Tepper

**Geoscience:** Paul A. Prince

**Health and Physical Education:** Barbara Aierstock, Thomas L. Beck, Alice Dickey, S. Jane Dakak, Carl D. Davis, Charles A. Godlasky, William A. Neal, Lawrence R. Tucker

**History:** Steven B. Cord, Joseph M. Gallanar, Clyde C. Gelbach, Thomas D. Goodrich, E. Samuel Hatfield, Joseph Mastro, Jane S. Mervine, Edgar W. Moore, James M. Oliver, J. Merle Rife

**Home Economics Education:** Eleanor M. Gallati, Helen B. Hovis, Alma L. Kazmer

**Hotel, Restaurant, and Institutional Management:** Ronald E. Simkins

**Industrial and Labor Relations:** Conrad J. Gates

**Journalism:** Craig G. Swauger

**Learning Center:** Kathryn A. Stratton

**Library/Media Resources:** Richard Chamberlin, William E. LaFranchi (Director), Martha S. Scheeren, Marie E. Snead, Euphemia Nesbitt Waddell, Edward G. Wolf

**Management and Marketing:** Francis G. McGovern, Charles B. Stevenson

**Mathematics:** Ida Z. Arms, Raymond D. Gibson, Marlin E. Hartman, John P. Hoyt, Doyle R. McBride, Ronald L. McBride, Wallace F. Morrell, JoAnne Mueller, Carl P. Oakes, Dale M. Shafer, Edwin M. R. Smith, William R. Smith, Merle E. Stilwell, Halley O. Willison, Jr., Richard E. Wolfe, Melvin R. Woodard

**Music:** William R. Becker, Daniel DiCicco, Hugh Johnson, Jr., W. Delight Malitsky, Laurence J. Perkins, Lawrence C. Stitt, Jane Vansteenkist

**Nursing and Allied Health Professions:** Jean L. Blair, Mary M. Hart, Helen M. Kresak, Marian A. Murray, Joann E. Thistlethwaite

**Office Systems and Business Education:** Donald C. Mahan, Ruth S. Morris, John A. Polesky, Dale W. Woomer

**Philosophy and Religious Studies:** Robert M. Hermann, Arthur Kannwisher

**Physics:** Richard E. Berry, Gary L. Buckwalter, Patrick J. McNamara, David M. Riban, Paul M. Waddell

**Political Science:** Edward Chaszar, Raymond L. Lee, Bert A. Smith

**Professional Laboratory Experiences:** Lois C. Blair

**Professional Studies in Education/Elementary Education:** Alberta R. Dorsey, Ralph M. Glott, Stanley W. Lore, P.D. Lott, Donald McFeely, Edward R. Mott, James B. Reilly, Joseph S. Rizzo, Joann Walthour

**Psychology:** D. Robert Jacobs

**Safety Sciences:** Nicholas N. Pacalo

**Sociology/Anthropology:** Betty B. Lanham

**Special Education:** Marie I. Bahn, William B. Bahn, Morton M. Morris, Eugene F. Scanlon

**Student Personnel:** James W. Laughlin

**Theater:** Donald G. Eisen

**University School:** Clarabel T. Davis (Music), Lida M. Fleming, Dorothy I. Lingenfelter, Lillian G. Martin

## The Faculty

- Robert J. Ackerman**, Ph.D., Western Michigan University  
Professor, Sociology
- Carl F. Adams**, D.M.A., Catholic University of America  
Professor, Music
- Frederick A. Adkins**, M.S., University of Iowa  
Assistant Professor, Mathematics
- Ibrahim J. Affaneh**, Ph.D., University of Utah  
Associate Professor, Finance and Legal Studies
- Ali-Asghar Aghbar**, Ph.D., Georgetown University  
Professor, English
- Francisco E. Alarcon**, Ph.D., University of Iowa  
Assistant Professor, Mathematics
- Mohamed H. Albohali**, Ph.D., Kansas State University  
Associate Professor, Management Information Systems and Decision Sciences
- Abbas J. Ali**, Ph.D., West Virginia University  
Professor, Management
- Ronald D. Ali**, M.F.A., Carnegie Mellon University  
Associate Professor, Art
- Robert K. Alico**, Ph.D., St. Bonaventure University  
Professor, Biology
- Lynne B. Alvine**, Ed.D., Virginia Polytechnic Institute and State University  
Associate Professor, English
- William D. Ames**, L.L.M.(Taxation), University of San Diego  
Associate Professor, Finance and Legal Studies
- Caroline I. Anderson**, D.A., Carnegie Mellon University  
Associate Professor, Mathematics
- Fred P. Anderson**, M.B.A., University of Michigan  
Assistant Professor, Management
- Kim L. Anderson**, Ph.D., University of Pittsburgh  
Associate Professor, Accounting
- Allan T. Andrew**, Ph.D., Utah State University  
Professor, Biology
- Joseph S. Angelo**, Ph.D., University of Pittsburgh  
Professor, Mathematics
- Yaw A. Asamoah**, Ph.D., Washington University  
Professor, Economics
- Maali H. Ashamalla**, Ph.D., City University of New York  
Associate Professor, Management
- Noreen O. Ash-Johnson**, Ph.D., University of Illinois  
Associate Professor, Biology
- Neil J. Asting**, Ph.D., University of Rhode Island  
Professor, Chemistry
- C. Thomas Ault**, Ph.D., University of Michigan  
Assistant Professor, Theater
- Dennis Ausel**, Ed.D., Indiana University

Associate Professor, Communications Media  
**Paul A. Austin**, M.A., University of York, England  
Assistant Professor, Human Development and Environmental Studies  
**W. Timothy Austin**, Ph.D., University of Georgia  
Professor, Criminology  
**Amadu D. Ayebo**, Ph.D., University of Nebraska  
Assistant Professor, Biology  
**Gawdat G. Bahgat**, Ph.D., Florida State University  
Assistant Professor, Political Science  
**Gary L. Bailey**, Ph.D., Indiana University  
Associate Professor, History  
**Frank T. Baker**, Ph.D., West Virginia University  
Professor, Biology  
**John C. Baker**, M.A., Siena Heights College  
Assistant Professor, Hotel, Restaurant, and Institutional Management  
**Donald A. Balenovich**, Ph.D., Carnegie Mellon University  
Assistant Professor, Mathematics  
**Francis L. Ballas**, Ph.D., West Virginia University  
Professor, Chemistry  
**William F. Barker**, Ph.D., University of Pennsylvania  
Professor, Chairperson, Educational and School Psychology  
**Sheila B. Barlow**, Ph.D., University of Pittsburgh  
Associate Professor, Nursing  
**Marna S. Barrett**, Ph.D., Memphis State University  
Assistant Professor, Psychology  
**Kathy Barton**, Ph.D., University of Pittsburgh  
Assistant Professor, Spanish and Classical Languages  
**Madan M. Batra**, Ph.D., University of Wisconsin-Madison  
Associate Professor, Marketing  
**Charlene P. Bebko**, Ph.D., University of Pittsburgh  
Associate Professor, Marketing  
**Jacqueline A. Beck**, M.N., University of Pittsburgh  
Assistant Professor, Nursing  
**Robert B. Begg**, Ph.D., University of Iowa  
Professor, Geography and Regional Planning  
**Sherrill J. Begres**, Ph.D., Wayne State University  
Associate Professor, Philosophy and Religious Studies  
**Raymond W. Beisel**, Ph.D., The Pennsylvania State University  
Assistant Professor, University School  
**Patricia A. Bell**, Ed.D., The Pennsylvania State University  
Professor, Human Development and Environmental Studies  
**Margaret W. Bellak**, M.N., University of Pittsburgh  
Associate Professor, Nursing  
**Carole B. Bencich**, Ed.D., University of Georgia  
Associate Professor, English  
**Joseph W. Bencloski**, Ph.D., The Pennsylvania State University  
Associate Professor, Geography and Regional Planning  
**Paul Ben-Zvi**, M.F.A., University of Iowa  
Associate Professor, Art  
**Bruce L. Berg**, Ph.D., Syracuse University  
Associate Professor, Criminology  
**Jill P. Berg**, Ph.D., University of Pittsburgh  
Associate Professor, Nursing  
**Gail I. Berlin**, Ph.D., University of Pennsylvania

Associate Professor, English

**Pearl S. Berman**, Ph.D., Bowling Green State University

Professor, Psychology

**Charles H. Bertness**, Ph.D., University of Illinois

Professor, Mathematics

**Joseph A. Bianco**, Ed.D., Nova University

Assistant Professor, Office Systems and Business Education

**George R. Bieger**, Ph.D., Cornell University

Professor, Professional Studies in Education

**Gary J. Bird**, D.M., Indiana University

Professor, Music

**Christine Black**, Ph.D., The Pennsylvania State University

Assistant Professor, Health and Physical Education

**Laurel J. Black**, Ph.D., Miami University, Oxford Campus

Assistant Professor, English

**Barbara S. Blackledge**, M.F.A., University of North Carolina at Greensboro

Professor, Theater

**William A. Blacksmith, III**, Ed.D., West Virginia University

Professor, Health and Physical Education

**Elaine H. Blair**, Ph.D., University of Pittsburgh

Associate Professor, Health and Physical Education

**Holly R. Boda**, M.F.A., Texas Women's University

Assistant Professor, Theater

**P. Parker Boerner**, M.F.A., Maryland Institute College of Art

Assistant Professor, Art

**Joseph A. Bogan, Jr.**, Ed.D., West Virginia University

Professor, Criminology

**Robert J. Boldin**, Ph.D., University of Pennsylvania

Professor, Finance and Legal Studies

**Daniel N. Boone**, Ph.D., Claremont Graduate School

Professor, Philosophy and Religious Studies

**Nelson H. Bormann**, M.A., Western Michigan University

Associate Professor, Special Education and Clinical Services

**David T. Borst**, D.M.A., University of Rochester-Eastman School of Music

Professor, Music

**Lynn A. Botelho**, Ph.D., University of Cambridge, England

Assistant Professor, History

**Albert E. Bouffard**, Ph.D., Duquesne University

Professor, Chairperson, Philosophy and Religious Studies

**Martha G. Bower**, Ph.D., University of New Hampshire

Associate Professor, English

**Malcolm E. Bowes**, Ph.D., Ohio University

Associate Professor, Theater

**Faye L. Bradwick**, CPA, J.D., LL.M. (Tax), Syracuse University and Georgetown University

Associate Professor, Accounting

**Maryanne Brandenburg**, Ph.D., Ohio University

Associate Professor, Office Systems and Business Education

**Ruiss Van Fossen Bravo**, Ph.D., Wayne State University

Assistant Professor, Chemistry

**Lloyd W. Briscoe**, Ph.D., University of Pittsburgh

Associate Professor, Professional Studies in Education

**Roger L. Briscoe**, Ph.D., University of Michigan

Associate Professor, Educational and School Psychology

**Peter G. Broad**, Ph.D., Johns Hopkins University

Associate Professor, Spanish and Classical Languages

**Kenneth W. Brode**, Ph.D., University of Pittsburgh

Professor, German

**John Broughton, III**, Ed.D., Oklahoma State University

Professor, Mathematics

**Andrew C. Browe**, Ph.D., Virginia Commonwealth University, Medical College of Virginia

Professor, Biology

**Karen L. Brown**, M.L.S., North Carolina Central University

Assistant Professor, Libraries and Media Resources

**Donald W. Buckwalter**, Ph.D., University of Tennessee

Assistant Professor, Geography and Regional Planning

**Gerald M. Buriok**, Ed.D., The Pennsylvania State University

Professor, Chairperson, Mathematics

**Daniel A. Burkett**, Ph.D., Carnegie Mellon University

Assistant Professor, Mathematics

**Louise B. Burky**, Ph.D., University of Pittsburgh

Associate Professor, Management Information Systems and Decision Sciences

**Ronald I. Burner**, M.B.A., West Virginia University

Assistant Professor, Accounting

**Sandra L. Burwell**, M.Ed., The Pennsylvania State University

Associate Professor, Art

**John F. Busovicki**, M.S., University of Notre Dame

Assistant Professor, Mathematics

**Gary L. Buterbaugh**, Ph.D., University of Pittsburgh

Associate Professor, Computer Science

**William B. Butler**, Ph.D., University of Wisconsin

Professor, Biology

**James F. Byers**, Ph.D., University of Wisconsin

Professor, Chairperson, Industrial and Labor Relations

**James M. Cahalan**, Ph.D., University of Cincinnati

Professor, English

**Carol L. Caraway**, Ph.D., University of Oklahoma

Associate Professor, Philosophy and Religious Studies

**Patrick A. Carone**, Ph.D., Duke University

Professor, International Student Adviser, International Services

**Carmy G. Carranza**, M.A., Indiana University of Pennsylvania

Assistant Professor, Chairperson, Director, Learning Center

**Jose M. Carranza**, Ph.D., University of Pittsburgh

Professor, Chairperson, Spanish and Classical Languages

**A. Keith Carreiro**, Ed.D., Harvard University

Assistant Professor, Professional Studies in Education

**Wendy K. Carse**, Ph.D., Tulane University

Assistant Professor, English

**Charles E. Casavant**, Ph.D., State University of New York at Buffalo

Professor, Music

**Charles D. Cashdollar**, Ph.D., University of Pennsylvania

University Professor and Professor, History

**Donna B. Cauffiel**, M.Ed., Indiana University of Pennsylvania

Assistant Professor, Hotel, Restaurant, and Institutional Management

**Vince Celtnieks**, Ed.D., West Virginia University

Associate Professor, Health and Physical Education

**Karen R. Cercone**, Ph.D., University of Michigan

Professor, Geoscience

**Mary Ann Cessna**, Ed.D., The Pennsylvania State University

Professor, Food and Nutrition

**Miriam S. Chaiken**, Ph.D., University of California

Associate Professor, Chairperson, Anthropology

**David D. Chambers**, Ph.D., University of Illinois, Urbana

Assistant Professor, Chairperson, Political Science

**Benjamin C. Chan**, Ph.D., Temple University

Professor, Philosophy and Religious Studies

**Deanna B. K. Chang**, M.A., University of Hawaii

Assistant Professor, Sociology

**William D. Chapman**, Ph.D., University of Pittsburgh

Associate Professor, Special Education and Clinical Services

**Michael R. Charnego**, M.Ed., Indiana University of Pennsylvania

Associate Professor, Biology

**R. Philip Chekanski**, M.S., Central Missouri State University

Associate Professor, Safety Sciences

**Carl C. Chen**, Ph.D., Kent State University

Associate Professor, Management Information Systems and Decision Sciences

**Stanley Chepaitis**, D.M.A., University of Rochester-Eastman School of Music

Assistant Professor, Music

**Sung-Gay Chow**, Ph.D., University of Alabama

Assistant Professor, English

**Richard L. Christensen**, M.S., University of Northern Illinois

Associate Professor, Safety Sciences

**Nicholas D. Christodouleas**, Ph.D., Louisiana State University

Professor, Chemistry

**Richard A. Ciganko**, Ed.D., Illinois State University

Assistant Professor, Art

**Frank J. Cignetti**, M.Ed., Indiana University of Pennsylvania

Professor, Director, Intercollegiate Athletics

**Garry J. Ciskowski**, Ph.D., University of Oklahoma Health Science Center

Associate Professor, Biology

**Joseph C. Clark**, Ph.D., Stanford University

Assistant Professor, Geoscience

**Lois A. Clark**, M.Ed., Slippery Rock State College

Associate Professor, Health and Physical Education

**Vaughn H. Clay**, Ed.D., University of Pittsburgh

Professor, Art

**Stanley Cohen**, J.D., Salmon P. Chase College of Law

Professor, Criminology

**Bernadette Cole-Slaughter**, Ph.D., Purdue University

Associate Professor, Professional Studies in Education

**Edward G. Coleman**, M.S., Carnegie Institute of Technology

Associate Professor, Chemistry

**Susan M. Comfort**, Ph.D., University of Texas

Assistant Professor, English

**Francis J. Condino**, Ed.D., West Virginia University

Assistant Professor, Intercollegiate Athletics

**W. Thomas Conelly**, Ph.D., University of California at Santa Barbara

Assistant Professor, Anthropology

**Carol E. Connell**, M.L.S., University of Pittsburgh

Assistant Professor, Libraries and Media Resources

**David M. Cook**, Ph.D., The Ohio State University

Professor, English

**Frank Corbett**, Ed.D., Temple University

Associate Professor, Professional Studies in Education

**Carmine J. Cortazzo Jr.**, M.S., University of Illinois

Assistant Professor, Health and Physical Education

**John A. Cross**, Ph.D., University of Pittsburgh

Professor, Computer Science

**John W. Cross**, M.A., University of Massachusetts

Associate Professor, Economics

**Thomas E. Crumm**, Ph.D., University of Massachusetts

Professor, Chemistry

**Concetta C. Culliver**, D.Ed., University of Alabama

Associate Professor, Criminology

**Helen D. Cunningham**, M.N.Ed., University of Pittsburgh

Associate Professor, Nursing

**Thomas P. Cunningham**, M.S., Carnegie Institute of Technology

Associate Professor, Computer Science

**Bob J. Curey**, Ph.D., Wayne State University

Professor, English

**Susan S. Dahlheimer**, Ph.D., University of Pittsburgh

Associate Professor, Food and Nutrition

**Victoria B. Damiani**, Ed.D., College of William and Mary

Assistant Professor, Educational and School Psychology

**Karen A. Dandurand**, Ph.D., University of Massachusetts

Associate Professor, English

**Rosalyn B. Darling**, Ph.D., University of Connecticut

Assistant Professor, Sociology

**Arlo Dean Davis**, Ph.D., University of Colorado

Professor, Mathematics

**Wayne J. Davis**, Ph.D., Rutgers, The State University of New Jersey

Professor, Accounting

**Gary J. Dean**, Ph.D., The Ohio State University

Associate Professor, Chairperson, Counseling, Adult Education, and Student Affairs

**James C. Dearing**, M.M., University of Wisconsin

Assistant Professor, Music

**David A. DeCoster**, Ed.D., University of Florida

Professor, Counseling, Adult Education, and Student Affairs

**Anthony G. DeFurio**, Ph.D., The Pennsylvania State University

Professor, Chairperson, Art

**James M. DeGeorge**, Ph.D., Tulane University

Professor, Journalism

**Charles P. DeJarnett**, A.A., New Mexico Military Institute,

Instructor, Military Science

**Dagem Dejene**, Ph.D., The Ohio State University

Assistant Professor, Political Science

**Gail L. Diccico**, Ph.D., University of Pittsburgh

Assistant Professor, Health and Physical Education

**Christian M. Dickinson**, M.M., Florida State University

Assistant Professor, Music

**William E. Dietrich, Jr.**, Ph.D., University of Pennsylvania

Professor, Biology

**John L. Dietz**, D.M.A., University of Michigan

Professor, Music

**Richard A. DiStanislao**, M.A., Indiana University of Pennsylvania

Interim Registrar, Office of the Registrar

**Joseph W. Domaracki**, Ph.D., University of Pittsburgh

Assistant Professor, Special Education and Clinical Services

**H. Edward Donley**, Ph.D., Carnegie Mellon University

Professor, Mathematics

**David B. Downing**, Ph.D., State University of New York at Buffalo

Professor, English

**Rita G. Drapkin**, Ph.D., University of Pittsburgh

Associate Professor, Counseling and Student Development

**Victor S. Drescher**, D.M.L., Middlebury College

Professor, Spanish and Classical Languages

**Rebecca A. Dubovsky**, M.A., Clarion University of Pennsylvania

Assistant Professor, Mathematics

**Kurt P. Dudt**, Ph.D., University of Pittsburgh

Associate Professor, Chairperson, Communications Media; Interim Chairperson, Foundations of Education

**Catherine M. Dugan**, D.Ed., Indiana University of Pennsylvania

Assistant Professor, Director, Advising and Testing Center

**Karen Duhala**, Ph.D., The Pennsylvania State University

Associate Professor, Finance and Legal Studies

**Donald D. Duncan**, Ed.D., University of Pittsburgh

Associate Professor, Mathematics

**Diane L. Duntley**, Ed.D., State University of New York at Buffalo

Professor, Director, Academic Information Systems

**James A. Dyal**, Ph.D., University of Illinois

Professor, Economics

**Robert E. Early**, M.A., Indiana University

Assistant Professor, Mathematics

**David L. Edwards**, B.S., Clarion University of Pennsylvania

Associate Professor, Military Science

**Edward J. Edwards**, D.Ed., The Pennsylvania State University

Assistant Professor, Nursing

**Dean S. Eiteman**, Ph.D., Michigan State University

Professor, Accounting

**Wendy L. Elcesser**, Ph.D., University of Vermont

Assistant Professor, Chemistry

**Deborah A. Ellermeyer**, D.Ed., Indiana University of Pennsylvania

Assistant Professor, University School

**Joan B. Elliott**, Ed.D., The Pennsylvania State University

Professor, Professional Studies in Education

**Mary Louise Eltz**, M.Ed., East Stroudsburg State College

Associate Professor, Health and Physical Education

**Ronald R. Emerick**, Ph.D., University of Pittsburgh

Professor, English

**Steven C. Ender**, Ed.D., University of Georgia

Professor, Educational Counselor, Learning Center

**Mary C. Enderson**, M.S., Old Dominion University

Assistant Professor, Mathematics

**John M. Engler**, M.P.H., University of Pittsburgh

Assistant Professor, Safety Sciences

**Thomas W. Falcone**, D.B.A., Kent State University

Professor, Management

**Lawrence M. Feldman**, Ph.D., State University of New York at Buffalo

Associate Professor, Mathematics

**Beatrice S. Fennimore**, D.Ed., Columbia University

Professor, Professional Studies in Education

**Scott M. Ferderber**, B.A., Washington and Jefferson College

Associate Professor, Military Science

**Lon H. Ferguson**, D.Ed., University of Pittsburgh

Assistant Professor, Safety Sciences

**Vincent J. Ferrara**, Ph.D., Fordham University

Professor, Philosophy and Religious Studies

**Diane R. Ferrell**, Ph.D., University of Pittsburgh

Assistant Professor, Special Education and Clinical Services

**Gary M. Ferrence**, Ed.D., Indiana University

Professor, Biology

**Trenton R. Ferro**, Ed.D., Northern Illinois University

Assistant Professor, Counseling, Adult Education, and Student Affairs

**Jerry B. Fiddler**, Ed.D., State University of New York at Buffalo

Professor, Special Education and Clinical Services

**David A. Foltz**, Ph.D., University of Arizona

Associate Professor, Spanish and Classical Languages

**Janet H. Fontaine**, Ph.D., University of Hawaii

Assistant Professor, Counseling, Adult Education, and Student Affairs

**Susan E. Forbes**, M.A., Kent State University

Associate Professor, Chairperson, Geography and Regional Planning

**William R. Forbes**, Ph.D., Indiana University

Professor, Biology

**John C. Ford**, Ph.D., Northeastern University

Assistant Professor, Chemistry

**Sandra L. Ford Grove**, M.Ed., Indiana University of Pennsylvania

Assistant Professor, University School

**John N. Fox**, Ph.D., Wesleyan University

University Professor, Physics

**Douglas H. Frank**, Ph.D., University of Southern California

Associate Professor, Mathematics

**W. Larry Freeman**, Ph.D., Clemson University

Associate Professor, Physics

**Ernest B. Fricke**, Ph.D., New York University

Professor, History

**Donald P. Fritz, Jr.**, M.Ed., Indiana University of Pennsylvania

Assistant Professor, English

**Edwin J. Fry**, M.M., DePaul University

Associate Professor, Music

**Norman W. Gaggini**, M.Ed., Indiana University of Pennsylvania

Associate Professor, Physics

**Victor Q. Garcia**, Ph.D., University of California-Santa Barbara

Assistant Professor, Anthropology

**Rajendar K. Garg**, Ph.D., University of Massachusetts

Associate Professor, Marketing

**C. Alexander Garvin**, Ph.D., University of Tennessee

Professor, Economics

**Rosalyn H. Gates**, Ph.D., The Pennsylvania State University

Assistant Professor, Professional Studies in Education

**Susan I. Gatti**, Ph.D., University of Pittsburgh

Associate Professor, English

**Robert L. Gaylor**, Ph.D., University of Pittsburgh

Associate Professor, Industrial and Labor Relations

**Jerry G. Gebhard**, Ed.D., Columbia University

Professor, English; American Language Institute

**Robert P. Gendron**, Ph.D., Duke University

Associate Professor, Biology

**Gail J. Gerlach**, Ed.D., Temple University

Professor, Professional Studies in Education

**Michele A. Gerwick**, M.S., Indiana University of Pennsylvania

Assistant Professor, Nursing

**Mohamed E. Ghobashy**, Ph.D., Hochschule fuer Wethandel; C.P.A.

Professor, Accounting

**John J. Gibbs**, Ph.D., State University of New York at Albany

Professor, Criminology

**Manton C. Gibbs**, Ph.D., Michigan State University

Professor, Management

**James E. Gibson**, Ph.D., Temple University

Assistant Professor, Philosophy and Religious Studies

**Jayne R. Giniewicz**, Ph.D., The Pennsylvania State University

Assistant Professor, Physics

**James M. Glenn**, M.L.S., State University of New York at Albany

Assistant Professor, Libraries and Media Resources

**Eileen J. Glisan**, Ph.D., University of Pittsburgh

Professor, Spanish and Classical Languages

**Susan Glor-Sheib**, Ph.D., University of Pittsburgh

Assistant Professor, Special Education and Clinical Services

**Irving Godt**, Ph.D., New York University

Professor, Music

**Janet E. Goebel**, Ph.D., University of Nebraska-Lincoln

Professor, English

**Cathleen J. Golden**, M.Ed., Ohio University

Assistant Professor, Office Systems and Business Education

**Edward W. Gondolf**, Ed.D., Boston University

Professor, Sociology

**Beverly J. Goodwin**, Ph.D., University of Pittsburgh

Associate Professor, Psychology

**Philip B. Gordon**, Ph.D., The Ohio State University

Assistant Professor, Human Development and Environmental Studies

**Jacqueline L. Gorman**, Ph.D., Indiana University

Assistant Professor, Mathematics

**Brooke V. Grant**, M.A., University of Pittsburgh

Associate Professor, Sociology

**John G. Grassinger**, M.L.S., University of Pittsburgh

Associate Professor, Libraries and Media Resources

**James L. Gray**, Ph.D., Duke University

Professor, English

**Cassandra C. Green**, M.A., Indiana University of Pennsylvania

Assistant Professor, Educational Counselor, Learning Center

**Ralph F. Grove**, Ph.D., University of Louisville

Assistant Professor, Computer Science

**Royden P. Grove**, M.Ed., Ohio University

Assistant Professor, Health and Physical Education

**David E. Grover**, Ph.D., University of Kentucky

Professor, Psychology

**Richard A. Halapin**, Ph.D., University of Pittsburgh

Associate Professor, Management Information Systems and Decision Sciences

**Frank W. Hall II**, Ph.D., University of Montana

Professor, Chairperson, Geoscience

**Robert W. Hamilton**, M.Ed., Indiana University of Pennsylvania

Associate Professor, Art

**Janis M. Handler**, M.S., Indiana University

Instructor, Communications Media

**Kathleen J. Hanrahan**, Ph.D., Rutgers, The State University of New Jersey

Assistant Professor, Criminology

**Roy W. Harding**, Ph.D., California Institute of Technology

Professor, Chemistry

**Katherine J. Harris**, Ph.D., Cornell University

Associate Professor, History

**Richard A. Hartline**, Ph.D., University of California

Professor, Chemistry

**Rebecca L. Hartman**, D.Ed., Teachers College, Columbia University

Assistant Professor, Nursing, Coordinator, Allied Health Professions

**Patrick M. Hartwell**, Ph.D., University of California-Los Angeles

Professor, English

**Malcolm R. Hayward III**, Ph.D., Tulane University

Professor, English

**Nancy M. Hayward**, Ph.D., Indiana University of Pennsylvania

Assistant Professor, English

**Judith M. Hechtman**, Ed.D., University of Pittsburgh

Professor, University School

**D. Alex Heckert**, Ph.D., University of Iowa

Assistant Professor, Sociology

**Janice L. Heckroth**, Ed.D., University of South Dakota

Associate Professor, Human Development and Environmental Studies

**Donn W. Hedman**, M.F.A., Washington State University

Professor, Art

**Patricia I. Heilman**, Ph.D., Indiana University of Pennsylvania

Associate Professor, Journalism

**Virginia Hemby**, Ph.D., University of Southern Mississippi

Assistant Professor, Office Systems and Business Education

**Anita C. Henry**, Ph.D., Indiana University

Professor, French

**Jeannine L. Heny**, Ph.D., University of Pennsylvania

Associate Professor, English

**Herlinda Hernandez**, M.A., University of the Americas (Mexico)

Associate Professor, Spanish and Classical Languages

**Kenneth E. Hershman**, Ph.D., Purdue University

Professor, Physics

**Robert H. Hoellein**, Ph.D., The Ohio State University

Professor, Educational and School Psychology

**Janice L. Holmes**, Ph.D., University of Pittsburgh

Assistant Professor, Nursing

**Harry G. Holt**, M.S., Bucknell University

Associate Professor, Economics

**Harvey S. Holtz**, Ph.D., City University of New York

Professor, Sociology

**James D. Hooks**, Ph.D., University of Pittsburgh

Professor, Libraries and Media Resources

**Richard J. Hornfeck**, Ph.D., Michigan State University

Professor, Health and Physical Education; Director, Highway Safety Center

**Steven A. Hovan**, Ph.D., University of Michigan

Assistant Professor, Geoscience

**Marilyn S. Howe**, Ph.D., University of Pittsburgh

Assistant Professor, Director, University School  
**Paul E. Hrabovsky**, M.Ed., Indiana University of Pennsylvania  
Assistant Professor, Learning Center  
**Lawrence R. Hudack**, Ph.D., University of North Texas  
Assistant Professor, Accounting  
**Barbara H. Hudson**, Ph.D., Howard University  
Professor, English  
**Suzanne H. Hudson**, Ph.D., Marquette University  
Professor, English  
**Arthur C. Hulse**, Ph.D., Arizona State University  
Professor, Biology  
**Jan G. Humphreys**, Ph.D., Virginia Polytechnic Institute and State University  
Professor, Biology  
**Herbert M. Hunter**, Ph.D., Boston University  
Associate Professor, Chairperson, Sociology  
**C. Mark Hurlbert**, D.A., State University of New York at Albany  
Professor, English  
**Syed N. Hyder**, M.Tax., Georgia State University; C.P.A.; C.C.A.  
Assistant Professor, Accounting  
**Dominic J. Intili**, Ph.D., Case Western Reserve University  
Professor, Music  
**Steven F. Jackson**, Ph.D., University of Michigan  
Assistant Professor, Political Science  
**Mary R. Jalongo**, Ph.D., University of Toledo  
University Professor and Professor, Professional Studies in Education  
**Sandra L. Janicki**, M.A., University of Pittsburgh  
Assistant Professor, Libraries and Media Resources  
**Rosa N. Jen**, M.S., Florida State University  
Assistant Professor, Libraries and Media Resources  
**Randy L. Jesick**, M.S.J., West Virginia University  
Assistant Professor, Journalism  
**Crawford W. Johnson**, M.A., Atlanta University  
Associate Professor, College of Humanities and Social Sciences  
**Ralph L. Johnson**, Ph.D., University of Pittsburgh  
Professor, Health and Physical Education  
**Rita M. Johnson**, Ph.D., The Pennsylvania State University  
Assistant Professor, Food and Nutrition  
**Robert G. Johnson**, Ph.D., Bowling Green State University  
Professor, English  
**Sue F. Johnson**, Ph.D., Michigan State University  
Assistant Professor, English  
**Brian R. Jones**, M.F.A., University of Florida  
Assistant Professor, Theater  
**Foster T. Jones**, Ph.D., Indiana University  
Professor, French  
**Anthony J. Joseph**, Ph.D., University of the West Indies  
Associate Professor, Safety Sciences  
**Frederick A. Joseph**, M.Ed., Kent State University  
Associate Professor, Director, Financial Aid  
**Jerry A. Joseph**, M.H.A., University of Pittsburgh  
Associate Professor, Accounting  
**Myrtle M. Joseph**, M.L.S., Catholic University of America  
Assistant Professor, Libraries and Media Resources  
**Larry A. Judge**, B.S.Ed., Indiana University of Pennsylvania

Instructor, Director, Sports Information

**Ronald A. Juliette**, Ed.D., Indiana University

Professor, Communications Media

**John F. Kadlubowski**, Ph.D., University of Maryland

Professor, History

**Krzysztof Kaniasty**, Ph.D., University of Louisville

Associate Professor, Psychology

**Charles M. Kanyarusoke**, Ph.D., University of Pittsburgh

Associate Professor, Communications Media

**Nicholas Karatjas**, Ph.D., State University of New York at Stony Brook

Professor, Economics

**Majid Karimi**, Ph.D., University of Oklahoma

Assistant Professor, Physics

**Irvin C. Kauffman**, Assistant Principal Cello, Pittsburgh Symphony Orchestra

Associate Professor, Music

**Cathy C. Kaufman**, Ph.D., University of Pittsburgh

Assistant Professor, Professional Studies in Education

**David Kaufman**, M.A., University of Pittsburgh

Associate Professor, Libraries and Media Resources

**David Shankland Keene**, Ph.D., Princeton University

Professor, Political Science

**Billie L. Kerans**, Ph.D., The Ohio State University

Assistant Professor, Biology

**Christine W. Kesner**, Ph.D., Carnegie Mellon University

Associate Professor, Human Development and Environmental Studies

**Michael H. Kesner**, Ph.D., University of Massachusetts

Professor, Biology

**Maurice A. Kilwein-Guevara**, Ph.D., University of Wisconsin at Milwaukee

Assistant Professor, English

**Elizabeth A. Kincade**, Ph.D., The Pennsylvania State University

Assistant Professor, Counseling Center

**Robert L. King**, Ed.D., The Pennsylvania State University

Professor, Professional Studies in Education

**Robert J. Kirby, Jr.**, M.S.L.S., Catholic University of America

Assistant Professor, Libraries and Media Resources

**Diane H. Klein**, Ph.D., University of Pittsburgh

Assistant Professor, Special Education and Clinical Services

**Germain P. Kline**, M.B.A., Indiana University of Pennsylvania

Associate Professor, Accounting

**Linda R. Klingaman**, Ph.D., The Pennsylvania State University

Assistant Professor, Health and Physical Education

**Blaine E. Knupp**, M.L.S., University of Pittsburgh

Instructor, Libraries and Media Resources

**Richard W. Kolaczowski**, Ph.D., Cornell University

Professor, Chemistry

**Paul I. Kornfeld**, Ed.D., Illinois State University

Associate Professor, Communications Media

**Barbara A. Kraszewski**, M.A., Carnegie Mellon University

Associate Professor, English

**Krish S. Krishnan**, Ph.D., University of Pittsburgh

Professor, Chairperson, Marketing

**Laurence D. Kruckman**, Ph.D., Southern Illinois University

Professor, Anthropology

**Joseph S. Krupnik**, M.A., The Pennsylvania State University

Associate Professor, English

**Sherrill A. Kuckuck**, D.Ed., University of Pittsburgh

Professor, Director, Student Development Programs

**John W. Kuehn**, D.M.A., University of Colorado

University Professor and Professor, Music

**Mary Jane Kuffner Hirt**, Ph.D., University of Pittsburgh

Professor, Political Science

**Lawrence Kupchella**, Ph.D., The Pennsylvania State University

Assistant Professor, Chemistry

**Barbara N. Kupetz**, Ed.D., University of Pittsburgh

Assistant Professor, Professional Studies in Education

**Jodell L. Kuzneski**, M.N.Ed., University of Pittsburgh

Associate Professor, Chairperson, Nursing

**Amy L. Labant**, M.S.N., Indiana University of Pennsylvania

Assistant Professor, Nursing

**Thomas J. Lacey**, Ed.D., University of Pittsburgh

Assistant Professor, Art

**Richard J. Lamberski**, Ph.D., The Pennsylvania State University

Associate Professor, Communications Media

**Dale E. Landon**, Ph.D., University of Illinois

Professor, History

**David J. Laporte**, Ph.D., Temple University

Associate Professor, Psychology

**John W. Larner**, Ph.D., West Virginia University

Assistant Professor, History

**Walter R. Laude**, M.A., Scarritt College

Associate Professor, Libraries and Media Resources

**Neil B. Lehman**, Ph.D., The Ohio State University

Professor, Chairperson, History

**Mary Beth Leidman-Golub**, Ed.D., George Peabody College for Teachers, Vanderbilt University

Associate Professor, Communications Media

**Edward M. Levinson**, Ed.D., Virginia Polytechnic Institute and State University

Professor, Educational and School Psychology

**Tian-Min Lin**, Ph.D., Boston University

Professor, Philosophy and Religious Studies

**C. T. Lindh**, M.S., Duquesne University

Assistant Professor, Accounting

**Alicia V. Linzey**, Ph.D., Virginia Polytechnic Institute and State University

Professor, Biology

**Sally A. Lipsky**, Ph.D., University of Pittsburgh

Associate Professor, Reading/Study Skills Coordinator, Learning Center

**Renee P. Liscinsky**, Doctorat du III<sup>e</sup>me cycle, Universite de Besancon, France

Professor, French

**Victor Liscinsky**, M.Ed., University of Pittsburgh

Associate Professor, Health and Physical Education

**Robert I. Lloyd**, D.M.A., Catholic University of America

Professor, Music

**Patricia L. Lommock**, M.Ed., University of Pittsburgh

Associate Professor, Theater

**George R. Long**, Ph.D., Utah State University

Assistant Professor, Chemistry

**Thomas R. Lord**, Ed.D., Rutgers, The State University of New Jersey

Associate Professor, Biology

**A. Lynne Lucas**, M.L.S., University of Pittsburgh

Assistant Professor, Libraries and Media Resources  
**Joanne Y. Luchsinger**, M.M., University of Illinois  
Assistant Professor, Music  
**Carl S. Luciano**, Ph.D., West Virginia University  
Associate Professor, Biology  
**Ronald Lunardini**, Ed.D., University of Pittsburgh  
Associate Professor, Counseling, Adult Education, and Student Affairs  
**Sandra Joyce Lynn**, M.S., Auburn University  
Assistant Professor, Human Development and Environmental Studies  
**Charles R. Maderer**, M.A.T., Brown University  
Associate Professor, Mathematics  
**Richard D. Magee**, Ph.D., Temple University  
Professor, Psychology  
**Marjorie A. Mambo**, D.Ed., Teachers College, Columbia University  
Assistant Professor, University School  
**Sarah J. Mantel**, D.M.A., University of Illinois  
Professor, Music  
**Irwin Murray Marcus**, Ph.D., Lehigh University  
Professor, History  
**Grace D. Marlin**, M.Ed., Indiana University of Pennsylvania  
Instructor, University School  
**Barbara W. Marquette**, Ph.D., West Virginia University  
Professor, Psychology  
**Laura E. Marshak**, Ph.D., University of Pittsburgh  
Associate Professor, Special Education and Clinical Services  
**Lincoln H. Marshall**, Ph.D., American University  
Associate Professor, Hotel, Restaurant, and Institutional Management  
**Arthur H. Martel**, Ph.D., University of Massachusetts  
Professor, Economics  
**Randy L. Martin**, Ph.D., University of Nebraska-Lincoln  
Associate Professor, Criminology  
**Lea Masiello**, Ph.D., University of Cincinnati  
Professor, English  
**Frances Ann Massey**, Ph.D., University of Pittsburgh  
Professor, Mathematics  
**John K. Matolyak**, Ph.D., West Virginia University  
Professor, Physics  
**George M. Matous**, Ph.D., University of Notre Dame  
Associate Professor, Physics  
**Donald A. McAndrew**, Ph.D., State University of New York at Buffalo  
Professor, English  
**Melissa L. McBride**, D.M.A., Stanford University  
Assistant Professor, Music  
**Michael A. McCaffrey**, M.B.A., University of Pennsylvania  
Assistant Professor, Finance and Legal Studies  
**R. Paul McCauley**, Ph.D., Sam Houston State University  
Professor, Criminology  
**Robert E. McClay, Jr.**, M.B.A., American University  
Associate Professor, Safety Sciences  
**Catherine L. McClenahan**, Ph.D., University of Wisconsin-Milwaukee  
Assistant Professor, English  
**Gary R. McClosky**, M.S., University of Michigan  
Assistant Professor, Safety Sciences  
**Donald S. McClure**, Ph.D., Vanderbilt University

Associate Professor, Chairperson, English

**Susan H. McClure**, Ph.D., Indiana University of Pennsylvania

Assistant Professor, English

**Charles R. McCreary**, Ph.D., Northwestern University

Assistant Professor, French

**G. Patrick McCreary**, M.F.A., Mason Gross School of the Arts, Rutgers, The State University of New Jersey

Assistant Professor, Theater

**Theresa R. McDevitt**, M.L.S., University of Pittsburgh

Assistant Professor, Libraries and Media Resources

**Judith R. McDonough**, Ph.D., Auburn University

Assistant Professor, History

**J. Richard McFerron**, M.B.A., Indiana University of Pennsylvania

Associate Professor, Management Information Systems and Decision Sciences

**Maureen C. McHugh**, Ph.D., University of Pittsburgh

Professor, Psychology; Director, Women's Studies

**Donald R. McKelvey**, Ph.D., Carnegie Mellon University

Professor, Chemistry

**Katherine K. McKelvey**, Ph.D., Carnegie Mellon University

Associate Professor, Computer Science

**Mark E. McNabb**, M.A., Adams State University

Assistant Professor, Chairperson, Criminology

**Donald S. McPherson**, Ph.D., University of Pittsburgh

University Professor and Professor, Industrial and Labor Relations

**William C. McPherson**, Ph.D., New York University

Associate Professor, Office Systems and Business Education

**Cruz M. Mendizabal**, Doctor en Filosofía y Letras, Universidad Javeriana

Professor, Spanish and Classical Languages

**Alida V. Merlo**, Ph.D., Fordham University

Assistant Professor, Criminology

**John E. Merryman**, Ph.D., University of Pittsburgh

Professor, Foundations of Education

**Mary H. Micco**, Ph.D., University of Pittsburgh

Associate Professor, Computer Science

**Vincent P. Mikkelsen**, Ph.D., Florida State University

Associate Professor, Professional Studies in Education

**Cecilia Y. Rodriguez Milanes**, D.A., State University of New York at Albany

Assistant Professor, English

**James G. Mill, Jr.**, Ph.D., University of Pittsburgh

Professor, Chairperson, Health and Physical Education

**Jeffrey A. Miller**, M.S., The Pennsylvania State University

Assistant Professor, Chairperson, Hotel, Restaurant, and Institutional Management

**Larry Carl Miller**, Ph.D., Northwestern University

Professor, History

**Vincent P. Miller, Jr.**, Ph.D., Michigan State University

Professor, Geography and Regional Planning

**John A. Mills**, Ph.D., State University of New York at Buffalo

Associate Professor, Director, Counseling and Student Development Center

**Robert E. Millward**, Ed.D., The Pennsylvania State University

Professor, Professional Studies in Education

**George R. Miltz**, M.A., University of Cincinnati

Associate Professor, Spanish and Classical Languages

**Brenda M. Mitchell**, Ph.D., University of Illinois at Urbana-Champaign

Assistant Professor, Art

**George E. Mitchell**, Ph.D., University of Virginia

Professor, Mathematics

**Joel D. Mlecko**, Ph.D., Catholic University of America

Professor, Philosophy and Religious Studies

**Kofie L. Montgomery**, M.S., The Pennsylvania State University

Instructor, Health and Physical Education

**Sharon B. Montgomery**, Ph.D., University of Pennsylvania

Professor, Philosophy and Religious Studies

**Archie F. Moore**, D.Ed., The Pennsylvania State University

Professor, Health and Physical Education

**Wayne A. Moore**, Ed.D., Temple University

Associate Professor, Office Systems and Business Education

**Mia M. Moore-Armitage**, Ph.D., University of Tennessee

Professor, Food and Nutrition

**Martin J. Morand**, B.S., Cornell University

Professor, Industrial and Labor Relations

**Bernard A. Moreau**, Ed.D., University of Pittsburgh

Professor, Office Systems and Business Education

**Frederick W. Morgan**, Ph.D., Southern Methodist University

Associate Professor, Mathematics

**Robert L. Morris**, Ph.D., West Virginia University

Professor, Political Science

**Imogene L. Moyer**, Ph.D., University of Missouri

Professor, Criminology

**Stanford G. Mukasa**, Ph.D., McGill University, Canada

Assistant Professor, Chairperson, Journalism

**Patrick D. Murphy**, Ph.D., University of California

Professor, English

**Robert J. Mutchnick**, Ph.D., Florida State University

Professor, Criminology

**James R. Myers**, Ed.D., West Virginia University

Associate Professor, Mathematics

**Prashanth B. Nagendra**, Ph.D., Rutgers, The State University of New Jersey

Associate Professor, Management

**Ataollah Nahouraii**, Ph.D., University of Pittsburgh

Professor, Management Information Systems and Decision Sciences

**Anthony J. Nastase**, Ph.D., University of Pittsburgh

Professor, Biology

**Nedra K. Nastase**, Ph.D., University of Pittsburgh

Assistant Professor, Professional Studies in Education

**Francis A. Nee**, M.Ed., University of Pittsburgh

Associate Director, Intercollegiate Athletics

**Alan E. Nelson**, Ed.D., Indiana University of Pennsylvania

Assistant Professor, Human Development and Environmental Studies

**Linda Shearer Nelson**, Ph.D., University of Pittsburgh

Professor, Human Development and Environmental Studies

**James P. Nestor**, D.A., Carnegie Mellon University

Associate Professor, Art

**Phillip D. Neusius**, Ph.D., University of Missouri

Associate Professor, Anthropology

**Sarah W. Neusius**, Ph.D., Northwestern University

Associate Professor, Anthropology

**Gini G. Newell**, M.Ed., Indiana University of Pennsylvania

Instructor, Special Education and Clinical Services

**Sandra J. Newell**, Ph.D., University of Toledo

Professor, Biology  
**Linda C. Norris**, Ph.D., University of Pittsburgh  
Assistant Professor, English  
**Thomas C. Nowak**, Ph.D., Cornell University  
Professor, Sociology  
**Richard C. Nowell**, Ed.D., University of Rochester  
Associate Professor, Chairperson, Special Education and Clinical Services  
**Muhammad Z. Numan**, Ph.D., College of William and Mary  
Associate Professor, Physics  
**William W. Oblitey**, Ph.D., University of Pittsburgh  
Associate Professor, Chairperson, Computer Science  
**Anja H. Olin-Fahle**, Ph.D., New York University  
Professor, Anthropology  
**Gary James Olmstead**, D.M.A., Cleveland Institute of Music/Case Western Reserve University  
Professor, Music  
**Ludo A. op de Beeck**, Ph.D., University of Pittsburgh  
Professor, French  
**Christopher R. Orchard**, Ph.D., University of Oxford  
Assistant Professor, English  
**John N. Orife**, Ph.D., Michigan State University  
Associate Professor, Chairperson, Management  
**Stephen W. Osborne**, Ph.D., University of Pittsburgh  
Associate Professor, Management  
**Gian S. Pagnucci**, Ph.D., University of Wisconsin-Madison  
Assistant Professor, English  
**Dorothy Ann Palmer**, M.A., Miami University  
Associate Professor, Political Science  
**Susan M. Palmisano**, M.F.A., University of Cincinnati  
Assistant Professor, Art  
**Frederick R. Park**, M.S., University of Pittsburgh  
Associate Professor, Geoscience  
**Madeline P. Paternostro-Bayles**, Ph.D., University of Pittsburgh  
Assistant Professor, Health and Physical Education  
**Robert A. Patsiga**, Ph.D., State University College of Forestry, Syracuse University  
Professor, Chemistry  
**Gary W. R. Patton**, Ph.D., Tufts University  
Professor, Psychology  
**Raymond P. Pavloski**, Ph.D., McMaster University  
Professor, Psychology  
**Terry L. Peard**, Ph.D., Cornell University  
Associate Professor, Biology  
**Gerard C. Penta**, Ph.D., Michigan State University  
Professor, Foundations of Education  
**Virginia Perdue**, D.A., University of Michigan  
Assistant Professor, English  
**Daniel J. Perlongo**, M.Mus., University of Michigan  
Associate Professor, Music  
**Dale C. Peterson**, Ph.D., Rutgers, The State University of New Jersey  
Assistant Professor, Mathematics  
**Russell L. Peterson**, Ph.D., Howard University  
Associate Professor, Biology  
**Jerry L. Pickering**, Ph.D., Rutgers, The State University of New Jersey  
Professor, Biology  
**Elizabeth M. Pierce**, M.S., Iona College

Associate Professor, Management Information Systems and Decision Sciences

**David H. Pistole**, Ph.D., Indiana State University

Professor, Biology

**Edward E. Platt**, Ph.D., University of Connecticut

Professor, Political Science

**Mark A. Plivelic**, M.Litt., University of Pittsburgh

Associate Professor, Accounting

**Karen E. Polansky**, M.S., California State University-Los Angeles

Assistant Professor, Nursing

**Duane M. Ponko**, M.S., Duquesne University; C.P.A.

Assistant Professor, Chairperson, Accounting

**Thomas R. Pressly**, Ph.D., Kent State University

Associate Professor, Accounting

**Robert S. Prezant**, Ph.D., University of Delaware

Professor, Chairperson, Biology

**John P. Quirk**, Ed.D., University of Georgia

Professor, Educational and School Psychology

**George M. Radakovic**, Ph.D., University of Pittsburgh

Associate Professor, Economics

**Judith K. Radell**, D.M.A., University of Illinois

Assistant Professor, Music

**Willard W. Radell**, Ph.D., University of Illinois

Professor, Economics

**Catherine Raeff**, Ph.D., Clark University

Assistant Professor, Psychology

**Bennett A. Rafoth**, Ed.D., University of Illinois

Associate Professor, English

**Mary Ann Rafoth**, Ph.D., University of Georgia

Associate Professor, Educational and School Psychology

**Carl J. Rahkonen**, Ph.D., Indiana University

Associate Professor, Libraries and Media Resources

**Rosa Alicia Ramos**, Ph.D., University of Pennsylvania

Assistant Professor, Spanish and Classical Languages

**David L. Ramsey**, B.A., Washington and Jefferson College

Instructor, Physics

**Gurmal Rattan**, Ph.D., Ball State University

Professor, Educational and School Psychology

**Chancy R. Rawleigh**, Ph.D., Syracuse University

Professor, Sociology

**Phillip P. Ray**, Ph.D., The Ohio State University

Assistant Professor, Mathematics

**Terry T. Ray**, J.D., Duquesne University

Professor, Chairperson, Finance and Legal Studies

**Karen E. Ready**, M.A., Middlebury College

Associate Professor, German

**Clarice K. Reber**, M.S., University of Michigan

Assistant Professor, Special Education and Clinical Services

**James C. Reber**, Ph.D., Duke University

Professor, Mathematics

**Jack C. Reed**, M.S., University of Arizona

Associate Professor, Safety Sciences

**William L. Rettig**, Ph.D., The Ohio State University

Professor, Mathematics

**Virginia E. Reynolds**, M.A., Columbia University

Assistant Professor, Sociology  
**Alexander R. Rich**, Ph.D., Kent State University  
Professor, Psychology  
**Darlene S. Richardson**, Ph.D., Columbia University  
Professor, Geoscience; Director, Liberal Studies  
**Joseph L. Ritchie**, M.Ed., Indiana University of Pennsylvania  
Assistant Director, Advising and Testing Center  
**Robert H. Rittle**, Ph.D., Kent State University  
Professor, Psychology  
**Donald J. Robbins**, M.Ed., Indiana University of Pennsylvania  
Associate Professor, Accounting  
**Lionel E. Roberts, Jr.**, J.D., Cumberland School of Law, Samford University  
Associate Professor, Finance and Legal Studies  
**Richard D. Roberts**, M.S., The Pennsylvania State University  
Associate Professor, Chairperson, Physics  
**Donald U. Robertson**, Ph.D., Bowling Green State University  
Professor, Psychology  
**Allen R. Robinson**, Ph.D., Michigan State University  
Professor, Highway Safety Center  
**David L. Rodgers**, M.S., Indiana University  
Assistant Professor, Human Development and Environmental Studies  
**Rosaly D. Roffman**, M.A., University of Hawaii  
Associate Professor, English  
**Thomas J. Rogish**, M.Ed., Frostburg State University  
Assistant Professor, Athletics  
**Grace Ann M. Rosile**, Ph.D., University of Pittsburgh  
Assistant Professor, Management  
**Beverly J. Rossiter**, M.N., University of Pittsburgh  
Assistant Professor, Nursing  
**David E. Rotigel**, Ed.D., University of Illinois  
Professor, Foundations of Education  
**Richard D. Rowell**, Ed.D., University of Georgia  
Professor, Office Systems and Business Education  
**Robert H. Russell**, M.A.T., Indiana University  
Assistant Professor, Journalism  
**John C. Ryan**, Ph.D., University of Pittsburgh  
Associate Professor, Management  
**Daniel D. Sadler**, Ph.D., University of Illinois  
Assistant Professor, Psychology  
**Mary E. Sadler**, M.N., University of Pittsburgh  
Associate Professor, Nursing  
**Stephen K. Sanderson**, Ph.D., University of Nebraska  
Professor, Sociology  
**Nicolo A. Sartori**, M.M., University of Michigan  
Assistant Professor, Music  
**Lilia P. Savova**, Ph.D., Sofia University in Bulgaria  
Assistant Professor, English  
**John F. Scandrett**, M.M., University of Wisconsin  
Assistant Professor, Chairperson, Music  
**R. Thomas Schaub**, Ph.D., University of Pittsburgh  
Professor, Philosophy and Religious Studies  
**Joan C. Schmitt**, M.A., Michigan State University  
Assistant Professor, Human Development and Environmental Studies  
**Carl W. Schneider**, Ph.D., Michigan State University

Professor, Chairperson, Psychology

**Janet M. Scholz**, Ph.D., Oregon State University

Assistant Professor, Mathematics

**Lisa M. Sciulli**, Ph.D., University of Pittsburgh

Associate Professor, Marketing

**C. Donald Seagren**, D.Ed., The Pennsylvania State University

Professor, Advising and Testing Center

**Gail S. Sechrist**, Ph.D., Louisiana State University and A & M College

Assistant Professor, Geography and Regional Planning

**Robert P. Sechrist**, Ph.D., Louisiana State University and A & M College

Associate Professor, Geography and Regional Planning

**Thomas Sedwick**, Ph.D., Syracuse University

Professor, Industrial and Labor Relations

**Frederick A. Sehring**, M.Ed., University of Pittsburgh

Associate Professor, Director, Armstrong Campus

**Constance A. Settlemyer**, Ph.D., University of Pittsburgh

Professor, Nursing

**Ronald G. Shafer**, Ph.D., Duquesne University

Professor, English

**Esther M. Shane**, M.S., West Virginia University

Assistant Professor, Special Education and Clinical Services

**Maher Y. Shawer**, Ph.D., University of Oklahoma

Professor, Mathematics

**Teresa C. Shellenbarger**, D.N.S., Widener University

Associate Professor, Nursing

**Jack L. Shepler**, Ph.D., University of Wisconsin

Professor, Mathematics

**Kenneth Lee Shildt**, M.Ed., The Pennsylvania State University

Associate Professor, Chairperson, Management Information Systems and Decision Sciences

**Ruth I. Shirey**, Ph.D., University of Tennessee

Professor, Geography and Regional Planning

**Stephen B. Shiring**, D.Ed., University of Pittsburgh

Assistant Professor, Hotel, Restaurant, and Institutional Management

**Ada H. Shissler**, Ph.D., University of California-Los Angeles

Assistant Professor, History

**Daniel C. Shively**, M.S.L.S., Drexel University

Associate Professor, Libraries and Media Resources

**Charles J. Shubra, Jr.**, Ph.D., The Ohio State University

Professor, Computer Science

**Thomas W. Simmons**, Ph.D., Saint John's University

Assistant Professor, Biology

**Edward K. Simpson**, M.F.A., University of North Carolina

Assistant Professor, Theater

**John F. Sitton**, Ph.D., Boston University

Associate Professor, Political Science

**Thomas J. Slater**, Ph.D., Oklahoma State University

Assistant Professor, English

**Jean J. Slenker**, M.A., Professional Diploma, Teachers College, Columbia University

Associate Professor, Art

**Robert Eugene Slenker**, M.A., Professional Diploma, Teachers College, Columbia University

Associate Professor, Art

**Edward L. Sloniger**, Ph.D., University of Illinois

Professor, Health and Physical Education

**Maxine K. Smatlak**, M.N., University of Pittsburgh

Assistant Professor, Nursing

**R. Roger Smith**, Ph.D., University of Kentucky

Associate Professor, Spanish and Classical Languages

**Theresa S. Smith**, Ph.D., Boston University

Associate Professor, Philosophy and Religious Studies

**W. Wayne Smith**, Ph.D., University of Maryland

Professor, History

**Ronald F. Smits**, Ph.D., Ball State University

Associate Professor, English

**C. Sue Snyder**, Ph.D., University of Pittsburgh

Associate Professor, Nursing

**Kay A. Snyder**, Ph.D., Cornell University

Professor, Sociology

**Stanley J. Sobolewski**, Ph.D., State University of New York at Buffalo

Instructor, Physics

**James A. Solak**, M.Ed., Indiana University of Pennsylvania

Associate Professor, Management Information Systems and Decision Sciences

**Harold M. Sommer**, Ed.D., University of Georgia

Professor, German

**Ramesh G. Soni**, Ph.D., University of Texas at Arlington

Associate Professor, Management

**Robert D. Soule**, Ed.D., University of Pittsburgh

Professor, Chairperson, Safety Sciences

**Elwood R. Speakman**, M.A.T., Brown University

Associate Professor, Mathematics

**Joseph B. Spieker**, Ph.D., Catholic University of America

Professor, Spanish and Classical Languages

**William M. Srsic**, M.Ed., Edinboro University of Pennsylvania

Associate Professor, Associate Director, Financial Aid

**John E. Stamp, Jr.**, D.M.A., Michigan State University

Associate Professor, Music

**Laurie N. Stamp**, D.Ed., Indiana University of Pennsylvania

Assistant Professor, Professional Studies in Education

**James G. Staples**, D.M.A., Eastman School of Music-University of Rochester

Professor, Music

**Jay Start**, Ph.D., University of Pittsburgh

Assistant Professor, Communications Media

**Ricky J. Steele**, M.S., Kansas State University

Professor, Chairperson, Military Science

**John H. Steelman**, Ph.D., University of Virginia

Professor, Mathematics

**Sharon D. Steigmann**, Ph.D., Arizona State University

Professor, Chairperson, Office Systems and Business Education

**David W. Stein**, Ph.D., University of Pittsburgh

Associate Professor, Special Education and Clinical Services

**Joanne B. Steiner**, Ph.D., University of Rhode Island

Professor, Chairperson, Food and Nutrition

**Ronald A. Steiner**, M.S.L.S., Case Western Reserve University

Associate Professor, Chairperson, Libraries and Media Resources

**Margaret M. Stempien**, Ph.D., State University of New York at Buffalo

Associate Professor, Mathematics

**Catherine R. Stephenson**, Ed.D., University of Pittsburgh

Assistant Professor, University School

**Frances C. Stineman**, Ph.D., University of Pittsburgh

Assistant Professor, Eberly College of Business  
**Lloyd K. Stires**, Ph.D., Duke University  
Professor, Psychology  
**Robert J. Stonebraker**, Ph.D., Princeton University  
Professor, Economics  
**Gary S. Stoudt**, Ph.D., Lehigh University  
Assistant Professor, Mathematics  
**Rebecca A. Stoudt**, Ph.D., Lehigh University  
Assistant Professor, Mathematics  
**Paul S. Strand**, Ph.D., University of Tennessee  
Assistant Professor, Psychology  
**Donna L. Streifthau**, Ph.D., The Ohio State University  
Professor, Chairperson, Human Development and Environmental Studies  
**Robert S. Stroock**, M.Ed., Shippensburg University of Pennsylvania  
Associate Professor, Finance and Legal Studies  
**Peter M. Sullivan**, Ph.D., Johns Hopkins University  
Associate Professor, German  
**Mario Sussmann**, Ph.D., University of Illinois  
Professor, Psychology  
**Connie J. Sutton**, M.Ed., Indiana University of Pennsylvania  
Assistant Professor, Geoscience  
**Louis R. Sutton**, Ed.D., West Virginia University  
Professor, Health and Physical Education  
**John J. Sweeney, Jr.**, J.D., University of Pittsburgh  
Assistant Professor, Computer Science  
**Mary E. Swinker**, Ph.D., The Ohio State University  
Associate Professor, Human Development and Environmental Studies  
**Augusta Syty**, Ph.D., University of Tennessee  
Professor, Chemistry  
**Linda F. Szul**, D.Ed., University of Pittsburgh  
Assistant Professor, Office Systems and Business Education  
**Virginia S. Szwarc**, M.S.N., University of Pittsburgh  
Assistant Professor, Nursing  
**Vincent P. Taiani**, Ph.D., State University of New York at Buffalo  
Associate Professor, Marketing  
**Devki N. Talwar**, Ph.D., Allahabad University  
Professor, Physics  
**Dan J. Tannacito**, Ph.D., University of Oregon  
Professor, English  
**John F. Taylor**, Ph.D., University of Missouri  
Professor, Geoscience  
**Carol A. Teti**, D.M.A., University of Michigan  
Professor, Music  
**Eugene F. Thibadeau**, Ph.D., New York University  
Professor, Foundations of Education  
**John C. Thomas, Jr.**, J.D., West Virginia University  
Professor, Criminology  
**Raymond L. Thomas**, Ph.D., The Pennsylvania State University  
Professor, English  
**Ronald W. Thomas**, Ph.D., University of Pittsburgh  
Professor, Counseling, Adult Education, and Student Affairs  
**Carolyn A. Thompson**, M.S., Indiana University of Pennsylvania  
Assistant Professor, Health and Physical Education  
**Richard E. Thorell**, M.A., University of Rochester

Associate Professor, Music

**Gordon F. Thornton**, Ph.D., The Ohio State University

Professor, Psychology

**Sally W. Thornton**, Ph.D., University of Pittsburgh

Associate Professor, Spanish and Classical Languages

**Monte G. Tidwell**, Ph.D., University of Pittsburgh

Assistant Professor, Professional Studies in Education

**Mark A. Tomkovicz**, B.S., Creighton University

Assistant Professor, Military Science

**Martha A. Troxell**, J.D., Temple University

Professor, Finance and Legal Studies

**J. David Truby**, Ph.D., The Pennsylvania State University

Professor, Journalism

**Lawrence J. Turton**, Ph.D., University of Kansas

Professor, Special Education and Clinical Services

**Marie E. Twal**, M.S.N., University of Pittsburgh

Assistant Professor, Nursing

**Mark G. Twiest**, Ph.D., University of Georgia

Assistant Professor, Professional Studies in Education

**Meghan M. Twiest**, Ed.D., University of Georgia

Associate Professor, Professional Studies in Education

**Thomas L. VanDyke**, Ph.D., Virginia Polytechnic Institute and State University

Associate Professor, Hotel, Restaurant, and Institutional Management

**Pothen Varughese**, Ph.D., Kent State University

Professor, Chairperson, Chemistry

**Eduardo A. Vega**, B.A., Chapman College

Assistant Professor, Military Science

**Michael W. Vella**, Ph.D., University of California-Davis

Associate Professor, English

**Kenneth J. Victor**, M.A., University of Missouri

Assistant Professor, Learning Center

**Frank A. Viggiano, Jr.**, Ph.D., University of Pittsburgh

Professor, Human Development and Environmental Studies

**Judith H. Villa**, Ph.D., Boise State University

Assistant Professor, English

**Patricia E. Villalobos**, M.F.A., West Virginia University

Assistant Professor, Art

**Jacob U. Voelker**, M.A., University of Notre Dame

Associate Professor, Chairperson, German

**Dorothy C. Vogel**, Ph.D., New York University

Professor, History

**Edwina B. Vold**, Ph.D., University of Wisconsin

Professor, Chairperson, Professional Studies in Education

**Larry A. Vold**, Ph.D., University of Wisconsin

Associate Professor, Professional Studies in Education

**Julia K. Vormbrock**, Ph.D., University of South Carolina

Assistant Professor, Psychology

**Donald A. Walker**, Ph.D., Harvard University

University Professor and Professor, Chairperson, Economics

**Bernadette L. Walz**, M.S.N., University of Pittsburgh

Associate Professor, Nursing

**George B. Walz**, Ph.D., Lehigh University

Professor, Psychology

**Xi Wang**, Ph.D., Columbia University

Assistant Professor, History

**Stephen B. Ware**, B.A., Ohio Wesleyan University

Associate Professor, Economics

**Dey W. Watts**, Ph.D., Virginia Polytechnic Institute and State University

Assistant Professor, Geography and Regional Planning

**Marcia R. Watts**, M.S., Villanova University

Assistant Professor, Computer Science

**Calvin E. Weber**, Ed.D., University of Illinois

Professor, Music

**Ronald M. Weiers**, Ph.D., University of Pittsburgh

Professor, Marketing

**Christopher L. Weiland**, M.F.A., Rochester Institute of Technology

Professor, Art

**Kim Weiner**, Ph.D., University of Pittsburgh

Assistant Professor, Counseling and Student Development Center

**James E. Welker**, M.B.A., University of Pittsburgh

Assistant Professor, Finance and Legal Studies

**Susan Welsh**, Ph.D., Drew University

Assistant Professor, English

**Annie-Laurie Wheat**, M.F.A., University of Georgia

Assistant Professor, Chairperson, Theater

**Susan E. Wheatley**, Ph.D., University of Michigan

Associate Professor, Music

**Roxann Wheeler**, M.Sc., University of Edinburgh, Scotland

Assistant Professor, English

**Tamara L. Whited**, Ph.D., University of California-Berkeley

Assistant Professor, History

**Robert L. Whitmer**, Ph.D., University of Pittsburgh

Professor, Chairperson, French

**Dennis W. Whitson**, Ph.D., University of Pittsburgh

Professor, Physics

**Vythilingam Wijekumar**, Ph.D., The Ohio State University

Associate Professor, Physics

**George T. Wiley**, Ph.D., Western Reserve University

Professor, History

**Carolyn J. Wilkie**, Ph.D., The Pennsylvania State University

Associate Professor, Educational Development Specialist, Learning Center

**Linda L. Williams**, Ph.D., University of Pittsburgh

Professor, Professional Studies in Education

**Michael M. Williamson**, Ph.D., State University of New York at Buffalo

Professor, English

**Michael T. Williamson**, Ph.D., Rutgers, The State University of New Jersey

Assistant Professor, English

**Gwendolyn Willis**, Ph.D., University of Pittsburgh

Assistant Professor, Communications Media

**Marilyn E. Willis**, Ed.D., Virginia Polytechnic Institute and State University

Assistant Professor, Professional Studies in Education

**B. Gail Wilson**, Ph.D., University of Pittsburgh

Associate Professor, Communications Media

**Lorraine P. Wilson**, D.A., Ball State University

Associate Professor, Music

**Nancy K. Wilson**, Ph.D., University of Tennessee

Associate Professor, Criminology

**T. Kenneth Wilson**, Ph.D., State University of New York at Buffalo

Associate Professor, English

**Ray L. Winstead**, Ph.D., North Carolina State University

Professor, Biology

**Stacey C. Winstead**, M.A., Slippery Rock University

Assistant Professor, Educational Counselor, Learning Center

**Joette M. Wisnieski**, M.B.A., The Pennsylvania State University

Associate Professor, Management

**Robert I. Witchel**, Ed.D., University of Georgia

Professor, Counseling, Adult Education, and Student Affairs

**Ronald J. Woan**, Ph.D., Florida State University

Associate Professor, Accounting

**James L. Wolfe**, M.S., The Pennsylvania State University

Associate Professor, Computer Science

**Russell L. Wolz**, Ph.D., Northwestern University

Assistant Professor, Chemistry

**John T. Wood**, Ph.D., University of Pittsburgh

Professor, Chemistry

**Dawn E. Woodland**, Ph.D., Southern Illinois University

Assistant Professor, Office Systems and Business Education

**John C. Woolcock**, Ph.D., University of California-Riverside

Associate Professor, Chemistry

**John C. Worzbyt**, Ed.D., University of Rochester

Professor, Counseling, Adult Education, and Student Affairs

**Dieter Wulfhorst**, D.M.A., University of Maryland at College Park

Assistant Professor, Music

**Weifan Yan**, Ph.D., State University of New York at Buffalo

Professor, Professional Studies in Education

**Robert L. Yarup**, M.A., West Virginia University

Assistant Professor, English

**Stanley J. Yerep**, M.Ed., Indiana University of Pennsylvania, C.P.A.

Assistant Professor, Accounting

**Kwasi Yirenkyi**, Ph.D., University of Pittsburgh

Associate Professor, Philosophy and Religious Studies

**Nancy J. Yost**, M.S., Emporia State University

Assistant Professor, University School

**Carroll M. Young**, Ph.D., University of Missouri

Associate Professor, Spanish and Classical Languages

**Mary L. Zanich**, Ph.D., University of Pittsburgh

Professor, Psychology

**Jun-Lue (John) Zhang**, Ph.D., Syracuse University

Assistant Professor, Mathematics

**Sherwood E. Zimmerman**, Ph.D., State University of New York at Albany

Professor, Criminology

**Susan T. Zimny**, Ph.D., University of Colorado

Associate Professor, Psychology

**Phillip J. Zorich**, M.A., University of Oregon

Assistant Professor, Libraries and Media Resources

**Nashat Zuraikat**, Ph.D., University of Pittsburgh

Associate Professor, Nursing

**Professionals at other institutions who have been approved to teach select IUP courses:**

**Medical Technology**

**Marcy Anderson, M.S., M.T.(ASCP)**

Program Director, School of Medical Technology  
Polyclinic Medical Center, Harrisburg, Pa.

**Ronald Berardi, M.D.**

M.D., Loyola University of Chicago

Medical Director, School of Medical Technology, Latrobe Area Hospital, Latrobe, Pa.

**Patricia A. Chappell, B.S., M.T.**

B.S., Thomas Jefferson University

Program Director, School of Medical Technology, Conemaugh Valley Memorial Hospital, Johnstown, Pa.

**Paul J. Cherney, M.D.**

M.D., University of Pennsylvania

Medical Director, Medical Technology Program, Abington Memorial Hospital, Abington, Pa.

**Gerald Fahs, M.D.**

M.D., Temple University

Medical Director, School of Medical Technology, Lancaster General Hospital, Lancaster, Pa.

**Nadine E. Gladfelter, M.S.**

M.S., Temple University

Program Director, School of Medical Technology, Lancaster General Hospital, Lancaster, Pa.

**Sidney Goldblatt, M.D.**

Medical Director, Conemaugh Valley Hospital, Johnstown, Pa.

**Phyllis Gotkin, Ph.D., M.T.(ASCP)**

Program Director, Clinical Laboratory Science Program

Medical College Hospitals, Elkins Park, Pa.

**Joan Grote, B.S., M.A., M.T.(ASCP)**

B.S., St. Francis College

Program Director, School of Medical Technology, Latrobe Area Hospital, Latrobe, Pa.

**Stephen M. Johnson, M.S., M.T.(ASCP)**

M.S., The Ohio State University

Program Director, School of Medical Technology, St. Vincent Health Center, Erie, Pa.

**Kenneth H. Jurgens, M.D.**

B.A., State University of New York; M.D., State University of New York at Downstate

Medical Director, School of Medical Technology, St. Vincent Health Center, Erie, Pa.

**Thelma Kline, M.T.(ASCP), S.M.**

B.S., Indiana University of Pennsylvania

Assistant to Program Director, School of Medical Technology, Latrobe Area Hospital, Latrobe, Pa.

**Joseph R. Noel, B.S.**

B.S., York College

Director, Medical Technology Program, Altoona Hospital, Altoona, Pa.

**Julian W. Potok, D.O.**

D.O., Philadelphia College of Osteopathic Medicine

Co-director, School of Medical Technology, Polyclinic Medical Center, Harrisburg, Pa.

**Frank Rudy, M.D.**

University of Pittsburgh

Co-director, School of Medical Technology, Polyclinic Medical Center, Harrisburg, Pa.

**Barbara Scheelje, B.S., M.T.(ASCP)**

B.S., Colby Sawyer College

Program Director, Medical Technology Program, Abington Memorial Hospital, Abington, Pa.

**Eugene Sneff, M.D.**

M.D., Hahnemann Medical College

Director, Department of Laboratory Services, Altoona Hospital, Altoona, Pa.

**Gail Woods, M.D.**

Medical Director, Clinical Laboratory Science Program, Medical College Hospitals, Elkins Park, Pa.

**Respiratory Therapy**

**Jack Albert**, M.Ed., R.R.T., C.P.F.T.

M.Ed., University of Pittsburgh

B.S., The Ohio State University

B.S., Slippery Rock University of Pennsylvania

Instructor, School of Respiratory Care, Western Pennsylvania Hospital, Pittsburgh, Pa.

**Karen Blair**, M.S., R.R.T.

B.S., Indiana University of Pennsylvania

M.S., The Pennsylvania State University

Director, Cardio-Rehabilitation Department, Western Pennsylvania Hospital, Pittsburgh, Pa.

**Gail W. Druga**, A.S., R.P.F.T., C.C.P.T.

Instructor, School of Respiratory Care, Western Pennsylvania Hospital, Pittsburgh, Pa.

**Paul Fiehler**, M.D., F.C.C.P.

M.D., University of Pittsburgh

Medical Director, School of Respiratory Care, Western Pennsylvania Hospital, Pittsburgh, Pa.

**Jeffery Alan Heck**, M.S., R.R.T.

B.S., The Ohio State University

M.S., University of Pittsburgh Medical Center

Instructor, School of Respiratory Care, Western Pennsylvania Hospital, Pittsburgh, Pa.

**Lisa Renee Hershelman**, B.S., R.R.T.

B.S., Indiana University of Pennsylvania

Respiratory Therapist, Western Pennsylvania Hospital, Pittsburgh, Pa.

**Kathryn G. Kinderman**, M.S., R.R.T., C.P.F.T.

B.S., Indiana University of Pennsylvania

M.S., The University of Pittsburgh

**Richard J. Laurent**, B.S., R.R.T.

B.S., University of Pittsburgh

Lecturer, St. Francis School of Respiratory Therapy, Pittsburgh, Pa.

**William J. Malley**, M.S., R.R.T., C.P.F.T.

M.S., University of Pittsburgh

Director, School of Respiratory Care, Western Pennsylvania Hospital, Pittsburgh, Pa.

**Catherine L. Myers**, B.S., R.R.T.

B.S., Edinboro University

B.S., Indiana University of Pennsylvania

Instructor, School of Respiratory Care, Western Pennsylvania Hospital, Pittsburgh, Pa.

**Robin Nitkulinec**, B.S. R.R.T.

B.S., Indiana University of Pennsylvania

Senior Supervisor, Department of Respiratory Care, Western Pennsylvania Hospital, Pittsburgh, Pa.

**Drew Wiltsie**, A.S., R.R.T.

A.S., Youngstown State University

Education Coordinator, Respiratory Care Services, Childrens Hospital of Pittsburgh, Pittsburgh, Pa.

## **EN 100 Basic Writing**

3c-0l-3sh

Designed to develop the basic English skills necessary for clear and effective communication. Reserved for selected students. This course does not meet General Education English or Liberal Studies writing requirements. (Title prior to 1989 was EN100: Basic English.)

## **EN 101 College Writing**

3c-var-4sh

Prerequisite: EN100, where required by placement testing

Normally to be taken the first semester at IUP. Courses use readings in the nature and history of language, semantic and linguistic analysis, and problems in rhetoric and other approaches to composition. Seven theme-length expository papers (or the equivalent) are written, in addition to shorter exercises and a written final examination. (Title prior to 1989 was EN101: English I.)

## **EN 121 Humanities Literature**

3c-0l-3sh

Prerequisite: EN101

Introduces students to literature of various genres through a careful analysis of poetry, fiction, and drama. Includes literature of various time periods, nationalities, and minorities. (Replaced EN201: English III effective Summer, 1990)

[Back to Top](#)

## **EN 150 English for Foreign Students**

3c-0l-3sh

Provides international students with an opportunity to improve their ability to speak and write English before they take EN100 and EN101. The emphasis is on individualized exercises and assignments. This course carries graduation credit but does not meet Liberal Studies English requirements.

## **EN 202 Research Writing**

3c-0l-3sh

Prerequisites: EN101, sophomore standing

Teaches students to read, analyze, and evaluate nonfiction sources and to present the results of their analysis in clear,

organized, carefully documented research papers. The focus of reading and research in each section will be determined by the instructor. (Replaced EN102: English II effective Summer, 1990)

### **EN 208 The Art of the Film**

3c-0l-3sh

Concentrates on the film as an artistic medium. Eight to twelve motion pictures are shown during semester and are analyzed in class discussions.

[Back to Top](#)

### **EN 210 Introduction to Literary Analysis**

3c-0l-3sh

Prerequisite: EN101

Acquaints students with the literary genres (especially fiction, poetry, and drama) by means of examples of each and provides them with some of the various critical approaches to the interpretation of literature so that they may gain the ability to apply them. At the conclusion of the course, students are expected to be able to read literature perceptively and to write critical papers about it.

### **EN 211 English Literature to the Restoration**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

Surveys English literature from its beginnings to the Restoration, acquainting students with the experience of reading many of the primary materials (whole works whenever possible or full, free-standing parts) and provides them with background information concerning the development and flowering of the various genres, the dominant ideas of each period, and the social and cultural context of the separate works.

### **EN 212 English Literature from the Restoration to 1900**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

Surveys English literature from the Restoration to the beginning of the twentieth century, acquainting students with the experience of reading many of the primary materials (whole works whenever possible or full, free-standing parts) and providing them with background information concerning the development and flowering of the various genres, the dominant ideas of each period, and the social and cultural context of the separate work.

[Back to Top](#)

### **EN 213 American Literature: Beginnings to the Present**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

Provides an understanding of American literature from its beginning to roughly the middle of the present century. The course will concentrate primarily upon a relatively small number of major works, each of which will help to illustrate the "spirit of the age" it represents.

### **EN 214 The Novel**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

This course surveys the development of the novel from Cervantes' Don Quixote to the present with emphasis on major writers and forms in English. Includes consideration of teaching the novel.

### **EN 215 Poetry**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

A study in appreciation of poetry, with special attention to the technique of the poet and structure of poetry. Includes consideration of teaching poetry.

[Back to Top](#)

### **EN 216 Short Fiction**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

A study of the development of the short story from the middle of the nineteenth century to the present with attention to form, structure, and types of the story. Includes consideration of teaching short fiction.

### **EN 217 Drama**

3c-0l-3sh

Prerequisites: EN101, 210, or permission

A study of selected plays from various periods in an attempt to understand the function of drama. Includes consideration of teaching drama.

### **EN 220 Advanced Composition I**

3c-0l-3sh

Prerequisites: EN101, 202

Primarily seeks to improve writing style, particularly in the more utilitarian forms, such as magazine article and personal essay.

[Back to Top](#)

### **EN 221 Creative Writing**

3c-0l-3sh

Prerequisites: EN101, 202

This is a seminar course in which students are expected to produce a substantial body of written work in one or more of the creative genres, the particular kind of writing chosen with regard to the special interests and abilities of each student.

### **EN 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

### **EN 310 Public Speaking**

3c-0l-3sh

Prerequisite: EN101

Fundamental principles of public speaking, audience analysis, interest and attention, and selection and organization of speech material.

[Back to Top](#)

### **EN 311 Oral Interpretation**

3c-0l-3sh

Prerequisites: EN101, 310

Emphasizes understanding and appreciation of literature through developing skill in reading aloud.

### **EN 312 Speech--Persuasion**

3c-0l-3sh

Prerequisites: EN101, 202, 310

Advanced study of problems involved in influencing an audience.

### **EN 313 The Rhetorical Tradition**

3c-0l-3sh

Prerequisites: EN101, 310

Survey of rhetorical theory from Greek and Roman through modern times.

[Back to Top](#)

### **EN 314 Speech and Communication in the Secondary English Classroom**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Offers students practical and theoretical approaches to relationships between oral and written communication. The course is performance based (involving a variety of communication activities) and knowledge based (involving study of research on language arts relationships). Emphasis is given to integration of the four language arts for improving teachers' own communication skills as well as those of their students.

### **EN 318 Literature for Adolescents**

3c-0l-3sh

Prerequisites: EN101, 210, or permission, English Education major

Surveys poetry, drama, and fiction with which the adolescent is familiar through school work and personal reading. (Offered as EN218 prior to 1993-94)

### **EN 320 Advanced Composition II**

3c-0l-3sh

Prerequisites: EN101, 202, 220 Workshop and tutorial atmosphere for students who intend to write or teach writing.

[Back to Top](#)

### **EN 321 Creative Writing II**

3c-0l-3sh

Prerequisites: EN101, 202, 221

Workshop for students who wish to write fiction or poetry under guidance of instructor.

### **EN 322 Technical Writing**

3c-0l-3sh

Prerequisites: EN101, 202

Focuses on helping the student to acquire and to apply communication skills essential to the technical and professional writer.

### **EN 323 Teaching Literature and Reading in the Secondary School**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Introduces students to the theory and research on teaching literature and reading in the secondary school. Reviews reader-response literary theory and classroom-based research on teaching literature. Also reviews socio-psycholinguistic reading theory and classroom-based research on teaching reading.

[Back to Top](#)

### **EN 324 Teaching and Evaluating Writing**

3c-01-3sh

Prerequisites: EN101, 202, 210, English Education major or permission

A study of modern approaches to the teaching of writing, including current theories on the composing process, as well as instruction in evaluating, including holistic scoring. Includes practice in writing.

### **EN 329 The History of the English Language**

1c-01-1sh

Prerequisites: EN101, 202

Studies historical development of the English language, as a basis for a better understanding of modern American English.

### **EN 330 The Structure of English**

3c-01-3sh

Prerequisites: EN101, 202

An introduction to the fundamentals of language study with equal emphasis on the sound, word, sentence, meaning, and discourse patterns of English. Educationally relevant topics, such as applications of linguistics to the teaching of English language and literature, varieties of grammar, and linguistic descriptions of styles and registers are an integral part of the course. Course is a prerequisite for ED 452: Teaching of English in the Secondary School.

[Back to Top](#)

### **EN 333 Psycholinguistics**

3c-01-3sh

Prerequisites: EN101, 202

Psycholinguistics concerns the interrelation between language system and behavior and various factors of human psychology. Surveys developments since the 1940s, including relationships between language and perception, biology, memory, meaning, and cognition, as well as oral and written behavior. Students of language and literature may improve their assumptions about how human beings use language.

### **EN 334 ESL Methods and Materials**

3c-01-3sh

Prerequisites: Junior standing or permission of the instructor

An introduction to English as a Second Language theory and practice. Aims: (1) general understanding of current theory and methods of teaching ESL; (2) ability to select appropriate, and adapt existing, materials for elementary and high school ESL students. Recommended for all English teachers who expect to have ESL students in their classes.

### **EN 336 Language, Gender, and Society**

3c-01-3sh

Prerequisites: EN101, EN102, junior standing

Investigates the various ways that language and gender interact and intersect in society. Examines such questions as: Does society use language to favor one sex over the other? Why is language a crucial component in formulating constructs of masculinity and femininity? What stereotypes of gender-based language are promoted in our society? How can we analyze language to reveal disparate views and treatment of the sexes?

[Back to Top](#)

### **EN 340 Chaucer**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Studies Chaucer, his life, his language, the development of his literary style, and his art, with and through his major poetical works.

### **EN 341 Shakespeare**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Studies Shakespeare's development as a poetic dramatist against background of Elizabethan stage; examines audience, textual problems, language imagery, and philosophy.

### **EN 342 Milton**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

A close reading of the major English poems and prose of John Milton, with particular attention to Paradise Lost and Samson Agonistes.

[Back to Top](#)

### **EN 343 Major American Author**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Studies in the literary output of a major American author or authors against the background of the social and literary milieus in which the works were created. Specific subject or subjects to be announced by the instructor.

### **EN 345 Classical Literature in Translation**

3c-0l-3sh

Prerequisites: EN101, 102

Masterpieces studied range from those of ancient Greece to Middle Ages. English literature and American literature excluded.

### **EN 346 Contemporary American and British Poetry**

3c-0l-3sh

Prerequisites: EN101, 202

Study of British and American poetry since World War II.

[Back to Top](#)

### **EN 347 Modern American Fiction**

3c-0l-3sh

Prerequisites: EN101, 202

Major American writers of fiction since 1945 are considered.

### **EN 348 African-American Literature**

3c-0l-3sh

Prerequisites: EN101, 202

Analyzes significant African-American literature of a variety of types -- autobiography, essay, fiction, poetry.

### **EN 349 English Bible as Literature**

3c-0l-3sh

Prerequisites: EN101, 202

Considers literary aspects of the English Bible by relating earlier translations to the Authorized Version of 1611 and by tracing some of the major influences of the King James Bible upon writers and speakers of modern English.

[Back to Top](#)

### **EN 350 The Metaphoric Perspective**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Acquaints students with the means by which metaphor expands our awareness, providing us in its more extreme examples with what has been called "the strategy of the dream." Specifically the course explores metaphor as a "perspective by incongruity," which may be embedded in poetic structures or may be itself the controlling structure for longer works of fiction and nonfiction.

### **EN 351 The Literature of Discursive Reason**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213

Examines literature that displays the mind's analytic process. Readings include essays and other nonfiction as well as poetry, drama, and fiction.

### **EN 352 Symbol and Allegory**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Examines symbol and allegory as means of comprehending and expressing profound aspects of existence. Explores the distinction between symbolic and allegorical modes of thought.

[Back to Top](#)

### **EN 353 The Oral Dimension**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Acquaints students with the nature of oral composition, the habits of thought that orality fosters, and the particular mode of awareness the oral dimension of literature demands of an audience (and awakens in a reader). At the conclusion of the course students should have an understanding of the formulaic nature of such purely oral forms as the ballad and the epic and an awareness of the manner in which orality patterns thought differently from writing, and they should be able to detect oral features and patterns in works of literature from cultures not primarily oral but containing a high "oral residue."

### **EN 360 Romanticism**

3c-0l-3sh

Prerequisites: EN101, 202

Corequisites: EN211, 212, 213, or permission

Focuses on literature in its milieu and emphasizes an understanding of Romantic literature from its development in Germany and France to its flowering in England and America.

### **EN 361 The Renaissance**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Studies the revolutionary changes in artistic, ethical, and political thinking brought about by the European and English Renaissance as these changes are manifested in the literature of that age and succeeding ones. Focuses in particular upon the origin and later development of such notions as self-development, individuality, and the acquisition and maintenance of power.

[Back to Top](#)

### **EN 362 Chivalry and Courtly Love**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Aims to give students a broad awareness of the cultural milieu of the High Middle Ages through a study of chivalry and courtly love as well as an understanding of how this literary genre was born, evolved over time and across cultures, and continues to structure elements in our own culture. Examines theories which seek to explain the development of the codes of courtly love and chivalry and the literature which gives evidence of their existence and development.

### **EN 363 The Puritan Mind in England and America**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Examines what is distinctive in the intellectual outlooks of Puritanism as it is directly embodied in the literature of England and America in the 16th, 17th, and 18th centuries and indirectly in the literature of later ages down to the present.

### **EN 370 Myth and Literature**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Introduces students to the nature and function of the mythic experience and makes them aware of the integral relation myth has with literature of all times and cultures, including our own. Illustrates how myth creates meaning, orders experience, and enters into literary techniques.

[Back to Top](#)

### **EN 371 Hero and Antihero**

3c-01-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Examines the range of heroic and antiheroic protagonists and actions in literature of various times and countries with an additional focus upon the specific world views that make heroic and antiheroic behavior effective or even possible.

### **EN 372 Alienation in Literature**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Explores literature from various times and places for what it shows us of the separation of self from the external world -- the estrangement of human beings from others as well as from themselves -- its origin, nature, and various forms.

### **EN 373 Concepts of Character in Drama and Novel**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Traces the techniques literary artists employ to portray aspects of personality and examines the influence upon character portrayal of such diverse factors as the chosen genre, contemporary notions of character depiction, and prevailing psychological theories contemporary with the works.

[Back to Top](#)

### **EN 380 Country Life--City Life**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Investigates the relationship between literature and two relatively distinct social environments--the town and the country. Examines literary genres, modes, and preoccupations peculiar to the separate social climates as well as the body of literature reflecting the painful collision between the two and effects of that collision upon such human concerns as families, the celebration of love and death, or the perception of the substance of nature itself.

### **EN 381 Poverty and Class in Literature**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Examines major literary works that document the conditions created by class and caste division and the poverty that is visited upon a portion of the people as well as the social values that seek to justify or condemn class divisions. Examines an extensive body of images of the poor, concepts about class and caste, and the consequence of class division.

### **EN 382 War in Literature**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

War is a subject depicted, in varying ways, in the literature of many times and places. Beginning with The Iliad, some of the major literary treatments of war and the attendant effects on the society and/or individuals placed in this context are explored.

[Back to Top](#)

### **EN 383 Man in the Natural World**

3c-0l-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

Attempts to understand the literature which concerns itself with the relationship between nature and humankind by viewing that interaction, at least initially, as either antagonistic or sympathetic: in the first case humanity dominates or exploits, while in the second it participates. The first attitude can be most easily seen in the traditionalHebraic-

Christian view, while the second appears as romanticism, or more currently, as ecological awareness.

### **EN 384 Introduction to Literature by Women**

3c-0l-3sh

Reading of women's fiction, nonfiction prose, poetry, and drama, with emphasis on the work of the 19th and 20th centuries in England and America. Both works of well-known writers traditionally included in the English curriculum and the writings of their less well-known contemporaries will be included.

### **EN 390 Literary Tour: Britain**

var-3sh

Offered selected summers, for five weeks during the first or second summer session. Visits London, Stratford, and Cambridge or Oxford, as well as other places important in English literature.

[Back to Top](#)

### **EN 480 Seminar: Studies in English and American Literature**

var-3sh

Prerequisites: EN101, 202, 210

Corequisites: EN211, 212, 213, or permission

A seminar experience designed for advanced students. Students considering graduate work in English might well wish to enroll, but students with a variety of career goals -- business, industry, law, government service -- can take advantage of this opportunity to plan a schedule of independent study with the help of a faculty mentor.

### **EN 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Vary from semester to semester covering such diverse topics as autobiography, science fiction, folklore, the political novel, black theater, etc.

### **EN 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **EN 493 Internship**

var-3-12sh

On-the-job training opportunities in related areas. Application and acceptance to internship program required.

## **HI 195 The Modern Era**

3c-0l-3sh

Interprets the development of two centers of civilization, Europe and America, within a global context and extends from at least the Age of Enlightenment through the present. (Majors should substitute HI202 for HI195 to meet the Liberal Studies humanities requirements.)

## **HI 200 Introduction to History**

3c-0l-3sh

For history majors and concentrates. Topics include philosophy of history, important schools of history and historians, and methods of historical research. Student is encouraged to become a better historian and to identify with historical profession. For History majors only.

## **HI 201 Western Civilization Before 1600**

3c-0l-3sh

Survey course presenting in various forms the origin and development of major political, social, religious, and intellectual institutions in Western Civilization to approximately 1600. For History majors or by instructor's permission.

[Back to Top](#)

## **HI 202 Western Civilization Since 1600**

3c-0l-3sh

Development of Western civilization from the expansion of Europe to the present, including political, diplomatic, economic, social, and cultural areas. Introduces issues and interpretations encountered in upper-level courses. For History majors or by instructor's permission.

## **HI 203 United States History for Historians**

3c-0l-3sh

Introduces aspiring historians to United States history since 1763. Emphasizes the issues, methods, and problems that currently concern professional historians. For History majors or by instructor's permission.

## **HI 210 Ancient Civilization: The Middle East and the Eastern Mediterranean**

3c-01-3sh

An examination of the development and the spread of ancient civilization in ancient Middle East and the Eastern Mediterranean. Topics of study will include the characteristics of civilization and the development of political, social, economic, and cultural institutions in the river valley centers and the diffusion to the fringe areas. (Course designed for nonmajors)

[Back to Top](#)

### **HI 212 Ancient and Medieval Europe**

3c-01-3sh

An examination of the development of civilization in Europe during the ancient and medieval periods. The course will focus on the Ancient Greek and Roman civilizations and the medieval European civilization. The characteristics and institutions of civilization will be stressed as well as the political history.

### **HI 214 Themes in American History**

3c-01-3sh

Prerequisite: HI195

Open only to non-History majors. Designed to give students an appreciation of the basic themes and issues in the making of American society. Students will examine themes such as the fruition of democracy, the American dream, slavery and freedom, the tensions between liberty and order, and the role of the United States in a world setting.

### **HI 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

[Back to Top](#)

### **HI 301 History of Ancient Greece**

3c-01-3sh

Will analyze major political, social, and economic developments in ancient Greek civilization from Bronze Age to death of Alexander.

### **HI 302 History of Ancient Rome**

3c-01-3sh

Will trace Roman history from early Republic down to fall of Empire. Roman political theory will be particularly emphasized.

### **HI 303 Medieval Europe I, 400-1000**

3c-01-3sh

History of early Medieval Europe, from decline of Rome to beginnings of High Middle Ages; emphasis on political, social, economic, religious, and intellectual developments.

[Back to Top](#)

### **HI 304 Medieval Europe II, 1000-1300**

3c-01-3sh

History of late Medieval Europe, from High Middle Ages to Renaissance period; emphasis on political, social, economic, religious, and intellectual developments.

### **HI 305 Renaissance and Reformation**

3c-0l-3sh

History of Europe from c. 1250; rise of commercial city, kings, and pressures on Christian Church to 1600. Some consideration of technology and voyages.

### **HI 306 Early Modern Europe**

3c-0l-3sh

Greatness of France under Louis XIV; Sweden; Thirty Years' War. Emergence of modern society; French Revolution.

[Back to Top](#)

### **HI 307 History of Europe: 1815-1914**

3c-0l-3sh

Study of Europe in 19th century, with emphasis on the emergence of major thought patterns, Romanticism, Nationalism, Socialism, and Positivism.

### **HI 308 Twentieth-Century Europe**

3c-0l-3sh

Political, economic, and diplomatic trends in Europe since 1900, with major emphasis on causes and results of war and search for security.

### **HI 311 Rise and Fall of Hitler's Empire**

3c-0l-3sh

In-depth study of Hitler and the Nazi order; offers an analysis of 19th-century origins of Nazi ideology and intensively analyzes domestic and foreign totalitarian policy (1920-1945), including Holocaust, Resistance, and the postwar Nuremberg Trials.

[Back to Top](#)

### **HI 320 History of England to 1688**

3c-0l-3sh

Survey of the growth of the English nation, with emphasis on political, social, and economic developments leading to 17th-century conflict between Crown and Parliament.

### **HI 321 History of England, 1688 to Present**

3c-0l-3sh

Survey of the growth of England as a democratic constitutional monarchy. Attention directed to industrial revolution and to imperial expansion and England's role in 20th-century world. Attention given to social and cultural history.

### **HI 322 French Revolution and Napoleon**

3c-0l-3sh

Brief sketch of Old Regime, concentration on Revolution and Empire, with emphasis on politics, social structure, diplomacy, and economics.

[Back to Top](#)

### **HI 324 History of Germany to 1848**

3c-0l-3sh

Study of the development of Germany politically and culturally from ancient times, emphasizing medieval and early

modern periods to 1849.

### **HI 325 History of Germany: 1849 to the Present**

3c-0l-3sh

Study of the political and cultural development of modern Germany from the Revolution of 1848, including imperial, republican, and totalitarian phases, to post-World War II East and West Germany.

### **HI 326 History of Russia**

3c-0l-3sh

General survey of Russian history, culture, and institutions. Special consideration given to study of historical forces formative of Revolution of 1917.

[Back to Top](#)

### **HI 327 Soviet Union and Contemporary Russia**

3c-0l-3sh

Prerequisites: Sophomore standing, completion of HI195 (nonmajors)

Analyzes the period from 1855 to the present, including the attempts at modernization by Imperial Russia, the creation of the Soviet Union and further modernization, and the collapse of the Soviet Union.

### **HI 330 History of the Islamic Civilization**

3c-0l-3sh

An approach to learning about a non-Western culture: Muhammad, Arabs, and Muslims as creators of a great civilization from rise of Islam to 1800; emphasis on cultural institutions of Islam and their interrelationships within Middle East.

### **HI 331 Modern Middle East**

3c-0l-3sh

Survey of changes that have taken place in Middle East and in Islam since 18th century and of contemporary problems in that region.

[Back to Top](#)

### **HI 340 Colonial America**

3c-0l-3sh

Survey of original thirteen states from their inception as colonies within the British empire to 1763, the eve of Independence. Attention is given to their political development; economic position within the empire; relations with Indians; and evolution of social, educational, and religious life.

### **HI 341 American Revolution**

3c-0l-3sh

An examination of Whig-Tory participants of American Revolution. Examines events from 1763 to 1783. Changing interpretations of the causes and effects of the revolution will be discussed.

### **HI 342 The Early Republic**

3c-0l-3sh

Survey of United States history from 1783 to 1850, with special attention on constitutional, political, economic, and social trends.

[Back to Top](#)

### **HI 343 Civil War and Reconstruction**

3c-01-3sh

Study of the failure of American democracy to cope with issues of mid-19th century, followed by political, economic, military, and social developments during war and reconciliation of North and South.

### **HI 344 The Age of Big Business in America, 1877-1917**

3c-01-3sh

This course examines how big business developed in America, how the economic change reshaped society, and how the reshaped society responded politically.

### **HI 345 The Age of Ragtime: American History, 1900-1929**

3c-01-3sh

Using the nation's cultural development as its thematic foundation, this course analyzes the transitional character of the Progressive Era, World War I, and the 1920s.

[Back to Top](#)

### **HI 346 Recent United States History**

3c-01-3sh

Study of political, economic, and cultural changes in American life since 1929; examines roots of social problems facing us today. Some recent foreign policy trends also studied.

### **HI 350 History of Latin America Colonial Period, 1450-1820**

3c-01-3sh

Study of life of people, Indian cultures, conquest by Spaniards and Portuguese, government during Colonial Period, and Wars of Independence.

### **HI 351 History of Latin America: National Period, 1820-Present**

3c-01-3sh

Study of the history of nations which have emerged since independence; emphasis on economic, political, cultural, and social developments of these nations, as well as relationships of these nations to others in the hemisphere.

[Back to Top](#)

### **HI 355 African History I: Antiquity to 1600**

3c-01-3sh

Prerequisites: Sophomore standing, completion of HI195 (non-majors)

Survey of the sociocultural, political, and economic life of precolonial African societies. Focus is on ancient kingdoms and cultures, precolonial states, internal and Atlantic trade networks.

### **HI 356 African History II: 1600 to Present**

3c-01-3sh

Prerequisites: Sophomore standing, completion of HI195 (non-majors)

Survey of African sociocultural, political, and economic developments during the colonial and modern periods. Course covers imperialism, the struggle for control for Africa, the two global wars and their repercussions for Africa, decolonization, and modern African states.

### **HI 360 History of Pennsylvania**

3c-01-3sh

Emphasizes the cultural, economic, political, and social development of our state in its various periods from colonial to today. Special attention given to diversity of Pennsylvania's people, their institutions and problems.

[Back to Top](#)

### **HI 361 History of American Diplomacy, 1775-1900**

3c-01-3sh

Traces foreign relations of the United States from Independence to emergence as a world power. Topics concentrate on themes of commercial relations, political isolation, expansion, and debate over imperialism.

### **HI 362 History of American Diplomacy, 1900-present**

3c-01-3sh

Treats primarily our 20th-century involvement in world affairs and domestic debate over that involvement. Special emphasis will be placed on the role of interest groups and increasing power of Executive Department over foreign affairs.

### **HI 363 Thought and Culture in Early America**

3c-01-3sh

Selected topics in early American intellectual and cultural growth, with emphasis on Puritanism, Enlightenment, cultural nationalism, and Romantic movement.

[Back to Top](#)

### **HI 364 Thought and Culture in Modern America**

3c-01-3sh

Selected treatment of historical development of modern American movements in social and political thought, religion, philosophy, fine arts, and literature.

### **HI 365 History of Black America Since Emancipation**

3c-01-3sh

Description and analysis of the role of blacks in the history of the United States since the Civil War; emphasis on key leaders, major organizations, leading movements, and crucial ideologies of blacks in modern America.

### **HI 367 Native American History**

3c-01-3sh

An unfamiliar perspective on a familiar tale. This course presents the "new Indian History" -- North America from Native American materials and points of view. Identification, analysis, and synthesis of Indian realities and options over time are at the heart of this course.

[Back to Top](#)

### **HI 369 Women in America**

3c-01-3sh

A study of the activities of women from the colonial era to the modern era -- evaluating cultural, societal, religious, economic, and political frameworks. Reviews women's involvement in movements for feminism, social reform, unionism, and the abolition of slavery.

### **HI 370 Religion in America**

3c-01-3sh

A history of religious belief and practice in the United States from the colonial period to the present, with an emphasis on the last one hundred years.

### **HI 372 History of the Early American Working Class**

3c-01-3sh

Description and analysis of the nature and significance of the working class of the United States in the 18th and 19th centuries. The work settings and communities of workers will be examined as well as unions such as the National Labor Union and the Knights of Labor.

[Back to Top](#)

### **HI 373 History of the Modern American Working Class**

3c-01-3sh

Description and analysis of the nature and significance of the working class of the United States in the 20th century. Work settings and strikes will be examined and analyzed as well as unions such as the United Mine Workers and the United Auto Workers and labor leaders including Samuel Gompers, John L. Lewis, and George Meany.

### **HI 374 History of Organized Crime**

3c-01-3sh

This course studies the relationship between urban, entrepreneurial crime and the evolution of industrial America.

### **HI 390 History of Women -- World Cultures**

3c-01-3sh

Explores religious, legal, political, economic, and mythic dimensions of women in society from ancient to modern times, including Western and non-Western experiences.

[Back to Top](#)

### **HI 391 Film as History**

3c-01-3sh

Particularly concerned with probing the relationship between cinema and society. History of film is explored and student is given some background in film interpretation and cinematography, the western, science fiction, police films, and great foreign and American detective films.

### **HI 480 Senior Seminar**

3c-01-3sh

A regimen of research resulting in a written paper. Students work on a program selected by the instructor. For History majors or by instructor's permission.

### **HI 481 Special Studies in History**

var-1-3sh

Prerequisite: As appropriate to course content

Each semester, courses are offered in interest areas that are not part of the regular program. Some examples of courses of this type are the Victorian Age, the History of Love, World War II, the Great Depression, the Adams Chronicles, and the History of New York City. Students may schedule as many of these courses as desired, but two per semester is the usual limit.

[Back to Top](#)

### **HI 482 Independent Study**

var-3-6sh

Prerequisites: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office with 12sh in history; a 3.0 history average; permission of a faculty member. Approval is based on academic appropriateness and availability of resources

Involves directed reading or research for qualified students. Experimental projects and personalized learning are encouraged.

### **HI 483 Independent Study**

3c-0l-3sh

An honors program within the independent study format. Minimum qualifications are a 3.0 QPA, 15sh of history, and a 3.2 average in history classes. Satisfactory honors work is rewarded by formal recognition at graduation.

### **HI 493 Internship**

var-3-12sh

With departmental approval, students are attached to local or national government or private agencies doing directive, bibliographical, archival, or museum work. Advising professor meets with intern regularly and determines what papers or reports will be required.

## MA 100 Intermediate Algebra

3c-0l-3sh

Note: A student may not take MA100 Basic Algebra after successfully completing MA110 or a calculus course without the written approval of the mathematics department chairperson

A basic course in algebra including factoring, exponents and radicals, systems of linear equations, complex fractions, and inequalities. Designed for those students who lack the basic algebraic skills required in MA110 Elementary Functions. This course will not meet Liberal Studies math requirements. (Title was Basic Algebra prior to 1995-96.)

## MA 101 Foundations of Mathematics

3c-0l-3sh

Introduces logic and mathematical way of analyzing problems; develops an appreciation for nature, breadth, and power of mathematics and its role in a technological society; and introduces useful mathematics or mathematics related to student interest. Possible topics include logic, problem solving, number theory, linear programming, probability, statistics, intuitive calculus, introduction to computers, mathematics of finance, game theory.

## MA 102 Finite Mathematics

3c-0l-3sh

Prerequisite: Four years of high school mathematics or a college mathematics course. Credit for MA102 toward graduation will not be given to anyone with credit in any mathematics course beyond calculus.

An informal approach to practical applications of mathematics. Fundamental concepts of enumeration, matrices, linear systems, predicate calculus, probability, and series will be introduced and used inconsidering mathematical models. Calculators or computer packages may be used in solving mathematical problems.

[Back to Top](#)

## MA 110 Elementary Functions

3c-0l-3sh

Note: A student may not take MA110: Elementary Functions after successfully completing a calculus course without the written approval of the mathematics department chairperson.

For students not prepared to begin the study of calculus; topics include polynomial, exponential, logarithmic, and trigonometric functions.

## **MA 117 Principles of Mathematics**

3c-01-3sh

This course is an introduction to the nature of mathematics, designed specifically as a first course for mathematics education majors to experience several facets of mathematics including deduction, induction, problem solving, discrete mathematics, and theory of equations. Enrollment open to secondary mathematics education majors only.

## **MA 121 Calculus I for Business, Natural, and Social Sciences**

4c-01-4sh

Note: A student may not take MA121: Calculus I for Business, Natural, and Social Sciences after successfully completing another calculus course without the written permission of the mathematics department chairperson.

Prerequisite: MA110 or equivalent high school preparation

Introduces non-Math major to analytic geometry, elementary functions (including logarithmic and exponential functions), central ideas of the calculus (limit, derivative, and integral), applications of derivatives to business, social, and natural sciences.

[Back to Top](#)

## **MA 122 Calculus II for Business, Natural, and Social Sciences**

4c-01-4sh

Applications of integrals to business, natural, and social sciences, functions of several variables, trigonometric functions, sequences and series, numerical methods, differential equations.

## **MA 123 Calculus I for Physics and Chemistry**

4c-01-4sh

Prerequisites: High school algebra, geometry, and trigonometry

Functions, limits, continuity, derivatives, application of the derivative, integral, and applications of the integral. (Trigonometric and inverse trigonometric functions are included throughout the course.)

## **MA 124 Calculus II for Physics and Chemistry**

4c-01-4sh

Logarithmic and exponential functions, techniques of integration, sequences and series, differential calculus of functions of several variables, multiple integrals, line integrals, surface integrals, differential equations with application to physical problems.

[Back to Top](#)

## **MA 127 Calculus I**

4c-01-4sh

Prerequisite: Permission of the mathematics department

The first in a three-course series of courses which stresses the theory of the calculus as well as the application in problem solving. Topics to be included are real numbers, an introduction to analytic geometry, functions, limits and continuity, derivatives and applications, the differential and antidifferentiation.

## **MA 128 Calculus II**

4c-01-4sh

Prerequisite: Permission of the mathematics department

The second in a three-course series of courses stresses the theory of calculus as well as the application in problem solving. Topics to be included are definite integrals and applications, logarithmic and exponential functions, trigonometric and inverse trigonometric functions, polar coordinates, hyperbolic functions, indeterminate forms, improper integrals, and Taylor's formula.

### **MA 151 Elements of Mathematics I**

3c-0l-3sh

Topics included are sets, concepts of logic, mathematical systems, systems of numeration, developing the set of integers, rational numbers, and real numbers.

[Back to Top](#)

### **MA 152 Elements of Mathematics II**

3c-0l-3sh

Prerequisite: MA151

Topics included are sentences in one variable, sentences in two variables, nonmetric geometry, metric geometry, coordinate geometry, introduction to statistics and probability, computers, and calculators.

### **MA 171 Introduction to Linear Algebra**

3c-0l-3sh

Introduction to vector spaces, linear transformations, determinants, and matrix algebra. Topics are presented in a direct and intuitive approach.

### **MA 214 Probability and Statistics for Business Majors**

3c-0l-3sh

Designed to introduce the study of probability theory, discrete random variables and probability distributions, empirical frequency distributions, theoretical frequency distributions, statistical investigations and sampling, and sampling distributions.

[Back to Top](#)

### **MA 216 Probability and Statistics for Natural Sciences**

4c-0l-4sh

Prerequisite: MA121

Frequency distributions, measures of central tendency and variation, probability, probability distributions, sampling distributions. Hypothesis testing for means, variances, proportions. Correlation and prediction, regression, analysis of variance, and nonparametric statistics. Emphasis on applications.

### **MA 217 Probability and Statistics**

3c-0l-3sh

(For non-Math majors) Frequency distributions, measures of central tendency, variation, elementary probability, sampling, estimation, testing hypotheses, correlation, and regression; emphasis on applications as opposed to theoretical development of topics.

### **MA 219 Discrete Mathematics**

3c-0l-3sh

Prerequisites: CO110, and MA 123, 127, or 122

Topics include set algebra, mappings, relations, semigroups, groups, directed and undirected graphs, Boolean algebra, and propositional logic, with examples and applications of these to various areas of computer science. Emphasis placed on developing an intuitive understanding of basic structures rather than formal theories and influence of these topics on theory and practice of computing.

[Back to Top](#)

### **MA 227 Calculus III**

4c-0l-4sh

Prerequisite: Permission of the mathematics department

The third in a three-course series of courses which stresses the theory of calculus as well as the application in problem solving. Topics to be included are vectors in the plane, parametric equations, vectors in three-dimensional space, solid analytic geometry, differential calculus of functions of several variables, directional derivatives, gradients, applications of partial derivatives, and infinite series.

### **MA 241 Differential Equations**

3c-0l-3sh

Prerequisites: MA122, MA124, or MA227

Emphasis is placed on techniques of solution and elementary physical applications. A thorough study is made of differential equations classified as order one-degree one, linear, and nonhomogeneous. Solution techniques involving reduction of order techniques, the differential operator, and infinite series are introduced.

### **MA 271 Introduction to Algebraic Structures**

3c-0l-3sh

Prerequisite: MA171

Gives student basic ideas of contemporary mathematics. Includes mathematical logic, algebra of sets, equivalence relations and partitions of sets, functions, and fundamentals of group theory. Methods of proof in area of abstract mathematics.

[Back to Top](#)

### **MA 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **MA 317 Introduction to Probability and Statistics**

3c-0l-3sh

Prerequisites: MA152, Elementary Education concentration

Introduces students to elementary concepts of probability and statistics which will enable them to analyze data, make predictions, and determine which concepts may be used with children.

### **MA 320 Mathematics for Early Childhood**

3c-0l-3sh

Prerequisites: MA151, Early Childhood major

This course studies child-centered, activity-oriented mathematics programs for early childhood education. The course focuses on helping children develop understanding and insight into basic concepts of mathematics through the use of manipulative materials. Topics include pre-number activities, number activities, numeration, operations on whole numbers, estimation, rational numbers, geometry, measurement, probability, statistics, and problem solving. (Offered as MA450 prior to 1994)

[Back to Top](#)

### **MA 342 Advanced Mathematics for Applications**

4c-0l-4sh

Prerequisite: MA241

Deals with the application of mathematics to problems of science. Emphasis is placed on the three phases of such an application and on the development of skills necessary to carry out each step: (a) translation of the given physical

information to a mathematical model; (b) treatment of the model by mathematical methods; (c) interpretation of the mathematical result in physical terms. Topics included are vector calculus, integral theorems, Fourier series, partial differential equations, and the Laplace transformation.

### **MA 350 History of Mathematics**

2c-0l-2sh

Prerequisite: Completion of a calculus sequence or permission of the instructor

The history of mathematics is concerned with the origins, philosophy, and development of the mathematical sciences.

### **MA 353 Theory of Numbers**

3c-0l-3sh

Prerequisite: MA271 with a C or better grade

Divisibility, congruences, primitive roots, number theoretic functions, diophantine equations, continued fractions, quadratic residues.

[Back to Top](#)

### **MA 355 Foundations of Geometry I**

3c-0l-3sh

Prerequisites: MA171, MA271 with a C or better grade

Studies various groups of transformations and geometries associated with these groups in the Euclidean plane. The Euclidean Similarity and affine and projective groups of transformations are studied.

### **MA 363 Mathematical Statistics I**

3c-0l-3sh

Prerequisites: MA122, MA124, or MA227

Probability theory necessary for an understanding of mathematical statistics is developed. Applications of set theory to models, combinations and permutations, binomial, Poisson and normal distributions, expected values, and moment generating functions.

### **MA 364 Mathematical Statistics II**

3c-0l-3sh

Prerequisite: MA363

Multivariate distributions, change of variable technique, chi-square distribution, estimation, confidence intervals, hypothesis testing, contingency tables, goodness of fit. Practical applications are used to aid in the development.

[Back to Top](#)

### **MA 366 Preparation for Actuarial Examinations**

1c-0l-1sh

Prerequisites: MA171 and calculus sequence

This course provides an introduction to the actuarial profession and helps the student prepare for the first actuarial examinations. The examination preparation consists of studying sample actuarial examinations and related material. The student is required to take the actuarial examination. The student should be aware that for most students, considerable study beyond the requirements of this one-credit course will be required in order to pass the actuarial examinations.

### **MA 371 Linear Algebra**

3c-0l-3sh

Prerequisites: MA171, MA271 with a C or better grade

Vector spaces and linear transformations are studied in a theoretical setting. Also, canonical forms and multilinear algebra are studied.

### **MA 417 Statistical Applications**

3c-0l-3sh

Prerequisites: MA214, MA216, or MA217 (For non-Math majors)

Using computer programs, a wide array of statistical procedures for educational research workers will be explored. Basic concepts of statistical inference and prediction will be reviewed, including regression analysis and prediction, hypothesis testing, analysis of variance and covariance, and partial and multiple correlation. Emphasis is on use of the computer and interpretation of computer printouts, along with understanding techniques employed. No computer knowledge is necessary.

[Back to Top](#)

### **MA 418 Sampling Survey Theory and Its Application**

3c-0l-3sh

Prerequisites: (For non-Math majors) MA214, 216, or 217

Directed to the student who is or will be doing quantitative research, commissioning large-scale surveys, and evaluating the results. Sampling techniques and statistical principles underlying their use will be introduced. Consideration to the practical problems associated with implementation.

### **MA 420 Pre-Calculus Mathematics I**

3c-0l-3sh

Prerequisites: MA152; Elementary Education concentration

Examines the function concept as applied to elementary real number functions and graphing techniques for these functions. Topics include real number functions such as absolute value, step, linear, quadratic, and other polynomial functions, trigonometric and other periodic functions, exponential logarithmic functions, and all other inverse functions. Students will examine curricular materials that develop function concepts in Grades K-8.

### **MA 421 Advanced Calculus I**

3c-0l-3sh

Prerequisites: MA124 or MA227, MA271 with a C or better grade

Study of set theory, real number system, functions topology of Cartesian space, sequences, convergence and uniform convergence, continuity, and uniform continuity.

[Back to Top](#)

### **MA 422 Advanced Calculus II**

3c-0l-3sh

Prerequisite: MA421

Includes the study of convergence sequences in  $R^n$ , global properties of continuity, uniform continuity, differentiation of  $R^n$ , Riemann integrals, and infinite series.

### **MA 423-424 Complex Variable I and II**

each 3c-0l-3sh

Prerequisite: MA124 or MA227

Introduction to the theory of functions of a complex variable: topics included are elementary functions, analytic functions, conformal mapping, integration, series, and application.

### **MA 425 Applied Mathematical Analysis I**

3c-01-3sh

Prerequisites: Calculus sequence, introductory linear algebra, or permission of instructor

This course provides the necessary background for an understanding of mathematical programming, proofs of convergence of algorithms, convexity, and factorable functions. It also develops necessary concepts in matrix theory which are required to develop efficient algorithms to solve linear and nonlinear programming models.

[Back to Top](#)

### **MA 427 Introduction to Topology**

3c-01-3sh

Prerequisite: MA271 with a C or better grade

Study of sets, functions, continuity, compactness, the separation axioms, and metric spaces; application of topology to analysis is demonstrated.

### **MA 445 Programming Models in Operations Research**

3c-01-3sh

Prerequisites: Two-semester sequence of calculus and MA 171 or permission of instructor

Development of deterministic mathematical models for managerial and social sciences with relevant computational techniques.

### **MA 446 Probabilistic Models in Operations Research**

3c-01-3sh

Prerequisites: Two-semester sequence of calculus, MA363

Development of probabilistic mathematical models for managerial and social sciences with relevant computational techniques.

[Back to Top](#)

### **MA 447 Simulation Models**

3c-01-3sh

Prerequisites: Completion of the calculus sequence; background in statistics and probability, and familiarity with concepts of programming (knowledge of a particular programming language not required)

This course considers the types of models that are basic to any simulation and methods for building and using such models. It includes discrete and continuous system simulations, their applications, and an introduction to SLAM II (Simulation Language for Alternative Modeling).

### **MA 451 Numerical Methods for Supercomputers**

3c-01-3sh

Prerequisites: MA121 and MA122, or MA123 or MA127, MA171, CO250

Super computers make use of special computer architectures -- vector and parallel processors -- in order to achieve the fastest processing speed currently available. Students will be introduced to these features and will learn how numerical algorithms can be constructed to exploit supercomputers' capabilities. Students will gain practical experience in programming for the Cray, YMP, in incorporating existing scientific software packages into user-written programs, in submitting remote jobs to the Pittsburgh Supercomputer Center, and in producing animated graphical output to summarize the typically large volume of output data generated by large scientific programs. (Also offered as CO451; may not register for duplicate credit)

[Back to Top](#)

### **MA 452 Seminar in Teaching Algebra**

var-1-4sh

### **MA 453 Seminar in Teaching Geometry**

var-1-4sh

### **MA 454 Seminar in Teaching General Mathematics**

var-1-4sh

Seminars are designed for pre-student teacher. Students in each class will gain insights into the problems in teaching each topic and become aware of the materials available and methods of instruction geared to the special type of student. Education majors only.

### **MA 456 Principles of Geometry I**

3c-01-3sh

Prerequisites: MA152, Elementary Education concentration

Students become acquainted with an informal, intuitive approach to geometry. Activities and materials for teaching geometrical concepts to children are an integral part of the course.

[Back to Top](#)

### **MA 457 Introduction to Number Theory**

3c-01-3sh

Prerequisites: MA152, Elementary Education concentration

Introduction to topics of elementary number theory including divisibility, prime numbers, factorization, modular arithmetic, problem solving, and place of number theory in the elementary school curriculum. Students will examine many number theory activities which can help to strengthen skills with basic facts in an interesting, nonroutine setting.

### **MA 458 Introduction to Logic and Logical Games**

3c-01-3sh

Prerequisites: MA152, Elementary Education concentration

Introduction to some of the basic ideas, terminology, and notation of mathematical logic and Boolean algebra as well as games of strategy that involve logic. In addition, an investigation of how logic is taught and used in various programs for the elementary school.

### **MA 459 Computer-related Topics in the Elementary and Middle School**

3c-01-3sh

Prerequisites: MA152, Elementary Education concentration

Provides teachers with concepts and techniques necessary to teach computer-related topics to children. Participants will work with elementary school children throughout the semester.

[Back to Top](#)

### **MA 460 Computers and Calculators in Secondary School Mathematics Instruction**

3c-01-3sh

Prerequisite: CO205

Students will explore how computers and calculators can be used as tools to enhance the instruction in secondary school mathematics.

### **MA 465 Topics in Statistics**

3c-01-3sh

Prerequisite: MA364

Correlation and regression from applied and theoretical points of view, bivariate and multivariate normal distribution, analysis of variance, nonparametric methods. Practical problems involving statistical techniques and use of computer statistical packages. Knowledge of computer programming is not required.

## **MA 471 Basic Concepts of Algebra**

3c-01-3sh

Prerequisites: MA152, Elementary Education concentration

Concepts of basic algebraic structures such as group, ring, integral domain, field, and vector space are studied within the context of the mathematical maturity of the student. Other topics include relations and functions, polynomials and polynomial equations, systems of equations, and inequalities. Consideration given to development of these concepts in the mathematics curriculum.

[Back to Top](#)

## **MA 476 Abstract Algebra I**

3c-01-3sh

Prerequisites: MA171, MA271 with a C or better grade

Development of theory of integral domains, fields, rings, and groups; designed to develop student's power to think for himself or herself and to improve ability to construct formal proofs.

## **MA 477 Abstract Algebra II**

3c-01-3sh

Prerequisite: MA476

Designed to have student continue study of algebra by use of axiomatic method; Euclidean domains; polynomial domains and extension fields included; interrelationships between these structures and simpler structures, particularly groups and rings, are developed as in study of Galois group of a polynomial and in an introduction to Galois theory.

## **MA 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

## **MA 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources

## **MA 493 Internship in Mathematics**

var-3-12sh

Prerequisites: Completion of core curriculum, completion of application

Positions with participating companies or agencies provide students with experience in mathematics-related work under the supervision of the agencies and faculty. Requirements include one to three on-site consultations, two university consultations, completion of progress reports, and presentation of final cumulative paper. Internship credit may not be used in fulfilling math major course requirements.

# Business Education

## Department of Office Systems and Business Education Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[BE101](#) [BE111](#) [BE131](#) [BE132](#) [BE134](#) [BE201](#) [BE250](#) [BE260](#) [BE261](#) [BE262](#) [BE264](#) [BE273](#) [BE281](#) [BE311](#) [BE312](#)  
[BE481](#) [BE482](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **BE 101 Microbased Computer Literacy**

3c-0l-3sh

An introductory course designed to provide students with a fundamental understanding of computers. The course familiarizes students with the interaction of computer hardware and software. Emphasis is placed on the application of microcomputers, the use of productivity software (word processing, spreadsheet management, file and data base management), and the social and ethical aspects of the impact of computers on society. Note: This course is cross-listed as CO101 and IM101. Any of these courses may be substituted for each other and may be used interchangeably for D or F repeats but may not be counted for duplicate credit.

### **BE 111 Foundations of Business Mathematics**

3c-0l-3sh

Develops an understanding of numbers and knowledge of fundamental concepts in arithmetic and algebra in the solution of common and advanced problems encountered in business by the businessperson and consumer. Topics illustrating and emphasizing the application of business mathematics include methods used to compute interest discount, partial payments, discounting of notes and drafts, depreciation, amortization, sinking fund redemptions, effective rate of interest, and preparation of statistical data.

### **BE 131 Keyboarding and Document Formatting**

3c-0l-2sh

Emphasis on development of correct techniques in typewriting, introduction to basic styles of business letters, simple tabulations, and simple manuscripts; specific standards of speed and accuracy are required. (Title prior to 1989 was BE131: Principles of Typewriting.)

[Back to Top](#)

### **BE 132 Computer Keyboarding and Formatting**

3c-0l-3sh

Prerequisite: BE131 or by exam

Emphasis on the development of speed, accuracy, and production ability; includes use of microcomputers, business letters with special features, business reports, business forms, rough drafts, and manuscripts.

### **BE 134 Keyboarding**

1c-0l-1sh

Exception: This course is open to students in all colleges without restriction.

A class designed to provide students with the fundamental skills to keyboard information quickly and accurately in fourteen one-hour sessions. It is intended for the student who does not require the additional skills included in keyboarding and document formatting, such as letter formats, manuscript typing, and tabulation. Recommended for students in computer science, journalism, management information systems, criminology, etc.

### **BE 201 Internet and Multimedia**

3c-0l-3sh

Prerequisite: BE/CM/CO/IM 101 or prior exposure to word processing and electronic mail

The major focus will be on the evaluation of information and multimedia resources available on electronic networks when doing research in an area of one's choice. This information literacy course is designed for students to gain a more in-depth understanding of the information resources available electronically and of how to utilize them more effectively in communicating. Students will learn how to access and utilize these resources for two-way communications and support for decision making while incorporating selected elements in multimedia presentations of their own design. (BE/CM/CO/IM/LB 201 may be used interchangeably for D or F repeats and may not be counted for duplicate credit.)

[Back to Top](#)

### **BE 250 Electronic Office Procedures**

3c-0l-3sh

Prerequisite: BE131 or equivalent

A study of the theory and practice of the systems in an electronic office: records management, office environment, communication transmittal systems, reprographics, and office procedures. May not be used as a substitute for BE264.

### **BE 260 Alphabetic Shorthand Theory**

3c-0l-3sh

Basic principles of alphabetic shorthand with emphasis on mastery of shorthand theory, punctuation, grammar, and spelling. New matter dictation will be introduced during the last few weeks of class. The alphabetic system taught will vary. (Offered only on an occasional basis)

### **BE 261 Shorthand Theory**

3c-0l-3sh

An introductory course in the basic principles of Gregg Shorthand, Centennial Edition. (Offered only on an occasional basis)

[Back to Top](#)

### **BE 262 Shorthand Dictation and Transcription**

3c-0l-3sh

Prerequisites: BE131, BE261

Major objectives are to review and strengthen the student's knowledge of principles of Gregg Shorthand, Centennial Edition, to build shorthand-writing speed and to build transcription skills. (Offered only on an occasional basis)

### **BE 264 Office Procedures**

3c-0l-3sh

Prerequisite: BE131 or equivalent

Advanced study of theory and practice in activities common to office records management; handling of mail; telephone and telegraph services; receiving callers; writing reports; dictation and transcription equipment; bank, financial, and

legal transactions; shipping and receiving services; reference books; etc.

### **BE 273 Word Processing Applications**

3c-0l-3sh

Prerequisite: BE131 or equivalent

In this course students will develop a high degree of proficiency in the use of word processors. Emphasis is on machine operations and production skills in formatting, text editing, and understanding word processing concepts. May not be used as a substitute for BE/CO/IM101.

[Back to Top](#)

### **BE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **BE 311 Methods and Evaluation in Business and Marketing Education I**

3c-0l-3sh

Prerequisites: PC101, EP202, and completion of the freshman and sophomore courses in the student's major areas

Includes general methods of teaching and evaluation plus methods and evaluation in basic business courses. Unit plans, lesson plans, and unit tests are emphasized. Techniques and procedures of teaching and classroom management are studied. Includes units in vocational education such as advisory committees, adult education, and federal legislation for funding.

### **BE 312 Methods and Evaluation in Business Education II**

var-1-3sh

Prerequisite: BE311

Covers three sections of special methods and evaluation in office technologies: secretarial, accounting, and data processing. Objectives, planning, evaluating, and skill building are studied. Media and facilities for instruction are examined. Students elect sections needed for certification.

[Back to Top](#)

### **BE 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **BE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate.

# Study Abroad and Comparative Literature (Foreign Language)

## College of Humanities and Social Sciences

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[FL100](#) [FL121](#) [FL391](#) [FL392](#) [FL393](#) [FL394](#) [FL395](#) [FL396](#) [FL421](#) [FL482](#)

### **FL 100 Study Abroad**

var-1-12sh

Registration mechanism and limited credit arrangement as provided in preapproval process for Study Abroad programs coordinated through the Center for International Studies.

### **FL 121 Humanities Literature**

3c-0l-3sh

Introduces the student to works, authors, and genres of general literary significance in the Western tradition. Not organized historically but trains the student in the critical reading and appreciation of literature from the present and other periods. Authors, works, and themes are studied with respect to cultural context, aesthetic form, and thematic significance. Taught in English. Substitutes for EN121: Humanities- Literature.

### **FL 391 Selected Works from the Medieval Period**

3c-0l-3sh

Prerequisites: EN101, 102

Comparative study of selected works of major importance per se and as representative of major themes of medieval European literature. Also listed as EN391.

[Back to Top](#)

### **FL 392 Renaissance/Baroque/Classical**

3c-0l-3sh

Prerequisites: EN101, 102

Literary works representing various genres from both periods are studied and compared for their themes, motifs, and stylistic features, applying principles set forth in H. Wolfen's Renaissance and Baroque. Also listed as EN392.

### **FL 393 Romanticism**

3c-0l-3sh

Prerequisites: EN101, 102

Study of the principal authors and works of late 18th-century and early 19th-century Europe and the unique national characteristics of the Romantic movement in lyric, drama, and prose. Also listed as EN393.

### **FL 394 Nineteenth-Century European Novel in Translation**

3c-0l-3sh

Prerequisites: EN101, 102

A survey of major 19th-century European novels in translation (excluding English), emphasizing the rise of realism and naturalism and the cultural, historical, social, and artistic relationships between the various national literatures. Also listed as EN394.

[Back to Top](#)

### **FL 395 Selected Writers from 20th-Century Europe**

3c-01-3sh

Prerequisites: EN101, 102

Comparative study of selected works of major importance per se or as representatives of major trends in 20th-century literature. Also listed as EN395.

### **FL 396 The Literature of Emerging Nations**

3c-01-3sh

Prerequisites: EN101, 102

A comparative study of a selection of literature written in major European languages but originating in the nations of the developing world. Works will be mainly prose fiction (although essay, theater, and poetry may be included) and reflect a diversity of geographical, cultural, and prior colonial circumstances. Also listed as EN396.

### **FL 421 Language and Society**

3c-01-3sh

Considers salient facts of language and its role in society and culture. Language families, linguistic change, and reciprocal influences of culture and language are presented.

[Back to Top](#)

### **FL 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Philosophy

**Department of Philosophy and Religious Studies**  
**College of Humanities and Social Sciences**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[PH101](#) [PH120](#) [PH221](#) [PH222](#) [PH223](#) [PH232](#) [PH281](#) [PH321](#) [PH323](#) [PH324](#) [PH325](#) [PH326](#) [PH330](#) [PH400](#) [PH405](#)  
[PH410](#) [PH420](#) [PH421](#) [PH450](#) [PH460](#) [PH481](#) [PH482](#) [PH482](#) [PH493](#)

## **PH 101 Informal Logic: Methods of Critical Thinking**

3c-0l-3sh

Designed to develop students' ability to analyze critically deductive and inductive argumentation, rhetoric, and persuasion, by examples drawn from media, textbooks, advertising, scholarly works, personal contacts, etc.

## **PH 120 Introduction to Philosophy**

3c-0l-3sh

Designed to acquaint the beginning student with philosophical problems and methods in such areas as metaphysics, epistemology, logic, and value theory.

## **PH 221 Symbolic Logic I**

3c-0l-3sh

An introduction to fundamental concepts in deductive logic with an emphasis on teaching students the basis of clear logical thought. Some of the historical origins of logical theory are explored. Students learn to symbolize arguments in the truth-functional logic and the predicate logic. Ways of testing arguments for validity as well as proofs are covered, with a stressing of application to actual arguments drawn from numerous sources in the media, philosophical issues, and moral problems.

[Back to Top](#)

## **PH 222 Ethics**

3c-0l-3sh

An investigation of efforts to rationally justify moral judgment. Deals with fundamental issues such as: What is morality? Are moral notions cultural, rational, divine, or innate in origin? Are they relative or absolute? Are they freely chosen or determined by genetics and/or environment? Covers a variety of ethical theories significant both historically and contemporarily and applies those theories to current issues which involve moral dilemmas.

## **PH 223 Philosophy of Art**

3c-0l-3sh

Investigates some of the major problems in the philosophy of art, e.g., the nature of beauty and the aesthetic experience, the ethics and politics of art, creativity, the nature of the work of art and aesthetic objects, the concept of fine art, and the evaluation of works of art and aesthetic objects.

## **PH 232 Philosophical Perspectives on Love, Marriage, and Divorce**

3c-01-3sh

Examines the philosophical foundations of contemporary Western institutions and ideologies of romantic love. Considers major positions in both the history of philosophy and contemporary philosophy. Investigates the concepts, problems, and philosophical theories central to understanding romantic love, marriage, and divorce.

[Back to Top](#)

### **PH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **PH 321 Symbolic Logic II**

3c-01-3sh

Prerequisite: PH221 or permission of instructor

A continuation of Symbolic Logic I designed to enable students to evaluate consistency of statements, validity of arguments, soundness and completeness of formal systems. Focus on quantificational calculus and inductive logic.

### **PH 323 Political Philosophy**

3c-01-3sh

An inquiry into the philosophical concepts underlying the major political theories from ancient Greece to the modern era. Emphasis will be placed on major authors and texts to demonstrate a continuum of ideas and their modifications, replacement, and revival, as well as novel political ideas. Possible topics: commonality; peace; internationalism; sovereignty; nature of the state; law; the ruler; cosmopolitanism; nationalism; social contract; liberty; obligation; property; racism; sexism; slavery.

[Back to Top](#)

### **PH 324 History of Philosophy I: Ancient and Medieval**

3c-01-3sh

Western philosophy of pre-Socratic, classical Greek, Roman, and medieval periods. Special attention given to Plato, Aristotle, Augustine, and Aquinas, as well as the philosophic schools.

### **PH 325 History of Philosophy II: Renaissance and Modern**

3c-01-3sh

Continuation of PH324, beginning with 15th-century Renaissance thought and ending with the 19th-century precursors of contemporary philosophies.

### **PH 326 Phenomenology and Existentialism**

3c-01-3sh

A study of the phenomenological method as developed by Edmund Husserl and of the subsequent phenomenological movement as exemplified in the works of such representative figures as Heidegger, Merleau-Ponty, and Paul Ricoeur and of existentialism both as an independent movement of thought and as influenced by phenomenology and as exemplified in the works of such representative figures as Kierkegaard, Jaspers, Marcel, Buber, and Sartre.

[Back to Top](#)

### **PH 330 Philosophy of Science**

3c-01-3sh

An investigation into the nature of formal and empirical sciences: structure of scientific thought and its dependence upon or independence of theory; the logical and metaphysical status of scientific laws and theoretical concepts; reductionism in science; the concept of causality; the logic of explanation; problems in confirmation theory; science and value. No special background required. Recommended for math and science majors.

### **PH 400 Ethics and Public Policy**

3c-01-3sh

An analysis of the ethical dimension of public policies. Provides a general understanding of ethical theories, then focuses on their application to specific policy issues. Topics will vary from semester to semester. See current schedule of classes.

### **PH 405 Justice and Human Rights**

3c-01-3sh

An introduction to theories of justice and an analysis of the concept of human rights which is central to a just society and to much moral, political, and legal dispute. This course will explore relevant major positions in the history of philosophy, but its major focus is contemporary and raises issues such as women's rights, black rights, animal and environmental rights, welfare rights, and rights to life (or death).

[Back to Top](#)

### **PH 410 Contemporary Analytic Philosophy**

3c-01-3sh

Investigation of 20th-century Western positions such as pragmatism, logical positivism, logical and linguistic analysis.

### **PH 420 Metaphysics**

3c-01-3sh

A study of the nature of reality in general and of the main categories through which it is understood. The main topic areas of metaphysics concern: the one and the many; the relation of thought and being; the problem of universals; nominalism; realism; idealism; the nature of being, substance, essence, space, time, eternity, matter, mind; determinism and indeterminism.

### **PH 421 Theory of Knowledge**

3c-01-3sh

Investigation into problems involved in knowledge and justification and a consideration of methods suggested for their resolution. Particular attention is paid to issues such as knowledge, justification, certainty, objectivity, perception, and truth.

[Back to Top](#)

### **PH 450 Philosophy of Law**

3c-01-3sh

An examination of the nature of law and its relationship to such questions as morality, obligation, judicial review, justice, rights, punishment, liberty. The course combines philosophical theory with consideration of selected court cases to develop a philosophical and legal understanding of law and its place in society.

### **PH 460 Philosophy of Language**

3c-01-3sh

An investigation of issues in the philosophy of language and related issues in linguistics (including anthropological linguistics, sociolinguistics, and psycholinguistics). Topics include, for example, the influence of language on perception, rationalist/empiricist perspectives on language acquisition, language and political control, reference,

meaning, and truth.

### **PH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **PH 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources. May be taken more than once to a maximum of 6sh. (This option is available to both philosophy majors and nonmajors.)

### **PH 482 Independent Study: Honors Project**

3c-01-3sh

Prerequisites: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office. 3.00 QPA, 15sh in Philosophy, and 3.20 average in departmental courses

Majors in Philosophy are invited to take 3sh of independent study designated Honors Project. Upon satisfactory completion, graduation with departmental honors is possible.

### **PH 493 Internship in Philosophy**

var-3-6sh

Prerequisites: Permission of the department, junior or senior PH major or double major, 2.5 QPA

A supervised experience of no longer than one semester and no less than five weeks. This would take place in either a public or private organization in areas that either extend and develop or complement coursework in Philosophy. Log and/or major paper required. Internships are to be done with a clear analysis, argumentation, and examination of governing principles.

## **RS 100 Introduction to Religion**

3c-0l-3sh

An introduction to the academic study of religion through an examination of various dimensions of religious expression and traditions. The course will cover such areas as problems about definition of religion; approaches to the study of religion; the goals, language, and rituals of religion; cases of religious experience; faith, disbelief, and alternatives to religion; religion and the sociocultural context.

## **RS 110 World Religions**

3c-0l-3sh

A comparative study of the history, teaching, and rituals of the major religions of the world and their influence on contemporary society. A nonsectarian approach to religions such as Native American religion, Afro-American religion, Judaism, Christianity, and Islam in relationship to Hinduism, Buddhism, Confucianism, Taoism, and Shinto.

## **RS 200 Religion and Culture: Their Interaction**

3c-0l-3sh

A systematic study of the interaction of religions and various components of culture, as a way of understanding the phenomenon of religion. The approach is functional and descriptive; it uses case studies which are chronologically and culturally diverse, covering such areas as religion and politics, economics, arts, science, and literature.

[Back to Top](#)

## **RS 210 World Scriptures**

3c-0l-3sh

Major sacred writings of Hindu, Buddhist, Zoroastrian, Moslem, Confucian, Taoist, and Judeo-Christian traditions will be studied from point of view of their religious significance.

## **RS 250 Understanding the Bible**

3c-0l-3sh

An introduction to scholarly methods and major themes necessary to understand the Hebrew Scriptures and the New Testaments of the Judeo-Christian tradition.

## **RS 260 American Religious Development**

3c-0l-3sh

A survey and analysis of topics which depict the role of religion in the U.S., e.g., American Indian religion; religion

and the discovery/colonization/immigration trends of the U.S.; religion and the Constitution; indigenous religious movements; black religion; ecumenism; atheism; cults; mass media and religion; religion in Indiana County.

[Back to Top](#)

### **RS 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **RS 290 Christianity**

3c-0l-3sh

A study of the beliefs, practices, significant persons, history, and cultural impact of Christianity.

### **RS 311 Eastern Philosophy**

3c-0l-3sh

An examination and critique of the philosophies which have shaped Eastern world views and ways of life as found in a representative sampling of Chinese, Japanese, and Indian thought.

[Back to Top](#)

### **RS 312 Archaeology and the Bible**

3c-0l-3sh

An investigation of religious-historical traditions of the Bible in light of archaeological research. Will include study of archaeological method and interpretation, discoveries in Egypt, Mesopotamia, and Syro-Palestine as background for understanding the traditions and religious practices and beliefs of Israel, and special questions surrounding the Patriarchal narratives, the Exodus and Conquest, Israel under David and Solomon, the Dead Sea Scrolls, and New Testament times.

### **RS 329 Philosophy of Religion**

3c-0l-3sh

This course is a philosophical critical examination of religion to include: the nature of religion; religious argumentation; existence and nature of God; meaning and relation of faith and knowledge; theories of origin or religion. (Offered as PH329 prior to 1995-96)

### **RS 360 African Religions**

3c-0l-3sh

An examination of the nature of African traditional religion and how traditional religion, Islam, and Christianity coexist and influence each other.

[Back to Top](#)

### **RS 365 Native North American Religions**

3c-0l-3sh

An introduction to the indigenous religions of North America and to the peoples who practice these rich and varied approaches to the sacred. This course not only examines major religious themes and dimensions (myth, ritual, ethics, etc.) but includes an historical perspective on North American Indian lifeways. This perspective involves discussion of the clash with Euro-American values and contemporary native religious responses to social crisis and change.

### **RS 370 Religions of China and Japan**

3c-0l-3sh

A study of Confucianism, Taoism, Buddhism, Shinto, and popular religion in China and Japan, including historical and theological foundations, development of thought, contemporary expressions, and encounters with the modern world.

### **RS 375 Religions of India**

3c-0l-3sh

A study of Hinduism, Indian Buddhism, Jainism, and Sikhism, including historical and theological foundations, development of thought, contemporary expressions, and encounters with the modern world.

[Back to Top](#)

### **RS 380 Islam**

3c-0l-3sh

A study of Islam including historical and theological foundations, developments of thought, contemporary expressions, and encounters with the modern world.

### **RS 410 History of Christian Thought I**

3c-0l-3sh

The development of Christian thought approached through an in-depth study of selected writings from the early Church Fathers to the Protestant Reformers.

### **RS 440 History of Christian Thought II**

3c-0l-3sh

An examination of Christian thought, approached through in-depth study of selected writings from major theologians of the 19th and 20th centuries.

### **RS 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper-level undergraduate students.

[Back to Top](#)

### **RS 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Individual students wishing to pursue religious studies interests not covered in the department's regular offering may do so by approval. Upon approval students are guaranteed at least five hours of faculty time per credit. All programs of study must be accepted by the department as a whole. May be taken more than once to maximum of 6sh. (This option is available to both Religious Studies majors and nonmajors.)

### **RS 482 Independent Study: Honors**

3c-0l-3sh

Prerequisites: 3.00 QPA, 15sh in Religious Studies, and 3.20 average in departmental courses

Majors in Religious Studies are invited to take 3sh of independent study- designated Honors Project. Upon satisfactory completion, graduation with departmental honors is possible.

## **RS 493 Internship in Religious Studies**

6-12sh

Prerequisites: Junior or senior; Religious Studies major or double major; 2.5 QPA in major; department approval  
Supervised experience in a public or private organization which extends and complements coursework in Religious Studies.

## **AH 407 Medieval Art**

3c-0l-3sh

Art and architecture of Europe during the Middle Ages, beginning with early Christian and Byzantine and concluding with the Gothic period. Dual listed for graduate credit as AH507.

### **AH 408 Italian Renaissance Art**

3c-0l-3sh

Italian art from 1400s through 1650 and Mannerist movement. Special attention paid to great masters of the period. Dual listed for graduate credit as AH508.

### **AH 409 Baroque and Rococo Art**

3c-0l-3sh

A general survey of art from 1575-1775, will include architecture, sculpture, painting, and other arts. Dual listed for graduate credit as AH509.

### **AH 412 Classical Art**

3c-0l-3sh

Historical survey of the architecture, painting, sculpture, and minor arts of the classical period of Greece and Rome, including the Minoan, Mycenaean, and Etruscan cultures.

[Back to Top](#)

### **AH 413 Senior Seminar**

3c-0l-3sh

Intended to help students develop adequate vocabularies and methods to be used in discussion and criticism of works of art.

### **AH 416 Northern Renaissance Art**

3c-0l-3sh

Explores phenomena of art north of the Alps from 1400 to 1600, especially as it appears in the Lowlands, as well as side explorations into art of France, Germany, Austria, and the court at Prague.

### **AH 481 Special Topics**

var-1-3sh

## **MH 301 Music History I**

3c-0l-3sh

Prerequisites: HI195, EN101, EN202, HI305 Intensive study of the history and style of Medieval, Renaissance, and Baroque music. Considerable analytical listening required.

## **MH 302 Music History II**

3c-0l-3sh

Prerequisites: MH301 or permission

Intensive study of the history and styles of Classical, Romantic, and 20th-century music to 1950. Considerable analytical listening required.

## **MH 322 Medieval and Renaissance Music**

3c-0l-3sh

Intensive study of the plainchant foundations in the early Middle Ages; the origins of polyphony; sacred and secular music of the 13th to the 16th centuries; special emphasis on Dufay, Josquin, Palestrina, and their contemporaries. (Offered as MU322 prior to Fall, 1989. Title prior to Fall, 1992, was Renaissance Music.)

[Back to Top](#)

### **MH 323 The Baroque Era**

3c-0l-3sh

Prerequisites: MH301, 302

Extends from Monteverdi through Bach and Handel and considers vocal and instrumental forms, styles, and practices of era. (Offered as MU323 prior to Fall, 1989)

### **MH 324 The Classical Era**

3c-0l-3sh

Prerequisites: MH301, 302

A survey of music from about 1725 to about 1827, with special attention to the music of Mozart and Haydn. Consideration is given also to the works of D. Scarlatti and C.P.E. Bach. (Offered as MU324 prior to Fall, 1989. Titled as 18th Century Music prior to Fall, 1992.)

### **MH 325 The Romantic Era**

3c-0l-3sh

A survey of music from about 1800 to 1910, with attention directed to the earlier romantic composers such as Beethoven, Schubert, Mendelssohn, and Berlioz through the later romantic composers such as Wagner, Tchaikowsky, Mahler, and Dvorak as well as others. (Offered as MU325 prior to Fall, 1989. Titled as The Early Romantic Period prior to Fall, 1992.)

[Back to Top](#)

### **MH 420 The 20th Century**

3c-0l-3sh

Prerequisites: MH301, 302

A survey of the stylistic trends of music from 1900 to the present, beginning with Debussy, Ravel, and other impressionists through the music of Schonberg, Stravinsky, Webern, Honegger, and Milhaud. Offered infrequently. (Offered as MU420 prior to Fall, 1989. Titled as Contemporary Music prior to Fall, 1992.)

### **MH 421 American Music**

3c-0l-3sh

Prerequisites: MH301, 302

A study of history and literature of music in America from 1600 to the present day. Offered as MU421 prior to Fall, 1989.

### **MH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **MH 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

## **TH 101 Introduction to Theater**

3c-0l-3sh

An exploration of the theater arts, examining major periods of theater history, selected works of dramatic literature, and the primary theater arts of acting, directing, design, and technical theater. Class experience includes the analysis of at least two major works of drama, attending two live productions, and viewing of selected televised plays and musicals.

## **TH 102 Introduction to Dance**

3c-0l-3sh

Examines dance as a performing art in both the historical and cultural contexts. Also includes the analysis of a major piece of choreography, attending live performances, and viewing select works of dance. No previous dance experience is required.

## **TH 110 Script Analysis**

3c-0l-3sh

Course examines major as well as alternative systems by which dramatic texts may be analyzed, including classical plot construction, scene structure, tension and release, dramatic rhythms, and several contemporary and less conventional methods of dramatic orchestration.

[Back to Top](#)

## **TH 116 Fundamentals of Theatrical Design**

3c-0l-3sh

Introduces the fundamentals of scene, costume, lighting, and sound design for theater and dance. It is focused on creative processes used by designers to make choices. Topics include script analysis, director and designer communication, and the integration of the design elements into a unified production.

## **TH 120 Stagecraft I**

3c-0l-3sh

Exploration of the material, methods, and procedures utilized in creating a scenic environment. Through instruction and practical application, students learn the basis of scenic instruction and develop competency with the basic materials and equipment used in a theatrical scene shop.

### **TH 122 Costume Workshop**

3c-0l-3sh

Instruction and practical experience in the process of building costumes for the stage. Activities include fitting, cutting, sewing, dyeing, and painting. There is also instruction in the maintenance of wardrobe, costume stock, materials, and properties.

[Back to Top](#)

### **TH 130 Stage Voice**

3c-0l-3sh

Prerequisite: Theater majors only, or by permission of instructor

Instruction in basic development of the vocal instrument of the actor in stage performance. Emphasis is placed upon the resonance, quality, pitch, and projection of the voice while improving the student's ability to articulate.

### **TH 131 Stage Movement**

3c-0l-3sh

Instruction in basic stage movement and the physicalization of character. Includes work in character development through variety in movement, introductory work in juggling, stage combat, and mime, and the assessment, awareness, and correction of individual movement problems.

### **TH 150 Fundamentals of Dance**

3c-0l-3sh

A basic dance technique that sequentially develops the elements of movement (space, time, force) into a variety of dance genre and period styles. Covers special care and safety of the instrument -- the body.

[Back to Top](#)

### **TH 201 Theater History I**

3c-0l-3sh

A comprehensive survey of the history, trends, and developments of theater and drama from their beginnings through the English Renaissance.

### **TH 202 Theater History II**

3c-0l-3sh

Comprehensive survey of the history, trends, and developments of theater and drama from the English Restoration to the present.

### **TH 220 Stagecraft II**

3c-0l-3sh

Prerequisite: TH120 or permission

Advanced exploration of materials, methods, and procedures involved in creating a scenic environment. Students also receive intensive practical experience in shop planning and supervision to include problem-solving techniques.

[Back to Top](#)

### **TH 221 Basic Stage Lighting**

3c-0l-3sh

Prerequisite: TH120

Introduction to lighting instruments, color media, control boards, physical laws of electricity and optics, graphics, and conventional techniques used in lighting theatrical productions.

### **TH 223 Makeup for the Stage**

3c-01-3sh

Deals with practical application of straight and character makeup and may include instruction in creating beards, wigs, prosthetics, and masks.

### **TH 240 Acting I**

3c-01-3sh

Study of the primary elements of the Stanislavski system of character development. Includes text analysis and the development of physical action through a character's subtext, as well as motivational and improvisational techniques.

[Back to Top](#)

### **TH 250 Contemporary Dance**

3c-01-3sh

Contemporary dance techniques, improvisation, and choreography. Examines the historical development and cultural influences on the changing philosophies of contemporary dance performance today. Performance of creative work required.

### **TH 260 Jazz Dance**

3c-01-3sh

Jazz techniques, dynamics, and style for theater dance from the 1920s through the present. Emphasis on analysis of music for choreography.

### **TH 270 Ballroom and Tap Dance**

3c-01-3sh

A sequential development of tap and ballroom dance techniques in the context of historical development and period styles. Performance for an audience is required.

[Back to Top](#)

### **TH 280 Ballet**

3c-01-3sh

Sequential development of barre and center techniques that progress to linking moves, turning, and jumps and to dance sequences and choreography. The historical periods of development and the status of the art today will be examined in a cultural context which includes gender and minority influences.

### **TH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **TH 290 Ethnic Dance**

3c-01-3sh

Includes dance techniques from a variety of indigenous forms from Western and Eastern cultures. Presented in the historical and social context. Emphasis will be given to the needs of theater production.

[Back to Top](#)

### **TH 301 Tragic Mask**

3c-01-3sh

Historical survey of theatrical conventions, traditions, and production practices specifically associated with tragedy and its ensuing forms, drama and melodrama. It focuses on landmark dramatic texts, examining the changing faces of tragic masks and their implications for theatrical practice from ancient Greece to the 20th century.

### **TH 302 Comic Mask**

3c-01-3sh

Historical survey of theatrical conventions, traditions, and production practices specifically associated with comedy and its related forms: farce, burlesque, etc. Focuses on landmark dramatic texts, examining the changing faces of comic masks and their conventions and their implications for theatrical practice from ancient Greece to the 20th century.

### **TH 310 Theater Criticism**

3c-01-3sh

A study of the theory and criticism and of the discrete functions of critic and reviewer. Students see live performances and practice writing both reviews and criticism.

[Back to Top](#)

### **TH 320 Scene Design**

3c-01-3sh

Prerequisite: TH120

An introduction to the principles of scenic composition, analysis, concept development, and graphic communication methods used by the scenographer.

### **TH 321 Stage Lighting Design**

3c-01-3sh

Prerequisite: TH221

Covers the design and execution of stage lighting with emphasis on script analysis, the collaborative role of the lighting designer, lighting theory, and modern stage lighting practices. Practical applications include the conceptualization and designing of production lighting for Proscenium, Thrust, and Arena stages through class exercises.

### **TH 322 Costume Design**

3c-01-3sh

Covers design and execution of stage costumes with emphasis on showing how mood and illusion can be created through the proper selection of style, color, and texture, supplemented by an overview of stage costuming.

[Back to Top](#)

### **TH 323 Sound Design**

3c-01-3sh

Covers the basic principles and theories of designing sound for the theater. Through demonstration and practical application, the course will cover the following principal areas: basic electronics, recording techniques and equipment, musical and effects integration, theater acoustics, designing sound, and sound reinforcement.

### **TH 340 Acting II**

3c-01-3sh

Prerequisites: TH240 or permission of instructor

Study of the evolving Stanislavsky system and its American reinterpretations as applied to realism and other dramatic genres and styles. Emphasis will be on scoring of text, exploring the relationships between psychological states and physical action.

### **TH 341 Acting Styles**

3c-0l-3sh

Prerequisite: TH130, TH131, TH240 or permission of instructor

Study and practice of advanced acting skills with special emphasis on style and period. Possible areas of focus: Greek classical, Commedia Dell'Arte (farce), French Neo-classical, Restoration Comedy, Melodrama, High Comedy (Wilde/Coward), or Theater of the Absurd.

[Back to Top](#)

### **TH 342 Acting Shakespeare**

3c-0l-3sh

Prerequisites: TH240, TH340 (or permission of instructor)

An advanced acting studio which will prepare students to perform in Shakespeare's plays. This course will provide a background overview of the Elizabethan period in addition to various methods towards approaching the movement, language, and verse forms from an actor's point of view.

### **TH 345 Touring Young People's Theater**

3c-0l-3sh

This course introduces the fundamentals of young people's theater for audiences aged five through fifteen years. The class will select appropriate children's literature, develop a script through improvisation, and rehearse and tour their production to the surrounding schools.

### **TH 347 Playwriting**

3c-0l-3sh

Prerequisite: TH110, or permission of professor

This course is a practical exploration of the craft and process of playwriting. The primary focus of the course is the practical, "hands-on" experiences approximating the "developmental process" currently in use in the American theater. The student will be guided from the initial concept through synopsis, outlines, and working drafts and culminating in the student's completion of an original one-act play and a "staged reading" of this project.

[Back to Top](#)

### **TH 350 Directing**

3c-0l-3sh

Prerequisites: TH110, TH240, permission

Introduction to basic directing skills: casting, floor plans, blocking, rehearsal procedures, and the applications of scene and character analysis. Students will prepare short scenes for class presentation.

### **TH 351 Choreography**

3c-0l-3sh

Prerequisite: must have taken one of the introductory or advanced-level dance classes (TH150, 250, 260, 270, 280, 485) or permission of instructor

This course introduces the necessary choreographic tools needed to manipulate dance as a medium to create dance works. The class will learn and use various approaches to the choreographic process to create dance works, one of which will be presented in a public showing at the end of the semester.

## **TH 353 Dance Curriculum and Instruction**

3c-01-3sh

Prerequisites: One of the following theater courses: TH 250, 260, 270, 280, 290, or 485; or permission of the instructor  
This course introduces the necessary teaching skills and curriculum development needed to understand the pedagogical structure for teaching dance. The class will learn the approaches to teaching that are unique to dance and will learn how to design dance curriculum. (To be implemented in 1996-97, pending Council of Trustees approval)

[Back to Top](#)

## **TH 481 Special Topics**

var-1-6sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **TH 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Independent study in theater may be either purely academic or may be a practical production project, supported by a written document giving evidence of significant scholarly investigation or original, creative effort. May be repeated to a maximum of 6 credits. Approval is based on academic appropriateness and availability of resources.

## **TH 483 Acting Studio**

3c-21-3sh

Prerequisites: Minimum of TH240, by permission; individual foci have additional prerequisites

Advanced studio course offering scene practice with faculty direction, coaching, and criticism. Specific focus of scene work varies from semester to semester, including improvisation techniques, stage dialects, audition techniques, and acting for the camera as alternating semester options. May be repeated with a different focus each time.

[Back to Top](#)

## **TH 484 Directing Studio**

3c-21-3sh

Prerequisites: TH350, permission

Opportunity for students to direct scene work, one-act plays, or larger projects, according to individual levels of experience, preparation, and readiness. Practical application of principles of directing to specific problems in directing. Student projects performed in public, open-class recitals. May be repeated.

## **TH 485 Dance Studio**

3c-01-3sh

Prerequisites: TH250, TH260, TH270, or TH280 (beginning technique class taken must be the specific dance genre of the Dance Studio class offered); or by permission of instructor

Further the development of the dancer at the intermediate level of a specified genre of dance. Development in dance requires the integration of both technique and artistic development. The specific genres vary from semester to semester, including modern, ballet, tap, and jazz as alternating semester options. May be repeated with a different focus each time.

## **TH 486 Practicum in Production**

var-.5-4sh

Prerequisite: Permission

An opportunity with academic credit for students to make significant contributions to campus productions augmenting theater coursework in the areas of assistant directing or directing, stage management, technical direction, sound design, lighting, scene design, properties and set decoration, scene building and painting, costuming, dance, and make-up design. May be repeated. (Revision pending on credit starting at .5sh and requirement of eight semesters)

[Back to Top](#)

### **TH 489 Technical Theater Problems**

3c-0l-3sh

Prerequisite: Permission of instructor

Open to all students desiring instruction in a variety of technical theater areas not presently covered in other courses. Topics to include sound design, stage management, set props, media make-up, technical drawing/mixed media, and scene painting. May be repeated.

### **TH 493 Internship**

var-3-12sh

Prerequisite: Permission of instructor

Opportunities for students to gain experience with professional performance organizations in areas related to theater and dance.

[BI482](#) [BI493](#)

## **BI 103 General Biology I**

3c-2l-4sh

Prerequisite: Non-Biology majors only

A basic introduction to ecology, biochemistry, and cell biology, genetics, and evolution.

## **BI 104 General Biology II**

3c-2l-4sh

Prerequisites: BI103 General Biology I, Non-Biology majors only

A basic introduction to plant and animal physiology, neurobiology, animal behavior, and plant and animal reproduction and development.

## **BI 105 Cell Biology**

3c-0l-3sh

Prerequisites: Non-Biology majors only

An introductory course to provide concepts and applications for understanding human biological function from the point of view of cellular biology.

[Back to Top](#)

## **BI 110 Plant Biology**

3c-4l-5sh

Prerequisite: BI105 or special permission

Plant structure, function, development, recognition and grouping, environmental relationships, and economic importance of plants considered.

## **BI 111 Principles of Biology I**

3c-3l-4sh

Prerequisites: Must be taken after or concurrent with CH111

Introduces the student to principles of biology, specifically in the topics of cell structure and function, genetics, and physiology. Develops skills in the use of the scientific method. Designed for biology majors.

## **BI 112 Principles of Biology II**

3c-3l-4sh

Prerequisite: BI111

Introduces the student to principles of biology, specifically in the topics of reproduction, development, evolution, ecology, and animal behavior. Develops skill in the use of the scientific method. Designed for biology majors.

[Back to Top](#)

### **BI 114 Environmental Science**

3c-0l-3sh

Prerequisite: Non-Biology majors only

An introduction to environmental science with an emphasis on human impacts. The course uses an interdisciplinary approach to the consideration of population growth, pollution, preservation of species, and establishment of public policy. Students will learn basic principles in ecology as the basis for understanding problems of the environment.

### **BI 115 Biotic Diversity of North America**

3c-0l-3sh Prerequisites: Non-Biology majors and non-Biology minors only

An introduction to the biological diversity of North America from Barrow, Alaska, to Tehuantepec, Mexico. All major aquatic and terrestrial biomes occurring in North America will be examined with regard to plant forms, animal composition, and environmental (abiotic) conditions.

### **BI 120 Animal Biology**

3c-4l-5sh

Prerequisite: BI105 or special permission

Morphology, physiology, embryology, ecology, taxonomy, social, and economic importance of animals; consideration of principles applicable to a correlation of classical with present-day zoology.

[Back to Top](#)

### **BI 150 Human Anatomy**

2c-3l-3sh

Prerequisite: Non-Biology majors only

Study of the functional systematic anatomy of the human. Lab studies center on nonhuman mammals whose anatomy is then related to the human condition.

### **BI 151 Human Physiology**

3c-2l-4sh

Prerequisites: BI105, Non-Biology majors only

Course deals with acquiring, through lecture presentations and laboratory experiments, an understanding of the basic functions and control of the major organ systems of the human body. Organ systems examined include the following: muscular system, cardiovascular system, respiratory system, endocrine system, renal system, digestive system, reproductive system, and nervous system.

### **BI 155 Human Physiology and Anatomy**

3c-3l-4sh

Prerequisite: Non-Biology majors only (Food and Nutrition, Dietetics, Home Economics Education, Physical Education, and Safety Sciences majors)

Study of structure and function of the human body. Emphasis is on normal function, with particular attention to functional anatomy, control mechanisms, and interrelationships among systems. Laboratory studies will include experimentation and dissection. For students with little or no science background.

[Back to Top](#)

**BI 210 Botany**

2c-3l-3sh

Prerequisite: BI111-112, or permission of instructor

A survey of the major plant groups, their physiology, structure, life cycles, evolution and ecology, and economic roles of plants. Combined lecture- laboratory.

**BI 220 General Zoology**

2c-3l-3sh

Prerequisite: BI111-112, or permission of instructor

Examination of the evolution, form, and function of all major animal phyla, from sponges through chordates. Interactive lecture-laboratory sessions follow a phylogenetic approach to the Animal Kingdom and incorporate essentials of animal ecology, physiology, functional morphology, and behavior.

**BI 232 Fundamentals of Microbiology**

2c-3l-3sh

Prerequisites: CH101 or equivalent, Non-Biology majors only (Food and Nutrition, Dietetics, Home Economics Education, and Hotel, Restaurant, and Institutional Management majors) Study of microorganisms and the role they play in water, food disease, and infection. Food spoilage, poisoning, and disease are emphasized. General methods and techniques are emphasized in the laboratory.

[Back to Top](#)

**BI 241 General Microbiology**

2c-3l-3sh

Prerequisites: Non-Biology majors only (Environmental Health, Nursing and Respiratory Therapy majors), BI105, CH101, or equivalent

Study of microorganisms and the role they play in water, soil, food, and infection. Microbes and disease will be emphasized. Standard methods and techniques are emphasized in laboratory.

**BI 250 Principles of Microbiology**

2c-3l-3sh

Prerequisite: BI111-112, or permission of instructor

Study of the structure, nutrition, and biochemical activities of microbes. Survey of viruses, blue-green bacteria, bacteria, algae, fungi, and protozoa and their diversity in natural environments. Course designed for biology and biology education majors.

**BI 251 Field Botany**

2c-3l-3sh

Prerequisites: BI210

The collection, preservation, identification, and distribution of selected herbaceous and woody plants of Western Pennsylvania. Emphasis on taxonomic principles, the use of keys and manuals, and the recognition of local flora.

[Back to Top](#)

**BI 252 Field Zoology**

2c-3l-3sh

Prerequisite: BI220

Field natural history of vertebrates; identification, collection, and preservation techniques.

**BI 261 Ornithology**

2c-3l-3sh

Prerequisites: BI111-112 or BI103-104

A study of birds of the region. Indoor laboratory as well as early morning and possibly weekend field trips required.

### **BI 262 General Entomology**

2c-3l-3sh

Prerequisite: BI220

Morphology, anatomy, ecology, taxonomy, and economic and public health importance of insect orders, particularly those of Western Pennsylvania; student collection and field trips required.

[Back to Top](#)

### **BI 263 Genetics**

2c-3l-3sh

Prerequisites: BI111

Deals with the distribution and function of the hereditary material; special emphasis on microbial, viral, and molecular genetics.

### **BI 269 Bioethics and Coevolution**

3c-0l-3sh

Discussion and exploration of the coevolution of man and nature. Areas covered include the concepts of coevolution, bioethics, resource utilization, and possible future lifestyles. Designed for majors and nonmajors.

### **BI 271 Evolution**

3c-0l-3sh

Prerequisite: BI111-112 or BI103-104, BI263

Historical development of evolutionary thought; evidence and operational mechanisms involved; origin and phylogenetic relationships of biological groups.

[Back to Top](#)

### **BI 272 Conservation of Plant and Animal Resources**

2c-3l-3sh

Prerequisites: BI111-112 or BI103-104

A study of accepted practices in soil, water, forest, and wildlife conservation. Saturday field trips.

### **BI 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **BI 310 Applied Entomology and Zoonoses**

2c-3l-3sh

Prerequisite: BI220 or permission

Study of the measures for abatement or control of arthropods, rodents, birds, and other disease vectors of public importance; selection, chemistry, formulation, and safe application of insecticides, rodenticides, and fumigants; pesticing equipment; application of biological and other measures of control.

[Back to Top](#)

### **BI 311 Environmental Biology**

3c-3l-4sh

Prerequisites: Restricted to Elementary Education and Earth Science Education majors only

Laboratory and field course providing basic knowledge in biology and its practical implications. Physical and biological aspects of the environment are studied.

### **BI 321 Environmental Protection I**

2c-3l-3sh

Prerequisites: BI111- 112, CH112, Environmental Health majors only or permission of instructor

Considers the impact of important components of the physical environment on health and deals with principles and methods for identification, evaluation, and control of such health hazards. Major attention to principles and methods of epidemiological investigation. Major credit only for Environmental Health majors.

### **BI 322 Environmental Protection II**

2c-3l-3sh

Prerequisites: BI111- 112, CH112, Environmental Health majors only or permission of instructor

Subjects receiving attention include water and food supplies, domestic and industrial sewage and wastes, housing, accidents, community air pollution, domestic and industrial poisons, ionizing radiations, occupational health hazards.

### **BI 331 Animal Developmental Biology**

2c-3l-3sh

Prerequisite: BI220 or by permission

Comparative and molecular development of vertebrate animals are the major considerations. General principles of development are illustrated using vertebrate, invertebrate, and plant materials.

[Back to Top](#)

### **BI 350 Cellular Physiology**

2c-3l-3sh

Prerequisites: BI111, CH231

Topics include cell membrane systems, bioenergetics, and information processing systems as well as growth and differentiation of cells and their organelles. Complements plant and animal physiology and biochemistry.

### **BI 352 Comparative Animal Physiology**

2c-3l-3sh

Prerequisites: BI220, CH231

Comparative study of homeostatic mechanisms and systems in animals and their relation to fundamental chemical and physical events in cells.

### **BI 360 Medical Mycology**

2c-3l-3sh

Prerequisite: BI111-112

A study of the mycology of pathogenic fungi. Consideration will include sources of infection, distribution, symptomatology, diagnosis, prognosis, immunology, and treatment. Pathogens are used in the course, and emphasis is placed upon actual laboratory technique and procedures.

[Back to Top](#)

**BI 361 Microbiology**

2c-3l-3sh

Prerequisites: BI105, CH231

Introduction to morphology, physiology, and ecology of procaryotic organisms. Importance of microorganisms in basic and applied research, economics, infection, and immunology are discussed.

**BI 362 Ecology**

2c-3l-3sh

Prerequisites: BI111-112, BI210 or BI220

Study of interrelations and adaptations of organisms; includes consideration of physical and biotic environmental factors. Field trips.

**BI 363 Medical Microbiology**

2c-3l-3sh

Prerequisites: BI 250 or permission

Study of disease caused by microorganisms with emphasis on human pathogens. Both epidemiology and aspects of host-parasite relationships will be discussed. Lab stresses methods of isolation and identification of pathogens.

[Back to Top](#)

**BI 364 Immunology**

2c-3l-3sh

Prerequisites: BI250, CH232, or by permission

Physical and chemical properties of antigens and antibodies; nature of antigen-antibody interactions; mechanism of antibody formation; and immune reaction and disease. Lab employs serological techniques.

**BI 401 Laboratory Methods in Biology and Biotechnology**

2c-4l-3sh

Prerequisite: CH351

Theory and practice in a number of major analytical and preparative techniques currently in use in physiology, molecular biology, and biotechnology.

**BI 420 Biology of Higher Invertebrates**

2c-3l-3sh

Prerequisite: BI220

A phylogenetic overview of the higher invertebrates, Annelida through lower Chordata. A systematic approach on functional morphology and microstructure, behavior and physiology, under an evolutionary umbrella. Laboratory sessions offer additional research opportunities.

[Back to Top](#)

**BI 425 Herpetology**

2c-3l-3sh

Prerequisite: BI220

A comprehensive survey of the classes Amphibia and Reptilia, including their classification, structure, origin, evolution, phylogenetic relationships, distribution, and natural history. Special emphasis is placed on the herpetofauna of Pennsylvania.

**BI 432 Comparative Vertebrate Anatomy**

2c-3l-3sh

Prerequisite: BI220

Discussion of anatomy of representative vertebrates from a comparative point of view. Stresses major organizational changes observed in vertebrate history.

### **BI 450 Pymatuning: Field Studies**

var-3sh

During the summer session, various field courses are offered through the Pymatuning Laboratory of Ecology. The offerings will vary depending on the summer. Some of the possible offerings include Experimental Design, Fish Ecology, Behavioral Ecology, Aquatic Botany, and Ecological Genetics. Information regarding specific offerings available from Biology Department in spring.

[Back to Top](#)

### **BI 453 Plant Physiology**

2c-3l-3sh

Prerequisites: BI210, CH231

Studies physiological processes occurring in plants considered in relation to growth, development, and ecology of plants.

### **BI 463 Limnology**

2c-3l-3sh

Prerequisites: BI362

An investigation into the physical, chemical, and biological aspects of inland waters and their interrelationships. In the laboratory the student will gain experience in the techniques involved in aquatic sampling and the analysis of data. (Saturday or Sunday labs may be required.)

### **BI 466 Principles of Virology**

3c-0l-3sh

Prerequisite: BI263 or equivalent course in Genetics, or CH351 or equivalent course in Biochemistry, or permission of instructor

Topics include structure, classification, assay, and transmission of viruses; methods used in the study of viruses; viral replication, gene expression, and gene regulation; host-viral interactions and subviral pathogens.

[Back to Top](#)

### **BI 475 Mammalogy**

2c-3l-3sh

Prerequisite: BI220

A general discussion of mammals emphasizing systematics, distribution, and structural and functional modifications related to evolution of this group. Lab work samples numerous techniques that can be applied to mammalian biology.

### **BI 476 Parasitology**

2c-3l-3sh

Prerequisite: BI220

Structure, physiology, ecology, life cycles, pathology, and treatment of parasitic protozoa and flatworm and roundworm species of man. Dissection of hosts for parasites.

### **BI 478 Mycology**

2c-3l-3sh

Prerequisite: BI210

Involves a study of the systemics, morphology, and physiology of the kingdom Myceteae with emphasis on economically important and experimentally useful organisms.

[Back to Top](#)

### **BI 480 Biology Seminar**

1c-0l-1sh

Discussion of recent trends in biological thought and research. Students report on assigned readings and/or personal research.

### **BI 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

This course varies from semester to semester covering diverse topics in specific areas of biology.

### **BI 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office. A 2.5 GPA overall and in major courses required.

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources. Work is supervised by a faculty member but does not involve regular class or laboratory hours.

[Back to Top](#)

### **BI 493 Biology Internship**

var-6-12sh

Prerequisites: Biology major with at least 57 semester hours, 2.5 overall QPA, and permission of the director of internships and the chairperson

Selected students have opportunity, under department supervision, to gain off-campus practical experience in area of interest. Only six credits may be applied toward major; total number of credits will be decided in consultation involving student, his/her adviser, and director of internships.

## CH 101 College Chemistry I

3c-2l-4sh

The basic principles and concepts of inorganic chemistry are developed from the standpoint of atomic and molecular structure with illustrative examples from descriptive chemistry. The laboratory portion of the course illustrates physical and chemical properties in a qualitative and quantitative manner. The course is designed for selected majors within the College of Health and Human Services.

## CH 102 College Chemistry II

3c-2l-4sh

Prerequisite: CH101

The basic fundamental principles and concepts of organic and biochemistry are developed. Deals primarily with structural features of organic compounds, the chemistry of functional groups, and practical examples and uses of organic compounds. The laboratory portion illustrates properties and reactions of representative organic compounds. The course is designed for selected majors within the College of Health and Human Services.

## CH 111 General Chemistry I

3c-3l-4sh

Lecture-discussion of principles of chemistry, including theory and applications. The lab illustrates principles discussed. Topics discussed include scientific measurements, simple definitions and concepts, the mole, stoichiometry, gas laws, electronic structure of the atom, bonding, thermochemistry, and descriptive chemistry of the elements.

[Back to Top](#)

## CH 112 General Chemistry II

3c-3l-4sh

Prerequisite: CH111

Continuation of General Chemistry I. Topics discussed include the solid and liquid state, solutions, kinetics, equilibria, acids and bases, solubility equilibria, thermodynamics, electrochemistry, and descriptive chemistry of the elements.

## CH 113 Concepts in Chemistry

3c-3l-4sh

Introductory course for chemistry majors. Topics covered include atomic theory, an introduction to chemical reactions, stoichiometry, thermochemistry, chemical bonding, molecular geometry, kinetic-molecular theory of gases, the liquid and the solid states, and solution theory.

### **CH 114 Basic Inorganic Chemistry**

3c-3l-4sh

Prerequisite: CH113

Topics include chemical kinetics, equilibrium and thermodynamics, acids and bases, electrochemistry, coordination chemistry, and descriptive chemistry of selected elements.

[Back to Top](#)

### **CH 116 Basic Inorganic Chemistry**

3c-3l-2sh

Prerequisite: CH111 and CH112

Required for chemistry majors who have taken CH111 and CH112. A systematic study of the chemistry of the elements will be presented in both the lecture and the laboratory. Also included will be the chemistry of coordination compounds. This course starts at the beginning of the second half of the spring semester and is taught concurrently with CH114.

### **CH 231 Organic Chemistry I**

3c-4l-4sh

Prerequisite: CH112 or 114

A study of compounds of carbon, with special emphasis on structure-reactivity relationships. Laboratory work emphasizes methods of separation and purification of organic compounds.

### **CH 232 Organic Chemistry II**

3c-4l-4sh

Prerequisite: CH231

A continuation of Organic Chemistry I with an introduction to spectroscopic techniques. Laboratory work emphasizes the synthesis of representative compounds.

[Back to Top](#)

### **CH 255 Biochemistry and Nutrition**

3c-0l-3sh

Prerequisite: CH102

Course for Home Economics majors; studies chemistry and biological function of biologically active compounds with respect to nutritional requirements.

### **CH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

### **CH 301 Chemistry Seminar**

1c-0l-1sh

Discussion of current technical literature and current research problems of staff. Lectures by outside chemists and student presentations. Open to junior or senior chemistry majors and to others by permission of the chairperson.

[Back to Top](#)

### **CH 321 Quantitative Analysis**

3c-4l-4sh

Prerequisite: CH112 or CH114

Theory and practice of quantitative analysis, including gravimetric and volumetric analysis; special emphasis on perfecting student's laboratory techniques and application of general chemical knowledge through problemsolving.

### **CH 322 Instrumental Analysis**

3c-4l-4sh

Prerequisite: CH341

Modern instrumental methods of chemical analysis. Student learns theory behind the instrument, principles of operation, interpretation of data obtained, and limitations of methods.

### **CH 323 Analytical Methods**

3c-4l-4sh

Prerequisites: CH112 and non-Chemistry major

Principles of precipitation, acid-base, oxidation-reduction, and equilibria are applied to problem solving and to laboratory determinations; instrumental methods of analysis, such as colorimetry, atomic absorption and flame emission, gas chromatography, etc.

[Back to Top](#)

### **CH 331 Organic Molecular Structure Determination**

4c-var-3sh

Prerequisites: CH231-232 (CH232 may be taken concurrently)

Gives the student experience in systematic identification of various classes of organic compounds by both chemical and physical methods.

### **CH 335 Advanced Organic Chemistry**

3c-0l-3sh

Prerequisites: CH232 and CH341

Selected topics of current interest covered. Possible topics include reaction mechanisms, molecular spectroscopy, stereochemistry, natural products, heterocyclics, polymer chemistry, and organic synthesis.

### **CH 340 Physical Chemistry for the Biological Sciences**

3c-0l-3sh

Prerequisites: MA122, 124, 128, and PY112 or 132; CH232

One semester course for Biochemistry and Biology majors. Chemical thermodynamics, equilibria, kinetics; quantum mechanics; and spectroscopy especially as applied to biomechanical systems.

[Back to Top](#)

### **CH 341 Physical Chemistry I**

4c-0l-4sh

Prerequisites: MA122, 124, or 128 and PY112 or 132; CH112 or 114

Chemical thermodynamics with applications to solutions, phase, and chemical equilibria-kinetic theory.

### **CH 342 Physical Chemistry II**

3c-0l-3sh

Prerequisite: CH341

Study of solids, liquids, surfaces, chemical kinetics, electrochemistry, atomic and molecular structure.

### **CH 343 Physical Chemistry Laboratory I**

0c-3l-1sh

Prerequisites: CH321, 341

Experiments illustrating application of fundamental laws to actual systems. Carries writing-intensive credit.

[Back to Top](#)

### **CH 344 Physical Chemistry Laboratory II**

0c-3l-1sh

Prerequisites: CH342, 343

Extension of Physical Chemistry Laboratory I; experiments related to chemical kinetics, molecular spectroscopy, and other topics of physical chemistry.

### **CH 351 Biochemistry**

4c-0l-4sh

Prerequisite: CH231

Study of chemistry and biological functions of carbohydrates, lipids, proteins, minerals, vitamins, and hormones.

### **CH 376 Radiochemistry**

4c-var-3sh

Prerequisite: CH322

Study of basic aspects of nuclear structure, phenomena of radioactive isotopes, and chemical effects of such isotopes. Concurrent lab work utilizing instruments for detection and measurement of radioactive nuclides used in chemical experimentation.

[Back to Top](#)

### **CH 410 Advanced Inorganic Chemistry Laboratory**

0c-3l-1sh

Prerequisite: CH322 Instrumental Analysis

A laboratory course in which the techniques used in the synthesis and characterization of inorganic compounds will be explored. Emphasis will be placed on the preparation of a wide variety of inorganic compounds and the methods by which they are identified and characterized.

### **CH 411 Advanced Inorganic Chemistry**

3c-0l-3sh

Prerequisite: CH341

Gives understanding of advanced theories of atomic structure, chemical bonding, acids and bases, coordination compounds, and selected topics.

### **CH 412 Advanced Structural and Synthetic Methods in Inorganic Chemistry**

2c-2l-3sh

Prerequisites: CH411 and either CH410 or CH322

Advanced techniques used in the synthesis and characterization of inorganic compounds will be explored. In lecture, emphasis will be placed on the theory and application of structural and spectroscopic methods of characterization. In lab, emphasis will be placed on advanced methods of synthesis and structural characterization using representative examples of important classes of inorganic compounds.

[Back to Top](#)

### **CH 421 Advanced Instrumental Analysis**

4c-var-3sh

Prerequisite: CH322

Study of modern chemical analysis, using advanced instrumental techniques; emphasis on theory, principles of operation, capabilities, and limitations of advanced analytical instruments used.

### **CH 441 Advanced Physical Chemistry**

3c-0l-3sh

Prerequisite or corequisite: CH342

Study of fundamental ideas of quantum and statistical mechanics, molecular structure, and other topics of current interest.

### **CH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **CH 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **CH 493 Internship in Chemistry**

var-4-9sh

Prerequisites: CH113, 114, 231, 232, 321, 341, and departmental approval

Full-time involvement in an actual "on-the-job" situation in an industrial or research laboratory under the tutelage of a selected preceptor. A department faculty member will work closely with the student and preceptor and will assume responsibility for making the final evaluation and assigning a grade.

### **CH 498 Problems in Chemistry**

var-1-2sh

Prerequisite: Permission of chairperson

Course of independent study on selected problems, including lab work, library reading, and conferences with staff member. A minimum of 4 hours per week required per credit.

---

## GS 101 The Dynamic Earth

3c-0l-3sh

Prerequisite: No Geoscience majors/minors

Examines the constant changes that affect the rocky surface of our planet. From volcanic eruptions and catastrophic earthquakes to the slow drift of continents and passage of ice ages, earth processes have shaped the history of life and altered the development of human civilization.

## GS 102 The Dynamic Earth Lab

0c-2l-1sh

Prerequisite: No Geoscience majors/minors

Corequisite: Enrollment in GS 101

Introduces students to the techniques geologists use to study the earth and reconstruct its past. Labs cover minerals, rocks, map interpretation, fossil identification. Includes field trips during the scheduled lab period.

## GS 103 Oceans and Atmospheres

3c-0l-3sh

Prerequisite: No Geoscience majors/minors

The earth's oceans and atmosphere play a crucial role in determining the pace and extent of changes occurring to our global environment. This course will examine the composition and character of these components and their interaction with other major components of the earth system.

[Back to Top](#)

## GS 104 Oceans and Atmospheres Lab

0c-2l-1sh

Prerequisite: No Geoscience majors/minors

Corequisite: Enrollment in GS 103

Introduces students to the techniques oceanographers and meteorologists use to study the earth's oceans and atmospheres and reconstruct their evolution. Labs cover seawater processes, oceanic circulation, marine life, atmospheric structure, and weather.

## GS 105 Exploring the Universe

3c-0l-3sh

Prerequisite: No Geoscience majors/minors

Examines the history of time, the reasons for the seasons, the characteristics of the planets, moons, stars, and galaxies, and the history and future of space exploration.

### **GS 106 Exploring the Universe Lab**

0c-2l-1sh

Prerequisite: No Geoscience majors/minors

Corequisite: Enrollment in GS 105

Introduces students to the techniques astronomers use to study the celestial sphere. Constellations, seasons, motions of Sun, Moon, planets, and stars, characteristics of stars and galaxies. Includes two observations which will be held at night.

[Back to Top](#)

### **GS 111 Earth Science for Educators I**

3c-0l-3sh

Prerequisite: Natural Science/Science Education majors only

An in-depth treatment of introductory oceanography and geology designed specifically for Secondary Science Education majors. Focuses on fundamentals of the earth's physical processes and history and on the ocean's dynamics, chemistry, and tectonics.

### **GS 112 Earth Science for Educators I Lab**

0c-3l-1sh

Prerequisite: Natural Science/Science Education majors only

Corequisite: Enrollment in GS 111

Lab experiences in various aspects of oceanography and geology, designed to provide concepts and skills for future teaching to Secondary Education majors. Includes field trip(s).

### **GS 113 Earth Science for Educators II**

3c-0l-3sh

Prerequisite: Natural Science/Science Education majors only

An in-depth treatment of introductory meteorology and astronomy designed specifically for Secondary Science Education majors. Focuses on atmospheric processes and climate change and on the earth's place in the solar system and universe.

[Back to Top](#)

### **GS 114 Earth Science for Educators II Lab**

0c-3l-1sh

Prerequisite: Natural Science/Science Education majors only

Corequisite: Enrollment in GS 113

Use of the weather station and planetarium highlights a series of exercises designed to aid Secondary Science Education majors in developing concepts and laboratory skills for future teaching.

### **GS 121 Physical Geology**

3c-0l-3sh

Prerequisites: Geoscience majors/minors, any Science or Science Education majors/minors; Anthropology, Geography/Regional Planning majors, or permission of instructor

Introduction to the science of the earth, including physical properties of its interior and crust; its tectonic and surface processes; and the complex geologic interactions which shape and modify our planet. Designed to prepare students for upper-level geology classes.

## **GS 122 Physical Geology Laboratory**

0c-3l-1sh

Prerequisites: Geoscience majors/minors, any Science or Science Education majors/minors; Anthropology, Geography/Regional Planning majors, or permission of instructor

Corequisite: Enrollment in GS 121

Selected problems in rock and mineral identification, topographic and geologic mapping techniques, geologic landforms and deformation structures. Designed to prepare students for upper-level geology classes. Includes field trips.

[Back to Top](#)

## **GS 131 Historical Geology**

3c-0l-3sh

Prerequisites: Geoscience majors/minors, any Science or Science Education majors/minors; Anthropology, Geography/Regional Planning majors, or permission of instructor

Introduction to history of the earth, including the fossil record and the history of biologic evolution; the growth and tectonic interactions of oceans and continents; and the physical evolution of the earth's atmosphere, lithosphere, and hydrosphere. Designed to prepare students for upper-level geology classes.

## **GS 132 Historical Geology Laboratory**

0c-3l-1sh

Prerequisites: GS 121/122, Geoscience majors/minors, any Science or Science Education majors/minors; Anthropology, Geography/Regional Planning majors, or permission of instructor

Corequisite: Enrollment in GS 131

Selected problems in stratigraphic analysis, paleontology, and structural geology; designed to prepare students for upper-level geology classes. Includes field trips.

## **GS 141 Introduction to Ocean Science**

3c-0l-3sh

Introduction to physical, chemical, biological, and geological processes in oceanography and the interactions among them. Impact of exploitation of the oceans, coastal areas, marine, physical, and living resources on the environment and on humankind. Includes field trips which may involve a fee and may occur on weekends.

[Back to Top](#)

## **GS 150 Geology of National Parks**

3c-0l-3sh

A study of geological processes and earth history as documented by the classical geological features of U.S. and Canadian national parks. Includes Badlands, Glacier, Grand Canyon, Great Smokies, Gros Morne, Mammoth Cave, Yellowstone, Yosemite, and others. Not open to Geoscience majors or minors.

## **GS 151 The Age of Dinosaurs**

3c-0l-3sh

A thorough introduction to dinosaurs and the world they inhabited. Topics include the most current theories regarding dinosaurian biology (behavior, metabolism, evolution), ecology (greenhouse climate, associated plants and animals), and extinction (asteroid impact, volcanism, climate change). Not open to Geoscience majors and minors.

## **GS 221 Physical Resources of the Earth**

3c-0l-3sh

Introduction to mineral, energy, and water resources of the earth, genesis of ore depositions, exploration, exploitation, and utilization of resources; impact of exploitation of resources on the environment and on humankind. Includes field

trips which may occur on weekends.

[Back to Top](#)

### **GS 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **GS 310 Environmental Geology**

2c-3l-3sh

Prerequisite: 8sh in geology or permission

The application of geologic information to the accommodation and reduction of natural hazards, to land-use planning, and to the utilization of earth materials. Includes field trips which occur on weekends.

### **GS 321 Mineralogy**

2c-3l-3sh

Prerequisite: GS121 or CH111

Concerned with properties of minerals; introduction to crystallography and chemistry of crystals, followed by a determination of minerals and their probable genesis. Includes field trips which may occur on weekends.

[Back to Top](#)

### **GS 322 Igneous and Metamorphic Petrology**

2c-3l-3sh

Prerequisite: GS321

Concerned with a description of igneous and metamorphic rock character based upon mineral components and physical relationship between mineral components of a rock. Includes field trips which may occur on weekends.

### **GS 325 Structural Geology**

2c-3l-3sh

Prerequisites: GS131 and GS132/133 or permission of instructor

Study of primary structures, contacts, rock mechanics, joints, faults, folds, foliation, and lineation. Includes work with geologic maps and structure sections. Brunton compass, orthographic and stereographic projections. Includes field trips which may occur on weekends.

### **GS 326 Field Geology**

2c-3l-3sh

Prerequisite: GS325

Principles and techniques of field geology with emphasis on developing field skills using Brunton compass, aerial photographs, topographic maps, altimeter, Jacob staff, and rock color charts. Field projects involve techniques of field note-taking, measuring and describing stratigraphic sections, geologic field mapping and analysis, construction of geologic maps and structure sections, and report writing. Includes field trips which may occur on weekends.

[Back to Top](#)

### **GS 327 Geomorphology**

2c-3l-3sh

Prerequisites: GS121, GS131

A study of the origin of the earth's land forms, including relationship of geologic structure to landform types and role of geomorphic processes in landscape development.

### **GS 330 Paleontology**

2c-3l-3sh

Prerequisite: GS131 or permission of instructor

Study of the morphology, evolution, geologic significance, and paleoecology of fossil organisms. Includes field trips which may occur on weekends.

### **GS 331 Hydrogeology**

2c-3l-3sh

Prerequisites: MA121-122, GS121-122/123, or permission

An overview of groundwater geology, including flow equations, graphical solutions to flow problems, and computer modeling of flow systems, as well as the geotechnical and social implications of groundwater utilization. Includes field trips which occur on weekends.

[Back to Top](#)

### **GS 332 Geochemistry**

2c-3l-3sh

Prerequisite: CH111-112, GS121-122/123, or permission

Introduction to low-temperature chemistry of the earth's surface and near-surface; includes discussions of chemical activity, solution chemistry, organic geochemistry, trace elements, isotopes, and the chemistry of natural waters.

### **GS 336 Geology of the Northern Rockies**

var-3sh

Prerequisite: Permission of instructor

A field study of the major geologic features and relationships involved in the development of the northern Rocky Mountains. National Park and Monument areas of South Dakota, Wyoming, and Montana are included among the areas investigated. (three weeks, summer only)

### **GS 337 Geology of Newfoundland**

var-3sh

Prerequisite: Permission of the instructor

A field course designed to utilize the exceptional and diverse geologic features of Newfoundland for instruction of departmental majors and minors in tectonic analysis utilizing sedimentologic, stratigraphic, and paleontologic observations. (three weeks, summer only)

[Back to Top](#)

### **GS 338 Geology of the American Southwest**

var-3sh

Prerequisite: Permission of instructor

A field study of the major geologic features and relationships exposed in the American Southwest, including the Colorado Plateau, the Rio Grande Rift, Death Valley, and parts of the Southern Rocky Mountains. (3 weeks, summer only)

### **GS 341 Solar System**

2c-3l-3sh

Prerequisites: MA121 and PY111

Fundamentals of astronomy, with emphasis on observational methods, mechanics, and origin of the solar system and spatial relationship of the solar system to the other members of the universe.

### **GS 342 Stellar Astronomy**

2c-3l-3sh

Prerequisites: MA121 and PY111

Fundamentals of astronomy, with emphasis on sun, stars, galaxies, the sidereal universe, and use of spectroscopy for gathering astronomical data.

[Back to Top](#)

### **GS 350 Operation of the Planetarium**

var-1sh

Prerequisites: GS110, GS341, GS342, or permission of instructor

Designed to acquaint the student with methods of operation and repair of a Spitz A-3-P planetarium. Content includes topics suitable for lectures to various age groups. Student will write and present a demonstration program. Meets once a week with occasional evening observations.

### **GS 361 Physical Oceanography**

2c-3l-3sh

Prerequisites: PY111 and MA121 or permission of instructor

Introduction to physical, chemical, geological, and biological nature of ocean: topography, submarine geology, and bottom deposits. Includes field trip(s) which may occur on weekend(s).

### **GS 362 Plate Tectonics**

2c-3l-3sh

Prerequisites: PY111-112 and a minimum of 20sh of geology

Introduction to formal theory of plate tectonics. Topics include magnetic anomalies, first motion studies, thermal structures of the plates, kinematics, crustal generation, sea floor spreading, collision, and subduction deformation. Prior to 1988 was titled Marine Geology and Plate Tectonics.

[Back to Top](#)

### **GS 371 Meteorology I**

2c-3l-3sh

Prerequisite: One year of physical science or physics

Introduction to meteorological sciences; composition and structure of the atmosphere; radiation principles; elementary thermodynamics and heat balance.

### **GS 380 Research Techniques in Geoscience**

2c-0l-2sh

Prerequisite: Second-semester junior standing (75 credits or permission of instructor)

For students majoring in some aspect of geoscience. Teaches students the techniques of geoscience research: defining a project; doing background research; proposing multiple working hypotheses and collecting evidence pertaining to each. Students will then write up their research in both abstract and professional manuscript format. Cannot be taken subsequent to GS 480.

### **GS 411 Sedimentary Petrology**

2c-3l-3sh

Prerequisite: GS321 or permission of instructor

Study of sediments and sedimentary rocks with emphasis on interpreting ancient environments of deposition utilizing sieve analysis, hand lens, and petrographic microscope. Includes field trips which may occur on weekends.

[Back to Top](#)

### **GS 412 Stratigraphy**

2c-3l-3sh

Prerequisite: GS411 or permission of instructor

Principles and processes involved in development and description of stratified rock sequences, principles and problems of correlation, and selected stratigraphic problems. Includes field trips which may occur on weekends.

### **GS 440 Subsurface Geology**

2c-3l-3sh

Prerequisite: Minimum 20 credit hours of geology

An introduction to the geology of petroleum, its origin, migration, entrapment, and production. Lab is designed to provide practical experience in subsurface mapping techniques and the use and evaluation of geophysical logging devices. Includes field trips which may occur on weekends.

### **GS 480 Geoscience Seminar**

var-1sh

For seniors majoring in some aspect of geoscience. The seminar (1) provides the student with an opportunity to prepare, formally present, and defend a scientific paper based either on his/her own research or on a topic chosen with the approval of instructor and (2) provides opportunity to discuss topics presented by other students, faculty, or guests.

[Back to Top](#)

### **GS 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

It is the department's intention to use this course to schedule extended field trips and for teaching special courses which will utilize the specialties of the Geoscience faculty.

### **GS 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Independent study provides the student with an opportunity to use library, laboratory, or field research in an area which is of interest under the supervision of a designated faculty member. Approval is based on academic appropriateness and availability of resources.

### **GS 493 Geoscience Internship**

var-1-12sh

Summer or semester work experience with cooperating firms or agencies. May be scheduled only after consultation with adviser and chairperson. Requirements include up to three on-site consultations, depending on credit hours and locations site; completion of up to three oral progress reports; and submission of a detailed work diary. Restricted to junior and senior department majors; only three credits may be applied toward major.

## **PY 101 Energy and Our Environment**

3c-0l-3sh

An overview of the areas of energy, transportation, and pollution. These topics are approached via the relevant concepts of physical science and physics. A nonlaboratory course for Liberal Studies requirements.

## **PY 111 Physics I Lecture**

3c-0l-3sh

Prerequisites: Elementary algebra and trigonometry

General college physics; mechanics, wave motion, and sound.

## **PY 112 Physics II Lecture**

3c-0l-3sh

Prerequisite: PY111

Electricity and magnetism, heat, light, atomic and nuclear physics, and an elementary introduction to relativity and quantum theory.

[Back to Top](#)

## **PY 121 Physics I Lab**

0c-3l-1sh

Corequisite: PY111

Physics laboratory at level of Physics I; exercises in mechanics, wave motion, and sound.

## **PY 122 Physics II Lab**

0c-3l-1sh

Corequisite: PY112

Physics laboratory at level of Physics II; exercises in optics, electricity and magnetism, and radioactivity.

## **PY 131 Physics I-C Lecture**

3c-0l-3sh

Prerequisites: MA121, 123, or 127, at least concurrently

A calculus-based course in general college physics; topics covered are similar to those covered in Physics 111 but are treated in more depth through the use of calculus.

[Back to Top](#)

**PY 132 Physics II-C Lecture**

3c-0l-3sh

Prerequisites: MA122, 124, or 128, at least concurrently

Continuation of Physics I-C; topics covered are similar to those covered in Physics II but are treated in more depth through the use of the calculus.

**PY 141 Physics I-C Lab**

0c-3l-1sh

Corequisite: PY131

Physics laboratory at same level as Physics I-C; exercises in mechanics, wave motion, and sound.

**PY 142 Physics II-C Lab**

0c-3l-1sh

Corequisite: PY132

Physics laboratory at same level as Physics II-C; exercises in optics, electricity and magnetism, and radioactivity.

[Back to Top](#)

**PY 150 Computer Application to Physics Laboratories**

2c-2l-3sh

Covers applications of microcomputers to laboratory data acquisition, as well as interfacing design and construction.

**PY 151 Medical Physics Lecture**

3c-0l-3sh

Development of concepts and principles of physics with a strong emphasis as to their use and application in medical and other biophysical areas.

**PY 161 Medical Physics Lab**

0c-3l-1sh

Corequisite: PY151

Experiments dealing with applications of physical principles to the field of medicine. Practical experience with use of electronic equipment, chart recorders, etc., of type found in modern-day medicine will be introduced.

[Back to Top](#)

**PY 222 Mechanics I**

2c-0l-2sh

Prerequisites: PY111 or 131; MA122, 124, or 128

Dynamics of a particle in one, two, and three dimensions, central forces including planetary and satellite motion, energy in particle dynamics, statics, and systems of particles.

**PY 223 Mechanics II**

2c-0l-2sh

Prerequisites: PY222, MA241

Mechanics of a rigid body, constraints, oscillations, wave motion, introduction to Lagrangian and Hamiltonian formulation and relativistic mechanics.

### **PY 231 Electronics**

3c-3l-4sh

Prerequisites: PY112 or 132; MA122, 124, or 128

Circuit theory, transients, transistor circuits, frequency response, input and output impedance, feedback and electronic noise. Operational amplifiers and digital electronics.

[Back to Top](#)

### **PY 242 Optics**

3c-0l-3sh

Prerequisites: PY112 or 132; MA122, 124, or 128

Geometrical optics and physical optics; including interference, diffraction, and polarization. Quantum optics is introduced.

### **PY 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **PY 299 Cooperative Education I**

var-1-3sh

Prerequisites: PY 132; completion of 30 credits with a minimum of 2.0 GPA and approval of the cooperative education coordinator

This program blends classroom theory with practical application through job-related experience. Students will work in positions offered by the participating industrial or federal/state work-study program employers under joint supervision of the Physics faculty and the on-site supervisor. A co-op student must be a full-time university student in good academic standing and be planning to return to campus for completion of his/her degree program. Evaluation requirements may include on-site visitations by the faculty/coordinator, consultation with the on-site supervisor, and a major progress report by the student or the presentation of a detailed oral report before the departmental cooperative education committee.

[Back to Top](#)

### **PY 322 Electricity and Magnetism I**

2c-0l-2sh

Prerequisite: PY222

Electrostatic potential theory, dielectrics, dipole theory, magnetostatics, Maxwell equations for static fields, and Legendre's polynomials and other approximation methods.

### **PY 323 Electricity and Magnetism II**

2c-0l-2sh

Prerequisite: PY322

Time-dependent form of Maxwell equations, electromagnetic induction, vector potential, magnetism, radiation fields, and Poynting vector.

### **PY 331 Modern Physics**

3c-0l-3sh

Prerequisites: PY112 or 132; MA122, 124, or 128

Introduction to particle and wave properties of matter, atomic structure, relativity, solid state and nuclear physics.

[Back to Top](#)

### **PY 342 Thermal and Statistical Physics**

3c-0l-3sh

Prerequisites: PY112 or 132; MA122, 124, or 128

Thermometry, laws of thermodynamics, low-temperature physics, entropy, properties of ideal gas, and an introduction to statistical mechanics.

### **PY 350 Intermediate Experimental Physics I**

0c-6l-3sh

Prerequisites: PY242 and 331

Required fundamental experiments in areas of mechanics, optics, modern physics, and heat.

### **PY 351 Intermediate Experimental Physics II**

0c-6l-3sh

Prerequisite: PY350

Increasingly sophisticated experiments in essential areas of physics. Digital computers and the Van de Graaff are available.

[Back to Top](#)

### **PY 352 Applied Physics Laboratory**

0c-6l-3sh

Prerequisites: PY 231, PY 150, or permission of instructor

In this laboratory the student is introduced to much of the fundamental equipment used in industry. The student is trained in the operation and proper use of this equipment through a series of experiments that teach him/her signal detection and analysis including data acquisition by computer. The student will receive instruction on the proper methods to be used for various oral and written presentations.

### **PY 353 Solid State Electronics Laboratory**

0c-6l-3sh

Prerequisite: PY352 or permission of instructor

In this laboratory the student will encounter a number of areas of current interest in semiconductor technology. The student will perform experiments and learn skills in such areas as device process simulation, device simulation, measurements of semiconductor materials, and measurement of device parameters. The student will also be instructed in the proper presentation of written and oral reports.

### **PY 399 Cooperative Education II**

var-1-3sh

Prerequisites: PY 299; PY 350; completion of 80 credits with a minimum of 2.5 GPA and approval of the cooperative education coordinator

A second course in cooperative education. Includes instruction that builds upon learning experiences in college by combining and correlating them with learning experiences at the training station to meet the student's career goals. Evaluation requirements may include on-site visitations by the faculty/coordinator, consultation with the on-site supervisor, and a major progress report by the student or the presentation of a detailed oral report before the departmental cooperative education committee. No more than three semester hours of PY 299, PY 399, and/or PY 493 may be used in fulfilling physics major course requirements.

[Back to Top](#)

### **PY 432 Advanced Electronics**

2c-3l-3sh

Prerequisite: PY231

Digital measurement, switching circuits, logic circuits, counting, coding, input and output, AD and DA converters, computer organization.

### **PY 472 Nuclear Physics**

3c-0l-3sh

Prerequisite: PY331

Survey of nuclear physics, nuclear size, nuclear mass, reaction theory, types of radioactive decay, nuclear models, nuclear forces, and elementary particles.

### **PY 473 Quantum Mechanics I**

4c-0l-4sh

Prerequisites: PY222 and 331

Quantum mechanics following methods of Schrodinger and Heisenberg; the theory is applied to properties of harmonic oscillator, hydrogen atom, electron in a magnetic field, and radioactive decay of alpha particles.

[Back to Top](#)

### **PY 475 Physics of Semiconductor Devices I**

3c-0l-3sh

Prerequisites: PY231, PY242, PY342, or permission of instructor

Develops the basic foundation for a study of the theory of semiconductors. Elementary quantum concepts, the band theory of solids, electrical properties of solids, effective mass theory, and principles of semiconductor devices are discussed.

### **PY 476 Physics of Semiconductor Devices II**

3c-0l-3sh

Prerequisite: PY 475 or permission of instructor

Discusses the physics and operation of a number of discrete devices including: bipolar transistors, MOSFETS, JFETS, CCDs, various diode technologies, photovoltaic and photoconductive devices, solid-state lasers, and light-emitting diodes.

### **PY 480 Seminar**

var-1sh

Speakers from within and outside the university conduct a seminar on a weekly or biweekly basis on different topics of interest in the physics community.

[Back to Top](#)

### **PY 481 Special Topics in Physics**

var-1-3sh

Prerequisite: As appropriate to course content

Varies from semester to semester and covers diverse topics in specific areas of physics. This course number is also used to offer courses under development.

### **PY 482 Independent Study in Physics**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in

conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources. Work is supervised by a physics faculty member but does not necessarily involve regular lecture or laboratory hours.

### **PY 490 Solid State Physics**

3c-0l-3sh

Prerequisites: PY223 and 331

Reciprocal lattice, crystal structure, the quantization of fields to produce quasi-particles such as phonons, magnons, excitons. Fermi gas of electrons, energy bands, semiconductor crystals, and photoconductivity.

[Back to Top](#)

### **PY 493 Internship in Physics**

var-1-3sh

Prerequisites: PY 350; completion of 90 credits with a minimum of 2.5 GPA and approval of the internship education coordinator

Supervised professional work-experience in physics and applied physics. Location, duties, internship, and hours are individually tailored to the student's career goals. A maximum of 3sh of internship in the student's major may be applied toward the physics major area elective requirements. Additional internship credit must be used as free electives. Evaluation requirements include on-site visitations by the faculty/coordinator, consultation with the on-site supervisor, and a major progress report by the student or the presentation of a detailed oral report before the departmental internship education committee.

# Science

## College of Natural Sciences and Mathematics

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[SC101](#) [SC102](#) [SC103](#) [SC104](#) [SC105](#) [SC106](#) [SC281](#) [SC481](#) [SC482](#)

### SC 101 Fundamentals of Physics

2c-2l-2.5sh

Prerequisite: Elementary Education major or instructor permission

A conceptual course in physics for Elementary Education majors. High school physics is not a prerequisite. Class and lab presentations concentrate upon dispelling naive concepts and developing a better understanding and appreciation of the physical world. The topics of motion, heat, light, sound, electricity, magnetism, and the nucleus are presented in context with our everyday experiences. This course does not fulfill the Liberal Studies requirement except for majors in Elementary and Early Childhood Education.

### SC 102 Fundamentals of Chemistry

2c-2l-2.5sh

Prerequisite: Elementary Education major or instructor permission

A survey of chemical principles and concepts. The nature of chemical reactions as applied to technology and its applications to society. The world of consumer chemistry will be explored. The goal is to develop a chemical literacy for the student. A series of laboratory exercises develops concept understanding and process skills. Some individual and group projects will be included. This course does not fulfill the Liberal Studies requirement except for majors in Elementary and Early Childhood Education.

### SC 103 Fundamentals of Earth and Space Science

2c-2l-2.5sh

Prerequisites: SC101, SC102

Introduction to geology, astronomy, oceanography, and meteorology for Elementary Education majors. Emphasis is placed on the understanding of large-scale processes and how the earth, solar system, and universe work. Lab experiences include hands-on work with earth materials and with instruments from all of our subjects, map, and field trips which may occur during class times, nights, and weekends. This class does not fulfill the Liberal Studies requirement except for majors in Elementary and Early Childhood Education.

[Back to Top](#)

### SC 104 Fundamentals of Environmental Biology

2c-2l-2.5sh

Prerequisites: SC101, SC102

A basic introduction to the major concepts and principles of ecology and their application to modern living for majors in Elementary and Early Childhood Education.

### SC 105 Physical Science I

3c-2l-4sh

A descriptive and conceptual course in physics for the non-Science major. High school physics is not a prerequisite. Course content is designed to develop an understanding and appreciation of the physical world around us, to produce changes in attitude and background essential for our modern society, and to clarify the following topics: motion, heat, sound, light, electricity, magnetism, and the structure of matter.

## **SC 106 Physical Science II**

3c-2l-4sh

A basic course in environmental and consumer chemistry for the non-Science major. High school chemistry is not a prerequisite. Major topics include humankind's use and abuse of soil, water, air and energy resources, global food production and hunger, the nuclear industry, and the threat of nuclear war. Consumer topics include vitamins and nutrition, food additives, pesticides, and drugs.

[Back to Top](#)

## **SC 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **SC 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **SC 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[AN480](#) [AN481](#) [AN482](#) [AN483](#) [AN493](#)

## **AN 110 Contemporary Anthropology**

3c-0l-3sh

An introduction to the nature of anthropological inquiry. By using the anthropological perspective, current relevant topics will be discussed. Topics could include but are not limited to changing myths and rituals, legal anthropology, cross-cultural aspects of aging, gender roles, evolutionism and creationism, cultural extinction, and world hunger.

## **AN 211 Cultural Anthropology**

3c-0l-3sh

Explores the nature of culture as a human survival technique. Provides a framework for appreciation and understanding of cultural differences and similarities in human societies, past and present.

## **AN 213 World Archaeology**

3c-0l-3sh

Survey of the prehistory of Western and non-Western cultures with emphasis on the development of technology and on the evolution of adaptive strategies with particular attention to the origins of agriculture. This course exposes the students to the diversity of past cultural systems and to the methodological and theoretical questions of concern to archaeologists.

[Back to Top](#)

## **AN 222 Biological Anthropology**

3c-0l-3sh

Introduction to the goals and techniques of biological anthropology with emphasis on primatology, paleoanthropology, genetics, and osteology. Provides a basis for evaluating the role of biology in human behavior.

## **AN 233 Language and Culture**

3c-0l-3sh

Focuses on social and cultural functions of language. Particular emphasis given to problems in anthropology with respect to non-Western languages.

## **AN 244 Basic Archaeology**

3c-0l-3sh

Introduction to the goals and methods of anthropological archaeology with particular attention to the analysis of

cultural chronology, past lifeways, and cultural process. Provides laboratory experience with artifacts and other archaeological data.

[Back to Top](#)

### **AN 271 Cultural Area Studies: Africa**

3c-0l-3sh

Explores the cultural diversity of the continent of Africa. The first unit examines the historical processes which shape modern society, including the formation of indigenous African empires, the evidence for trade routes, slave trading, and colonialism. The second unit examines the nature of African traditional societies, including analyses of forager and agricultural groups. The last unit covers issues of contemporary development in Africa such as famine and agricultural policy, the status of women in economic development, and apartheid. Reading includes ethnographic and historical accounts of African society as well as selections by African writers on the issues of contemporary society. (Also offered as SO271; may not be taken for duplicate credit.)

### **AN 272 Cultural Area Studies: China**

3c-0l-3sh

Designed to assist the student in developing an understanding of contemporary China. While the course will begin with prehistoric and historic aspects of China, the focus will be on contemporary issues presented in the context of anthropological theory. Specific Chinese cultural components that will be investigated include values, attitudes, norms, social organization, linguistics, and folklore. (Also offered as SO272; may not be taken for duplicate credit.)

### **AN 273 Cultural Area Studies: Southeast Asia**

3c-0l-3sh

An introduction to the peoples and cultures of Southeast (SE) Asia. Prehistory and the development of indigenous states in SE Asia and analysis of impact of world religions, such as Islam, and Western colonialism. Also examines modern hunter-gatherer and farming societies and discusses contemporary issues in social and economic change, including the Green Revolution, tropical deforestation, the struggle of ethnic minority tribal peoples, and the plight of Indochinese refugees. (Also offered as SO273; may not be taken for duplicate credit.)

[Back to Top](#)

### **AN 274 Cultural Area Studies: Latin America**

3c-0l-3sh

An introduction to the peoples and cultures of Latin America. Focuses on the prehistory and development of pre-Columbian complex societies in Mesoamerica and the Andes and analyzes the impact of European colonialism on these major regions. Also examines contemporary issues, such as civil wars, economic development, rural-urban migrations, and migration and immigration of Latin American peoples into the United States. (Also offered as SO274; may not be taken for duplicate credit.)

### **AN 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **AN 286 Marriage, Kinship, and the Family**

3c-0l-3sh

Sociological and anthropological study of patterns of marriage, kinship, and family life, with emphasis on the relationship between family patterns and other social institutions. Topics covered include the family and marriage in

historical and comparative perspective; worldwide patterns of gender stratification; incest and incest avoidance; class and race contexts of family patterns; mate selection and love; parenthood and child rearing; domestic and sexual violence; alternative family lifestyles; and the current crisis and possible future of the family. Intended for a broad audience but also open to sociology and anthropology majors and minors. (Also offered as SO286; may not be taken for duplicate credit.)

[Back to Top](#)

### **AN 312 World Ethnography**

3c-0l-3sh

Detailed study of specific preliterate cultures. Emphasis given to questions of cultural integration.

### **AN 314 Native Americans**

3c-0l-3sh

Survey of culture history and culture area characteristics of the Indians of North America. Detailed study of representative groups related to historical, functional, and ecological concepts.

### **AN 315 North American Archaeology**

3c-0l-3sh

Prerequisite: AN110 or AN244 or permission of the instructor

Survey of North American prehistory with emphasis on cultural ecology and technology. Attention is given to all geographic areas north of Mexico, but the focus is on the Eastern Woodlands.

[Back to Top](#)

### **AN 316 Anthropology of Religion**

3c-0l-3sh

Prerequisite: AN110 or AN211

Explores nature, function, and universal characteristics of religion in human society by utilizing cross-cultural approach. Theories concerning religious phenomena serve as topics for discussion.

### **AN 317 Archaeology Research Design and Analysis**

3c-0l-3sh

Prerequisite: AN244 or permission of the instructor

Introduction to theory and method in archaeological research through lecture, laboratory exercises, and individual projects. Provides students with actual experience analyzing and interpreting archaeological data sets.

### **AN 318 Museum Methods**

3c-0l-3sh

Prerequisite: AN110 or AN211 or AN244

Lecture and laboratory course surveying the role of museums as social and educational institutions, types of museums, museum administration, and museum architecture. Procedures for collection, curation, preservation, and storage of anthropological and natural history specimens examined.

[Back to Top](#)

### **AN 320 Archaeological Field School**

var-6sh

Prerequisite: AN110, AN244, or permission of instructor

Introduction to archaeological survey, field excavation, and laboratory processing. Field school students participate in one or more of the on-going research projects of the IUP Archaeology Program.

### **AN 340 Anthropology of Aging**

3c-01-3sh

Introduces the student to various experiences faced by elderly people in numerous world's societies. Explores the impact of such factors as ethnicity, nationality, race, and class and the processes of cultural change on the lives of people growing old. Comparative, cross-cultural perspectives will be stressed.

### **AN 350 Anthropology of Women**

3c-01-3sh

Designed for any student with an interest in the lives of women around the world, regardless of whether or not he or she has a strong background in anthropology. Examines the social roles, rights, and responsibilities of women cross-culturally, viewing both women's productive (economic) functions as well as reproductive functions. Reading describes the position of women in technologically simple societies and addresses the comparative position of women in the industrialized socialist and capitalist countries. The central theme of the course is an examination of how the position of women has changed in the twentieth century.

[Back to Top](#)

### **AN 360 Applied Anthropology**

3c-01-3sh

Applied anthropology focuses on the anthropologist as an agent of social change and bridges the gap between theories of cultural behavior and the policies which affect contemporary cultures. Examines the historical role of anthropologists in early public administration and then examines at length the work of contemporary applied anthropologists in programs of international economic development (health, agriculture, and education), in domestic human service planning and delivery, in cultural resource preservation, and in their role as advocates for unempowered minorities.

### **AN 365 Native North American Religions**

3c-01-3sh

An introduction to the indigenous religions of North America and to the peoples who practice these rich and varied approaches to the sacred. This course not only examines major religious themes and dimensions (myth, ritual, ethics, etc.) but includes a historical perspective on North American Indian lifeways. This perspective involves discussion of the clash with Euro-American values and contemporary native religious responses to social crisis and change. (Also offered as RS365; may not be taken for duplicate credit)

### **AN 401 Social and Cultural Change**

3c-01-3sh

Prerequisite: AN110 or SO151

Exploration of current theoretical perspectives on social and cultural change. Special attention given to planned change at the local or regional level.

### **AN 415 Cultural Resource Management**

3c-01-3sh

Prerequisites: AN244 or consent of the instructor

Provides an understanding of how cultural resources are being preserved and managed under current American laws and regulations with particular emphasis on historic properties, such as historic buildings and archaeological sites. Case studies and field trips are incorporated so that students gain a thorough understanding of key problems and issues in historic preservation and cultural resource management.

[Back to Top](#)

### **AN 420 Cultural Ecology**

3c-01-3sh

Prerequisites: AN110 or AN211

Introduces the student to the field of ecological anthropology by exploring the concept of the ecosystem in relationship to varying human adaptive strategies. Illustrates the importance of understanding man-environment interactions both in studying the developing world and in investigating the past.

### **AN 444 Medical Anthropology**

3c-01-3sh

Prerequisites: 9 credits in anthropology or permission

Focuses on the study of human confrontation with disease and illness and on the adaptive arrangements made by various human groups for dealing with these dangers. Health and disease are viewed from a broad array of micro and macro perspectives, e.g., evolutionary, ecological, and psychosocial. Designed for nursing and social work students as well as social and biological sciences students.

### **AN 456 Field Research Methods**

3c-01-3sh

Prerequisite: 9 credits in anthropology

Examination of methods and practice of sociology and anthropology in the areas of qualitative and quantitative methods. Concentrates upon the development of field notes, interviewing techniques, participant observation, etc. Qualitative methods of sampling and analysis will include theoretical sampling and analytic induction. Brief background research into community, organizational, and group structure will also be emphasized.

[Back to Top](#)

### **AN 480 Anthropology Seminar**

var-1-3sh

Prerequisite: 9 credits in anthropology or permission

A seminar approach to the integration of the fields of anthropology. Designed to assist the advanced student in understanding the nature of anthropology, the major theoretical issues, and the history of intellectual development.

### **AN 481 Special Topics in Anthropology**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **AN 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **AN 483 Readings in Anthropology**

var-1-3sh

Directed readings on special topics in anthropology. Instructor guides selection of readings.

## **AN 493 Internship in Anthropology**

var-3-12sh

Prerequisite: Permission of the instructor

The course is designed to offer students practical experience in any of the specialized fields of anthropology (physical, social-cultural, archaeology, or linguistics). Each student develops objectives in consultation with a particular departmental faculty member who is supervising the internship. Detailed field notes and a major paper based on the experience are required.

# Criminology

Department of Criminology  
College of Humanities and Social Sciences

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[CR101](#) [CR102](#) [CR210](#) [CR260](#) [CR270](#) [CR281](#) [CR283](#) [CR291](#) [CR295](#) [CR300](#) [CR306](#) [CR355](#) [CR357](#) [CR361](#) [CR362](#) [CR370](#) [CR371](#) [CR383](#) [CR386](#) [CR388](#) [CR390](#) [CR391](#) [CR400](#) [CR401](#) [CR416](#) [CR451](#) [CR470](#) [CR480](#) [CR481](#) [CR482](#) [CR491](#) [CR493](#)

## **CR 101 Crime and Justice Systems**

3c-0l-3sh

This course introduces the field of criminology through the examination of historical data, statistical information, theories of criminal causation, social control of behavior, development of laws, evaluation of criminal justice system policies, procedures, and trends. Students will learn the terminology of the field, gain an awareness of the methods of inquiry utilized in the field, and have the opportunity to examine personal attitudes and values regarding crime and responses to crime.

## **CR 102 Survey of Criminology**

3c-0l-3sh

The purpose of this course is to provide an understanding of the discipline of criminology through an examination of its theories, basic assumptions, and definitions.

## **CR 210 Criminal Law**

3c-0l-3sh

A study of the history and sources of criminal law coupled with an analysis of the substantive elements of specific crimes.

[Back to Top](#)

## **CR 260 Criminal Procedure and Admissibility of Evidence**

3c-0l-3sh

Law of arrest, search, and seizure, with discussion of important case law. Analysis of safeguards established for protection of individual liberties.

## **CR 270 Juvenile Justice System**

3c-0l-3sh

A study of the agencies and processes dealing with juvenile justice in the United States.

## **CR 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the

established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **CR 283 Police Patrol Administration**

3c-01-3sh

The study of the role and characteristics of the police patrol function. Special emphasis is given to understanding how patrol relates to other police functions and its effect on crime.

### **CR 291 Theory and Techniques of Interviewing**

3c-01-3sh

Consideration of the theory, nature, methods, and principles of interviewing.

### **CR 295 Criminal Investigation**

3c-01-3sh

The study of logical and scientific principles necessary for the detection and investigation analysis of criminal activities. Theories of information, interrogation, observation and interrogation, and observation and ethics are among the topics to be discussed.

[Back to Top](#)

### **CR 300 Theory of Complex Criminal Justice Organizations**

3c-01-3sh

Prerequisite: CR102 or permission of instructor

Study of the evolution and theories of organizational alternatives and their application to the administration of justice.

### **CR 306 Criminological Research Methods**

3c-01-3sh

Prerequisite: CR102 or permission of instructor

An introduction to the basic criminological research methods designed to prepare the student to understand and participate in quantitative and qualitative research.

### **CR 355 Crime in the Workplace**

3c-01-3sh

Study of the theoretical and legal basis of crime in the workplace.

### **CR 357 Law, Social Control, and Society**

3c-01-3sh

The evolution and development of the modern legal system. Topics include civil, criminal, and administration law, the legal profession, legal systems in American society, and the law as one of many instruments of social control and social change.

[Back to Top](#)

### **CR 361 Juvenile Law**

3c-01-3sh

An analysis of pertinent juvenile law and procedure involving case study methods.

### **CR 362 Correctional Law**

3c-01-3sh

Study and theory of principles of law relating to rights of the convicted, postcorrection procedures, and correctional management.

### **CR 370 Correctional Institutions**

3c-01-3sh

An examination of the organization and function of correctional institutions. Emphasis is placed on various social processes and problems associated with incarceration.

[Back to Top](#)

### **CR 371 Community-Based Corrections**

3c-01-3sh

A survey of noninstitutional programs, focusing on alternatives to incarceration in community settings. Programs reviewed include prerelease, probation, parole, halfway houses, and restitution-based programs.

### **CR 383 Police Administration**

3c-01-3sh

A study of police management, structure, and operations and their roles in the quality of services delivered. The relationship between police administration and its social environment will be examined.

### **CR 386 Correctional Administration**

3c-01-3sh

A study of correctional management, structures, and operations and their roles in the quality of services delivered. The relationship between correctional administration and its social environment.

[Back to Top](#)

### **CR 388 Court Administration**

3c-01-3sh

A study of court responsibility within the criminal and civil justice systems; jurisdictions, policies, and management procedures in court administration.

### **CR 390 Women and Crime**

3c-01-3sh

A study of the nature and extent of women's crime, theories of female criminality, processing of women offenders through the criminal justice system, the response of police and court officials to women as victims of crime, and opportunities for women as employees in criminal justice agencies.

### **CR 391 Substance Use and Abuse in Criminal Justice**

3c-01-3sh

Study of substance use and abuse confronting American society. Alcohol and drug use and abuse education, philosophy, physiological effects, and social aspects will be examined in terms of control measures and public safety.

[Back to Top](#)

### **CR 400 Theoretical Criminology**

3c-01-3sh

A review and critical analysis of the major criminological theories beginning with the Classical School; psychological, sociological, economic, biological, and political theories of crime and its causes will be included.

### **CR 401 Contemporary Issues in Criminology**

3c-01-3sh

Examination of the nature and extent of crime in modern Western society. Emphasis will be placed on issues selected from, but not limited to, emerging patterns of violence, organized crime, white collar crime, victimless crime, corruption, and those crime control strategies deemed appropriate in a democracy.

### **CR 416 Criminal Justice Personnel and Supervision**

3c-01-3sh

Study of public personnel systems with specific application to criminal justice agencies. The role and function of supervision as a concept of a comprehensive personnel system as well as the relationship between agency personnel and the impact on crime will be examined.

[Back to Top](#)

### **CR 451 Etiology of Delinquent Behavior**

3c-01-3sh

An analysis of the prevalent theories of delinquency causation with a view toward developing prevention, control, and treatment approaches.

### **CR 470 Comparative Study of Justice**

3c-01-3sh

Comparison of American systems of administration of justice with those of other nations.

### **CR 480 Seminar in Criminology - The Administration of Justice**

3c-01-3sh

A study of selected topics in criminology - the administration of justice. May be taken more than once for a maximum of 6 semester hours. Not for credit after prior CR480: Seminar in the Administration of Justice.

[Back to Top](#)

### **CR 481 Special Topics in Criminology**

var-1-3sh

Prerequisite: Department consent

A seminar providing study of selected topics not emphasized in other courses. May be taken more than once to a maximum 6 semester hours.

### **CR 482 Independent Study in Criminology**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **CR 491 Individual and Group Treatment Modalities**

3c-01-3sh

A study of the therapeutic techniques, process, and application used in various criminal justice environments.

[Back to Top](#)

### **CR 493 Internship**

var-3-12sh

A structured field placement designed to broaden the student's educational experience through observation and participation in work assignments in government or private sectors. Six semester hours of credit can be applied to the major requirements.

**EC 101 Basic Economics**

3c-0l-3sh

Scarcity, role of prices in determining production and the allocation of resources, business cycle analysis, policy options for reducing unemployment and inflation, economic role of government, international trade, and selected current economic problems are studied. For those who do not plan to take more than 3 semester hours of economics.

Note: May not be taken after successful completion of or concurrent registration in any other Economics course.

**EC 121 Principles of Economics I**

3c-0l-3sh

Nature and methodology of economics; mixed capitalism and market economy; national income; employment theory, including economics of fiscal policy; money, banking, and Federal Reserve System; international trade and finance.

**EC 122 Principles of Economics II**

3c-0l-3sh

Economics of the firm; theory of consumer demand; determination of price and output in different market structures; distribution of income; economic growth.

[Back to Top](#)

**EC 241 Contemporary Economic Issues**

3c-0l-3sh

Prerequisites: EC101 or EC122

A rigorous but nontechnical analysis of a variety of economic problems and a formulation and evaluation of possible corrective policies.

**EC 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **EC 283 Environmental Economics**

3c-01-3sh

Prerequisites: EC101 or EC122

Examination of economic costs and benefits of environmental control and modification. Techniques of economic analysis are used to understand economic aspects of environmental problems and contribute toward their solution.

[Back to Top](#)

### **EC 325 Monetary Economics I**

3c-01-3sh

Prerequisites: EC121, EC122

Organization, operation, and economic significance of U.S. monetary institutions; commercial banks and Federal Reserve System; survey of monetary theory and policy; mechanism of international payments.

### **EC 326 Monetary Economics II**

3c-01-3sh

Prerequisite: EC325 or permission of the instructor

Detailed study of monetary theory; tasks of central banking; principal objectives of monetary policy; intensive study of recent monetary experience; complementary and competing aims of monetary and fiscal policy.

### **EC 330 Labor Economics**

3c-01-3sh

Prerequisites: EC121, EC122

History, structure, and operation of trade unions and employer organizations; major federal labor legislation; collective bargaining theory; wage determination; current labor problems.

[Back to Top](#)

### **EC 331 Economic Organization of Industry**

3c-01-3sh

Prerequisite: EC122 or permission of the instructor

Social effectiveness of industries analyzed through measures of market structure, market conduct, and market performance.

### **EC 332 Government and Business**

3c-01-3sh

Prerequisite: EC122 or permission of the instructor

An analysis of the antitrust laws focusing on the maintenance of competition, the prohibition of unfair business conduct, and the achievement of desirable economic performance.

### **EC 333 Regulation of Industry**

3c-01-3sh

Prerequisites: EC121, EC122 or permission of the instructor

Examines the theory and practice of regulation, emphasizing effects of regulation on economic performance and efficiency in the U.S.

[Back to Top](#)

### **EC 334 Economics of Corporate Decisions**

3c-01-3sh

Prerequisites: EC121, EC122, MA121 or equivalent

Applications of economic theory using algebra, elementary statistics, and calculus to solve business optimization problems including problems of forecasting and risk.

### **EC 335 Public Finance**

3c-01-3sh

Prerequisites: EC121, EC122 or permission of the instructor

Taxation and expenditure theory at the federal level; federal budget and debt considerations; public sector impact upon economy.

### **EC 336 State and Local Finance**

3c-01-3sh

Prerequisite: EC122 or permission of the instructor

Analysis of character and impact of state and local government revenue sources, expenditures, and fiscal systems; intergovernmental fiscal relations.

[Back to Top](#)

### **EC 339 Economic Development I**

3c-01-3sh

Prerequisites: EC121, EC122

Theory of growth; theory of economic development of underdeveloped countries.

### **EC 343 History of the Economic Development of the United States**

3c-01-3sh

Prerequisites: EC101 or EC121 or EC122

Applications of economic theory and models of economic development to the main patterns of U.S. postrevolutionary growth; emphasizes the history of economic development as a laboratory for testing economic hypotheses.

### **EC 345 International Economics I**

3c-01-3sh

Prerequisites: EC121 and EC122 or permission of the instructor

Theory of international trade; analysis of balance of payments; international economic equilibrium; mechanism of international economic and monetary adjustments.

[Back to Top](#)

### **EC 346 International Economics II**

3c-01-3sh

Prerequisite: EC345 or permission of the instructor

Application of theory of international trade to empirical data and problems; historical survey and examination of current problems of international trade; the institutional setting of international trade.

### **EC 350 Comparative Economic Systems**

3c-01-3sh

Prerequisites: EC101 or EC121 or EC122

Evaluation of premises, practices, institutions, and performance of capitalist, socialist, and mixed economies using economic theory and measurement.

### **EC 351 Russian Economic Development**

3c-0l-3sh

Prerequisites: EC101 or EC121 or EC122

Study of the theory, institutions, and performance of the Russian economy including comparison of present and past patterns of economic development.

[Back to Top](#)

### **EC 355 Statistics for Economists**

3c-0l-3sh

Introduction to economic statistics, including frequency distributions, probability, distributions of random variables, functions of random variables, and tests of economic hypotheses.

### **EC 356 Introduction to Econometrics**

3c-0l-3sh

Prerequisites: EC355 or its equivalent or permission of the instructor

Introduction to econometrics, including linear normal regression models of two or more random variables, special econometric problems, and solutions of simultaneous equations.

### **EC 360 Economics of Health Services**

3c-0l-3sh

Analysis of the allocation of resources in the health sector using demand and supply techniques. Pricing and output decisions by physicians, hospitals, and other health agencies will be considered along with other current policy issues.

[Back to Top](#)

### **EC 371 Economics of Labor Legislation**

3c-0l-3sh

Prerequisite: EC330 or permission of the instructor

Economic background and effects of governmental regulation of labor relations, with emphasis on a detailed examination of National Labor Relations Act as amended.

### **EC 372 Economics of Wages and Employment**

3c-0l-3sh

Prerequisite: EC330 or permission of the instructor

Analysis of wages and employment under various market structures. Also, analysis of the impact of labor market forces on wages, prices, and distributive shares.

### **EC 373 Economics of Human Resources**

3c-0l-3sh

Prerequisite: EC101 or EC122

Inquiry into economic demographics and related factors affecting growth, structure, and distribution of an economy's labor force into different occupations.

[Back to Top](#)

### **EC 383 Urban/Regional Economics**

3c-0l-3sh

Prerequisites: EC121 and EC122

Location theory, land use patterns, urban economic/regional growth change, and urban economic problems and policies.

### **EC 421 Macroeconomic Analysis**

3c-0l-3sh

Prerequisites: EC121, EC122 or permission of the instructor

Emphasizes aggregate income levels and problems of unemployment, inflation, and growth. Covers consumption and investment theories and the role of fiscal and monetary policy.

### **EC 422 Microeconomic Analysis**

3c-0l-3sh

Prerequisites: EC121, EC122, MA121 or equivalent

Consumer behavior, theory of the firm, theory of exchange, market structures, distribution, general equilibrium theory, welfare economics.

[Back to Top](#)

### **EC 480 Seminar**

3c-0l-3sh

Prerequisite: Permission of the instructor

Seminar in selected economic issues or problems.

### **EC 481 Special Topics**

var-1-3sh

Prerequisite: Permission of the instructor

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **EC 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **EC 493 Internship in Economics**

var-2-12sh

Prerequisite: A student must be an economics major who has completed at least 12 semester hours in economics and who has at least a 2.5 grade-point average in the major and in all coursework.

The course provides on-the-job experience in economics positions with private and governmental employers. The student is also required to complete related academic work in the form of papers and selected readings. Number of credits earned will depend upon the nature of the job and amount of time involved in internship. A maximum of six of the credits earned in this course may be counted toward the 30 semester hours in economics requirement for Economics majors.

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

# Geography

**Department of Geography and Regional Planning  
College of Humanities and Social Sciences**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

## **GE 101 Introduction to Geography: Human Environment**

3c-0l-3sh

Throughout history, human life and society have been shaped by the physical environment. Today, human activity threatens that environment. The relationship between humans and environment is examined in the context of the surface processes of weather, climate, plate tectonics, population distribution, and soil formation. Topics include agriculture, acid rain, global warming, deforestation, desertification, erosion, volcanism, and pollution.

## **GE 102 Geography of United States and Canada**

3c-0l-3sh

The cultural landscape of North America is studied. The relationship between man and environment is examined and spatial patterns of environment, economy, society, and politics are considered.

## **GE 104 Geography of the Non-Western World**

3c-0l-3sh

Relates theories of the discipline of geography to problems in the developing world. Emphasizes geographic components of dependency theory, indigenous versus industrial strategies of resource management; world systems theory, spatial legacies of colonialism; and development economics, theories of migration, and urban structure to explore causes, characteristics, and consequences of underdevelopment.

[Back to Top](#)

## **GE 213 Cartography I**

3c-0l-3sh

Introduces students to principles of thematic map construction. Emphasis is on the techniques of choropleth mapping and the production of scientific graphs and charts. (Also offered as RP 213; may not be taken for duplicate credit)

## **GE 230 Cultural Geography**

3c-0l-3sh

Introduction to cultural geography, including population, settlement, historical, urban, and political geography, human relationships with the natural environment, and the literature and methods of cultural geography.

## **GE 231 Economic Geography**

3c-0l-3sh

Introduction to geographic concepts, methods, and skills related to spatial patterns of production, consumption, and exchange over the earth's surface.

[Back to Top](#)

### **GE 241 Physical Geography**

3c-01-3sh

Introduction to physical geography including the study of weather, climate, soils, vegetation, landforms, energy cycles, and the hydrologic cycle.

### **GE 251 Geography of Pennsylvania**

3c-01-3sh

Regions of Pennsylvania are examined in detail to identify man-environment relationships. Soils, topography, climate, vegetation, population, and economic patterns are studied.

### **GE 252 Geography of Latin America**

3c-01-3sh

Impact of rapid population growth and economic development on the environment and spatial organization of Latin America are considered. The resource base and cultural heritage of the region are studied.

[Back to Top](#)

### **GE 253 Geography of Europe**

3c-01-3sh

Investigates relationships underlying land use, dominant international problems, boundary disputes, and regional complexes of the European continent.

### **GE 254 Geography of Russia and the Soviet Sphere**

3c-01-3sh

Examines the Russian Republic and the former Soviet empire including the new nations emerging from the U.S.S.R. and former satellite nations. Settlement patterns, economics, cultures, and physical environments are studied. Contemporary topical emphasis is placed on efforts at transformation from communist to market economics and the geo-political status of the new nations. (Offered as Geography of U.S.S.R. prior to 1995-96)

### **GE 255 Geography of Africa**

3c-01-3sh

Systematic survey of the physical, economic, political-historical, and cultural geography of the continent is followed by regional studies of countries and peoples in Africa, south of the Sahara.

[Back to Top](#)

### **GE 256 Geography of East Asia**

3c-01-3sh

Studies China, Japan, Korea, Outer Mongolia, Taiwan. Geographic background for development and wise use and restoration of natural resources are dealt with.

### **GE 257 Geography of South and Southeast Asia**

3c-01-3sh

India, Pakistan, Bangladesh, Sri Lanka, Burma, Thailand, Laos, Cambodia, Vietnam, Malaysia, and Indonesia are studied with special attention to regional similarities and differences, particularly as they pertain to human adjustment.

## **GE 281 Special Topics**

3c-01-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students. (May also be offered as RP 281; may not be taken as duplicate credit under same title)

[Back to Top](#)

## **GE 313 Cartography II**

3c-01-3sh

Prerequisite: GE 213

Gives an understanding of the compilation and use of maps and quantitative data. Develops skills essential to the construction of various types of maps. (Also offered as RP 313; may not be taken for duplicate credit)

## **GE 314 Map and Photograph Interpretation**

3c-01-3sh

Maps and air photographs, along with remote sensing materials, permit inventory and analysis of geologic, land use, urban development, and other landscape phenomena. The understanding of these materials and associated tools for their use is presented. (Also offered as RP 314; may not be taken for duplicate credit)

## **GE 316 Introduction to Geographic Information Systems**

3c-01-3sh

Prerequisites: GE213, or equivalent, or permission of instructor

Automated methods for creating, maintaining, and analyzing spatial data are presented. Topics include 1) specialized GIS hardware and software, 2) vector vs. raster vs. object-oriented spatial data structures, 3) creation and manipulation of geographic data files, 4) data base design and management concepts, 5) spatial analysis, and 6) cartographic design. (Also offered as RP 316; may not be taken for duplicate credit) (Offered as GE416, Computer-Assisted Cartography prior to 1995-96)

[Back to Top](#)

## **GE 331 Population Geography**

3c-01-3sh

Spatial variations in numbers, characteristics, and dynamics of human population, models, and theoretical constructs relevant to demographic structures and processes are studied, as well as major world and regional problems.

## **GE 332 Urban Geography**

3c-01-3sh

Basic concepts of urban geography including site, situation, function, urban land use, urban structure, and urban hierarchy are introduced. Relationships between urban geography and urban planning are explored. (Also offered as RP 332; may not be taken for duplicate credit)

## **GE 333 Trade and Transportation**

3c-01-3sh

Deals with the spatial aspects of transportation systems and their use. Circulation, accessibility, time and distance concepts, and trade patterns are discussed. (Also offered as RP 333; may not be taken for duplicate credit)

[Back to Top](#)

### **GE 334 Political Geography**

3c-0l-3sh

Geographic factors and conditions are analyzed as they relate to the character and function of states. Political institutions are evaluated in light of geographic conditions.

### **GE 336 Social Geography**

3c-0l-3sh

Spatial dimensions of the American society are the focus of this course. The distribution of various social groups and their impact on the landscape are considered.

### **GE 337 Historical Geography**

3c-0l-3sh

Studies of past geographies, geographical change through time, and historical perspectives on the cultural landscape are included. Historical geography of the United States is emphasized.

[Back to Top](#)

### **GE 340 Geography of Fresh Water Resources**

3c-0l-3sh

Contributes to the students' understanding of fresh water as a resource. Fresh water is identified by its physical characteristics, by an inventory based on the types of storage within the hydrologic cycle, and by the values assigned to this resource by different cultures. Included in the course are problems relating to the consumptive and withdrawal uses of water, the role of water supply and water law, flooding and floodplain management, the sources of water contamination and pollution, and case studies of selected river basins.

### **GE 341 Climatology**

3c-0l-3sh

Elements of weather and climate and the climatic regions of the earth are studied in relation to other aspects of the physical and biological environment.

### **GE 342 Physiography**

3c-0l-3sh

Focuses on the study of landforms and water features. Types, distribution, and processes of formation are considered in relationship to the human landscape.

[Back to Top](#)

### **GE 352 Planning Methods**

3c-0l-3sh

Prerequisite: RP 350 or permission of instructor

Research, analytical design, and plan-making techniques in urban and regional planning. Examines basic items necessary to prepare urban and regional comprehensive plans. (Also offered as RP 352; may not be taken for duplicate credit) (Offered as GE361, Planning: Basic Studies and Analysis prior to 1996-97)

### **GE 371 Aerospace Workshop**

3c-0l-3sh

Develops an appreciation and provides information related to aerospace activities and contributions; offers background for teaching aerospace courses; discusses aviation/space careers; and presents the basic principles of flying (usually including some flight instruction). Offered summer only.

## **GE 411 History of Geography**

3c-0l-3sh

Prerequisites: GE 213, GE 230, GE 231, GE 241

Seminar dealing with history of the discipline, great ideas, leading problems, and unresolved issues.

[Back to Top](#)

## **GE 412 Research Seminar**

3c-0l-3sh

Prerequisite: GE 411

This senior seminar and workshop is a capstone course that focuses on recent research in the major field. Students carry out a research project on a topic of local or regional importance. (Also offered as RP 412; may not be taken for duplicate credit) (Offered as GE312, Research in Geography and Planning prior to 1996-97)

## **GE 415 Remote Sensing**

3c-0l-3sh

Deals with air photographs, satellite imagery, thermal sensing, and radar imagery and their application to deriving information about the earth's physical and cultural landscapes. (Also offered as RP 415; may not be taken for duplicate credit)

## **GE 417 GIS Applications Development**

3c-0l-3sh

Prerequisites: GE316

A project-based class in which students learn the skills to develop and maintain a Geographic Information System. Through cooperative learning students will design and implement functional systems. Methods for designing GIS systems to user specification, data collection, data input, project management, and system documentation are covered. (Also offered as RP 417; may not be taken for duplicate credit)

[Back to Top](#)

## **GE 431 Geography of American Indians**

3c-0l-3sh

Focuses on the historical/cultural geography of Native Americans. Population, resources, land use, development, settlement patterns, and other selected topics are covered.

## **GE 432 Geography of Crime**

3c-0l-3sh

The geographical context of crime is examined from historical and contemporary viewpoints. Relevant concepts and analytical approaches are introduced.

## **GE 440 Conservation: Environmental Analysis**

3c-0l-3sh

Problems of exploitation and utilization of regional resources such as soils, minerals, forests, and wildlife are considered in relation to population growth and regional planning and development.

[Back to Top](#)

## **GE 464 Land Use Policy**

3c-0l-3sh

Introduces students to and provides an overview of land use issues at the regional, state, and federal levels. Emphasis is placed upon the evolution of contemporary policy strategies, constitutional issues, and regional controversies

involved in the regulation of metropolitan growth, central city decline, and management of public lands. (Also offered as RP 464; may not be taken for duplicate credit)

### **GE 481 Special Topics**

3c-0l-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students. (May also be offered as RP 481; may not be taken for duplicate credit under same title)

### **GE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **GE 493 Internship**

var-3-12sh

Professional learning experience with emphasis on application of academic background. Open to majors and minors in geography with a total of 57 semester hours and 15 hours in the major. See internship supervisor for additional information.

## PS 101 World Politics

3c-0l-3sh

Analysis of contemporary (post-1945) state system and forces shaping the world in which we live. Student is given a framework within which to analyze contemporary international politics.

## PS 111 American Politics

3c-0l-3sh

Introduction to American national government and politics, emphasizing Constitution, party system, Congress, Presidency, courts, and problems in national-state relations, civil rights, foreign policy, and social and economic policies.

## PS 250 Public Policy

3c-0l-3sh

Emphasizes dynamics of government as they are evidenced in public opinion, pressure groups, political parties, and our governmental institutions; attention also directed toward the political-economical nexus within American society.

[Back to Top](#)

## PS 251 State and Local Political Systems

3c-0l-3sh

Institutions and processes of state and local governments, with special attention to Pennsylvania; emphasis on the nature of federalism, state constitutions, and role of state and local government in an urban society.

## PS 280 Comparative Government I: Western Political Systems

3c-0l-3sh

Analyzes Western political systems with emphasis upon major contemporary democratic governments of Europe. Analyzes and compares their political cultures, political institutions, and political processes.

## PS 281 Special Topics

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special

topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **PS 282 International Relations**

3c-0l-3sh

Provides a conceptual framework for understanding sovereignty, nationalism, power, security, dispute settlement, and diplomatic, legal, economic, and military relations of nation-states. (Offered as PS281 prior to June, 1991)

### **PS 283 American Foreign Policy**

3c-0l-3sh

Examines formulation and execution of American foreign policy, with attention to governmental institutions, mass media, interest groups, and public opinion; emphasizes contemporary problems.

### **PS 285 Comparative Government II: Non-Western Political Systems**

3c-0l-3sh

Analyzes major non-Western political systems with emphasis upon authoritarian and totalitarian systems. Analyzes and compares in a systematic manner their political cultures, political institutions, and political processes.

[Back to Top](#)

### **PS 300 Research Methods in Political Science**

3c-0l-3sh

Prerequisite: PS101 or PS111

An examination of the application of the scientific approach to the investigation of social and political phenomena. Concentrates on approaches, methods, and computer tools. All political science majors and minors are strongly urged to enroll.

### **PS 320 International Law**

3c-0l-3sh

Prerequisites: PS101, PS281, or permission of instructor

Study of the development, nature, and function of international law, including recent trends.

### **PS 321 International Organizations**

3c-0l-3sh

Prerequisites: PS101, PS281, or permission of instructor

Inquiry into purposes, structures, and actions of contemporary international political organizations, such as United Nations, regional, and functional organizations.

[Back to Top](#)

### **PS 346 Political Sociology**

3c-0l-3sh

Prerequisites: PS111, SO151

Examines (a) who controls the state and state policy, (b) the role the state plays in stabilizing capitalism and protecting the power of the upper class, (c) the political activities of the middle and upper class, (d) labor, civil rights, welfare rights, and social movements in America. Cross-listed in Sociology as SO458: Political Sociology.

### **PS 350 The Presidency**

3c-0l-3sh

Examination of the Office of President, with attention to constitutional foundations, evolution, structure, powers, and functions; some comparisons between presidential and parliamentary systems and between offices of President and Governor.

### **PS 351 Legislative Process**

3c-01-3sh

Functional study of legislative bodies and process of legislation, covering organization of legislative assemblies, operation of committee system, procedures, bill drafting, aides, and controls over legislation.

[Back to Top](#)

### **PS 353 American Political Parties**

3c-01-3sh

The role of people, parties, and pressure groups in politics of American democracy; attention to sectional and historical roots of national politics, voting behavior, pressure group analysis, and campaign activities.

### **PS 354 Metropolitan Problems**

3c-01-3sh

Analyzes multiplicity of problems facing our metropolitan areas. Contemporary developments such as urban renewal, shrinking tax base, federal aid to cities, subsidized mass transit, municipal authorities, and political consolidation are examined.

### **PS 355 Intergovernmental Relations**

3c-01-3sh

Explores characteristics of federal systems of government, with emphasis on theories, origins, institutions, problems in intergovernmental relations in the United States, federal systems in other nations, and trends.

[Back to Top](#)

### **PS 356 Mass Media in American Politics**

3c-01-3sh

Variant theories of the symbolic relationship between American politics and the press are examined in the light of the American colonial-national experience. The special Constitutional rights given to the media are explored, with particular attention to radio-TV.

### **PS 358 Judicial Process**

3c-01-3sh

Prerequisite: PS111

Explores nature and limits of judicial power, courts as policymaking bodies, selection of judges, decision process, external forces impinging on the courts, and role of Supreme Court in its relationship with Congress, the Presidency, and federalism.

### **PS 359 Constitutional Law and Civil Liberties**

3c-01-3sh

Prerequisite: PS111

Study of civil liberties and civil rights issues through leading Supreme Court decisions; topics treated include First Amendment rights, procedural due process and the Bill of Rights, and Equal Protection problems in civil rights.

[Back to Top](#)

### **PS 360 Classical Political Thought**

3c-0l-3sh

Restriction: Not for credit after PH323

The origins and development of Western thought from Plato and Aristotle through Cicero and Saint Aquinas. The focus is especially on political participation as a way of life, the unity of political and moral conceptions in premodern political thought, and the relationship between order and justice.

### **PS 361 Modern Political Thought**

3c-0l-3sh

Covers the major representatives of modern political thought since the Renaissance. Follows the development of the specifically modern notion of the state and political action through the works of Machiavelli, Hobbes, Locke, Rousseau, Marx, and Lenin. Emphasis on the "instrumentalist" state and the idea of a political science.

### **PS 362 American Political Thought**

3c-0l-3sh

Covers a variety of American political ideas from the Puritans through recent radical and conservative critiques of American liberal democracy. Focus on the continuing development of the idea of individual rights, the political theory of the Constitution, and the tension between classical liberalism and popular rule.

[Back to Top](#)

### **PS 370 Introduction to Public Administration**

3c-0l-3sh

Theories of organization and structural organization, personnel processes, executive functions, financial administration, the politics of administration, public relations, and problems of democratic control of bureaucracy.

### **PS 371 Issues in Public Administration**

3c-0l-3sh

Intensive study of the role of federal agencies and their administrators in determining and developing public policy. Public administration in practice is emphasized by utilizing case studies.

### **PS 377 Political Behavior**

3c-0l-3sh

Prerequisites: PC101, PS111

An interdisciplinary course which investigates the psychological bases of political behavior. Cross-listed in Psychology as PC 377: Political Behavior.

[Back to Top](#)

### **PS 380 Soviet Politics**

3c-0l-3sh

Essential features of Communist party and government of the former U.S.S.R., including geographical and historical background and ideological and theoretical foundations. PS280: Comparative Government should be taken prior to this course. (Course content is in revision to reflect changing structure.)

### **PS 382-387 Political Systems**

3c-0l-3sh

Intensive, comparative study of the government and politics of a selected region. Suggested prerequisites: PS280 and/or 285; PS382 - Africa; PS383 - Asia; PS384 - Middle East; PS385 - Central and Eastern Europe; PS387 - Latin America

### **PS 388 Political-Military Strategy**

3c-01-3sh

Prerequisites: PS281 or PS283 or MS101-102

Deals with national security problems including decision making and budgeting, levels of strategy, the utility of force, and the impact of the military on American society.

[Back to Top](#)

### **PS 389 Developing Nations**

3c-01-3sh

Suggested prerequisites: PS280 and/or 285

Political characteristics of emerging nations; impact of economic and social change upon political structure; evolving patterns of political development; and techniques of nation-building.

### **PS 480 Political Science Seminar**

3c-01-3sh

Readings and written assignments on a specific topic determined by the instructor in charge.

### **PS 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **PS 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **PS 493 Political Science Internship**

var-2-12sh

Prerequisites: 9 sh in Political Science with 2.0 QPA; PS111; approval of internship director and chairperson

Practical experience in government and politics. "Log" and research project required. Course grade determined by the instructor. Maximum of 6 sh applied to minimum in major; maximum of 3sh applied to minimum in minor.

## **PC 101 General Psychology**

3c-0l-3sh

An introduction to the scientific study of behavior and mental processes.

## **PC 280 Psychological Inquiry**

3c-0l-3sh

Prerequisites: PC101, Psychology minors

Introduces students minoring in Psychology to issues central to carrying out and interpreting empirical research in the field. Students will become more sophisticated consumers of empirical research findings. Students who have successfully completed PC290 are not permitted to take this course for credit.

## **PC 290 Research Design and Analysis I**

3c-2l-4sh

Prerequisites: PC101, MA217

A laboratory course devoted to designing, conducting, and evaluating results of psychological experiments.

[Back to Top](#)

## **PC 291 Research Design and Analysis II**

3c-2l-4sh

Prerequisites: PC101, "C" or better in PC290

A continuation of Research Design and Analysis I.

## **PC 310 Developmental Psychology**

3c-0l-3sh

Prerequisite: PC101

Comprehensive study of all factors that contribute to human development from conception to death, particularly as they relate to psychological development of individual. A survey course directed at students not planning to take PC311, 312, or 373. Students may receive credit toward the Psychology major or minor for only one of PC310, PC311, or PC315.

## **PC 311 Child Psychology**

3c-0l-3sh

Prerequisite: PC101

Study of factors that influence total development and behavior of child. Current theories and research are considered, with focus upon optimum development of individual. Credit toward a major or minor in psychology will not be given for both PC310 and 311.

[Back to Top](#)

### **PC 312 Adult Development and Aging**

3c-01-3sh

Prerequisite: PC101

A survey of physiological, cognitive, emotional, and social issues affecting the young adult, the middle-aged, and the elderly. Includes an examination of significant adult life crises.

### **PC 315 Experimental Development Psychology**

3c-21-4sh

Prerequisite: PC280 or PC290

The course will study human development from conception to death with emphasis on the physical, cognitive, and emotional domains. Students will be involved in observation and data collection.

### **PC 320 Personality**

3c-01-3sh

Prerequisite: PC101

Provides comparative analysis of major representative traditional and contemporary theories of personality.

[Back to Top](#)

### **PC 321 Abnormal Psychology**

3c-01-3sh

Prerequisite: PC101

The description, causes, and treatment of behaviors labeled abnormal in our society are studied from experimental and clinical points of view.

### **PC 322 Introduction to Psychological Measurement**

3c-01-3sh

Prerequisites: PC101, MA217

Survey of psychological measurement techniques, with emphasis on theoretical assumptions underlying these techniques and discussion of interpretation and limitations of measuring instruments.

### **PC 330 Social Psychology**

3c-01-3sh

Prerequisite: PC101

The study of the effects of the social environment on human behavior. Topics include perception of person, attitude formation and change, and small-group interaction. Students may not receive credit toward psychology major or minor for both PC330 and PC335.

[Back to Top](#)

### **PC 331 Environmental Psychology**

3c-01-3sh

Prerequisite: PC101

The study of the relationship between human behavior and its environmental context. Emphasis on the physical

environment, both natural and built.

### **PC 335 Experimental Social Psychology**

3c-21-4sh

Prerequisite: PC280 or PC290

A laboratory course in the effects of the social environment on human behavior. Topics include perception of persons, attitude formation and change, and small-group interaction. Includes experience with social psychological research methods. May not be taken for credit by students who have completed PC330.

### **PC 341 Conditioning and Learning**

3c-21-4sh

Prerequisites: PC101, 290

Examination of the basic principles of learning and related phenomena; discussion of classical conditioning, discrimination learning, and aversive control of behavior.

[Back to Top](#)

### **PC 342 Human Cognition: Memory and Thinking**

3c-21-4sh

Prerequisites: PC101, 290

Study of methods and findings in areas of human memory and human information processing. Students may not receive credit towards the psychology major or minor for both PC342 and PC345.

### **PC 345 Introduction to Human Cognition**

3c-01-3sh

Prerequisite: PC101

This course is designed to provide an overview of cognitive psychology. The Information Processing Model is contrasted with its predecessor, Behaviorism, and its contemporary challenger, Connectionism.

### **PC 350 Physiological Psychology**

3c-21-4sh

Prerequisites: PC101, 290

Study of the relationship between behavior and the anatomy and physiology of the nervous system. Students may not receive credit towards the Psychology major or minor for both PC350 and PC356.

[Back to Top](#)

### **PC 355 Comparative Psychology**

3c-01-3sh

Prerequisite: PC101

Survey of animal behavior patterns and control mechanisms including learning, development, communication, and social behavior. Emphasis is on the relationship of the animal to its environment and on the relationship of animal models to human behavior.

### **PC 356 Biopsychology**

3c-01-3sh

Prerequisites: PC101

Study of the relationship between behavior and the anatomy and physiology of the nervous system.

**PC 371 Human Motivation**

3c-01-3sh

Prerequisite: PC101

Systematic study of how behavior is initiated, sustained, directed, and terminated. Current theories in this area are critically reviewed.

[Back to Top](#)

**PC 372 Drugs and Behavior**

3c-01-3sh

Prerequisites: PC101 and junior standing or permission

Survey of the current knowledge concerning the actions of drugs. Topics will include legal and social issues surrounding drug use, hazard potential of commonly used drugs, review of current theories and issues regarding the use of drugs in psychotherapy, and consideration of treatment approaches for addiction.

**PC 374 Stress and Coping**

3c-01-3sh

Prerequisite: PC101

Fundamental concepts and findings in stress and stress-related disorders. Relationships of stress to disease and methods for coping with stress are presented.

**PC 375 Mass Media and Behavior**

3c-01-3sh

Prerequisites: PC 101 and junior or senior status

Theory and research on the influence of the mass media on human behavior and attitudes. Topics include: the effects of news and political advertising on public opinion; the effects of racist and sexist portrayals; and the effects of violence and pornography on aggressive behavior. (Also offered as CM 375; may not be taken for duplicate credit)

[Back to Top](#)

**PC 376 Psychology of Health Behavior**

3c-01-3sh

Prerequisite: PC 101

An examination of the role of behavior factors in health status with a strong focus on preventive health behaviors and the role of the psychologist in promotion of health-related behavioral changes.

**PC 378 Psychology of Death and Dying**

3c-01-3sh

Prerequisite: PC101

Theories and research which delineate the psychological factors affecting the dying person as well as those persons close to one who is dying are discussed.

**PC 379 Psychology of Human Sexuality**

3c-01-3sh

Prerequisite: PC101

Provides an overview of the psychological issues and research relevant to sexuality with an emphasis on gender roles. Social, psychological, and gender perspectives are used to examine a number of topics, including contemporary sexual attitudes, sexual response, sexual relationships, sexual dysfunction, sexual variations, sexual preference, and sexual violence. Research pertaining to each topic is presented. Students are encouraged to critically evaluate research and theory and to make connections between the material and their personal experience.

[Back to Top](#)

### **PC 390 Industrial-Organizational Psychology**

3c-0l-3sh

Prerequisites: PC101, MA214/217

The study of psychological principles in work organizations; application of psychological theory to the understanding and explanation of individual behavior and experience in work organizations. May not be taken for credit by students who successfully completed PC425. (Formerly PC420)

### **PC 410 Historical Trends in Psychology**

3c-0l-3sh

Prerequisite: PC101, junior or senior standing or permission

Comprehensive overview of historical antecedents of contemporary psychology with emphasis on their implications for future developments in the field.

### **PC 411 Psychology of Women**

3c-0l-3sh

Prerequisites: PC101, junior or senior standing or permission of the instructor

A critical examination of the assumptions about women which are held by the discipline of psychology, considering both current research and individual experience. The psychological effects of socialization on sex role identity, achievement, interpersonal power, mental health, and critical incidents in female development are discussed in the context of relevant concepts from developmental and social psychology.

[Back to Top](#)

### **PC 421 Psychology of Work**

3c-0l-3sh

Prerequisite: PC291

The analysis, measurement, prediction, and development of human aptitude, ability, and performance in work and employment situations.

### **PC 425 Experimental Organizational Psychology**

3c-21-4sh

Prerequisite: 12 credits of psychology (including PC290, beyond PC101)

Introduces the student to theory, research, and methods in the investigation of human behavior and experience in organizations. Both classical and current literature in the field are discussed. In addition to lecture, students will conduct empirical research projects.

### **PC 450 Introduction to Clinical Psychology**

3c-0l-3sh

Prerequisites: PC101, 320, 321, and permission of instructor

Overview of clinical psychology, with emphasis on clinician's use of methods of evaluation and on treatment and modification of behavior.

[Back to Top](#)

### **PC 480 Honors Seminar in Psychology**

3c-0l-3sh

A seminar in the graduate tradition with a specialized topic. May be taken more than once to a maximum of 6sh.

### **PC 481 Special Topics in Psychology**

var-1-3sh

Prerequisites: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper-level undergraduate students. May be taken more than once to a maximum of 6sh.

### **PC 482 Independent Study in Psychology**

var-1-3sh

Prerequisites: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Individual students pursue their particular interests in psychology in consultation with a member of the staff. May be taken more than once to a maximum of 6sh. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **PC 493 Psychological Practicum**

var-1-12sh

Prerequisites: PC101 and department consent

Under supervision of psychology department, selected students receive experience in application of psychological techniques. May be taken more than once to a maximum of 12sh.

## **SO 151 Principles of Sociology**

3c-0l-3sh

Scientific study of structure and functioning of human societies, with special attention to factors responsible for the organization and transformation of sociocultural systems. Specific course content varies from one instructor to another.

## **SO 231 Contemporary Social Problems**

3c-0l-3sh

Exploration of some pressing problems currently endemic to Western society. Problems are defined and solutions explored in light of historical, political, economic, social, and anthropological data.

## **SO 233 Language and Culture**

3c-0l-3sh

Focuses on social and cultural functions of language. Particular emphasis on analysis of non-Western languages. (Previous title: Cultural Symbolism: Language in Culture and Society)

[Back to Top](#)

## **SO 251 Sociology of Human Sexuality**

3c-0l-3sh

In-depth analysis of a formerly taboo topic, human sexuality. Current information from biological, psychological, and sociological research on human relationships is presented to provide a foundation for self-understanding and societal values.

## **SO 271 Cultural Area Studies: Africa**

3c-0l-3sh

Explores the cultural diversity of the continent of Africa. The first unit examines the historical processes which shape modern society, including the formation of indigenous African empires, the evidence for trade routes, slave trading, and colonialism. The second unit examines the nature of African traditional societies, including analyses of forager and agricultural groups. The last unit covers issues of contemporary development in Africa such as famine and agricultural policy, the status of women in economic development, and apartheid. Reading includes ethnographic and historical accounts of African society as well as selections by African writers on the issues of contemporary society. (Also offered as AN271; may not be taken for duplicate credit)

### **SO 272 Cultural Area Studies: China**

3c-01-3sh

Designed to assist the student in developing an understanding of contemporary China. While the course will begin with prehistoric and historic aspects of China, the focus will be on contemporary issues presented in the context of sociological theory. Specific Chinese cultural components that will be investigated include values, attitudes, norms, social organization, linguistics, and folklore. (Also offered as AN272; may not be taken for duplicate credit)

[Back to Top](#)

### **SO 273 Cultural Area Studies: Southeast Asia**

3c-01-3sh

An introduction to the peoples and cultures of Southeast Asia. Prehistory and the development of indigenous states in Southeast Asia and analysis of impact of world religions, such as Islam, and Western colonialism. Also examines modern hunter-gatherer and farming societies and discusses contemporary issues in social and economic change, including the "Green Revolution," tropical deforestation, the struggle of ethnic minority tribal peoples, and the plight of Indochinese refugees. (Also offered as AN273; may not be taken for duplicate credit)

### **SO 274 Cultural Area Studies: Latin America**

3c-01-3sh

An introduction to the peoples and cultures of Latin America. Focuses on the prehistory and development of pre-Columbian complex societies in Mesoamerica and the Andes and analyzes the impact of European colonialism on these major regions. Also examines contemporary issues, such as civil wars, economic development, rural-urban migrations, and migration and immigration of Latin American peoples into the United States. (Also offered as AN274; may not be taken for duplicate credit)

### **SO 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **SO 286 Marriage, Kinship, and the Family**

3c-01-3sh

Sociological and anthropological study of patterns of marriage, kinship, and family life, with emphasis on the relationship between family patterns and other social institutions. Topics covered include the family and marriage in historical and comparative perspective; worldwide patterns of gender stratification; incest and incest avoidance; class and race contexts of family patterns; mate selection and love; parenthood and child rearing; domestic and sexual violence; alternative family lifestyles; and the current crisis and possible future of the family. Intended for a broad audience but also open to sociology and anthropology majors and minors. (Also offered as AN286; may not be taken for duplicate credit)

### **SO 301 Clinical Sociological Theory**

3c-01-3sh

Prerequisite: SO151

Develops an understanding of how to use micro and macro sociological theory to analyze, assess, and diagnose human problems. Employing case studies, prepares students to do casework and help solve interpersonal, group, and organizational problems. Also seeks to acquaint students with the broader professional activity of human services.

### **SO 302 Clinical Sociological Practice**

3c-0l-3sh

Prerequisite: SO301

Prepares the student to effect constructive change within individuals, groups, families, and communities. Draws its analysis, diagnosis, and methods from the foundations of sociological theory at the level of intervention with clients.

[Back to Top](#)

### **SO 303 Social and Cultural Change**

3c-0l-3sh

Prerequisite: SO151

Exploration of current theoretical perspectives on social and cultural change. Special attention given to planned change at the local or regional level.

### **SO 314 Native Americans**

3c-0l-3sh

Survey of culture history and culture area characteristics of Indians of North America. Detailed study of representative groups related to historical, functional, and ecological concepts. (Previous title: Ethnology of North American Indians)

### **SO 320 Sociological Theory**

3c-0l-3sh

Prerequisites: SO151 and second-semester sophomore standing

Detailed survey of the historical development of sociological theory from the mid-19th century to the present. Treats the classical theorists Marx, Durkheim, and Weber, and such contemporary theoretical schools as functionalism, Marxian and Weberian conflict theory, cultural materialism, social evolutionism, rational choice theory, symbolic interactionism, ethnomethodology, sociobiology, structuralism, and postmodernism. Students are encouraged to take this course in the second semester of their sophomore year or during their junior year.

[Back to Top](#)

### **SO 333 Delinquency and Youth**

3c-0l-3sh

Prerequisite: SO151

Study of social and cultural factors involved in various youth lifestyles, including delinquency. Cross-cultural and historical approach used in a review of social norms, social control, and socialization institutions and community-based programs for rehabilitation.

### **SO 335 Alcohol and Drug Abuse**

3c-0l-3sh

Prerequisite: SO151

Examines the social issues and problems of alcohol and drug misuse in American society. Legal and illegal substances will be considered, and the causes of substance abuse as well as alternatives will be examined.

### **SO 336 Sociology of the Family**

3c-0l-3sh

Prerequisite: SO151

Sociological study of the family from various theoretical viewpoints. Special emphasis will be placed on the contemporary American family. A variety of topics will be covered such as mate selection, power relationships and roles in the family, parent-child interaction, marital satisfaction, divorce, and others.

[Back to Top](#)

### **SO 337 World Societies and World Systems**

3c-01-3sh

Prerequisite: One of the following: AN110, EC101 or 121, GE230, HI202, PS101 or 282, SO151

Detailed analysis of the evolution of human societies, with special emphasis on the modern world system of societies that began to emerge in the 16th century and that has since expanded to include the entire globe. Topics include societies during the preindustrial era; the emergence of modern capitalism in the 16th century; relations between developed and less-developed societies in the modern world; the ascent and decline of nation-states in the modern world; the current plight of the Third World; the rise and demise of socialism in the 20th century; and various scenarios for the human future.

### **SO 340 Sociology of Industry**

3c-01-3sh

Prerequisite: SO151

Examination of industrial organizations and their environments. Production systems analyzed in terms of different forms of organization, e.g., bureaucratic, power-equilibrium, and worker-participation. Special attention paid to who defines production, how such definitions are legitimized, and how constraints are placed on such definitions by union and other political organizations.

### **SO 341 Sociology of Education**

3c-01-3sh

Prerequisite: SO151

Examines the place of education in society. Special attention to the development of education in America and its relation to political and economic phenomena. Some attention given to education in other industrial and agrarian societies.

[Back to Top](#)

### **SO 342 Social and Cultural Aspects of Health and Medicine**

3c-01-3sh

Prerequisite: 6sh in Sociology or Anthropology

Review of the fields of medical sociology and anthropology. Focuses on such topics as health and illness in cross-cultural context, aging, social and psychological aspects of pain, and social organization of health facilities and services. Definitions of limits of "life" and "death" in context of holistic health.

### **SO 345 Interpersonal Dynamics**

3c-01-3sh

Prerequisite: SO151

Study of the interaction between and among individuals and groups in various social settings. Emphasis on self-understanding, small groups, socialization, social influence and compliance, person perception, collective behavior, and mass communication.

### **SO 348 Sociology of Work**

3c-01-3sh

Prerequisite: SO151

Focuses upon the sociological examination of the various forms of labor, employment, and unemployment present in industrial societies. Examines the nature of work and unemployment in the modern era and how these forms are being transformed in the present period.

[Back to Top](#)

### **SO 352 Sociology of Religion**

3c-01-3sh

Prerequisite: SO151

Nature, role, and function of religious phenomena in human societies will be explored with special attention to certain critical issues as they relate to religion and politics and religion and economics. Some fundamental modes of religious life including ritual forms and mythic expressions will be examined. Other themes such as revitalization movements and processes of secularization in modern societies will be included.

### **SO 357 Sociology of Aging**

3c-01-3sh

Prerequisite: SO151

Introduction to various problems faced in the process of growing older. Attitudes of society toward elderly and social and cultural impact of an aging U.S. population examined.

### **SO 361 Social Stratification**

3c-01-3sh

Prerequisite: SO151

Examines leading perspectives in the major sociological subfield of social stratification. Attention drawn to different ways of ranking people in human societies, issues concerning the distribution of income and wealth, the role of political power in determining who gets what, and the causes and consequences of social inequality for specific groups. (Offered as SO435 prior to 1993-94)

[Back to Top](#)

### **SO 362 Racial and Ethnic Minorities**

3c-01-3sh

Prerequisite: SO151

Examines from an historical and comparative perspective the experiences of minority groups, with special emphasis on economic and political domination, stereotyping, prejudice, and discrimination. Techniques of majority group domination and the responses of minority groups are discussed. Various reasons for the different rates and patterns of assimilation are explored.

### **SO 363 Sociology of Sex and Gender**

3c-01-3sh

Prerequisite: SO151

Explores current perspectives on the situations faced by women and men, primarily in the United States. Examines issues such as the impact of sex and gender on socialization, the construction of knowledge, intimate relationships, paid work, family relationships, health, and issues of change. (Offered as SO354 prior to 1993-94)

### **SO 380 Social Research Methods**

3c-01-3sh

Prerequisites: 9sh in sociology and junior standing

Examines diverse research designs used in the social sciences, i.e., survey, field study, experiment, documentary, and existing statistical data. Focuses both on logic and practice of social research. Students choose a number of mini-projects or a major research project. (Offered as SO455 prior to 1993-94)

[Back to Top](#)

### **SO 421 Sociology of Mass Media**

3c-01-3sh

Prerequisite: SO151

Examines the development of mass media as dominant cultural forms within advanced industrial societies in the 20th

century. Emphasizes critical understanding of the sociohistorical development, the underlying assumptions, and the social implications of the advance of mass media.

### **SO 427 Spouse Abuse**

3c-0l-3sh

Prerequisite: SO151

Considers the range of theoretical explanations for the pervasive violence between husband and wife. Particularly examines the research on wife battering and the implications of this research for programs and policies assisting both the victim and the abuser.

### **SO 428 Child Abuse**

3c-0l-3sh

Prerequisite: SO151

Examines the prevalence, causes, and social implications of physical, sexual, emotional, and neglect forms of child abuse in society. Child abuse will be studied from the individual, family, and societal level perspectives. Potential intervention strategies will also be considered.

[Back to Top](#)

### **SO 448 Social Policy**

3c-0l-3sh

Prerequisite: SO151

Focuses on the formation of social welfare programs in the U.S., current social policy issues, and debates between conservative, liberal, and social democratic policy analysts. Special attention drawn to various social problems and a range of social policies designed to ameliorate the economic disadvantages of single individuals, single parents, and two-parent families. Also devoted to understanding the relationship between social policy, research, and implementation.

### **SO 456 Field Research Methods**

3c-0l-3sh

Prerequisite: SO455 or permission

Examination of methods and practice of sociology and anthropology in the areas of qualitative and field methods. Concentrates upon the development of field notes, interviewing techniques, participant observation, etc. Qualitative methods of sampling and analysis will include theoretical sampling and analytic induction. Brief background research into community, organizational, and group structure will also be emphasized.

### **SO 457 Computer Use in Sociology**

3c-0l-3sh

Prerequisite: Permission of the instructor

Introduces students to use of microcomputers in social science research and practice. Uses a variety of software for clinical sociological applications as well as quantitative analysis of social scientific data. These include client information systems, field notes and downloading such notes, exchanging information between agencies, and statistical analyses for program evaluation and forecasting.

[Back to Top](#)

### **SO 458 Political Sociology**

3c-0l-3sh

Prerequisite: SO151

Examination of the social context of power and politics, with special reference to such topics as who controls the state and state policy; the role of the state in stabilizing capitalism and protecting the power of the upper class; political

activities of the middle and upper classes; and labor, civil rights, and welfare rights social movements in America. Especially considers the problems of conducting and implementing social policy research for social change. Cross-listed in Political Science as PS346: Political Sociology.

### **SO 459 Development of Social Services**

3c-0l-3sh

Prerequisite: Permission of the instructor

Examination of ideological and institutional conditions which shape health, unemployment, social security, and welfare services.

### **SO 480 Sociology Seminar**

var-1-3sh

Prerequisite: SO151

Seminar for advanced students devoted to an intensive analysis of specialized issues within the discipline.

[Back to Top](#)

### **SO 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper-level undergraduate students.

### **SO 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

An opportunity for students to engage in an in-depth analysis of some topic through consultation with a faculty member. A semester project ordinarily expected. Approval is based on academic appropriateness and availability of resources.

### **SO 483 Readings in Sociology**

var-1-3sh

Prerequisite: SO151

Directed readings on special topics in sociology.

[Back to Top](#)

### **SO 493 Internship in Sociology**

var-3-12sh

Prerequisite: Permission of the instructor

Supervised experience in public or private organizations that extends and complements coursework at the university.

## **HP 110 Beginning Swimming**

0c-2l-1sh

Fundamentals and techniques of swimming, fitness, and aquatic safety. Designed to meet the needs of the adult nonswimmer.

## **HP 116 Badminton-Volleyball**

0c-2l-1sh

Fundamentals and techniques of badminton and volleyball.

## **HP 117 Fitness-Swimming**

0c-2l-1sh

Fundamentals and techniques of swimming and fitness.

[Back to Top](#)

## **HP 119 Golf-Bowling**

0c-2l-1sh

Fundamentals and techniques of golf and bowling.

## **HP 123 Folk and Square Dance I**

0c-2l-1sh

Fundamentals and techniques of folk and square dancing.

## **HP 124 Fitness Through Dance**

0c-2l-1sh

A physical fitness development course for men and women that employs a combination of exercises and dance techniques performed to music.

[Back to Top](#)

**HP 126 Resistive Exercises**

0c-2l-1sh

Fundamentals and techniques of progressive resistive exercises.

**HP 127 Fencing**

0c-2l-1sh

Fundamentals and techniques of fencing.

**HP 128 Golf**

0c-2l-1sh

Fundamentals and techniques of golf.

[Back to Top](#)**HP 129 Badminton-Tennis**

0c-2l-1sh

Fundamentals and techniques of badminton and tennis.

**HP 134 Bowling**

0c-2l-1sh

Fundamentals and techniques of bowling.

**HP 142 Foundations of Health, Physical Education, and Sport**

3c-0l-3sh

Historical, philosophical, and psychosocial foundations of health and physical education are introduced. Specific emphasis is given to scientific theories and principles in such areas as health promotion and behavioral change, exercise physiology, motor development, kinesiology, and motor learning.

[Back to Top](#)**HP 143 Health and Wellness**

3c-0l-3sh

Introduces the student to the major components of wellness: contemporary nutrition issues as they relate to personal food choices, physical fitness, stress management, sexually transmitted diseases, AIDS, and substance abuse. Completion of HP143 fulfills the Liberal Studies Health and Wellness requirement.

**HP 145 Tennis**

0c-2l-1sh

Fundamentals and techniques of tennis.

**HP 147 Tennis-Fencing**

0c-2l-1sh

Fundamentals and techniques of tennis and fencing.

[Back to Top](#)**HP 160 Downhill Skiing**

1sh

The cognitives and skills necessary for beginning downhill skiing.

### **HP 162 Scuba Diving**

0c-2l-1sh

Designed to teach necessary skills and proper use of equipment for underwater swimming. Tanks, regulators, weights, and special equipment furnished. Student must purchase a mask, fins, and snorkel (approximately \$15). Includes theory as well as practical work.

### **HP 165 Lifeguarding**

0c-2l-1sh

**Prerequisites:** Departmental consent and Advanced Swimmer

Designed for professional lifeguards. Includes lifeguarding techniques for pools and fresh and saltwater beaches. Red Cross certification (Pittsburgh Division) granted upon satisfactory completion of course requirements.

[Back to Top](#)

### **HP 166 Basic Smallcraft**

0c-2l-1sh

**Prerequisite:** Intermediate swimming ability

Designed to introduce the use of the canoe, paddle board, and sailboat. Emphasis is placed on the development of boating skills, safety rescue, and survival procedures. Red Cross smallcraft certification is granted upon successful completion of the course.

### **HP 167 Basic Synchronized Swimming**

0c-2l-1sh

**Prerequisite:** Intermediate swimming ability

Activity course designed to assist students in the development of beginning synchronized swimming skills. YMCA certification is granted upon successful completion of course requirements.

### **HP 200 Fundamentals of Physical Activity**

1c-2l-1sh

A foundation course designed for the purpose of training in the analysis and performance of the fundamental skills for subsequent motor behavior as they relate to games, sports, and dance. The opportunity to refine powers of observation through principles of efficient and effective movement fundamentals is provided. Individual data profile charts of performance will be completed for future reference.

[Back to Top](#)

### **HP 210 Motor Development**

2c-0l-2sh

**Corequisite:** HP200

A study of the processes of growth and development and their effects upon human motor behavior across the lifespan. Includes changes during physical growth, maturation and aging, and subsequent effects upon cognitive, perceptual, and physiological performance, both individually and within a sociocultural context.

### **HP 211 Dance, Rhythmic Activities, and Gymnastics**

4c-2l-3sh

**Prerequisite:** HP200

Designed to provide an aesthetic and kinesthetic movement experience which will prepare the student as a teacher of basic movement in a variety of situations. The dance section will include creative movement, rhythms, and square, folk, and contemporary dance. Gymnastics will include basic tumbling, stunts, and apparatus skills.

## **HP 212 Team Sports**

4c-21-3sh

**Prerequisite:** HP200

Introduces students to the history, current status, and teaching similarities among team sports. Also includes materials and methods unique to each sport.

[Back to Top](#)

## **HP 213 Individual and Dual Sports and Adventure Activities**

4c-21-3sh

**Prerequisite:** HP200

Provides historical and current status of individual and dual sports, as well as adventure activities. Includes skill development, analysis of skilled performance, and strategies for planning and implementing instructional programs.

## **HP 221 Human Structure and Function**

3c-01-3sh

Anatomical organization of the human body, surveyed in sufficient depth to prepare students for physiology, biomechanics, and adaptive physical education.

## **HP 230 Aerobic Fitness**

1c-21-2sh

An opportunity to participate in a variety of aerobic activities; will aid fitness leaders in developing and implementing several types of aerobic programs; will offer current information on aerobics as preventive medicine.

[Back to Top](#)

## **HP 242 Emergency Health Care**

1c-21-1sh

American Red Cross Standard, Advanced, and Instructor's certification and Multimedia Instructor's certification awarded upon successful completion of this course.

## **HP 246 Biomechanics**

3c-01-3sh

**Prerequisite:** HP221

Study of the relationship between mechanical and physical principles and human movement.

## **HP 251 Foundations of Safety and Emergency Health Care**

3c-01-3sh

Focuses on accident prevention, injury control, and first responder's skills. Emphasizes identification of causes of accidents, recommended countermeasures, and mitigation. American Red Cross certifications are issued in (1) standard first aid, (2) community CPR, (3) instructor of standard first aid, and (4) instructor of community CPR.

[Back to Top](#)

## **HP 252 Introduction to the Driving Task**

2c-21-3sh

Provides an in-depth treatment of operating a motor vehicle competently in all major variations and under most conditions encountered in traffic. A competent operator is one who performs the total driving task knowledgeably and skillfully and demonstrates full understanding and application of identification, prediction, decision, and execution process.

### **HP 261 Water Safety Instructor**

0c-2l-1sh

**Prerequisites:** Departmental consent and lifesaving certification

Emphasizes the teaching aspect of skills, techniques, and attitudes necessary in all areas of swimming. Students successfully completing course are qualified to hold such positions as waterfront directors, aquatic directors, and other similar positions.

### **HP 263 Aquatics**

0c-2l-1sh

Basic performance techniques in swimming strokes presented with special emphasis on teaching methodology, aquatic sports and games, water safety, skin diving, springboard diving, and other aquatic activities.

[Back to Top](#)

### **HP 264 Advanced Aquatics**

0c-2l-1sh

Swimming and rescue skills necessary to complete American Red Cross Senior Lifesaving Course. Emphasis placed upon a broad range of other aquatic experiences and teaching strategies.

### **HP 270 Instructor of Handicapped Swimming**

0c-2l-1sh

**Prerequisite:** HP261

Concerned with the learning of skills used to teach swimming to exceptional children. All handicaps are considered. This course is important not only in physical education but also for the mentally retarded, rehabilitation education, agency personnel, postgraduate swimming education, YMCA Boys Clubs, community programs, private clubs, and industrial programs. The Red Cross certification Instructor of Swimming for the Handicapped is granted upon successful completion of the course. Summer only.

### **HP 271 Instructor of Scuba Diving**

0c-2l-1sh

**Prerequisite:** HP262

Prepares instructors to teach skin and scuba diving. Emphasis is placed on teaching methods, use and mechanics of equipment, safety, diving physics and physiology, and advanced diving skills. Instructor of Scuba Diving certificate granted by the Professional Association of Diving Instructors upon successful completion of the course. Summer only.

[Back to Top](#)

### **HP 272 Instructor of Canoeing**

0c-2l-1sh

**Prerequisite:** HP266

Concerned with the learning of skills pertinent to teaching canoeing to beginners. All aspects of canoeing including paddling, repair of equipment, white water canoeing, safety, survival, and teaching techniques are presented. The Red Cross certification Canoeing Instructor is granted upon successful completion of the course. Summer only.

### **HP 273 Instructor of Sailing**

0c-2l-1sh

**Prerequisite:** HP266

Concerned with learning of skills pertinent to teaching beginning sailing. All aspects of sailing are considered, including the elements of sailing, repair of equipment, racing, safety, and techniques of teaching. Summer only.

### **HP 274 Instructor of Infants and Preschoolers in Swimming**

0c-2l-1sh

**Prerequisites:** HP261, instructor's consent

Methods course for preparation of swimming instructors in the knowledge and skills of teaching young children to swim. YMCA certification Instructor of the Very Young granted upon successful completion of course requirements. Summer only.

[Back to Top](#)

### **HP 276 Coaching of Swimming**

0c-2l-1sh

**Prerequisite:** HP261

A lecture-discussion methods course designed to prepare Physical Education majors for coaching of swimming. Emphasis is placed on training methods, officiating, nutrition, scientific principles, and meet strategy. Summer only.

### **HP 277 Coaching of Synchronized Swimming**

1c-2l-2sh

Designed to go beyond the activity nature of Basic Synchronized Swimming (HP267). Students are involved in set design, costumes, selection of music, making props, selecting themes, and organizing a program. Summer only.

### **HP 279 Swimming Pool Maintenance and Chemistry**

2l-0l-2sh

**Prerequisite:** HP264

A lecture-discussion course designed to teach fundamental water chemistry, filtration, treatment of water problems, winterization of outdoor pools, and pool management. Emphasis is placed on water testing and analysis of chemicals and bacteria. Summer only.

[Back to Top](#)

### **HP 280 Aquatic Facilities Management**

2l-0l-2sh

**Prerequisite:** HP264

An organizational and administrative course designed to prepare the aquatic professional for management of indoor and outdoor facilities. Includes facility design, safety procedures activity, and sport and recreational aspects. Summer only.

### **HP 281 Special Topics**

var-1-3sh

**Prerequisite:** As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **HP 317 Basketball Officiating**

1c-2l-1sh

Officiating techniques and responsibilities in basketball. Opportunities for officiating experience and qualification for professional ratings.

### **HP 318 Preprofessional Experience I**

3c-0l-1sh

**Recommended Prerequisite:** HP321

**Prerequisite:** Physical Education majors only

Students teach as assistants to a faculty member in two different activities, one in physical education (general education) and one in elementary physical education at the University School. Emphasis on unit development, class management, leadership skills, and evaluation.

**HP 319 Preprofessional Experience II**

var-3sh

**Prerequisites:** Advanced standing, departmental approval

Students may request an assisting/teaching/leadership assignment in certain university-related areas that may be either instructional or noninstructional in nature. Examples of such professional areas are adaptives, recreation, dance, coaching, aquatics, intramurals, administration, elementary, service or major classes, club activities, and assisting in laboratory or the training room.

**HP 321 Methods in Elementary Health and Physical Education**

3c-0l-3sh

**Prerequisite:** Junior standing

Guides the professional student in the development of competencies essential to teaching health and physical education at the elementary school level. Includes theories of instruction in health science, necessity of a safe and healthful school environment, and judicious utilization of school and community health resources and service, as well as study of theories of and movement relevant to elementary school children. Observation, materials, methods of teaching, and opportunities for intern teaching provided.

[Back to Top](#)

**HP 325 School and Community Health**

3c-0l-3sh

**Prerequisite:** Junior standing

Introduces students to the role of school and community in protecting and promoting the health of its members. Topics include historical development of the concepts of health and health education, identification of national and community goals to reduce risk of disease and enhance health status, and the responsibilities of both school and community toward achieving these goals.

**HP 333 Psychology of Coaching**

2c-0l-2sh

The goals of athletics in schools and communities; principles and responsibilities of the coach; current problems.

**HP 335 Coaching and Managing of Athletic Programs**

3c-0l-3sh

Lecture course designed to prepare students for coaching or administering an athletic program. Emphasizes the professional preparation and responsibilities of a coach, the support and auxiliary personnel working under and with the coach, and the coach's responsibility to the athletes, plus the administrative responsibilities of coaching.

[Back to Top](#)

**HP 341 Evaluation in Health and Physical Education**

3c-0l-3sh

**Prerequisite:** Junior standing

Evaluation theory, instructional objectives, and cognitive test construction; technical and practical considerations in testing and interpretation of test results in both health and physical education.

**HP 343 Physiology of Exercise**

3c-01-3sh

**Prerequisite:** HP221

Physiological effects of exercise in humans. Major factors of diet, conditioning, physical fitness, maximum performance level, and fatigue are considered.

**HP 344 Adapted Physical Education**

3c-01-3sh

**Prerequisite:** HP246

Recognition of structural deviations, corrective exercises, and physical education programs for a wide range of handicaps.

[Back to Top](#)

**HP 345 Athletic Training I**

3c-01-3sh

**Prerequisite:** HP221

Specifically designed to introduce students to the discipline of athletic training with emphasis in prevention, evaluation, management, and rehabilitation in sports medicine.

**HP 346 Athletic Training Lab**

2c-01-1sh

Should be taken concurrently with HP345

Provides sufficient opportunity for each student to develop proficient skills and techniques in the areas of evaluation, assessment, taping, and rehabilitation procedures.

**HP 350 Health Aspects of Aging**

3c-01-3sh

**Prerequisites:** PC101, SO151, and junior standing

Current theory and research related to gerontology will be introduced to increase students understanding of the physical and psychosocial dimensions of aging. Additionally, this course will emphasize lifestyle factors and disease prevention aspects of aging. Recommended for students who plan to work with older adults.

[Back to Top](#)

**HP 353 Driver Education Program Management**

3c-01-3sh

Emphasizes the development, organization, and management of high school driver education from the standpoint of its historical development to its present programs designed to meet the demands of the highway transportation system. Special emphasis on the role of the teacher in conducting a high-quality program that will meet with student, parent, school, and community approval.

**HP 354 Application of Driver Education Instructional Modes**

2c-21-3sh

**Prerequisites:** HP251, 252, 353

Prepares prospective driver education teachers to plan, teach, and evaluate the four modes of driver education (classroom, on-road, simulation, and multiple-vehicle range). Teaching high school students in supervised laboratory sessions is provided.

## **HP 372 Health and Physical Education for Special Populations**

2c-01-2sh

**Prerequisite:** EX220; junior level or above

Methods and techniques of teaching health and physical education to special populations will be explored. Designed primarily for students majoring in special education, course will focus on handicapping conditions, limitations imposed by such conditions, and the responsibility of the special education teacher working in the physical education setting.

[Back to Top](#)

## **HP 375 Physiological Basis of Strength Training**

3c-01-3sh

Designed to give the student the anatomical and physiological basis of muscle function. Students should also gain an understanding of changes that can be made through weight training and knowledge of programs that will bring about these changes. Opportunities for working with various types of equipment will be available.

## **HP 408 Guided Research Problem**

var-2sh

**Prerequisite:** Permission of department chairperson

Selection and research of a problem pertinent to student interests and those of the professions of health, physical education, and recreation. Classes held on a seminar basis.

## **HP 410 Exercise Prescription**

3c-01-3sh

**Prerequisite:** HP343

Designed to teach individuals to write exercise prescriptions based upon a subject's tolerance for physical activity. Special emphasis on risk factors, techniques of evaluation, drugs, injuries, environmental factors, and motivation and their role in physical activity assessment.

[Back to Top](#)

## **HP 411 Physical Fitness Appraisal**

3c-01-3sh

Involves the selection, administration, and interpretation of various tests for appraising the physical fitness levels of individuals. Information given concerning the various fitness components, and discussions held so that each student gains an understanding of the variables to be tested.

## **HP 412 Physical Activity and Stress Management**

3c-01-3sh

Acquisition of necessary understanding of anxiety and stress; their nature, place in society, and intervention strategies as they relate to physical activity.

## **HP 413 Physical Activity and Aging**

3c-01-3sh

Presents major aspects of physical activity, its importance to the older adult, and the organization of an activity program. Attention to physiology of physical activity, effects of activity on growth and aging, exercise prescription, flexibility, overweight and obesity, and motivational strategies.

[Back to Top](#)

## **HP 426 Health Science Instruction**

3c-01-3sh

Health curriculum—K-12, methods and media of instruction in health science.

**HP 430 The American Woman and Sport**

3c-0l-3sh

Comprehensive, multidisciplinary analysis of the problems, patterns, and processes associated with the sport involvement of girls and women in our culture. Presents historical perspective with an emphasis on physiological, psychological, and sociocultural influences.

**HP 441 Psychosocial Implications for Health and Physical Education**

3c-0l-3sh

**Prerequisite:** Senior standing

A study of psychological and sociological influences, both theoretical and empirical, and their effects upon health and physical performance.

[Back to Top](#)

**HP 442 Seminar in Health, Physical Education, and Recreation I**

3c-0l-3sh

Theory and philosophy of health, physical education, and recreation; current issues and problems; innovative and creative programs.

**HP 447 Cardiopulmonary Resuscitation (CPR) Instructor**

1c-1l-1sh

**Prerequisite:** Basic CPR certification

Study of methods and skills necessary to certify instructors of cardiopulmonary resuscitation and multimedia first aid. Successful completion of requirements leads to certification by the American Health Association and the American Red Cross. Summer only.

**HP 450 Curriculum and Programming in Sexuality Education**

3c-0l-3sh

Topics include anatomy and physiology of the human reproductive tracts, development, birth defects, contraception, venereal disease, and abortion. Not for credit toward degrees in Biology.

[Back to Top](#)

**HP 481 Special Topics**

var-1-3sh

**Prerequisite:** As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

**HP 482 Independent Study**

var-1-3sh

**Prerequisite:** Prior approval through advisor, faculty member, department chairperson, dean, and provost's office. Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

**HP 493 Internship**

var-3-12sh

Educational opportunity which integrates classroom experience with practical experience in community service agencies or industrial, business, or governmental organizations. Junior standing required.

# Food and Nutrition

**Department of Food and Nutrition**  
**College of Health and Human Services**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[FN110](#) [FN143](#) [FN145](#) [FN150](#) [FN151](#) [FN212](#) [FN213](#) [FN245](#) [FN281](#) [FN355](#) [FN357](#) [FN362](#) [FN364](#) [FN402](#) [FN410](#)  
[FN430](#) [FN444](#) [FN447](#) [FN455](#) [FN458](#) [FN461](#) [FN462](#) [FN463](#) [FN464](#) [FN470](#) [FN481](#) [FN482](#) [FN484](#) [FN493](#)

## **FN 110 Careers in Food and Nutrition**

1c-0l-1sh

Career possibilities for nutrition majors are explored. Students will be guided in clarifying their professional goals and will become acquainted with the educational and experiential requirements necessary to attain these goals.

## **FN 143 Nutrition and Wellness**

3c-0l-3sh

Introduces the student to the major components of wellness: contemporary nutrition issues as they relate to personal food choices, physical fitness, stress management, sexually transmitted diseases, AIDS, and substance abuse. Completion of FN143 fulfills the Liberal Studies Health and Wellness requirement.

## **FN 145 Introduction to Nutrition**

3c-0l-3sh

Provides students with an understanding of essential nutrients and their roles in the body, as well as the changing nutritional needs of an individual throughout the lifespan. Includes the impact of exercise and food choices on metabolism, body composition, and weight control; nutrition misinformation; consumer issues; commercially prepared foods; and major diseases that are affected by eating behaviors.

[Back to Top](#)

## **FN 150 Foods**

3c-0l-3sh

Prerequisite (or concurrently): CH102

Basic principles of food, to include composition, sanitation, preparation, and preservation.

## **FN 151 Foods Laboratory**

0c-3l-1sh

Prerequisite (or concurrently): FN150

Application of basic principles of food preparation.

## **FN 212 Nutrition**

3c-0l-3sh

Prerequisite: CH102 or CH112

Sources and functions of nutrients, interdependence of dietary essentials, and nutritive value of an optimum diet are

studied. Attention given to varied conditions in human life.

[Back to Top](#)

### **FN 213 Life Cycle Nutrition**

3c-0l-3sh

Prerequisite: FN212

A detailed study of nutrition which applies information from FN212: Nutrition to all stages of the life cycle; current issues and research as they impact on these developmental stages.

### **FN 245 Sports Nutrition**

1c-0l-1sh

Prerequisites: FN143, or FN145, or FN212

Students' nutrition knowledge will be advanced with special application to the optimal nutrient needs and nutrition practices of athletes to maximize performance. The fallacies of ergogenic aids will also be discussed.

### **FN 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

[Back to Top](#)

### **FN 355 Nutrition in Disease I**

3c-0l-3sh

Prerequisites: BI155, CH102, FN212

Basic tools for diet modification: food exchange systems; interviewing techniques; nutrition assessment; professional practice; dietary treatment of injury, surgery, recovery, obesity, and diabetes. Nutrition support. Food sampling experiences. Fall semester.

### **FN 357 Special Problems in Foods**

0c-4l-3sh

Prerequisite: FN150

Individual problems in foods investigated with emphasis on identified weaknesses in the student's knowledge of food.

### **FN 362 Experimental Foods**

2c-3l-3sh

Prerequisites: FN150, 212, CH102, or CH112

The experimental study of foods, relating chemical and physical properties to reactions and processes occurring in food systems.

[Back to Top](#)

### **FN 364 Methods of Teaching**

3c-0l-3sh

Prerequisites: FN313 and 356 or concurrently

Current teaching techniques and resource materials in nutrition education emphasized. Both classroom teaching and on-the-job training programs are included.

**FN 402 Community Nutrition**

3c-0l-3sh

Prerequisite: FN212

Nutritional implications of both good and poor nutrition for all age groups in home and community situations are studied. Corrective and preventive measures emphasized. Spring semester.

**FN 410 Food, Nutrition, and Aging**

3c-0l-3sh

Prerequisite: Junior status

Relationship of food to health maintenance and special dietary problems during the middle and later years.

[Back to Top](#)

**FN 430 Professional Topics in Food and Nutrition**

3c-0l-3sh

Prerequisites: FN355, FN364, HR356, and PC101

Topics include promoting food and nutrition services and programs, career planning and development, ethical challenges to dietitians, quality assurance standards, and impact on the legislative process.

**FN 444 Food Composition and Biochemistry**

3c-0l-3sh

Prerequisites: CH355

Basic chemistry and biochemistry of essential components of food originating from plant and animal sources.

**FN 447 Nutritional Aspects of Food Technology**

3c-0l-3sh

Prerequisites: FN212 and BI232; junior status

Study of current known effects of food processing techniques on the nutritional value and safety of foods.

[Back to Top](#)

**FN 455 Nutrition in Disease II**

3c-0l-3sh

Prerequisite: FN355

Dietary treatment of disorders of the gastrointestinal, renal, cardiovascular, and hepatic systems; inborn errors of metabolism; allergies; cancer. Therapeutic quackery. Food sampling experiences. Spring semester only.

**FN 458 Advanced Human Nutrition**

3c-0l-3sh

Prerequisites: CH351 or 355 or, concurrently, FN212, BI155

In-depth study of the nutrients and their functions within the cell. Incorporation of the principles of physiology and biochemistry in the study of nutrition. Emphasis on current research and evaluation of research methodology.

**FN 461 Microwave Cooking Technology**

2c-2l-3sh

Study of the electronic technology, selection, care, and use of the microwave oven. Basic physical and chemical concepts related to microwave cooking are included. Individual investigative research problems are required.

[Back to Top](#)

## **FN 462 Advanced Experimental Foods**

1c-4l-3sh

Prerequisites: FN362, CH231

An experimental approach to the many factors influencing the chemical and physical properties of food. Use of the scientific method in developing an individual project combining an evaluation of current literature and appropriate sensory and analytical methodology.

## **FN 463 Nutrition Counseling**

2c-3l-3sh

Prerequisites: FN355, PC101, FN455 or concurrently

Use of intervention strategies in prevention and treatment of disease through diet. Supervised practicum (3 hours per week) counseling clientele in normal and therapeutic nutrition.

## **FN 464 Food and Nutrition Research Methods**

3c-0l-3sh

Prerequisites: FN362, 458, CH351, and MA217

Introduction to research methodology in foods and nutrition. Includes theory and techniques of physical, chemical, and instrumental analysis. Applications of these methods to food and animal models with statistical analysis of data.

[Back to Top](#)

## **FN 470 Human Food Consumption Patterns**

3c-0l-3sh

Prerequisites: One social science course and junior standing

Exploration of human food consumption behaviors from food production to individual and societal consumption patterns. Influencing factors which will be discussed include agronomic, economic, geographic, sociologic, nutritional, political, and psychological factors. The ethics and morality of food distribution will be discussed. Students may not enroll in this course if they have taken the section LS499 that corresponds to this course.

## **FN 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **FN 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office; must have earned 60 semester hours

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

## **FN 484 Senior Seminar**

1c-0l-1sh

Prerequisites: Senior status, FN458, FN464 or concurrently

Emphasis on individual review of food and nutrition literature with formal presentation and discussion of current research.

## **FN 493 Internship**

var-6-12sh

Prerequisite: Must have earned 57 semester hours

An opportunity for students to work away from the university in supervised job situations at health care facilities, restaurants, or other institutional food service or lodging establishments. Objective is to provide students with job-related experiences. Must meet university internship requirements.

Note: White uniforms including white shoes are required for all lab courses where food is prepared. Students must meet the professional dress requirements of the department.

# Military Science

## Department of Military Science

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[MS101](#) [MS102](#) [MS203](#) [MS204](#) [MS305](#) [MS306](#) [MS407](#) [MS408](#) [Leadership Laboratory](#) [Summer Camp](#)

### **MS 101 Introduction to Military Science**

2c-11-2sh

Study of the organization of the United States Army and the role of the military in today's society. Emphasis is on the customs and traditions of the service, the Total Army concept, and the fundamentals of leadership. Included is instruction in basic military skills, land navigation, and personal nutrition and fitness. Also, see Leadership Laboratory.

### **MS 102 Fundamentals of Military Science**

2c-11-2sh

Study of the basic knowledge regarding military service and the profession of arms. Emphasis is on basic military skills, first aid, and the development of leadership abilities through practical exercises. Included is instruction on offensive and defensive tactics, the Army writing style, and military briefings. Also, see Leadership Laboratory.

### **MS 203 Fundamentals of Tactical Operations, Techniques of Leadership, and Weapons Characteristics**

2c-11-2sh

Organization, techniques, resources, and capabilities involved in conducting small-unit tactical operations. Emphasis is on leadership, organization, and management techniques needed to cause a group of people to accomplish specific objectives. Characteristics of military weapons systems are taught. Students serve as leaders in Leadership Labs.

[Back to Top](#)

### **MS 204 National Security and Fundamentals of Military Topography**

2c-11-2sh

Study of national security concepts, policies, and the national decision-making process with emphasis on national resources, national will, and economic factors. Included will be a study of nuclear and conventional response options. Fundamentals of military topography including the use of military maps to determine topographic features, to conduct land navigation, and to perform terrain analysis will be covered. Also, see Leadership Laboratory.

### **MS 305 Fundamentals of Leadership and Modern Learning/Teaching Relationship**

3c-11-3sh

Study in practical application of principles of leadership/management as applied in classroom and field to include case studies in psychological, physiological, and sociological factors which affect human behavior; individual and group solution of leadership problems common to small units. Also, see Leadership Laboratory.

### **MS 306 Study of Advance Leader Planning and Execution of Modern Combat Operations**

3c-11-3sh

Analysis of leader's role in directing and coordinating efforts of individuals and small units in execution of offensive

and defensive tactical missions, to include command and control systems, the military team, and communications techniques. Also, see Leadership Laboratory.

[Back to Top](#)

### **MS 407 Management of the Military Complex to Include Fundamentals of Military and International Law**

3c-11-3sh

Study of the various managerial elements needed to effectively control a military organization and the techniques used to accomplish these functions. Studies in military law and international law prepare the students for their legal responsibilities. Also, see Leadership Laboratory.

### **MS 408 Seminar in Military Analysis and Management**

3c-11-3sh

Contemporary analysis of use of military in world affairs to include importance of strategic mobility and neutralization of insurgent movements. Selected management problems and situations will be presented as they relate to military justice, administration, and obligation and responsibilities of an officer. Also, see Leadership Laboratory.

### **Leadership Laboratory (one afternoon per week)**

var-0sh

A practical experience designed for the attainment and application of leadership principles. Concurrently scheduled in conjunction with all Military Science courses, it provides for practical challenges in personal accomplishment, both physical and mental, and for development of team work and leadership.

[Back to Top](#)

### **Summer Camp**

var-0sh

Students attend a six-week summer camp upon completion of the first year of the Advanced Course. Time at camp is devoted to practical application of principles and theories taught during the preceding school year. While at camp, each student receives lodging, subsistence, uniforms, medical care, reimbursement for travel, and pay in amount of one-half pay of second lieutenant per month.

[CO482](#) [CO493](#)

## **CO 101 Microbased Computer Literacy**

3c-0l-3sh

An introductory course designed to provide students with a fundamental understanding of computers. The course familiarizes students with the interaction of computer hardware and software. Emphasis is placed on the application of microcomputers, the use of productivity software (word processing, spreadsheet management, file and data base management), and the social and ethical aspects of the impact of computers on society. (Does not count toward Computer Science major. Replaced CO200 in 1989-90.) Note: This course is cross-listed as BE101 and IM101. Any of these courses may be substituted for each other and may be used interchangeably for D or F repeats but may not be counted for duplicate credit.

## **CO 105 Fundamentals of Computer Science**

3c-0l-3sh

This is the first course for Computer Science majors. It is required of all Computer Science students and is appropriate for other Natural Sciences and Mathematics students. Topics include the fundamental concepts of computer architecture, algorithm development and analysis, programming languages, software engineering, data organization and representation, and systems software. Hands-on introduction to computer usage with an emphasis on terminology and the underlying connections within the discipline.

## **CO 110 Problem Solving and Structured Programming**

3c-0l-3sh

(For Science, Mathematics, and Computer Science majors, and for others who have a sufficiently quantitative orientation)

Basic structure of modern digital computers; problem analysis and computer solution using flowcharting and the C++ language. Exemption or credit by examination possible.

[Back to Top](#)

## **CO 201 Internet and Multimedia**

3c-0l-3sh

Prerequisite: BE/CM/CO/IM 101 or prior exposure to word processing and electronic mail.

The major focus will be on the evaluation of information and multimedia resources available on electronic networks when doing research in an area of one's choice. This information literacy course is designed for students to gain a more in-depth understanding of the information resources available electronically and of how to utilize them more effectively in communicating. Students will learn how to access and utilize these resources for two-way communications and support for decision making while incorporating selected elements in multimedia presentations of

their own design. (BE/CM/CO/IM/LB 201 may be used interchangeably for D or F repeats and may not be counted for duplicate credit)

### **CO 205 Programming Languages for Secondary Education**

3c-0l-3sh

Prerequisite: Education major

Provides an introduction to the three high-level programming languages most commonly used in secondary education: Pascal, LOGO, and BASIC, with particular emphasis on Pascal. Also includes a comparative study of the control structures and data structures present in these three languages. This course is intended to establish a solid foundation to prepare prospective teachers of computing courses K-12. (Note: Previous experience with microcomputers is strongly recommended. Does not count toward a Computer Science major. Credit toward graduation will not be given if this course is taken after completing six or more credits of computer science courses.)

### **CO 220 Applied Computer Programming**

3c-0l-3sh

Prerequisite: CO110 or equivalent

Structured programming principles and techniques, as implemented through the ANS COBOL language; program design using top-down techniques; program and project documentation; introduction to sequential file algorithms.

[Back to Top](#)

### **CO 250 Introduction to Numerical Methods**

3c-0l-3sh

Prerequisites: CO110, MA122 or MA123 or MA127

Algorithmic methods for function evaluation, roots of equations, solutions to systems of equations operations, matrix operations, curve fitting, interpolation, numerical integration and differentiation, errors in computation.

### **CO 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **CO 300 Assembly Language Programming**

3c-0l-3sh

Prerequisite: CO110 or equivalent

Examination of structure and languages of machines; representation of data, addressing techniques, symbolic coding, assemblers, macros, etc.; problem solution using assembly language.

[Back to Top](#)

### **CO 310 Data Structures**

3c-0l-3sh

Prerequisite: CO110

Basic concepts of data; storage systems and structures; lists, arrays, strings, hashing techniques; searching and sorting techniques; data structures in programming languages; string processing. Programming in a object-oriented language.

### **CO 315 Large File Organization and Access**

3c-0l-3sh

Prerequisite: CO220

The organization of large computer files for business systems, information systems, and other applications. Use of advanced COBOL for efficient file access. Evaluation of file access methods and directory organization. Introduction to random file algorithms and integrated file systems.

### **CO 319 Software Engineering Concepts**

3c-0l-3sh

Prerequisite: CO315 or permission of instructor

Includes the collection of tools, procedures, methodologies, and accumulated knowledge about the development of the software life cycle; current methodologies, tools, and techniques being applied to each phase will be discussed in depth with localized exercises given to reinforce learning of concepts.

[Back to Top](#)

### **CO 320 Software Engineering Practice**

1c-2d-3sh

Prerequisite: CO319 or permission of the instructor

Planning, design, and implementation of large software systems using software engineering techniques. Students work in project teams on real or realistic software development projects. Credit for either CO 320 or CO 493 may count toward computer science major requirements for graduation but not both; the other course credits are free electives.

### **CO 345 Data Communications**

3c-0l-3sh

Prerequisites: CO110 or CO220; MA 121 or 123; MA214 or 216 or 217; or equivalents

Communication of digital data between computers and to and from terminals and other peripherals; computer networks; small design projects or term paper.

### **CO 355 Computer Graphics**

2c-1l-3sh

Prerequisite: CO310 and junior status

The use of computer graphics hardware and software. An overview of current applications and experience with representative software will introduce current practice. Foundations in primitives, geometry, and algorithms of passive computer graphics are the principal focus of the course. A brief introduction to interactive computer graphics will be included.

[Back to Top](#)

### **CO 362 UNIX and C**

3c-0l-3sh

Prerequisites: CO 310 or permission of instructor

An introduction to the history, features, syntax, and applications of UNIX and C. Lectures, reading, and hands-on projects. Coverage includes two or more command interfaces, variations in C, and portability issues. UNIX is a trademark of Bell Laboratories.

### **CO 380 Seminar on the Computer Profession**

0c-1d-1sh

Prerequisites: Permission (See text below)

Reading, review, and discussion of the current literature of computer science and industry trade journals; effective oral presentations; employment prospects. Should be taken the semester before an internship or the first semester of the senior year. Should not be taken at the same time as CO480.

## **CO 405 Artificial Intelligence**

3c-01-3sh

Prerequisite: CO310

An introduction to the field of artificial intelligence, i.e., the study of ideas that enable computers to process data in a more intelligent way than conventional practice allows. The course covers many information representation and information processing techniques. Students will explore the underlying theory including matching, goal reduction, constraint exploration, search, control, problem solving, and logic.

[Back to Top](#)

## **CO 410 Processor Architecture and Microprogramming**

3c-01-3sh

Prerequisites: CO300 and CO310

The logical description of computer processor structure (architecture), with emphasis on the microprogramming approach. Project assignments using minicomputer.

## **CO 419 Software Development with Ada**

3c-01-3sh

Prerequisite: CO310

Introduction to the Ada programming language as a tool of the software engineer. Projects will use the advanced programming constructs resident in Ada, including packages, multi-tasking, generic units, exception handlers, and concurrent programming.

## **CO 420 Modern Programming Languages**

3c-01-3sh

Prerequisites: CO220 and CO310

Comparative study of the properties and applications of a range of modern higher-level programming languages, including Ada, APL, C, LISP, LOGO, Pascal, PROLOG, and SNOBOL. Comparison with older languages such as ALGOL, BASIC, COBOL, FORTRAN, and PL/I.

[Back to Top](#)

## **CO 424 Compiler Construction**

3c-01-3sh

Prerequisites: CO300 and CO310

Relates the formal concepts of automata and language theory to the practicality of constructing a high-level language translator. The structures and techniques used in lexical analysis, parsing, syntax directed translation, intermediate and object code generation, and optimization are emphasized.

## **CO 430 Introduction to Systems Programming**

3c-01-3sh

Prerequisites: CO300 and CO310

Concepts and techniques of systems programming with an emphasis on assembly, linking, loading, and macro processing for user programs. Overview of higher-level language translation and system control. Programming and research projects.

## **CO 432 Introduction to Operating Systems**

3c-01-3sh

Prerequisites: CO300, CO310 or equivalents

Introduction to the principles of operating system design and implementation. Topics include interrupt service, process states and transitions, spooling, management of memory and disk space, virtual storage, scheduling processes

and devices, and file systems.

[Back to Top](#)

### **CO 441 Data Base Management**

3c-0l-3sh

Prerequisite: CO315

Review of data base concepts. Detailed study of data base management approaches. Comparative study of commercially available data base management systems. Project on the locally available data base systems.

### **CO 450 Applied Numerical Methods**

3c-0l-3sh

Prerequisites: CO250, MA171, and MA241, or equivalents

Polynomial approximations using finite differences, with applications in numerical integration and differentiation. Numerical solution of initial value ordinary differential equations. The APL language will be introduced and used, along with FORTRAN, in programming selected algorithms.

### **CO 451 Numerical Methods for Supercomputers**

3c-0l-3sh

Prerequisites: MA121 and MA122, or MA123 or MA127, MA171, CO250

Super computers make use of special computer architectures - vector and parallel processors - in order to achieve the fastest processing speed currently available. Students will be introduced to these features and will learn how numerical algorithms can be constructed to exploit supercomputers' capabilities. Students will gain practical experience in programming for the Cray, YMP, in incorporating existing scientific software packages into user-written programs, in submitting remote jobs to the Pittsburgh Supercomputer Center, and in producing animated graphical output to summarize the typically large volume of output data generated by large scientific programs. (Also offered as MA451; may not be taken for duplicate credit)

[Back to Top](#)

### **CO 460 Theory of Computation**

3c-0l-3sh

Prerequisites: CO310 or consent of instructor

Formal methods for describing and analyzing programming languages and algorithms. Backus-Naur forms; productions; regular expressions; introduction to automata theory; Turing machines; recent concepts in algorithm theory computability.

### **CO 480 Seminar on Technical Topics**

0c-1l-1sh

Prerequisites: See text below

Reading, review, and discussion of the current literature of computer science and industry professional and technical journals; oral presentations. Should be taken the last semester of the senior year. Should not be taken at the same time as CO380.

### **CO 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Seminar in advanced topics of Computer Science; content will vary depending on interests of instructor and students. May be repeated for additional credit. Special Topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **CO 482 Independent Study**

var-1-4sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval based on academic appropriateness and availability of resources.

### **CO 493 Internship in Computer Science**

var-12sh

Prerequisites: CO300, CO310, CO315, CO319, CO380, other courses depending on type of internship position desired, completion of application, and selection by committee

Positions with participating companies provide students with paid experience in computer science under the supervision of the companies and faculty. Requirements include three on-site consultations, two university consultations, completion of progress reports, oral presentation, and a final cumulative paper. Offered only to students during the second semester and summer of the junior year or the summer and the first semester of the senior year. No more than foursemester hours of CO493 may be applied toward the 30-semester-hour requirement for a major in Computer Science.

# Information Management

**Department of Management Information Systems and Decision Sciences**  
**Eberly College of Business**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[IM101](#) [IM201](#) [IM241](#) [IM245](#) [IM251](#) [IM255](#) [IM260](#) [IM281](#) [IM300](#) [IM350](#) [IM370](#) [IM372](#) [IM382](#) [IM450](#) [IM451](#) [IM470](#)  
[IM480](#) [IM481](#) [IM482](#) [IM493](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

## **IM 101 Microbased Computer Literacy**

3c-0l-3sh

An introductory course designed to provide students with a fundamental understanding of computers. This course familiarizes students with the interaction of computer hardware and software. Emphasis is placed on the application of microcomputers, the use of productivity software (word processing, spreadsheet management, file and data base management), and the social and ethical aspect of the impact of computers on society. Note: This course is cross-listed as BE101 and CO101. Any of these courses may be substituted for each other and may be used interchangeably for D or F repeats but may not be counted for duplicate credit.

## **IM 201 Internet and Multimedia**

3c-0l-3sh

Prerequisite: BE/CM/CO/IM 101 or prior exposure to word processing and electronic mail

The major focus will be on the evaluation of information and multimedia resources available on electronic networks when doing research in an area of one's choice. This information literacy course is designed for students to gain a more in-depth understanding of the information resources available electronically and of how to utilize them more effectively in communicating. Students will learn how to access and utilize these resources for two-way communications and support for decision making while incorporating selected elements in multimedia presentations of their own design. (BE/CM/CO/IM/LB 201 may be used interchangeably for D or F repeats and may not be counted for duplicate credit.)

## **IM 241 Introduction to Management Information Systems**

3c-0l-3sh

Study of management information systems and their design and implementation. General systems theory, computer hardware, and programming are emphasized and then integrated to demonstrate how an MIS is developed. (Offered only at branch campuses after 1991-92)

[Back to Top](#)

## **IM 245 Introduction to Microcomputers**

3c-0l-3sh

Demonstrates how to utilize the microcomputer in business. Topics will include hardware, operating systems, word processing, spreadsheets, data base, and BASIC. Offered for Associate Degree Program only.

### **IM 251 Business Systems Analysis and Design**

3c-01-3sh

Prerequisite: IM241 or IM300

Involves teaching the tools and techniques required for the analysis and the design of business systems. The major steps in the system's development life cycle are presented along with practical applications from the major subsystems of typical business organizations. Issues related to personnel, hardware, software, and procedures are explored as students work individually and in project teams to solve typical business application problems.

### **IM 255 Business Applications in COBOL**

3c-01-3sh

Prerequisites: AG201 and IM241 or IM300

Introduces the student to the COBOL programming as it applies to business organizations and their applications. Structured COBOL concepts and methods are taught as the student learns how to solve business problems using computers. The student will be involved using files, reports, and tables to produce a variety of outputs utilized in operating and managing business activities.

[Back to Top](#)

### **IM 260 Business Computer Application Project**

3c-01-3sh

Prerequisite: IM255

Provides each student an opportunity to utilize skills and concepts presented in previous COIS courses in the planning, design, and implementation of a comprehensive case study involving computerized business applications. Students will work in teams and individually in performing tasks that are necessary to solve each problem assigned. These tasks will include systems analysis, systems design, programming, testing, and implementing and documenting simulated business problems.

### **IM 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **IM 300 Information Systems: Theory and Practice**

3c-01-3sh

Prerequisites: CO/BE/IM 101, AG 202

Includes basic MIS concepts, fundamentals, and practices. Broad areas of coverage are principles, the computer as a problem-solving tool, Computer-Based Information Systems (CBIS), organizational information systems, and Information Systems management. (Replaced IM 241 in Eberly College of Business core, effective fall, 1992)

[Back to Top](#)

### **IM 350 Business Systems Technology**

3c-01-3sh

Prerequisite: CO220 or IM255

Student is taught fundamental and advanced concepts of computer hardware and a procedure for evaluation and acquisition of computer hardware.

### **IM 370 Advanced COBOL**

3c-01-3sh

Prerequisite: CO220

Corequisite: IM350

Advanced COBOL is a continuation of introductory COBOL with an emphasis on structured methodology of program design, development, testing, implementation, and documentation of common business-oriented applications. It includes a heavy emphasis on the techniques and concepts of the table processing, file organization, and processing alternatives, internal and external sorting, subroutines, and application development for both the batch and on-line systems. Micro Focus COBOL software is utilized.

### **IM 372 Microcomputer Applications**

3c-01-3sh

Prerequisites: IM350, CO220, AG201, or by permission

This course demonstrates how to use the microcomputer in business and how to provide technical assistance to users of the microcomputer. Emphasis will be placed on integrating software and interfacing with mainframe computers or with minicomputers. Topics covered include microcomputer hardware, microcomputer operating systems, local area networks, and microcomputer software tools.

[Back to Top](#)

### **IM 382 Auditing for EDP Systems**

3c-01-3sh

Prerequisites: AG201, CO220, or IM255

Emphasizes the responsibility of the systems analyst to include in systems design the proper management and financial controls and audit trails in business information systems. The design of controls for application programs and systems is covered. Audit software packages are examined.

### **IM 450 Data Base Theory and Application**

3c-01-3sh

Prerequisites: IM370, upper-division students only

After learning data structures, the student will then apply them to CODASYL compatible data base management systems, TOTAL, and IBM's data base management system. Student must develop and use a data base as part of requirement. [Course revision in process]

### **IM 451 Systems Analysis**

3c-01-3sh

Prerequisites: IM350 and IM255 or CO220

Develops an understanding of concepts and techniques involving conventional and structured approaches to analyzing problems of business information systems and systems definition feasibility, as well as quantitative and evaluative techniques of business information systems analysis.

[Back to Top](#)

### **IM 470 Systems Design**

3c-01-3sh

Prerequisite: IM451

Students learn tools and techniques for design of a business system. Along with classroom discussions of principles and techniques for analyzing, designing, and constructing the system, students will formulate system teams to analyze the problems of an existing business information system, to design an improved system, and to control implementation of a new system.

## **IM 480 Distributed Business Information Systems**

3c-01-3sh

Prerequisite: IM350

Study of the techniques involved in planning, design, and implementation of distributed processing systems. Distributed marketing, financial, and corporate accounting systems are included.

## **IM 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

## **IM 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department

chairperson, dean, and provost's office Individual research and analysis of contemporary problems and issues in a concentrated area of study under the guidance of a senior faculty member. Approval is based on academic appropriateness and availability of resources.

## **IM 493 Internship in MIS**

var-3-12sh

Prerequisites: IM370, consent of department chairperson and dean

Positions with participating business, industry, or governmental organizations provide the student with experience in systems analysis. Note: Internship IM493 can be taken, if the student qualifies, as a general elective. It does not fulfill the major-area elective requirement.

## CM 101 Communications Media in American Society

3c-0l-3sh

Required of Communications Media majors

Introduction to the evolution, status, and future of communications media. Students explore intrapersonal communication through self-assessment, values clarification, and feedback; interpersonal communication through interviews, observations, case studies, and gaming; and mass communications through the examination of the processes and the technology utilized to disseminate and manage information. Career paths, field applications, professional associations, and the primary literature are investigated. (Previous title: Survey of Communications Media)

## CM 102 Basic Technology

1c-0l-1sh

Prerequisite: CM101

Provides Communications Media majors with the ability to identify, operate, and maintain a variety of audiovisual hardware commonly found in education, business, industry, and allied health professions.

## CM 103 Basic Communications Research

1c-0l-1sh

Prerequisite: CM101

An introduction to research as it specifically applies to the field of communications. Major emphasis will be placed on a review of the resource materials pertaining to the area of communications. Also to be included will be a basic understanding of research methodology as it relates to the design and validation of communication devices.

[Back to Top](#)

## CM 200 Images

3c-0l-3sh

Prerequisite: CM101

The course examines the basic visual and aural elements, the strategies and options of techniques, the psychological and physiological implications of creative composition, and the range of media and formats.

## CM 201 Internet and Multimedia

3c-0l-3sh

Prerequisite: BE/CM/CO/IM 101 or prior exposure to word processing and electronic mail.

The major focus will be on the evaluation of information and multimedia resources available on electronic networks when doing research in an area of one's choice. This information literacy course is designed for students to gain a more in-depth understanding of the information resources available electronically and of how to utilize them more effectively in communicating. Students will learn how to access and utilize these resources for two-way communications and support for decision making while incorporating selected elements in multimedia presentations of their own design. (BE/CM/CO/IM/LB 201 may be used interchangeably for D or F repeats and may not be counted for duplicate credit.)

### **CM 230 Issues in International Communication**

3c-0l-3sh

Survey of international communications with particular emphasis on communications flow, four press theories, ownership, structure and access to media, government/media relationships, the impact of communications on developed and developing countries.

[Back to Top](#)

### **CM 271 Beginning Photography**

3c-0l-3sh

Prerequisite: CM101 or permission

Working with black-and-white materials, the student learns to operate a camera, develop film, make contact prints and enlargements, and mount prints for display. Ancillary topics are introduced such as filtration, print spotting, flash, and the use of accessory lenses. Student is required to have a 35mm camera, preferably a single-lens reflex, with fully manual focusing and exposure capability.

### **CM 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **CM 301 Technology for Learning and Instruction**

3c-0l-3sh

Prerequisite: EP202 or permission

Preservice teachers gain competencies in selection, evaluation, and utilization of various instructional technologies. Application of new technologies to teaching and learning will be emphasized, along with performance-based activities in instructional design. A major portion of the course is devoted to the integration of computer-based instructional activities in the school curriculum. Does not count towards credits needed for Communications Media major.

[Back to Top](#)

### **CM 303 Scriptwriting**

3c-0l-3sh

Prerequisite: CM101

Required of Communications Media majors Introduction to the design of media materials and script writing. Style and techniques of writing will be analyzed. Classroom emphasis is on writing, critiques, and revision of designs and scripts. Scripts for audio, still projection, and motion picture and television productions will be written.

### **CM 330 Communications Media in Training and Education**

3c-0l-3sh

Prerequisites: CM101, 303

The course reviews the historical growth and philosophies of the design and development of training and education products and processes. The student examines the principal roles and functions of human and material resource professionals for training (performance improvement), education (competency improvement), and development (personal and organizational growth).

### **CM 335 Consulting Practices in Communications**

3c-01-3sh

Prerequisite: CM101

The course presents the theoretical views and clinical applications of consulting skills and practices associated with and needed by communication professionals. Presented will be the functions and role of the consultant, the client's perspective on consulting, hiring a consultant, ethics in consulting, personal assessment tests, and related literature and models.

[Back to Top](#)

### **CM 375 Mass Media and Behavior**

3c-01-3sh

Prerequisite: PC 101 and junior or senior status

Theory and research on the influence of the mass media on human behavior and attitudes. Topics include the effects of news and political advertising on public opinion; the effects of racist and sexist portrayals; and the effects of violence and pornography on aggressive behavior. (Also offered as PC 375; may be taken only once)

### **CM 380 The History of African Americans in Film**

3c-01-3sh

Traces the historical development of the roles of African Americans in film and television. Students examine the early stereotypic portrayals of this group, the origins of these stereotypes, and the ongoing changes, positive and negative, that have occurred regarding the media representation through research, film, and archetypal analysis, observation, and discussion. The new generation of African American filmmakers and their creative efforts to promote more realistic portrayals are analyzed.

### **CM 390 Practicum in Communications**

var-1-3sh

Prerequisites: CM 101, written permission

An opportunity with credit for students to make contributions to department and campus media-related facilities and offices including WIUP-TV, WIUP-FM, Penn, Oak, Public Relations, Media Resources. Repeatable for a maximum of six credits.

[Back to Top](#)

### **CM 395 Career Planning in Communications Media**

1c-01-1sh

Prerequisite: Minimum 20 CM credits

The course serves as a primary skill-building and strategy-seeking experience for the internship program and later career entry and growth. Extensive writing, research, and individual counseling are involved. Travel may be necessary.

### **CM 403 Writing for Broadcasting**

3c-01-3sh

Prerequisites: CM101, permission of instructor

The course acquaints students with the various techniques used in writing scripts for radio and television and makes them aware of the visual impact of television and the audio impact of radio. Students are made aware of the limitations of television and radio as well as their unique features.

### **CM 404 Foundations of Broadcasting**

3c-01-3sh

Prerequisites: CM101, permission

Examination of the historical, legal, and economic aspects of broadcasting. Impact of broadcasting on society will be explained as well as the impact of the new technology on our existing broadcasting systems.

[Back to Top](#)

### **CM 405 Radio Production**

3c-01-3sh

Prerequisites: CM101, 200, 403, 404, permission

An introduction to production techniques as they pertain to radio. The student will be exposed to programming, scripting, producing programs, intros, outros, commercials, public service announcements, station identifications, and promotional announcements. The course will also deal with the interaction of a radio station with national networks and with the real-life concerns of deadlines.

### **CM 430 Analysis of Communication Products and Processes**

3c-01-3sh

Prerequisites: CM330, permission

The course will provide both a framework for action and tools to measure the effectiveness of training and education in human and material resource development programs. The course contains practical theory and problem-focused discussion with students regarding application. Topics include instrument choice or construction, data collection and analysis, interpretation, and alternative presentation strategies of the findings.

### **CM 435 Organizational Development in Communications Media**

3c-01-3sh

Prerequisites: CM330, permission

The course presents the basic methods and approaches for organization, management, and development of human and material resource departments. The topics include the primary activities and roles of an HMRD director, problem-solving functions in reporting to management, characteristics associated with career systems, and special topics.

[Back to Top](#)

### **CM 440 Communications Graphics**

3c-01-3sh

Prerequisites: CM101, permission

Provides basic experiences in planning and producing a commonly used television studio, industrial display, and classroom graphics which are applicable in educational, industrial, and medical training programs. Experiences include technical layout and lettering; color; mounting and laminating; copying and reproduction techniques utilizing photography and xerography; photo silk screening and photo sketching.

### **CM 441 Advanced Communication Graphics**

3c-01-3sh

Prerequisites: CM440, permission

Provides in-depth experience in planning and preparing graphic materials commonly used in the communications profession; graphic materials include design, photosketching, lettering, slide titling and duplication, preparation of camera-ready art, lithographic film and master layout sheets, professional slide flat production and photocopy, large-format transparency production, color key, and color systems.

### **CM 445 Applications and Techniques of Motion Pictures**

3c-01-3sh

Prerequisites: CM444, permission

A survey of the role that motion picture film production plays in society. Major emphasis will be placed on the variety of applications with special consideration given to motion pictures as a tool to support research.

[Back to Top](#)

### **CM 449 Basic Audio Recording Techniques**

3c-01-3sh

Prerequisites: CM101, 403, permission

Theory and practice of recording sound, developing an understanding of the language of sound recording as well as the ability to make sound recordings. Exposure to recording for various media including radio, music, motion pictures, television, multi-image, and slide and tape production. Material also appropriate for teachers who wish to make use of tape recorder in the classroom. Students will gain hands-on experience through labs and projects to be completed outside of class. Students will be expected to provide an audio tape recorder.

### **CM 450 Advanced Audio Recording Techniques**

3c-01-3sh

Prerequisites: CM449, permission

Sound recording utilizing advanced techniques and concentrating on specific applications. Student participates in an intensive lab experience utilizing the most advanced equipment available. Emphasis on application, editing, signal processing, and multi-track recording. Student is expected to produce a sound recording for a specific use of professional quality.

### **CM 451 Television Production**

3c-01-3sh

Prerequisites: CM101, permission

Develops basic skills in television production and direction. Consideration of operating problems of a television studio, as well as functions, limitations, and capabilities of television equipment and facilities.

[Back to Top](#)

### **CM 452 Electronic Field Production**

3c-01-3sh

Prerequisites: CM451, permission

Provides in-depth field experience with portable video equipment and lighting. Students edit programs to broadcast quality.

### **CM 453 Broadcast News Process**

3c-01-3sh

Prerequisites: CM405, 451, permission

Reporting and presenting radio and TV news programs. Analysis of news and public affairs broadcasting.

### **CM 454 Broadcast Regulation**

3c-01-3sh

Prerequisites: CM404, permission

This course delves into the areas of law affecting broadcasters. Topics covered are laws pertaining to cable television, station licensing and renewal, political broadcasting, libel, copyright, the right of reply, and privacy. The historical development of the FCC and its jurisdictions will also be examined. Case studies will be discussed along with the relevancy of some laws as they pertain to today's society.

[Back to Top](#)

### **CM 455 Television Performance**

3c-01-3sh

Prerequisites: CM451, permission

Provides theory and practice for performing on television. Detailed analysis of a performer's role in a variety of settings.

### **CM 456 Broadcast Management**

3c-01-3sh

Prerequisites: CM404, permission

Detailed examination of the management decision-making process in radio and television; particular reference to program policies, personnel administration, and community relations.

### **CM 460 Alternative Systems of Communication**

3c-01-3sh

Prerequisites: CM404, permission

The implications and capabilities of cable systems, the private and industrial utilization of nonbroadcast services, the emergence of satellite CATV networking, and the application of two-way cable response systems.

[Back to Top](#)

### **CM 472 Photography II: The Print**

3c-01-3sh

Prerequisites: CM271, permission

Students will develop camera and print-making skills to the degree that they can produce salon-quality photographic prints. Students will understand the photographic processes utilized in producing a high-quality negative and print to the extent that they can manipulate those processes to communicate an intended message with their photographs. Emphasis on camera and print control as well as composition and negative and print manipulation.

### **CM 473 Creative Darkroom Techniques**

3c-01-3sh

Prerequisites: CM472, permission

Students pursue photographic competencies to a high level of proficiency. Specific topics may vary as photographic technology changes, but typical assignments include high-contrast photography through the use of graphic arts materials, multiple exposures in the camera and in projection printing, making and using paper negatives, and hand coloring of photos.

### **CM 474 Documentary Photography**

3c-01-3sh

Prerequisites: CM271, 472, permission

Prepares the student to deal with the actions of subjects in both descriptive and interpretive styles. The student is assigned to photograph a variety of local events in a manner that makes the nature of the event evident to the viewer of the photograph. The student also learns differences between printing for reproduction and for exhibit. The student is required to have a 35mm camera (preferably a manual exposure single-lens reflex) and a flash unit.

[Back to Top](#)

### **CM 477 Slide/Sound Production**

3c-01-3sh

Prerequisites: CM271, 303, 440, 449, and permission

This course is designed to provide advanced students with the theoretical and practical experiences necessary to be able to plan, design, produce, and present effective slide/tape presentations for use in education, industry, and the allied health professions.

### **CM 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **CM 482 Independent Study**

var-1-3sh

Prerequisites: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students may, with the sponsorship of a department faculty member and consensus of the department, elect an advanced course of study which reflects the academic goals of the department. Approval is based on academic appropriateness and availability of resources. Exemplary project is intended to extend or combine field knowledge not readily available through other course offerings. Students may take one or more semester hours (40 hours or more of commitment=1 s.h.), and multiple projects are possible; a maximum of 3 s.h. are permitted towards a degree program.

[Back to Top](#)

### **CM 493 Internship**

var-6-12sh

Prerequisites: Communications Media majors only, junior or senior status, permission

Supervised professional work experience in communications media. Sites reflect the academic goals of the department and are approved and administered by a department coordinator. Location, duties, length of internship, and hours are individually tailored to student career goals. Sites represent wide application of process and technology of communications in business, education, allied health, or other agencies. Students may take 3 or more s.h. per semester (40 hours or more of commitment=1 s.h.), and multiple experiences are possible; a maximum of 3 s.h. of internship and/or field experiences are permitted towards a degree program.

## **CS 101 Personal and Family Management**

3c-0l-3sh

Management as a system and its relationship to individuals and families. Formulation of goals, values, and standards; use of decision-making process; utilization of resources.

## **CS 117 Design Graphics**

1c-0l-3sh

Introduction to drafting and presentation techniques as they relate to interior design. Two- and three-dimensional graphic hand skills including drafting, delineation of shading and perspective, application of color, media, texture, tone, and lettering are introduced.

## **CS 205 Color Theory and Application**

3c-0l-3sh

The theoretical basis of color is presented as it relates to the human visual system, light, pigment, perception, and measurement. The application of color theory is discussed in terms of interior design, merchandising, and display.

[Back to Top](#)

## **CS 213 Residential Appliances and Consumer Electronics**

2c-2l-3sh

Consumer education in the selection, use, and care of home equipment appliances and consumer electronics; the relationship of energy sources and utilities to major appliances, portable and personal care appliances, and consumer electronics.

## **CS 217 Interior Design**

1c-3l-3sh

Prerequisite: AR120 or equivalent

Emphasis upon development of knowledgeable consumers in the selection and design of a home, its furnishing, and its total environment.

## **CS 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the

established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **CS 299 Cooperative Education I**

0sh

Prerequisite: Approval of Co-op Coordinator

Designed to combine theory with practical application through job-related experiences. Consumer services majors are actively employed in business, industry, and a variety of organizations and agencies with a work focus which relates to their academic training and career objectives. First of two alternating work experiences required.

### **CS 310 Human Factors in Interior Design**

3c-01-3sh

Prerequisite: Junior standing

The study of human and technology systems interface as related to interior design. Emphasis on ergonomic and economic decision making to insure that the user can function with a minimum of stress and a maximum of efficiency. (To be offered effective 1996-97; pending approval of Council of Trustees)

### **CS 312 Housing and Culture**

3c-01-3sh

Managerial, sociological, economic, and aesthetic aspects of housing and man are investigated as well as a consideration of the environment of the home as part of the community.

[Back to Top](#)

### **CS 315 Consumer Economics and Family Finance**

3c-01-3sh

Economic, sociological, and psychological principles are applied to family money management problems. Information needed to manage finances effectively and to become a rational consumer is presented.

### **CS 357 Interior Design Studio**

1c-31-3sh

Prerequisite: CS217

Creative solutions to problems in interior environments emphasized. Professional interior design practices; design opportunities.

### **CS 399 Cooperative Education II**

0sh

Prerequisite: Approval of Co-op Coordinator

A program designed to combine theory with practical application through job-related experiences. Consumer services majors are actively employed in business, industry, and a variety of organizations and agencies with a work focus which relates to their academic training and career objectives. The student is required to serve a minimum of two alternating work experiences.

[Back to Top](#)

### **CS 413 Problems in Consumer Economics**

3c-01-3sh

Prerequisite: CS315 or Economics

Problems of consumer-seller relationships studied with emphasis given to effects of current economic and social

forces. Governmental and private protection agencies which aid the consumer are reviewed. Individual investigations required. Fall semester only.

### **CS 416 Problems in Family Finance**

3c-0l-3sh

Prerequisite: CS315

In-depth theories and principles in personal and family finance and the rights and responsibilities of consumers are emphasized. Opportunities are provided for students to explore specific areas of interest. Spring semester only.

### **CS 421 Senior Seminar**

2c-0l-2sh

Prerequisites: Completion of 90 semester hours

Knowledge gained in major and outside concentration courses is applied to individual career goals. Students have the opportunity to pursue related areas not directly covered in previous coursework, with emphasis upon independent research, analytical thinking, and communications skills.

[Back to Top](#)

### **CS 433 Study Tour**

var-1-6sh

Prerequisite: Upper-level standing

Opportunity is provided to visit business establishments and cultural centers concerned with household equipment, furnishings, textiles, clothing, and housing in America as well as abroad. Museums, factories, designers' showrooms, distribution centers, stores, cultural events, and seminars are included. Course may be repeated for a total of 6 semester hours. (This course is cross-listed as FM433.)

### **CS 461 Microwave Cooking Technology**

2c-2l-3sh

Study of the electronic technology, selection, care, and use of the microwave oven. Basic physical and chemical concepts related to microwave cooking are included. Individual investigative research problems are required.

### **CS 462 Historic Interiors**

3c-0l-3sh

Chronological study from ancient times to the mid-19th century of the dominant influences and characteristics of historical interiors, furniture, and ornamental design. Emphasis placed upon style detail and its relationship to social, economic, political, religious, and aesthetic influence and to the contemporary scene. Paper required.

[Back to Top](#)

### **CS 463 Modern Interiors**

3c-0l-3sh

Chronological study from mid-19th century to the present of the dominant influences and characteristics of the 20th-century interior, furniture, and ornamental design. Emphasis placed upon style detail and its relationship to social, economic, political, religious, and aesthetic influences and to contemporary usage. Paper required.

### **CS 464 Interior Planning and Drawing**

1c-3l-3sh

Prerequisite: CS217

Analysis and design as related to contract applications. Presentation, appropriate media, equipment, and techniques will be stressed. Freehand and mechanical methods employed to depict floor plans, elevation, and construction details

with emphasis on function.

### **CS 465 Interior Lighting**

3c-0l-3sh

Prerequisite: CS217 or equivalent

Lighting fundamentals applicable to the environmental design of residential and commercial spaces. Includes calculation methods, terminology, theory of color visibility, light source alternatives, fixture function and selection, lighting trends, and related professional organizations.

[Back to Top](#)

### **CS 468 Interior Design Professional Practice**

3c-0l-3sh

Prerequisite: Junior standing

Planning, business organization, management, contracts, procedures, and ethics for the professional interior designer.

### **CS 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **CS 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Particular consumer considerations are independently investigated in the area of housing, home equipment, interior design, clothing, and textiles, or in the management of resources. Course may be repeated for a total of 3 semester hours. Students meet with a faculty member at least 5 hours per semester hour.

[Back to Top](#)

### **CS 493 Internship**

var-1-12sh

Prerequisites: Approval of instructor and department chairperson; upper-level standing

Practical experience related to the student's major area of study with objectives, supervised experience, and evaluation. Course may be repeated for a total of 12 semester hours.

## **FR 101 Basic French**

4c-0l-4sh

For the student beginning the study of French or who needs remedial study before beginning the intermediate sequence. Primary emphasis is on the mastery of French pronunciation and oral communication. Students will learn to converse in simple present time and become acquainted with location of Francophone populations and elements of their daily lives. Attendance and Foreign Language Learning Center practice is required.

## **FR 201 College French I**

3c-0l-3sh

The initiation of college-level mastery of basic language skills and exposure to cultural materials. Supplements beginners' oral competency with more advanced reading and writing. Emphasis on narration in the past. Efforts are made to practice skills and comprehend texts in authentic cultural contexts. Liberal Studies elective credit is given for this course.

## **FR 202 College French II**

3c-0l-3sh

Prerequisite: FR201 or equivalent

This course continues the college-level mastery of language skills. The ability to narrate present and past is intended to express opinion and hypothesis. Emphasis is on acquiring greater skill in reading literary and cultural texts. Liberal Studies elective credit is given for this course.

[Back to Top](#)

## **FR 203 Accelerated College French**

6c-0l-6sh

Develops listening and speaking skills through an immersion method. Students use present, past, and future to indicative tenses in intensive aural/oral interaction and are expected to make use of the audio and video capabilities of the Foreign Language Learning Center on a weekly basis. Liberal Studies elective credit is given for this course.

## **FR 221 Conversation III**

2c-0l-2sh

Gives students opportunity to practice the grammatical knowledge they acquire in a corresponding class and develops their oral skill. Stresses phonetics, pronunciation, and vocabulary.

**FR 222 Conversation IV**

2c-0l-2sh

Continues the study of phonetics to improve students' pronunciation. Readings of relatively short texts followed by questions and answers. Some informal conversation to increase the vocabulary, to be able to react spontaneously to a given situation, and to carry the oral skill to a higher level.

[Back to Top](#)

**FR 253 Intermediate Composition and Conversation**

3c-0l-3sh

Intermediate course in grammar, reading, composition, and some oral work. Can substitute for or be in addition to FR202 for majors or serious students.

**FR 254 Civilization of Modern France**

3c-0l-3sh

Prerequisite: FR202 or equivalent

Study of modern French culture and civilization -- social institutions, government, industry, economics, and geography. Development of all language skills for use in business situation in French-speaking environment. Emphasis on acquisition of an active knowledge of the business world.

**FR 255 The Art of Translation (version)**

3c-0l-3sh

Prerequisite: FR202 or equivalent

Practice in the skills needed to translate from the foreign language into English. Students will analyze problems of translation as they occur in scientific, business, journalistic, and literary texts.

[Back to Top](#)

**FR 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

**FR 301 Portraits of Women in the French Novel**

3c-0l-3sh

Explores the polarity of the treatment of female characters in the French novel. Explores differences of treatment by male and female writers through inclusion of women novelists. Provides a chronological survey of the development of the novel in France from the 17th to the 20th centuries.

**FR 321-322 Advanced Conversation I and II**

each 1c-0l-1sh

Designed to increase speaking ability. The variety of content permits repetition of these relatively informal courses.

[Back to Top](#)

**FR 351-352 Advanced French I and II**

each 3c-0l-3sh

Reviews grammar in depth; analyzes the structure of the language; frequent themes required.

**FR 354 Business French**

3c-0l-3sh

Prerequisite: FR 254 or permission of instructor

Study of principles and practices of business communication in French secretarial and administrative procedures with an emphasis on the planning and writing of business letters, reports, and abstracts of articles in business and economics.

**FR 361 Development of French Culture and Literature I**

3c-0l-3sh

Provides a general background in French cultural history, including art, architecture, and music and in social and political ideas and a general survey of literature. The course spans the period from the Middle Ages to the French Revolution.

[Back to Top](#)

**FR 362 Development of French Culture and Literature II**

3c-0l-3sh

This course provides a general background in French cultural history including art, architecture, and music and in social and political ideas and a general survey of literature. Spans the period from Pre-Romanticism to the present.

**FR 363 Medieval and Renaissance Literature**

3c-0l-3sh

A study of the major literary works of the period, beginning with the Chansons de gestes and emphasizing the evolution of ideas and the various literary genres.

**FR 365 Seventeenth-Century French Literature**

3c-0l-3sh

A study of the major Baroque and neoclassical works in poetry, theater, and prose with special attention to the evolution of ideas and the French moralist tradition.

[Back to Top](#)

**FR 366 Eighteenth-Century French Literature**

3c-0l-3sh

A study of the Age of Enlightenment in its principal authors and works, including the popularization of ideas for and by secondary authors; a survey of the century's intellectual and literary crosscurrents in French literature and the wider scope of foreign influences.

**FR 367 Nineteenth-Century French Literature**

3c-0l-3sh

A study of the literature of 19th-century France with particular attention to the development of the novel while also treating the genres of poetry and theater. Attention is given foreign influences and correlations.

**FR 368 Twentieth-Century French Literature**

3c-0l-3sh

A survey of the poetic, theatrical, and narrative genres of the French 20th century with emphasis on the interaction between philosophical development and literary expression.

[Back to Top](#)

**FR 371 The French Novel**

3c-01-3sh

Elective survey of the origin and development of the French novel. Works representative of major genres are read in their entirety.

**FR 372 Studies in Contemporary French Literature**

3c-01-3sh

Content of this course will vary in accordance with needs and interests of those who elect it.

**FR 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times.

[Back to Top](#)

**FR 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources. An opportunity to engage in an in-depth analysis of some topic dealing with the French language and culture through consultation with a faculty member.

**FR 493 Internship**

var-3-12sh

Prerequisite: One semester of study in France

A supervised field experience in France with approved public agencies and institutions or private firms; no longer than one semester and no less than one month. Positions will be matched as closely as possible with the intern's personal interests and professional goals. For more information, contact the director of the Internship Abroad Program.

## **GM 101 Elementary German**

var-6sh

Students complete levels I and II sequence in one semester (6sh). Emphasis on mastery of spoken language as well as basic language skills. Classes meet M,W,F for 60 minutes and T,R for 90 minutes.

## **GM 151 German I**

3c-0l-3sh

For beginners, the objectives include grammar, pronunciation, reading, speaking, and writing.

## **GM 152 German II**

3c-0l-3sh

For students who have had German I or its equivalent, the objectives are to enhance and develop the four skills of listening, speaking, reading, and writing.

## **GM 201 Intermediate German**

var-6sh

Students complete levels III and IV sequence in one semester (6sh). Students develop language skills with emphasis on oral competency. Classes meet M,W,F for 60 minutes and T,R for 90 minutes.

[Back to Top](#)

## **GM 221 Conversation III**

2c-0l-2sh

Two-hours-weekly conversation practice in small groups emphasizing the use of greetings, idiomatic expressions, and communication skills to improve vocabulary and pronunciation.

## **GM 222 Conversation IV**

2c-0l-2sh

Two hours of weekly conversation designed as a continuation of the practice in small groups, focusing on speaking and listening skills and on participation in discussions and dialogues. May enroll without having taken GM221.

## **GM 251 German III**

3c-01-3sh

Continued training in basic skills, with the possible addition of the study of specific topics; consult the department for topics of interest.

[Back to Top](#)

### **GM 252 German IV**

3c-01-3sh

Continuation of German III with some emphasis on literary works.

### **GM 253 Intermediate Composition and Conversation**

3c-01-3sh

Can be taken instead of or in addition to 252. Designed for majors or serious students. Offered in spring only.

### **GM 254 Business German**

3c-01-3sh

Prerequisite: GM251 or equivalent

A one-semester course which can be taken instead of, or in addition to, GM252 by students interested in business or as part of the General Education requirement (equivalent to German IV). Business practices and specialized business vocabulary, letter writing, and problems of translation are emphasized.

[Back to Top](#)

### **GM 256 Scientific German**

3c-01-3sh

Designed to substitute for GM252, course will be offered in the second semester. Primarily for science majors, it may be taken as an elective by German majors.

### **GM 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **GM 321-322 Advanced Conversation I and II**

each 2c-01-1sh

Designed to increase speaking ability. The variety of content permits repetitions of these relatively informal courses.

[Back to Top](#)

### **GM 351 Advanced German Language I**

3c-01-3sh

Aims review and expand the student's grammatical skills, to apply these skills to extensive cultural and short literary readings, and to produce frequent themes on these readings.

### **GM 352 Advanced German Language II**

3c-01-3sh

Continues to expand the student's grammatical skills and to apply them by the writing of longer themes based on cultural and literary readings.

### **GM 361 Development of German Culture and Literature I**

3c-0l-3sh

Designed to provide a background in German literature, music, art, architecture, and history. Surveys the period from the migrations of the Germanic tribes to the rise of Prussia as a European power.

[Back to Top](#)

### **GM 362 Development of German Culture and Literature II**

3c-0l-3sh

A continuation of GM361. Covers the period from the French Revolution and its effects on Germany up to the present, with an emphasis on German literature, history, and music.

### **GM 363 Introduction to German Literature I**

3c-0l-3sh

Selected readings in German poetry to acquaint the student with formal and thematic aspects of German verse from the Middle Ages to the present.

### **GM 364 Introduction to German Literature II**

3c-0l-3sh

Selected readings in German fiction and drama to acquaint the student with representative works and techniques of interpretation.

[Back to Top](#)

### **GM 367 Nineteenth-Century German Literature**

3c-0l-3sh

A survey of the major works of German poetry and prose with an emphasis on the literary movements of Romanticism, Realism, and Naturalism.

### **GM 368 Twentieth-Century German Literature**

3c-0l-3sh

A study of representative works of German poetry and prose from Expressionism through World War II.

### **GM 369 Contemporary German Literature**

3c-0l-3sh

A study of the literary achievement of postwar Germany up to the present.

[Back to Top](#)

### **GM 370 The Age of Goethe I**

3c-0l-3sh

A study of representative works from the Enlightenment and Storm and Stress periods.

### **GM 371 The Age of Goethe II**

3c-0l-3sh

A study of selected works of German Classicism with an emphasis on the prose and poetry of the first decades of the 19th century.

### **GM 381 German Drama in English Translation**

3c-01-3sh

Representative works of major dramatists in English translation. Primarily intended for students of English literature, comparative literature, and not considered as credit toward a German major.

[Back to Top](#)

### **GM 410 History of the German Language**

3c-01-3sh

History and development of German language, with special emphasis on relationships with English. Analysis of annals in Gothic, Old High German, and Middle High German using methods of historical and contemporary linguistics.

### **GM 481 Special Topic**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students. Designed to meet the special needs of a student group.

### **GM 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

An opportunity to engage in an in-depth analysis of some topic dealing with the German language and culture through consultation with a faculty member.

[Back to Top](#)

### **GM 493 Internship in Germany**

var-3-12sh

Prerequisites: 12 credits in 300- or 400-level courses and a minimum of one semester study in Germany

A supervised field experience in Germany with approved public agencies and institutions or private firms; no longer than one semester and no less than one month. Positions will be matched as closely as possible with the intern's personal interests and degree of proficiency in the German language. Academic work at the Gesamthochschule in Duisburg must precede the internship. Open to students in other disciplines, such as Political Science, International Relations, Business, etc., with adviser approval.

## **HE 218 Child Development**

3c-0l-3sh

Prerequisite: PC101

Focuses on the normal development and behavior of children. Survey made of physical, emotional, social, and intellectual development of children from conception through early adolescence. Pertinent child development research analyzed.

## **HE 220 Teaching in Child Development Centers**

2c-4l-4sh

Prerequisite: HE218 or equivalent

Techniques in planning for and teaching preschool children. Participation as teacher-assistant provides experience in applying principles of child guidance and development needed by teachers in preschool centers or secondary school child development laboratories.

## **HE 224 Marriage and Family Relations**

3c-0l-3sh

Prerequisite: PC101

Focuses on principles of human relations basic to marital decisions and adjustment. Influence of community and family experiences on personal development and adjustment explored.

[Back to Top](#)

## **HE 250 Introduction to Teaching Vocational Home Economics Education**

3c-0l-3sh

Overview of philosophy and organization of home economics profession and the role of home economics teachers. Opportunities for planned observations and varied teaching experiences using a variety of resource materials are provided. Self-evaluation relative to desirable teacher competencies is stressed.

## **HE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

**HE 317 Infant Development**

2c-2l-3sh

Prerequisite: HE218

Study of characteristic developmental changes of human infants from birth to approximately two and a half years. Participation as teacher assistant in infant/toddler child care center provides experience in developmentally appropriate guidance and planning for very young children.

[Back to Top](#)

**HE 321 Preschool Education**

3c-0l-3sh

Prerequisite: HE220 or concurrently

Examination of the child development philosophy as the basis for developmentally appropriate decisions and methods in preschool education programming. Emphasis is placed on play as a developmental process and as the major aspect of the preschool curriculum. May not be interchanged with EL353: Preschool Education.

**HE 324 Family Dynamics**

3c-0l-3sh

Prerequisite: HE224 or equivalent

Emphasis on processes and models of family development topics. Focus on approaches and dynamics of principles related to familial and marital adjustment and coping.

**HE 350 Teaching Family Life Education**

3c-0l-3sh

Prerequisites: HE250, ED242

Corequisite: EP302

Emphasis on teaching family life education in home economics classrooms and through community organizations and agencies. Lessons are planned and implemented using a variety of instructional methods incorporating adaptations and modifications for special needs learners, basic skills, global concerns, and use of a problem-solving/decision-making approach. Planning of content, learning activities, instructional materials, and evaluation based on clearly stated objectives are emphasized. A microcomputer spreadsheet is utilized to manage a department budget and a gradebook. Participation in professional organization activities is expected.

[Back to Top](#)

**HE 418 Advanced Child Development**

3c-0l-3sh

Prerequisite: HE218

Study of trends and research in the field of child development based on a review of major theorists and current literature.

**HE 420 Practicum in Child Development**

1c-10l-6sh

Prerequisites: Senior standing and HE220 and HE321

The intensive practicum provides in-depth practical advanced laboratory experiences designed to refine and further develop the techniques and skills needed by professionals to work with young children and families.

**HE 422 Early Childhood Education**

3c-0l-3sh

Prerequisite: HE220 or concurrently

Current educational theories and research reviewed in terms of implication for preschool and their effect on material, equipment, and activity selection.

[Back to Top](#)

### **HE 424 Family Issues**

3c-01-3sh

Prerequisite: HE224

Concentrated study of selected areas of family life, with emphasis on current personal and social issues affecting the family.

### **HE 426 Techniques of Parent Education**

3c-01-3sh

Prerequisite: HE220 or equivalent

Examination of nature, extent, and significance of parent education. Interrelationships of home, school, and community agencies are examined in light of various programs, methods, and techniques of parenting education.

### **HE 427 Administration of Child Development Centers**

3c-01-3sh

Prerequisites: HE220 or equivalent, juniors or seniors only

Development of special knowledge and competencies needed by successful administrators of child care programs including proposal writing, budgeting, management, staff selection and training, appropriate curriculum materials, philosophy, parent involvement, child advocacy, and program evaluation.

[Back to Top](#)

### **HE 430 Student Teaching Practicum**

1c-01-1sh

Taken concurrently with ED431 and ED441. Assists student teachers in analyzing problems and experiences encountered during student teaching. Emphasizes the variety and types of home economics programs and focuses on developing effective teaching strategies (four sessions of three and a half hours during the semester).

### **HE 450 Teaching Vocational Home Economics**

3c-01-3sh

Prerequisite: HE350

Emphasis is on teaching vocational home economics in consumer/homemaking and occupational home economics programs. Federal legislation impacting on home economics is analyzed for use in program decisions. Emphasis is given to program development using CBVE model, development of individual learning packets, vocational youth organizations, advisory committees, home economics and vocational educational priorities, professional organizations, proposal development for funding, impact on public policy, marketing home economics, and development of a personal philosophy of home economics education.

### **HE 455 Home Economics Programs for Individuals with Special Needs**

3c-01-3sh

Prerequisite: EX300

Application of vocational regulations and public laws in relation to individuals with special needs. Developing home economics programs (planning, methods, strategies, and resources) for individuals with special needs applicable to school and nonschool settings.

[Back to Top](#)

## **HE 463 Family and the Community**

3c-01-3sh

Study of community agencies and problems that affect families and their contributions to community. Investigation of ways group dynamics, communication media, and other resources aid understanding of human behaviors. Field experience is an integral part of the course.

## **HE 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **HE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Upper-level students with high scholastic achievement pursue their particular interests outside the realm of the organized home economics education curriculum. May be taken more than once to a maximum of 3 semester hours. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

## **HE 493 Internship**

var-6-12sh

Prerequisites: Permission of department, college dean, and university internship coordinator; upper-level standing

Practical experience related to the student's major area of study. Objectives are developed individually in consultation with university faculty member who supervises the internship. Log and major paper required. May be repeated up to a total of 12 semester hours; however, these semester hours are not applicable toward the 124 semester hours required for graduation if student receives 12 semester hours in student teaching.

## **JN 102 Basic Journalistic Skills**

3c-0l-3sh

Prerequisite: EN101

Required for journalism majors and minors. Emphasis on grammar, punctuation, spelling, AP Stylebook, copyediting, headlines, and accuracy. (Offered as JN106 prior to 1994-95)

## **JN 105 Journalism and the Mass Media**

3c-0l-3sh

Prerequisite: EN101

A critical examination of roles-goals of newspapers, magazines, radio, and television as they affect American society socially, politically, and economically.

## **JN 120 Journalistic Writing**

3c-0l-3sh

Prerequisite: EN101, Nonmajors/Minors

Emphasis on intelligent use of writing ability in a journalistic style and understanding of the why of journalism and mass media. This course practices and improves writing skills for all news media, print and broadcast.

[Back to Top](#)

## **JN 220 Writing for the Print Media**

3c-0l-3sh

Prerequisites: JN102 (C or better), majors only

A course in journalistic style intended for students who plan to become professional writers. Teaches the basic journalistic formats and strategies used in print media such as the summary lead, the delayed lead, and the conventional news-story format. Throughout emphasizes economy, clarity, and the development of voice for a given medium.

## **JN 243 History of the American Press**

3c-0l-3sh

Prerequisites: JN120 or JN220

Traces the development of the American press from its colonial roots. Emphasis on the role of the press in political and social development. (Offered as JN343 prior to 1994-95)

## **JN 250 Women and the Press**

3c-0l-3sh

Prerequisites: EN101, sophomore standing

Explores the role of women in American journalism. Includes study of lives/careers of women journalists and their specific contributions to the profession. Emphasis on evolution of equal opportunity for women and other minorities in the American Press. Attention to the changing definition of news as influenced by the inclusion of women and minorities in editorial roles.

[Back to Top](#)

## **JN 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **JN 321 Feature Writing**

3c-0l-3sh

Prerequisites: JN102, JN220

Designed for the student who might work in journalism or who might wish to write on a part-time or free-lance basis.

## **JN 326 Public Relations I**

3c-0l-3sh

Prerequisites: JN102, JN120 or JN220

Introduces students to the principles, practices, programs, and possibilities in the various areas of public relations.

[Back to Top](#)

## **JN 327 Layout Design and Production**

2c-3l-3sh

Prerequisite: JN105

Provides basic techniques and theories of layout design and production, including typography, copyfitting, photo/art cropping and scaling, and steps in design process. Includes traditional paste-up and desktop publishing in the design of ads, newspapers, newsletters, brochures, and magazines.

## **JN 328 News Reporting**

3c-0l-3sh

Prerequisites: JN102, JN105, JN220, majors only

Includes instruction in writing the news story, preparing copy, interviewing, covering special events, and similar reporting activities.

## **JN 337 Editing**

3c-0l-3sh

Prerequisites: JN102, JN220

Stresses basic practices such as copyediting and headline writing while also focusing on guidelines for improving accuracy, clarity, transition, spelling, and punctuation of copy. Students use wire service stylebook extensively.

[Back to Top](#)

## **JN 338 News Analysis**

3c-01-3sh

Prerequisites: JN105, junior/senior standing

A current events course, this is a critical study of news and its relationship to the mass media and the public. Seminar and discussion format.

### **JN 344 Issues and Problems**

3c-01-3sh

Prerequisites: JN102, JN120 or JN220

Students examine critical case histories of ethical and professional situations and circumstances in the mass communication industry in a lecture and discussion format.

### **JN 345 Sports Journalism**

3c-01-3sh

Prerequisite: JN220

Emphasizes skills for covering, writing, and editing of sports and introduces students to specific practices in newspaper, radio-TV, and sports information work.

[Back to Top](#)

### **JN 347 Journalism Law**

3c-01-3sh

Prerequisites: JN328, junior/senior standing

Open to nonmajors by permission of the instructor. Survey of the major Supreme Court and state court rulings governing the mass media, especially the news media. Areas include libel, antitrust, free press/fair trial, privacy. Approach is nontechnical.

### **JN 348 The Editorial Page**

3c-01-3sh

Prerequisite: Junior/senior standing

Emphasis on the writing of vigorous but thoughtful and fair editorials. Study of contemporary practice and policy on letters to the editor, columnists, cartoons, the op-ed page.

### **JN 375 World News Coverage**

3c-01-3sh

Prerequisite: Sophomore standing

A course dealing with international news events and analysis of international news coverage in sources from around the world. Emphasis placed on analyzing comparative coverage of events in different sources. Students study not only current international news but also how it is reported. The goal of the course is fostering a critical attitude toward news.

[Back to Top](#)

### **JN 393 Document Design I**

3c-01-3sh

Prerequisite: Junior/senior standing

Teaches students advanced principles of document design and gives them the opportunity to apply techniques of rhetorical/stylistic analysis, general problem solving, and holistic information display to a wide variety of writing formats used in business, industry, and government news.

### **JN 423 Management in Mass Communications**

3c-01-3sh

Prerequisites: JN493 or field experience

Attention given to the process of advancement to management positions in the advertising, journalism, and public relations industries.

### **JN 430 Public Opinion and the News Media**

3c-01-3sh

Prerequisite: Junior standing

Deals with understanding and measuring public opinion. Emphasis is placed on critically analyzing the historical origins and the dynamics of public opinion in the policymaking process as well as the role of the news media in public opinion. Students then measure people's thinking on any given issue or issues.

[Back to Top](#)

### **JN 446 Advanced Reporting**

3c-01-3sh

Prerequisite: JN328 (C or better), instructor permission

Designed for the student seeking a career as a working journalist, this course refines basic reporting and deals with more sophisticated techniques and coverage. (Offered as JN346 prior to 1994-95)

### **JN 449 Public Affairs Reporting**

3c-01-3sh

Prerequisites: JN328, majors only

This seminar course covers the specialized field of reporting government and public service beats. Techniques and sources are covered in lecture and demonstration and through guest speakers. (Offered as JN349 prior to 1994-95)

### **JN 450 Advertising Writing**

3c-01-3sh

Prerequisite: JN220, instructor permission

This is a basic course in the preparation of advertising copy and continuity for all media. It is a combination of lecture and laboratory course. Enrollment is limited to fifteen upperclass majors per semester. (Offered as JN350 prior to 1994-95)

[Back to Top](#)

### **JN 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

These courses vary from semester to semester, covering a number of journalism specialties. From time to time they are converted to permanent course numbers. Special topics numbered 481 are offered primarily for upper-level undergraduate students.

### **JN 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Opportunities for independent study that goes beyond the usual classroom activities. Approval is based on academic appropriateness and availability of resources; enrollment is limited to fifteen upperclass majors per semester.

### **JN 490 Public Relations II**

3c-01-3sh

Prerequisite: JN220, JN326

A public relations writing class that includes assignments such as releases, features, newsletters, reports, biographies, rewrites, hometown stories, copyediting, interviewing, research, and special projects. (Offered as JN390 prior to 1994-95)

[Back to Top](#)

### **JN 491 Presentation Making**

3c-0l-3sh

Prerequisite: JN220, JN326

Gives the student practice in writing and making oral presentations based on public relations cases and problems. Familiarizes the student with problem-solving and small-group communication skills necessary for those working in the area of public affairs. (Offered as JN391 prior to 1994-95)

### **JN 492 Problem-solving in PR**

3c-0l-3sh

Prerequisite: JN328

Introduces students to techniques for analyzing and tracking information flow in organizations. Introduces students to creative problem-solving techniques which are standard practice in corporate research groups. (Offered as JN392 prior to 1994-95)

### **JN 493 Internship**

var-6-12sh

Prerequisites: JN102, JN105, JN220, JN328, department approval

On-the-job training opportunities in journalism and related areas. Maximum of 6sh may be applied to 30sh minimum of major.

[Back to Top](#)

### **JN 494 Document Design II**

3c-0l-3sh

Prerequisite: JN 328, JN393

Gives students advanced work in preparation of substantial corporate and government documents such as annual reports, lengthy project reports, and research reports, etc. Emphasizes skills in research of public and government documents, data analysis and problem solving, holistic information display, writing, and editing. (Offered as JN394 prior to 1994-95)

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[LA101](#) [LA102](#) [LA201](#) [LA281](#) [LA351](#) [LA352](#) [LA361](#) [LA362](#) [LA371](#) [LA481](#) [LA482](#)

## **LA 101 Elementary Latin I**

4c-0l-4sh

For beginning students. Emphasis is on oral and reading skills. Students will learn most of the Latin noun system; they will also learn how to answer simple and moderately difficult Latin questions. There are also short readings in easy Latin. Students learn significant differences between Latin and English. Attendance is required.

## **LA 102 Elementary Latin II**

4c-0l-4sh

A continuation of Latin 101. In grammar, students finish the noun system and learn several Latin tenses, including the perfect tense. Latin questions, oral and written, remain an important part of the course, as do the readings. There are class discussions and a paper on readings in English from Sophocles, Tacitus, and Cicero. Attendance is required.

## **LA 201 Intermediate Latin**

4c-0l-4sh

More of the verb system is learned; while grammatical studies continue, more emphasis is placed on learning how to read short, intermediate-level selections from Latin literature. Oral and written questions continue. Ovid's *Metamorphoses* is the topic for class discussion and a paper. Liberal Studies credit is given.

[Back to Top](#)

## **LA 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **LA 351 Advanced Latin I**

3c-0l-3sh

Reviews grammar in-depth; analyzes the structure of the language. Written themes are not required. Selections from Latin prose are read for knowledge of their content and for developing knowledge of the structure of the language. Offered only by individualized instruction.

## **LA 352 Advanced Latin II**

3c-0l-3sh

Continuation of Latin 351. Selections are from poetry this semester.

[Back to Top](#)

### **LA 361 Development of Roman Culture and Literature**

3c-0l-3sh

Latin poetry and history will be read to show the influence of political and social ideas on literature; emphasis will be on the contrast between the Republican and Imperial periods. Some reading will be in Latin; most will be in English. Offered only by individualized instruction.

### **LA 362 Latin Conversation and Composition**

3c-0l-3sh

Aims at the ability to speak Latin on a conversational level and to write grammatically correct Latin prose. Offered only by individualized instruction.

### **LA 371 Survey of Latin Literature I**

3c-0l-3sh

Comprehensive view of Latin literature from Ennius through the Augustan Age. Offered only by individualized instruction.

[Back to Top](#)

### **LA 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **LA 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

An opportunity to engage in an in-depth analysis of some topic dealing with the Latin language and culture through consultation with a faculty member. Approval is based on academic appropriateness and availability of resources.

## **SP 101 Elementary Spanish I**

4c-0l-4sh

For beginning students. Primary emphasis is on aural/oral skills. Students will learn to converse and ask questions in simple present time and become acquainted with location of Hispanic populations and elements of their daily lives. Attendance is required.

## **SP 102 Elementary Spanish II**

4c-0l-4sh

A continuation of SP101. Students will learn to express past and future time. They will continue to learn about Hispanic countries and their cultures. Attendance is required.

## **SP 111 Intensive Elementary Spanish**

var-6sh

Student completes sequence in one semester (6sh). Using Dartmouth Intensive Language Model (DILM), sections emphasize mastery of spoken language as well as basic language skills. Classes are 45 minutes each; drill sessions are 40 minutes each and meet Monday through Friday.

[Back to Top](#)

## **SP 121 Spanish for Health Care Professionals I**

3c-0l-3sh

For beginning students in nursing and other health-related programs. Primary emphasis is on aural/oral skills. Students will learn to converse and ask questions related to health care settings in simple present time and near future. They will also become acquainted with Hispanic populations and elements of their daily lives. Class and language lab attendance are required. A student may receive credit for only one course from SP 101, 111, 121, or 131.

## **SP 122 Spanish for Health Care Professionals II**

3c-0l-3sh

Prerequisite: SP 121 or equivalent

A continuation of SP 121 for students in nursing and other health-related programs. Primary emphasis is on aural/oral skills. Students will learn to express past and future time in health care settings. They will read articles about medical issues and short stories which concern health care themes in Hispanic cultures. Class and language lab attendance are required. A student may receive credit for only one course from SP 102, 211, 122, or 132.

### **SP 131 Spanish for the Hospitality Industry I**

3c-0l-3sh

Similar to SP 101 but with a special emphasis on the vocabulary and structures used in the hospitality industry: hotel and restaurant management, tourism, and marketing. Class and language lab attendance is required. A student may receive credit for only one course from SP 101, 111, 121, or 131.

[Back to Top](#)

### **SP 132 Spanish for the Hospitality Industry II**

3c-0l-3sh

Prerequisite: SP 131 or equivalent

Similar to SP 102 but with a special emphasis on the vocabulary and structures used in the hospitality industry: hotel and restaurant management, tourism, and marketing. Class and language lab attendance is required. A student may receive credit for only one course from SP 102, 211, 122, or 132.

### **SP 201 Intermediate Spanish**

4c-0l-4sh

Prerequisite: SP102 or equivalent

A continuation of previous work on listening, speaking, reading, and writing skills. Students will learn to function in everyday situations, expressing opinions and doubts, and narrating and describing in present, past, and future time. Exposure to cultural concepts through literary readings. Liberal Studies credit is given.

### **SP 211 Intensive Intermediate Spanish**

var-6sh

Student completes sequence in one semester(6 sh). Using Dartmouth Intensive Language Model (DILM), students develop language skills with emphasis on oral competency. Classes are 45 minutes each; drill sessions are 40 minutes each and meet Monday through Friday.

[Back to Top](#)

### **SP 221 Intermediate Spanish Conversation**

3c-0l-3sh

Prerequisite: SP201 or equivalent

Intensive work on oral communication skills with emphasis on vocabulary building, pronunciation, and discourse strategies. Required for all majors and minors.

### **SP 222 Intermediate Spanish Conversation-Business**

3c-0l-3sh

Prerequisite: SP201 or equivalent

Same as SP221 but with a special emphasis on the vocabulary and structures used in the business world. Substitutes for SP221.

### **SP 223 Intermediate Spanish Conversation-Criminology**

3c-0l-3sh

Prerequisite: SP201 or equivalent

Same as SP221 but with a special emphasis on the vocabulary and structures used in law enforcement and criminal justice. Substitutes for SP221.

[Back to Top](#)

### **SP 230 Intermediate Spanish Composition**

3c-01-3sh

Prerequisite: SP221 or concurrent registration

Intensive practice in written expression in Spanish. Both communicative and structural skills are stressed. Taught in Spanish. Required for all majors and minors. This course is approved to meet the Liberal Studies requirement for a writing-intensive course for majors.

### **SP 244 Modern Mexico**

3c-01-3sh

Prerequisite: SP 201 or equivalent and participation in the Mexico Summer Study Abroad Program

This course, taught in Mexico as part of the study abroad program, introduces students to the contemporary culture of the largest Spanish-speaking country in the world. A historical perspective is provided within which to understand current phenomena. Textbook readings are supplemented with readings from literary works and current periodicals. Students will gain firsthand experience both through field trips and by living with a Mexican family. Taught in Spanish.

### **SP 260 Introduction to Hispanic Literature**

3c-01-3sh

Prerequisite: SP230 or equivalent

This course is a prerequisite for any 300- or 400-level course in Hispanic literatures. Designed to provide students with the tools necessary for developing literary competence, the course combines a study of literary genres and analysis with an introduction to the literatures of Spain and Spanish America. Taught in Spanish. Required for all majors and minors.

[Back to Top](#)

### **SP 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **SP 290 Spanish for Elementary Teaching**

3c-01-3sh

Prerequisite: SP201 or equivalent oral proficiency rating. For students enrolled in the FLISET Program

This course is designed for elementary education/early childhood majors who are completing the FLISET Program. The purpose of the course is to increase the students' proficiency in Spanish and to prepare them for an internship in an elementary school abroad. Emphasis is placed on vocabulary acquisition and on strengthening of listening and speaking abilities in Spanish. Through in-class interaction and practice in the language laboratory, students improve their linguistic skills, learn the language necessary for dealing with elementary-age children, and acquire basic vocabulary for teaching the content areas of the elementary school curriculum.

### **SP 321 Advanced Spanish Conversation**

3c-01-3sh

Prerequisite: SP230 or equivalent

Extensive practice in oral communication skills. Emphasis is placed on developing fluency in speaking over a wide range of topic areas. Required for all majors and minors.

[Back to Top](#)

### **SP 340 Hispanic Civilization Through the 19th Century**

3c-01-3sh

Prerequisite: SP230 or equivalent

An introduction to the significant aspects of the culture of both Spain and Spanish America. Elements for explanation and discussion are drawn from artistic, literary, religious, geographic, social, and political manifestations of Hispanic culture as these have revealed themselves through the 19th century. Taught in Spanish. Required for all majors and minors.

### **SP 342 Twentieth-Century Spanish Civilization and Culture**

3c-01-3sh

Prerequisite: SP230 or equivalent

An analysis of the major cultural trends in 20th-century Spain as they relate to its current problems, aspirations, and values. Elements for explanation and discussion are drawn from artistic, literary, religious, geographic, social, and political manifestations. Taught in Spanish; offered alternate years. (May not duplicate credit for SP382 taken in Valladolid)

### **SP 344 Twentieth-Century Spanish-American Civilization and Culture**

3c-01-3sh

Prerequisite: SP230 or equivalent

An analysis of the major cultural trends in 20th-century Spanish America as they relate to its position in the world. Elements for explanation and discussion are drawn from artistic, literary, religious, geographic, social, and political manifestations, including indigenous cultural influences. Taught in Spanish; offered alternate years.

[Back to Top](#)

### **SP 353 Spanish Phonetics and Phonemics**

3c-01-3sh

An introduction to the phonological study of the sounds and training in pronunciation. The student will learn the theoretical basis for understanding the Spanish sound system and will perfect pronunciation through classroom practice and tapings. The course is taught in Spanish. Required for Spanish Education majors; highly suggested for Spanish majors.

### **SP 354 Commercial Spanish**

3c-01-3sh

Prerequisite: SP230 or equivalent

Designed especially for majors in Spanish for International Trade, this course has three focuses: it teaches students how to do business communications in Spanish; it teaches the vocabulary necessary for dealing with all aspects of trade and commerce; and it introduces students to the special concerns and practices of business in the Spanish-speaking world. Taught in Spanish.

### **SP 362 Survey of Peninsular Literature**

3c-01-3sh

Prerequisite: SP260 or permission

A course designed to introduce students to a careful and critical reading of literary texts from Spain read either in their entirety or in select passages. Taught in Spanish; offered alternate years.

[Back to Top](#)

### **SP 364 Survey of Spanish-American Literature**

3c-01-3sh

Prerequisite: SP260 or permission

A course designed to introduce students to a careful and critical reading of Spanish-American literary texts read either

in their entirety or in select passages. Taught in Spanish; offered alternate years.

### **SP 382 -389 Pennsylvania-Valladolid Program**

18sh

Prerequisite: SP230 and SP260 or permission

Contact chairperson, Department of Spanish and Classical Languages. Courses taken in Valladolid include the following and SP482: Independent Study (3sh). Descriptions below.

#### **SP 382 Contemporary Spain**

3sh

Prerequisite: SP230 and SP260 or permission

Gives the student a general view of Spain today in the areas of society, economy, and political institutions. (See SP342)

[Back to Top](#)

#### **SP 383 Geography and History of Spain**

3sh

Prerequisite: SP230 and SP260 or permission

Students will be introduced to a panorama of Spanish physical, social, and economic geography including the recent autonomic division of the country and the communication among the autonomies. Students will also review the history of Spain from the 15th century to the present with special emphasis on today's Spanish institutions.

#### **SP 384 History of Spanish Art**

3sh

Prerequisite: SP230 and SP260 or permission

Students will be exposed to the richness of art in the Iberian Peninsula and in particular in the area of Madrid and Castilla-Leon. They will study the evolution of Spanish art in history, giving more emphasis to contemporary tendencies.

#### **SP 385 Survey of Spanish Literature**

3sh

Prerequisite: SP230 and SP260 or permission

Students will be introduced to a general study of Spanish literature from its origin to the present time. Students will learn to appreciate and analyze the different literary genres. Emphasis will be placed on 20th-century literature.

[Back to Top](#)

#### **SP 389 Theory and Practice of Spanish Language**

3sh

Prerequisite: SP230 and SP260 or permission

Students will be introduced to Spanish syntax, morphology, and the Spanish language lexicon. They will be introduced to familiar and formal conversation and to idiomatic expressions used in everyday situations.

#### **SP 390 Teaching of Elementary Content Through the Spanish Language**

3c-0l-3sh

Prerequisites: Passage of a language proficiency examination and permission of the instructor

The student will study current theories of language acquisition processes in children and will develop foreign language instructional objectives and activities which integrate language and cultural learning with the content areas of the elementary school curriculum. Through hands-on practice, the student will develop techniques for teaching functional

language, planning lessons, testing language skills, setting curricular objectives, and selecting/designing materials appropriate to the needs and interests of elementary school foreign language learners.

### **SP 400 History of the Spanish Language**

3c-0l-3sh

Prerequisite: SP230 or equivalent

Traces phonological, morphological, lexical, and syntactical evolution of Castilian dialect from its origins in vulgar Latin through its development, perfection, and ultimate recognition as the official language of Spain and Spanish America. Places Castilian linguistically with relation to other Romance languages and considers features peculiar to Spanish of Latin America. Taught in Spanish.

[Back to Top](#)

### **SP 402 Translation and Interpretation**

3c-0l-3sh

Prerequisite: SP230 and SP321

Fundamental translation skills for use in business and industry as well as in academic and popular fields.

### **SP 403 Applied Linguistics**

3c-0l-3sh

Prerequisite: SP230

An introduction to Spanish linguistics for students who have had no previous experience in linguistics. Students will study the application of areas such as phonology, morphology, syntax, and semantics and will explore issues in psycholinguistics and sociolinguistics. Taught in Spanish.

### **SP 404 Advanced Spanish Grammar**

3c-0l-3sh

Prerequisites: SP221 or equivalent and SP230 and senior standing or departmental permission

An in-depth study of Spanish syntax and morphology. Taught in Spanish. Required for all majors.

[Back to Top](#)

### **SP 410 Medieval Literature**

3c-0l-3sh

Prerequisite: SP260 or permission

Reading and discussion of various medieval genres: brief prose narrative, epic, lyric, and didactic poetry, prose, and medieval drama. Taught in Spanish; offered in four-year rotation.

### **SP 411 Golden Age Literature**

3c-0l-3sh

Prerequisite: SP260 or permission

Analysis of themes, motifs, and stylistic devices of Spanish poetry, novel, and theater of the Renaissance and Baroque. Taught in Spanish; offered in four-year rotation.

### **SP 412 The Spanish Novel of the 19th and 20th Centuries**

3c-0l-3sh

Prerequisite: SP260 or permission

Analysis of selected novels from three major periods: the 19th century, the Generation of 1898, and the post Civil War. Taught in Spanish; offered in four-year rotation.

[Back to Top](#)

### **SP 413 Spanish Poetry of the 19th and 20th Centuries**

3c-0l-3sh

Prerequisite: SP260 or permission

Study and analysis of lyric poetry in Spain from 19th-century poetry through modernism and its evolution to the present. Taught in Spanish; offered in four- year rotation.

### **SP 420 Modern Hispanic Theater**

3c-0l-3sh

Prerequisite: SP260 or permission

Study and analysis of modern dramatic works from Spain and Spanish America. Particular emphasis will be given to the representational aspect of the works. Taught in Spanish; offered in four-year rotation.

### **SP 421 Modern Hispanic Short Story**

3c-0l-3sh

Prerequisite: SP260 or permission

The critical analysis of short stories by Spanish and Spanish-American authors. Taught in Spanish; offered in four-year rotation.

[Back to Top](#)

### **SP 430 Twentieth-Century Spanish-American Prose**

3c-0l-3sh

Prerequisite: SP260 or permission

Traces literary expressions from the turn of the century to the present in the major prose expressions of the essay, the short story, and the novel. Taught in Spanish; offered in four-year rotation.

### **SP 431 Spanish-American Poetry**

3c-0l-3sh

Prerequisite: SP260 or permission

A study of Spanish American poetry from its early manifestations through modernism, post-modernism, and avant-garde. Taught in Spanish; offered in four- year rotation.

### **SP 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **SP 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

An opportunity to engage in an in-depth analysis of some topic dealing with the Spanish language and culture through consultation with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **SP 493 Internship**

var-3-12sh

Prerequisite: One semester of study in a Spanish-speaking country

A supervised field experience in any Spanish-speaking area of the world with approved public agencies and institutions or private firms, no longer than one semester and no less than one month. Positions will be matched as closely as possible with the intern's personal interests and professional goals. For more information contact the Spanish and Classical Languages Department. Maximum of six credits can apply toward a major.

# Critical Languages

## College of Humanities and Social Sciences

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[CL101-120](#) [CL151-170](#) [CL201-220](#) [CL251-270](#)

Critical Languages are offered in four levels. See program description in the opening section of the College of Humanities and Social Sciences. Specific languages are offered as available.

### CL 101 - 120 Critical Languages I

3c-0l-3sh

Basic vocabulary and pronunciation in the target language. Oral/aural skills are stressed.

CL101	Arabic I
CL102	Chinese I
CL103	Dutch I
CL104	Finnish I
CL105	Hindi I
CL106	Hungarian I
CL107	Italian I
CL108	Japanese I
CL109	Korean I
CL110	Modern Greek I
CL111	Portuguese I
CL112	Russian I
CL113	Swedish I

[Back to Top](#)

### CL 151 - 170 Critical Languages II

3c-0l-3sh

Prerequisite: Level I or acceptable equivalent

A continuation of the first-semester course. Depending on the language being studied, reading and writing may be introduced at this level.

CL151	Arabic II
CL152	Chinese II
CL153	Dutch II

CL154	Finnish II
CL155	Hindi II
CL156	Hungarian II
CL157	Italian II
CL158	Japanese II
CL159	Korean II
CL160	Modern Greek II
CL161	Portuguese II
CL162	Russian II
CL163	Swedish II

[Back to Top](#)

### **CL 201 - 220 Critical Languages III**

3c-0l-3sh

Prerequisite: Level II or acceptable equivalent

At this first intermediate level, students will begin to develop a degree of oral proficiency that will vary with the language studied. Reading and writing will be studied in all languages by this level.

CL201	Arabic III
CL202	Chinese III
CL203	Dutch III
CL204	Finnish III
CL205	Hindi III
CL206	Hungarian III
CL207	Italian III
CL208	Japanese III
CL209	Korean III
CL210	Modern Greek III
CL211	Portuguese III
CL212	Russian III
CL213	Swedish III

[Back to Top](#)

### **CL 251 - 270 Critical Languages IV**

3c-0l-3sh

Prerequisite: Level III or acceptable equivalent

By the end of this course the student should be able to communicate in simple terms with an educated native speaker on a topic with which the student is familiar. Ability in reading and writing will vary with language.

CL251	Arabic IV
CL252	Chinese IV
CL253	Dutch IV
CL254	Finnish IV

CL255	Hindi IV
CL256	Hungarian IV
CL257	Italian IV
CL258	Japanese IV
CL259	Korean IV
CL260	Modern Greek IV
CL261	Portuguese IV
CL262	Russian IV
CL263	Swedish IV

## Liberal Studies Program Academic Affairs Division

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

### [LS499](#)

#### **LS 499 Senior Synthesis**

3c-0l-3sh

Prerequisite: 73 or more semester hours earned

This course helps students understand and handle complex intellectual and social issues from multiple perspectives. A selection of topics, available each semester and summer session, is announced and described in the undergraduate course schedule. Students should schedule the course during the senior year or at least no earlier than the last half of the junior year. In order to broaden their experiences, students are encouraged to enroll in synthesis sections taught by instructors outside of the students' major fields.

[LB151](#) [LB201](#) [LB281](#) [LB481](#)

### **LB 151 Introduction to Library Resources**

var-1sh

A lecture/laboratory course (fourteen one-hour classes) which provides an introduction to the resources of a university library, how those resources are organized, and how to use those resources effectively.

### **LB 201 Internet and Multimedia**

3c-0l-3sh

Prerequisite: BE/CM/CO/IM 101 or prior exposure to word processing and electronic mail

The major focus will be on the evaluation of information and multimedia resources available on electronic networks when doing research in an area of one's choice. This information literacy course is designed for students to gain a more in-depth understanding of the information resources available electronically and of how to utilize them more effectively in communicating. Students will learn how to access and utilize these resources for two-way communications and support for decision making while incorporating selected elements in multimedia presentations of their own design. (BE/CM/CO/IM/LB 201 may be used interchangeably for D or F repeats and may not be counted for duplicate credit.)

### **LB 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **LB 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

---

# Women's Studies

## Women's Studies Program Academic Affairs Division

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[WS200](#) [WS281](#) [WS481](#) [WS482](#)

### **WS 200 Introduction to Women's Studies**

3c-0l-3sh

Focuses on women as they are and as they have been -- as represented by the work of writers and as presented in the theory and research of various disciplines. Historical and contemporary images of women are examined in terms of their impact on our lives. The relationships of women to social institutions such as education, religion, and health care are explored. Alternative theories explaining the roles and status of women are compared. Attempts to help us understand the choices and experiences women face in their everyday personal, work, and public lives.

### **WS 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **WS 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **WS 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Universitywide Courses

## Academic Affairs Division

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[UN480](#) [UN493](#)

### **UN 480 T.H.I.S. Seminar**

3c-0l-3sh

Academic seminar taken at the State System of Higher Education University Center in Harrisburg in conjunction with the T.H.I.S. internship. Consists of public policy information, decision making, and budgeting and addresses question-and-answer sessions with leading state government policymakers. See descriptions under Academic Affairs areas. Restricted to the T.H.I.S. internship participant. See UN493.

### **UN 493 T.H.I.S. Internship**

var-12sh

Practical experience at the policymaking level of the state government that also requires a research project. Student must have a 3.0 GPA and submit a sample of writing skills with the application to the Experiential Education Office. Open to any IUP major. See description under Academic Affairs areas. Concurrent seminar course required. See UN 480.

# Learning Center

## The Learning Center Student Affairs Division

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[LC070](#) [LC075](#) [LC090](#) [LC095](#) [LC281](#) [LC481](#) [LC482](#)

### **LC 070 Reading Skills for College Study**

3c-0l-3sh

This course is designed to assist students in the development of college-level reading skills with emphasis on textbook reading. Includes literal and critical comprehension skills, vocabulary development, and reading efficiency. This course carries institutional, nondegree credit, and attendance is required.

### **LC 075 Reading and Study Skills Applications**

1c-0l-1sh

Prerequisite: LC permission

Assists students in the applications of college-level reading and study skills to content-area coursework. Intended for freshman students in poor academic standing who need additional and individualized guidance in the transfer of learning strategies into day-to-day reading and coursework. Students will participate in small-group instruction, as well as individual appointments with the instructor. This course carries institutional, nondegree credit, and attendance is required.

### **LC 090 Introduction to College Math I**

3c-0l-3sh

Prerequisite: A student may not register for this course after successfully completing any course offered by the mathematics department without the written approval of the Learning Center director

Reviews basic computational skills and their applications. Includes operations with whole numbers, decimals, and fractions; the concepts of ratios, proportions, and percents; basic geometric principles; and an introduction to algebra. This course carries institutional, nondegree credit, and attendance is required.

[Back to Top](#)

### **LC 095 Introduction to College Math II**

3c-0l-3sh

Prerequisite: A student may not register for this course after successfully completing any course offered by the mathematics department, without written approval of the Learning Center director

Introduces beginning algebraic concepts, including signed numbers; rules and properties of equations; exponents; polynomials; factoring; algebraic fractions; graphs and linear equations, inequalities, and radical expressions. This course carries institutional, nondegree credit, and attendance is required.

### **LC 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

### **LC 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

# Education

## College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[ED150](#) [ED160](#) [ED170](#) [ED242](#) [ED281](#) [ED342](#) [ED408](#) [ED415](#) [ED421](#) [ED423](#) [ED431](#) [ED441](#) [ED442](#) [ED451](#) [ED452](#)  
[ED453](#) [ED455](#) [ED456](#) [ED462](#) [ED481](#) [ED482](#) [ED495](#) [ED499](#)

### **ED 150 Educational Planning**

1c-0l-1sh

Introduces students to the system of higher education and to skills that promote effective educational planning and decision making. Includes the topics of history and purposes of higher education and its changing curriculums; models for, and variables to consider in, decision making, goal setting, and educational planning. Note: Certain sections of this course will be restricted to specific enrollment groups.

### **ED 160 Learning Strategies**

1c-0l-1sh

Assists students to develop and use effective and efficient study strategies on a consistent basis. Students will examine their academic goals and implement study strategies to help achieve those goals. Includes the topics of goal setting and self-monitoring, learning styles, test preparation and test taking, lecture and textbook note taking, time management and concentration, and general strategies for learning. Students will be required to give evidence of application of the study strategies to other courses in which they are currently enrolled. Active participation in class meetings is expected. Note: Certain sections of this course will be restricted to specific enrollment groups.

### **ED 170 Career Exploration**

1c-0l-1sh

Introduces students to the theoretical and practical framework with which to explore careers compatible with overall academic skills, aptitudes, and life goals. Students will examine the world of work, assess their interests and abilities, and make realistic decisions on academic majors and careers. Note: Certain sections of this course will be restricted to specific enrollment groups.

[Back to Top](#)

### **ED 242 Pre-student Teaching Clinical Experience I**

var-1sh

Prerequisite: Admission to teacher certification

Observation/participation in a basic education classroom beginning not later than the sophomore year.

### **ED 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **ED 342 Pre-student Teaching Clinical Experience II**

var-1sh

Prerequisites: ED242 and admission to Junior Standing

Students work toward the development of specific competencies that relate to individual major fields of teaching.

[Back to Top](#)

### **ED 408 Reading in the Content Areas**

3c-0l-3sh

Prerequisite: EL222

Problems related to teaching students reading and study skills specifically needed in each of the subject areas at the elementary level. Content teachers learn how to develop students' competence in these skills as part of their regular classroom instruction.

### **ED 415 Computers in the School Curriculum**

3c-0l-3sh

Prerequisite: CO101, BE101, IM101, or permission of the instructor

Students will use a variety of computer software including word processing, record management programs, and simulation programs. Emphasis will be on the application of computer programs within the K-12 school curriculum.

### **ED 421 Student Teaching**

var-6sh

Prerequisite: Admission to Student Teaching

Experience in teaching at the elementary level; coordination and visitation by a university faculty member with daily supervision by a cooperating classroom teacher.

[Back to Top](#)

### **ED 423 Professional Practicum, Including School Law**

var-3sh

Series of conferences and related activities to prepare students for actual teaching experiences. Parallels student teaching experience in junior and senior years. (Elementary Education majors only)

### **ED 431 Teaching in Home Economics**

var-6sh

Prerequisite: Admission to Student Teaching

Experience in teaching home economics at the secondary level.

### **ED 441 Student Teaching**

var-6-12sh

Prerequisite: Admission to Student Teaching

Experience in teaching at the elementary or secondary level; coordination and visitation by a university faculty member with daily supervision by a cooperating classroom teacher.

[Back to Top](#)

### **ED 442 School Law**

1c-0l-1sh

Required of all teacher certification students. Includes overview of legal principles that apply to special areas of education. Must be taken prior to student teaching.

### **ED 451 Teaching Science in the Secondary School**

2c-2l-3sh

Prerequisite: Admission to Student Teaching

Background to help science majors meet the problems of teaching science. Various inquiry approaches useful in meeting objectives of a contemporary science class are taught and exemplified.

### **ED 452 Teaching of English and Communication in the Secondary School**

3c-0l-3sh

Prerequisites: EN 314, 323, and 380 and admission to Student Teaching

This course is a prerequisite to student teaching in English. Introduces the student to current professional practices in the teaching of English and communications in high school.

[Back to Top](#)

### **ED 453 Teaching of Foreign Languages in the Elementary/Secondary Schools**

3c-0l-3sh

Prerequisites: Successful completion of 321-322 and 351-352 in the student's major language; passage of a language proficiency examination or permission of the instructor, and admission to Student Teaching

The student will study current theories of language acquisition and methods of language teaching for the elementary and secondary school. Through hands-on practice and peer teaching demonstrations, the student will develop techniques for teaching functional language, planning lessons, setting curricular objectives, testing language skills, and selecting/adapting materials for both elementary and secondary school classrooms. (Course taught fall semester only)

### **ED 455 Teaching of Social Science in Secondary Schools**

3c-0l-3sh

Prerequisite: Admission to Student Teaching

Study of modern methods and techniques for teaching social science and of current curriculums in social science.

### **ED 456 Teaching Math in the Secondary Schools**

3c-0l-3sh

Prerequisite: Admission to Student Teaching

Study of modern methods and techniques for teaching mathematics and current curriculums.

### **ED 462 Issues and Innovations in Education**

3c-0l-3sh

Study of issues and innovations which influenced education will be included in this course. Educational innovations and issues which deal with curriculum, school organization, and materials of instruction will be examined.

[Back to Top](#)

### **ED 481 Special Topics**

3c-0l-3sh

Prerequisite: By permission only

Provides an opportunity for students to investigate in-depth an area of education under professional supervision.

### **ED 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in

conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **ED 495 International Study Tour in Education**

var-3sh

Study of various peoples through their cultural settings and educational systems; on-site visitation to selected schools and other social agencies and institutions; seminars with school officials and directed readings.

[Back to Top](#)

### **ED 499 Multicultural/Multiethnic Education**

2c-01-2sh

Prerequisite: One methods course must be taken prior to, or concurrently with, ED499

Provides students with an understanding and appreciation of cultural diversity in the United States. Students will gain the ability to locate and develop curricular materials appropriate to this country's diversity.

## **AG 201 Accounting Principles I**

3c-0l-3sh

Introduces the student to the accounting cycle in service and merchandising concerns using the single proprietorship form of business organization; covers use of special journals and subsidiary ledgers in the accounting system as well as accounting and internal control procedures for cash, receivables, inventory, and plant and equipment.

## **AG 202 Accounting Principles II**

3c-0l-3sh

Prerequisites: C or better in AG201, sophomore status

Covers accounting principles and procedures for payroll, partnerships, corporations, long-term liabilities and investments, and manufacturing firms with a general accounting system. Introduces the student to cost accounting systems, financial statements analysis, budgeting, and use of accounting information in making managerial decisions.

## **AG 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

## **AG 299 Cooperative Education I**

0c-0l-2sh

Prerequisites: Completion of 55 credits with a minimum GPA of 2.0 including at least a "C" in AG201, AG202, and IM241, and approval of the cooperative adviser

The initial experience in a program designed to combine classroom theory with practical application through job-related experiences. Students are actively employed in the accounting area in business, industry, government, and a variety of organizations and agencies with a work focus which relates to their academic training and career objectives in accounting. The student is expected to complete subsequently AG399 or an internship.

### **AG 300 Managerial Accounting**

3c-0l-3sh

Prerequisite: AG202 (not open to Accounting majors)

Emphasizes the use of accounting information in performing the managerial functions of planning, control, decision making, and performance evaluation. Note: Accounting majors will not be granted degree credit for AG300.

### **AG 301 Intermediate Accounting I**

3c-0l-3sh

Prerequisite: C or better in AG202

An overview of the foundation of accounting theory dealing with application of generally accepted accounting principles as promulgated in professional pronouncements to the reporting process and to accounting for various asset items in the financial statements.

[Back to Top](#)

### **AG 302 Intermediate Accounting II**

3c-0l-3sh

Prerequisite: C or better in AG301

Application of generally accepted accounting principles to various areas such as accounting for corporations, long-term investments in securities, bonds, pension costs, leases, etc.

### **AG 311 Cost Accounting**

3c-0l-3sh

Prerequisite: C or better in AG202

Cost accounting methods and procedures including cost accumulation under job order cost system and process cost system, cost allocation, budgeting, and accounting for spoilage, joint, and by-products. The planning and control aspect of cost accounting is emphasized.

### **AG 399 Cooperative Education II**

0c-0l-3sh

Prerequisites: AG299; completion of 85 credits with an overall GPA of 2.0; a GPA of 2.3 in AG301, AG302, and AG311 with at least a "C" in each course; and approval of the cooperative adviser

The subsequent course in cooperative education is designed to combine classroom theory with practical application through job-related experiences. Cooperative Education students are actively employed in the accounting area in business, industry, government, and a variety of organizations and agencies with a work focus which relates to their academic training and career objectives in accounting.

[Back to Top](#)

### **AG 401 Advanced Accounting**

3c-0l-3sh

Prerequisite: AG302

Study of accounting issues of specialized nature including partnerships, organization and liquidation, agency and branch accounting, accounting for business combinations, preparation of consolidated financial statements, accounting for government and not-for-profit entities, accounting for estates and trusts, and receivership accounting.

### **AG 412 Advanced Cost Accounting**

3c-0l-3sh

Prerequisite: C or better in AG311

Study of budgets, standard costs, direct and absorption costing, analysis of cost variances, and extensive analysis of various cost control and profit planning programs.

### **AG 421 Federal Taxes**

3c-0l-3sh

Prerequisite: C or better in AG202

Acquaints the student with Federal Income Tax Laws as they apply to individual taxpayers and partnerships.

[Back to Top](#)

### **AG 422 Federal Taxation of Corporations, Partnerships, Estates, and Trusts**

3c-0l-3sh

Prerequisites: AG421 and AG302

Advanced course in federal income taxation as it applies to taxpayers other than individuals. Covers the tax treatment of those property transfers subject to federal and state gift and death taxes. The tax planning aspect of the various course topics as well as tax research methodology are also discussed.

### **AG 431 Auditing**

3c-0l-3sh

Prerequisite: AG302

Study of auditing theory and practical application of auditing standards and procedures to the review, testing, and evaluation of accounting controls and to the verification of transactions and balances to express an opinion in an audit report on the fairness of financial statements' presentation.

### **AG 435 Internal Auditing**

3c-0l-3sh

Prerequisite: AG431

This course covers four issues: foundations for internal auditing, administering internal auditing activities, operational areas, and special relationships and evaluation for internal auditing.

[Back to Top](#)

### **AG 441 Accounting for Government and Nonprofit Organizations**

3c-0l-3sh

Prerequisite: AG302

Presents the views of authoritative professional organizations as to desirable standards of accounting and reporting for governmental and nonprofit entities. Topics include budgeting and budgetary accounts, accounting for various funds, the general fixed assets group of accounts, the financial reporting process, and application of the principles of fund accounting in specific areas.

### **AG 451 Seminar in Accounting Standards**

3c-0l-3sh

Prerequisite: AG302

Study of professional standards having authoritative support in the field of accounting. APB opinions, FASB interpretations, and SEC Accounting Series Releases are discussed.

### **AG 461 Accounting Systems**

3c-0l-3sh

Prerequisites: AG302, AG311, IM300

Study of concepts, principles, and procedures of accounting system design, installation, implementation, auditing, and maintenance in relating to system objectives, information requirements, constraints, system elements, and considerations on a computerized basis.

[Back to Top](#)

### **AG 471 International Accounting**

3c-0l-3sh

Prerequisites: AG311 for Accounting majors or AG300 for non-Accounting majors

A comparative study of the effects of differences in cultural and business philosophies on national and international accounting policies. Specific financial accounting controversies, such as accounting for transactions involving foreign currency exchanges, will be discussed. International management accounting topics will include international transfer pricing policies, performance evaluations of multinational managers and divisions, and management information systems. International aspects of financial planning, auditing, and taxation practices will also be reviewed.

### **AG 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **AG 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **AG 488 Internship in Accounting (Industrial and Government)**

6sh

Prerequisites: Consent of departmental chairperson and dean, Eberly College of Business; overall GPA of 2.75 and GPA in accounting courses of 3.0

Practical experiences, generally totaling 400 hours, in an industrial or government accounting setting.

### **AG 493 Internship in Accounting (Public)**

6sh

Prerequisite: Consent of departmental chairperson and dean, Eberly College of Business; overall GPA of 3.00 and GPA in accounting courses of 3.0

Practical experiences, generally totaling 400 hours, with a public accounting firm.

# Business Law

Department of Finance and Legal Studies  
Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[BL235](#) [BL281](#) [BL336](#) [BL337](#) [BL382](#) [BL383](#) [BL440](#) [BL481](#) [BL482](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

## **BL 235 Introduction to Business Law**

3c-0l-3sh

Introduction to legal systems, torts, contracts, and sales law.

## **BL 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **BL 336 Law of Business Organizations**

3c-0l-3sh

Prerequisite: BL235

A study of the law dealing with commercial paper, agency, partnerships, corporations, and bankruptcy.

[Back to Top](#)

## **BL 337 Consumer Law**

3c-0l-3sh

Nature of law as it pertains to the consumer. Attention to consumer protection relationships; real and personal property; credit; environmental law; law pertaining to employment; landlord-tenant relationships; product liability; insurance; and family law.

## **BL 382 Real Estate Fundamentals**

3c-0l-3sh

Designed to acquaint the student with the language, principles, and laws that govern the business of real estate. Emphasis on the underlying concepts of land, property, rights in realty, and the means, methods, and laws that govern the conveyance of these rights. Required course for taking the Pennsylvania Real Estate Sales Exam.

## **BL 383 Real Estate Practice**

3c-01-3sh

Prerequisite: BL382

One of the two courses required by the Pennsylvania Real Estate Commission in order to take the Pennsylvania Real Estate Sales Licensing Exam. Topics include real estate brokerage, the real estate market, listing contracts, the Pennsylvania Real Estate Licensing and Registration Act and its rules and regulations, appraisal, property management, fair housing laws, ethical practices for real estate professionals, and real estate math.

[Back to Top](#)

### **BL 440 Business Negotiations**

3c-01-3sh

Prerequisites: BL235, junior standing

This course is open to all majors meeting the prerequisites. It covers the basic theories and strategies of negotiation in the business environment and provides instruction and practice to develop negotiation skills. The course focuses on the knowledge and skills needed in intercompany and intracompany negotiations. The course focuses on neither collective bargaining nor labor negotiations.

### **BL 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **BL 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Finance

## Department of Finance and Legal Studies Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[FI220](#) [FI281](#) [FI310](#) [FI320](#) [FI322](#) [FI324](#) [FI355](#) [FI385](#) [FI410](#) [FI420](#) [FI422](#) [FI424](#) [FI481](#) [FI482](#) [FI493](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **FI 220 Essentials of Finance**

3c-0l-3sh

Provides students with a survey of three fundamental areas of finance: 1) Corporate Finance, 2) Basic Investment, and 3) Financial Intermediation and the Monetary System. Students will be introduced to financial analysis, planning, and control; to the management (the acquisition and allocation) of funds; and to the fundamentals of the time value of money and capital budgeting. Students will be familiarized with the basic investment markets, fundamental and technical analysis, and portfolio analysis. Students will also consider the influence of government and financial institutions on interest rates, sources of finance, investment of funds, and finance in general. (Offered for Associate Degree Program at branch campuses only; may not be used as a substitute for FI310)

### **FI 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **FI 310 Finance I**

3c-0l-3sh

Prerequisites: AG202, MA214 for business majors; AG202, MA214 or MA217 for non-business majors (MA214 recommended)

Study of the methods of securing and managing funds on short, intermediate, and long-term bases. The financial analysis, planning, and control of a corporation. Also covered is working capital management.

[Back to Top](#)

### **FI 320 Finance II**

3c-0l-3sh

Prerequisites: FI310, upper division only

Continues FI310 and covers topics on long-term external financing of the firm, capital budgeting, valuation of the firm, mergers, international business finance, and business failures.

**FI 322 Life Insurance**

3c-01-3sh

Prerequisite: FI310

Comprehensive study of that insurance which provides protection against the economic loss caused by termination of earning capacity. Analysis benefits, underwriting, rate making, and legal doctrines.

**FI 324 Principles of Investments**

3c-01-3sh

Prerequisite: FI310

Analysis of various types of securities and other forms of investment possibilities and a study of sound investment policies from a corporate viewpoint. Factors influencing the general movement of security prices and the return from investments are considered.

[Back to Top](#)

**FI 355 Financial Analysis Using Lotus 1-2-3**

3c-01-3sh

Prerequisites: BE/CO/IM101 and FI310

This course develops the financial students' computer modeling and analysis skills. Students will be taught how to utilize current computing resources, electronic spreadsheet, and other computing software to analyze, model, and solve a variety of financial problems.

**FI 385 Securities and Commodities Markets**

3c-01-3sh

Prerequisites: FI320, FI324

Study of the structure of security and commodity markets; the nature of speculative transaction and methods of trading; analysis of pricing; and the objectives of security and commodity market regulation.

**FI 410 Financial Institutions and Markets**

3c-01-3sh

Prerequisite: FI324

Review of the entire structure of financial institutions, money, and capital markets, of which the business enterprise is both a supply and demand factor, and structure and dynamics of interest-rate movements.

[Back to Top](#)

**FI 420 Investment Analysis**

3c-01-3sh

Prerequisites: FI320, FI324

Integrates the work of the various courses in the finance areas and familiarizes the student with the tools and techniques of research in the different areas of investments.

**FI 422 Seminar in Finance**

3c-01-3sh

Prerequisites: FI320, FI324, seniors only

Primarily for the senior Finance major, covers topics in all areas of finance by using recent articles, cases, discussions, speakers, and a financial simulation game.

**FI 424 International Financial Management**

3c-01-4sh

Prerequisite: FI310

The financial management concepts, useful in a single-country context, are adapted for the international variables and constraints caused by being international. Provides an insight into unique issues and problems the manager of the multinational enterprise will face such as: working capital management; capital budgeting process; financing and investing abroad; capital and money markets; foreign exchange markets; and risk management.

[Back to Top](#)

### **FI 481 Special Topics**

var-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper- level undergraduate students.

### **FI 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **FI 493 Finance Internship**

var-3-12sh

Prerequisites: FI320, FI324, consent of chairperson and dean

Practical experience in the finance field. Note: Internship FI493 can be taken, if the student qualifies, as a general elective. It does not fulfill the major-area elective requirement.

# Management

## Department of Management Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[MG275](#) [MG281](#) [MG300](#) [MG305](#) [MG310](#) [MG311](#) [MG325](#) [MG330](#) [MG334](#) [MG350](#) [MG351](#) [MG400](#) [MG401](#) [MG402](#) [MG403](#) [MG406](#) [MG428](#) [MG432](#) [MG437](#) [MG452](#) [MG454](#) [MG459](#) [MG481](#) [MG482](#) [MG492](#) [MG493](#) [MG495](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **MG 275 Introduction to Entrepreneurship**

3c-0l-3sh

Prerequisites: AG201, EC121, sophomore status, only for nonmajors, permission by department

Entrepreneurship is defined, common myths are discussed, and characteristics of entrepreneurs are identified. Basic characteristics of entrepreneurs are reviewed. This course includes topics such as the psychology of entrepreneurship; economic and social aspects of entrepreneurship; history; techniques of purchasing a company; new venture initiation; and risk taking.

### **MG 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **MG 300 Human Resource Management**

3c-0l-3sh

Prerequisite: PC101

Designed to recognize and evaluate the application of behavioral science approaches in the study of human resource management. Topics include recruiting and selection, training, management development, performance evaluation, communications, wage and benefit programs, and management-labor relations.

[Back to Top](#)

### **MG 305 Organizational Staffing**

3c-0l-3sh

Prerequisites: MG300, MA214

This course focuses on the theoretical, technical, administrative, and legal issues involved in the recruitment, selection, placement, and promotion of individuals by organizations. Topics covered include human resource planning, job analysis, job description and specifications, recruitment, selection process, equal employment opportunity and affirmative action, reliability and validity of selection instruments and techniques, and contemporary issues in selection.

### **MG 310 Principles of Management**

3c-01-3sh

The purpose of this survey course of instruction is to provide the student with an in-depth identification and understanding of the relevant theories, concepts, and principles underlying the management function.

### **MG 311 Human Behavior in Organizations**

3c-01-3sh

Prerequisite: PC101

Human problems of management. Basic ideas and theories from the behavioral sciences as they apply to human behavior in organizations are presented. Management solutions to problems resulting from individual-organization interaction are emphasized.

[Back to Top](#)

### **MG 325 Small Business Management**

3c-01-3sh

Prerequisites: MG275, MK320, MG310

A survey course emphasizing those aspects of small business management not covered elsewhere in the student's program. Key topics include Real Estate, Site Selection, and Facilities Management; Purchasing Management, Vendor Relations, and Inventory Systems; Plant Security, Loss Control, Risk and Insurance Management; Human Resources Management, Employee Benefits, Motivation, and Leadership; Small Business Market Research, Customer Services Management, and Pricing. A review of other elements of the small firm's milieu is included as a necessary contextual element (e.g., planning, accounting, financing, law).

### **MG 330 Production and Operations Management**

3c-01-3sh

Prerequisites: MA121, MA214, junior status, Eberly College of Business or approved major

Study of the process of converting an organization's inputs into outputs whether in goods-producing or service industries. Provides an overview of concepts, tools, and techniques used in management of production and operations function in organizations.

### **MG 334 Quality Management**

3c-01-3sh

Prerequisite: MG330

Emphasizes the philosophy that quality is an organizationwide phenomenon that influences every aspect of its operations. An overview of current quality management philosophies and tools and techniques for managing quality in manufacturing and services.

[Back to Top](#)

### **MG 350 International Business**

3c-01-3sh

Prerequisite: MG310

A study of the international dimensions of business and the critical environmental and organizational factors that affect managerial approaches in the international arena. Focuses upon the management problems stemming from the movement of goods, human resources, technology, finance, or ownership across international boundaries. (Also offered as MK350)

### **MG 351 International Management**

3c-0l-3sh

Prerequisite: MG310

This course seeks to provide the student with a general foundation on managing multinational corporations (MNCs). The course examines the macro- and structural-level issues of MNCs. It focuses on planning, organization structure, managerial decision making, and human resource management in global structures and differences between MNCs and domestic organizations.

### **MG 400 Compensation Management**

3c-0l-3sh

Prerequisite: MG300

Studies the policies and programs that help managers design and administer compensation systems for private and public sector enterprises. Includes motivation theories and practice designing of compensation systems. (Title was Wage and Salary Administration prior to 1994-95.)

[Back to Top](#)

### **MG 401 Management Development and Training**

3c-0l-3sh

Prerequisites: MG300, MG310

Principles, problems, and procedures in planning, organizing, directing, and controlling all aspects of training and development programs in a business enterprise. Methods of improving and development of managerial skills are emphasized.

### **MG 402 Seminar in Human Resource Management**

3c-0l-3sh

Prerequisites: MG300, graduating senior

An integrative course in Human Resource Management. Considers current issues in human resource management literature and contemporary topics in the human resource management field using case studies.

### **MG 403 Small Business Planning**

3c-0l-3sh

Prerequisites: MG325, AG300, IM101 or BE101 or CO101

This course will integrate the content of much of the business core and relate it to the business planning for small businesses and entrepreneurial efforts. The student will be introduced to the concepts which will support the development of an effective business plan.

[Back to Top](#)

### **MG 406 Human Resources Management Research**

3c-0l-3sh

Prerequisites: QB215, MG300

Study of the nature of research questions, research methods, research design, collection, analysis, and interpretation of data. Focuses on design, development, implementation, and evaluation of Human Resources Management programs. Applications in employee selection, performance measurement, work attitudes and motivation, employee training, and development areas.

### **MG 428 Seminar in Management**

3c-0l-3sh

Prerequisites: MG310

An integrative course in management. Considers current literature in the field and contemporary issues in management using case studies.

### **MG 432 Business and Society**

3c-01-3sh

Overview of the interactions between business and the larger social system in which it operates. Considers the problem, solutions, and future directions of societal issues and their relationships to the business environment. Topics discussed include consumerism, the morality of advertising, self-regulation, pollution and ecology, overpopulation, government regulation, and the social and ethical responsibilities of business and industry. (Also offered as MK432; may not be taken for duplicate credit)

[Back to Top](#)

### **MG 437 Operations Management System**

3c-01-3sh

Prerequisite: MG330

Theoretical and practical understanding of manufacturing and service planning and control, including systems modeling, purchasing and sourcing, information and control including MPS, MRP, and MRP-II, scheduling, etc. Manufacturing and service technologies and trends are also emphasized. Computer applications are used for understanding the interrelationships between various components of operations system.

### **MG 452 Comparative Management**

3c-01-3sh

Prerequisite: MG350

Study of the similarities and differences among managers, management practices, and organizations in different cultures. A variety of comparative management systems, models, and theories are presented, and research findings are examined.

### **MG 454 International Competitiveness**

3c-31-3sh

Prerequisite: MG350

Study of the most important challenges that face nations and firms alike in gaining or restoring competitiveness. The course focuses on factors that determine the success of nations and their firms in highly dynamic world markets. Various theories, models, and cases dealing with competitive advantage are examined.

[Back to Top](#)

### **MG 459 Seminar in International Management**

3c-01-3sh

Prerequisites: MG454, senior standing

Analysis of recent literature and developments related to global business issues such as strategic alliances, human resource management in global environments, global assignments, Japanese business system, multinational corporations in the world economy.

### **MG 481 Special Topics in Management**

var-1-3sh

Covers advanced, innovative, or exploratory topics and disciplines within management. Specific content items developed by instructor. Credits may be applied to either required (by permission of department chairperson) or free electives in a student's program.

### **MG 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Individual research and analysis of contemporary problems and issues in a concentrated area of study under the guidance of a senior faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **MG 492 Small Business/Entrepreneurship Internship**

var-3-12sh

Prerequisites: MG403, permission of department chairperson, 2.75 overall QPA, all other requirements of the Eberly College of Business

This course involves practical entrepreneurial experience of on-site consulting with small business firms. Students will generally work for a semester on functionally related topics in accounting, finance, marketing, and MIS or on general topics such as business planning, forecasting, policy, and general management.

### **MG 493 Management Internship**

var-3-12sh

Practical experience to develop knowledge and skills in the application of theory to actual problems in a nonclassroom setting. A maximum of 3sh of internship in the student's major may be applied toward the management and human resource management major area elective requirements. Additional internship credit must be used as free electives only. Admission only by permission of the department chairperson and dean, Eberly College of Business.

### **MG 495 Business Policy**

3c-01-3sh

Prerequisites: Completion of all Business Core requirements or permission; graduating seniors

A capstone case analysis course designed to give the student practice in applying business theories to the solution of management problems. An analysis of how top management determines strategy and policy and influences the philosophy and character of the company. To develop in the student a general management viewpoint that integrates the various functions of the organization.

# Marketing

## Department of Marketing Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[MK320](#) [MK321](#) [MK350](#) [MK420](#) [MK421](#) [MK422](#) [MK430](#) [MK431](#) [MK432](#) [MK433](#) [MK434](#) [MK481](#) [MK482](#) [MK493](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **MK 320 Principles of Marketing**

3c-0l-3sh

Prerequisite: EC122

Study of those activities necessary to the design, pricing, promotion, and distribution of goods and services for use by organizations and ultimate consumers.

### **MK 321 Consumer Behavior**

3c-0l-3sh

Prerequisites: MK320 and PC101

Survey of noteworthy contributions of behavioral science and research on consumer purchasing and decision-making process, with particular attention to formal and informal influence patterns.

### **MK 350 International Business**

3c-0l-3sh

Prerequisite: MG310

A study of the international dimensions of business and the critical environmental and organizational factors that affect managerial approaches in the international arena. Focuses upon the management problems stemming from the movement of goods, human resources, technology, finance, or ownership across international boundaries. (Also offered as MG 350)

[Back to Top](#)

### **MK 420 Marketing Management**

3c-0l-3sh

Prerequisites: MK320 and MK321

Analysis of marketing and operational problems and policies involved in planning, organizing, coordinating, and controlling a total marketing program.

### **MK 421 Marketing Research**

3c-0l-3sh

Prerequisites: MK320 and QB215

Nature, methods, analysis, and application of present-day marketing research techniques utilized in the solution of

practical marketing problems.

### **MK 422 Seminar in Marketing**

3c-0l-3sh

Prerequisites: MK420 and MK421, graduating senior

A terminal course designed for majors in marketing; considers current literature in the field, case problems pertaining to the total marketing effort, and current problems of actual companies.

[Back to Top](#)

### **MK 430 International Marketing**

3c-0l-3sh

Prerequisite: MK320

International marketing and markets are analyzed. Special consideration is given to the significance of government regulations; organization structures of export and import enterprises; and credit policies.

### **MK 431 Industrial Marketing**

3c-0l-3sh

Prerequisite: MK420

Concerned with the major activities involved in the marketing of industrial goods and services, including the industrial marketing system, marketing information needs of the industrial firm, industrial marketing implementation and control, and channel, pricing, product, and promotional strategies for industrial goods.

### **MK 432 Business and Society**

3c-0l-3sh

Overview of the interactions between business and the larger social system in which it operates. Considers the problems, solutions, and future directions of societal issues and their relationships to the business environment. Topics discussed include consumerism, the morality of advertising, self-regulation, pollution and ecology, overpopulation, government regulation, and the social and ethical responsibilities of business and industry. (Also offered as MG432; may not be taken for duplicate credit)

### **MK 433 Advertising**

3c-0l-3sh

Prerequisite: MK320

Introduction to the principles, practices, and creations of advertising. Use of various media and legal, economic, social, and ethical aspects of advertising are also considered.

### **MK 434 Marketing Logistics**

3c-0l-3sh

Prerequisites: Junior/senior standing, MK320 and MG330

The focus of this course is on planning, organizing, and controlling the marketing logistics function. In addition to the acquisition and application of management science methods, students will integrate and apply previously gained knowledge to analyze and solve complex marketing logistics problems. Areas of major concentration include facility location, transportation, inventory management, and customer service.

### **MK 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Covers advanced, innovative, or exploratory topics and disciplines within marketing. Specific content items developed by instructor. Credits may be applied to either required (by permission of departmental chairperson) or free electives in a student's program. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **MK 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office.

Approval is based on academic appropriateness and availability of resources.

Individual research and analysis of contemporary problems and issues in a concentrated area of study under the guidance of a senior faculty member.

### **MK 493 Marketing Internship**

var-3-12sh

Practical experience in the marketing field to develop knowledge and experience in the practical application of theory to actual problems in a nonclassroom situation. A maximum of 3sh of internship in the student's major may be applied toward the marketing major-area elective requirements. Additional internship credit must be used as free electives only. Admission only by permission of the department chairperson and the dean, Eberly College of Business.

## Quantitative/Business

**Department of Management Information Systems and Decision Sciences**  
**Eberly College of Business**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[QB215](#) [QB281](#) [QB380](#) [QB401](#) [QB481](#) [QB482](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **QB 215 Business Statistics**

3c-0l-3sh

Prerequisites: MA121, MA214

Expands upon the probabilistic concepts developed in MA 214 to orient the student toward managerial decision making using quantitative methodologies. Topics covered include classical regression analysis, forecasting, Bayesian decision theory, linear programming, and simulation.

### **QB 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A giventopic may be offered under any special topic identity no more than three times. Special topics numbered 281 are primarily for lower-level undergraduate students.

### **QB 380 Introduction to Management Science**

3c-0l-3sh

Prerequisite: QB215

Discussion and application of mathematical models used in managerial decision making. Linear programming, Markov processes, queuing theory, EOQ models, and simulation techniques are among the topics covered.

[Back to Top](#)

### **QB 401 Forecasting Methods for Business**

3c-0l-3sh

Prerequisite: QB 215

This course is designed to train the students to understand the nature of forecasting problems and the techniques of forecasting methods and their business applications. Computer statistical packages are incorporated into the course so that forecasting methods and models can be applied to real-world problems, and the relationships that exist between variables can be examined.

### **QB 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **QB 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Industrial and Labor Relations

**Department of Industrial and Labor Relations**  
**College of Humanities and Social Sciences**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[LR281](#) [LR426](#) [LR480](#) [LR481](#) [LR482](#)

## **LR 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

## **LR 426 Case Studies in Labor-Management Relations**

3c-0l-3sh

In-depth study of daily labor-management relationships in a variety of organizational settings through utilization of case study technique. Focuses on a problem-solving approach to the legal and contract administration components of the labor-management relationship.

## **LR 480 Principles and Practices of Collective Bargaining**

3c-0l-3sh

An examination of the historical, legal, and functional parameters of collective bargaining. Topics covered include the organizing process, negotiations, contract administration, dispute resolution, and public sector labor relations.

[Back to Top](#)

## **LR 481 Special Topics in Industrial and Labor Relations**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper- level undergraduate students.

## **LR 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

## **SA 101 Introduction to Occupational Safety and Health**

3c-0l-3sh

Covers theory and history of industrial hazard control, effects of hazards and failures on organizational control and productivity, safety and health legislation, accident causation, organization and administration of safety and health programs, aspects of recognizing, evaluating, and understanding control of safety and health hazards, acquiring hazard data, hazard analytical tools, communication techniques in safety and health management, and the role of interfacing management systems in hazard control.

## **SA 102 Introduction to Mine Safety and Health**

3c-0l-3sh

Designed to provide the student with an in-depth background of the problems involving mine safety. An historical approach to coal and mineral mining is reviewed; legislative influences such as the Federal Coal Mine Health and Safety Act, the Metal and Nonmetal Mine Health and Safety Act, and the Occupational Safety and Health Act are discussed in depth; mining techniques, methods, and systems are discussed. Management of mine health and safety programs is presented. Federally mandated training of employees is covered. [Offered occasionally]

## **SA 111 Principles of Industrial Safety I**

3c-0l-3sh

Prerequisite: SA101 or SA102

Stresses understanding the complexity of industrial hazard control problem by thoroughly examining elements of safety and health enumerated in OSHA-promulgated standards. Emphasis given to plant layout and design, materials handling, machine guarding, walking and working surfaces, hazardous materials and combustible liquids, boilers, and unfired pressure vessels.

[Back to Top](#)

## **SA 211 Principles of Industrial Safety II**

3c-0l-3sh

Prerequisite: SA101 or SA102

Stresses understanding the complexity of the industrial hazard control problem by thoroughly examining elements of safety and health enumerated in the OSHA-promulgated standards. Emphasis on welding and cutting operations, electrical safety, chemical safety, personal protective equipment, industrial sanitation, and construction safety.

## **SA 231 Principles of Mine Safety I**

3c-0l-3sh

Prerequisite: SA102

Focuses on the various aspects of mining operations such as slope and shaft development; mine design; ground control; hoisting; man-trips; haulage; mining equipment; mine emergency planning and procedures; mine communications and maintenance. [Offered occasionally]

### **SA 232 Principles of Mine Safety II**

3c-01-3sh

Prerequisite: SA102

Covers surface mining operations such as slope stability, equipment, ground water, and control. Mine-related processing operations are discussed. Provides an in-depth study of the various controls of electrical hazards and ignition sources such as permissible equipment and electrical distribution systems. The uses of explosives and blasting practices, handling, storing, and transportation with emphasis on causes of explosion involving dust and gases are discussed. [Offered occasionally]

[Back to Top](#)

### **SA 245 Product Safety**

3c-01-3sh

Prerequisite: MA217

Traces flow of applicable legislation dealing with consumerism and product safety. Corporate liability for product safety emphasized through case studies. Student familiarized with evolving role of Consumer Product Safety Commission. Corporate management of product development and safety detailed with emphasis on systems safety analysis, standards, and product testing. (Numbered SA445 prior to 1989)

### **SA 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **SA 299 Cooperative Education I**

0c-01-0sh

Prerequisites: Approval of academic adviser, co-op coordinator, and department chairperson

The initial experience in a program designed to combine classroom theory with practical application through job-related experiences. The course is open to SA majors and minors usually in their sophomore year. Students are employed by organizations outside western Pennsylvania where there is an ongoing hazard control program under the direction of an experienced professional. The student is required to be in good academic standing and to serve a minimum of two alternating work experiences.

[Back to Top](#)

### **SA 301 Health Hazard Identification**

3c-01-3sh

Prerequisites: CH102, PY111, MA122, BI155

Provides an understanding of the primary health hazards found in industry and their effects on the human body. Students learn to recognize hazards involved with air contaminants, noise, heat, radiation, chemicals on the skin, and other stressors. Emphasis is placed on the study of occupational disease, industrial toxicology, and use of threshold limit values.

### **SA 303 Control of Health Hazards**

3c-0l-3sh

Prerequisites: SA301, PY112, MA217

Study of engineering, administrative, and personal protective equipment as methods of reducing or eliminating hazards to the health of industrial workers. Topics covered include industrial ventilation, noise control, heat control, radiation control, personal protective equipment, and industrial health program.

### **SA 311 Industrial Fire Protection**

3c-0l-3sh

Prerequisites: CH102, PY112, SA211

Introduces fundamental concepts in protection of industrial workers and property from fire and explosion. Fire chemistry, control of ignition sources in industry, and properties of combustible materials are discussed. Fire detection and extinguishment are covered along with building construction for fire prevention, life safety, fire codes, and related topics.

[Back to Top](#)

### **SA 345 Systems Safety Analysis**

2c-3l-3sh

Prerequisites: SA111, SA211, MA217

Focuses on the evaluation of system designs using detailed system analysis techniques. Topics covered include system definition, economics of systems safety, systems safety methodology, ergonomic approaches, mathematics of system analysis, including statistical methods, Boolean algebra, and reliability. Preliminary hazard analysis, task analysis, failure mode and effect analysis, fault tree analysis, and exercises in the application of fault tree analysis to hardware and man/machine systems. Practical analysis work is accomplished in laboratory sessions.

### **SA 347 Ergonomics**

2c-3l-3sh

Prerequisites: SA301, BI155

An exploration of the principles which control human performance and its effect upon the safety and reliability of systems. Engineering anthropometry, biomechanics of motion and work posture, work physiology, and performance measurement are covered in the context of their application in workplace design. Students will be instructed in methodologies for analysis tasks and human performance requirements. Important human limitations are studied in laboratory sessions.

### **SA 370 Fleet Safety**

3c-0l-3sh

Prerequisites: SA101, junior standing

Includes topics involved with the development and operation of motor fleet safety programs: driver selection and training, accident investigation and recordkeeping, equipment safety features, preventive maintenance, and driver incentive programs.

[Back to Top](#)

### **SA 380 Institutional Safety Management**

3c-0l-3sh

Prerequisite: Junior standing

Historical aspects of safety for both private and public institutions; introduction to trends in liability and institutional safety regulations. Distinctions will be made between employee, visitor, and patient hazards and their control.

### **SA 399 Cooperative Education II**

0c-0l-0sh

Prerequisite: SA 299

A second experience in a program designed to combine classroom theory with practical application through job-related experiences. The course is open to SA majors and minors usually in their junior or senior year. Students are employed by organizations outside western Pennsylvania where there is an ongoing hazard control program under the direction of an experienced safety professional. The student is required to be in good academic standing and to serve a minimum of two alternating work experiences.

### **SA 401 Mine Ventilation**

2c-3l-3sh

Prerequisites: PY112, SA102, MA122, or consent

Study of mine ventilation principles and practices which provide a basic knowledge in design and operation of mine ventilation systems. The topics of airflow physics, ventilation standards, fan fundamentals, pressure losses, required air flows, and overall design are discussed. Specific problems in mine ventilation will be solved. [Offered occasionally]

[Back to Top](#)

### **SA 402 Health Hazard Evaluation**

2c-3l-3sh

Prerequisites: SA301, PY112, MA217

A lecture/laboratory course which provides a basic understanding of techniques used in measuring and evaluating the magnitude of health hazards in industry. Laboratory sessions provide experience in air sampling, noise measurement, heat measurement, particle size analysis, chemical analysis, and evaluation of industrial ventilation systems.

### **SA 412 Evaluation of Safety Program Effectiveness**

3c-0l-3sh

Prerequisites: MA 217, junior standing

Teaches reasons and importance of evaluating the effect of safety and health innovations on organization performance, devising measuring systems capable of extracting accurate, meaningful data, methods of collecting, codifying, and processing accident-injury information, and utilization of data retrieval systems.

### **SA 441 Accident Investigation**

3c-0l-3sh

Prerequisites: SA101, junior standing or consent

Focuses on various aspects of accident investigation such as recent theories associated with accident causes, investigative techniques, data acquisition, structure of investigative reports, management responsibilities, and remedial actions. Particular emphasis on determining sequence of events to develop management actions which will prevent recurrence of accidents.

[Back to Top](#)

### **SA 461 Air Pollution**

3c-0l-3sh

Prerequisite: SA301 or consent

Focuses on various major aspects of the air pollution problem. Includes sources of pollution, evaluation and engineering of pollutants, government regulations, atmospheric chemistry and dispersion, and human and nonhuman effects. Particular emphasis on information that is practical for the safety management, industrial health, or environmental health professional.

### **SA 462 Radiological Health**

3c-0l-3sh

Prerequisite: SA301 or consent

Study of problems associated with ionizing radiation in human environment. Emphasis given to biological effects, radiation measurement, dose computational techniques, exposure control, and local and federal regulations. Study and use of various radiological instruments included.

### **SA 472 Process Safety in the Chemical Industry**

3c-0l-3sh

Prerequisites: SA301, SA311, SA345, and senior standing, or permission of instructor

This course is designed to cover all important aspects of loss prevention as it is practiced in the chemical process industries. Its objective is to prepare the safety professional so that he/she may be able to work more effectively with chemists and chemical engineers in joint hazard identification, evaluation, and control projects. (Numbered as SA 482 prior to 1989)

[Back to Top](#)

### **SA 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **SA 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **SA 488 Internship**

12sh

Prerequisites: Senior standing, all required courses in major, minimum of 2.8 overall and 3.0 GPA in major, and consent

This course is a practicum conducted at an approved occupational setting up to 500 miles away from IUP. Students are required to conduct four major projects over the course of the summer. One project will be from each of the following areas: Safety Management, Industrial Safety, Industrial Hygiene, and Fire Protection. Students are accountable to an on-site supervisor and are required to remain in close contact with a Safety Sciences faculty coordinator. Offered in summer only.

[Back to Top](#)

### **SA 493 Internship**

var-6sh

Prerequisite: Senior standing, all required courses in major

All Safety Sciences majors are expected to take this course. It is conducted away from the university at various industrial enterprises. Students are required to provide their own transportation. Intended to allow the student to apply hazard assessment and safety management practices to actual industrial situations while at same time being exposed to complexities of industrial environment.

# Distributive Education

**Department of Office Systems and Business Education**  
**Eberly College of Business**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[DE281](#) [DE331](#) [DE332](#) [DE333](#) [DE413](#) [DE481](#) [DE482](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

## **DE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **DE 331 Modern Merchandising**

3c-0l-3sh

Techniques for planning and controlling inventory, analyzing sales, working with modern systems for handling cash, and using color, line, and design. Practice in preparing merchandise display units.

## **DE 332 Retail Management**

3c-0l-3sh

Prerequisite: DE331 or DE333

Study of structure and changing environment of retailing; special emphasis on merchandise management, organization, sales promotions, services, and control.

[Back to Top](#)

## **DE 333 Principles of Selling**

3c-0l-3sh

Covers field of selling, preparing to sell, the selling process, and an introduction to sales management. Sales demonstrations incorporating audiovisual aids are a part of the course.

## **DE 413 Methods and Evaluation in Distributive Education II**

3c-0l-3sh

Prerequisites: BE111, MK320, DE333, and EP202

Includes two sections of special methods and evaluation in this field. Objectives are to acquaint students with the basic principles of group and individual instruction in various subject matter areas, as well as methods of presentation. Unit plans, lesson plans, demonstrations, and evaluations will be prepared. Students select sections needed for certification.

## **DE 481 Special Topics**

3c-01-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

## **DE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Office Systems

## Department of Office Systems and Business Education Eberly College of Business

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[OS281](#) [OS301](#) [OS313](#) [OS315](#) [OS400](#) [OS411](#) [OS480](#) [OS481](#) [OS482](#) [OS493](#)

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course.

### **OS 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **OS 301 Advanced Microcomputer Applications**

3c-0l-3sh

Prerequisite: BE/CO/IM 101, or permission of instructor

Advanced applications of microcomputing software from the user perspective to enhance productivity of office employees, executive and managerial, professional, and support personnel. Comparative and evaluative techniques for appropriate selection and implementation of software. Word processing, spreadsheet, database, desktop publishing, utility, and operating system software will be emphasized.

### **OS 313 Office Systems Technologies**

3c-0l-3sh

Prerequisite: Junior standing

Emphasis on systems hardware, especially the microcomputer. Concepts and design principles common to all microprocessors are studied. Auxiliary hardware, such as reprographics, printers, modems, scanners, and laser technology will be included.

[Back to Top](#)

### **OS 315 Records Administration**

3c-0l-3sh

Prerequisite: BE/CO/IM101 or permission of instructor

Development of the goal of records administration as a system including the input, process, and output components. Records creation, records classification systems, evaluation, retention programs, manual through automated information systems, image technology, form design, record control systems, records manuals, and disaster prevention and recovery will be discussed. (Offered as OS415 prior to 1995-96)

## **OS 400 Telecommunications**

3c-0l-3sh

Prerequisite: BE/CO/IM101

Knowledge and concepts of telecommunications technology, applications, and management as they apply to office systems.

## **OS 411 Microcomputer Support for Office Systems**

3c-0l-3sh

Prerequisites: OS301, OS313, and OS400

Includes three dimensions of study relative to office systems -- helpdesk management, training and development, and ergonomics. Incorporates practical applications for delivering technical support through the operation of a helpdesk. Requires development and delivery of technological applications and a field study of ergonomic office designs.

[Back to Top](#)

## **OS 480 Seminar in Office Systems**

3c-0l-3sh

Prerequisites: Graduating seniors only or permission of instructor

Emphasis on the solving of office management problems. Provides an opportunity to integrate and apply the skills and knowledge previously gained in the Office Systems major. (Offered as AD430 prior to Summer, 1991; offered as OS430 until 1995)

## **OS 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **OS 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

## **OS 493 Internship**

var-3-6sh

Prerequisites: Approval of internship coordinator, chairperson, and dean and 2.75 overall GPA and 3.0 GPA in Business

A supervised office experience program with an approved agency (business, industry, and government).

---

# Educational and School Psychology

Department of Educational and School Psychology  
College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[EP202](#) [EP281](#) [EP371](#) [EP373](#) [EP376](#) [EP377](#) [EP378](#) [EP383](#) [EP384](#) [EP481](#) [EP482](#)

## **EP 202 Educational Psychology**

3c-0l-3sh

Prerequisite: PC101, admission to sophomore standing in teacher certification or permission

Designed to promote a better understanding of the principles of psychology governing human behavior, with particular emphasis on their relation to learner, learning process, and learning situation in an educational environment. (Offered as EP302 prior to 1992-93)

## **EP 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

## **EP 371 Psychology of Teaching Sex Education**

3c-0l-3sh

Explores the methods of teaching sex education to elementary, intermediate, and secondary levels; the sexual development of the child through adolescence and adulthood.

[Back to Top](#)

## **EP 373 Psychology of Adolescent Education**

3c-0l-3sh

Prerequisite: EP202

Study of significant characteristics, behavior, and educational and social problems of adolescents.

## **EP 376 Behavior Problems**

3c-0l-3sh

Prerequisite: EP202

Examination of emotional and social aspects of behavior problems encountered in classroom situations and potential remedial techniques.

## **EP 377 Educational Tests and Measurements**

3c-0l-3sh

Prerequisites: PC101, admission to junior standing in teacher certification or permission

Designed to acquaint students with major methods and techniques of evaluation used to assess and report growth, development, and academic achievement of individuals in an educational environment. Includes interpretation of standardized test information.

[Back to Top](#)

**EP 378 Learning**

3c-01-3sh

Prerequisite: EP202

Explores learning theories and educational application in the classroom.

**EP 383 Education of the Disadvantaged Student**

3c-01-3sh

Prerequisite: EP202

Acquisition of necessary understandings of physiological, psychological, and social implications relevant to working with and teaching the disadvantaged student.

**EP 384 Field Experience**

3c-01-3sh

Prerequisite: EP202

Provides student with tutorial experience in the public schools and social service organizations with professional supervision.

[Back to Top](#)

**EP 481 Special Topics in Educational Psychology**

var-1-3sh

Prerequisite: Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are offered primarily for upper-level undergraduate students.

**EP 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

## **FE 202 American Education in Theory and Practice**

3c-0l-3sh

Prerequisite: Students must have sophomore status and be enrolled in a teacher certification program

Provides an introduction to some of the major traditional and contemporary philosophic concepts which have played a role in the formation of educational policies and practices. Emphasis on the relationship between educational theory and practice in such areas as the role of the school in society, curricular content, teaching and learning methodology, educational goals, and professionalism.

## **FE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **FE 414 Comparative Foundations of Education (Dual Level)**

3c-0l-3sh

Analysis, evaluation, and especially comparison of educational purposes, curriculum, and methods in some western European nations, some developing nations in Africa, Asia, and Latin America, and nations such as Russia and the Peoples Republic of China. The educational theories and practices in the United States will be compared with those in other lands. Designed to develop insight into new ideas and practices in American schools.

[Back to Top](#)

## **FE 415 Curriculum Development (Dual Level)**

3c-0l-3sh

Analysis of philosophical, sociological, and psychological basis for creation of curricular patterns, K-12. Includes utilization of technological devices, critical examination of basic concepts underlying determination of objectives, and selection and organization of subject matter and of learning experiences in general. Current curriculum research will be analyzed, as will existing instructional materials and programs.

## **FE 440 Orientation to Teaching in Urban Centers**

3c-0l-3sh

Provides students with an understanding of learners and their unique learning needs and conditions. Emphasis on understanding the origin of attitudes and values and how these affect the relationships which exist between students and teachers. Special attention to practical application of theoretical information to problems of urban education. Field

trips and guest speakers will be emphasized.

### **FE 441 Field Experiences in Urban Centers**

var-6sh

Prerequisite: FE440

Provides specialized experience for students desiring to teach in inner-city schools. Aspects to be emphasized include physical characteristics of community, background and aspirations of children and youth, and specialized teacher competencies, classroom management, planning, instructional materials, teaching strategies, and evaluations. Records of comprehensive experiences in urban areas will be considered in making field experience assignments. Schools selected for student experience will be located in Pittsburgh.

[Back to Top](#)

### **FE 442 Interpreting Urban/Field Experiences**

var-3sh

Prerequisites: FE440, FE441

Evaluation of learning and behavior problems encountered during field experience in urban schools. Flexible approach stressed to encourage wide range of investigation and exploration of psychological and sociological problems as they affect education. Supervision and guidance for investigating specific problems provided by specialists from psychology, sociology, and education who will function as resource personnel giving direction. Enables students to combine experiences gained by teaching in urban schools with recent and pertinent theoretical information.

### **FE 454 Public School Administration**

3c-0l-3sh

Study of the development of public school administration; current organizational patterns for public education at the local, county, state, and national levels; and the impact of administration upon the total educational program.

### **FE 456 Issues and Trends in Education**

3c-0l-3sh

Critical analysis of issues and trends in education with emphasis on philosophical and social dimensions of topics covered. Attention to work of some major contemporary critics of education.

[Back to Top](#)

### **FE 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **FE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Education of Exceptional Persons

Department of Special Education and Clinical Services  
College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[EX111](#) [EX112](#) [EX221](#) [EX222](#) [EX281](#) [EX300](#) [EX321](#) [EX322](#) [EX340](#) [EX415](#) [EX416](#) [EX417](#) [EX418](#) [EX419](#) [EX425](#)  
[EX435](#) [EX440](#) [EX480](#) [EX481](#) [EX482](#)

## **EX 111 Introduction to Exceptional Persons**

3c-0l-3sh

Prerequisite: For department majors and official incoming transfers only

Surveys characteristics, needs, problems, and behavior patterns of any person who deviates sufficiently from "normal" to be considered exceptional. Consideration to those who fall intellectually both above and below average and to those who are handicapped visually, acoustically, behaviorally, orthopedically, neurologically, or in respect to speech patterns. (Offered as EX120 prior to 1993-94)

## **EX 112 Typical and Atypical Growth and Development**

3c-0l-3sh

Prerequisites: EX111, PC101

Presents foundations of human growth from conception, including basic embryogenesis, up to but not including adolescence. Considers the biological, cultural, educational, and parenting influences that shape the child, as well as selective examples of normal and deviant physical and intellectual development. (Offered as EX220 prior to 1993-94)

## **EX 221 Methods of Teaching Mathematics to Persons with Disabilities**

3c-0l-3sh

Prerequisites: MA151, EX111

Emphasizes recent developments in elementary curriculum and instructional techniques for developing concepts; implications of recent resource developments and materials helpful to the prospective special education teacher. Emphasis is also placed on methods of helping children learn mathematical concepts through physical activity and on ways to adapt regular classroom materials to meet needs and abilities of slow and disabled learners. (Offered as EX240: Teaching Mathematics for the Mentally and/or Physically Handicapped prior to 1993-94)

[Back to Top](#)

## **EX 222 Methods of Teaching Reading to Persons with Disabilities**

3c-0l-3sh

Prerequisite: Sophomore status or above

Presents basic concepts of developmental reading instruction and systematic coverage of the methods of teaching reading from readiness stages through eighth grade. Diagnostic-prescriptive techniques are included. (Offered as EX251: Methods of Teaching Reading prior to 1993- 94)

## **EX 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **EX 300 Education of the Exceptional in the Regular Classroom**

3c-01-3sh

Prerequisite: For non-Special Education majors only

Surveys traits, needs, problems, and behavior patterns of the exceptional person and indicates methods and considerations for the regular classroom teacher encountering the exceptional person in his/her classroom. Legal rights of the exceptional are stressed, and contributions of the disabled to society are presented. Implications regarding parenting of exceptional children and youth are included.

[Back to Top](#)

### **EX 321 Methods of Teaching Language Arts to Persons with Disabilities**

3c-01-3sh

Prerequisites: EX111, EX222, and SH254, GPA 2.5

Review of typical and atypical characteristics of the handicapped in relationship to the language arts. Deals with preparation and execution of units of instruction in language arts for mentally and/or physically handicapped persons. Diagnostic and prescriptive approaches are included; integration of language arts with a highlight on reading is stressed. (Offered as EX353: Reading and Other Language Arts for the Mentally and/or Physically Handicapped prior to 1993-94)

### **EX 322 Methods of Teaching Content Area Subjects to Persons with Disabilities**

3c-01-3sh

Prerequisite: EX111, GPA 2.5

Presents methods for teaching science and social studies to the mentally and/or physically handicapped. Scope and sequence of content, as well as evaluative techniques for each content area, are studied. Integration of other content areas and skill areas is stressed. Also stresses teaching in both resource room and less restrictive environments. (Offered as EX343: Content Area Subjects for the Mentally and/or Physically Handicapped prior to 1993-94)

### **EX 340 Introduction to Behavior Management in Special Education**

3c-01-3sh

Prerequisites: EX111, EX112, EP202, GPA 2.5

An overview of systematic behavioral change techniques for use with students in a variety of special education settings including integrated, resource, self-contained, special school, and residential. Emphasizes a case analysis approach to creating and evaluating behavioral changes for students with mild to severe disabilities.

[Back to Top](#)

### **EX 415 Preschool Education for Children with Disabilities**

3c-01-3sh

Prerequisite: Departmental permission, GPA 2.5

Provides information on assessment, intervention strategies, curriculum, and prescriptive planning for preschool children with disabilities. Serves as a course for departmental majors who are specifically interested in early childhood education, as an elective for other interested students in related fields, and as a priority course for Early Childhood Education majors. (Formerly EX464: Preschool Education of the Handicapped)

### **EX 416 Education of Persons with Emotional or Behavioral Disorders**

3c-01-3sh

Prerequisite: Junior status or above, GPA 2.5

Focuses on major theoretical positions regarding etiology of emotional and behavioral disorders, definition and identification of the population, and educational approaches. Reviews research in the field, including current issues, trends, practices, and services. (Formerly EX341: The Socially and Emotional Maladjusted)

### **EX 417 Education of Persons with Mental Retardation or Developmental Disabilities**

3c-01-3sh

Prerequisite: Junior status or above, GPA 2.5

Focuses on major theoretical positions regarding etiology of mental retardation and developmental disabilities, including autism. Definition, identification, and educational approaches are discussed. Reviews research in the field, including current issues, trends, practices, and services. (Formerly EX457: Severe and Profound Retardation and Multiple Disabilities)

[Back to Top](#)

### **EX 418 Education of Persons with Physical or Multiple Disabilities**

3c-01-3sh

Prerequisite: Junior status or above, GPA 2.5

Focuses on major theoretical positions regarding etiology of a wide and diverse range of physical/multiple disabilities, the definition and identification of the population, and educational approaches. Reviews research in the field, including current issues, trends, practices, and services. (Formerly EX430: Physical Disabilities and Psychological Handicaps)

### **EX 419 Education of Persons with Brain Injuries or Learning Disabilities**

3c-01-3sh

Prerequisite: Junior status or above, GPA 2.5

Focuses on major theoretical positions regarding etiology of neurological and learning disabilities, definition and identification of the population, and educational approaches. Reviews research in the field, including current issues, trends, practices, and services. (Formerly EX454: The Brain Injured and the Learning Disabled)

### **EX 425 Methods and Curriculum (Mild-Moderate Disabilities)**

3c-01-3sh

Prerequisites: EX221, EX222, EX321, EX322, EX340, GPA 2.5

Provides in-depth examination of assessment methods, strategies, and curriculums. Emphasizes assessment methods and strategies used in a variety of service models that serve elementary- and secondary-level students with learning disabilities, behavioral disorders, mild mental retardation, and high-function autism. (Formerly EX450: Methods and Curriculum Planning for Mildly and Moderately Handicapped)

[Back to Top](#)

### **EX 435 Methods and Curriculum (Severe-Profound Disabilities)**

3c-01-3sh

Prerequisites: EX221, EX222, EX322, EX321, EX340, GPA 2.5

Emphasizes methods designed to facilitate the development of an integrated, functional, and community-based curriculum that will prepare students for participation in a wide variety of postschool environments.

### **EX 440 Ethical and Professional Behavior**

1c-01-1sh

Prerequisite: Departmental permission, GPA 2.5

Emphasis on ethical and professional behavior for student teachers and professional employees. Possibilities for and methods of initiating and profiting from postbaccalaureate study are indicated. Student teachers are required to complete and present a curriculum book regarding each student-teaching experience. (Offered as EX490 prior to

1993-94)

### **EX 480 Seminar in Special Education**

var-1-3sh

Prerequisite: Departmental permission

Interested students may use this course for the pursuit of knowledge regarding specific concerns of the exceptional which are not ordinarily considered in such detail during regular classroom instruction. Students wishing to enroll are expected to submit a written proposal regarding their desire for study at the time permission for enrollment is sought. With permission, the course may be repeated for credit. (Previous title: Selected Problems)

[Back to Top](#)

### **EX 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **EX 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Vocational Education

## Center for Vocational-Technical Personnel Preparation College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[VO010](#) [VO100](#) [VO281](#) [VO395](#) [VO400](#) [VO401](#) [VO402](#) [VO450](#) [VO481](#) [VO482](#)

### **VO 010 Industrial Electrical Technology**

var-1-18sh

Prerequisite: Center/department permission

Emphasis on comprehensive industrial electrical technology through training in specialty concentrations applied to design, development, and testing of electrical circuits, devices, and systems for generating electricity and the distribution and utilization of electrical power. Carries institutional credit only.

### **VO 100 Preparation of the Vocational Professional I**

var-1-15sh

Personalized, self-paced vocational teacher preparation. The vocational student/intern develops, demonstrates, and documents competence in selected pedagogical competencies. Individualized instruction is supplemented with monthly seminars. Self-evaluation is encouraged in the program, utilizing videotaping and the feedback from a team of professional teacher educators.

### **VO 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **VO 395 Vocational Education Writing Experience**

var-0sh

Writing assignments such as abstracts, logs of activities, philosophy papers, training plans, presentation plans, lesson plans, etc., will be completed in conjunction with selected instructional modules from VO 100 and VO 400 courses.

### **VO 400 Preparation of the Vocational Professional II**

var-1-15sh

Prerequisite: Successful completion of VO 100

Personalized, self-paced vocational teacher preparation. The vocational student/intern develops, demonstrates, and documents competence in selected teaching skills in the areas of program planning, program development, program evaluation, and managing and evaluating instruction in a vocational school setting. Self-evaluation is encouraged in the program utilizing videotaping and the feedback from a team of professional teacher educators.

## **VO 401 Special Topics in Vocational Technical Preparation**

var-1-12sh

Prerequisite: Center permission

Provides opportunities for vocational students/interns to develop additional technical skills in areas related to their occupational competence under professional supervision. Topics are determined through individual counseling, through priority needs identified by advisory committees, and through evaluation of technical competence by center teaching staff.

[Back to Top](#)

## **VO 402 Special Topics in Vocational Pedagogical Preparation**

var-1-15sh

Prerequisite: Center permission

Provides opportunities for vocational students/interns to develop additional teaching skills under professional supervision. Topics are determined through identification of priority areas in vocational education using national and state surveys and students' individual needs.

## **VO 450 Technical Preparation of the Vocational Professional**

24sh

Competency assessment of occupational experience through national standardized written and performance examinations.

## **VO 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

## **VO 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Elementary Education

## Professional Studies in Education College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[EL211](#) [EL213](#) [EL215](#) [EL221](#) [EL222](#) [EL281](#) [EL312](#) [EL313](#) [EL314](#) [EL351](#) [EL356](#) [EL357](#) [EL411](#) [EL422](#) [EL425](#) [EL481](#)  
[EL482](#)

Note: Courses in Elementary Education are restricted to majors with a 2.5 average, except by department permission.

### **EL 211 Music for the Elementary Grades**

2c-0l-2sh

Geared for elementary education students. Includes basic ideas for understanding, development, and confidence for future classroom teachers and their pupils in areas of music education.

### **EL 213 Art for the Elementary Grades**

2c-0l-2sh

The creative use of art materials and an understanding of development of capacities of children through art.

### **EL 215 Child Development**

3c-0l-3sh

Survey of human development, from conception to adolescence, in terms of basic scientific data. Development, growth, and behavior are studied and their implications for home, school, and community are considered.

### **EL 221 Children's Literature**

3c-0l-3sh

Acquisition of a wide acquaintance with children's literature, old and new. Poetry selections, annotated stories, and bibliographies will be assembled. Ways and means to develop, stimulate, and guide children's reading of literature presented. Principles and techniques of successful storytelling are studied and practiced.

[Back to Top](#)

### **EL 222 Teaching of Reading I**

3c-0l-3sh

Systematic coverage of the teaching of reading, including methods, techniques, and materials. First of a two-course sequence.

### **EL 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special

topics numbered 281 are offered primarily for lower- level undergraduate students.

### **EL 312 Teaching of Elementary Science**

2c-0l-2sh

Emphasis placed upon science as it relates to child and curriculum, planning for teaching science, and recent innovations in science teaching. Course offered on the junior block only.

[Back to Top](#)

### **EL 313 Teaching Mathematics in the Elementary School**

3c-0l-3sh

Prerequisites: MA151, 152

Recent developments in curriculum and methods of instruction of contemporary elementary school mathematics programs. Students will become acquainted with books, materials, and other resources helpful to prospective teachers. Includes observations of master teachers.

### **EL 314 Teaching of Health and Physical Education**

2c-0l-2sh

Games, stunts, rhythms, relays, tumbling, dances, and skills suitable for the elementary school child. Teaching of health in elementary school is emphasized, including methods, materials, and lesson planning.

### **EL 351 Creative Activities in the Elementary School**

3c-0l-3sh

Provides students with a wide range of creative experiences in fields of art, crafts, music, rhythmic, dramatics, and games in elementary school. Stress is placed upon need to help children in developing their capacities for creative expression in these areas.

[Back to Top](#)

### **EL 356 Pedagogy I**

3c-0l-3sh

Prerequisite: Junior status

Competencies specific to the science of teaching will be introduced in this course. Students will become familiar with the fundamentals of teaching across all content area subject matter at the elementary level. Areas that will be explored include models of teaching, including lesson and unit planning, and creating a classroom environment that is conducive to learning.

### **EL 357 Pedagogy II**

3c-0l-3sh

Prerequisite: Junior status

Principles based on classroom experience. Instruction will include classroom management skills, integration of computers in the elementary curriculum, contemporary issues in education, the role of research in elementary classroom teaching, and teacher professionalism during and after field experiences. (This course is writing intensive.)

### **EL 411 Teaching of Social Studies**

3c-0l-3sh

Overview of social studies in elementary school. Includes study of objectives, trends, areas of content, patterns and principles of organization, and techniques of teaching. Variety of learning experiences and materials used and evaluated.

[Back to Top](#)

**EL 422 Diagnostic and Remedial Reading**

3c-01-3sh

Prerequisite: EL222

Causes of reading disability; methods of diagnosis; procedures and materials for remedial work, group and individual.

**EL 425 Language Arts Across the Curriculum**

3c-01-3sh

Prerequisite: EL222

Places emphasis on the view that the art of communication is an interrelated process and the task of classroom teachers is not only integrating the language arts among themselves but also integrating them throughout the entire curriculum. Techniques for teaching oral and written communication, spelling, handwriting, vocabulary development, listening, and linguistics will be presented. Special emphasis given to recent trends and research. (Replaces EL 413: Teaching Language Arts effective Summer, 1992) This course is offered as a writing-intensive course.

**EL 481 Special Topics**

var-3sh

Prerequisite: Approval of instructor and department

A course/seminar on topics in education appropriate for the Elementary Education setting.

[Back to Top](#)

**EL 482 Independent Study**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources. (Offered as EL481 prior to 1993-94)

# Early Childhood Education

## Professional Studies in Education College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[EE200](#) [EE220](#) [EE281](#) [EE310](#) [EE311](#) [EE312](#) [EE315](#) [EE451](#) [EE481](#) [EE482](#)

Note: Courses in Early Childhood Education are restricted to majors with a 2.5 average, except by department permission.

### **EE 200 Introduction to Early Childhood Education**

3c-0l-3sh

Introductory course for prospective teachers of young children. Provides students with the opportunity to gain knowledge of historical, sociological, and political aspects of early childhood education. Emphasis on systematically observing, recording, and evaluating children's behavior in classrooms. (Formerly EL353: Preschool Education)

### **EE 220 Language Development and Children's Literature**

3c-0l-3sh

Includes the study of children's language acquisition and children's literature within the context of a developmentally appropriate language arts curriculum, preschool through the primary grades. Strategies for developing children's linguistic competence and integrating literature throughout the early childhood program will be emphasized. Observations, interviews, and teaching experiences are an integral part of the course. (This course is offered as a writing intensive course).

### **EE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

### **EE 310 Integrated Curriculum I**

3c-0l-3sh

Examines the sequence of cognitive development in children and the implications for instructional programs. Stages of cognitive understanding will be applied to the basic components of numerical concepts and science concepts. Classroom management strategies that can be utilized in varied environments will be stressed.

### **EE 311 Integrated Curriculum II**

3c-0l-3sh

Enables students to realize the importance and relevance of content area subjects as related to the early childhood years. Planning for teaching with specific emphasis on methods and materials for social and environmental living is

introduced. The integration of music and art is emphasized. Values systems and self-esteem are integral to social living.

### **EE 312 Aesthetic Experiences for Young Children**

3c-0l-3sh

An interdisciplinary approach to different forms of creative expression in young children. Art, music, and movement will be analyzed as aesthetic elements in a comprehensive early childhood curriculum. Development of creative potential in both teachers and children will be promoted as a means of enhancing the artist's experiences. Students will expand their use of the arts to enhance the self-esteem and self-worth of the children.

[Back to Top](#)

### **EE 315 Development and Learning Through Play**

3c-0l-3sh

Provides early childhood educators with the knowledge and skills necessary to promote and guide children's play behavior as the child's basic learning mechanism. Emphasis on definitions, theories, and stages of play within the context of social, emotional, physical, and intellectual growth for children aged 0-8 years. Students will observe children at play, design specific learning activities that utilize a play/games format, and direct educational experiences during the supervised field component. (Previous title: Play as Cognitive and Affective Development)

### **EE 451 Teaching Primary Reading**

3c-0l-3sh

A methods course designed to assist students in developing the reading abilities of young children. Deals with instructional issues related to teaching reading and introduces students to varying reading and pre-reading processes which are effective with young children. Also emphasizes diagnostic and assessment strategies for teaching reading.

### **EE 481 Special Topics**

var-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
A course/seminar on topics in education appropriate for the Early Childhood Education setting.

[Back to Top](#)

### **EE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Speech Pathology and Audiology (formerly Speech and Hearing)

Department of Special Education and Clinical Services  
College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[SH111](#) [SH122](#) [SH222](#) [SH242](#) [SH251](#) [SH254](#) [SH281](#) [SH311](#) [SH334](#) [SH342](#) [SH406](#) [SH408](#) [SH412](#) [SH420](#) [SH481](#)  
[SH482](#)

## **SH 111 Introduction to Communication Disorders**

3c-0l-3sh

Introduction to study of physiological, acoustical, and scientific processes involved in production and reception of speech. The genetic development of speech sounds and factors that hinder or facilitate speech and language acquisition. (Previous title: Fundamentals of Speech and Hearing)

## **SH 122 Clinical Phonology**

3c-0l-3sh

Detailed study of the classification of American-English phonemes using the physical and acoustical perspectives. Development of proficiency in use of International Phonetic Alphabet for all-phonetic transcriptions of normal and disordered speech. (Previous title: Phonetics)

## **SH 222 Introduction to Audiology**

3c-0l-3sh

The study of auditory function, anatomy of auditory mechanism, psychophysics of sound, types and causes of hearing loss, measurement of hearing, and educational considerations for hearing-handicapped child.

[Back to Top](#)

## **SH 242 Speech Science I**

3c-0l-3sh

Study of the communication process with emphasis on physical characteristics of sound production, transmission and perception of the sound, and the evolution and use of symbols for meaningful communication. The scientific principles of normal oral communication are stressed, and language learning is recognized as a basis for oral communication. (Previous title: Introduction to Speech Science)

## **SH 251 Anatomy and Physiology of the Speech and Hearing Mechanism**

3c-0l-3sh

Consideration of genetic development, structure, and function of the organs of speech and hearing. Anatomical systems involved in respiration, phonation, articulation, and hearing and relationships between systems in production and reception of speech.

## **SH 254 Classroom Management of Language Disorders**

3c-0l-3sh

Study of aspects of speech, language, and hearing problems pertaining to classroom situation. Types of speech and hearing disorders, conducting speech and language improvement lessons, classroom aids for teaching the child with language, speech, and hearing impairment, and school and community resources for these children. (Required for majors in Education of the Exceptional and suggested for majors in Elementary Education)

[Back to Top](#)

## **SH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **SH 311 Aural Rehabilitation**

3c-0l-3sh

Prerequisite: SH222, 2.5 QPA

Consideration of the effects of varied degrees of hearing loss sustained by individuals at different stages of development and study of total education and rehabilitative procedures for the hard-of-hearing child or adult.

## **SH 334 Language Development**

3c-0l-3sh

Prerequisite: 2.5 QPA

Study of the development of an interpersonal communication system; language as a system of symbols for communication; the structure of the English language, including phonology, syntax, and semantics with emphasis on the generative evolution of sentences. Highlighting the neurological, social, and psychological bases of language development. (Offered as SH234 prior to 1993-94)

[Back to Top](#)

## **SH 342 Speech Science II**

3c-0l-3sh

Prerequisite: SH242, 2.5 QPA

Physiologic, acoustic, and perceptual characteristics of speech with special emphasis on speech monitoring and controls. Major lab instrumentation and research techniques in current use are described and demonstrated. Status of present knowledge is summarized and discussed.

## **SH 406 Articulation and Language Disorders**

3c-0l-3sh

Prerequisites: SH111, 242, 251, 334, 2.5 QPA

Exploration of the processes related to developmental articulation and language disorders from birth through adolescence. Instruction in the principles underlying modification of these disorders. Preparation of management programs and observation in the Speech and Hearing Clinic required. (Offered as SH306 prior to 1993-94)

## **SH 408 Stuttering and Voice Disorders**

3c-0l-3sh

Prerequisites: SH111, 242, 251, 334, 2.5 QPA

Introduction to the developmental, psychogenic, and organic bases for stuttering and voice disorders. Instruction in principles underlying treatment of these disorders with emphasis on anatomical deviations and laryngeal dysfunction.

Preparation of management plans and observation in Speech and Hearing Clinic required. (Offered as SH308 prior to 1993-94)

[Back to Top](#)

### **SH 412 Organization and Administration of Speech and Hearing Progra**

3c-01-3sh

Prerequisite: SH111, 2.5 QPA (meets requirement for Professional Education course)

Establishment and maintenance of speech and hearing programs within various administrative organizations, particularly in the public schools. Techniques of client identification, scheduling, recordkeeping, appropriate referral, material and equipment selection, teacher and parental counseling, and the development of coordinated professional and interdisciplinary procedures. (Offered as SH312 prior to 1993-94)

### **SH 420 Speech Clinic**

var-1-3sh

Prerequisites: ED242, ED342, QPA of 3.0+, all major courses, program director's permission

Experience in working with individuals or groups of persons who exhibit speech or hearing problems. Lesson planning, writing of reports, and case histories of a detailed nature. (Offered as SH320 prior to 1993-94)

### **SH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **SH 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Education of Persons with Hearing Loss

Department of Special Education and Clinical Services  
College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[EH114](#) [EH115](#) [EH244](#) [EH281](#) [EH307](#) [EH308](#) [EH329](#) [EH330](#) [EH331](#) [EH351](#) [EH360](#) [EH365](#) [EH481](#) [EH482](#)

## **EH 114 Introduction to Persons with Hearing Loss**

3c-0l-3sh

Prerequisites: Adviser permission, EH majors only

Deals with the different approaches used in teaching the hearing impaired -- manual language, oral language, and total communication. The historical background of each approach is presented with its strengths and weaknesses. Criteria for the use of each approach established in consideration of degree of loss exhibited by the pupil, the age of onset, and the social and psychological implications. (Offered as Introduction to Hearing Impaired prior to 1994)

## **EH 115 Introduction to Sign Language**

1c-0l-1sh

Development of manual dexterity and fluency using fingerspelling. Acquisition of basic sign language vocabulary. Practice in acquiring general information from a signed message and conversing informally on commonly used topics.

## **EH 244 Intermediate Sign Language**

1c-0l-1sh

Prerequisite: EH115

Emphasis on comprehension of signed information and on developing fluency in conveying a message in both signed English and American Sign Language. Modification of signs and individualization of techniques for instruction/communication with learning-impaired or multihandicapped deaf learners.

[Back to Top](#)

## **EH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

## **EH 307 Speech for Persons with Hearing Loss**

3c-0l-3sh

Prerequisites: EH114, SH242, 2.5 QPA

Techniques for developing, diagnosing, analyzing, and correcting the speech and voice problems of hearing-impaired individuals. Lecture, demonstration, and special projects. (Offered as Speech for the Hearing Impaired prior to 1994)

### **EH 308 Language for Persons with Hearing Loss**

3c-0l-3sh

Prerequisites: EH114, SH334, 2.5 QPA

Development and remediation of language of the hearing impaired. Language sampling and diagnostics, sentence patterning, and analytic vs. natural teaching methods. Structuring a communicative environment. (Offered as Language for the Hearing Impaired prior to 1994)

[Back to Top](#)

### **EH 329 Hearing Practicum I**

var-1sh

Prerequisites: EH114, EH115, 2.5 QPA

Provides the student with actual contact with individuals with hearing loss. Practica will be set up in appropriate school programs and/or clinics for the hearing impaired, in hearing itinerant programs, or in clinical settings where hearing-impaired individuals are receiving therapy or are being tested. Techniques of observing and evaluating behavior are presented initially to prepare the student to profit maximally from the observation experiences. Written reports of the practica are submitted and discussed, and each student is encouraged to gain experience in as many different settings as available.

### **EH 330 Hearing Practicum II**

var-1sh

Prerequisites: EH329, 2.5 QPA

Provides students with actual contact with individuals with hearing loss. Practica will be set up in appropriate school programs and/or clinics for the hearing impaired, in hearing itinerant programs, or in clinical settings where hearing-impaired individuals are receiving therapy or are being tested. Techniques of observing and evaluating behavior are presented initially to prepare the student to profit maximally from the observation experiences. Written reports of the practica are submitted and discussed, and each student is encouraged to gain experience in as many different settings as available. This is a continuation of EH329: Hearing Practicum I and includes support and supervision of students in EH329.

### **EH 331 Advanced Sign Language**

1c-0l-1sh

Prerequisites: EH115, EH244, 2.5 QPA

Studies the evolution of signs; dialectical sign systems. Analysis and comparison of the linguistic similarities/differences of various sign languages. Direct translation of written or spoken information on specific topics using American Sign Language or Signed English. Practice using conversation on both a social and academic level.

[Back to Top](#)

### **EH 351 Teaching Reading to Persons with Hearing Loss**

3c-0l-3sh

Prerequisite: EH308, 2.5 QPA

Presents basic concepts of developmental reading instruction and systematic coverage of the methods of teaching reading to students with hearing loss from readiness stages through upper school.

### **EH 360 General Methodology for Education of Persons with Hearing Loss**

3c-0l-3sh

Prerequisites: EH114, EH307, EH308, 2.5 QPA

Provides a systematic coverage of the basic procedures for teaching curriculum subjects. Included are adaptive methods of instruction for teaching mathematics; science as it relates to the child and the curriculum; content, objectives, and resource materials for social studies; creative experiences in the field of language arts, rhythmic, and physical education and health. (Offered as General Methodology for Education of Hearing Impaired prior to 1994)

## **EH 365 Parent-Preschool Programs for Persons with Hearing Loss**

3c-0l-3sh

Prerequisites: EH114, EX112, SH334, EH308, EH307, 2.5 QPA

Developing home/clinic programs for parents and hearing-impaired infants (0-3 years). Teaching speech, language, speechreading, use of residual hearing, and developing readiness skills at preschool level. (Offered as Parent-Preschool Programs for the Hearing Impaired prior to 1994)

[Back to Top](#)

## **EH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

## **EH 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Rehabilitation

Department of Special Education and Clinical Services  
College of Education

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[RH200](#) [RH211](#) [RH220](#) [RH281](#) [RH312](#) [RH321](#) [RH322](#) [RH360](#) [RH410](#) [RH412](#) [RH422](#) [RH460](#) [RH481](#) [RH482](#) [RH484](#)  
[RH488](#) [RH493](#)

## **RH 200 Introduction to Rehabilitation**

3c-0l-3sh

A foundation for subsequent courses in the rehabilitation sequence. It is also available as a prerequisite or basic course for students interested in the rehabilitation of individuals in our society. Content includes the philosophy, history, major concepts, and current problems and issues.

## **RH 211 Medical Aspects of Rehabilitation**

3c-0l-3sh

Provides an overview of the etiology and pathology of a range of medical disorders which often require rehabilitative services. Emphasis is placed upon the psychosocial and functional effects of these disorders, vocational implications, and rehabilitative needs.

## **RH 220 Neurological Basis of Disability**

3c-0l-3sh

Prerequisites: EX111, RH200, BI155 or HP221

Study of the brain and spinal cord with emphasis on cortical and subcortical mechanisms instrumental in normal motion, coordination, and bodily sensation, exclusive of vision and hearing. Discussion and demonstration of conditions of cerebral palsy, poliomyelitis, traumatic paraplegics, cerebrovascular accident, Parkinson's disease, multiple sclerosis, and rehabilitative procedures.

[Back to Top](#)

## **RH 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **RH 312 Psychological Basis of Disability**

3c-0l-3sh

Study of emotional and social responses which govern behavior and relationships of handicapped individuals and rehabilitation workers alike, with emphasis on the role of disability in formation of the concept of human worth.

## **RH 321 Principles and Methods of Rehabilitation**

3c-01-3sh

Prerequisites: RH220, RH312, and permission of instructor

Delineates the roles of members of professional disciplines of medicine, psychology, prosthetics, orthodontics, audiology, speech pathology, physical and occupational therapy in restoration of the handicapped; use of diagnostic information; significance and interpretation of medical examination; role of rehabilitation counselor in the agency.

[Back to Top](#)

## **RH 322 Rehabilitation Case Study and Interpretation**

3c-01-3sh

Prerequisites: RH220, RH312, or permission of instructor

Purpose and techniques of case history taking; meaning and evaluation of diagnostic information; psychological evaluation in terms of mental ability, personality, attitudes, and dexterity skills; role of disabled individual's family in planning of services; referrals and report writing.

## **RH 360 Rehabilitation Counseling: Strategies**

3c-01-3sh

Prerequisites: Permission, Rehabilitation majors only

Designed to help students develop competencies in using various counseling techniques with handicapped persons. Various theories of counseling will be explored relative to the rehabilitation setting. It will provide basic counseling skills to upperclass Rehabilitation majors prior to field training.

## **RH 410 Vocational Assessment in Rehabilitation Counseling**

3c-01-3sh

Prerequisites: EX111, RH220, or faculty permission

Provides students with an overview of vocational assessment techniques and instruments for use with rehabilitation clients who are blind, deaf, mentally retarded, or severely physically handicapped. Includes discussion of rehabilitation evaluation.

[Back to Top](#)

## **RH 412 Occupational Aspects of Rehabilitation**

3c-01-3sh

Prerequisites: RH220 or permission of instructor

The realism of the world of work and relationship of gainful employment to human autonomy and decision making. Types of jobs, levels of required skills, potential capabilities of the disabled relative to specific job responsibilities, methods of assessing potential job success, and sheltered workshops.

## **RH 422 Current Topics in Rehabilitation**

3c-01-3sh

Taken concurrently with RH488 and RH493

Discussion of current topics of interest in the field, such as state and federal legislation, new prosthetic advances, proposals of the National Rehabilitation Association, or recent techniques in working with specific disabilities.

## **RH 460 Advanced Rehabilitation Counseling**

3c-01-3sh

Prerequisite: RH360

Selected counseling techniques studied and practiced under supervision. Application will be utilized in roles that will approximate the kind of clients encountered in field training.

[Back to Top](#)

### **RH 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **RH 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **RH 484 Directed Rehabilitation Activities**

var-3sh

Prerequisites: Permission, Rehabilitation majors only

Pre-field training experience working with handicapped clients in local facilities. Concrete experience will help the students integrate classroom instruction with field experiences.

[Back to Top](#)

### **RH 488 Field Training in Rehabilitation I**

var-6sh

Prerequisites: All major courses in program

Emphasizes development of the student rehabilitation coordinator by working with disabled clients in a public or private agency. Writing and analysis of case reports, counseling of clients, understanding of agency responsibilities and limitations, referral, follow-up, and final evaluation of the client's ability to function with various degrees of autonomy. Taken concurrently with RH493 and RH422.

### **RH 493 Field Training in Rehabilitation II**

var-6sh

Prerequisite: All major courses in program

Provides a second field experience. Taken concurrently with RH488 and RH422.

## **AR 100 Arts of the Twentieth Century**

1c-3l-3sh

Designed to expand student response to visual, aural, and kinetic art forms of this century with special emphasis on recent decades. The course includes lecture, studio, and field experiences.

## **AR 111 Figure Drawing**

0c-6l-3sh

A foundation course in drawing, including a study of the structure of drawing and composition with a variety of media and subject matter.

## **AR 112 Fundamentals of Drawing**

0c-6l-3sh

A course which seeks to integrate basic principles and fundamentals of drawing and design.

[Back to Top](#)

## **AR 113 Three-Dimension Design**

0c-6l-3sh

Basic elements and principles of design are studied. A course in design in three dimensions.

## **AR 114 Color and Two-Dimensional Design**

0c-6l-3sh

Focuses on the consistent properties of color and the manner in which two-dimensional design can be organized. Specific attention is given to the complex interactions of color within two-dimensional design.

## **AR 120 Principles of Design**

0c-4l-2sh

Principles of design and color are studied and applied to a crafted object. Major emphasis on aesthetic quality inherent in designing with materials.

[Back to Top](#)

## **AR 211 Painting**

0c-6l-3sh

An introductory course in painting in which a variety of materials, techniques, and approaches are explored.

### **AR 213 Woodworking: Function and Form**

0c-6l-3sh

Involves the study of woodworking and furniture design as it relates to the individual designer-artist. Students will experience a formal background in both woodworking technique and the application of design.

### **AR 214 Ceramics**

0c-6l-3sh

A general introduction to the techniques and aesthetics of clay. The student will work both at the wheel and with hand building methods.

[Back to Top](#)

### **AR 215 Sculpture**

0c-6l-3sh

Introductory course in sculpture with emphasis on study of form as well as visualizing in the third dimension.

### **AR 216 Basic Metals**

0c-6l-3sh

Introduction to metal work with emphasis upon creation of functional and nonfunctional art objects. Approached from the viewpoint of beginner learning basic processes of metal fabrication.

### **AR 217 Printmaking**

0c-6l-3sh

Introduction to basic techniques of production of fine prints including work in relief, intaglio, lithograph, and serigraph processes.

[Back to Top](#)

### **AR 218 Graphic Design**

0c-6l-3sh

Students explore various techniques and their application to such commercial art projects as package design, trademark, and other design problems. Lettering is stressed, both instant type and hand lettering.

### **AR 219 Fibers**

0c-6l-3sh

Provides students with introductory working knowledge in design and execution of projects in non 4/harness loom weaving and related fabric areas. Other fiber techniques, including handmade paper, available for students to explore as desired.

### **AR 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

**AR 421 Advanced Drawing**

0c-6l-3sh

Prerequisites: AR111 and 112

Designed to meet the needs of the student who has some background in the field. Problems of composition, two- and three-dimensional relationships, and surface are on an individual basis. (Offered as AR321 prior to 1994-95.)

**AR 451 Advanced Woodworking: Function and Form**

0c-6l-3sh

Prerequisite: AR213

Offers advanced training and skills involving the study of contemporary furniture design and woodworking. Emphasis on a technical and aesthetic point of view.

**AR 452 Advanced Ceramics**

0c-6l-3sh

Prerequisite: AR214

Continued exploration of the field of ceramic production, along with kiln firing and glaze formulation.

[Back to Top](#)

**AR 453 Advanced Sculpture**

0c-6l-3sh

Prerequisite: AR215

Gives the student an opportunity to pursue independent study in sculpture. Materials and processes will be individually chosen and the work related to broadening concepts.

**AR 454 Advanced Painting**

0c-6l-3sh

Prerequisite: AR211

Individual experimentation and exploration by the painter and investigation of the various technical approaches.

**AR 455 Advanced Graphic Design**

0c-6l-3sh

Prerequisite: AR218

Stresses advanced techniques in layout and illustration. The student explores ideas, such as creation of trademarks and how products are designed. Layouts are analyzed as to their quality. Package design is studied.

[Back to Top](#)

**AR 457 Advanced Printmaking**

0c-6l-3sh

Prerequisite: AR217

Student elects to study one of the printmaking processes in greater depth and works toward development of own techniques, working processes, and ideas.

**AR 459 Advanced Fibers**

0c-6l-3sh

Prerequisite: AR219

Provides student with a working knowledge in design and execution of projects in weaving and related areas. Other fiber techniques, including handmade paper, will be available for the students to explore as desired.

## **AR 460 Advanced Metals**

0c-6l-3sh

Prerequisite: AR216

Design and processes associated with art of metal are given greater concentration. The developing artist is encouraged to investigate, in depth, one or more of the metal arts as an extension of the basic course.

[Back to Top](#)

## **AR 481 Special Topics**

var-1-3sh

May provide an in-depth study of a narrowly defined area of the discipline. Subject matter may change with repeated offering of the course. May be repeated for credit.

## **AR 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

## **AR 493 Internship**

var-3-12sh

Designed for art majors who wish to receive practical experience working within professional situations which relate to the student's artistic and occupational goals.

# Art Education

## Department of Art College of Fine Arts

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[AE281](#) [AE315](#) [AE317](#) [AE318](#) [AE481](#) [AE482](#)

### **AE 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

### **AE 315 Survey of Art Education**

3c-0l-3sh

A seminar to introduce the art education major to the principles and practices of teaching visual arts K through 12. Field experiences, pre-student teaching activities, introduction to literature, and history and philosophies of art education emphasized. (Prerequisite to student teaching) Fall only.

### **AE 317 Art Education Methodology at the Elementary Level**

1c-3l-3sh

Examines children's artistic development, art programs, planning, motivation, and evaluation. Weekly teaching experience is an integral part of the course. (Prerequisite to student teaching) Fall only.

[Back to Top](#)

### **AE 318 Art Education Methodology at the Secondary Level**

1c-3l-3sh

Relationship of art education to the total secondary curriculum is studied to determine goals of junior-senior high school art. The adolescent creative products are analyzed to help the prospective art teacher to identify with problems of students. (Prerequisite to student teaching) Spring only.

### **AE 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **AE 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

**MU 111 Theory Skills I**

0c-3l-2sh

Develops aural skills through dictation and interpretation of written music by sight-singing. Taken in conjunction with Theory I.

**MU 112 Theory Skills II**

0c-3l-2sh

Prerequisite: MU111

Continuing development of aural skills and introduction of keyboardskills. Taken in conjunction with Theory II.

**MU 115 Theory I**

3c-0l-3sh

The study of the harmonic, melodic, and formal devices of the common practice period, from simple diatonic chords through secondary dominants.

[Back to Top](#)

**MU 116 Theory II**

3c-0l-3sh

Prerequisite: MU115

The study of the harmonic, melodic, and formal devices of the common practice period, from simple diatonic chords through secondary dominants. Theory II introduces basic music forms.

**MU 120 Brass Ensemble**

0c-2l-0/1sh

**MU 121 Chamber Singers**

0c-3l-0/1sh

**MU 122 University Chorale**

0c-3l-0/1sh

[Back to Top](#)

0c-3l-0/1sh

**MU 136 Advanced Jazz Ensemble**

0c-3l-0/1sh

**MU 137 Piano Accompanying**

var-1-1 or 0sh

Piano accompanying may be scheduled by qualified pianists from the Department of Music in partial fulfillment of ensemble requirements. The course may be repeated for credit. Pianists registered for this course will provide accompaniments for Department of Music students in solo vocal or instrumental performances in area and departmental recitals and/or in voice and instrumental lessons. Registration for the course must be approved by a designated Department of Music faculty member from the piano area.

[Back to Top](#)

**MU 151 Class Voice I**

1c-11-1sh

Conceived for non-Voice majors. Development of correct vocal production techniques through individual and group performance in class. Use of the voice as a tool for theory skills and for eventual use in the music classroom.

**MU 152 Class Voice II**

1c-11-1sh

Continuation of Class Voice I. Resumes development of correct vocal production techniques through performance.

**MU 153 Class Piano I**

1c-11-1sh

Designed for students with no significant background in piano who need to develop functional keyboard skills. Emphasis placed on harmonizing melodies and playing simple accompaniments.

[Back to Top](#)

**MU 154 Class Piano II**

1c-11-1sh

Continuation of Class Piano I.

**MU 155 Class Strings I**

1c-11-1sh

For Music Education majors who will develop rudimentary playing techniques sufficient to initiate instruction for beginning students. Emphasis placed on correct playing positions and tone production for violin, viola, cello, and double bass.

**MU 157 Class Percussion I**

1c-11-1sh

A practical introduction to the various instruments of the percussion family. Students will demonstrate correct playing techniques and develop a resource file containing information on percussion instruments and instructional materials as needed by the school music teacher.

[Back to Top](#)

**MU 159 Class Brass I**

1c-11-1sh

For Music Education majors who will demonstrate rudimentary playing techniques and tone production skills to initiate beginning instruction. Students will develop playing on trumpet or French horn and trombone, euphonium, or tuba.

**MU 161 Class Woodwinds I**

1c-11-1sh

For Music Education majors who will acquire correct tone production and playing techniques sufficient to initiate beginning instruction. Students will demonstrate skills with flute, clarinet, saxophone, and oboe or bassoon.

**MU 163 Class Guitar I**

1c-11-1sh

Designed for students with no significant background in guitar who wish to develop functional playing skills. Emphasis placed on using the guitar as an accompanying instrument.

[Back to Top](#)

### **MU 211 Theory Skills III**

0c-3l-2sh

Prerequisites: MU111, 112

Further development of aural and keyboard skills. Taken in conjunction with Theory III.

### **MU 212 Theory Skills IV**

0c-3l-2sh

Prerequisites: MU111, 112, 211

Culmination of development in aural and keyboard skills. Taken in conjunction with Theory IV.

### **MU 215 Theory III**

3c-0l-3sh

Prerequisites: MU115, 116

Extension of the techniques of the 18th and 19th centuries to include modulation, altered chords, more advanced musical forms, and contrapuntal procedures.

[Back to Top](#)

### **MU 216 Theory IV**

3c-0l-3sh

Prerequisites: MU115, 116, 215

Extension of the techniques of the 18th and 19th centuries to include modulation, altered chords, more advanced musical forms, and contrapuntal procedures. Theory IV concentrates largely on music and materials of the present century.

### **MU 217 Keyboard Harmony I**

1c-1l-1sh

Prerequisite: Nominal facility at keyboard

Designed to develop keyboard skills so the student may realize and produce in sound basic harmonic progressions.

### **MU 218 Keyboard Harmony II**

1c-1l-1sh

Prerequisite: MU217

Continuation of Keyboard Harmony I, involving chromatic harmony and more complex progressions.

[Back to Top](#)

### **MU 224 Jazz Improvisation Techniques I**

3c-0l-3sh

A study of the basic materials and practices for improvising or extemporaneous playing.

### **MU 225 Jazz Improvisation Techniques II**

3c-0l-3sh

A continuation of the basic materials and practices for improvising or extemporaneous playing. Makes use of more complicated and involved harmonic progressions utilizing extended choral harmonies.

## **MU 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

[Back to Top](#)

## **MU 304 Form and Analysis I**

2c-01-2sh

Prerequisite: MU216

Thorough study of smaller forms of music.

## **MU 306 Counterpoint I**

2c-01-2sh

Prerequisite: MU216

After study and analysis of the style of 16th-century contrapuntal writing, student will do original writing using techniques and devices of period. As time permits, same approach will be made to explore style of 17th- and 18th-century composers.

## **MU 309 Orchestration I**

2c-01-2sh

Prerequisite: MU216

All instruments of orchestra are studied from the viewpoint of their contribution to the total sound of ensemble. Ranges and timbres are considered, as well as actual arranging of selected music.

[Back to Top](#)

## **MU 311 Fundamentals of Conducting**

3c-01-2sh

Emphasis placed on fundamental physical skills of conducting process; various beat patterns are mastered and elementary score reading and interpretation are considered.

## **MU 312 Choral Conducting**

3c-01-2sh

Prerequisite: MU311

Provides an opportunity for the student to apply basic conducting techniques to choral music. Each student conducts the class in standard choral works. Includes survey of suitable literature, organizational problems, voice testing, rehearsal techniques, program building, interpretation, and diction.

## **MU 313 Instrumental Conducting**

3c-01-2sh

Prerequisite: MU311

Provides the student with an opportunity to apply basic conducting skills to various instrumental ensembles. Includes survey of suitable literature, organizational problems, audition procedures, rehearsal techniques, program building, and interpretation.

[Back to Top](#)

### **MU 315 Theory V**

3c-01-3sh

Prerequisite: MU216

Many of harmonic idioms of past half-century are considered, such as comparative analysis of dissonance; polytonality, polyrhythms; atonalism and 12-tone system; and microtonalism. Original writing in these styles required.

### **MU 331 Elementary Methods**

3c-01-3sh

Includes analytical study of texts, recordings, equipment, instruments, and other materials suitable to musical development of elementary pupils; proper treatment of child voice; selection, use, and teaching of rote songs; rhythmic activities and development; music reading; part singing; planning and organization; guided observations; and evaluation techniques.

### **MU 333 Secondary Methods**

3c-01-3sh

Includes General Music Class, choral organizations, changing voice, techniques of instruction, including team teaching and programmed learning, high school theory courses, high school music literature courses, scheduling, administrative problems, curriculum development, evaluation of materials and equipment, evaluative techniques, and guided observation. Extra laboratory sessions are required.

[Back to Top](#)

### **MU 335 Music for the Exceptional Student**

2c-21-2sh

Develops music education skills, techniques, and materials for the emotionally, mentally, physically, or neurologically handicapped student and the gifted. Designed for students in music education, special education, and elementary education.

### **MU 337 General Music in Middle Schools**

3c-01-3sh

Prerequisite: MU331

This course will provide general practices and pedagogy related to recent standards for a comprehensive, sequential middle school general music curriculum. Specific focus on curriculum development, lesson planning, instructional strategies, adolescent behavioral characteristics, as well as diverse materials and resources.

### **MU 340 Woodwind Instrument Repair**

0c-21-2sh

Prerequisites: MU133, Teacher Certification

This course is designed for students preparing for teaching careers in instrumental music. Instruction will be conducted in a laboratory setting and will include development of the diagnostic and repair skills necessary to deal with the problems most frequently encountered in a public school classroom on the clarinet, flute, and saxophone.

[Back to Top](#)

### **MU 351 Italian Diction and Literature**

2c-01-2sh

For first-semester voice majors, this class meets for two hours per week. Emphasis is on pronunciation for the stage and readings of Italian song texts. Italian madrigals, solo song literature, and operatic repertoire are also studied.

### **MU 353 French Diction and Literature**

2c-0l-2sh

For third- or fourth-semester voice majors, this class meets for two hours per week. Emphasis is on pronunciation for the stage and the International Phonetic Alphabet. French solo song literature and operatic repertoire are also studied.

### **MU 354 German Diction and Literature**

2c-0l-2sh

For second-semester voice majors, this class meets for two hours per week. Emphasis is on pronunciation for the stage. German solo song literature as well as Bach chorales are studied.

[Back to Top](#)

### **MU 405 Piano Pedagogy**

3c-0l-3sh

Prerequisites: Junior standing in Piano and a Piano major or minor

Survey of current and significant past developments in teaching of piano, both privately and in small and large classes. The various piano methods are analyzed, compared, criticized, and adapted to each individual's use.

### **MU 406 Voice Pedagogy**

3c-0l-3sh

Prerequisites: A voice major or minor and permission of the instructor

Survey of current and past development in teaching of voice, both privately and in small and large classes. The various vocal methods are analyzed, compared, criticized, and adapted to each individual's use.

### **MU 408 Marching Band Techniques**

2c-0l-2sh

Considers building a band show; alignment of ranks and files; development of a standard pace of 5 to 5 and 8 to 5; selection of music; instrumentation; techniques of developing morale; and fundamentals of uniform design.

[Back to Top](#)

### **MU 411 Composition I**

2c-0l-2sh

Prerequisite: MU216

Instruction is individualized. Compositional devices studied through analysis of works by major composers. Students will write several original compositions utilizing smaller forms.

### **MU 412 Composition II**

2c-0l-2sh

Prerequisite: MU411

Continuation of Composition I.

### **MU 413 Composition III**

2c-0l-2sh

Prerequisite: MU412

Students will write several original compositions utilizing larger forms.

[Back to Top](#)

### **MU 414 Composition IV**

2c-0l-2sh

Prerequisite: MU413

Continuation of Composition III. Outstanding works will be programmed by university performing ensembles.

### **MU 475 Music Lab**

var-0sh

All music majors must attend eight recitals per semester and all departmental recitals, as well as all recitals for their respective performance areas.

### **MU 481 Special Topics**

3c-0l-3sh

Prerequisite: As appropriate to course content

May provide an in-depth study of a narrowly defined area of the discipline. Subject matter will change with repeated offering of the course. May be repeated for credit.

[Back to Top](#)

### **MU 482 Independent Study**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

### **MU 493 Internship in Music**

var-1-6sh

Designed for music majors who wish to receive practical experience working with people in music or in areas related to music.

## **HR 101 Introduction to Hospitality Management**

3c-0l-3sh

Focuses on the development of the hospitality industry and career opportunities within hotel and restaurant chains and independents. Guest speakers address various hospitality management topics.

## **HR 115 Introduction to Tourism**

3c-0l-3sh

Prerequisites: HR101; majors only

Analyzes the economic and social impact of tourism, its promotion and implementation. Acquaints student with services needed by tourists, the role of the travel agent, and tourism organizations.

## **HR 245 Diversity and Multicultural Management in the Hospitality Industry**

3c-0l-3sh

Prerequisite: Sophomore Standing

Course will explore what happens when diverse people work together in the hospitality industry. It will also examine the effects of international migration and the changing roles of women and other minorities which lead to multicultural urban centers within the United States and other hospitality venues. Furthermore, it will also focus on the cultural factors affecting productivity in the culturally diverse hospitality environment.

[Back to Top](#)

## **HR 259 Hospitality Purchasing**

3c-0l-3sh

Prerequisite: FN150 or equivalent

Includes sources, standards, grades, methods of purchase, and storage of various foods, beverages, and fixtures. Emphasis on the development of purchasing policies and specifications.

## **HR 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

### **HR 306 Food and Beverage Management**

3c-01-3sh

Prerequisite: FN150 or equivalent

Examines principles, processes, beverage laws, and food and beverage service, sales, promotions, and menu design as functions of the food and beverage department.

[Back to Top](#)

### **HR 313 Food Systems I**

2c-var-4sh

Prerequisites: FN150, HR259, permission; professional chef's uniform required

A basic course in quantity food production with experience in planning, purchasing, preparing, and serving nutritionally adequate meals. Requirements of the National School Lunch program emphasized in satellite and on-premises food service. Requires some preparation and service outside regularly scheduled class time.

### **HR 356 Human Resources in the Hospitality Industry**

3c-01-3sh

Prerequisites: PC101, HR313

Organization and administration of hospitality business, including human resource theories and policies, work simplification, training, communication, and safety.

### **HR 358 Food Service Equipment and Facilities Design**

3c-01-3sh

Prerequisite: HR313

Examines types and uses of food service production and service equipment with emphasis on incorporation into an effective facilities design. Field trips permit investigation of a variety of unit designs.

[Back to Top](#)

### **HR 360 Hotel Systems Management**

3c-01-3sh

Prerequisites: HR356, IM241, AG201

Development and application of management skills as applied to the rooms division of a hotel. Emphasis on basic front desk procedures, rooms division departmental functions and relationships, and hotel facilities development. Students use MICROS 451 system in class.

### **HR 365 Hotel Design and Maintenance**

3c-01-3sh

Prerequisite: HR356

Analyzes functions of housekeeping and maintenance departments within a hotel. Identification of various hotel design concepts and design characteristics are explored, as well as guest room layout and furnishing.

### **HR 401 Cost Management**

3c-01-3sh

Prerequisites: HR356, 313

Food, beverage, and labor controls for hospitality or health care operations, including relationships between budgetary information and managerial decision making to meet financial needs.

[Back to Top](#)

### **HR 406 Catering and Banquet Management**

var-3sh

Prerequisites: HR313, majors only; chef's uniform and wait-staff attire required

Profitable organization, preparation, and service of catered events in both on- and off-premises locations are the main emphases of the course. Requires meeting times other than listed in order to meet course objectives. (Replaced FN406 in 1990)

### **HR 408 Institutions Management**

3c-0l-3sh

Prerequisites: HR313, 356, AG201, senior standing

A compendium of the concepts of managing human resources, capital, materials, equipment, and markets as related to various hospitality property systems. Focus on concept development and managerial decision making.

### **HR 411 Seminar in Hospitality Management**

3c-0l-3sh

Prerequisites: HR360, HR365

Analysis of the current trends and practices within hospitality industry as related by industry professionals. Course includes researching topics and writing at least three research papers. Carries writing-intensive credit.

[Back to Top](#)

### **HR 413 Food Systems II**

1c-6l-4sh

Prerequisites: HR313, HR356, HR401, and permission; professional chef uniform required

Food systems course with emphasis on restaurant and dining room operation. Experiences to include selection of classic cuisines, meal promotion methods, budget development, personnel training, production, and service. (Replaced FN413 in 1990)

### **HR 420 Hotel Sales and Services**

3c-0l-3sh

Prerequisites: BL235 and HR306

Examines the types of hotels, facilities, and organizations that hold conventions or meetings from the sales perspective. Examination of procedures necessary to service the group once in-house.

### **HR 433 Educational Study Tour**

var-2-6sh

Comprehensive program of directed activities permits firsthand experiences in the historical and cultural aspects of the hospitality industry worldwide. Visits to renowned operations will be included in the tour.

[Back to Top](#)

### **HR 481 Special Topics**

var-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

### **HR 482 Independent Study in Hospitality Management**

var-1-6sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources. Must apply a semester in advance and have sixty earned credits.

### **HR 493 Internship in Hospitality Management**

var-6-12sh

Prerequisites: 57 earned credits, 2.0 GPA, and completion of an approved 440-hour Work Experience I

An opportunity for students to work in a supervised experience directly related to the HRIM major. Must meet university and departmental internship requirements. Minimum of 440 hours required during the internship.

[Back to Top](#)

Note: White uniforms including white shoes are required for all lab courses where food is prepared. Students must meet the professional dress requirements of the department.

## **FM 110 Introduction to Fashion**

3c-0l-3sh

Survey of aesthetic, cultural, sociopsychological, and economic factors related to the meaning and use of clothing for the individual and society. (Offered as CS216 prior to 1996-97)

## **FM 112 Fundamentals of Clothing Construction**

1c-3l-3sh

Principles and techniques involved in fundamental clothing construction and fitting are analyzed. Directed laboratory experiences provide an opportunity to solve individual problems in garment structure through the application of principles. (Offered as CS112 prior to 1996-97)

## **FM 212 Advanced Clothing Construction**

1c-3l-3sh

Prerequisite: FM112 or placement (by exam)

Principles of advanced fitting and clothing construction are applied and analyzed. Offered even years, fall semester. (Offered as CS212 prior to 1996-97)

[Back to Top](#)

## **FM 214 Environmental Textiles**

2c-2l-3sh

Investigation of components and characteristics of textiles for man's near environment with emphasis on soft goods for public and private interiors, including production, marketing, and legislation affecting acquisition, use, and care. A student may not count both FM214 and 314 toward graduation requirements. (Offered as CS214 prior to 1996-97)

## **FM 252 Aesthetics of Fashion**

1c-0l-3sh

Prerequisite: Sophomore Standing

The study of contemporary apparel design and the relationship of design elements and principles to personal characteristics and social/professional orientation. (Offered as CS252 prior to 1996-97)

## **FM 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

[Back to Top](#)

### **FM 303 Visual Merchandising**

1c-3l-3sh

Prerequisite: AR120 or equivalent

Designing and arranging of display and selling areas in relationship to merchandising trends and consumer demands. Emphasis on promotion techniques and merchandise sales through effective use of space, design, and color. (Offered as CS303 prior to 1996-97)

### **FM 314 Textiles**

2c-2l-3sh

Prerequisite: CH102

Analyses of textile components of fiber, yarn, fabrication, finishes, and color with emphasis upon consumer acquisition, use, and satisfaction. (Offered as CS314 prior to 1996-97)

### **FM 350 Apparel Industry I**

3c-0l-3sh

Prerequisites: FM110, completion of 57 semester hours

Introduces the student to the design, production, and distribution of apparel, including primary textile markets; women's, men's, and children's wear; accessories; fashion centers; retailers of fashion; apparel wholesale selling process; fashion store image; and future trends. (Offered as CS350 prior to 1996-97)

[Back to Top](#)

### **FM 357 Global Issues in Textiles and Apparel**

3c-0l-3sh

Prerequisite: EC121

The study of the global textiles and apparel industry with emphasis on the U.S. textile complex and the U.S. market within an international context.

### **FM 385 Ready-to-Wear Analysis**

1c-3l-3sh

Prerequisites: FM112, FM350

An examination and evaluation of the quality of ready-to-wear apparel through construction, style, fit, marketability, and price. (Offered as CS385 prior to 1996-97)

### **FM 433 Study Tour**

var-1-6sh

Prerequisite: Upper-level standing

Opportunity is provided to visit business establishments and cultural centers concerned with household equipment, furnishings, textiles, clothing, and housing in America as well as abroad. Museums, factories, designers' showrooms, distribution centers, stores, cultural events, and seminars are included. Course may be repeated for a total of 6 semester hours. (This course is cross-listed as CS433.)

[Back to Top](#)

### **FM 434 Quality Control in Textiles**

2c-2l-3sh

Prerequisite: FM314

Physical properties explored through microscopic examination and use of textile testing equipment for fabric analysis. (Offered as CS434 prior to 1996-97)

### **FM 450 Apparel Industry II**

3c-0l-3sh

Prerequisites: FM350 and Liberal Studies math requirements

Introduces the student to the merchandising and promotion of apparel, including organization, buying responsibilities, techniques, and resources: various retail institutions, resident buying offices, apparel dollar planning and control, apparel merchandise assortment planning, apparel buying practices, application of apparel planning and buying, and apparel advertising and promotion. (Offered as CS450 prior to 1996-97)

### **FM 453 Flat Pattern Design**

1c-3l-3sh

Prerequisite: FM112 or FM212

Garment design achieved by use of flat pattern techniques. An understanding is developed of the interrelationship of garment design, figure analysis, fabric, fit, and construction processes. Offered even years, spring semester. (Offered as CS453 prior to 1996-97)

[Back to Top](#)

### **FM 454 Tailoring**

1c-3l-3sh

Prerequisite: FM112 or FM212

Various tailoring methods are studied and applied in the selection, fitting, and construction of a tailored garment. Consumer problems in the selection of ready-to-wear apparel are investigated. Offered odd years, fall semester. (Offered as CS454 prior to 1996-97)

### **FM 455 Draping**

1c-3l-3sh

Prerequisite: FM112 or FM212

Apparel design principles are applied by draping fabric to conform to the human figure. Students will pad a form to individual measurements and create garments that are both individual and original. Offered odd years, spring semester. (Offered as CS455 prior to 1996-97)

### **FM 456 Historic Costume**

3c-0l-3sh

Chronological study of historic costume from ancient times to the present day with emphasis on the effect of aesthetic, economic, geographic, political, religious, and social factors upon the design of clothing worn. (Offered as CS456 prior to 1996-97)

[Back to Top](#)

### **FM 457 Historic Textiles**

3c-0l-3sh

Prerequisite: FM314 or with permission

A study of the development of textiles in prehistoric, ancient, medieval, and modern history with special emphasis on Western European and American textiles.

## **FM 480 Seminar in Fashion Merchandising**

3c-0l-3sh

Prerequisite: Senior standing

Knowledge gained in major and additional requirement courses is applied to individual career goals. Students have the opportunity to pursue related areas not directly covered in previous coursework, with emphasis upon independent research, analytical thinking, and communication skills.

## **FM 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

## **FM 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Particular consumer considerations are independently investigated in the area of housing, home equipment, interior design, clothing, and textiles, or in the management of resources. Course may be repeated for a total of 3 semester hours. Students meet with a faculty member at least 5 hours per semester hour.

[NU423](#) [NU430](#) [NU480](#) [NU481](#) [NU482](#)

## **NU 280 Introduction to Nursing**

3c-0l-3sh

Prerequisite: Nursing majors only

Introduces the major concepts of concern to nursing: persons in their environments, health, and the profession of nursing. Topics include the nurse's role as provider of care and member of a profession; the nursing process as the mode of practice; the value of research as a basis for nursing practice; biophysical and psychosocial components of wellness.

## **NU 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower- level undergraduate students.

## **NU 285 Introduction to Clinical**

0c-9l-3sh

Prerequisite: Nursing majors only

A clinical and college laboratory course which provides the opportunity to practice the use of the nursing process. Emphasis is placed on assessment and basic intervention skills.

[Back to Top](#)

## **NU 302 Core I**

2c-0l-2sh

Prerequisite: NU280

Emphasizes the involvement of nurses and nursing in selected aspects of wellness promotion and maintenance. The theory base for the use of the nursing process to support individuals and families through maturational change and the childbearing cycle is presented.

## **NU 303 Clinical Laboratory I**

0c-14l-5sh

Prerequisites: NU280, NU285

A clinical laboratory course which enables the student to care for individuals and families across the life span. Guided experiences are provided in hospital and community-based facilities. The nursing process is utilized to promote and

maintain wellness in individuals within families.

### **NU 304 Core II**

2c-01-2sh

Prerequisite: NU302

Emphasizes the involvement of nurses and nursing in selected aspects of wellness, promotion, maintenance, and restoration. The theory base for the use of the nursing process is expanded to include family, community health, and transcultural nursing concepts.

[Back to Top](#)

### **NU 305 Clinical Laboratory II**

0c-141-5sh

Prerequisite: NU303

A clinical laboratory course which enables the student to provide care to individuals and families with acute and chronic health problems across the life span. Guided experiences are provided in hospital and community- based facilities and individuals' homes. The nursing process is utilized to promote, maintain, and restore optimal wellness in individuals within families.

### **NU 322 Maintenance and Restoration of Wellness I**

3c-01-3sh

Prerequisites: NU280, NU285

Introduces pathophysiologic change in individuals across the life span and associated nursing management. Topics include caring for the individual who requires surgery or whose alteration in health is related to problems in oxygenation, nutrition, and fluid and electrolyte balance.

### **NU 323 Maintenance and Restoration of Wellness II**

3c-01-3sh

Prerequisite: NU322

Physiologic and psychologic pathology in individuals across the life span and associated nursing management. Topics include caring for the individual whose alteration in health is related to problems with reproductive, cognitive-perceptual, motor, metabolic, and eliminationfunction.

[Back to Top](#)

### **NU 402 Core III**

2c-01-2sh

Prerequisite: NU304

Emphasizes the nurse's roles as accountable provider and coordinator of care and member of a profession. The specific issues that are addressed are quality assurance in provision of patient care; rights and responsibilities of the individual, the nurse as an employee, and the employer; current environmental health concepts.

### **NU 403 Clinical Laboratory III**

0c-141-5sh

Prerequisite: NU305

A clinical laboratory course which affords the opportunity to apply the nursing process as provider and coordinator of care with individuals and families experiencing complex health care needs in a variety of health care facilities.

### **NU 404 Core IV**

2c-01-2sh

Prerequisite: NU402

Emphasizes the nurse's roles as provider and coordinator of care in health care facilities and in emergency and disaster situations. Concepts and principles related to the management of the health care team, community health, and rehabilitation are addressed.

[Back to Top](#)

### **NU 405 Clinical Laboratory IV**

0c-14l-5sh

Prerequisite: NU403

A clinical laboratory course which affords the opportunity for the application of critical thinking, health teaching, and management skills. Emphasizes development of the caregiver role in selected areas of clinical practice; development of the care provider and coordinator roles in inpatient and community settings with individuals and families experiencing complex health care needs; integration of the roles of provider and coordinator of care and member of a profession.

### **NU 422 Maintenance and Restoration of Wellness III**

3c-0l-3sh

Prerequisite: NU323

Emphasizes pathophysiology and psychopathology for understanding the complex process of the individual's adaptation to crisis. The theory base for the application of the nursing process in the care of individuals requiring hospitalization, life-sustaining treatment, intensive monitoring, and crisis intervention is discussed.

### **NU 423 Maintenance and Restoration of Wellness IV**

3c-0l-3sh

Prerequisite: NU422

Emphasizes strategies used in assisting individuals and their families in the promotion, maintenance, and restoration of optimal wellness. The theory base for the application of the nursing process when illness is being managed in acute, long-term care, and community settings is discussed.

[Back to Top](#)

### **NU 430 Nursing Research**

3c-0l-3sh

Prerequisite: MA217

Focus on evaluating research through a study of research design, methodologies, sampling, data analysis, and significance of findings. Consideration is given to issues in conducting research and the impact on problems investigated, the nurse researcher, and the consumer of research.

### **NU 480 Seminar in Nursing**

1c-0l-1sh

Prerequisites: NU280, NU285

A seminar which provides a forum for the exploration and discussion of issues relevant to the professional nurse. Emphasis is placed on the development of professional values, critical thinking, decision-making, and communication skills. A selection of topics on current issues and trends will be offered each semester; each will focus on a particular theme related to nursing practice. One credit hour of seminar is required in each semester in the upper-division nursing courses.

### **NU 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the

established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

[Back to Top](#)

### **NU 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

# Respiratory Care

## Allied Health Professions Programs College of Health and Human Services

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[RT326](#) [RT327](#) [RT328](#) [RT329](#) [RT330](#) [RT331](#) [RT333](#) [RT334](#) [RT335](#) [RT336](#) [RT337](#) [RT426](#) [RT427](#) [RT428](#) [RT429](#)  
[RT430](#) [RT431](#) [RT433](#) [RT434](#) [RT436](#) [RT437](#) [RT438](#) [RT481](#)

### **RT 326 Respiratory Care Clinical Practice I**

var-3sh

First exposure to patient care. Introduction and practice of basic respiratory care treatment modalities receive emphasis.

### **RT 327 Pharmacology**

3c-0l-3sh

Introduction to pharmacology and therapeutics. Emphasis placed on the drugs used in respiratory care. Drug classification, action, usage, dosage, and availability will be discussed.

### **RT 328 Introduction to Respiratory Care**

4c-0l-4sh

Topics include medical terminology and an overview of cellular structure and function. Emphasis is placed on neurophysiology, respiratory anatomy, and physiology.

[Back to Top](#)

### **RT 329 Respiratory Care Instrumentation**

4c-0l-4sh

Introduction to basic respiratory care equipment and related procedures. Special emphasis will be placed upon the rationale and techniques of oxygen administration.

### **RT 330 Cardiopulmonary Resuscitation**

2c-0l-2sh

Comprehensive analysis of the principles and practices of numerous methods of resuscitation.

### **RT 331 Introduction to Ventilator Management**

1c-0l-1sh

This course is designed to establish competence in changing ventilator tubing circuitry in the laboratory situation. Introductory principles, techniques, and theory of ventilator application will also be explored.

### **RT 333 Respiratory Care Clinical Practice II**

var-4sh

Treatment procedures introduced in Clinical I are continued with greater emphasis on independence. Specialty rotations are added to broaden exposure to respiratory care and critical care.

[Back to Top](#)

### **RT 334 Respiratory Care Instrumentation and Application**

4c-01-4sh

Provides students with a comprehensive knowledge of mechanical ventilation. The care of critically ill and physiologic consequences of mechanical ventilation will be discussed.

### **RT 335 Nursing Arts**

3c-01-3sh

An overview of the history of respiratory care and nursing. Topics include medical records, infection control, sterilization, and psychosocial aspects of illness.

### **RT 336 Cardiopulmonary Evaluation and Clinical Correlation**

4c-01-4sh

Disease states of the pulmonary and related systems are investigated in progression from etiology through treatment and prognosis.

[Back to Top](#)

### **RT 337 Introduction to Pulmonary Function Studies**

1c-01-1sh

The student is introduced to the basic principles of lung volumes, capacities, and their measurement. Blood gas sampling and electrodes are also explored.

### **RT 426 Respiratory Care Clinical Practice III**

var-5sh

Respiratory care treatment procedures are continued with emphasis on improving proficiency and refining skills. Students will make rounds with physicians.

### **RT 427 Applied Pulmonary Physiology**

4c-01-4sh

Various aspects of pulmonary physiology will be discussed and applied to acid-base and blood gas analysis and interpretation.

[Back to Top](#)

### **RT 428 Essentials of Electrocardiography**

2c-01-2sh

Designed to acquaint the student with basic principles in cardiac electro-diagnostics. Topics include the technique of ECG testing and fundamentals of ECG arrhythmia recognition.

### **RT 429 Design and Function of a Respiratory Care Program**

2c-01-2sh

Basic management principles as they apply to the hospital setting; in particular, respiratory care departments and schools will be discussed.

### **RT 430 Pulmonary Function Studies**

2c-01-2sh

Prerequisite: RT337

Principles, techniques, and equipment employed in pulmonary diagnostics are explored. Diagnostic studies include basic spirometry, flow-volume loops, diffusion studies, exercise testing, bronchoprovocation studies, and small airways diagnostics.

[Back to Top](#)

### **RT 431 Pediatric Respiratory Care**

1c-01-1sh

Prerequisites: RT334 and RT336

The application of respiratory care to children ages six months to fifteen years is explored. Cardiopulmonary pathophysiology and treatment for the following disorders are discussed: Croup, Epiglottitis, Asthma, Cystic Fibrosis, Congenital Heart Defects, Abdominal and Chest Wall Defects.

### **RT 433 Respiratory Care Clinical Practice IV**

var-5sh

Rotations on treatment and intensive respiratory care are continued. Advanced rotations are included.

### **RT 434 Neonatal Respiratory Care**

3c-01-3sh

Basic terminology, anatomy, and pathophysiology of obstetric, fetal, neonatal, and pediatric patients will be presented.

[Back to Top](#)

### **RT 436 Respiratory Care Teaching**

2c-01-2sh

An introduction to respiratory education.

### **RT 437 Methods in Critical Care**

2c-01-2sh

Critical Care diagnostic and therapeutic modalities pertinent to respiratory care will be discussed. Topics include invasive and noninvasive cardiac monitoring, pulmonary monitoring, neurological assessment, ventilator commitment, and discontinuance.

### **RT 438 Cardiopulmonary Rehabilitation**

1c-01-1sh

Techniques and principles associated with cardiopulmonary rehabilitation programs are surveyed. Topics also include the management of chronic pulmonary disease in the home and the application of respiratory equipment and mechanical ventilators in this setting.

[Back to Top](#)

### **RT 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students.

---

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate.

# Medical Technology

## Allied Health Professions Programs College of Health and Human Services

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[MT494](#) [MT495](#) [MT496](#) [MT497](#) [MT498](#) [MT499](#)

### **MT 494 Clinical Microbiology**

var-6-10sh

Identification and clinical pathology of bacteria, fungi, viruses, and parasites. Techniques to isolate, stain, culture, and determine antimicrobial susceptibility. Instrumentation; quality control.

### **MT 495 Clinical Chemistry**

var-7-10sh

Enzymology, endocrinology, biochemistry of lipids, carbohydrates, and proteins, metabolism of nitrogenous end products, physiology and metabolism of fluids and electrolytes, and toxicology as related to the body and diseases. The technical procedures include colorimetry, spectrophotometry, electrophoresis, chromatography, automation, and quality control.

### **MT 496 Clinical Hematology/Coagulation**

var-4-7sh

The composition and function of blood; diseases related to blood disorders; the role of platelets and coagulation. Manual and automated techniques of diagnostic tests for abnormalities.

[Back to Top](#)

### **MT 497 Clinical Immunohematology**

var-3-6sh

Blood antigens, antibodies, crossmatching, hemolytic diseases, and related diagnostic tests. An in-depth study of blood donor service and its many facets such as transfusions, medico-legal aspects, etc.

### **MT 498 Clinical Immunology/Serology**

var-2-4sh

Immune response, immunoglobulins, autoimmunity, and complement and related tests and diseases. Survey and demonstration of serological diagnostic tests.

### **MT 499 Clinical Seminar**

var-0-6sh

Other courses which are not included in the above (such as orientation, laboratory management, education, clinical microscopy) and/or are unique to the individual hospital program.

College of Health and Human Services

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[NT427](#) [NT428](#) [NT429](#) [NT430](#) [NT431](#) [NT432](#) [NT433](#) [NT434](#)

## **NT 427 Nuclear Scintigraphy**

3c-0l-3sh

Theoretical aspects of nuclear medicine imaging procedures, including applicable pathophysiology, technical aspects for data acquisition, and computer analysis of data. Systemic radionuclide therapy procedures are also discussed.

## **NT 428 Radiation Physics**

3c-0l-3sh

Applicable aspects of nuclear and atomic physics are covered both in theory and mathematical formulae. Theoretical topics include atomic and nuclear structure, radioactive decay, interactions with matter, and radionuclide production methods. Mathematical concepts discussed are the decay equation, equilibrium, and radiation dosimetry.

## **NT 429 Nuclear Medicine Instrumentation**

2c-1l-3sh

This course covers the basic principles of both in vitro and in vivo instrumentation. The design, operation, and quality control of gas detectors and scintillation detectors are covered. Survey equipment, spectrometers, and stationary imaging devices are presented with their application to nuclear medicine. Hands-on laboratory experience with single channel analyzers and Anger cameras is included.

[Back to Top](#)

## **NT 430 Radiation Biology and Radiation Protection**

2c-0l-2sh

Topics include ionization and energy transfer; molecules, cellular, tissue, and organ response to radiation; acute and chronic effects of radiation; radiation protection; licensing requirements; recordkeeping; and management of clinical radiation spills.

## **NT 431 In Vivo/In Vitro Non-Imaging**

1c-0l-1sh

In vivo clinical nuclear medicine procedures not resulting in images as well as principles of in vitro radioassay are presented. Included are venipuncture, blood volumes, red cell studies, Schillings test, principles of immunology, various types of radioassay and sensitivity and specificity of procedure.

## **NT 432 Radiopharmaceuticals**

3c-0l-3sh

Topics include tracer theory, pharmacological actions, localization methods, radiopharmaceutical properties,

radionuclide generators, radiopharmaceutical preparations and quality control, and transient vs. secular equilibrium. Routinely used radiopharmaceuticals are discussed.

[Back to Top](#)

### **NT 433 Introduction to Tomographic Imaging**

1c-01-1sh

An introduction to the basic principles of cross-sectional anatomy and tomographic imaging is presented. Topics include body planes and cross-sectional anatomy of the heart, brain, liver, and lumbar spine, as applicable to nuclear medicine, and the theory and application of both SPECT and PET imaging systems.

### **NT 434 Clinical Nuclear Medicine**

0c-401-16sh

Prerequisite: Completion of 77 credits at IUP and Phase I and NMI

Students complete 1,320 hours of supervised clinical training at an affiliate hospital. Students receive instruction and participate in the performance of various clinical nuclear medicine procedures, patient care, administrative duties, radiopharmaceutical preparation and quality control, equipment quality control, quality assurance, and radiation safety. Students develop both their technical skills and interpersonal communication skills for incorporation into the medical community and to provide quality patient care.

# Gerontology

**Department of Allied Health Professions Program  
College of Health and Human Services**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[GN281](#) [GN481](#) [GN482](#) [GN493](#)

## **GN 281 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **GN 481 Special Topics**

var-1-3sh

Prerequisite: As appropriate to course content.

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students.

## **GN 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through adviser, faculty member, department chairperson, dean, and provost's office  
Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

## **GN 493 Internship**

3sh

Prerequisites: Senior standing, all required courses

Supervised experience in public or private agency that serves aging clients.

# Regional Planning

**Department of Geography and Regional Planning**  
**College of Humanities and Social Sciences**

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[RP213](#) [RP281](#) [RP313](#) [RP314](#) [RP316](#) [RP332](#) [RP333](#) [RP350](#) [RP352](#) [RP354](#) [RP412](#) [RP415](#) [RP417](#) [RP458](#) [RP464](#) [RP468](#)  
[RP481](#) [RP482](#) [RP493](#)

## **RP 213 Cartography I**

3c-0l-3sh

Introduces students to principles of thematic map construction. Emphasis is on the techniques of choropleth mapping and the production of scientific graphs and charts. (Also offered as GE 213; may not be taken for duplicate credit.)

## **RP 281 Special Topics**

3c-0l-3sh

Prerequisite: As appropriate to course content

Special topics are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 281 are offered primarily for lower-level undergraduate students. (May also be offered as GE 281; may not be taken as duplicate credit under same title)

## **RP 313 Cartography II**

3c-0l-3sh

Prerequisite: RP 213

Gives an understanding of the compilation and use of maps and quantitative data. Develops skills essential to the construction of various types of maps. (Also offered as GE 313; may not be taken for duplicate credit)

[Back to Top](#)

## **RP 314 Map and Photograph Interpretation**

3c-0l-3sh

Maps and air photographs, along with remote sensing materials, permit inventory and analysis of geologic, land use, urban development, and other landscape phenomena. The understanding of these materials and associated tools for their use is presented. (Also offered as GE 314; may not be taken for duplicate credit)

## **RP 316 Introduction to Geographic Information Systems**

3c-0l-3sh

Prerequisite: RP 213, or equivalent, or permission of instructor

Automated methods for creating, maintaining, and analyzing spatial data are presented. Topics include 1) specialized GIS hardware and software, 2) vector vs. raster vs. object-oriented spatial data structures, 3) creation and manipulation of geographic data files, 4) data base design and management concepts, 5) spatial analysis, and 6) cartographic design. (Also offered as GE 316; may not be taken for duplicate credit)

### **RP 332 Urban Geography**

3c-0l-3sh

Basic concepts of urban geography including site, situation, function, urban land use, urban structure, and urban hierarchy are introduced. Relationships between urban geography and urban planning are explored. (Also offered as GE332; may not be taken for duplicate credit)

[Back to Top](#)

### **RP 333 Trade and Transportation**

3c-0l-3sh

Deals with the spatial aspects of transportation systems and their use. Circulation, accessibility, time and distance concepts, and trade patterns are discussed. (Also offered as GE 333; may not be taken for duplicate credit)

### **RP 350 Introduction to Planning**

3c-0l-3sh

Introduction to the profession and activity of contemporary American urban and regional planning. Course emphasis is placed on land use control, design, growth management, and development regulation. The legal and institutional bases of planning practice are covered as well. (Offered as GE360, Introduction to Planning prior to 1996-97)

### **RP 352 Planning Methods**

3c-0l-3sh

Prerequisite: RP 350

Research, analytical design, and plan-making techniques in urban and regional planning. Examines basic items necessary to prepare urban and regional comprehensive plans. (Also offered as GE 352; may not be taken for duplicate credit.) (Offered as GE361, Planning: Basic Studies and Analysis prior to 1996- 97)

[Back to Top](#)

### **RP 354 Planning Design**

3c-0l-3sh

Prerequisite: RP 350

Presents concepts of city, subdivision, and transportation design in relation to topography, natural resources, and other physical elements. (Offered as GE 463, Planning: Design prior to 1996-97)

### **RP 412 Research Seminar**

3c-0l-3sh

Prerequisite: RP468

This senior seminar and workshop is a capstone course that focuses on recent research in the major field. Students carry out a research project on a topic of local or regional importance. (Also offered as GE 412; may not be taken for duplicate credit) (Offered as GE 312, Research in Geographical Planning prior to 1996-97)

### **RP 415 Remote Sensing**

3c-0l-3sh

Deals with air photographs, satellite imagery, thermal sensing, and radar imagery and their application to deriving information about the earth's physical and cultural landscapes. (Also offered as GE 415; may not be taken for duplicate credit)

[Back to Top](#)

### **RP 417 Geographic Information Systems Applications Development**

3c-0l-3sh

Prerequisite: RP 316 Introduction to GIS

A project-based class in which students learn the skills to develop and maintain a Geographic Information System. Through cooperative learning students will design and implement functional systems. Methods for designing GIS systems to user specification, data collection, data input, project management, and system documentation are covered. (Also offered as GE 417; may not be taken for duplicate credit)

### **RP 458 Land Use Law**

3c-01-3sh

Prerequisite: RP 350

Introduces students to principles of land use law. The course focus is on federal constitutional principles and key Supreme Court cases, especially as they relate to actions of local units of government and municipal planning practice. The course deals with the present state of land use law and with current trends and issues.

### **RP 464 Land Use Policy**

3c-01-3sh

Prerequisite: RP 350

Introduces students to and provides an overview of land use issues at the regional, state, and federal levels. Emphasis is placed upon the evolution of contemporary policy strategies, constitutional issues, and regional controversies involved in the regulation of metropolitan growth, central city decline, and management of public lands. (Also offered as GE 464; may not be taken for duplicate credit)

[Back to Top](#)

### **RP 468 Planning Theory**

3c-01-3sh

Prerequisite: RP 350, RP 352, RP 354, or permission of instructor

Seminar on contemporary debates concerning planning traditions, principles, and practices. The activity of planning is investigated from several theoretical frames and analytic positions. (Offered as GE 462, Planning: Development, Principles, and Theory prior to 1996-97)

### **RP 481 Special Topics**

3c-01-3sh

Prerequisite: As appropriate to course content

Special topics courses are offered on an experimental or temporary basis to explore topics that are not included in the established curriculum. A given topic may be offered under any special topic identity no more than three times. Special topics numbered 481 are primarily for upper-level undergraduate students. (May also be offered as GE 481; may not be taken for duplicate credit under same title)

### **RP 482 Independent Study**

var-1-3sh

Prerequisite: Prior approval through advisor, faculty member, department chairperson, dean, and provost's office

Students with interest in independent study of a topic not offered in the curriculum may propose a plan of study in conjunction with a faculty member. Approval is based on academic appropriateness and availability of resources.

[Back to Top](#)

### **RP 493 Internship**

var-1-12sh

Professional learning experience with emphasis on application of academic background. Open to majors and minors in regional planning with a total of 57 semester hours and 15 hours in the major. See internship supervisor for additional information.

This information is maintained by the [Office of the Registrar](#), with approval from the University Senate.

# Biochemistry

## Biochemistry Program College of Natural Sciences and Mathematics

Credit designation below title is expressed in (c) class hours per week, (l) lab or (d) discussion section hours per week, and (sh) semester hours of credit per semester.

[BC301](#) [BC302](#) [BC311](#) [BC312](#) [BC480](#) [BC481](#) [BC482](#) [BC490](#)

### **BC 301 Biochemistry I**

3c-0l-3sh

Prerequisites: BI105 and CH232

Introduction to biochemistry emphasizing the structure and function relationships of proteins, enzymes, and vitamins; bioenergetics; and the metabolism of carbohydrates and lipids.

### **BC 302 Biochemistry II**

3c-0l-3sh

Prerequisite: BC301

Continuation of BC301 concerning the metabolism of nitrogen, amino acids, nucleotides, and nucleic acids and the function of cell membranes, hormones, and specialized tissues.

### **BC 311 Biochemistry Laboratory I**

0c-4l-1sh

Prerequisites: BI105 and CH232

A companion to BC301 including experiments in photometry, enzyme kinetics and purification, lipid isolation and characterization, electron transport in respiration and photosynthesis, and use of radioisotopes.

[Back to Top](#)

### **BC 312 Biochemistry Laboratory II**

0c-4l-1sh

Prerequisite: BC311

A companion to BC302 including experiments in membrane characterization, properties of amino acids, isolation and function of nucleic acids, and synthesis of proteins and nucleic acids.

### **BC 480 Biochemistry Seminar I**

1c-0l-1sh

Prerequisites: BC302 and 312

Discussion of recent trends in biochemical thought. Oral and written reports on assigned readings, library or laboratory research. Guest lecturers. The combination BC480 and BC490 counts as one writing-intensive course.

### **BC 481 Special Topics in Biochemistry**

var-1-3sh

Prerequisites: BC302 or CH351

A lecture-discussion course of recent biochemical topics or those of unique interest. Topic and instructor to change annually.

[Back to Top](#)

### **BC 482 Independent Research in Biochemistry**

var-1-3sh

Prerequisites: BC302 and 312, permission by program coordinator

Student conducts a research project in any area of biochemistry. Work supervised by faculty. Does not involve regular class or lab hours. Enrollment by permission only.

### **BC 490 Biochemistry Seminar II**

1c-0l-1sh

Prerequisites: BC302, 312, and 480

Discussion of recent trends in biochemical thought. Oral and written reports on assigned readings, library or laboratory research. Guest lecturers. The combination BC480 and BC490 counts as one writing-intensive course.
